Limitations on Table 17.101C.01:

L1. Except in the D-BV-1 Zone, Residential Care is permitted if located in a One-Family Dwelling Residential Facility. Residential Care is conditionally permitted if located anywhere in the D-BV-1 Zone; or if located anywhere other than a One-Family Dwelling Residential Facility in the D-BV-2, D-BV-3, or D-BV-4 Zones (see Chapter 17.134 for the CUP procedure). ~~No Residential Care or Emergency Shelter Residential Activity shall be located closer than three hundred (300) feet from any other such Activity or Facility.~~ See Section 17.103.010 for other regulations regarding Residential Care and Emergency Shelter Residential Activities.

L4. These activities are not permitted if located on the ground floor of a building and within ~~thirty (30) fifty (50) feet of the principal street frontage; any street-abutting property line;~~ incidental pedestrian entrances that lead to one of these activities elsewhere in the building are exempted from this restriction.

L5. If located on the ground floor of a building and within ~~thirty (30) sixty (60) feet from any street-abutting property line facing Broadway, 27th Street, or Piedmont Avenue,~~ these activities are only permitted upon the granting of a Conditional Use Permit (see Chapter 17.134 for the CUP procedure). Incidental pedestrian entrances that lead to one of these activities elsewhere in the building are exempted from this Conditional Use Permit requirement. In addition to the CUP criteria contained in Section 17.134.050, these ground-floor activities must also meet each of the following additional criteria:

- ~~a~~4. The proposal will not detract from the character desired for the area;
- ~~b~~2. The proposal will not impair a generally continuous wall of building facades;
- ~~c~~3. The proposal will not weaken the concentration and continuity of retail facilities at ground level, and will not impair the retention or creation of an important shopping frontage;
- ~~d~~4. The proposal will not interfere with the movement of people along an important pedestrian street; and

e5. The proposal will conform in all significant respects with the Broadway Valdez District Specific Plan.

L6. These activities are prohibited if located on the ground floor of a building and within thirty (30) ~~sixty (60)~~ feet from any street-abutting property line facing Broadway. Incidental pedestrian entrances that lead to one of these activities in stories above the ground floor are exempt from this restriction.

L7. Emergency Sshelters are permitted by-right on properties owned by churches, temples, synagogues, and other similar places of worship approved for Community Assembly Civic Activities; and within the portion of the Webster Street area described in Section 17.103.015(A)(3) and subject to the development standards in Sections 17.103.010 and 17.103.015(B); prohibited if located elsewhere in the zone.

L8. These activities are only permitted upon the granting of a Conditional Use Permit (see Chapter 17.134 for the CUP procedure) when located on the ground floor of a ~~street-fronting building~~ and within thirty (30) feet of the principal street frontage. Incidental pedestrian entrances that lead to one of these activities elsewhere in the building are exempted from this Conditional Use Permit requirement. In addition to the CUP criteria contained in Section 17.134.050, these conditionally permitted ground-floor activities must also meet each of the additional criteria contained in L5.

L10. These activities are prohibited if located on the ground floor of a building and within thirty (30) ~~sixty (60)~~ feet from any street-abutting property line facing Broadway. Incidental pedestrian entrances that lead to one of these activities in stories above the ground floor are exempt from this restriction. If these activities are located above the ground floor or beyond thirty (30) ~~sixty (60)~~ feet of Broadway, they are only permitted upon the granting of a Conditional Use Permit (CUP) (see Chapter 17.134 for the CUP procedure); and shall conform to the CUP criteria contained in Section 17.134.050.

L13. See Section 17.102.170 for special regulations relating to massage services and Section 17.102.450 for special regulations relating to laundromats. ~~Also, no new or expanded laundromat shall be located closer than five hundred (500) feet from any existing laundromat. See Section 17.102.450 for further regulations regarding laundromats.~~

D. Retail Priority Sites: Height, Floor Area Ratio (FAR), Residential Bonus, and Open Space. Table 17.101C.06 below prescribes height, FAR, residential bonus, and open space, standards associated with the minimum retail area required in the Retail Priority Sites described in Table 17.101C.05 above. The number designations in the "Additional Regulations" column refer to regulations below the table. "N/A" designates the regulation is not applicable to the specified retail percentage category.

Additional Regulations for Table 17.101E.03:

2. In the D-CE-3 Zone, minimum yards shall be consistent with the adopted "Design Guidelines for the Central Estuary". In the D-CE-4 Zone, the minimum front setback shall be reduced to 0 feet along all lot lines designated as Public Frontages on the Zoning Map (see Section 17.101E.060 for a description of this frontage type). See also Section 17.108.130 for allowed projections into setbacks, and see the "Design Guidelines for the Central Estuary", Sections 3.3 and 4.1.

3. In the D-CE-3 and D-CE-4 Zones, see Section 17.108.080 for the required interior side and rear yard setbacks on a lot containing two (2) or more dwelling units, excluding any permitted Accessory Dwelling Units, and opposite a legally required living room window. Wherever a rear lot line abuts an alley, one-half (½) of the right-of-way width of the alley may be counted toward the required minimum rear setback; provided however, that the portion of the minimum rear setback actually on the lot itself shall not be so reduced to less than five (5) ten (10) feet. Also, wherever a rear lot line abuts another lot where the existing primary facility is nonresidential, the

required minimum rear setback shall be reduced to five (5) feet. Ssee Section 17.108.130 for allowed projections into setbacks.

4. Buildings shall have a thirty (30) foot maximum height at the required setback line associated with any rear lot line that directly abuts a lot with a residential building. This maximum height shall increases one (1) foot for every foot away from the applicable setback line if the residential building on the abutting lot has a height of thirty (30) feet or less. If the residential building on the abutting lot has a height of greater than thirty (30) feet, the maximum height shall increases four (4) feet for every foot away from the applicable setback line. An increase in allowable height shall not exceed ~~resulting from construction away from a setback line shall not result in a height greater than~~ the maximum height allowed in the zone. See Section 17.108.030 for allowed projections above height limits and Section 17.108.020 for increased height limits in certain situations.

5. ~~In the D-CE-3 Zone, the fifty five (55) foot height maximum may only be achieved if the proposed building is scaled to a context that will be compatible with adjacent uses.~~ See the "Design Guidelines for the Central Estuary", Sections 3 and 4, to ensure that proposed buildings in the D-CE-3 Zone are scaled to a context that will be compatible with adjacent uses.

6. In the D-CE-3 Zone, the maximum heights may be exceeded in the following situations: Structures that are either: 1) on lots adjacent to, or directly across the street from a freeway right-of-way or Bay Area Rapid Transit (BART) right-of-way that contains above-ground tracks; or and 2) located within the closest one hundred twenty-five (125) feet of the lot from the freeway or BART right-of-way are eligible for a ninety-five (95) ~~seventy five (75)~~ foot height limit. This additional height is permitted only upon the granting of a Conditional Use Permit (see Chapter 17.134) and approval pursuant to the regular design review procedure (see Chapter 17.136). See also the "Design Guidelines for the Central Estuary", Sections 3 and 4.

10. As specified in Section 17.106.030, the total lot area shall be used as the basis for computing both the maximum nonresidential FAR and the maximum residential density for mixed use projects. No portion of lot area used to meet the residential density requirements shall be used as a basis for computing the maximum nonresidential FAR unless the total nonresidential floor area on the lot is less than three thousand (3,000) square feet.

13. Any new principal residential building or addition over one thousand (1,000) ~~five hundred (500)~~ square feet requires submittal and approval of a landscaping and buffering plan for the entire site, excluding any permitted Accessory Dwelling Units. The landscaping and buffering plan shall contain the following:

B. **Reduced Setbacks for Smaller Lots.** Table 17.101E.04 below prescribes reduced setback standards for lots less than three thousand (3,000) ~~four thousand (4,000)~~ square feet. The number designations in the "Additional Regulations" column refer to the regulations listed at the end of the Table.

Additional Regulations for Table 17.101E.06:

1. Use Permit Criteria. A Conditional Use Permit for a Work/Live unit may be granted only upon determination that the proposal conforms to the general use permit criteria set forth in the Conditional Use Permit procedure in Chapter 17.134 and to both of the following additional use permit criteria:

- a. That the workers and others living there will not interfere with, nor impair, the purposes of the particular zone; and

- b. That the workers and others living there will not be subject to unreasonable noise, odors, vibration or other potentially harmful environmental conditions.
- 2. Work/Live units are Nonresidential Facilities and counted towards the nonresidential floor area ratio, not the residential density.
- 3. See Table 17.101E.07 for definitions of the different types of Work/Live units.
- 4. Open space standards shall apply to new construction and additions only. No additional open space is required for Work/Live units within an existing building. For conversion of existing buildings, maintaining the amount of existing open space is required to at least these minimum standards. If there is more open space on the lot than required, then it can be reduced to the minimum required. All required usable open space shall meet the useable open space standards contained in Chapter 17.126, except that all useable open space may be provided on roof tops, podiums or other non-ground level areas. Further, each square foot of private useable open space equals two (2) square feet towards the total usable open space requirement.
- 5. Parking and loading standards shall apply to new construction and additions only. No additional parking or loading is required for Work/Live units within an existing building. For conversion of existing buildings, maintaining the amount of existing parking and loading is required to at least these minimum standards. If there is more parking or loading spaces on the lot than required, then each can be reduced to the minimum required. See Chapter 17.116 for other off-street parking and loading standards.
- 6. See Chapter 17.117 for other bicycle parking requirements.
- 7. See Chapter 17.116 for other loading standards.
- 8. Each D-CE-3 and D-CE-4 Work/Live unit shall have at least one public entrance that is directly adjacent to nonresidential floor area. A visitor traveling through this business entrance shall not be required to pass through any residential floor area in order to enter into the nonresidential area of the unit.

17.101E.090 Special Regulations for Planned Unit Developments.

~~A. **Mini-lot Planned Unit Developments.** In Mini-Lot Planned Unit Developments (Mini-Lot PUDs), certain regulations that apply to individual lots in the D-CE-3 and D-CE-4 Zones may be waived or modified when and as prescribed in Chapter 17.142.~~

AB. Planned Unit Developments. Large integrated developments shall be subject to the Planned Unit Development (PUD) regulations in Chapter 17.142 if they exceed the sizes specified therein. In developments which are approved pursuant to said regulations, certain uses may be permitted in addition to those otherwise allowed in the D-CE-3 and D-CE-4 Zones, and certain of the other regulations applying in said zone may be waived or modified. The normally required design review process may also be waived for developments at the time of initial granting of a Planned Unit Development (PUD) permit. Unless otherwise specified in the PUD permit, any future changes within the Planned Unit Development shall be subject to applicable design review regulations.

Activities	Zones					Additional Regulations
	D-LM-1	D-LM-2	D-LM-3	D-LM-4	D-LM-5	

Limitations on Table 17.101G.01:

L3. These activities may only be located above the ground floor of a building upon the granting of a Conditional Use Permit (see Chapter 17.134 for the CUP procedure).

L4. With the exception of parcels facing Broadway and 14th Street, the total linear frontage length devoted to these activities by any single establishment both on the ground floor and within thirty (30) feet of the principal street frontage ~~by any single establishment~~ may only exceed twenty-five percent (25%) of the total linear frontage length from street corner to street corner upon the granting of a conditional use permit (see Chapter 17.134 for the CUP procedure). Any single establishment may only exceed twelve thousand (12,000) square feet in floor area upon the granting of a conditional use permit (see Chapter 17.134 for the CUP procedure).

L5. If located on a Commercial Corridor, as defined in Section 17.101G.010.C with the exception of 8th, 9th, Franklin, Webster and Harrison Streets between 7th, 10th, Broadway and Harrison Streets, and both on the ground floor of a building and within thirty (30) feet of an applicable street frontage, from any street abutting property line, these activities are only permitted upon the granting of a conditional use permit (see Chapter 17.134 for the CUP procedure). If located on 8th, 9th, Franklin, Webster and Harrison Streets between 7th, 10th, Broadway and Harrison Streets, and both on the ground floor of a building and within thirty (30) feet of an applicable street frontage, from any street abutting property line, any single establishment may only exceed five thousand (5,000) square feet upon the granting of a Conditional Use Permit (see Chapter 17.134 for the CUP procedure). Incidental pedestrian entrances that lead to one of these activities elsewhere in the building are exempted from this Conditional Use Permit requirement. In addition to the criteria contained in Section 17.134.050, these conditionally permitted ground floor proposals must also meet each of the following criteria:

- a. The proposal will not impair a generally continuous wall of building facades;
- b. The proposal will not weaken the concentration and continuity of retail facilities at ground-level, and will not impair the retention or creation of an important shopping frontage; and
- c. The proposal will not interfere with the movement of people along an important pedestrian street.

L6. These activities are only permitted upon the granting of a conditional use permit (see Chapter 17.134 for the CUP procedure). In addition to the criteria contained in Section 17.134.050, when these activities are located within thirty (30) feet of the principal street frontage of the front of the ground floor of the principal building (with the exception of incidental pedestrian entrances that lead to one of these activities elsewhere in the building), the proposed activities must also meet the criteria contained in Note L5, above.

L7. These activities may only be located on or below the ground floor of a building with the following exceptions:

a. If the floor area devoted to the activity is less than ~~three thousand (3,000)~~ two thousand (2,000) square feet; and ~~the activity takes place in a Local Register property, then the activity is permitted above the ground floor upon the granting of a Conditional Use Permit (see Chapter 17.134 for the CUP process).~~

b. An activity located on the ground floor may extend to the second floor of a building if each: 1) ~~the floor area devoted to Nonresidential Activities in the building is less than the floor area devoted to Residential Activities;~~ 2) the activity on the second floor is the same as, or accessory to, the ground floor activity and part of the same business or establishment; and 3) there is a direct internal connection between the ground floor and the second story activities.

L8. No new or expanded Special Health Care Civic Activity shall be located closer than two thousand five hundred (2,500) feet from any other such activity, or five hundred (500) feet from any K-12 school or Licensed Emergency Shelters. See Section 17.103.020 for further regulations regarding Special Health Care Civic Activities.

L9. See Section 17.102.170 for special regulations relating to massage services and Section 17.102.450 for special regulations relating to laundromats. ~~Also, no new or expanded laundromat shall be located closer than five hundred (500) feet from any existing laundromat. See Section 17.102.450 for further regulations regarding laundromats.~~

L10. No new or expanded Check Cashier and Check Cashing Commercial Activity shall be located closer than one thousand (1,000) feet from any other such activity or five hundred (500) feet from any Community Education, Community Assembly, or Recreational Assembly Civic Activity; State or Federally chartered bank, savings association, credit union, or industrial loan company; or certain Alcoholic Beverage Sales Commercial Activities. See Section 17.103.040 for further regulations regarding Check Cashier and Check Cashing Commercial Activities.

L11. No new or expanded Adult Entertainment Activity shall be located closer than one thousand (1,000) feet to the boundary of any Residential Zone or three hundred (300) feet from any other Adult Entertainment Activity. See Section 17.102.160 for further regulations regarding Adult Entertainment Activities.

L12. The total floor area devoted to these activities by any single establishment shall only not exceed three thousand (3,000) square feet upon the granting of a Conditional Use Permit (see Chapter 17.134 for the CUP procedure).

L13. These activities, including accessory activities, are only allowed to be performed indoors. This requirement includes, but is not limited to: vehicles stored before and after servicing, general storage, vehicle and other repair, and automotive cleaning. This requirement excludes parking for customers currently at the business and automotive fueling.

L14. Auto fee parking is permitted upon the granting of conditional use permit (see Chapter 17.134 for the CUP procedure) if it is located in either a parking structure or in a below grade parking lot. Auto fee parking is otherwise prohibited.

L15. Limited Agriculture is permitted ~~outright~~ if the activity occupies less than five thousand (5,000) square feet ~~one (1) acre~~ of land area and any sales area is less than one thousand (1,000) square feet; conditionally permitted if the activity is larger in either land or sales area (see Chapter 17.134 for the CUP procedure).

L16. Extensive Agriculture is only permitted upon the granting of a Conditional Use Permit (see Chapter 17.134 for the CUP procedure). In addition to the criteria contained in Section 17.134.050, this activity must meet the following use permit criteria:

1. The proposal will not adversely affect the livability or appropriate development of abutting properties and the surrounding neighborhood in terms of noise, water and pesticide runoff, farming equipment operation, hours of operation, odor, security, and vehicular traffic.

L5. A Two- to Four-Family Dwelling that meets all applicable requirements set forth in the ~~Planning and Building Codes~~ is permitted if it is the result of an approved conversion of an existing One-Family Dwelling.

- a. The proposal is consistent with the intent and desired land use character identified in the Lake Merritt Station Area Plan and its associated policies;
- b. The proposal will promote implementation of the Lake Merritt Station Area Plan; and
- c. The proposal is consistent with the desired visual character described in the Lake Merritt Station Area Plan and Lake Merritt Station Area Design Guidelines, with consideration given to the existing character of the site and surrounding area.

The following application process for a height area exception shall be followed:

- i. Applications for any of the limited number of allowed height area exceptions prescribed in Table 17.101G.04 shall be reviewed on a first come, first served basis.
- ii. A project shall secure a position as one of the specified height area exceptions following final Conditional Use Permit approval. Such Conditional Use Permits shall include a condition of approval that establishes a schedule for: submittal of a building permit application, timely response to plan check comments, payment of building permit fees such that a building permit can be issued, and commencement of construction. The process for allowing extension of the timeline requirements, if any, shall be specified in the condition.
- iii. Failure of a permittee to strictly comply with the schedule established by the Conditional Use Permit shall be grounds for revocation of the Conditional Use Permit pursuant to Chapter 17.134.

Notwithstanding the provisions above, BART owned properties subject to Assembly Bill (AB) 2923 (2018) shall be permitted a building height of up to twelve (12) stories for all activities.

3. This minimum height excludes the height of the allowed projections into the height limit contained in Section 17.108.030.

4. For mixed use projects in the D-LM Zones, the allowable intensity of development shall be measured according to both the maximum nonresidential Floor Area Ratio (FAR) allowed by the zone and the maximum residential density allowed by the zone. The total lot area shall be used as a basis for computing both the maximum nonresidential FAR and the maximum residential density.

5. The maximum tower elevation length, diagonal length, and average per story lot coverage above the building base may be increased by up to thirty percent (30%) upon determination that the proposal conforms to the general use permit criteria set forth in the conditional use permit procedure in Chapter 17.134 and to the following additional use permit criteria:

- a. The proposal will result in a signature building within the neighborhood, City, or region based on qualities, including but not limited to, exterior visual quality, craftsmanship, detailing, and high quality and durable materials.

17.101G.060 Usable open space standards.

A. **General.** This Section contains the usable open space standards and requirements for residential development in the D-LM Zones. These requirements shall supersede those in Chapter 17.126.

B. **Definitions of D-LM usable open space types.** The following includes a list of available usable open space types eligible to fulfill the usable space requirements of this Chapter and the definitions of these types of open space:

1. **"Private Usable Open Space".** Private usable open space is accessible from a single unit and may be provided in a combination of recessed and projecting exterior spaces.
2. **"Public Ground-Level Floor-Plaza".** Public ground-level floor-plazas (plazas) are group usable open space (see Section 17.127.030) located at street-level and adjacent to the building frontage. Plazas shall be publicly accessible during daylight hours and are maintained by the property owner. Plazas shall be landscaped and include pedestrian and other amenities, such as benches, fountains and special paving.
3. **"Rooftop Open Space".** Rooftop open space, a type of group usable open space, includes gardens, decks, swimming pools, spas and landscaping located on the rooftop and accessible to all tenants.
4. **"Courtyard".** A courtyard is a type of group usable open space that can be located anywhere within the subject property.
5. **"Off-Site Open Space".** Off-site open spaces are group usable open space at ground-level street floor or podium-level within one thousand (1,000) feet of a residential development. Off-site open spaces shall be publicly accessible during daylight hours and are maintained by the property owner.
6. **"Community Room".** Community room can be located anywhere on the subject property and shall be available for use by all members of said residential development.

C. **Standards.** All required usable open space shall be permanently maintained and shall conform to the following standards:

1. **Area.** On each lot containing Residential Facilities with a total of two (2) or more living units, excluding any permitted Accessory Dwelling Units, usable open space shall be provided for such facilities at the following rates:

Table 17.101G.05: Required Amounts of Usable Open Space

Type of Living Unit	Minimum Open Space Area Required
Senior Housing Unit	Thirty-eight (38) <u>Thirty (30)</u> square feet per unit
Affordable Housing Unit	Sixty (60) <u>Thirty-eight (38)</u> square feet per unit
Rooming Unit	Thirty-eight (38) <u>Thirty (30)</u> square feet per unit
Efficiency Dwelling Unit	Thirty-eight (38) <u>Thirty (30)</u> square feet per unit
Residential Unit within a Building on the Local Register of Historic Resources	Thirty-eight (38) <u>Thirty (30)</u> square feet per unit
Other Residential Unit	Seventy-five (75) <u>Sixty (60)</u> square feet per unit

2. **Size and Shape.** An area of contiguous space shall be of such size and shape that a rectangle inscribed within it shall have no dimension less than the dimensions shown in the following table:

Table 17.101G.06: Required Dimensions of Usable Open Space

Type of Usable Open Space	Minimum Dimension or Size	Notes
Private	10 ft. for space on the ground floor, no dimensional requirement elsewhere.	
Public Ground-Floor Plaza	10 ft.	
Rooftop	15 ft.	Areas occupied by vents or other structures which do not enhance usability of the space shall not be counted toward this dimension.
Courtyard	15 ft.	
Off-Site Open Space	10 ft.	
Community Room	250 square feet	

3. **Openness.** Except for indoor Community Rooms, there shall be no obstructions above the space except for devices to enhance its usability, such as pergola or awning structures. There shall be no obstructions over ground-level private usable open space except that not more than fifty percent (50%) of the space may be covered by a private balcony projecting from a higher story. Above-ground-level private usable open space

shall have at least one exterior side open and unobstructed, except for incidental railings or balustrades, for eight (8) feet above its floor level.

4. **Location.** Required usable open space may be located anywhere on the lot, ~~except that not more than fifty percent (50%) of the required area may be located on the uppermost roof of any building. There is no limitation on rooftop open space on rooftop podiums that are not the uppermost roof of a building.~~
 5. **Usability.** A surface shall be provided which prevents dust and allows convenient use for outdoor activities. Such surface shall be any practicable combination of lawn, garden, flagstone, wood planking, concrete, asphalt or other serviceable, dust-free surfacing. Slope shall not exceed ten percent (10%). Off-street parking and loading areas, driveways, and service areas shall not be counted as usable open space. Adequate safety railings or other protective devices shall be erected whenever necessary for space on a roof, but shall not be more than four (4) feet high.
 6. **Accessibility.** Usable open space, other than private usable open space, shall be accessible to all the living units on the lot. It shall be served by any stairway or other accessway qualifying under the Oakland Building Code as an egress facility from a habitable room. Private usable open space may be located anywhere on the lot, ~~except that ground-level space shall not be located in a required minimum front yard and except that above-ground-level space shall not be located within five feet of an interior side lot line.~~ Above-ground-level space may be counted even though it projects beyond a street line. All private usable open space shall be adjacent to, and not more than four (4) feet above or below the floor level of, the living unit served. Private usable open space shall be accessible to only one living unit by a doorway to a habitable room or hallway.
- D. Landscaping requirements. At least ten percent (10%) ~~fifty percent (50%)~~ of rooftop, ~~or courtyard, or public ground-level plaza~~ usable open space area shall include landscaping enhancements. ~~At least thirty percent (30%) of public ground floor plaza shall include landscaping enhancements.~~ Landscaping enhancements shall consist of permanent features, such as trees, shrubbery, decorative planting containers, fountains, boulders or artwork (sculptures, etc.) The remainder of the space shall include user amenities such as seating, decorative paving, ~~sidewalk cafes~~, or playground structures.
- E. In-Lieu Fee. The open space requirements of this Section may be reduced or waived upon the granting of a Conditional Use Permit (see Chapter 17.134 for the CUP procedure) and payment of an in-lieu fee to the City of Oakland to be used to pay for new public open space/plaza(s) or existing public open space/plaza(s) improvements. The open space in-lieu fee shall be as set forth in the Master Fee Schedule. Open space in-lieu fees shall be deposited with the City of Oakland prior to issuance of a building permit. An open space in-lieu fee may be refunded, without interest, to the person who made such payment, or his assignee or designee, if additional open space is provided for such building so as to satisfy the open space requirement for which the in-lieu payment was made. To obtain a refund, the required open space must be in place prior to issuance of a certificate of occupancy and before funds are spent or committed by the City.
- F. Variances. Notwithstanding anything to the contrary contained in the Planning Code, variances may not be granted relating to: (a) a reduction and/or elimination of any open space; or (b) a reduction and/or elimination of any open space serving any activity, or if already less than currently required open space, shall not be reduced further below the requirements prescribed for such activity in this Chapter. The granting of a CUP (see Chapter 17.134 for the CUP procedure) and payment of the in-lieu fee shall be the sole means of

reducing or eliminating open space, except as provisions in state and local law requiring regulatory concessions for certain types of affordable and senior housing projects may apply.

17.101G.070 Special regulations for Large-Scale Developments.

No development which involves more than one hundred thousand (100,000) square feet of new floor area shall be permitted except upon the granting of a Conditional Use Permit pursuant to the Conditional Use Permit procedure in Chapter 17.134. This requirement shall not apply to developments that include one hundred percent (100%) affordable housing units or where a valid Planned Unit Development permit is in effect.

Limitations on Table 17.101H.01:

L1. See Section 17.103.010 for other regulations regarding Residential Care Residential Activities, and Sections 17.103.010 and 17.103.015 for other regulations regarding Emergency Shelter Residential Activities. Notwithstanding anything to the contrary contained in the Planning Code, Emergency Shelter Residential Activities are permitted by-right on properties owned by churches, temples, synagogues, and other similar places of worship approved for Community Assembly Civic Activities); permitted upon the granting of a Conditional Use Permit elsewhere in the zone subject to the standards in Section 17.103.010. Residential Care is permitted if located in a One Family Dwelling Residential Facility; conditionally permitted if located elsewhere (see Chapter 17.134 for the CUP procedure). No Residential Care or Emergency Shelter Residential Activity shall be located closer than three hundred (300) feet from any other such Activity or Facility. See Section 17.103.010 for other regulations regarding Residential Care and Emergency Shelter Residential Activities.

L2. The total floor area devoted to these activities by any single establishment shall only exceed ten thousand (10,000) square feet upon the granting of a Conditional Use Permit (see Chapter 17.134 for the CUP procedure, and Section 17.103.065 for special findings and additional requirements for Truck-Intensive Industrial Activities in the M, CIX, IG, IO, D-CE-5, D-CE-6, D-CO-5, and D-CO-6 Zones).

L3. The total floor area devoted to these activities by any single establishment shall only exceed twenty-five thousand (25,000) square feet upon the granting of a Conditional Use Permit (see Chapter 17.134 for the CUP procedure, and Section 17.103.065 for special findings and additional requirements for Truck-Intensive Industrial Activities in the M, CIX, IG, IO, D-CE-5, D-CE-6, D-CO-5, and D-CO-6 Zones).

L4. This activity is only permitted upon determination that the proposal conforms to the general use permit criteria set forth in the Conditional Use Permit procedure in Chapter 17.134, and to all of the following additional use permit criteria:

1. That the project is designed in a way that minimizes the potential health impacts of locating a residential use near the surrounding activities;
2. That new development will meet residential environmental safety standards;
3. That the design of the development and site accounts for the projected rise in sea levels and the potential for inundation by the Bay and other flood waters in a manner that protects both human infrastructure as well as the natural aquatic resources of San Leandro Bay;
4. That aviation easements for the Oakland International Airport will be negotiated with future owners or tenants, and deed disclosures about proximity to Airport operations will be made; and
5. That measures that minimize adverse impacts to the surrounding activities have been incorporated into the project.

L5. The Extensive Impact Civic Activity category includes, but is not limited to, stadiums and sports arenas (see Section 17.10.240.Q). In the D-CO-3 Zone, stadiums and sports arenas are only allowed in the area between Damon Slough and Elmhurst Creek.

L6. Conditionally permitted if located in the D-CO-3 or D-CO-4 Zones between Damon Slough and Elmhurst Creek; prohibited if located elsewhere in the D-CO-3 or D-CO-4 Zones (see Chapter 17.134 for the CUP procedure).

L7. In the D-CO-5 Zone, these activities are only allowed in the area between San Leandro Creek and Doolittle Drive. See also Section 17.103.065 for special findings and additional requirements for Truck-Intensive Industrial Activities in the M, CIX, IG, IO, D-CE-5, D-CE-6, D-CO-5, and D-CO-6 Zones.

L8. See Section 17.102.170 for special regulations relating to massage services and Section 17.102.450 for special regulations related to Laundromats.

L9. Not including accessory activities, this activity shall take place entirely within an enclosed building. Other outdoor activities shall only be permitted upon the granting of a conditional use permit (see Chapter 17.134 for the CUP procedure).

L10. Permitted ~~outright~~ if located within ~~five hundred (500)~~ one thousand (1,000) feet of Highway 880 or Hegenberger Road; conditionally permitted if located elsewhere throughout the zone (see Chapter 17.134 for the CUP procedure).

L11. Except for such uses that are accessory to an approved Automobile and Other Light Vehicle Sales and Rental Commercial Activity, these activities are not permitted within three hundred (300) feet of a lot line adjacent to the Hegenberger Road right-of-way. See also Section

17.103.065 for special findings and additional requirements for Truck-Intensive Industrial Activities in the M, CIX, IG, IO, D-CE-5, D-CE-6, D-CO-5, and D-CO-6 Zones.

L12. This activity is only permitted upon the granting of a Conditional Use Permit (see Chapter 17.134 for the CUP procedure) and that all repair and servicing is performed in an enclosed building.

L13. Any Outdoor Storage activities to be located within six hundred (600) ~~three hundred (300)~~ feet of: a) the Oakport Street right-of-way; b) the Estuary or Bay shoreline; c) the Damon Slough, Elmhurst Creek, East Creek Slough, or San Leandro Creek top of bank; or d) any Open Space Zone shall only be permitted upon determination that the proposal conforms to the general use permit criteria set forth in the Conditional Use Permit procedure in Chapter 17.134, and to all of the following additional use permit criteria:

a1. The activity is screened in a manner as determined by the Planning Director, including but not limited to, buffer planting installed along the site exterior; and

b2. The proposal will not adversely affect the livability or appropriate development of abutting properties and the surrounding district in terms of noise, water and pollutant runoff, heavy equipment operation, hours of operation, odor, security, and vehicular traffic.

L14. No new or expanded Adult Entertainment Activity shall be located closer than one thousand (1,000) feet to the boundary of any Residential Zone or three hundred (300) feet from any other Adult Entertainment Activity. See Section 17.102.160 for further regulations regarding Adult Entertainment Activities.

L15. Existing automotive fee parking lots within three hundred (300) feet of a lot line adjacent to the Hegenberger Road right-of-way may be reconfigured to increase the number of parking spaces and make more efficient use of the existing parking area. Expansion of existing facilities to include structured parking or expanding the size of the parcel with the parking constitutes an expansion of a nonconforming use and is not permitted.

L16. Limited Agriculture is permitted ~~outright~~ if the activity occupies less than twenty thousand (20,000) square feet ~~one (1) acre~~ of land area and any sales area is less than one thousand (1,000) square feet; conditionally permitted if the activity is larger in either land or sales area (see Chapter 17.134 for the CUP procedure).

L17. Extensive Agriculture is only permitted upon the granting of a Conditional Use Permit (see Chapter 17.134 for the CUP procedure). In addition to the criteria contained in Section 17.134.050, this activity must meet the following use permit criteria:
