Gap in bike network

Summer 2023 Survey

81% of survey respondents preferred a **Class I off-street walking & biking path**

between Camden & Sunnymere over on-street separated bike lanes

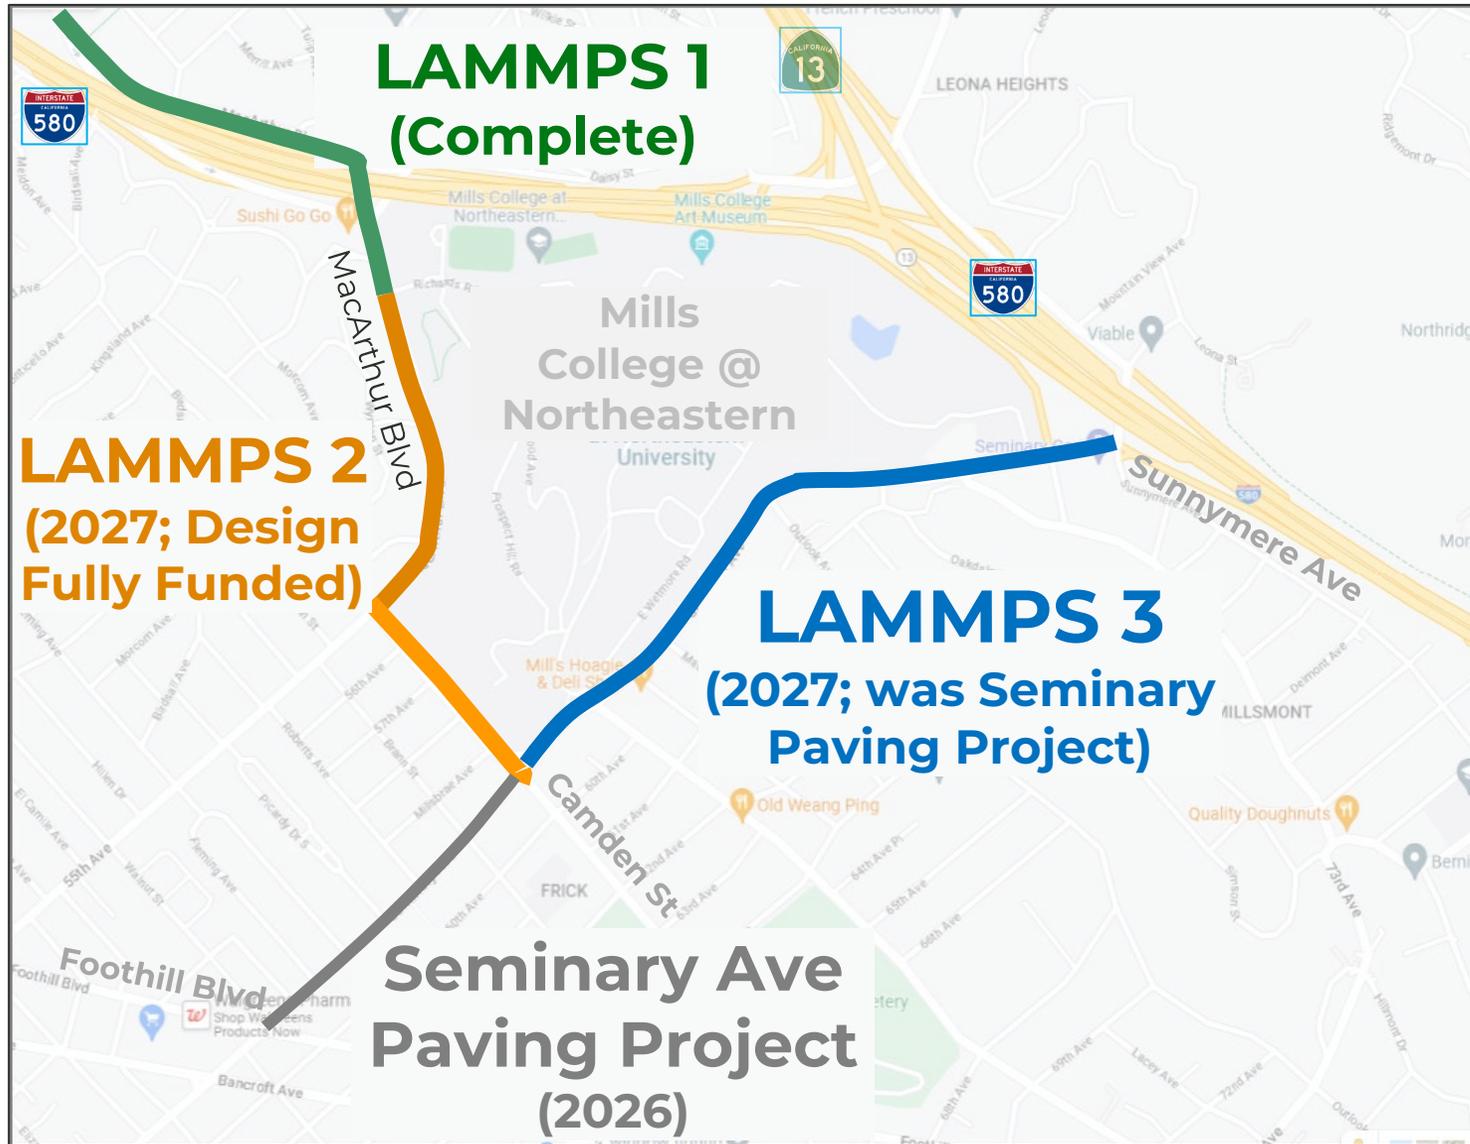

Having a path for bikers and walkers, away from cars, is wonderful! I love the path on MacArthur and see folks using it everyday to jog, walk, and bike.

Being physically removed from the street provides safety and cleaner air for those using the path. Plus, it's pretty!

- Survey respondent

LAMMPS Phase 3 is Born

Class 1 off-street path outside the scope of a Paving Project

Seminary between Foothill and Camden will still be repaved in 2026 with simple traffic calming improvements
(speed cushions, flashing lights at new crossings, etc. – no bike lanes)

Seminary Avenue Rapid Response Program

In response to the fatal crash on September 26, 2023 involving Mali Delaney near the intersection of Seminary Avenue and Outlook Avenue, OakDOT will be implementing near-term treatments
