Board Members provided questions and comments regarding item.

Recommendation:

- Consider the intended lighting effect on the building with specific consideration of the nearby, illuminated Tribune building
- Encourage greater façade articulation and
- improved transparency

1st Motion: Chair Benjamin Fu

2nd Motion: Board Member Craig Rice

Separate discussion: Support four points from the staff report (Andrews, Fu)

Staff believes that this façade requires more visual interest.

Possible improvements include:

- 1) • Transparent windows into the ground floor offices and kitchen;
- 2) • A more prominent structure at the 10th Street access point to the new recreation center courtyard entry;
- 3) • Greater facade articulation; Landmarks Preservation Advisory Board June 12, 2023, Case File Number: PLN22143 Page 10
- 4) • A wider top and columns or distinctive feature for the 10-foot-tall steel trellis entry feature on 10th Street.

Staff recommends that the Landmarks Preservation Advisory Board review the proposed project and provide further comments to the project applicant prior to final consideration by the City Planning Commission at a future public meeting.
