#1	Location:	Citywide
	Assessor's Parcel Number(s):	N/A
	Proposal:	Omnibus Planning Code Amendments with focus on streamlining Design Review. With the intention of streamlining the development of housing, the City of Oakland (City) has developed Objective Design Standards (ODS) for residential and mixed-use multifamily developments, ranging from four to eight stories. Building on this framework, the City is proposing changes to the Design Review Chapter 17.136 of the Planning Code to include a new ministerial track to use ODS for by-right approval of additional project types, including all single-family homes, missing middle housing, and lower density multifamily buildings. In addition, changes are proposed to the Regular Design Review section for all residential projects that do not require a discretionary approval to also be subject to ODS. Consistent with the effort, the proposed package of Planning Code amendments includes design review procedures, exemptions, and appeals process updates as well as related updates to the Definitions Section of the Planning Code 17.09.040. Also included are miscellaneous updates related to design review as well as to increase clarity, conciseness, and provide cleanups to OS, RH, RD, HBX, CIX, IG, IO, S-10, S-11, D-CE, 17.135 definitions and development standards, changes to require design review requirements within an extended boundary between certain types of industrial facilities and residential zones, updates to the Sea Level Rise Adaptation Plan and the DT-CX zone lot width standard to provide consistency with the adopted Downtown Oakland Specific Plan, conformity changes to major conditional use permit threshold, updates to the Planned Unit Development Procedure, minor changes to threshold in 17.154 for zoning lot boundary, conformity changes to 17.158 Environmental Review Regulations, and updates to Parking, Loading, Fencing and Retention Walls.

#2	Location:	Citywide
	Assessor’s Parcel Number(s):	N/A
	Proposal:	<p>The City of Oakland seeks to adopt the Objective Design Standards for one- to four-family dwellings and one- to three-story multifamily residential and mixed-use developments as part of an effort to streamline housing production. These standards are intended to apply to a range of housing types, including single-family homes, missing-middle housing, and lower-density multifamily buildings.</p> <p>In parallel with this effort, the City is also proposing Amendments to the Regular Design Review section of the Planning Code that would allow to apply the Objective Design Standards to eligible projects. If and when the Planning Code is amended—through the separate, ongoing Code Amendment process—to establish a by-right, ministerial approval pathway for eligible one- to four-family and one- to three-story multifamily residential and mixed-use developments, the Objective Design Standards would apply to those projects under the ministerial track.</p>
