Introduction

The murder of George Floyd while in police custody on May 25, 2020 sparked protests throughout the nation and world. The nation's attention was drawn to structural racism and disparities in the criminal justice system and in life outcomes.

Locally, the first related demonstration occurred on Thursday, 28 May 20, when roughly 50 protesters entered the freeway in West Oakland. Protestors shut down the 27 Street/West Grand Avenue exit on southbound Interstate 980. The protestors ultimately left the freeway off-ramp and then walked to the Oakland Police Administration Building (PAB).

On Friday, 29 May 20, the City activated its Emergency Operations Center (EOC) to coordinate the City's operations during mass protests. Among other City employees, OPD, Fire Department, and Public Works personnel staffed the EOC. The EOC was activated in this manner for all seven days of operations. The City worked to facilitate peaceful protests and to ensure public safety. During this time, there were inspiring protests—Oakland has a long and proud tradition of social activism. Especially during the first week, there was also violence and significant destruction throughout several Oakland communities. OPD Incident Commanders and officers faced extraordinarily challenging conditions. All at once, there were scattered and quickly swelling protests, violence, vandalism, looting, arson, and a high volume of service calls. This strained City resources; the City relied on mutual aid for assistance.

Oakland Police Department's policies call for a thorough review of various events during this period. To that end, rigorous administrative review is underway by the Internal Affairs Division, use-of-force reviewers, the Community Police Review Agency, as well as an independent concurrent investigative review. Further, the federal Independent Monitoring Team in *Allen, et al. v. City of Oakland, et al.*, U.S.D.C. N.D. Cal. No. C 00-4599 WHO, is monitoring and providing technical assistance on aspects of this review. In addition, the Department conducts quarterly reviews of its crowd management and publishes the review on its website.

Against that backdrop, Oakland Police Department's crowd management policy, Training Bulletin III-G, also allows for an early *After-Action Report* to help the Department identify "lessons learned and training opportunities" that are apparent within a short window of time after certain events involving crowds, helping the Department continually grow as an organization.

Events Summary

From May 29, 2020 through June 4, 2020, among other events, the following occurred:

- There were several daily protests, with some crowds reaching approximately 15,000 people.
- Alameda County, and many cities in the County, including the City of Oakland declared local emergencies and imposed curfew orders.
- Approximately 200 businesses were looted and vandalized.
- 137 arson fires were set throughout Oakland.
- There was violent crime, including multiple homicides and numerous shootings.
- There was a shooting incident related to an incident of looting.
- Two federal protective services uniformed officers were shot; one was killed.
- Multiple first responders, including Oakland Police Officers, Mutual Aid Officers, and Firefighters, were injured.
- Mutual Aid was activated, providing additional resources to help manage the large and disruptive violent protests.
- More than 300 individuals were arrested with more investigations pending.
- More than 700 calls for service were delayed of which 100 were priority calls.

Purpose/Scope

The purpose of this *After-Action Report* is to identify lessons and observations gleaned so far. The Department anticipates that it will identify additional lessons learned, training points, and opportunities for operational enhancements from the detailed administrative reviews that are currently underway by various internal and external bodies.

Training Bulletin TB III-G, Section XI.C, provides as follows:

The IC shall evaluate the need for an After-Action report which outlines the lessons learned and training opportunities, as well as an assessment of the effectiveness and quality of the Operations Plans. An After-Action Report will be completed within 30 days of the event if one of the following events occurs:

1. *Mutual Aid is requested;*
2. *An unlawful assembly is declared;*
3. *Arrests are made for acts of civil disobedience;*
4. *Significant police resources are used to control the event; or*
5. *Chemical agents or SIMS are used.*

These events occurred between Friday, May 29, 2020 through Thursday, June 4, 2020, and this *After-Action Report* focuses on that timeframe. The report draws from statistical information related to arrests, complaints, uses of force, injuries, personnel used and mutual aid during these days. The statistics provided are based on what was known at the time of publication. Further, the report incorporates feedback from Operations Chiefs and Company Commanders during the seven-day period.

This *After-Action Report* does not include an analysis of individual uses of force, complaints, arrests, policies, or body worn camera (BWC) videos.

Uses of Force reports for each day will be reviewed by the use-of-force report writer's chain of command and subject to a Use of Force Review Board process according to policy. The multi-level review of uses of force is required pursuant to Oakland Police Department General Order K-04 – *Reporting and Investigating the Use of Force*.

Complaints against personnel, in accordance with California Government Code Section 3304(d)(1), may take up to one (1) year to come to a finding. Nevertheless, the Department strives to complete investigations of misconduct within 180 days, in accordance with Oakland Police Department General Order M-03 – *Complaints Against Departmental Personnel or Procedures*, unless otherwise approved by the Internal Affairs Commander.

As the Oakland Police Department moves forward through an assessment of events, uses of force, personnel complaints and arrests, we will continue to evaluate policy for compliance and/or potential policy revision when appropriate.

This *After-Action Report* will serve as a record of what is known now and is not meant to serve as the final evaluation of Oakland Police Department rules, regulations, practices or policies related to the events of May 29, 2020 through June 4, 2020 and/or the Department's response.

In addition to this *After-Action Report*, there will be further in-depth investigations and reviews by internal and external bodies.

Department Mission

The Oakland Police Department is committed to reducing crime and serving the community through fair, quality policing.

Concept of Operations

Despite some intelligence being gathered for each period of operations, it was unknown what would actually occur on each day of events. There was a need for a centralized concept of operations. For each operational period, there was an incident commander and operations chief. Briefings were held daily for the Mobile Field Force (MFF) in the PAB Auditorium. The incident Commander and all subordinates were to utilize the Incident Command System for command and control.

After receiving the operations briefing, personnel were initially deployed in companies to monitor varied quadrants of the downtown and FOP (City Hall) and the Police Administration Building. Additionally, other units in the Department were directed to respond as follows:

- OPD Motors were to respond to traffic needs of the company commanders
- Undercover officers (UCs) were to monitor interior crowds and area around the demonstrations, providing real time updates of crowd size, activity, and demeanor. The Quick Reaction Force (QRF) units were designated to conduct arrests and support UCs.
- Cease-Fire Units were to monitor exterior crowd activity and act as a QRF.
- The Tactical Negotiations Team (TNT) was to attempt to establish contact with the group organizer(s) and provide updates regarding intel and direction of march.

OPD personnel were advised the following:

- No later than one hour after briefing, platoons deploy in vans with an additional squad in marked vehicles.
- Facilitate marches and rallies in the area as directed.
- Identify and arrest individuals committing crimes when safe or tactically sound to do so.
- Be prepared to maneuver Mobile Field Forces in order to assist in crowd containment, control and mass arrests, if required.
- On order, patrol designated areas, maintaining visibility, enforcing laws and citing for infractions.

- On order, provide force protection for vital facilities.

The Emergency Operations Center (EOC) was activated for each of the seven days of operations.

Contingency Planning:

Briefings covered certain situations or contingencies, and the following strategies to respond to these situations or contingencies. This was not meant to be an exhaustive list of potential situations of contingencies.

- **If a large group marches on public roadways** – OPD personnel will facilitate peaceful marches until the hours of darkness or under the discretion of the Incident Commander.
- **If individuals obstruct free flow of vehicle traffic at major thoroughfares or intersections causing significant disruption to commute traffic, safety and/or commerce** – OPD will assess the time, place, and manner in which people are engaged in these acts. The Incident Commander shall make the determination whether or not to remove people from intersections or thoroughfares based on the severity of the impacts if nothing is done to remove them. The Incident Commander shall balance the level of disruption to traffic against the OPD policy of facilitating 1st Amendment activity; the practicality of relegating the crowd to sidewalks or an alternate-route; the expected duration of the disruption, and the traffic disruption expected in making a mass arrest if demonstrators refuse to leave the street.
- **If individuals enter and take over a building or private lot refusing to leave** – OPD will identify the building owner and determine if police services are requested to remove the trespassing occupants (unless obvious and on-going crimes are occurring; fire set, vandalism). If police services are requested, OPD shall surround the building or lot and contain the occupants. OPD will provide announcements directing trespassers to immediately leave and shall arrest anyone found exiting the building or lot. OPD shall determine a tactical plan to enter the building or lot and arrest remaining trespassers.
- **If individuals damage property** – At the direction of a commander and when tactically feasible, arrest team(s) will make surgical arrests of individuals who damage or destroy property.
- **If individuals set fires** – OPD will use fire extinguishers to put out small trashcan fires. If needed, OPD escort officers will provide force protection to OFD to put out larger fires. At the direction of a commander, arrest team(s) will make surgical arrests of individuals who set fires.

- **If shots are fired from within the crowd** – OPD officers shall try to identify the shooter and react with the appropriate force, if possible. If there is no immediately identifiable target, then officers shall seek immediate cover positions. The on-scene commander will decide if the use of chemical agents, smoke or diversionary devices should be deployed to disperse the crowd, and/or shooter. Undercover officers will not engage shooters by drawing their weapons unless they are required to defend their own life.
- **If individuals erect tents, canopies, and other structures with the intent to lodge without permission on public property or violate park curfews** – At the direction of a commander and when tactically feasible, arrest team(s) will cite or arrest violators.

Mutual Aid Plan:

In the event, mutual aid was requested by OPD for an Oakland incident or event, each agency that responded to the City's request for mutual aid was to be briefed at the staging area on OPD's Crowd Management and Use of Force policies and given an overview of the operation plan detailing the Commander's intent (if feasible). Each agency was to be assigned an OPD liaison (pathfinder) to maintain the Incident Commander's command and control, communication and situational awareness while executing the mission (if available).

All OPD policies and procedures remained unchanged given OPD mutual aid response to outside agencies and jurisdictions.

Arrest Plan / Procedures:

Our mission was not to arrest every law violator but instead to manage the entire event. Personnel were directed to strive to not create situations which needlessly exacerbated the overall incident. When tactically feasible, arrests were to be made as safely and quickly as possible for incidents of violence or property damage.

Where a criminal act occurred within a large crowd, efforts shall be made to identify the suspect(s) for arrest(s). Field commanders shall consider the safety of officers and bystanders in their decision to move into a crowd to make an arrest. Where directed, arrest teams shall deploy to make surgical arrests. Arrest teams will be equipped with sufficient protective gear to complete the arrest or possible officer rescue. The field commander shall assess the situation and request the necessary resources to take action. On-scene personnel shall advise the best route to respond. Officers shall not abandon their posts, unless it becomes unsafe, to respond to other problems unless directed to do so by a supervisor or commander.

Individual arrests shall comply with Departmental policies and procedures. The field supervisors maintain the responsibility to ensure the procedures briefing takes place during line-up or as

needed. Juveniles shall be separated from adult offenders and processed in accordance with Departmental policy. Arrest teams shall be responsible for completing and submitting a separate supplemental report documenting each arrest at the conclusion of the operation.

Officers shall cite out misdemeanor violations unless there is reasonable likelihood that the offense would continue or resume or that the safety of persons or property would be immediately endangered by the release of the person (in accordance with section 853.6i(7) of the California Penal Code). Offenses that are likely to continue must be supported by articulable facts.

In the event of riotous behavior, a field commander will evaluate and recommend if the crowd should be dispersed. The Incident Commander or Operations Commander shall make the determination. Dispersal orders may be made in the following conditions:

- When crowd violence targets law enforcement personnel at a level likely to cause injury to personnel and arrests are not possible or are not likely to succeed.
- When crowd violence includes arson and arrests are not possible or likely to succeed.
- When crowd violence targets buildings/property with felony malicious mischief and arrests are not possible or likely to succeed.
- When individuals in the crowd begin to attack other people in the crowd with force likely to produce injuries requiring medical assistance and arrests are not possible or likely to succeed.

Dispersal orders may be given even if arrests are possible and have been made so that order may be restored among the remaining members of the group. The field commander will give or direct another to provide the dispersal order contained in TB III-G ensuring that it is heard and documented. If officers are directed to use “flex” cuffs, they must mark each side of the “lock” to show the position of the cuffs at the time of arrest. Additionally, arresting officers shall place their serial numbers on their flex cuffs.

Use of Force Plan:

The Incident Commander, field commanders and field supervisors shall make every effort to ensure that the police mission is accomplished as efficiently and unobtrusively as possible with the highest regard for the human dignity and liberty of all persons and with minimal reliance on the use of physical force.

Departmental General Order K-3 applies. The deployment of chemical agents shall be at the direction of the Incident Commander (unless exigent circumstances exist). If command

directed, field commanders shall provide specific direction on the type of munition and location of deployment. If an Unlawful Assembly (407 PC) is declared and a dispersal order, and persons refuse to leave, a second warning(s), if feasible, shall be made prior to the use of chemical agents, allowing persons another opportunity to leave voluntarily. Use of specialty impact munitions shall not be indiscriminate nor used to disperse a non-violent crowd. Officers shall make an effort to arrest suspects when force is used to gain compliance. Chemical agents and specialty impact munitions shall only be deployed as authorized by OPD policy and in limited situations provided pursuant to Training Bulletin III-G.

All personnel involved in a use of force shall complete a supplemental report articulating the circumstances and justifications for their individual decision to use force. In addition, such personnel shall submit a completed Preliminary Use of Force Report (PUFR) to their supervisor for approval (if available). Supervisors shall write the UOF report for their squad even if they are a witness, during this event. If they directed the UOF, they will not write the UOF. If they have a UOF, another supervisor shall write the UOF report per policy. Reports may be handwritten or completed on FBR per supervisor/commander's directive. In the event a report is handwritten, the approving supervisor shall print his/her name and then sign it.

Commanders' Intent

Throughout the seven days, the Incident Commanders had the same operational intent. This intent was captured in the Mission, Purpose, Key Tasks, Mutual Aid and desired End State for Each Day as outlined below:

Mission

The Oakland Police Department will conduct crowd management for the planned protests and any impromptu protests, in order to maintain public peace and order. This will be done with an effort to:

- *Maintain officer safety.*
- *Protect life.*
- *Protect property.*
- *Protect vital facilities; and*
- *Uphold Constitutional Rights of free speech and lawful assembly.*

Purpose

To facilitate planned or spontaneous and lawful rallies and marches in compliance with Department policy as directed in Training Bulletin III-G, OPD Crowd Control and Crowd Management Policy. Those who participate in acts of crime, violence and vandalism will be arrested if and when safe to do so. Mutual Aid response to requests will be handled in accordance with General Order L-03. Crowd size and available Department resources will factor into police response for this operation.

OPD intends to execute this operation in a cooperative manner and, to the extent possible, without requiring the use of force. To that end, OPD will try to identify group leaders, organizers, coordinators and to initiate dialogue to seek their cooperation. The OPD Tactical Negotiations Team will carry out this task. Any response to this event is contingent on the number of protesters/marchers and their behavior. Arrests will be made only if safe to do so, and, if time and circumstances allow, arrests will be directed based on incident commander or platoon commander discretion. The Incident Commander will be responsible for the overall Command and Control of this operation. Decisions about crowd dispersal and general strategies about crowd containment or crowd redirection, multiple simultaneous arrests, planned individual arrests, or planned use of force shall be made at the level of the Incident Commander or higher.

Strong supervision and command are essential to maintaining a unified, measured and effective police response. Impulsive or independent actions by officers are to be avoided. Police personnel must maintain professional demeanor and remain neutral in word and action despite unlawful or anti-social behavior on the part of crowd members. Unprofessional police behavior can inflame a tense situation and make crowd control efforts more difficult and dangerous.

OPD will endeavor to enforce applicable laws and arrest specific individuals who are committing crimes. The police may not disperse a demonstration or crowd event before demonstrators have acted illegally or before the demonstrators pose a clear and present danger of imminent violence.

In the event of a declaration of an unlawful assembly, OPD will disperse crowds in an orderly manner to predetermined egress routes and arrest individuals who fail to disperse.

Repeated announcements will be made advising them of our intent to arrest them if they do not leave. Announcements shall be made in different locations if the crowd is large and noisy. Sufficient time will be allotted for those who wish to

leave before any further police action is taken. Those remaining and refusing to leave will be cited or arrested.

OPD will follow and will request all law enforcement agencies participating pursuant to a mutual aid request to follow OPD policies respecting crowd control management, unlawful assemblies, use of chemical agents and less-lethal impact munitions, use of force, arrests, and transporting in-custody individuals to jail.

If Mutual aid is requested to Oakland, responding agency personnel will be briefed on the operation at the staging location and their crowd control munitions will be inspected (if feasible).

Key Tasks

The following is a list of mission-essential tasks:

- *Attempt dialogue with event leaders/organizers/coordinators. Attempt dialogue if march or event remains in or is directed through Oakland.*
- *Monitor the rally/march within Oakland and facilitate the march on Oakland streets if necessary.*
- *Prevent/Respond to acts of violence and major acts of property damage/vandalism and arrest those responsible for the acts when tactically feasible and safe to do so.*
- *Enforce applicable laws by identifying and arresting specific individuals engaged in unlawful behavior when tactically safe and feasible to do so.*
- *If necessary, issue dispersal orders and disperse crowds in an orderly manner to predetermined egress routes. Safely cite/arrest individuals who fail to disperse.*
- *Process arrestees in accord with OPD policy/procedures.*
- *Investigate uses of force, complaints and criminal acts in accord with OPD policy/procedures.*
- *Request Patrol Division support from the on-duty Watch Commander.*
- *Cause mutual aid requests if insufficient OPD units or resources exist.*
- *Maintain strong team discipline.*

Mutual Aid

As the Law Enforcement Regional Mutual Aid Coordinator, the Alameda County Sheriff's Office coordinated the mutual aid response by law enforcement agencies throughout the region. All requests for mutual aid will be made through the Incident Commander. All mutual aid responders shall check in at the main staging area. Relevant OPD policies shall be provided to all participating outside

agencies responding to a request for mutual aid including TB III-G (Crowd Control and Crowd Management).

All mutual aid agencies shall be briefed on the current Operations Plan by a commander. Each participating outside agency responding to a request for mutual aid shall be assigned an OPD liaison (pathfinder), if available. Pathfinders shall be equipped with body worn cameras (BWCs). Pathfinders shall utilize BWCs to record mutual aid agency attire (uniform) and activate when mutual aid units are engaged with a crowd. Pathfinders shall advise via the primary communications channel when they observe any mutual aid officer use force. Pathfinders shall include name of agency using force, type of force used (e.g. gas, bean bag, baton, etc.), location, and any visible identifier (e.g. helmet number, name tag, rank insignia, etc.) for the officer using force.

Prior to deployment, a complete inventory of all munitions and chemical agents possessed by mutual aid responders shall be completed and documented to ensure identification and approval by an OPD commander. The approving OPD commander shall brief the Operations Commander for final approval of munitions and chemical agents possessed by mutual aid responders. Munitions and chemical agents not approved by the Operations Commander shall not be deployed by any agency. If a mutual aid responder refuses to comply with this directive that agency shall not be utilized for any assignment where munitions are likely to be deployed.

End State for Each Day

This operation will be successful if the following conditions are achieved at the conclusion of each deployment period:

- *First Amendment rights exercised and upheld.*
- *No Uses of Force occur, or only objectively reasonable force is used while executing this mission.*
- *All tasks are completed without preventable or unnecessary injuries to citizens, officers or suspects.*

Acts of violence or vandalism successfully prevented, reduced, or otherwise addressed through enforcement, arrest or investigation where prevention was ineffective.

Sgt. Dinh, Sgt. S. Kim and TNT monitored social media, open source and local news stations during the event.

Jones sent out open source information, via email, she had found on the internet as summarized below (See Appendix B for screen captures of the open source information):

- *“The Minneapolis Uprising Points the Way! Spread the Fiery Spirit of Minneapolis by Any Means Necessary”* This was a car caravan that was to meet on 29 May 20, at 1300 hours, at 1800 98th Ave and caravan to downtown Oakland.

- AerinCreer posted @AngelAerin777 *“Some of y’all aren’t ready to go into violent protests and i think you should prepare better. Masks, glasses, gloves, hoodies, sneakers, backpack, washcloth, cellular data OFF.”*

Significant Events Summary

On May 29, 2020, the City activated its Emergency Operations Center (EOC) to coordinate the City’s operations during mass protests. Among other City employees, OPD, Fire Department, and Public Works personnel staffed the EOC. Between 1700 hours and 2000 hours, there were up to 4000 demonstrators divided among two sites, City Hall and the PAB, which are seven blocks apart along Broadway.

During the evening of Friday, May 29, the first of many large-scale events protesting of the death George Floyd began in Oakland at Frank Ogawa Plaza (FOP). Social media posts directed protestors to meet at FOP for an “FTP Vengeance For George Floyd Minneapolis Solidarity Demo” at 2000 hours.

At one point, officers reported that someone in the crowd was throwing bottles towards them. Many others among the crowd directed anger towards the officers who were facilitating the protests, but those protestors did so without throwing things. Near City Hall, people ripped down boards covering small store fronts and some windows were damaged. More people came to the area and one group managed to get onto Interstate I-880; causing traffic to halt. Mutual Aid personnel reported that some of the people in the groups were throwing bottles and setting off fireworks. Additionally, OPD officers reported that people in the crowd were throwing rocks and bottles at them.

At 2121 hours, about 6000 people were in front of the PAB. Some people were reported to have been throwing rocks and bottles at officers. A short while later, and over the course of a few minutes, unlawful assembly and dispersal orders were given in English and Spanish. Chemical munitions were subsequently deployed when the crowd remained unruly, dangerous and failed to disperse.

At 2148 hours, two federal security officers were shot blocks away from Oakland City Hall and the PAB. One of the security officers died and the other was critically wounded.

Over the next few hours, there was significant looting, arson and vandalism in the downtown, uptown and China Town area with reports of subjects throwing Molotov Cocktail incendiary devices at officers.

The EOC closed at 0315 hours.

Observations

- 150 mutual aid officers arrived before officers were deployed for crowd management. On subsequent days, in contrast, mutual aid officers arrived after OPD had already deployed its officers for crowd management. Given OES requirements, it is not always possible to secure mutual aid officers in advance of a deployment, but when it is possible, doing so is helpful.
- Personnel moved well together when they operated as complete squad, platoon or company. As elements were sent to different areas and assignments, it was very clear what they were tasked to accomplish. Examples of instructions such as, *“parallel the crowd to the east, but do not show,” “go to FOP and protect City Hall,”* and *“move to the north, prevent looters from reaching xxxx,”* made clear what needed to be accomplished

and provided sufficient latitude to meet the objectives.

- Officers maintained a professional demeanor in the face of anger, hostility, and violent acts being directed towards them.
- The radio communication was effective and efficient. Often, protest and riotous events can include large amounts of radio traffic that adds little overall value and potentially makes coordination more difficult. However, radio traffic for this event, for the most part, remained clear and concise.
- There was a deliberate effort to not get drawn into conflict outside of protecting life and to avoid moving too quickly or too far. This prevented personnel from being encircled.
- Two federal security officers were shot while guarding the Ronald V. Dellums Federal Building parking garage at the corner 12th Street and Jefferson Street. One of the officers did not survive the shooting. Even though this murder occurred little more than a block away from active protests and riotous behavior, OPD personnel rendered aid and gathered evidence the best they could until it was no longer safe to do so. Both security officers were evacuated from the area without haste. Personnel collected evidence and evacuated the area only when the danger posed was greater than the need to maintain the crime scene.
- At certain chaotic points, the Incident Commander took control over the radio and helped maintain calm and focus.
- There were simply not enough officers to prevent looting and fires.
- Some skirmish lines exposed officers' backs to violent crowds. When possible, the Department should strive to set up skirmish lines in a manner that does not expose officers to volatile actions from a direction out of their peripheral.
- We need to be ready for mass arrests. We travel in vans during mobile field forces, but we are not allowed to transport prisoners in the vans. Thus, a single arrest can bog down up to 10 officers at one time. Wagons may be a potential solution, but they are not always available when they are needed.
- When we had mass looting and potentially could have arrested 50-100 looters, logistics dictated our response. We need to be ready for mass arrests.
- We should consider developing a checklist to help check in mutual aid agencies more quickly and thus allow them to deploy into the field more rapidly.
- Many outside agencies would not split their team to cover multiple locations. We should consider whether multiple pathfinders for larger groups could help with this.
- Many agencies did not have the ability to be mobile in vehicles after checking in. This created slower response times.
- Some outside agencies did not follow instructions to check in when they arrived, but instead self-deployed.

Federal Investigators later determined that the Federal Protective officers were shot by a pair of anti-government extremists who targeted them specifically using the demonstrations as cover for their crimes. One of the Federal protective officers was killed and the other was

wounded. **Saturday, 30 May 20**

Planned Events / Intelligence

The following were specific events scheduled from 1200 hours to 1900 hours on 30 May 20 that include the following (See Appendix B for screen captures of the open source information for two of the listed events):

- 1200 – 1400 hours at San Francisco “Justice and Solidarity for George Floyd”
- 1300 hours in Oakland at the Grand Lake Theater
- 1800 – 1900 hours in San Leandro at ACSO Eden Township Substation
- 1900 hours in Emeryville at the Emeryville Shopping Center Target

Sgt. KC Jones supervised plain clothes units for this event, searched for pre-event open source intelligence and provided intelligence updates.

Sgt. C. Wong and Sgt. M. Valladon and TNT monitored social media, open source and local news stations during the event.

Significant Events Summary

On 30 May 20, there were fewer protestors than the night before. OPD officers and mutual aid personnel responded to widespread organized caravans of looters that struck throughout the night indifferent areas, beginning with looting in Emeryville and on the Oakland/Emeryville border, as well as arson, vandalism and looting in Oakland. The evening began almost immediately with looting along the Oakland/Emeryville border as well as rocks thrown at a Berkeley PD officer. Units continued monitoring a small group forming at 14th & Broadway while addressing the issues at Best Buy and Home Depot. Looting continued unimpeded in Emeryville's Bay St shopping area.

At 1900 hours, the crowd was initially noted to be around 15 to 40 people but eventually grew to around 300 people by 2030 hours. At about 2114, the first of many incidences of rocks and bottles thrown at OPD officers were reported to have occurred. At around 2117 hours, the main group of 300 merged with another group of 200. The group of 500 headed northbound and began to march.

At around 2200 hours, the crowd reached a high of about 700 people marching through west Oakland and the downtown area. At around this same time, there was a report of shots fired at the Decathlon sporting goods store in Emeryville on the Oakland border. There were patches of groups operating throughout the west Oakland and downtown area simultaneously.

At around 2228 hours, there was a group of around 300 at FOP. Some in the group were involved with throwing rocks and bottles and munitions were deployed. Announcements were made and the group began to move northbound away from FOP.

Over the course of the next three hours, there were multiple instances of looting, debris (rocks, brick, bottles) thrown at law enforcement and subsequent munitions deployments. Just after 0100 hours, announcements were made for people to clear the area. A mini sideshow developed at 19th Street and Broadway. Subjects began to throw objects from the moving vehicles at officers and other vehicles.

At 0120 hours, officers requested emergency assistance (Code 3 cover) at 16th Street and Telegraph Ave. Shortly thereafter, there was a CS munitions deployment that sent a crowd of 60 to 70 people northbound and then eastbound. Over the next hour, the crowds began to thin out and the acts of looting, violence, vandalism and arson began to dissipate.

The EOC closed at 0220 hours.

Observations

- Personnel moved well together as they operated as complete squad/platoon/company.
- Units stayed focused despite the violence and looting going on around them. For example, at one point, units came upon someone who had just been hit by a car. Despite the chaos, officers had the wherewithal to get Code 3 medical and put out a suspect vehicle description. This showed a dedication to community service despite the active disorder all around.
- There was a shooting during looting at Decathlon Sports in Emeryville (Oakland border). The suspect was quickly taken into custody and a gun was recovered.
- OPD Injury information was not collected in a centralized fashion and tracking injuries was problematic. OPD should reinstitute maintaining a safety officer at the EOC for members to advise of injuries from the field.
- Tango Teams self-dispatched on a few occasions. This is not ideal for team unity or for keeping account of platoon numbers.
- At some points during the operational period, there were hundreds of people marching in the downtown area but there were simultaneous acts of violence occurring near the Oakland/Emeryville border (Best Buy & Decathlon) and in the City of Emeryville (Bev-Mo, UNIQLO, etc.) that needed dedicated air traffic. For such operations, the Department should consider having a separate, dispatcher staffed, radio channel for units on the fringe areas. The channel should be pre-patched with our main channel. This would allow for combining and separating the traffic as needed. These two areas of deployment were 2.5 to 3 miles apart and required different methods of response.
- The organized caravans of looters simultaneously targeting different merchant areas around Oakland and adjacent cities emerged as a new phenomenon that would repeat across the region over the next several days. Their numbers peaked at around 900 several nights later, and the tactics of violence and destruction with waves of successive looters quickly overwhelmed local agencies. Planning for these situations should be

incorporated into future regional responses.

- Best Buy was looted more than once. The initial response to Best Buy was combined OPD and ACSO but there appears to have been a miscommunication about the securing of the building. After the second round of looting was cleared, OPD remained on scene until the contractors arrived on scene to secure the property.
- There did not seem to be a preplanned response for looting in East Oakland, potentially resulting in a slower response once it began. The Department should consider at least one squad be staged at the Eastmont Substation, during such events, to serve as an anti-looting Quick Reaction Force.

Planned Events / Intelligence

The following are specific events in and around Oakland scheduled from 1400 hours to 1600 hours on 31 May 20 that include the following (See Appendix B for screen captures of the open source information for the two listed events):

- Oakland, Middle Harbor Shoreline Park. Anti-Police Terror Project 1400-1600 hours.
- San Francisco, City Hall @ 1500 hours.

Sgt. KC Jones supervised plain clothes units for this event, searched for pre-event open source intelligence and provided intelligence updates.

Sgt. C. Wong, Sgt. M. Valladon and TNT monitored social media, open source and local news stations during the event.

Significant Events Summary

On Sunday May 31st, there were peaceful protests during the day. OPD officers helped facilitate these protests. There were two major significant events planned for Sunday, May 31st.

The first event started the Children's Fairyland amphitheater at noon and was peaceful.

The second was a large caravan sponsored by the Anti-Police Terror Project (AFTP) in the parking lot at Middle Harbor Shoreline Park in the Port of Oakland. It was scheduled from 1400 hours to 1600 hours. Given the size of the caravan and proximity to on ramps at the Port of Oakland, there was great concern the caravan would try and takeover the Bay Bridge. However, before the caravan began, OPD received credible intelligence the caravan would remain on city streets. As the caravan slowly moved through West Oakland and then the downtown area, protestors began to congregate in the City Hall amphitheater in FOP.

At the peak, there were about 800 protestors in FOP. TNT attempted to establish communication with protestors at FOP but were met with resistance. Due to size of the caravan and group already in FOP, mutual aid was requested at 1513 hours. Various groups marched around the downtown and Lake Merritt area.

At 1622 hours, there a group of around 150 trying to overtake CHP to gain access to the Interstate 580 on-ramp near Lakeshore. An OPD Tango Team responded and a skirmish line was established. At about that same time, there was a group of about 1,000 people at the Cleveland Cascade steps on the east side of the lake.

At 1734 hours, there was a subject in a damaged car in the intersection of 14th/Broadway. The subject fled by driving on the sidewalk and then fled on foot. The subject had been armed and was taken into custody. A firearm was recovered. After the arrest, the crowd became hostile and officers called for an all hands emergency response (940B). Chemical munitions were deployed.

From around 1835 hours until around 2030 hours, there was a group of around 200 people marching in the area north of the PAB and south of FOP. Some in the group threw “snap pops” at the officers but the group dispersed after TNT made facilitating announcements for people to leave the area.

From 2030 hours until after 0400 hours, there was widespread looting and vandalism throughout the City of Oakland and at least two shootings. Officers made arrests when appropriate and when safe to do so.

At 0011 hours, there were shots fired at the PAB but thankfully there were no injuries. Suspect vehicle is white Lexus with black fenders. The suspect vehicle was located near the 19th Street and San Pablo Ave. Suspects fled from the vehicle. A perimeter and search was initiated and three suspects were taken into custody.

At 0106 hours, there was a shooting at Jack London Square. The suspect vehicle was located by ARGUS and three suspects were detained in the Acorn housing development. A firearm was recovered.

The EOC closed at 0430 hours.

Observations

- Our ability to use ARGUS to monitor the 5,000 cars in the Port of Oakland afforded us an opportunity to deploy ground units only if/when needed. Considering the amount of

work and hours asked of our personnel in the days leading up to this operational period, this was helpful for our rank and file. Additionally, the fact that we had ARGUS overhead meant that uniformed personnel remained largely out of sight, reducing interaction with crowds.

- There were shots fired at the PAB. Units at the PAB put out a vehicle description for other units. The vehicle was ultimately located but the suspects fled on foot into a parking garage. Officers showed due caution by not hastily following the suspects into the garage. OPD and Berkeley PD command and supervisors coordinated a perimeter and search teams for the suspects. Three suspects were eventually taken into custody by Berkeley Police Officers. This showed a high level of perseverance by OPD personnel in the face of violence and a wanton disregard for human life. The coordinated effort by officers on scene relaying information to officers in the field help lead to a successful end.
- At one point, a crowd near the PAB was demanding access to the PAB and expressing anger towards officers guarding the PAB. OPD commanders de-escalated this tense situation by allowing officers to kneel with protesters.
- In addition to the shooting at the PAB previously mentioned, the field units did an excellent job handling a separate shooting less than an hour later. Shots were fired in the area of Jack London Square. Officers located a suspect vehicle fleeing the area. Ground units coordinated with ARGUS to track the vehicle without the need for a pursuit. After the suspects fled on foot, they were taken into custody in an open courtyard by officers directed in by ARGUS. In addition to the shooting incident, officers were able to deduce that the suspects had just been involved in the burglary of a marijuana business. Burglary loss and a firearm were recovered. Despite the chaos going on throughout the city, ground units and supervisors did an excellent job coordinating with air units to come to a successful end.
- Despite having over 370 OPD personnel and 200 mutual aid personnel in the field throughout the operational period, there were not enough to manage crowds and address all the violence and property destruction. Given the multiple in-progress crimes and crowd violence that arose during the operational period, we began to exceed our bandwidth. This operational period had a high level of looting and civil unrest that contributed to the necessity for the City of Oakland to institute a curfew effective June 1, 2020, at 2000 hours until 0500 hours the next day and until further notice. The presence of additional mutual aid officers may have been helpful.
- While responding to looting, OPD officers had to take statements and collect other evidence related to a use of force, leaving them unavailable to address other looting. This shows the usefulness of having a Use of Force Investigations Team assigned during each operational period. It is true that each operational period is assigned at least one main Use of Force Report Writer but during large scale activations, it would be prudent to have one or more Use of Force Investigations Teams as to not detract from the main mission of crowd control and crime (looting) prevention.
- At one point, there were not enough vans available for deployment. Lt. Shannon found a solution by having these units deploy in their patrol vehicles.

Significant Events Summary

On Monday, June 1st, the Alameda County Sheriff’s Office issued a county-wide curfew. The City of Oakland also decided to adopt a temporary curfew. San Francisco and other Bay Area cities had done so the night before. The City of Oakland resisted this extraordinary measure, recognizing the City’s proud tradition of activism and the use of tools like curfews to oppress. But the violence and destruction preceding the curfew made it necessary.

On Monday, June 1st, there were two scheduled events. First there was “Covid-19 to Cops: We Can’t Breathe Caravan” with a start time of 1200 hours. This event was handled by OPD Motors.

The second scheduled event was the “George Floyd Solidarity March.” This march was scheduled to start at Oakland Tech High School (4300 block Broadway) and end at FOP. The march started at 1721 hours and began to enter FOP at 1800 hours. It is estimated that around 15,000 people were involved in the march ending at FOP. After the march, the large group started to dissipate in three different groups in varying directions: north, south and west. This event was handled by OPD MFF and the event was peaceful.

As the curfew time approached, the mood of the crowd appeared to change and there were reports of subjects trying to take over the 18th Street on-ramp at Interstate 980 and of people putting on gas masks at 8th Street and Broadway.

From 1930 hours until 2115 hours, there was violence from the crowd that resulted in gas deployments. There were reports of rocks and bottles being thrown at officers at 8th Street and Broadway. There were reports of a male armed with a Molotov cocktail at 8th Street and Washington Street. There was a separate report of a subjects making Molotov cocktails at 9th Street and Broadway. At 2008 hours, ARGUS made curfew order announcements to the remaining crowd. At 2020 hours, 30-40 protestors were detained in the 1400 block of Broadway for curfew violations.

From 2130 until around 2300 hours, there were numerous reports of looting throughout the city but many of the reports were in east Oakland. OPD units deployed city wide to help curb the looting. During this time, there were reports of shootings and a possible sideshow with 40-

50 vehicles. After an increased presence in the area and a few arrests, the problems seemed to quell around midnight.

The EOC closed at 0053 hours.

Observations

- When arrests were made at 14th and Broadway, personnel showed good coordination to affect the arrests and facilitate prisoner processing.
- The Incident Commander and Operations Chief made decisions to place Tango Teams in strategic positions to protect officers from those who had clear intent on causing great bodily harm on law enforcement.
- There was strong messaging by command at line-ups that our posture was going to be focused on the protection of life and our intent was not to unnecessarily engage with a crowd if they were peaceful and free of violence.
- This was a long physical day. Snacks and water from logistics was greatly appreciated and, for the most part, timely.
- The Tango Teams stayed in close communications with their respective commanders and continued to support the MFF platoons that had to respond to looting and vandalism in the downtown area. This was a good coordinated effort from both sides (command and Tango Team).
- Coordinating real time tracking of Tango Team munitions deployment was made unnecessarily difficult. The Department should consider having predesignated Use of Force writers for each Tango Team each time they are deployed. This person can serve as a pathfinder or scribe that is not part of the tactical element. This would also make overall force reporting for the deployment period more manageable. It is not realistic to expect Tango Team leaders to investigate Uses of Force while they are working under such extreme conditions. Providing this resource to the Tango Teams would allow for a more comprehensive and real-time snapshot of force deployment.

Planned Events / Intelligence

There were four (4) known posted demonstrations in and around Oakland on 2 Jun 20 as follows:

- Oakland – Plaza de la Fuente 34th Avenue and International – 1700 hours
- Oakland – 7th and Broadway – 1600 hours
- San Mateo – Looting starting at Redwood City Target – 2130 hours
- Solano – 2000 hours

Sgt. C. Wong, Sgt. M. Valladon and TNT monitored social media, open source and local news stations during the event.

Sgt. KC Jones supervised plain clothes units for this event, searched for pre-event open source intelligence and provided intelligence updates. Additionally, Sgt. Jones sent out open source information, via email, she had found on the internet as summarized below (See Appendix B for screen captures of the open source information):

- *“The Minneapolis Uprising Points the Way! Spread the Fiery Spirit of Minneapolis by Any Means Necessary”* Tuesday June 2 5pm RALLY & MARCH EAST OAKLAND

- BAMN posted @followbamn “EAST OAKLAND Rally and March, TUESDAY JUNE 2, 5PM – Gather at Plaza de la Fuente (34th Ave and International Blvd). #JusticeForGeorgeFloyd #JailChauvinandAllCopsInvolved #Oakland #Protest #JailAllKillerCops #ABadgelsNotALicenseToKill...”
- Isteelstuff posted “Occupy our streets? We’ll occupy yours. Protest at Pakland PD, 7th and Broadway Tuesday, June 2, 4pm No violence, no damage. Just lots of yelling. Don’t give them a reason to gas peaceful protestors. Know that they till might. Masks + 6’ distance.”

Significant Events Summary

On Tuesday, June 2nd, there were two planned events.

OPD became aware of the first incident via social media posts made on 2 Jun 20, before noon. The posters requested that protestors converge at the PAB at 1600 hours. The second event was posted on social media on 1 Jun 20, by the group By Any Means Necessary (BAMN). They called for protestors to meet at 34th and International Blvd at 1700 hours for a march and rally until 2300 hours.

At 1609 hours, Protestors began to converge in the 800 block of Broadway. The group grew to about 300 people. At 1720 hours, there were 75 protestors gathered at 34th and International in De La Fuente Plaza/Fruitvale Village. At 1727 hours, the march began but started to lose marchers around 1917 hours.

At 1751 hours, the protestors in the 800 block of Broadway approached the officers on the skirmish line and yelled at them. This group began to march and much of them ended up in FOP. As the 2000 hours curfew approached, about 100-150 marched southbound towards the PAB. They made their way to the 800 block of Broadway and slowly dispersed. By 2143 hours, there were only about 50 protestors left and then eventually all left the area.

At 2202 hours, unrelated to the protest, officers request emergency radio traffic only due to officers attempting to detain an identified murder suspect in a vehicle. The suspect fled the area and the vehicle but was quickly detained.

The EOC closed at 0000 hours

See Appendix A for a timeline of events for the operational period.

Observations

- Near the end of the evening, OPD units went Code 33 to apprehend a previously identified murder suspect. Given the focus on our Mobile Field Force, it would have been understandable for officers to have missed the presence of such a suspect. That was not the case. Department personnel showed professionalism via radio discipline and dedication to the residents of the community by focusing on the alternate task at hand. Even after the murder suspect fled from a vehicle on foot, officers had the resolve to locate and arrest the suspect without incident. The officers successfully pivoted and responded to an organic occurrence unrelated to the primary task.
- Early in the protest, while protesters occupied the intersection of 8th Street and Broadway, OPD established a skirmish line on the south side of the intersection. Ultimately, this drew the attention of the protesters to OPD personnel. OPD became the focus and subjects approached officers and began to scream at them at close range; many of the protestors were not wearing masks. Setting up farther south at a greater distance is an option to consider, although protestors may have still insisted on getting close to the officers.

Significant Events Summary

On Wednesday, June 3rd, there two planned large and peaceful protest that were uneventful:

1. One at Mosswood Park which mostly consisted of doctors and nurses on their lunch breaks.
2. The other was a “Walking in Unity” march around Lake Merritt with about 1,000 people. (1200 hours)

Later, starting at 1830 hours, a crowd began to gather at FOP. By 2000 hours, the crowd grew to about 3,000 people and spread to the intersection of 14th & Broadway. By 2140 hours, the crowd grew to a high of 8,000 attendees listening to speakers.

At 2230 hours, the crowd had shrunk to about 1,000 people. By midnight, there were just a few people milling about and the event was concluded.

No violence occurred but City buildings and the FOP grounds were vandalized and there were multiple reports of subjects shining green lasers at a news helicopter.

The EOC closed at 0028 hours.

Observations

- During this event, a vehicle and occupants were identified as delivering flammable materials to people during the protest. OPD and CHP did an excellent job coordinating the identification of the involved parties and vehicle. Ultimately, this coordination lead to the detention and the arrest of the appropriate parties and removal of the vehicle away from the main protest. This enforcement specifically and successfully targeted those identified trying to incite, or act in the furtherance

of, violence that posed a great risk to the public at large and law enforcement personnel.

- The instituted curfew was a main source of discontent among the protestors during this day's event. Although there were up to 8,000 people at 14th Street and Broadway, the Department did an excellent job not becoming the focus. Rather than being confrontational about the strict enforcement of an ordered curfew, the Department allowed parties to give speeches and make announcements. This did cause traffic issues and required the re-routing of bus routes but the overall positive outcome of thousands of people leaving peacefully with minor reports of vandalism far outweighed the traffic/bus issues.
- Hindsight being 20/20, we should have given more attention, by undercover officers, to identifying subjects using lasers at aircraft and personnel. Based on what we have learned since this event, many of these green lasers can cause permanent blinding eye damage. Moving forward, this dangerous threat should receive more focus if/when it arises.

- Oakland – FOP 1600 hours “End Police Brutality”
- San Leandro – 1555 Hesperian Blvd (Walmart). 1500 hours

- Healthcare Providers Kneel In, June 4th at 5:30pm at Frank H. Ogawa Plaza meet at the world famous HotBoys. The plan was to kneel for 8 minutes and 46 seconds in silence.

#NoJusticeNoPeace THE REAL POWER IN THE STREETS TRUMP MUST RESIGN OR BE REMOVED! TRUMP AND PENCE MUST GO NOW!

Significant Events Summary

On Thursday, June 4th, there were three events publicized.

1. Peaceful sit-in to “End Police Brutality” in Frank Ogawa Plaza (FOP) scheduled for 1600 hours
2. Healthcare Providers “Kneel In” at FOP scheduled at 1730 hours.
3. March and rally at FOP by By Any Means Necessary (BAMN) at 1800 hours.

The first of three events started at 1600 and grew to about 500 by 1730 hours when the march started. They marched around downtown and west Oakland until they encountered a CHP skirmish line on eastbound 14th Street at the Interstate 980 overcross. From that group, about 200 went around on 17th St while the other 300 waited in the intersection of Brush and 14th St. The overpass was then reopened and the crowd returned to FOP. The reconvened group of 500 listened to speakers in FOP.

At 1945 hours, the group hand dwindled to about 200 people. At about 2005 hours, the group ended their speeches and left.

The EOC closed at 2100 hours.

Observations

- Given that there was no intelligence identifying fringe groups with a goal of committing vandalism and our main objective was to facilitate peaceful protests/marches, we did a great job keeping a low profile. Rather than being the focus of the event, we were there to respond when needed. This became apparent when we needed to facilitate the march at 14th Street and Brush Street when the intersection was initially block by CHP. We were able to intercede when necessary (see below).
- With regards to getting caught off guard with CHP's block on 14th Street at Brush Street, we did a good job facilitating the portion of the march that decided to detour the wrong way on Brush and then eastbound on 17th Street over the freeway towards FOP. Then, once communication was established with CHP, we were able to speak with CHP, have them break down their line and fallback to their vehicles to protect their vehicles from potential vandals. We adapted and overcame a potential flashpoint during what was an otherwise peaceful event.
- In the incident mentioned above, a contingent of CHP was standing by to deploy, to freeway on-ramps/off-ramps, on the 14th Street overcrossing (over I-980). The CHP personnel appeared to be caught off guard and quickly deployed a skirmish line preventing marchers from accessing the overcrossing eastbound. This otherwise peaceful group was now at odds with the CHP. CHP's response to prevent possible damage to their vehicles was understandable but it was a lack of ability to communicate with CHP that caused this issue and prolonged our ability to remedy it. During most EOC activations, CHP has a representative present in the EOC to pass on pertinent information. That was not the case on June 4th. Had a member of the CHP been at the EOC, the personnel on the overcrossing could have been advised to move off the overcrossing before the group arrived; relieving the need to deploy a skirmish line. Additionally, even if the skirmish line had been deployed out of an exigency, had there been a CHP representative at the EOC, OPD could have

communicated our desire to have CHP fall back to their vehicles and allow the march to proceed eastbound back towards FOP. This ultimately did happen but required OPD supervisors and commanders to make face to face contact with CHP supervisors on scene. In this scenario, there was no ultimate negative outcome but the confrontation between CHP personnel in riot gear and otherwise peaceful marchers could have had an unintended negative outcome. Moving forward, OPD should request the presence of a CHP representative at every EOC activation.

Commander Feedback

To help prepare this report, a command debrief was held on 11 Jun 20 and feedback was solicited from the Operations Chiefs and Company Commanders for each day of operations. A summary of their feedback—much of which was incorporated into the Observations for each day—follows:

1. Oakland Police Department's Internal Affairs Division (IAD) personnel were used in staging and administrative functions during these operations. Pursuant to policy, IAD personnel did not otherwise participate in operations. This fosters just and unbiased IAD investigations stemming from such events.
2. OPD should consider training multiple officers or sergeants how to be the Safety Officer at the EOC and liaise with the OPD Medical Unit. This position was formerly staffed by an OPD Member and allowed the Department to have a better picture of who may have been injured and their status.
3. Pathfinders should be prepared to document when the teams they are escorting use force and/or deploy munitions. This is not to say that they need to complete a Use of Force report for the outside agency but should note, as much as possible, what they observed and document it in a supplemental report.
4. For larger groups of mutual aid, the Department should consider using an OPD Lieutenant as a pathfinder. Often, these larger groups are deployed from their home agency with at least one commander. Deploying an OPD Lieutenant with these large groups will help in a linear command with checks & balances that might otherwise not exist if an OPD officer is assigned to one of these larger groups. Simply stated, an OPD officer might not feel comfortable directing an outside agency commander.
5. In situations where mutual aid agencies have been held over from previous day's events, due to the remote nature of their home agency (put up locally in hotels), higher ranking members of the agencies should be invited and encouraged to attend the line-ups held for OPD personnel. This serves the dual purpose of allowing the outside agency leaders to be apprised of the consistent direction given their personnel and our personnel and the secondary purpose of affording outside agency command/supervision the reverence we would afford any member of our own agency.
6. Very often protests/riots fracture into dozens of small splinter groups that prolong events for hours. When this occurs, we should be prepared to redeploy some, or all, units from vans to Adam Units in patrol cars with the understanding

that they may need to regroup and re-deploy in the vans if the dynamics change. This would provide a massive increase in visibility and flexibility when it becomes clear tactics need to be adjusted.

7. Planning for report writing time is critical, as is training officers in this unique type of report writing. Writing to provide a snapshot of what any individual member went through, did and experienced is different than responding to a static location and taking a cold report from a member of the public. Emphasis needs to be placed on observations, why the observations are important and collection of evidence on the fly on BWC video.
8. Use of Force reporting for mass events should be reworked. The Department should consider having a Use of Force Report Writer for each company or platoon. This reporting shift should also extend to how we capture the event, including video teams. Training and planning with video teams needs to occur so that we can quickly seize the narrative of an event.
9. The auditorium does not work for some larger briefings. There are not enough seats for everyone, which requires members to be outside the auditorium and unable to hear pertinent details. This issue is currently compounded with COVID-19 requirements. The Department should consider the instillation of screens and speakers in the auditorium side of the PAB lobby to be used when the lobby is secured for law enforcement personnel as has been the case recently.
10. A portion of the Vans need to be staged at the Eastmont Substation. It is difficult for members to commute to the PAB in patrol cars with multiple officers and their associated equipment.
11. Electronic copies of signed final Operations Plans should be sent to all supervisors and above as soon as practical for each day of operations. Logistically and environmentally, printing out copies for each person is not viable. This would clarify the daily mission. This has been addressed in subsequent operations.
12. During these operations, we used a mixture of barricade types. We should focus more on using barricades that require mechanical deployment (due to weight or need for water as a filler) and rely less on barriers that can be moved by one or two people. More substantial barriers would provide extra cover and provide clear direction to those marching.
13. Operations commanders should feel more comfortable using under used companies to bifurcate and bolster other companies that may be struggling for resources. There were instances where the company assigned to the PAB had little to no activity and could have provided, even if only temporarily, assistance elsewhere.

14. There were instances where OFD responded to put out fires but were overwhelmed with CS. Absent wearing their self-contained breathing apparatus (SCBA), the City should consider issuing gas masks to OFD personnel. If OFD personnel have already been issued gas masks, they should be required to have them available during crowd control operations.
15. With the increased presence of Molotov Cocktails and similar devices, QRFs should be supplied with larger (10-20 lbs) fire extinguishers and fire blankets. Relying on or waiting for OFD to come into a volatile area could be catastrophic for law enforcement personnel and/or members of the public. This is not to say that OFD isn't willing to respond, it is just a matter of fact that logistically and realistically, a rapid OFD response is not always feasible.
16. When at all possible, line-ups should be scheduled to allow two hours to get on post. As some people show up early for scheduled protests, more time on the front end would alleviate a rush to deploy.
17. Given the fact the PAB is increasingly becoming the focus of protests, the department should consider relocating the staging area to a secure area farther away from 7th Street and Broadway but close enough to have a rapid response.
18. Several officers were injured on the skirmish lines at 7th and Broadway by various objects thrown from the crowd. Having tactical emergency medical support (TEMS) with our teams was a considerable benefit. We were able to have TEMS respond and quickly provide treatment.
19. We should consider having portable mobile lights on trailers readily available. These would mostly be used around the PAB but could also be towed to other locations. Illuminating riotous behavior would assist officers in identifying potential attacks, aid in clearer BWC video and would be beneficial for follow-up investigations.
20. Increase crowd control training to include basic formations. The Department should also explore the idea of additional training with padded gear and plexiglass shields. Consider drafting teams of volunteers to train with the padded gear and shields. These groups could be deployed as arrest teams or as QRFs. These groups could also train with fire extinguishers and fire blankets previously recommended.
21. The Oakland Police Department has multiple captains but seem to only have a small recurring number of captains managing major events. This leads to mental fatigue, a lack of institutional equity and contrary to the tenants of internal Procedural Justice. The Department should use a schedule for captains to cover each week like a call-out rotation. This will bolster knowledge, skills and abilities to better serve the community.

22. We should explore the idea of the PAB and immediate areas around the PAB being outfitted with high definition cameras to capture the nature of the crowd present. Often, the crowd and the crowd's activity can be missed at ground level with BWC video and mobile video teams.
23. The City should consider requiring a minimum of one member of the Police Commission and one member of the City Council to be present on the ground with the Operations Chief in order to record and observe the situation in real time and nature. This is consistent with what the National Lawyers Guild does with identified protest groups. Members of the commission and council make policy and review decisions made by the Department. This firsthand perspective will allow for more efficacy in policy consideration and implementation.

Conclusion

During the varying days of civil unrest, the Oakland Police Department adjusted responses from day to day as was necessary.

On Friday, 29 May 20, personnel were severely outnumbered. The crowds were violent and used an overwhelming surge to cause damage to the City of Oakland and to commit acts of violence against law enforcement. Moving forward, we began to adapt in our response and planning.

On Saturday, 30 May 20, the Department set out to be more mobile to facilitate the mostly peaceful marches. This was generally successful in the downtown area but we, and our mutual aid partners, began to get stretched thin when it came time to deal with the central marches while simultaneously tending to looting and shootings near Emeryville; away from the central marches.

On Sunday, 31 May 20, the Department and mutual aid partners again set out to facilitate marches and peaceful protests in accordance with Constitutional rights to do so. Unfortunately, city wide looting began to occur at a level unseen before; causing all personnel resources to be stretched city wide. To compound matters, OPD personnel dealt with two shooting incidents within an hour.

On Monday, 1 Jun 20, the Department's posture was to facilitate multiple peaceful examples of civil solidarity. This was to be the first day of the regional 2000 hours curfew. The largest event was a march starting at Oakland Technical High School. It is estimated that around 15,000 people were involved in the march ending at FOP. After the march, the large group started to dissipate in varying directions. At this point, the plan to facilitate a peaceful assembly was successful. However, as the scheduled curfew approached, the mood and posture of the remaining crowd changed. OPD and mutual aid partners, set up skirmish lines but protestors engaged with the skirmish lines. Law enforcement personnel began to report that protestors were throwing rocks and bottles. Munitions were deployed. Shortly after the curfew went into effect, curfew announcements were made. At around 2020 hours, multiple subjects were detained for curfew violations in the 1400 block of Broadway. Over the next couple of hours, there were reports of vandalism and looting all over the city. This went on until around midnight.

On Tuesday, 2 Jun 20, the Department showed great restraint and elected to wait out the people protesting the curfew and to focus on addressing acts of criminal behavior and violence. There were two separate marches that were relatively peaceful. Right around 2000 hours, as

the curfew was set to take effect, around 150 people settled in around 8th Street and Broadway. Absent any acts of violence, our posture was controlled and set back to a position of observation. Over the course of the next couple hours, the crowd dissipated without incident.

On Wednesday, 3 Jun 20, the focus of the protestors appeared to be the curfew. The Department's stance was consistent with that of the day before; despite the curfew, we would wait out a peaceful crowd from an observable distance to not be the group's focus. At around 2000 hours, the beginning of the curfew, there were around 3000 subjects in the intersection of 14th and Broadway. In just over an hour and a half, the crowd size grew to around 8,000 people. By 2230 hours, the group had dropped in size to about 1,000-1,200 people. By 2345 hours, the group was down to about 50 people and vehicles began to drive on Broadway. Just after midnight, there were just a few people in the area. The night's events concluded without incident.

On Thursday, 4 Jun 20, the Department's approach was to facilitate lawful protests and a march. The Department facilitated events from around 1600 hours to just after 2000 hours without incident.

The Oakland Police Department evolved daily in its approach to curb violence and crime associated with protests and we recognize the continual nature of adaptability in moving forward. Pursuant to Training Bulletin TB III-G, this *After-Action Report* is meant to help the Department continually enhance its operations by allowing the Department to identify immediately apparent observations and training points.

Once the further in-depth investigations and reviews by internal and external bodies conclude, we anticipate that there will be additional opportunities to lift up successes, gain a deeper understanding of constantly evolving crowd dynamics and enhance our tactical approaches—all towards the goal of continually growing as an organization.

31 May 20:

There were two significant protest events planned for Sunday, May 31st.

The first event started the Children's Fairyland amphitheater at noon (Group 1) and was peaceful.

The second was a large caravan sponsored by Anti-Police Terror Project (AFTP) in the parking lot at Middle Harbor Shoreline Park at 7th St and Middle Harbor Road at the Port of Oakland at between 1400-1600 hours (Group 2). Given the size of the caravan and proximity to on ramps at the Port, there was great concern the caravan would try and takeover the Bay Bridge. However, before the caravan began, OPD received credible intelligence the caravan would remain on city streets. As the caravan slowly moved through West Oakland and then the downtown area, protestors began to congregate in the City Hall amphitheater. At the peak, there were about 800 protestors (Group 3) in FOP. Due to size of the caravan and Group 3, mutual aid was requested at 1513 hours.

After the arrest of an armed suspect at 14th and Broadway, a group of about 150-200 protested at 8th and Clay St for several hours (Group 4). Group 4 later dispersed without incident.

Of significant concern that evening was a continuation of "pop-up" social media posts promoting looting all through the Bay Area. Potential targets included Bay Fair Mall in San Leandro and Target at Alameda Landing. After the conclusion of the planned events, the evening was marked by rampant and widespread looting of business throughout the city. Officers made numerous arrests.

There were also two significant incidents involving the arrests of three suspects who possibly shot at officers at the PAB and the arrest of three suspects who fled into the Acorn housing area after the burglary of a marijuana dispensary at 417 4th St.

There were three events publicized for this date.

1. Peaceful sit-in to “End Police Brutality” in Frank Ogawa Plaza (FOP) scheduled for 1600 hours
2. Healthcare Providers “Kneel In” at FOP scheduled at 1730 hours.

About 200 went around on 17th St while the other 300 waited in the intersection of Brush and 14th St. After a few minutes of communication with CHP, the overpass was reopened, and the crowd returned to FOP. The reconvened group of 500 listened to speaker in FOP and slowly dwindled to about 200 at about 1945 hours. At about 2005 hours, the group ended their speeches and dissipated. TODAY Friday May 29: 1PM Car Caravan Protest

starts in East Oakland on 98th Avenue (front of Elmhurst Middle School 1800 - 98th Ave., three blocks north of International Blvd.), Caravan to Downtown Oakland

The people of Minneapolis have taken the right actions to fight for justice for George Floyd. As fires continue to burn, the words of Martin Luther King come to mind: "Riots are the language of the unheard." The people of Minneapolis are being loud and clear: the racist police murder of George Floyd by Derek Chauvin and other police officers involved cannot be treated as business as usual. Yet, in order to win real justice and prevent future racist police murders of Black and Latina/o youth, the method of struggle in Minneapolis must spread to the rest of the nation to prevent the long tried-and-true sham process of justice that has followed after every racist murder by police. In the next couple of weeks, we will see this sham play out and we must reject the efforts of politicians and sellout misleaders alike to shut down the struggle with hypocritical expressions of sympathy and phony militant rhetoric. The new civil rights movement whose spirit is surging in Minneapolis must reject all leaders who are really no more than two-legged fire extinguishers and who oppose any method of struggle that could win. Justice will only be served if we keep the fiery spirit of Minneapolis alive all over the nation until Derek Chauvin and the other collaborators are in jail!

George Floyd

For a movement fighting to win the struggle for justice, there can be no fear of the wisdom of those who choose to take matters into their own hands: the criminal justice system has stubbornly denied justice in virtually every instance in which black and

In your backpack, you should have snacks, water, a charger, and CASH. No debit, no credit. Hop turnstiles, don't pay there's a camera right there. The washcloth is to drench in milk or white vinegar for tearg's.

La gente de Minneapolis ha tomado las acciones correctas para luchar por justicia para George Floyd. Mientras los incendios continúan ardiendo, las palabras de Martin Luther King Jr. vienen a la mente "Revueeltas son el lenguaje de los no escuchados." La gente de Minneapolis está siendo ruidosos y claros: el asesinato racista de George Floyd por parte de Derek Chauvin y los otros policías involucrados no pueden ser tratados como negocios de siempre.

A pesar de todo, para ganar justicia real y prevenir asesinatos policíacos racistas de jóvenes Afroamericanos y Latino/as en el futuro, el método de lucha de Minneapolis se tiene que propagar al resto de la nación para prevenir el ya conocido engañoso proceso de justicia que a seguido después de cada asesinato racista policial. En las próximas semanas veremos este engaño desenvolverse y debemos rechazar los esfuerzos de políticos y falsos líderes vendidos para parar la lucha con expresiones hipócritas de simpatía y falsa retórica militante. El nuevo movimiento de derechos civiles, del cual el espíritu en Minneapolis esta surgiendo, debemos rechazar todos los líderes que no son mas que extinguidores de incendios en dos piernas y quienes se oponen a cualquier método de lucha que puede ganar. La Justicia solamente será servida si mantenemos vivo el espíritu ardiente de Minneapolis por toda la nación hasta que Derek Chauvin y otros colaboradores estén en la cárcel.

Para un movimiento luchando para ganar la lucha por la justicia, no puede haber temor de la sabiduría de los que deciden tomar asuntos en sus propias manos: el Sistema de justicia penal terciamente a negado justicia en virtualmente cada instancia en las cuales jóvenes Afroamericanos y Latino/as han sido asesinados por la policía. Sin importar los hechos de la situación, sin importar que el liderazgo sea republicano o democrático, y sin importar la magnitud publica del escándalo, todas las autoridades han aplicado estrictamente una política universal a todos los asesinatos racistas por la policía: los policías se salen con las suyas con el asesinato, las celebridades de derechos civiles mantienen la paz, talvez un poco de dinero es tirado hacia la familia de la victima, y la juventud Afro-Americana y morena siguen en peligro. No, no debe de haber temor de la sabiduría de la gente que deciden tomar asuntos en sus propias manos.

En la era de Trump- un fanático que personifica los elementos racistas mas asquerosos de América, cual campana presidencial fue avalada por las uniones nacionales de la policía y la migra (ICE)- este no es tiempo de esperar justicia de parte de los sistemas políticos y legales a cualquier nivel gubernamental. Bajo la presidencia de Trump, su encubrimiento de blancos supremacistas y pólizas antinmigrantes

George
Floyd

agresivas le han dado luz verde a la policía, oficiales de ICE y ataques racistas de blancos supremacistas en contra de minorías en los Estados Unidos. George Floyd llega en el contexto de una serie de asesinatos y ataques racistas antinmigrantes por parte de policías y blancos supremacistas. Desde el asesinato de Ahmaud Arbery por parte de dos blancos supremacistas mientras trotaba en Atlanta, a Breonna Taylor quien fue asesinada en su casa por oficiales de policía en su casa de Louisville quienes llevaban a cabo una orden de cateo en la casa incorrecta, o Steven Taylor asesinado dentro de un Walmart en San Leandro.

Estos y muchos otros asesinatos racistas vienen detrás de una póliza mortal de la administración de Trump y cada gobierno local y estatal en respuesta a la pandemia de COVID-19 que abrumadoramente esta matando a comunidades Afroamericanas, Latinas y Nativo Americanas a quienes se les a negado acceso a pruebas y tratamiento medico. El re-abrimiento prematuro de la economía también indudablemente incrementaran los números de infecciones y muertes de comunidades minorías y debe ser rechazada fuertemente. Es claro que Trump se debe ir por cualquier medio necesario y que estos asesinatos policíacos racistas tienen que parar y solamente pueden ser parados por una lucha militantemente masiva, independiente y continua.

Ciertos políticos y medios de comunicación fingiendo simpatía con los protestantes en Minneapolis, están clamando que las acciones militantes de la gente de Minneapolis son las acciones de unos pocos agitadores externos y extremistas. Nada puede ser mas lejos de la realidad. La insurrección de la gente de Minneapolis es una expresión lógica de anos continuos de indignación y la ira reprimida en contra del hostigamiento y abuso racista por el departamento policial de Minneapolis, las cortes y todo el establecimiento político.

El 26 de mayo, después de una presunta llamada policial de "falsificación en proceso," oficiales de policía de Minneapolis arrestaron a George Floyd en plena luz del día enfrente de múltiples testigos. Atreves de todo el incidente captado en video, es mas que claro que George Floyd nunca resistió el arresto y siguió las instrucciones de la policía. Refuerzos policíacos innecesarios

fueron llamados, no para mantener una persona o grupo "violento" bajo control, pero en realidad para hacer el espectáculo usual que departamentos de policía atreves del país están acostumbrados a hacer para aterrorizar comunidades mayoría-minorías. El espectáculo enfermo que siguió por parte del oficial de policía racista Derek Chauvin, un oficial con una historia de incidentes racistas es difícil de ver, pero sobresalta la completamente correcta y necesaria respuesta de la gente de Minneapolis.

Por mas de diez minutos, Derek Chauvin y otros oficiales de policía fijaron sus cuerpos sobre George Floyd, mientras Chauvin fijo su rodilla y cuerpo entero sobre el cuello de George Floyd. Chauvin visiblemente tomo placer en los gritos de "no puedo respirar" y "el me esta matando" de George Floyd, mientras que la gente en la acera les suplicaba a los oficiales que se quitaran de encima de el y que le revisara el pulso. A cierto punto, Floyd dejo de moverse y de hablar, aun así, Chauvin mantuvo sobre el por casi cinco minutos hasta que un rescatista llegó a recoger el cuerpo inmóvil. Video del arresto y subsecuentemente asesinato se ha vuelto viral internacionalmente.

Las acciones de Derek Chauvin y otros oficiales de policía no pueden ser descritas como nada mas que una ejecución publica racista para aterrorizar a una comunidad. Pero Minneapolis ha demostrado que nos Podemos alzar por nosotros mismos y nuestras comunidades en contra de inigualada y ataques racistas cuando tomamos asuntos en nuestras propias manos. Para esos que critican las acciones de la gente de Minneapolis, tenemos que hacer claro que las vidas son mas importantes que la propiedad privada. En tan solo unos cuantos días, las acciones de la comunidad Afroamericana de la gente de Minneapolis y sus simpatizantes atreves del país han hecho mas para proteger las vidas de comunidades Afroamericanas, Latinas y otras minorías atreves del país que cualquier "protesta pacífica" o dialogo, corte o políticos en el país. El peligro ahora para nuestro movimiento es si mantenemos nuestra independencia y consistencia o si caemos en los mismos errores del pasado y cedemos poder a abogados, falsos líderes de derechos civiles o políticos. En este momento, las acciones hablan mas fuerte que las palabras.

*Justicia para George Floyd.
Justicia para Ahmaud Arbery.
Justicia para Breonna Taylor.
Justicia para Sha'Teina Grady El.
Justicia para Steven Taylor.
Justicia para todas las victimas de
brutalidad policial.*
