

No: DEC 3.2.1

Approved: March 26, 2009

Revised: March 21, 2011

Subject: ADA Sidewalk Repair Program

Supersedes: N/A

Purpose

The City of Oakland expedites repairs of sidewalks damaged by City street trees upon request by qualified individuals with disabilities where such repairs are necessary to provide access to residences or to provide access to public transportation, medical facilities, schools, workplaces, and other essential facilities for individual applicants. The application form is included as Attachment A.

Standard

The ADA Sidewalk Repair Program expedites necessary repairs of sidewalks damaged by City street trees upon request by qualified individuals with disabilities. The program is not intended to address community concerns other than access for people with disabilities and does not make repairs that are the responsibility of private property owners. Effective January 30, 2009, the following guidelines will be used to address ADA sidewalk repair program:

1. The applicant must certify that he or she is a qualified person with a disability as defined by the Americans with Disabilities Act of 1990 (ADA) and that his or her request is based upon personal need.
2. Each applicant may request that repairs be conducted at up to three locations (parcels) where sidewalk damage is caused by City street trees. Requests for more than three locations will be considered on a case-by-case basis.
3. Sidewalk repairs will be conducted only if the City finds that existing sidewalks are ADA non-compliant and in need of repair.
4. Applicants requesting sidewalk repair shall receive a response from the City within 10 working days from their request date. The response will indicate whether the request is approved, denied, or if additional information is required. It typically takes 90 to 180 days from the approval date for sidewalk repairs to be completed but repairs may be delayed by utility conflicts, contract disputes, weather, etc. Applicants will be notified of any delay.
5. On-call ADA sidewalk repair request process:
 - a. Applicant completes the attached application form. **Applicants may contact the department for assistance (see below).** Applicants must certify their eligibility under the program by signing the application form.

- b. Applicant submits the completed application form (see below).
- c. City staff investigates the application.
- d. City staff will respond to the applicant within 10 working days after receipt of the application indicating whether the request is approved, denied, or if additional information is required.
- e. Approved locations are added to the list for next on-call sidewalk repair construction contract.

6. Where to submit applications:

Interested applicants may submit applications by U.S. mail or e-mail to:

Marcel Uzegbu, Supervising Civil Engineer

Engineering Design and Right of Way Management

250 Frank H. Ogawa Plaza, Suite 4314

Oakland, CA 94612

PH: (510) 238-6257

E-mail: muzegbu@oaklandnet.com

7. Applicants wishing to register a complaint about the On-Call ADA Sidewalk Repair Program should file an ADA Sidewalk Repair Grievance form. The grievance procedure and forms may be obtained by contacting the following:
