CODE BULLETIN M-17-001

Clothes Dryer Booster Ventilators

Reference CMC 214

Date 11/7/17

Revised

The installation of Listed Clothes Dryer Ventilators may only be permitted when the equipment does not alter/void the listing/warranties for the appliances being served.

A *The following bullet point defines the key requirements*

1 CMC 214 **Listed (Third Party Certified).**

Equipment or materials included in a list published by a listing agency (accredited conformity assessment body) that maintains periodic inspection on current production of listed equipment or materials and whose listing states either that the equipment or material complies with approved standards or has been tested and found suitable for use in a specified manner. (HCD1 & HCD2) "Listed" means all products that appear in a list published by an approved testing or listing agency. For additional information, see Health and Safety Code Section 17920(h).

B *Enforcement of regulation shall be as follows:*

- 1 The contactor/engineer shall provide a *listing* for the equipment working in conjunction. The listing shall be specific to the manufacturer appliance and booster models. Or.
- 2 The contactor/ Engineer shall provide documentation from the Appliance manufacturer endorsing/approving the use of Dryer Exhaust Duct Power Ventilators to be used on their equipment.
