1. INTRODUCTION

This Annual Continuing Disclosure Report (the “Report”), formerly referred to as the “Annual Financial Information Statement, represents the consolidated Continuing Disclosure Filing for the City of Oakland, California (the “City”), the Oakland Redevelopment Successor Agency (successor agency to the former Redevelopment Agency of the City of Oakland (the “ORSA”)), the Oakland Joint Powers Financing Authority (the “Authority”) and includes the City’s disclosure obligations in connection with bonds issued by the Oakland-Alameda County Coliseum Authority (the “OACCA”).

This Report is being filed with the Municipal Securities Rulemaking Board’s Electronic Municipal Market Access (“EMMA”) system pursuant to the provisions of the Disclosure Undertakings.

The following additional documents, which also contain certain information relating to the Disclosure Undertakings, are filed separately with EMMA and are hereby incorporated by reference into this Report.

(See also Section 6 hereof).

The City is a member of the OACCA, a joint exercise of powers agency organized under the laws of the State of California. The OACCA was formed for the purpose of assisting in the financing of public capital projects, such as the Oakland-Alameda County Coliseum complex. The OACCA issued certain bonds for which the City agreed to provide the holders of such bonds certain annual financial information, which information is included in this Report.

The City, ORSA and the Authority on occasion have served as the conduit issuer for financings for which neither the City, ORSA nor the Authority is obligated with respect to the payment of debt or the provision of continuing disclosure. For continuing disclosure information regarding these conduit bonds, the appropriate conduit borrower would need to be contacted. Currently, neither the City, nor ORSA, nor the Authority have any outstanding conduit debt. Additionally, the Port of Oakland (the “Port”), a department of the City, is a separate reporting entity. No information relating to the Port or its financings has been provided in this document. Such information may be requested directly from the Port by contacting (510) 627-1100. No information obtained from the Port is incorporated herein by this reference.

Some of the information contained in this Report was obtained from sources outside the City. While the City, ORSA and the Authority believe such sources to be reliable, the accuracy and reliability of such information is not guaranteed by the City, ORSA, or the Authority. The information presented is as of the date so indicated, and if no date is indicated, as of the date of this Report, and is subject to change. Except

as may be expressly required by a Disclosure Undertaking, none of the City, ORSA or the Authority has any obligation to update any information contained in this Report. No representation is made as to the materiality of the information set forth herein. Further, no representation is made that this Report is indicative of the future financial or operating performance of the City, ORSA, or the Authority.

Additionally, the City, ORSA, or the Authority may from time to time voluntarily include information in this Report that is not required by any Disclosure Undertakings. The City, ORSA and the Authority reserve the right to amend or cease to provide such information at any time. The inclusion of any such information in this Report shall not create any obligation to update such information or to include it in any future report.

In all tables throughout this Report, numbers may not add up due to rounding.

5. CERTAIN INFORMATION REGARDING THE OAKLAND REDEVELOPMENT SUCCESSOR AGENCY

Assembly Bill x1 26

On December 29, 2011, the California Supreme Court issued its decision in the case of California Redevelopment Association v. Matosantos which upheld Assembly Bill x1 26 (the “Dissolution Act”) (“ABx1 26”) and invalidated Assembly Bill x1 27 (legislation that would have permitted redevelopment agencies to continue operation if their sponsoring jurisdiction agreed to make certain payments). As a result, all California redevelopment agencies, including the Redevelopment Agency of the City of Oakland (the “former Redevelopment Agency”), were dissolved on February 1, 2012, with no mechanism for reinstatement. Successor agencies were designated as successor entities to the former redevelopment agencies to wind down the affairs of the former redevelopment agencies.

On January 10, 2012, the City Council designated the City of Oakland to serve as the successor agency and the housing successor to the former Redevelopment Agency. Subsequently, on July 17, 2012, the City established the Oakland Redevelopment Successor Agency (“ORSA”) to act as successor agency. Except for the housing assets retained by the City, the assets and liabilities of the ORSA are separate from the assets and liabilities of the City.

Outstanding Oakland Redevelopment Successor Agency Debt

The former Redevelopment Agency issued several series of tax allocation and housing set aside revenue bonds. In addition, the ORSA has issued bonds refunding certain of the bonds issued by the former Redevelopment Agency. The following tables list the outstanding tax allocation debt and other bonds issued by the former Redevelopment Agency and the ORSA.

On April 3, 2012, the Oakland City Council passed ordinances extending the time limits of the Plan and the receipt of tax increment revenue from the Central District by an additional eleven years, thereby extending the Plan to June 12, 2023 and the receipt of tax increment revenues to June 12, 2033 and increasing the maximum tax increment collections to \$3.0 billion. Additional information is provided in the Plan Limit Certificate, a copy of which is attached hereto as Appendix A.

- (1) The City's Project Areas included here are Broadway/MacArthur, Central City East, Central District, Coliseum Area, Oak Knoll, Oakland Army Base and West Oakland. The Project Areas not included are Acorn, Oak Center and Stanford/Adeline as they have exceeded their tax increment limits and no longer generate tax increment revenue.
- (2) Total Taxable Value reflects the aggregate taxable value for the Project Areas and includes taxable secured, secured utility and unsecured values net of real estate exemptions but without deduction of homeowners' exemptions.
- (3) Pursuant to the adoption of SB 107, beginning in Fiscal Year 2015-16 revenues generated by the City of Oakland's pension fund tax rate were payable to the City if these funds were not necessary for payment of debt service on bonded debt. Once it was determined that the funds were not needed for debt service, the funds were released to the City. These funds are reflected in the projections of revenue due to their availability for payment of debt service. Beginning in Fiscal Year 2019-20, the County determined that the revenues from the City's pension tax would no longer be deposited into the RPTTF. As a result, beginning in this year, these revenues are no longer reflected in the Gross Tax Increment Revenue.
- (4) Includes non-subordinate statutory tax sharing amounts payable from the Central District Project Area, the Oakland Army Base Project Area, the Oak Knoll Project Area and the West Oakland Project Area. These payments were not subordinated to the payment of debt service on bonds secured by the tax revenues from these project areas. Also includes subordinate statutory tax sharing amounts payable from the Broadway/MacArthur Project Area, the Coliseum Project Area and the Central City East Project Area. These tax sharing payments have been subordinated to the payment of debt service on all bonds secured by the tax revenues from these project areas. Subordination of all of these tax sharing payments has been

granted in connection with the issuance of the Series 2015-TE, Series 2015-T, Series 2018-TE and Series 2018-T Bonds. All tax sharing payments are subordinate to the payment of debt service on bonds issued by the former Redevelopment Agency and secured by housing set-aside revenues.

- (5) Development and disposition agreements (DDAs) and a ground lease (i.e., the 17th Street Garage DDA and the Uptown Ground Lease) were entered into by the former Redevelopment Agency with property owners in the Central District Project Area. The payment obligation under the 17th St. Garage DDA was satisfied in Fiscal Year 2015-16, so no further payments will be made pursuant to that agreement. The payment to Uptown Housing Partners, pursuant to the terms of a Lease Disposition and Development Agreement were satisfied in Fiscal Year 2019-20.
- (6) The amounts shown here do not reflect a subordination of the Statutory Pass-Throughs.
- (7) Amounts shown do not reflect debt service for the Oakland Redevelopment Successor Agency Subordinated Tax Allocation Refunding Bonds, Series 2015-TE, Series 2015-T, Series 2018-TE and Series 2018-T.
- (8) Actual Fiscal Year 2021-22 data for Gross Tax Increment Revenue, Unitary Tax Revenue, SB 2557 County Administrative Fee, Statutory Tax Sharing and Central District DDA Payment Amounts are not available at the time of filing of this Report. Amounts shown are estimated from valuations provided by the County Assessor and from estimates provided by the County Auditor-Controller.

APPENDIX B: DISCLOSURE REGARDING IMPACT OF COVID-19

On February 11, 2020 the World Health Organization (“WHO”) announced the official name for the outbreak of COVID-19, a respiratory illness caused by infection by a transmissible, novel coronavirus. COVID-19 has since spread across the globe. The spread of COVID-19 is a significant development with materially adverse health and financial impacts throughout the world, including the City. The WHO declared the COVID-19 outbreak to be a pandemic, and states of emergency have been declared by the Governor of the State and the President of the United States. The City’s City Administrator also declared a state of emergency, which was ratified by City Council. To mitigate the spread of the pandemic, several counties in the Bay Area, including the County of Alameda, also imposed emergency orders requiring residents to shelter in place. To date, the City has experienced significant and material economic and tax revenue losses associated with the COVID-19 pandemic.

While the arrival of effective vaccines has offered encouragement, certain emergency orders have been modified or lifted, and the City and State have implemented various economic re-openings, the COVID-19 pandemic is ongoing. Given the emergence of the new virus variants, the uncertainty regarding their duration and severity, the total magnitude of the pandemic’s impact on the City’s economy and the City’s finances and operations cannot be fully known. Uncertain too are the actions that may be taken by federal and State governmental authorities to contain or mitigate the effects of COVID-19.

Notwithstanding the foregoing, the City’s assessed valuation and property-related revenues have continued to grow at a steady rate. However, there can be no assurances that such growth will continue in the future. See the 2021 ACFR, including the Introductory Section, for a discussion of COVID-19 impacts on the City during Fiscal Year 2020-21 and some of the City’s activities in response to the pandemic.

The information in this Continuing Disclosure Annual Report does not constitute, or imply, any representation (i) that all of the foregoing is material to investors, (ii) regarding any other financial, operating or other information about the City, ORSA, the Authority or any of its bonds or other obligations, (iii) that no other circumstances or events have occurred or that no other information exists concerning the City, ORSA, or the Authority or any of their respective bonds, which may have a bearing on the financial condition of the City, ORSA or the Authority, the security for any of their bonds or other securities, or an investor’s decision to buy, sell or hold any such securities.
