Navigation Tips & FAQs

FY 2025-27 PROPOSED POLICY BUDGET

NAVIGATION TIPS

All Graphs and tables in the Proposed Budget can be found in our [Transparency Portal](#). OpenGov allows you to explore budget and historical finances in a simple graphical user interface.

1. You'll notice the title of the chart or graph you are viewing in the top left corner.
2. You can use the **Show** drop-down to see the data that is of most interest to you or explore the prepopulated filters under **Views**.
3. Use the **Broken Down By** drop-down to specify the category you would like the data organized by in your chart or graph.
4. Select the **Filtered By** option to view the data filters. These filters will allow you select exactly which data you want to include, or exclude, from your graph or chart.
 - Use the **Search** function within each filter to find exactly what you are looking for.
5. There are five different types of visual representations of the data you may select:
 - A stacked percentage graph to see percentage changes over time
 - A stacked line graph to visualize overall trends over time.
 - A line graph overlaying each trend over time
 - A pie chart to view percentage breakdowns by year.
 - A bar chart comparing trends and percentage breakdowns over time.
6. Below any chart or graph, you can view a Table detailing the financial information in the visualization above.
7. Use the **Help** drop-down in the top right corner to:
 - View a short How-To Guide with tips on navigating the platform.
 - Recall the Welcome Screen.
 - View a short Budget 101 primer with basic information on multi-fund accounting.
 - Contact the administrators of the account.
8. Use the **Share** drop-down in the top right corner to:
 - Share your customized graph or chart through social media.
 - Send a link to your customized graph or chart through email.
 - Download an image of the graph or table as a .png file.
 - Download a spreadsheet as a .csv file.

FREQUENTLY ASKED QUESTIONS

Q: What is OpenGov?

A: OpenGov is a financial transparency website which displays government finances over a multi-year period. The default view displays usually displays expenses broken down by department.

Q: How do I select the data I want to see?

A. To focus on specific data — like a fund, department, expense type, or any combination — use the menu on the left side panel. The “Broken Down By” drop-down allows you to specify which breakdown you want the graphs and table rows to represent on the graph. You can analyze the expense and revenues data by fund, department, or type.

Q: Can I select more than fund or departments?

A. Yes. Use the Data Filter on the left side panel to make specific selections within the data. The Data Filter shows you the hierarchical relationships of Funds, Departments, and Account Types. You'll notice the title of the graph you are viewing on top along with the account type selector. You can use the filter to see the data of most interest to you.

Q: How do I see the actual numbers within the graph?

A. Hover over any area of the graph to see the actual or budgeted amounts for that period. Or, just scroll down to see a table with detailed information below the graph.

Q: Can I see the data in a different graph?

A. In the upper right hand corner, you will see options for the different graphs and tables. There are five graph types: an area graph, an area graph by percentage, a line graph, a pie graph, and a bar chart. Additionally, there is always a table view below any graph. The table allows you to zoom-in on the detailed financial data selected in the chart or graph above.

Q: Can I save the data I am looking at?

A. Yes, there are Share and Download buttons in the upper right corner. You can share any view on a social network or by email. There are also options to download the displayed data in .csv spreadsheet and .png image formats. Additionally, you can copy and paste the url at the top of the page you are viewing.

Mayor's Message

FY 2025-27 PROPOSED POLICY BUDGET

City of Oakland Fiscal Year 2025-2027 Mayor's Proposed Budget: A Back-to-Basics Budget focused on Public Safety and Fiscal Stability

Honorable City Council and Oakland Community Members,

Like many cities across California and beyond, Oakland is facing rising costs on all fronts. This moment calls for unity, urgency, and action—and I've said from the start: it's *all hands on deck*. I'm proud to say Oakland is answering that call.

In March, our residents stepped up in a big way by passing Measure A. That change to our sales tax will bring in an estimated \$20 million in the first year of this budget and \$30 million in the second. That's real support for real services.

Inside City Hall, our departments have taken a hard look at every dollar. They've done the difficult, responsible work of identifying spending reductions—protecting essential services while finding smarter, more sustainable ways to deliver them.

Our Mayor-elect is already rolling up her sleeves, building partnerships and expanding our reach so we can bring even more support to Oaklanders. And every day, our City workers—our frontline heroes—are stretching limited resources to meet the needs of our community. They do it with heart, with hustle, and with an unshakable commitment to service.

This budget is the product of a team effort. I've been fortunate to work alongside the City Administrator's Office, our Finance Department, and a group of dedicated experts—inside and outside of government—who've brought clarity, integrity, and determination to this process. Together, we've asked the tough questions and delivered a responsible, forward-looking proposal grounded in Oakland's values. Those values include:

- **Centering service outcomes** – We have a shared, collective responsibility to deliver the best possible service outcomes for the Oakland community; we must make reductions, but centering these outcomes helps us visualize what we are working toward.
- **Public safety as priority #1** – All leaders involved in this process have agreed that public safety is the organization's top responsibility to our community.
- **Being realistic and straightforward about the structural deficit** – This budget must break the years long cycle of financial instability by taking our structural deficits head-on; we did not get here overnight, and we cannot solve the whole problem in one budget, but we are laying down clear markers for the future while taking strong action today.
- **Acknowledging shortcomings** – I told my team at the start of this process that we will acknowledge where external forces and the City's own past practices have not delivered for us or for our stakeholders. We will not sugar coat or minimize the experiences of communities who are living through hardships or past failures. It's okay to say what has not worked because that's an essential step to leading us toward a successful future.
- **Accountability and measurements for success** – We need to foster credibility and trust by naming specific accountability mechanisms, including performance metrics and other measurable, provable goals.
- **Strategic direction** – We need to address our resource and budget constraints through streamlining operations, fostering cross-departmental collaboration, enhancing communication and coordination, optimizing workforce management, and aligning the budget with Citywide priorities.

To address our current shortfall and Oakland's longstanding structural budget deficit, we are proposing strategic spending reductions to maintain current staff and minimize service disruptions. What follows here is a summary of our major proposals to reach these goals. I thank you for your participation to date and for your engagement into the next steps of this process, as we deliver this budget to the City Council to discuss, amend, and adopt.

Sincerely,

Interim Mayor Kevin Jenkins

May, 2025

Budget Overview

As shown in Table 1 below, the FY 2025-26 proposed budget totals \$2.16 billion across all funds, including restricted and capital funds. The FY 2026-27 budget grows to a total of \$2.20 billion. The planned General Purpose Fund (GPF) Expenditure of \$787.7 million in FY 2025-26 are \$19.4 million less than the planned GPF expenditures at the beginning of FY 2024-25, \$26.2 million less than the actual expenditure in FY 2023-24. These reduced expenditures are reduced despite substantial growth in costs due to inflation, insurance, medical and pension costs, and negotiated salary increases.

Table 1

Proposed Budget	FY 2025-26	FY 2026-27
General Purpose Fund	\$787,746,291	\$856,018,861
Restricted Funds	\$1,374,014,422	\$1,339,619,682
All Funds	\$2,161,760,713	\$2,195,638,543

Prioritizing Public Safety

The Public Safety functions of the City constitute the majority of the GPF. The public safety departments of the City, Police, Fire, and Violence Prevention are largely funded through the GPF with some additional grant and special ballot measure support. This is typical of municipal governments in California. The budget includes the following key public safety elements:

- **Police and Fire Academies:** In order to employ sworn public safety officers the City must hold sworn academies. The budget includes one sworn fire academy in each fiscal year. The budget includes three sworn police academies in each fiscal year. The police academies are a component of a multi-year strategy to achieve the sworn officer count required under Measure NN.
- **Police Staffing:** This budget funds a total of 678 sworn police in both fiscal years. This is larger than the average number of officers that the City expects to have working over the course of those two fiscal years. FY 2025-26 is the first year of a multi-year plan to hire and fund the minimum number of officers under Measure NN, which is 700.
- **Police Overtime:** The budget provides for overtime in the amounts of \$33.6 million in year one and \$38.2 million in year two. Overtime will be used for backfilling 911 response, investigations of violent crime, special operations such as supporting City fairs and festivals, and responding to sideshows.
- **Fire Companies:** This budget provides for the Operation of 23 Fire Engine companies throughout the City. The three engine companies browned out in FY 2024-25 will all be reopened, and two ongoing engine company brownouts will be rotated throughout the City as determined by the Fire Chief based upon estimated fire hazards and medical response needs. The budget funds operation of all Fire truck companies.
- **Violence Prevention:** This budget maintains and expands investments in the Department of Violence Prevention with resources from the General Purpose Fund and Measure NN to enhance capacity for dealing with those most likely to commit violent crimes. The budget right sizes DVP contracts and grants within the amounts required under Measure NN and focuses them on the strategies which drive reductions in violence.

Efficient Delivery of Core Municipal Services

This budget focuses on providing the core services of a municipal government. In order to best serve Oaklanders, the City must focus on its core competencies and partner with other governmental, non-profit, and private sector organizations. Key areas of focus in the budget include:

Homelessness, Housing, Built Environment

- Maintaining investments in maintenance of City buildings, streets, parks and other infrastructure while delivering new capital assets and maintaining the cleanliness of the built environment. This budget maintains current key investments in illegal dumping crews, encampment clean-up crews, abandoned auto enforcement, and environmental enforcement officers to address the problems of dirty streets and public spaces.
- Collaborating with Alameda County to determine clear roles and responsibilities for health and support services for homelessness. As the County is able to pick up investments in these services the City can transition resources to encampment clean up and broader clean City functions.
- The budget incorporates planned bonding in both fiscal years for Affordable Housing, Transportation, and Public Works including \$180 million of Affordable Housing investments over two years and \$50+ million each year for street paving.
- The budget maintains ongoing efforts to streamline and improve service delivery for development services such as planning, inspections, code enforcement, and permitting. And supports the operation of local merchants and businesses by maintaining the community ambassadors' program.

Community Services

- This budget continues current funding and operations for Oakland Parks & Recreation Summer and After School Programs and for Oakland Public Library operations.
- We propose to continue operating Senior Centers at the reduced schedule that began in April 2025.
- The budget initiates a process to investigate reimagining or transferring services the City is not best positioned to provide or for which the City needs to coordinate service provision with other entities commensurate with emerging strategies. For instance:
 - The City's HeadStart program remains funded by the City for the coming two years. The City will need to competitively renew its current federal Head Start grant at the end of this biennial cycle, and a subsequent application will need to consider other service providers, including the new State Universal T-K program, and County resources.
 - The City intends to maintain the Youth Summer Lunch Program using a combination of one-time fund balance and philanthropic contributions. Details of this partnership are expected to be announced soon, separately from this budget.
 - Arts grants programming is also continued to the extent it is funded by Measure C Transient Occupancy Tax (TOT), however this budget initiates a process to provide this service through non-profit partners while the City retains a leading role in public art, fairs, and festivals.

Confronting An Uncertain Economic Environment and Difficult Tradeoffs

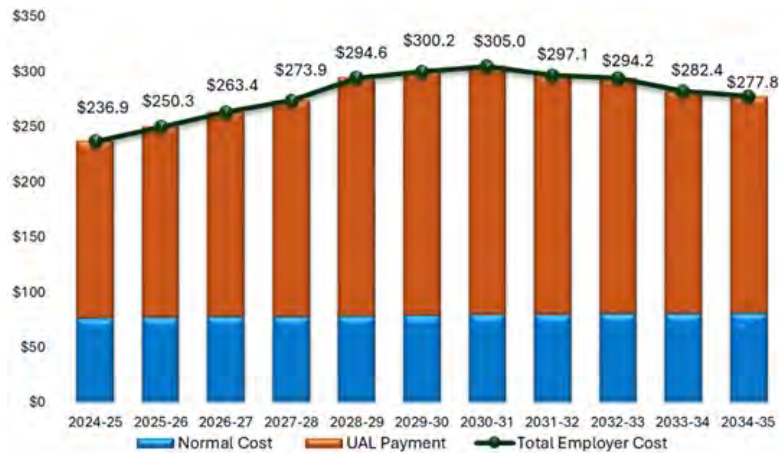

- The budget continues to assume the status quo allocation of federal resources to the City; however, we are aware that many of these programs are under threat. The City does not have the resources to maintain certain programs absent federal funding, and thus we are preparing to rapidly adjust in case any funding is reduced.
- This budget does unfortunately reduce more than 400 positions that would otherwise provide needed services to Oaklanders. Of these, roughly 240 are vacant in part thanks to the hiring freeze that has been in place most of the current fiscal year. Approximately 85 were frozen in the current year but funded in prior years. Eighty of these positions are currently filled, and while we expect most reductions of filled positions to be offset by funded vacancies in other parts of the City, there may be reductions in force to City staff. We expect actual reductions of force to be fewer than a dozen.

Stabilizing City Finances

Adopting a balanced budget that adheres to sustainable fiscal practices, such as the one I am proposing, is Step 1 of a longer road map to financial health for our City.

- Roadmap to Fiscal Health: This budget will be accompanied by a medium term roadmap to fiscal health which will layout the steps needed to stabilize the City finances, obtain reliable service delivery, and secure access to the bond market. This road map will include a return to compliance with all adopted ballot measures without waiving maintenance of effort requirements.
- One-Time Revenues: For the past several years (since FY 2019-20), the City has relied on significant outside one-time revenue to balance the GPF and other Funds. These included both CARES and ARPA funding, GPF Fund Balance, and Projected Land Sales of the Raiders' Training Facility and Coliseum. This budget breaks from this troubling past practice in that GPF is balanced without use of one-time revenues for ongoing purposes. The budget makes limited use of one-time funds in various restricted funds (consistent with their requirements) but this usage is also greatly reduced in compared to prior budgets.
- Revenue Generation: The budget does include the passage of an additional ongoing parcel tax with \$40 million in GPF offsets in June 2026 to provide ongoing resources for public safety services and to provide the key equipment, IT system, and 911 investments. While passage of such a measure is a risk, it is a necessary step toward a comprehensive structural balancing plan. Additionally, the Budget supports revenue enhancements including an audit of delinquent business taxes, pursuing efficiencies in the collections process, and enhancing parking enforcement.

Additional financial challenges remain beyond the two-year budget. Current required payments to CalPERS for retiree pension benefits will continue to drive the City's budget out of structural balance each year. While the proposed budget addresses these cost increases for the coming two fiscal years, these costs will increase by an additional \$68 million between now and 2031, driving new significant shortfalls each fiscal year. There are a number of options to better manage these costs, including working with CalPERS on possible alternative amortization of past pension liabilities, using one-time revenue sources and debt to level the payments over time, or restructuring pension benefits for new employees. See chart below:

Note: Normal Cost is the annual amount needed to pay for the benefits earned by employees during that specific year. UAL is the amount needed to be contributed to pay unfunded benefits from prior years.

In addition to pension benefits, employee healthcare costs are expected to grow at rates faster than revenue growth during the medium and long term , creating additional budget pressure beyond the two-year budget cycle.

The budget document contains a comprehensive list of all known contracts and grants (or planned contracts and grants) funded with resources appropriated in the operating budget. It also includes funding for the audit of performance of high-risk contracts and grants. This additional transparency is provided to ensure the City is more effectively utilizing its resources to improve outcomes for Oaklanders, and to ensure no resources are left unaccounted for.

Oakland's Path to Fiscal Health

The proposed budget is the critical first step in Oakland's work to move beyond maintaining solvency to attaining the fiscal health necessary to provide quality services, support our workforce, and achieve the financial resiliency necessary to weather future economic shocks. When adopted and implemented, the budget will avoid excessive use of one-time solutions and brings ongoing expenses and revenues into balance during the budget period.

The budget is the first step in this multi-year effort, but other strategies will be needed to achieve full fiscal health. The City Administrator is finalizing a roadmap that identifies other strategic financial goals for the coming years, including clear and measurable timelines to achieve them.

These strategic projects include:

- Achieving structural balance during the coming two-year budget,
- Establishing a fiscal health executive team to manage these initiatives and regularly report to the Mayor and Council on their progress,

- Develop long-term plans to restructure pension and other benefit costs,
- Maximize collection of current revenues and diversify the revenue base with an additional voter-approved measure in 2026,
- Develop multi-year plans to achieve voter-mandated staffing levels for city services and needed investments to sustain the City's infrastructure, fleet, and technology,
- Review and update the City's foundational financial and budget policies and practices,
- Fortify the City's revenue base through focused economic development activities, and
- Improving structures needed to hold the City and its contractors accountable for delivery of city services.

This roadmap to fiscal health builds upon initial goals presented in December 2024 and will be presented to the City Council in July, following adoption of the budget.

Next Steps

This proposed budget is being released on May 5, 2025, and proceeds now to the Oakland City Council to discuss and amend before adopting a final budget by the deadline of June 30, 2025. As previously announced, Interim Mayor Kevin Jenkins has appointed Councilmember Rowena Brown and Councilmember Janani Ramachandran to co-chair the City Council President's Budget Team. The Mayor's Office and the administration's budget team will remain engaged to support the Council's process. Additional information will be posted as it is available to the City's budget web page at <http://www.oaklandca.gov/budget>.

Interim Mayor Jenkins again thanks the many stakeholders who have contributed to the process thus far to develop this proposed and balanced budget that takes strong action toward sustainable financial health while investing in public safety and core City services.

Budget Priorities

FY 2025-27 PROPOSED POLICY BUDGET

BUDGET PRIORITIES

As part of the biennial budget development process, the Mayor and City Council establish priorities based on the concerns and needs of the residents of Oakland. In compliance with the City's policies on Budget Process, Fiscal Planning, Transparency, and Public Participation, the City conducted a priority setting process for development of the FY 2025-27 budget that was informed by:

- A Council Budget Workshop;
- Meetings with community groups, City staff, and other stakeholder groups;
- The results of a informal poll/survey with questions developed in conjunction with the City's Budget Advisory Commission; and,
- Published top-five priorities from each City Councilmember.

BUDGET PRIORITIES POLL

The Budget Survey is conducted at the direction of the City's Consolidated Fiscal Policy (CFP) and coordinated by the [Budget Advisory Commission](#). Click the image below for full report.

2025 City of Oakland Resident Budget Priorities Survey

Fielded and presented by the Budget Advisory Commission
February 26, 2025

BUDGET PRINCIPLES

As the City navigated this budget process, decisions were informed by the strategic priorities outlined in the City's Strategic Plan. It served as a guiding document that balances the need for fiscal discipline with the City's broader goals for social, economic, and environmental sustainability. The following strategic priorities informed our approach to addressing Oakland's resource and budget constraints:

1. **Streamlining Operations:** Simplifying processes and reducing inefficiencies to deliver services more effectively.
2. **Fostering Cross-Department Collaboration:** Enhancing teamwork across departments to maximize resource use and improve service delivery.
3. **Enhancing Communication and Coordination:** Strengthening internal and external communication to ensure alignment and transparency.
4. **Optimizing Workforce Management:** Strategically managing personnel resources to align with organizational goals and fiscal realities.
5. **Aligning Budget with Citywide Priorities:** Ensuring that budget decisions reflect Oakland's most pressing needs and strategic objectives

CITY OF OAKLAND

Zac Unger

COUNCILMEMBER – DISTRICT ONE

CITY HALL • ONE FRANK OGAWA PLAZA • 2ND FLOOR • OAKLAND, CA 94612

(510) 238-7001 • zunger@oaklandca.gov

DATE: March 13, 2025

TO: Mayor Kevin Jenkins, City Administrator Jestin Johnson, and Members of the Public

FROM: Councilmember Zac Unger, District 1

SUBJECT: District 1 and City Budget Priorities for FY2025-2027

Dear Mayor Jenkins, City Administrator Johnson, and Members of the Public,

It's no secret that Oakland faces steep budget challenges in this cycle. Over the long term we need to grow our revenues by making Oakland a more business- and construction-friendly environment. But in the short term we are going to have to make some difficult reductions. This document necessarily focusses more on expenditures than on revenues because of the acute nature of our crisis, but that should not be mistaken for disinterest in growing our tax base by encouraging business and development.

Over the years and with the best of intentions we have taken on a series of roles and responsibilities as a city that we simply can't afford to perform. This is an almost philosophical moment in which we need to step back, take a deep breath, and ask ourselves: what are the key, indispensable functions of a city? My basic approach is that rather than doing everything ten percent cheaper and worse, we should focus on a few core competencies that we need to do very well, and invest the lion's share of our efforts there.

Our first budget priority must always be public safety. Everything else is directly dependent on our ability to keep residents, employees, and businesses safe. In my mind, public safety includes the police department, the fire department, and proven, effective violence reduction strategies such as Ceasefire.

The second indispensable function of a city is to maintain the public infrastructure. While we have made great strides in paving and safety improvements for cyclists and pedestrians, we risk losing that progress if we begin to disinvest. Similarly, we must continue to fund vigorous blight abatement both for the safety of our streets and because blight invites more blight and disincentivizes foot traffic, shopping, and business development and success. We also face a critical problem with aging buildings, sewers, and our vehicle fleet. These must be addressed before the liabilities compound beyond our ability to deal with them.

Third, we must incentivize businesses to relocate, expand, and remain in Oakland. This includes everything from small mom-and-pops to multinational corporations. The long-term solution for Oakland's budget problem is to raise revenue through increased business activity. Closely connected to this is the need to create new housing units at all price points and to invest smartly—ideally by leveraging money from other agencies—in transitional housing solutions like safe parking sites, Project Homekey sites, and Tiny Cabins. Both of these goals require a robust planning and permitting staff that has a culture of figuring out how to maneuver through obstacles and get to YES.

Budget Priorities and Recommendations
Councilmember Rebecca Kaplan

Public Safety, Protecting Community, Compliance with Voter-Approved Measure.

Provide budget for the number of police and fire personnel as described in the voter-approved Safety and Services Measure NN. Provide staffing and technology for Police Evidence Technicians, crime lab, 911 dispatch. Acquire fixed-wing aircraft to more effectively and efficiently track and apprehend fleeing criminals. Strengthen CPRA and transfer duties from IAD to CPRA. Community Ambassadors to support commercial corridors.

Youth Programs – Including Town Camp, Summer and After School, Jobs.

Seek additional funders, sponsors, participants and donors to support Town Camp and Youth Jobs programs. Consider more sliding scale fees to preserve programs (with lower fees based on need, rather than for everyone). Expand summer jobs program and connect to programs to improve cleanliness of city, improve parks and other public spaces.

Making Sure 2025 Bond Issuance Happens, CIP Projects.

Avoid the need to cut other services to fund capital projects, by ensuring appropriate capital projects funded by bonds. Prevent further costly deterioration to public infrastructure, streets, sidewalks. Repair pools, improve efficient lighting, provide for clean and effective vehicle fleet, improve public facilities. Comply with Council-approved Resolution to initiate 2025 bond issuance.

More Efficient Delivery of Public Services to Reduce Blight, Remove Abandoned Vehicles, Clear the Public Right of Way, Attract Residents and Customers

- Surge staffing of personnel (including overtime/weekends) to remove backlog of abandoned autos. Reduce blight, reduce stolen vehicles and reduce crimes committed with such vehicles.
- Ensure abandoned auto removal and tracking contract is implemented.
- Use more efficient, pro-active, zone-based illegal dumping response.
- Pro-active, efficient sidewalk repair to prevent injuries and liabilities, repair entire areas at once, include billing other parties as appropriate for cost recovery.
- Traffic safety and pedestrian safety including through pro-active pothole repair, bollards and speed bumps, lighting (including solar where viable).
- Coordinated fleet vehicle maintenance and replacement via OakDOT/OPW with clear funding strategy.

BUDGET MEMORANDUM

DATE: March 17, 2025
TO: Mayor Kevin Jenkins, City Council, City Administrator, and Finance Director
FROM: Councilmember Carroll Fife
SUBJECT: Fiscal Year 2025- 2027 Budget Priorities

My budget priorities continue to reflect calls from District 3 residents, businesses, and visitors for a clean and safe city. I remain committed to working with the community, staff, and the City Administrator's office to get back-to-the-basics of service delivery in key areas while advancing more creative initiatives to improve conditions in the long-term. Trust is built with consistency and creating the infrastructure for consistently showing up for Oakland stakeholders is my prime objective.

In order to equitably build the city we all want and deserve, we must work together to identify how to serve diverse community needs as well as uplift "democracy in service of human flourishing". In other words, if the policies resulting from the budgets we pass don't improve the lives of those who live in and visit Oakland, we need to re-assess our work.

Following are District 3 priorities to the aforementioned ends:

Housing and Homelessness

- With partnership with County and State support, stand up interventions to address unsheltered homelessness with supportive services on vacant municipal property; this applies to County, school district, and State-owned spaces within the City of Oakland with no immediate plans for use or warehoused for sale
 - Clean up and environmental remediation for use of the North Gateway parcel and other City-owned parcels to accommodate homelessness interventions, such as modular homes
 - Partner with the County of Alameda to utilize tax defaulted properties in arrears over 6+ years to house critical populations
- Support a day labor and/or entrepreneur program for unsheltered individuals
- Bolster legal services for tenants to match the growing number of eviction cases
- Increase in funding to support first-time homeownership program
- Create a process for commercial-to-residential conversion in the Uptown/Downtown area
- Advance a Social Housing program for the City of Oakland utilizing a hybrid Chicago Housing Trust model

district4@oaklandca.gov
www.oaklandca.gov/officials/district-4-councilmember

BUDGET MEMORANDUM

DATE: March 17, 2025

TO: Members of the City Council, Mayor, and City Administrator

FROM: Councilmember Janani Ramachandran, District 4

SUBJECT: Councilmember Janani Ramachandran's Budget Priorities to the FY 25-27 Budget

We are experiencing one of the worst financial crises in Oakland's history, and there is no doubt that difficult decisions must be made to balance our budget. With an unprecedented structural budget deficit in our General Fund in the forthcoming budget cycle and additional shortfalls in other funds, I recognize the urgent need to effectively prioritize the issues that speak most urgently to Oakland residents – most notably being public safety. I am determined to pass a budget that helps re-build public trust in City Hall, funds basic city services, generates revenue, and builds safe neighborhoods where every resident can thrive.

While contemplating ways to balance our budget, it's imperative to re-iterate the limits of local government and the reality that *we cannot do it all*. In these dire financial times, the City of Oakland should be limited to funding what is necessary to the core functions of a municipality. As a result, I believe it is critical that City leaders act as proactively as possible to identify external sources of funding – including from county, state, and federal agencies, as well as through partnerships with philanthropy and the private sector – that can help fill the gaps for programs that our General Purpose Fund cannot afford to cover.

A theme that has emerged throughout my budget priorities is *economic development*. I believe that the more the City invests in core services such as public safety, illegal dumping removal and an efficient permitting system, the more we can build safe and clean public spaces and economic corridors that are ripe for commercial activity, as well as create living-wage jobs for our residents. The more commerce that returns to Oakland, the more revenue we can generate to close our structural deficit and resume funding comprehensive services. Oakland has such a vibrant culture that deserves to be preserved, amplified, and celebrated on an international platform, and I believe that focusing our present budget on core services will in turn allow our musicians and artists, diverse small business owners, parks and public squares, and restaurants and nightlife to thrive.

These budget priorities have been co-created based on the stated needs and lived experiences of everyday Oaklanders, with input from a wide range of city-wide stakeholders and community organizations. I look forward to working with all my colleagues to ensure that we are spending every precious dollar of our limited funds in the most efficient, evidence-based, and impact-driven ways possible. This includes setting clear, defined, and measurable expectations for how we allocate our funding to City departments and external contracts, as well as ensuring transparency around voter-passed ballot measures.

1. Public Safety

- a. Police: At a minimum, ensure OPD sworn staffing complies with levels authorized by the voter-passed initiative Measure NN. Prioritize proactive OPD patrols to assist with crime prevention - especially in commercial corridors - as well as investments into technology and personnel (both sworn and non-sworn) to assist with investigations. Ensure overtime expenses are kept at a minimum. Fund vacant 911 dispatcher positions and relevant technology to better respond to emergencies.

Honorable Noel Gallo
Councilmember, District 5

510-238-7005
NGallo@Oaklandca.gov

TO: Honorable Mayor, City Administrator and Members of the City Council

SUBJECT: District 5 Fiscal Year 2025-27 Budget Priorities and Policy Directives Memorandum

During the 2025-2027 fiscal budget process, the City of Oakland must prioritize investments in key areas, ensure the maintenance of essential services, strategically leverage revenue increases, and plan for projected plateaus in revenue growth. I have given great thought and consideration to the current fiscal year's budget, as well as the budget for the next two fiscal years. As we work diligently to present a responsible and transparent financial plan to the citizens of Oakland, we have reached a critical inflection point.

Our District 5 budget priorities for the upcoming fiscal year focus on fostering safe, livable neighborhoods while sustaining a resilient and economically prosperous city. These priorities fall into the following overarching categories: housing and homelessness, public safety, infrastructure and neighborhood services, and environmental protection.

I believe it is essential for us to establish an actionable agenda to address the pressing issues facing our city. It is paramount that we work collaboratively to tackle the financial crisis at hand. As civil servants, we have a responsibility to ensure that the residents of Oakland can prosper in a safe, clean, and livable city.

With that in mind, I have the following summary of my recommendations for budget priorities. Additionally, I have also developed the attached outline that serves as a guide throughout this intricate budget process.

MEMO

TO:	Honorable Mayor Kevin Jenkins City Administrator, Jestin Johnson Deputy City Administrator, Monica Davis Director Erin Roseman Budget Administrator, Bradley Johnson	FROM:	Ken Houston Council Member District 7
SUBJECT:	Budget Priority Request's	DATE:	March 17, 2025

Dear Mayor Jenkins, Administrator Johnson, Finance Administration, and Members of the Public:

As a subject matter expert in public safety, I have extensive experience and knowledge regarding critical issues such as homelessness, illegal dumping, graffiti vandalism, and the underlying factors contributing to these challenges. Addressing these concerns is essential to ensuring the well-being and stability of our communities. It is imperative that we prioritize fundamental core services to halt the decline that has afflicted Oakland, particularly District 7.

The current leadership has led us into a financial crisis, exacerbating existing problems and undermining public trust. Considering our strained financial circumstances, we must remain resolute in tackling the essential services and issues that directly impact our residents. Without a secure and stable environment, no other improvements can be effectively implemented.

Public safety is my top priority. Without it, the current trajectory of Oakland will remain unchanged. Safety is the foundation upon which all other aspects of a thriving city are built. My commitment to public safety stems from both my professional expertise and lived experience, which have provided me with a unique perspective and skillset on the necessary solutions.

COUNCILMEMBER ROWENA BROWN, AT-LARGE DISTRICT
(510) 238-7008 • RJBrown@oaklandca.gov
City Hall • 1 Frank H. Ogawa Plaza • Oakland, California 94612
www.oaklandca.gov/officials/at-large-councilmember • @Rowena.brown@oakland

Date: March 17, 2025

To: Interim Mayor Kevin Jenkins, City Administrator Jestin Johnson, Finance Director Erin Roseman, and Oaklanders

From: Oakland City Councilmember At-Large Rowena Brown

Subject: City of Oakland Budget Priorities for Fiscal Years 2025-2027

Shaping Oakland's Future: Essential Services at the Core

Community, as the City Council sets out to shape Oakland's fiscal priorities, I've created a working strategy centered on addressing critical needs, and ensuring that our resources are allocated in ways that foster safety, inclusivity, and long-term prosperity for all Oaklanders. This strategy aims to prioritize the well-being of every neighborhood, ensuring that the budget reflects the diverse needs and aspirations of our communities.

I am deeply committed to greater transparency in the budget process, ensuring that every decision is made with clear communication and accountability while allowing all Oaklanders the opportunity to provide input. By fostering an open dialogue with the community, I aim to provide Oakland residents with a clear understanding of how resources are allocated and how their voices can directly influence fiscal decisions, ensuring collaboration which results in equitable outcomes for all.

The Oakland City Council will need to close a projected deficit of \$265 million over the next two fiscal years, and to do so we have to make difficult decisions and be fiscally disciplined. Most importantly, we must ensure that we properly resource our core essential services.

My priorities are fostering safe and clean neighborhoods, investing in affordable housing solutions, economic revitalization through strategic investments, and strengthening organizational operations to enhance government effectiveness.

I am committed to making sure that these outcomes are a reality for every Oaklander, especially for our residents who face housing instability, low incomes, food insecurity, high crime rates, poor water quality, and other disparities. Being Black, brown, an immigrant, LGBTQ+, or a senior should not be a predictor of your quality of life in Oakland. Clean, safe, affordable, and vibrant neighborhoods can be a reality in every district in our city. We have reiterated time and time again that the budget is a reflection of our values, and that is especially true now.

City Leadership

FY 2025-27 PROPOSED POLICY BUDGET

• Interim Mayor Kevin Jenkins

Kevin Jenkins is the Interim Mayor of the City of Oakland, previously serving as Council President and the District 6 Council Office.

Kevin was elected to represent Oakland City Council District 6 in November of 2022. Kevin was born and raised in East Oakland, California as the son of two Oakland Unified School District employees. He graduated from Oakland High School and attended Laney College and College of Alameda. Kevin then transferred to San Francisco State University where he earned a B.A. in Urban Studies and Planning. After graduating from San Francisco State, Kevin attended California State University, East Bay, earning a Master's in Public Administration.

In November 2020, Kevin was elected to represent Area 2 for the Peralta Community College District, which includes all of East Oakland. While on the Peralta Board of Trustees, Kevin advocated for funding for student housing and worked closely with his colleagues to ensure that the district navigated the global pandemic. During his tenure with Peralta, Kevin orchestrated cross-sector partnerships with Peralta Community College and Oakland community-based organizations to enhance educational opportunities

Kevin served as a commissioner for the Alameda County Public Health Commission for over three years. In his role, he worked with the health department to address emerging health needs and reduce homelessness. Previously Kevin served as the Director of Housing for an anti-poverty organization, working directly with community members to explore creative ways to address the rising rent and build affordable housing. Kevin continues to partner with non-profits to address illegal dumping and blight in Oakland. Kevin served as the President of the California Association of Black School Educators. He is also a proud father to his son Elijah, a second-generation Oaklander.

FY 2025-27 PROPOSED POLICY BUDGET

MISSION STATEMENT

The City Of Oakland Is Committed To The Delivery Of Effective, Courteous, And Responsible Service. Citizens And Employees Are Treated With Fairness, Dignity, And Respect.

Civic And Employee Pride Are Accomplished Through Constant Pursuit Of Excellence And A Workforce That Values And Reflects The Diversity Of The Oakland Community.

GENERAL INFORMATION

The City of Oakland ("City") is located on the east side of the San Francisco Bay in the County of Alameda. Oakland is bordered by 19 miles of coastline to the west and rolling hills to the east, which provide unparalleled vistas of the Bay and the Pacific Ocean. In between are traditional, well-kept neighborhoods, a progressive downtown, and superior cultural and recreational amenities. Oakland serves as the administrative hub of the County of Alameda, the regional seat for the federal government, the district location of primary state offices, and the center of commerce and international trade for the Bay Area.

Oakland is the eighth largest city in the State of California, with an estimated population of 424,464, and a wealth of resources and opportunities. It is home to the Port of Oakland, which handled more than 2.3 million 20-foot freight containers in 2022. Oakland International Airport served more than 11.1 million travelers in 2022. The Airport is served by 11 different airline brands with more than 65 nonstop domestic and international destinations.

Oakland is a mature city that has been able to preserve its abundant natural beauty and resources. The City has over 100 parks (totaling over 2,500 acres) within its borders, as well as several recreational areas along its perimeter. Lake Merritt, the largest saltwater lake within a U.S. city, borders the downtown area. Its shoreline is a favorite retreat for joggers, office workers, and picnickers. At dusk, the area sparkles as the Lake is lit with its "Necklace of Lights." Lake Merritt is the oldest officially declared wildlife sanctuary in the United States, dating back to 1870.

Statistical Profile

**California Dept. of Finance 2024 estimate*

CITY GOVERNMENT

The City of Oakland has a Mayor-Council form of government.

The City Council is the legislative body of the City and is comprised of eight Councilmembers. One Councilmember is elected “at large,” while the other seven Councilmembers represent specific districts. All Councilmembers are elected to serve four-year terms. Each year the Councilmembers elect one member as President of the Council, one member to serve as Vice Mayor, and one member to serve as President Pro Tempore.

The City Administrator is appointed by the Mayor and is subject to confirmation by the City Council. The City Administrator is responsible for the day-to-day administrative and fiscal operations of the City.

OAKLAND'S ECONOMIC BASE

Located within one of the nation's largest metropolitan areas, Oakland is the economic heart of the East Bay. Oakland has diversified its economic base significantly over the past few decades, offering a healthy mix of trade, government, financial, medical, information technology, publishing and service-oriented occupations. Industries with the largest growth in jobs over the last several years are: professional and business services, education, healthcare, leisure and hospitality, traditional and specialty food production, and technology. The Maker Movement has led to growth in the industrial arts, applied technology, artisan production and custom manufacturing.

Oakland offers abundant resources to its businesses and residents: state-of-the-art transportation, a vibrant dining and entertainment scene, and utility facilities keep the City running smoothly. Oakland has the infrastructure and economic base to support and attract a diverse mix of advanced industries. Downtown Oakland offers competitive office space, a fiber-optic infrastructure and the amenities for both traditional and emerging enterprises. The well-maintained freeways, mass transit systems, and ferry service make getting to and from downtown Oakland a relatively quick and easy process.

Several new office and mixed-use buildings, public facilities, hotels, convention facilities, park enhancements, and outdoor art create a cosmopolitan environment in the downtown area. Waterfront restaurants and shops at Jack London Square, as well as the burgeoning Old Oakland and Uptown districts provide lively nighttime attractions. The City's neighborhood retail areas continue to grow, as evidenced by Oakland's 10 Business Improvement Districts. In addition, the Oakland Tourism Business Improvement District was formed in 2015 to ensure strong and sustainable marketing programs for tourism promotion. Oakland plays a pivotal role in the East Bay Trade Area; a variety of incentives are available to companies located in the City's Foreign Trade and Recycling Market Development Zones. Oakland has 30 census tracts that have been designated Opportunity Zones, which provides a tax incentive meant to revitalize communities and create jobs in designated low-income areas.

City departments take a proactive approach and use streamlined processes to best serve the needs of the business community. The Economic & Workforce Development Department links businesses with the many services available to them throughout the area and serves as an ombudsman for companies dealing with the City. The City's staff works with merchants in each commercial district to promote the district, obtain loans, expedite permits and arrange for City services.

Oakland is the county seat (administrative center) for Alameda County. The U.S. Census Bureau has estimated the county population at 1,628,997 for 2021 and a median household income of \$112,017. In the City of Oakland itself, some 167,307 households have a median income of \$85,628 and spend more than \$3.8 billion on retail sales annually. Oakland is a city of rich history, impressive growth, with a promising future.

OAKLAND'S DEMOGRAPHIC PROFILE

According to the California Department of Finance, Oakland was ranked the eighth largest city in the State of California in 2024, with an estimated population of 425,093 residing within approximately 54 square miles. According to the 2020 United States Census (the most recent available), the City's population was 440,646 persons at a density of roughly

7,900 people per square mile. This growth is due to the recovery and resurgence of the local economy, as well as Oakland's growing popularity as a Bay Area housing and real estate destination.

2020 Population by Race

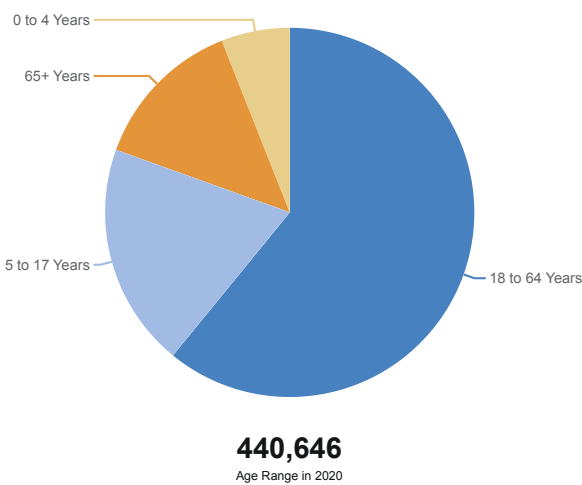

Data Updated Aug 21, 2023, 9:52 PM

The racial makeup of Oakland in 2020 was roughly 22% African American, 28%, Non-Hispanic White, 27% Hispanic or Latino (of any race), 15% Asian & Pacific Islander, 6% Multiracial and 2% Native American & Other (see above).

2020 Population by Age

Data Updated Aug 21, 2023, 9:58 PM

A BRIEF HISTORY

1200 B.C. - Ohlone Indians settle in the area that would become Oakland.

1772 A.D. - Spanish explorers are the first Europeans to visit the East Bay.

1797 - Established in Fremont, Mission de San José extends Spanish jurisdiction over the area that would become Oakland.

1849 - During the California Gold Rush, Oakland becomes the mainland staging point for passengers and cargo traveling between the Bay and Sierra Foothills.

1852 - Oakland was chartered as a city and almost immediately thereafter, construction of shipping wharves began. Building the large wharves and dredging a shipping channel positioned Oakland as an independent point of destination.

1869 - The Central Pacific Railroad selected Oakland as the terminus of the new transcontinental railroad, providing a vital link to the East.

1910 - Oakland's population more than doubles in ten years from 66,960 to over 150,000 as people and businesses relocate from earthquake-ravaged San Francisco. Oakland regains control of the long-lost waterfront by final settlement of litigation, which had lasted over a half century and cost several millions of dollars.

1936 - The Oakland-San Francisco Bay Bridge, one of the engineering wonders of the world, opens months before the Golden Gate Bridge.

1942 - The Permanente Foundation Hospital is dedicated in Oakland, the first in the chain of Henry J. Kaiser's health plan hospitals.

1950 - Children's Fairyland opens in Lakeside Park. Swelled by huge numbers of workers who flocked to the city for WWII jobs, the U.S. Census puts Oakland's population at 384,575. Oakland's African American population soars from 8,462 in 1940 to 47,562 in 1950. The military makes substantial improvement to the Port's facilities.

World War II brought tremendous changes to Oakland. Huge numbers of workers moved to the Bay Area to work in local shipyards, and many of these people, as well as large numbers of military personnel who mustered out at Treasure Island and the Oakland Army Base, chose to remain in the Bay Area. As a result, the City's population increased by nearly one third between 1940 and 1950.

1950s – 1970s - Under the Urban Indian Relocation Program, Oakland saw large numbers of Native Americans move to the city.

1970s - Following the end of the Vietnam War, Oakland welcomed Cambodians, Vietnamese and Muong from war-torn Southeast Asia.

2010 - A new generation of restaurateurs and specialty food producers has fueled an epicurean renaissance. Oakland's sizzling arts and dining scene is no longer a local secret as national media outlets spread the word on our vibrant city.

Oakland has a rich literary and cultural heritage. Such historical notables as writers Bret Harte, Jack London, Joaquin Miller, Ina Donna Coolbrith, Jessica Mitford, Narman Jayo, Ishmael Reed and Gertrude Stein; architect

Julia Morgan; and dancer Isadora Duncan are just a few who have left their cultural mark on the City. It is also the birthplace of the West Coast Blues.

2015 - The U.S. Census ranked Oakland as the eighth largest city in California, with an estimated population of 419,267. According to a University of Wisconsin study, Oakland is the most ethnically diverse city in the United States. There are at least 100 different languages and dialects spoken here.

TRANSPORTATION

Located in the geographic center of the Bay Area, Oakland has been recognized as a vital transportation hub for more than 100 years. The combination of train, bus, maritime, aviation, freeway and amenities guarantee ease of travel for residents and efficient channels of commerce for businesses relying on the City's easy access. Oakland is the headquarters of the Alameda-Contra Costa Transit District (AC Transit) and the Bay Area Rapid Transit (BART) system. Oakland's Port is a primary sea terminal for transporting cargo between the western United States and the Pacific Rim, Latin America and Europe. Access to air cargo services is minutes away at the Oakland International Airport. Transportation service providers include:

AC Transit - Local and transbay bus service is offered by Alameda-Contra Costa (AC) Transit, the third largest public bus system in California, serving the East Bay since 1960:

- Serves all 13 cities and adjacent unincorporated communities in 364 square miles along the east shore of San Francisco Bay. Annually, AC Transit buses drive 20.9 million service miles.
- Serves approximately 175,000 daily riders with a fleet of 640 buses and a network of more than 158 bus lines with approximately 5,400 bus stops. The bus lines connect with sixteen other public and private bus systems, 25 BART stations, six Amtrak stations, and three ferry terminals.
- Bus routes serve the Oakland International Airport, the Amtrak Station and ferry terminal located at Jack London Square, downtown San Francisco and other major Bay Area attractions. All buses are accessible to people with disabilities.
- All buses are equipped with bicycle racks.

BART - The Bay Area Rapid Transit (BART) is a 131-mile, computer-automated rapid transit system:

- Pre-COVID, average weekly ridership was 412,596 in the three BART counties of Alameda, Contra Costa, and San Francisco, as well as northern San Mateo County.
- Electric-powered trains traveling up to 70 mph connect 50 stations, including 8 stations in Oakland. Travel time between downtown Oakland and downtown San Francisco averages only 11 minutes on BART.
- In Oakland, five BART stations – West Oakland, Lake Merritt, MacArthur, Fruitvale and Coliseum – are catalysts for transit-oriented development projects that are in design or construction.
- The Oakland Airport Connector (OAC) is a 3.2-mile extension of BART from the Coliseum/Oakland Airport BART Station to Oakland International Airport. Opened in November 2014, the OAC provides a seamless connection with driverless trains that travel the alignment in eight minutes and depart every 5 to 20 minutes. Nearly 850,000 trips were made between BART and the Oakland International Airport in 2019.
- BART is the USA's cleanest major transit system in its class, emitting fewer pounds of carbon per passenger mile than any other transit system.

OAK - The Oakland International Airport (OAK) is the second largest San Francisco Bay Area airport offering, prior to the pandemic, over 300 daily passenger and cargo flights.

- Typically hosts more than 13 million passengers annually. Due to the COVID-19 pandemic, 2020 traffic was about 4.6 million. Oakland Airport traffic has nearly returned to pre-pandemic levels with 11.1 million passengers in 2022.
- Handled more than 1.3 billion pounds of air freight. OAK remains the top airport for cargo in the San Francisco Bay Area.
- Served by 11 domestic and international air carriers.
- Features 29 boarding gates in two terminals.

Other:

- The Alameda/Oakland Ferry Service links Oakland with San Francisco, Angel Island and South San Francisco.
- Nine major U.S. and California highways pass through Oakland.
- Daily service to rail destinations throughout the U.S. is offered at the Oakland Amtrak Station in Jack London Square and service along the Capitol Corridor also stops at the Coliseum Amtrak Station.
- Greyhound Bus Lines also offers daily bus service to cities throughout the United States. MegaBus.com offers service between Oakland and Los Angeles.
- Car-sharing and Ride sharing are easily accessible and offered by various agencies.
- Oakland was one of the first cities to pilot the "sharrow" lane – shared-lane pavement markings to indicate road lanes shared by cyclists and motorists.
- The Bikeshare program provides 1,400 bikes in Oakland, Berkeley and Emeryville.
- Up to 1,500 shared electric scooters "e-scooters" are offered throughout Oakland by several private companies.

INFRASTRUCTURE

In this section, you can go into further detail. Make your content more accessible by writing short sentences, choosing words and phrases you'd use when talking to a neighbor, and avoiding jargon.

Local Streets & Roads, Sidewalks, Curb Ramps, Stairs & Paths

- 2,293 Lane Miles
- 166 Miles of Bike Lanes & Routes
- 1,100 Miles of Sidewalks
- 17,800 Curb Ramp Locations
- 400,000 Linear Feet of Crosswalks
- 220 Developed Stairs & Pathways

Parks, Trees & City Landscapes

- 134 City Parks
- 100+ Street Medians
- 55,000 Street Trees
- 12,000 Trees in Landscaped Parks, plus Trees in Open Space

Bridges

- 35 City Bridges

Traffic Signals, Signs, & Street Lighting

- 679 Traffic Signal Intersections
- 200,000 Street Signs
- 38,000 Streetlights with 30,500 of them Converted to LED Lights

Stormwater & Wastewater Collections

- 400 Miles of Storm Drain Pipes
- 80+ Miles of Open Creek
- 934 Miles of Sewer Pipes
- 11 Sanitary Sewer Pump Stations
- 12 Storm Drain Pump Stations
- 29,000 Structures

Public Buildings, Fleet & Equipment

- 309 Public Buildings
- 1,999 Vehicles & Equipment Including Fire Trucks & Police Cars

EDUCATION

Oakland offers a diverse array of educational opportunities for students of all ages. Oakland Unified School District (OUSD) serves nearly 50,000 students and is committed to building a Full-Service Community School District, as defined by the U.S. Department of Education, focused on high academic achievement while serving the whole child, i.e. social and health services. Oakland is also home to numerous institutions of higher learning.

Elementary, Middle, Special, and Secondary Education

- There are 86 public, 33 charter and 40 private schools in Oakland.

Colleges

- Holy Names University – An undergraduate and graduate inter-disciplinary study college.
- Mills College – a private women's liberal arts college founded in 1852, also offering co-ed graduate programs.
- Patten University – Dedicated to providing high-quality, accessible, and affordable undergraduate and graduate education, including online programs designed specifically for working adults.
- Samuel Merritt University – Offers degrees in nursing, occupational therapy, physical therapy, physician assistant, and podiatric medicine and is the largest source of newly registered nurses in California.
- California College of the Arts – Known for its broad, interdisciplinary programs in art, design, architecture, and writing, it offers studies in 21 undergraduate and 13 graduate programs.
- Merritt College and Laney College – Part of the Peralta Community College District, these colleges offer arts, liberal arts, college preparatory and vocational trade programs.

MEDICAL FACILITIES

Oakland's medical facilities are among the best in the nation. The medical community provides the latest and most sophisticated medical technology for the diagnosis and treatment of disease. There are now four hospitals providing full service in Oakland. Together, these hospitals have invested more than \$2 billion in new construction and seismic upgrades.

- UCSF Benioff Children's Hospital Oakland delivers high quality pediatric care for all children through regional primary and subspecialty networks, a strong education and teaching program, a diverse workforce, state-of-the-art research programs and facilities and nationally recognized child advocacy efforts.

- Alta Bates Summit Medical Center offers comprehensive services designed to meet the health care needs of the diverse communities of the greater East Bay.

- Alameda Health System's Highland Hospital provides comprehensive, high-quality medical treatment, health promotion, and health maintenance through an integrated system of hospitals, clinics, and health services staffed by individuals who are responsive to the diverse cultural needs of our community.

- Kaiser Permanente organizes, provides and coordinates members' care, including preventive care such as well-baby and prenatal care, immunizations, and screening diagnostics; hospital and medical services; and pharmacy services. Kaiser's Oakland Medical Center is the flagship of its national system of hospitals, headquartered here along with the nation's first health maintenance organization (HMO), founded by Henry Kaiser.

Attractions & Accolades

FY 2025-27 PROPOSED POLICY BUDGET

Oakland is home to many world-class and unique attractions for residents and visitors.

- **Chabot Space & Science Center** – The Chabot Space & Science Center (CSSC), an 86,000 square foot award-winning facility featuring hands-on science and astronomy exhibits, a state-of-the-art planetarium, a large-format domed screen theater, a simulated space mission experience, and the largest telescopes available for public use in California.
- **East Bay Regional Park District** – The East Bay Regional Park District, a splendid system of 65 parks covering more than 119,000 acres and 29 regional hiking trails stretching 1,200 miles in Alameda and Contra Costa Counties.
- **Fox Theater** – The renovated Fox Theater in downtown Oakland reopened its doors in February 2009 with a run of performances from entertainment's top acts. The theater's wrap-around building is also the permanent home for the Oakland School for the Arts, a tuition-free charter school dedicated to artistic and academic excellence.
- **Grand Lake Theater** – A mainstay of the community since its construction in 1926, this first-run movie theater is graced with a colorful, lighted marquee and a sweeping staircase in the main hall. Look for the ornately decorated walls, brass chandeliers, and faux opera boxes. Prior to curtain on Friday and Saturday nights, an organist serenades the audience on a Wurlitzer.
- **Lake Merritt** – The Lake is the largest lake located within an urban area and is set in Lakeside Park, which is home to the Garden Center, Sailboat House, Rotary Nature Center, Junior Science Center, and a Bonsai Garden. Bordered by a 3.4 mile trail, Lake Merritt is a favorite location for joggers, walkers, and strollers.
- **Children's Fairyland** – Young children will enjoy this enchanting, three-dimensional fantasy world where popular nursery rhymes come to life, set in picturesque Lakeside Park.
- **Jack London Square** – Located along Oakland's waterfront, Jack London Square is home to Yoshi's Jazz Club, a Cineplex, numerous restaurants, and other local attractions.
- **USS Potomac** – Affectionately dubbed the Floating White House by the press, Franklin Delano Roosevelt's presidential yacht is one of the few floating museums in the country. The restored 165-foot vessel, a national historic landmark, is a memorial to FDR and his accomplishments.
- **Chinatown** – Oakland Chinatown dates back to the arrival of Chinese immigrants in the 1850s, making it one of the oldest Chinatowns in North America. Oakland's Chinatown is bustling with activity. The Asian Branch Library is one of many of Oakland Public Library's branches and is located in Chinatown's Pacific Renaissance Plaza.
- **George P. Scotlan Convention Center** – Offering 64,000 square feet of exhibition and meeting space and adjoining the Oakland Marriott City Center, this convention center has an additional 25,000 square feet of flexible meeting space and 483 deluxe guest rooms.
- **Old Oakland** – A historic district with beautiful buildings and a thriving commercial strip. A Farmers' Market takes place every Friday.
- **Oakland Museum of California** – This is the state's only museum devoted to the arts, history and natural sciences of California. The Museum provides unique collections, rotating exhibitions and educational opportunities designed to generate a broader and deeper understanding of and interest in California's environment, history, art and people.
- **Oakland Zoo** – Founded in 1922 by naturalist Henry A. Snow, the Oakland Zoo is home to 850 native and exotic animals. The Zoo completed its \$72 million California Trail exhibit in July 2018, more than doubling its size. The Zoo is nationally known for its excellent elephant exhibit and has been praised for allowing its elephants to roam freely.
- **Paramount Theatre of the Arts** – This beautiful Art Deco theater opened in 1931 and was authentically restored in 1973. The theater hosts an impressive variety of popular attractions, including the Oakland East Bay Symphony, Broadway shows, R&B concerts, gospel performers, comedy, and special engagements.
- **Oakland's Western Aerospace Museum** – Located at the Airport's North Field, the museum showcases aviation history through special exhibits, multimedia presentations, hands-on displays incorporating 13 vintage airplanes, photographs, replicas and other artifacts, and classes for students of all ages.
- **Malonga Casquelourd Center for the Arts** – This restored 1920s building is a popular multicultural, multidisciplinary performing-arts complex sponsored by the city. The 400-seat theater and five rehearsal and class spaces showcase drama, ballet, and African and contemporary dance. Several long-standing arts organizations - Axis Dance Company, Bay Area Blues Society, CitiCentre Dance Theater, Dimensions Dance Theater, and Oakland Youth Orchestra - call the center home.
- **The Crucible** – Located in West Oakland, this non-profit educational facility fosters a collaboration of arts, industry and community. Through training in the fine and industrial arts, The Crucible promotes creative expression, reuse of materials and innovative design while serving as an accessible arts venue for the general public.
- **Oakland Ice Center** – Completed in 1995, this state-of-the-art facility located in downtown Oakland has one NHL-sized ice surface and one Olympic sized ice surface (200-by-100 feet). The facility accommodates ice hockey, figure skating, broomball, curling, speed skating, ice dancing and public skating sessions. The rooftop solar array uses sunshine to create the ice surface. The facility is operated by the San Jose Sharks of the NHL and hosts hundreds of events annually including National Championship hockey tournaments, over the top corporate events, birthday parties and more.
- **Oakland Urban Wine Trail & Ale Trail** – A trip to Oakland isn't complete without tasting a little local flavor on the Urban Wine Trail. Oakland's urban wineries are housed in renovated warehouse spaces, but the wine quality is second to none. Being so close to California wine country doesn't hurt either, as grapes are sourced from all over the state. Looking for locally produced drink options other than wine? Head out on the Oakland Ale Trail. This new breed of makers is developing flavor and style combinations that are making them stand out in the increasingly crowded world of American craft beer. There are currently 12 breweries in Oakland, with nine having tasting rooms open to the public.
- **Peralta Hacienda Historical Park** – The six-acre park and historic house form an arts and educational hub for local families and youth, and regional center for historical inquiry and discovery. See the footprints of two original adobe structures built in 1820 and 1840 as well as a reconstruction and outline of the hacienda wall dating from the Spanish and

Mexican eras. A local and state landmark listed on the National Register of Historic Places, the Peralta House (circa 1870) represents Spanish-speaking California on the cusp of a new era after the Gold Rush and annexation of California by the United States. It houses permanent and temporary exhibits.

● **Oakland Asian Cultural Center** - The Oakland Asian Cultural Center (OACC) was founded in 1984 by a coalition of volunteers who recognized the need for a strong artistic and cultural force in the Chinatown area. Since opening its own facility in 1996 in the heart of Oakland's Chinatown district, the OACC has presented countless high-quality cultural programs including performances, workshops, festivals, school tours, classes, and exhibitions.

● **Oakland Roots** - The Oakland Roots will join the United Soccer League (USL), the largest and fastest growing professional soccer organization in North America, for the 2021 season.

Budget Guide & Background

FY 2025-27 PROPOSED POLICY BUDGET

This Section Covers:

- A Budget Overview
- The City's Budget Process
- Budget Terms and Concepts

BUDGET OVERVIEW

The budget is the City's plan for how City revenue will be spent on services that support our community.

A balanced budget ensures our "revenues" (the amount of money the City brings in) are equal to or greater than our "expenditures" (the amount of money the City spends). While other cities and government agencies have different cycles, Oakland approves a budget every two fiscal years. The budget currently under consideration runs from July 1, 2025 through June 30, 2027. The State of California, and most cities, counties, and school districts use this same timeframe for their fiscal year.

What is the City's budget process?

From February to June, every other year, City staff, the Mayor and City Council work together to create a balanced budget by June 30, as required by law.

While the City's budget is adopted for a two year period, it is divided into two one-year spending plans. During the second year of the two-year budget cycle, the Mayor and City Council conduct a midcycle budget review to address variances in estimated revenues and expenditures and other changes to the City's financial condition.

How is the City's budget funded?

The City of Oakland's budget is funded through local taxes, service fees, grants, voter-approved bonds, and other sources. When you pay taxes, such as sales or property tax, a percentage comes to the City to fund local programs and services. For example, for every dollar that you pay in property tax, the City of Oakland receives a little less than 26 cents. The rest goes to other local government agencies like Alameda County, AC Transit, and Oakland Unified School District.

Many Government Agencies provide support for the Oakland community.

Together, we provide essential services and support to our community-- from maintaining roads, sewers, and parks to providing education, transit, and clean water.

Many of the services that Oaklanders care about such as public & mental health, water, education, transportation, and homeless services are not in the City's budget.

The City of Oakland's total average annual budget is approximately \$2.1 billion.

General purpose funds are generally supported by tax revenue and make up 36% of the City's budget. They are the most flexible with regards to what they can be spent on. The other 63% of the City's budget comes through grants and voter approved bonds and legally must be used for specific purposes; these are called restricted funds. For instance, the City's Measure KK funds may be used only for street and infrastructure improvements and affordable housing whereas the City's business tax revenues can be used for all governmental purposes. Expenditures can be divided by type (e.g., salaries, retirement contributions, debt service, supplies, capital projects, etc.), or by the department that spends them (e.g., Police, Fire, Library, Public Works, etc.).

To ensure that restricted revenues are used only for their intended purpose, the City accounts for its financial resources in different "funds." For instance, federal grants from the U.S. Department of Transportation for road construction are held in a different fund than revenues from the City's Public Safety & Services Measure.

In addition to the Adopted Policy Budget, the City also issues a Adopted Capital Improvement Program (CIP) for City Council consideration. The Policy Budget is the City's operating budget and includes the projected revenues and expenditures required to provide most City services. For instance, the operating budget includes revenues from general taxes which provides funding for police services, fire and emergency medical services, youth and recreation programs, library services, city administration, and other City needs.

The CIP, by contrast, presents planned expenditures for projects which will improve the City's infrastructure, buildings, and environment as well as major purchases such as land, buildings, and equipment. For example, the CIP includes water quality projects around Lake Merritt, complete repaving of streets and roads, construction of sewer infrastructure and construction or renovation of City buildings.

THE BIENNIAL BUDGET PROCESS

The budget process is the procedure through which the City formally develops, deliberates, and adopts its budget.

The budget process consists of several important stages:

1. Budget Development,
2. Budget Adoption, and
3. Budget Amendment.

The City's • **Consolidated Fiscal Policy, Ordinance 13487 C.M.S.**, provides the legal framework that guides the budget process and mandates that the City pass and adopt a balanced budget.

Budget Development

November-December: Baseline Budget Development

In the fall, the Finance Department develops a “baseline budget” which is a preliminary two-year budget that forecast revenues and expenditures based on the City's current level of staffing, program funding and policies. The baseline budget is the foundation upon which the proposed budget is developed. The Finance Department worked in conjunction with all City departments to create the baseline budget considering the latest economic projections and information on likely expenditure increases such as fringe benefit rates for retirement and health care. This forecast of expected revenue and expenditures in the baseline budget helps the City identify whether there will be an operating surplus or the need to address a funding shortfall.

March: Five-Year Financial Forecast Report

January-March: Internal Analysis

February-March: Community & Council Input

In accordance with the City's Consolidated Fiscal Policy, the Administration assesses stakeholder needs, concerns, and priorities prior to finalizing the Proposed Budget. This takes the form of a budget priorities poll administered to a statistically representative group of City residents developed in conjunction with the City's Budget Advisory Commission. The Councilmembers are also invited to provide a list of key expenditure priorities for the Mayor's consideration for the Proposed Policy Budget.

March-April: Proposed Budget Finalized

The City Administrator provides a preliminary budget proposal to the Mayor. The Mayor weighs options, conducts additional analysis, considers City Council, community, and other stakeholder input, and issues a final Proposed Policy Budget by May 1.

Budget Adoption

May-June: Community Input

The Administration and City Council conducts Community Budget Forums at varied times and in different neighborhoods across the City to inform residents of the Proposed Policy Budget. These meetings also provide a forum for City Councilmembers to obtain input from constituents on the FY 2025-27 budget priorities and to understand questions and concerns pertaining to the Mayor's Proposed Policy Budget.

May-June: Council Deliberations

Upon presentation of the Proposed Policy Budget, the Mayor and City Council conduct a series of public hearings to review the proposed budget in detail. The City Council receives additional information and responses to questions raised regarding the proposed budget and at this point in the process, Councilmembers can submit amendments to the Mayor's Proposed Policy Budget for discussion and consideration.

June: Council Budget Adoption

As required by the City Charter, the City Council must adopt a balanced budget by June 30, prior to the start of the fiscal year on July 1. The adopted budget provides a two-year appropriation authority for all funds, and first and second-year appropriations for the Capital Improvement Program (CIP). The CIP appropriations are outlined in two annual spending plans for FY 2025-27.

Budget Amendment

The City Council also has the authority to amend the budget throughout the two-year period. Any appropriation of new money or changes to the allocation of appropriations between funds or departments requires approval by the City Council. Transfers between divisions within a department, between spending accounts, or between projects may be made at the administrative level. These transfers may be authorized by the City Administrator, Finance Department, or department directors depending on the nature of the transfer.

BUDGET TERMS & CONCEPTS

Budgets & Fiscal Years

Budgets are plans for how organizations intend to use projected resources (revenues) for payment to perform operations or provide services (expenditures) over a defined time period. Budgets are prospective planning tools and must be balanced between revenues and expenditures within the defined time period. The key time period for the City of Oakland's budget (and other financial reports) is the fiscal year (FY). The City's fiscal year begins on July 1st and ends on June 30th of the following year. Fiscal years are generally expressed as follows: FY 2025-2026 begins July 1, 2025 and ends June 30, 2026. Fiscal Years may also be divided into quarters or monthly periods for reporting purposes. It is important to note that some grants awarded to the City may or may not synchronize with the City's fiscal year. These grants often follow a schedule based on the granting agency's fiscal period or other predetermined period as determined by the grant agreement.

The Oakland City Council adopts a biennial (two-year) balanced budget by June 30th of every odd-numbered year. For instance, the City Council will adopt the FY 2025-27 Biennial Budget by June 30, 2025.

Revenues

Revenues can be generally understood as the sources of income for the City and are divided into several categories or fund types. Tax revenues are largely unrestricted and are allocated to the General Purpose Fund. Grant revenues are restricted by the grant agreement and often require matching contributions from other sources. Special revenues include voter-approved measures and are restricted for a specific purpose. Revenue from fines and penalties are largely unrestricted and result from enforcement activities. Based on best practices and Council policy, one-time revenues (e.g., land sales) should not be used to support ongoing expenditures. Fee and Service Charge revenues support many City functions. The rate charged for fees and service charges is regulated by state law. Generally, fees may not exceed the cost of providing a service with a few exceptions. Fees are listed in the City's Master Fee Schedule, which is approved annually through a City Ordinance, but can be modified at any time with City Council's approval. The current [Master Fee Schedule](#) can be found on the City of Oakland website.

Revenues are budgeted and recorded into specific accounts. These accounts are aggregated for reporting into categories, such as property tax, fines & penalties, or service charges.

Expenditures

Expenditures reflect the costs associated with the provision of services and performance of operations by the City. There are two key categories of expenditures: personnel expenditures and operations & maintenance (O&M) expenditures. Personnel expenditures include the cost of paying City employees to perform various functions and provide services to the public. These costs include salaries, overtime, retirement, and healthcare costs. O&M expenditures include non-labor related costs and are processed through the City's contracting and purchasing systems. O&M expenditures include items such as contracts for services, supplies and materials, utilities, equipment purchases, and debt payments. Expenditures are budgeted and recorded into many different accounts. These accounts are aggregated for reporting purposes into broader categories that include salaries, retirement, debt payments, or capital expenditures, among others.

Funds and Fund Transfers

Funds are groups of revenue and expenditure accounts that must be balanced individually and separately. They function in the City's Budget like having separate bank accounts to track different personal finances. The City's Budget contains over 100 funds, the largest of which is the General Purpose Fund. The General Purpose Fund is unrestricted in its use. Other Funds normally have restrictions on the types of activities they support. These restrictions may be established by local ordinance, the City Charter, federal or state law, or grant agreements. The Policy Budget will often summarize information by General Purpose Fund and All Funds. All Funds sums up the General Purpose Fund and all other special funds.

In certain cases, monies may be transferred between City funds. For instance, 3% of the City's annual unrestricted General Purpose Fund revenues are required to be transferred between the General Purpose Fund and the Kids First! Fund to meet the requirements of the 2009 Kids First! ballot measure (Measure D). When a transfer occurs

between funds, the “sending” fund (where the transfer comes from) records an expenditure and the “receiving” fund (where the transfer goes to) records revenue. This is to ensure that the overall budget remains balanced.

Department & Organizational Structures

The City of Oakland is organized into various departments as defined in Section 2.29 of the Oakland Municipal Code. These departments are responsible for delivering the various external and internal services of the City. Departments are generally established by City Ordinance approved by the City Council. Several departments were established by the City Charter itself and generally include the name “Office” in the title. These include the Mayor’s Office, the City Attorney’s Office, and the City Administrator’s Office. Because departments are not funds, departmental revenue and expenditures may be contained in and/or attributed to one or more funds. Similarly, one fund may contain one or more departments’ revenue and expenditures. The relationships between funds and departments are illustrated in the departmental appropriations by fund tables on the [● Summary Table by Fund](#) page.

Both the budget and financial forecast documents include two quasi-departments: The Capital Improvement Program and Non-Departmental. These two groups are distinguished from traditional departments in that they do not have operational staff attributed to them. These groups are used to record various inter-departmental projects and citywide costs, such as debt service, legally required fund transfers, or major infrastructure projects.

Internal Service Funds

The City uses Internal Service Funds to charge departments for services that are provided between City departments and are considered a part of the centralized support the departments need in order to complete their work. For example, the Oakland Police Department (OPD) requires vehicles to operate. These vehicles also need routine maintenance. OPD pays the Oakland Public Works (OPW) department to maintain its vehicles. Other departments do this too. Other Internal Service Funds include facilities, telephones, printing, etc. The City has each Internal Service Fund apportion costs across departments and funds at a rate that is determined to be the cost of providing this service.

Overhead Rates

Overhead rates are used to recover costs of certain administrative functions like accounting, cash management, and information technology, which can be difficult to allocate to specific funds, functions, or projects. The City utilizes an outside actuarial consultant to review rates and methodologies for its overhead rates. Overhead charges are budgeted and recorded as expenditures in any given fund, while overhead recoveries are budgeted and recorded as revenue in the overhead fund supporting the relevant administrative function.

For example, the Oakland Public Works (OPW) Department has a centralized fiscal and human resources staff. Costs for HR staff are budgeted and recorded as expenditures in the funds receiving support from OPW fiscal and human resources, based on the payroll (i.e., charged personnel) within those funds and a calculated overhead rate. Overhead recoveries are then budgeted and recorded as revenues in the OPW overhead fund to offset the costs of OPW fiscal and human resources staff.

Fund Balances & Reserves

At the end of each fiscal year, each fund's revenue collections are compared against incurred expenditures. If there were greater expenditures than revenues, then that difference is reduced from the "fund balance." A negative fund balance occurs when cumulative fund expenditures exceed cumulative fund revenues. By contrast a positive fund balance exists when cumulative revenues exceed cumulative fund expenditures. When revenues are more than expenditures, a surplus occurs, which is added to that fund's fund balance.

If a positive fund balance is restricted or earmarked in its usage, it is often termed as 'reserved.' For instance, the General Purpose Fund has a 7.5 percent Emergency Reserve for unanticipated and insurmountable events. Therefore, the City Council may be required to direct funds from the positive fund balance to support the Emergency Reserve. Other funds may have a positive fund balance that must be reserved to support the purpose of that individual fund. This may include future anticipated expenditure needs such as equipment replacements, or future costs associated with a multi-year project.

Budget Balancing

The term 'balanced' refers to when all projected revenues are equal to all projected expenditures in a budget or forecast. If projected revenues exceed projected expenditures, then the budget or forecast is said to have a projected surplus. If projected expenditures exceed projected revenues, then there is a projected shortfall. By policy, the City Council must adopt a balanced budget.

A structural imbalance occurs when there is a difference between ongoing revenues and expenditures where they do not match and balance. . A budget that uses one-time revenues to pay for ongoing expenditures may be balanced over the fiscal period but suffers from a structural imbalance: in this case a structural shortfall. By contrast if ongoing revenues exceed ongoing expenditures, a budget may have a structural surplus.

Assets & Liabilities

Assets are tangible and intangible items that hold value and include City cash, investments, buildings, land, and equipment. Assets can be divided into two types: current and long-term/fixed assets. Current assets include cash, receivables, and short-term investments. Long-term and fixed assets include things such as long-term investments, property, plant, and equipment that have value, but cannot be quickly converted into cash.

Liabilities are monetary amounts that the City is obligated to pay based upon prior events, transactions, or other financial commitments. . For example, if the City owes money resulting from borrowing or issuing debt (e.g., bonds), those would be considered liabilities. Liabilities can also be divided into two types: current liabilities and long-term liabilities. Current liabilities are those that the City expects to pay within a one-year period. This includes wages paid to active employees for hours worked, or bills for utilities. Long-term liabilities are obligations that the City will pay out over time, such as pensions, retiree medical obligations, and long-term debt service.

Unfunded Actuarial Accrued Liability (UAAL), or Unfunded Liability, is often mentioned in conjunction with government finances. UAAL is defined by the State Actuarial Standards Board as "the excess of the actuarial accrued liability over the actuarial value of assets". Simply put, it is the amount that an entity is projected to owe that is not covered by projected future payments under a specific payment methodology, or by assets currently

held by the entity. Unfunded Liabilities typically refer to the City's future pension and retiree healthcare costs for which the City does not have sufficient funds to cover.

Financial Reports & Actuals

"Actuals" are recorded revenues and expenditures that have occurred over a defined period. While budgetary values are projected prior to the close of a fiscal period, actuals are recorded after the fact. A financial report is a statement of actuals and accruals. Actuals can be divided into two categories: unaudited and audited. Unaudited actuals include those items reported in the City's Quarterly Revenue & Expenditure Reports. This financial data is distinguished from audited actuals in that they have not been evaluated by an independent financial auditor. The City has an independent financial audit conducted following the close of each fiscal year to provide an independent opinion as to whether the City's financial statements are stated in accordance with General Accepted Accounting Principles (GAAP). The audited actuals are presented in the Annual Comprehensive Financial Report.

Budget Process Enhancements

FY 2025-27 PROPOSED POLICY BUDGET

PROCESS IMPROVEMENTS

This budget cycle, the City undertook four initiatives to improve its budget process. Several of these initiatives expanded on innovations the City started in its [FY 2021-23 Biennial Budget cycle](#). They were chosen in large part because they advanced the City's overall mission to increase transparency, equity, and efficiency. They were also undertaken during a time when the City's Finance Department was projecting the most severe deficits the City has seen in the 21st century. The City invested in these initiatives to transform the way the City develops and evaluates budget proposals through moving its decision-making process to be guided more and more by robust data and comprehensive analysis on fiscal and service impacts.

OPENGOV ONLINE PLATFORM

In an effort to increase transparency, the City is utilizing the OpenGov platform to present its entire budget in an online interactive website. Most tables and graphs on the platform allow the reader to drill-down, pivot, and even extract budget data. The next step in utilizing OpenGov will be to develop an interactive exploration of in-year revenue & expenditure data. The OpenGov platform will support the public monitoring of the City's finances, including analyzing its spending and revenue-generating trends. During this biennial budget, the City implemented OpenGov solutions to allow for deeper exploration of the Capital Improvements Program.

Integrating Equity Into The Budget Process

The City made a commitment to advancing racial equity citywide when it created the Department of Race & Equity in 2016. The City defines equity as integrating the principle of "fair and just" in all the City does in order to achieve equitable opportunities for all people and communities. Due to the extensive racial disparities that exist for Oakland's Black, Indigenous, People of Color (BIPOC) communities, pursuing equity work also involves improving life outcomes for the City's BIPOC communities. The City's budget is where the City can make major strides to advance equity through the budget choices that are made. In the FY 2021-23 Biennial Budget cycle, the City began an intentional effort to reshape our budget approach to support this vision. It required the development of new tools, targeted capacity building for City staff and a steep learning curve for all. For the FY2023-25 Biennial Budget Cycle, the City built upon the process it created in the prior cycle. The FY 2025-27 budget will be the third biennial cycle in which departments have included equity considerations as part of their budget submission. With the growing experience using the equity tools provided in previous cycles, it has become standard for departments to factor in equity impacts in the development of their proposals.

The Budget Bureau received departments' budget proposals in of February that included equity statements of their proposed budget changes. For the department budget hearings that the Mayor and City Administrator scheduled in April, departments were asked to provide equity assessments along with their proposed changes. This budget contains equity impact statements for the significant changes that affected service delivery.

The next phase of integrating equity into the budget begins when the City's Budget Book is published in May. From this point forward, City Council will provide its input on the City's budget, including offering budget amendments, hosting public hearings, and ultimately voting on the final budget. The Department of Race & Equity and Budget Bureau will support the Council in using equity as a part of their budget deliberations. The Budget Bureau and Department of Race & Equity will work closely with the Mayor and City Council to provide them with relevant data, when available, to further support them in their budget decisions through this last phase of the budget process where the budget needs to be adopted by June 30th.

Service Inventory & Performance Metrics

In the prior FY 2021-23 Biennial cycle, the Budget Bureau designed a service inventory process to catalog all the work that departments do as a part of fulfilling their mission. Completing a service inventory is a business practice similar to completing a product inventory where it supports performance improvements and improves organizational capacity. The Budget bureau condensed each department's service inventory to share on their individual page in OpenGov. This service inventory is the first step in systematically linking the services provided by the City to long term desired policy outcomes. The inventory will also help to facilitate additional data collection, including data around the equitable provision of services.

For the FY 2023-25 Biennial cycle, the Budget Bureau proceeded to the next step of this work, which was to create performance metrics for departments to measure how they're providing services to Oakland residents and to identify what kind of outcomes would be considered successful. Departments submitted their draft of their performance metrics in February along with their department proposals. The Budget Bureau reviewed their drafts and gave feedback on their performance metrics where needed so the performance metrics could be concrete, time-bound, and realistic. Departments provided revised performance metrics in April. The Budget Bureau is including these preliminary performance metrics as a part of its online book. The Budget Bureau, working in concert with the Department of Race & Equity, asked for further departmental revision to provide specific targets for the FY23-24 fiscal year, and more clearly link equity outcomes to their data collection efforts on a subset of the previously submitted performance metrics.

The City continues to refine performance metrics process for the FY 2025-27 budget cycle, with a specific focus on disaggregating data by geography and demographics. This is an important step toward understanding how services are distributed across different communities and identifying disparities in service delivery. Although disaggregation data is not fully available, the goal is to work with City departments to enhance data collection methods in order to capture this level of detail in the future. In addition, departments were asked to update their service inventory and create performance measures for each external service they provide. These measures will be published as part of the adopted budget on the respective departmental pages.

This is a major step in the City getting closer to linking services the City provides to long term desired policy outcomes. In subsequent cycles, the Budget Bureau will expand on its performance metrics work to ensure they measure success using racial equity principles. This will ultimately support the City's efforts to operationalize

racial equity in every City department so that their service delivery and management decisions are made with an eye of advancing racial equity for Oakland's Black, Indigenous, and People of Color (BIPOC) communities who have been historically disenfranchised and underserved.

Contracts and Grants Inventory Collection

For the FY 2025-27 Biennial cycle, the City is providing a list of contracts and grants for each department citywide. The Budget Bureau designed a contract and grants inventory collection process to catalog all the work that departments do as a part of their service delivery and operations. Departments submitted their draft of their contracts and grants in February along with their department proposals. These submissions are being included as part of the online budget book. Providing this information enhances public access to how funds are allocated and how they are being used for contract services. Contracts and grants represent the largest component of operations & maintenance (O&M) spending, making it essential to have this information readily accessible. This is an important initial step that the City can build upon and refine to enhance transparency and accountability in City spending.

Public Input & Community Engagement

FY 2025-27 PROPOSED POLICY BUDGET

COMMUNITY BUDGET SURVEY

Due to budget constraints, the City did not have funding available for an outside consultant to develop the 2025 City of Oakland Budget Priorities Survey as mandated by the Consolidated Fiscal Policy. Budget Advisory Commission (BAC) members created and fielded the survey as volunteers. The survey was primarily administered online, plus in-person collection with people living outside, over the month of January. A total of 6,748 community members responded. The full results of the poll are available [here](#).

COMMUNITY BUDGET FORUMS

The Mayor and City Council welcome community suggestions, comments, and questions on the Fiscal Year 2025-27 Policy Budget. Community input is a key element of the budget development process. Residents are encouraged to contact their Councilmember by email or telephone. In addition, several public meetings are held to review the budget and provide an opportunity for input and questions. The Budget season kicked off with the initial retreat held virtually on March 7, 2023.

District 1 CM Zac Unger

Date: Thursday, May 22, 2025
Time: 5:30-7:00pm
Location: Temescal Works
490 43rd St.
Oakland, CA 94609

District 2 & At-Large CM Rebecca Kaplan & CM Rowena Brown

Date: Wednesday, May 28, 2025
Time: 5:30-7:00pm
Location: TBA

District 3 CM Carroll Fife

Date: Saturday, May 31, 2025
Time: 12:30-2:00pm
Location: TBA

**District 4
CM Janani
Ramachandran**

Date: Wednesday, May 21, 2025
Time: 6:00-7:30pm
Location: TBA

**District 5
CM Noel Gallo**

Date: Saturday, May 31, 2025
Time: 10:30am-12:00pm
Location: Cesar Chavez Library
3301 E 12th St. #271
Oakland, CA 94601

**District 6
CM Kevin Jenkins**

Date: Thursday, May 15, 2025
Time: 5:30-7:00pm
Location: TBA

**District 7
CM Ken Houston**

Date: Wednesday, May 14, 2025
Time: 6:00-7:30pm
Location: 81st Ave. Library
1021 81st Ave.
Oakland, CA 94621

CITY COUNCIL BUDGET MEETINGS

City Council Budget meetings are held at Oakland City Hall, One Frank Ogawa Plaza, 3rd Floor; and may be viewed on KTOP – TV 10. Since the pandemic, the City Council meetings have been held virtually via Zoom. You may access and join the City Council Meetings, view the City Council calendar, meeting agendas, minutes, and recordings on the City's Legistar web portal (● <https://oakland.legistar.com/Calendar.aspx>).

Dates and times of the City Council Budget Meetings:

Date: TBA
Time: TBA
Location: Oakland City Hall, One Frank Ogawa Plaza, 3rd Floor

Forecasting Methodology & Budgeting Basis

FY 2025-27 PROPOSED POLICY BUDGET

CITY REVENUE EXPENDITURE FORECAST METHODOLOGY

The City prepares revenue and expenditure forecasts for its biennial budget. The forecasts are based on:

- current expenditure spending
- revenue collection trends
- historical budgetary performance
- prevailing general economic conditions
- department input

A detailed forecast is prepared for the General Purpose Fund (GPF) and for other selected funds.

To prepare the forecast, a comprehensive analysis of the City's revenues and expenditures is performed. These major components are projected into the two-to-five-year period based on various relevant assumptions. For example, projections for property tax, the single largest source of revenue for the City's General Purpose Fund (GPF), are made based on the projected growth in the net assessed value of local property and projected changes to the tax delinquency rate. Similarly, a forecast of expenditures is performed by separately analyzing individual expenditure categories (e.g., salaries, retirement, benefits, utility expenses, etc.) based on projected cost increases (e.g., pay/step increases, PERS retirement rates, benefit cost inflation, energy prices, etc.).

FORECASTING TECHNIQUES

Citywide revenues and expenditures are projected using two forecasting techniques: qualitative analysis and quantitative analysis.

Qualitative Analysis

This analysis projects future revenues and/or expenditures using non-statistical techniques. These techniques rely on human judgement rather than statistical analysis to arrive at revenue projections. Qualitative forecasting is essential for projecting revenue or expenditure components that are unstable, volatile, or for which there is limited historical information. To facilitate sound qualitative analysis, the City of Oakland seeks input from outside experts in economic forecasting, municipal finance, and other relevant fields. Just two examples of this are the City's reliance on the League of Cities' analysis and recommendations relating to legislative issues impacting cities, and the Legislative Analyst Office for their expertise and analysis of the State of California budgetary issues that may potentially affect the City of Oakland.

Quantitative Analysis

This involves looking at data to understand historical trends and causal relationships. One type of quantitative analysis is a *time series analysis* which is based on data that has been collected over time and can be shown chronologically on graphs. When using time series techniques, the forecaster is especially interested in seasonal fluctuations that occur within one year, the nature of the multi-year cycles, and the nature of any possible long-term trends. *Causal analysis* is another type of quantitative analysis which deals with the historical inter-relationships between two or more variables. One or more predictors, directly or indirectly, influences the future of revenue or expenditure. The causal forecasting techniques are predicated upon selecting the correct independent variables, correctly defining their interrelationship to the dependent variable, i.e., the projected revenue or expenditure item, and finally, collecting accurate data.

REVENUE FORECAST

Citywide revenues are projected using dynamic forecasting that anticipates changes in revenues triggered by new economic development, economic growth, changes in the levels of service of departments and agencies, (in the case of Master Fee Schedule changes approved by the City Council), changes in governmental policies at the state or federal level, and various economic and demographic changes. The purpose of this dynamic forecast is to demonstrate the potential impact of various events and actions on the selected revenue sources. Under this scenario:

- *Tax Revenues* are projected to grow at rates that are responsive to dynamic forces in the economy. Generally, the assumption is the local economy will be affected by national and state trends, with some deviation expected due to specific characteristics of regional businesses and labor markets.
- *Fee increases* will likely follow projected inflation and changes in the local population due to increased service costs and changes in demand.
- Any known or anticipated changes in revenues as a result of potential changes in state revenue streams and/or legislation are reflected in the analysis.

The revenue forecast considers a variety of *economic factors and trends* including changes in economic growth, income, sales, and Consumer Price Index (CPI) among other factors. Anticipated changes in *State or local policy* are also considered.

EXPENDITURE FORECAST

Forecasting the City's expenditures involves analyzing future costs at the department level and by category. The expenditure forecast begins with the *baseline budget* which represents the cost of maintaining the current level of services while considering all unavoidable costs necessary to continue at that current level. Examples of unavoidable costs are pre-negotiated MOU salary levels as well as health care and retirement costs that the City pays on behalf of its employees.

The baseline budget is then modified to reflect changes to programs and services that the Mayor and the City Administrator recommend as part of the Proposed Budget. These modifications might include additions or reductions in any of the categories discussed above. Changes to debt service are made based on changes in the City's debt payment schedules.

The expenditure forecast follows the guidance of the Government Finance Officers Association (GFOA) which recommends that expenditures be grouped into units of analysis that are meaningful to the organization such as departments and standard budget categories of expenditures. As such, staff grouped proposed budget expenditures by department and by expenditure category consistent with the City's chart of accounts. Future expenditures are forecasted for the FY 2025-27 Proposed Budget. This forecast generally assumes that expenditures will only grow due to inflationary cost escalation. Costs also change due to modifications in service or staffing levels as described in the "Significant Changes" summary for each department and "Service Impacts" section.

BASIS OF BUDGETING

The City of Oakland's basis of budgeting for its major fund groups (General Funds, Special Revenue Funds, Enterprise Funds, Internal Service Funds and Capital Project Funds) are the Generally Accepted Accounting Principles (GAAP), and the *modified accrual basis of accounting*.

Revenues are budgeted according to when they are both measurable and available. Revenues are considered available when they are collected within the fiscal current year, or soon enough thereafter to pay liabilities of the current period. The City considers property tax revenues to be available for the year levied if they are collected within 60 days of the end of the current fiscal year. All other revenues are considered available if they are collected within 60 days of the end of the current fiscal year.

Expenditures are budgeted according to when the liability is incurred, regardless of the timing of related cash flows. The exceptions are debt service, compensated absences, and claims and judgments, which are budgeted as expenditures according to when the payments are due. The City's basis of budgeting is the same as the basis of accounting used in the City's audited financial statements, the Annual Comprehensive Financial Report.

Service Impacts

FY 2025-27 PROPOSED POLICY BUDGET

The following service enhancements and reductions are included in the Fiscal Year (FY) 2025-27 Proposed Policy Budget.

Mayor

The Mayor's Office is bringing the full staff compliment of 12 positions to Special Assistant to the Mayor III.

Council

City Council is maintaining its current budget with no significant changes. As such, there are no anticipated service impacts. No equity analysis needed.

City Administrator

Enhancements

1. Reassigns 1.0 FTE Assistant to the City Administrator position to be fully funded by Fund 2430, to implement the Equitable Lead Hazard Abatement Program (ELHAP) in coordination with City departments including Planning & Building and Housing & Community Development, and Alameda County. The lead settlement funds are to be spent in the City of Oakland for lead poisoning prevention purposes. From the \$14M in settlement funds allocated to Oakland, 20% of the funds are allocated to fund work pursuant to recommendations in the Racial Equity Impact Analysis, "Eliminating Lead Paint Hazards in Oakland & Alameda County" (September 2021).
 - Equity Consideration: This position's work will be guided by the recommendations of the 2021 Racial Equity Impact Analysis, and ELHAP's services will prioritize serving at-risk communities, remedy barriers to resources, ensure lead hazards are expeditiously removed from homes in vulnerable communities, and bolster local economic resilience.
2. Adds \$405,235 in contract services to maintain Excess Litter Fee (ELF) contracts for weekly litter abatement and cleanup throughout Oakland, particularly in business corridors with establishments such as fast-food businesses, convenience markets, gasoline station markets and liquor stores, which pay the ELF to the City each year. The purpose of the ELF program is to maintain safe, clean and sanitary streets, sidewalks, and public spaces by assessing a fee on businesses known to generate particularly high amounts of disposable materials that end up as trash and litter on the streets. The amount of the annual excess litter fee is determined by the businesses' classification and annual gross receipts.

- Equity Consideration: The staff hired to conduct litter abatement and beautification under the ELF program are justice-impacted Oakland residents. The program is designed to connect staff with immediate temporary employment opportunities that allow for the development of additional hard and soft skills needed for reentering the workforce.

Reductions

1. Reduces the CAO's supplies budget for items including office supplies, minor computer hardware and software, postage and mailing, food and bottled water, registration and tuition, and travel expenditures by \$132,000 annually.
 - Equity Consideration: The reduction in administrative/clerical O&M funds may impact CAO operations, however with a reduction and staff and ongoing hiring freeze, the department does not anticipate needing these funds due to increased staffing in the next two fiscal years.
2. Reduces O&M in Sustainability program's food and bottled water, miscellaneous travel expenditures, and City memberships and dues budgets by \$4,000. In addition, requests a total of \$84,000 annually for professional and miscellaneous contract services, which is a \$135,356 reduction in these categories from the FY 2024-25 Adopted Midcycle. Staff will continue to pursue grant opportunities to offset these reductions, maintain community partnerships/programs, and continue implementing 40 Actions detailed in the Equitable Climate Action Plan (ECAP).
 - Equity Consideration: While this program has successfully applied for and received millions in grant funds from the state and federal governments to date, if future grant opportunities are reduced or eliminated during the FY 2025-27 biennial, staff may not be able to offset the gap created by the proposed reduction in professional/miscellaneous services funding. This could result in projects being scaled-back or suspended and delay the City's progress implementing the 40 ECAP Actions to improve Oakland's climate resilience, advance equity, and reduce local greenhouse gas emissions. Staff are examining all possible partnerships and sources of grant funding, and continue to refer to the ECAP Racial Equity Impact Assessment and Implementation Guide to identify specific frontline communities most likely to be impacted and create specific action plans to prevent further increasing disparities in areas such as health outcomes, jobs, and housing security, in those communities.
3. Deletes 1.0 FTE Program Analyst III in CAO, position is proposed to be added (transferred) in the Oakland Department of Transportation and freezes 1.00 FTE Architectural Associate (Field) position until grant funding is available in Org 02171. Reduces division's food and water budget by \$1,000 annually, and requests \$15,000 for professional services for ADA compliance review of CIP and other infrastructure and paving projects. ADA Programs staff will partner with department staff to maintain ADA compliance review of capital projects.
 - Equity Consideration: Through close coordination between the CAO and other departments, ADA Programs division staff aim to prevent interruptions in service, including in project compliance review. With decreased staffing, ADA Programs division may have longer project review timelines, especially if O&M for consultant support is no longer available.
4. Eliminates 1.0 FTE filled City Administrator Analyst position, the remaining 1.00 FTE filled Assistant to the City Administrator (Inclusive Community Engagement Officer) position will absorb the technical/administrative duties.
 - Equity Consideration: The City Administrator Analyst position has assisted in the implementation the Inclusive Community Engagement program in the CAO, the elimination of this technical support and guidance for departments is likely to impact the City's public outreach and communication; these impacts may be felt most acutely by communities that don't have regular access to technology resources, non-English speakers, and other vulnerable groups.

5. Deletes 1.0 FTE vacant Assistant to the City Administrator position responsible for convening and/or managing multiple interdepartmental and inter-agency working groups. Existing CAO staff will absorb this responsibility but may not have the capacity to convene these working groups as frequently.
 - Equity Consideration: The elimination of this role may, at least in the near-term, result in decreased communication and coordination between existing internal and external working groups, and in the absence of consistent information sharing between groups there is an increased chance of issues occurring such as lack of sufficient public outreach about a project or service. This is likely to disproportionately impact lower income, non-English speaking, and/or unhoused residents and others who no longer receive timely, accessible information about planned future projects and activities, changes to services, or other actions that could have a personal impact on their lives.

City Attorney

Enhancements

1. Restores 1.0 FTE Legal Administrative Assistant. This position provides legal administrative support to the Attorney's.
 - Equity Consideration: The equity consideration for this item has not yet been analyzed.

City Auditor

Enhancements

1. Adds 1.0 FTE Senior Performance Auditor in FY 2026-27 for Measure NN requirement.
 - Equity Consideration: The equity consideration for this item has not yet been analyzed.
2. Adds \$460,923 in Contracts to outsource Audit Services and \$50,000 for the Master Fellows program across both fiscal years.
 - Equity Consideration: Over the years, the City Council has asked the City Auditor to conduct audits and investigations on various areas of concern, including homelessness services, encampment management interventions and activities, the City's failure to meet the deadline for the State of California's organized retail theft prevention grant, and citywide pay equity, among others. Most of these audits focused on equity issues, and due to limited staffing, the completion of the reports took longer than anticipated. For example, the City Council requested a Citywide Pay Equity audit in 2022, which was published in late 2024. Addressing equity issues promptly is crucial because it prevents the problems from escalating, causing more significant harm and systemic inequalities, allowing for earlier interventions to support those affected by inequities.

Reductions

1. Freezes Vacant 1.0 FTE Performance Auditor in FY 2026-27 and Vacant 1.0 FTE Performance Audit Manager in both fiscal years. The decision to freeze 1.0 FTE Performance Auditor position in FY25-26 and 1.0 FTE Performance Audit Manager position increases the workload of our Performance Auditors, which will lead to delays in completing other critical audit reports that may address equity issues and need to be remedied timely.
 - Equity Consideration: Our Office is committed to integrating equity considerations into our audit planning process. Audits that emphasize equity have the potential to uncover systemic issues within government programs and services, enabling management to enhance outcomes for Oakland residents. To ensure the timely completion of our reports, we request that the administration provide funding for \$460k to

contract with a local firm to help us complete our mandated recurring audits even when our Office is short of its minimum staffing levels.

City Clerk

Enhancements

1. Adds 1.0 FTE Legislative Recorder to support increased volume of City Council, committee, and commission meetings. This position will ensure timely and accurate preparation of meeting minutes, legislative records, and public notices.
 - Equity Consideration: The proposed staffing enhancements will advance equity in government transparency, access to public information, and inclusive civic engagement. Without this addition the department will face continued delays, reduced public access to records and decreased ability to support the City's government infrastructure effectively.
2. Adds 1.0 FTE Cable TV Assistant to strengthen the City's capacity to record public meetings, hearings, and other civic events. This role ensures technical reliability and greater access for residents through broadcast and online platforms.
 - Equity Consideration: The proposed staffing enhancements will advance equity in government transparency, access to public information, and inclusive civic engagement. Without this addition the department will face continued delays, reduced public access to meetings and decreased ability to support the City's government infrastructure effectively.
3. Unfreezes 1.0 FTE Executive Assistant to the Director this will restore essential executive level support to the City Clerk and improve responsiveness both internally and to the public, especially managing sensitive and time-sensitive administrative matters.
 - Equity Consideration: Restoring this position will enhance the City Clerk's administrative efficiency and ability to support equitable service delivery. This position provides essential coordination, communication, and scheduling to support the departments internal operations, cross-departmental operations, and public inquiries.
4. Unfreezes 1.0 FTE Administrative Analyst I to provide critical policy and operational support.
 - Equity Consideration: Restoring this position will help with critical operation capacity to support equitable access to public records, legislative transparency, and civic engagement. Restoring this position enhances the City Clerk's ability to support the City's government infrastructure effectively.

Reductions

1. Freezes 1.0 FTE Cable Operations Technician freezing this position reflects a strategic reallocation of resources due to budgetary constraints. This may impact coverage for the increasing number of meetings.
 - Equity Consideration: Freezing this position may reduce the capacity or delay the City's ability to deliver uninterrupted public meeting access, particularly affecting residents who rely on televised or online broadcasts due to transportation, disability, or scheduling barriers.

Police Commission

Reductions

1. Deletes 1.0 FTE vacant Administrative Analyst II. Position created for FY23-25 Biennial and never filled. There is no direct service impact.

- Equity Consideration: Deleting the Administrative Analyst II position weakens OPC's ability to perform critical fiscal operations, including budgeting, grant reporting, financial oversight, and fund management. This reduction limits transparency, financial accountability, and the equitable allocation of resources for police oversight.
2. Reduces O&M by \$368,000 by both increasing basic operating funding and decreasing contracts for legal fees to \$125,000.
 - Equity Consideration: While OPC has taken proactive steps to align with city budget reduction mandates, these measures introduce operational and equity-related challenges that could hinder its ability to provide independent and effective police oversight. The constraints disproportionately affect marginalized communities by reducing legal resources, limiting engagement opportunities, and decreasing operational responsiveness. Additional funding considerations must be explored to ensure that critical oversight functions are not compromised, particularly for historically underserved populations that rely on the commission's work.

Inspector General

Enhancements

1. Adds contract amount of \$122,500 for a qualified firm to conduct essential audits, evaluations and reviews of OPD and CPRA.
 - Equity Consideration: Additional funding considerations must be explored to ensure that critical oversight functions are not compromised, particularly for historically underserved populations and marginalized communities that rely on the OIG's work.

Reductions

1. Deletes 4.0 FTE vacant positions: 1.0 FTE Inspector General Policy Analyst; 1.0 FTE Inspector General Prog & Perf Audit Mgr; and 2.0 FTE Inspector General Program & Perf Auditor. There is no direct service impact
 - Equity Consideration: There is no discernible equity impact from this action.

Public Ethics Commission

Enhancements

1. Adds 1.0 FTE Ethics Analyst I.
 - Equity Consideration: Replacing an Administrative Assistant with an Ethics Analyst I, the PEC will gain additional capacity to support its core services. Currently, the Administrative Assistant assists with Enforcement complaint intake and other administrative tasks. Upgrading the position to Ethics Analyst will enable this position to provide greater support for the Commission's compliance activities, freeing up additional staff capacity in the enforcement and regulatory programs to conduct investigations or provide greater client support. The proposed enhancement in enforcement program resources will enable more timely resolution of matters before the Commission, impacting complainants, who are often at a power imbalance with the respondent, and the PEC is a way for them to ensure that government ethics laws are holding people in power accountable and ensuring access for those outside of government.
2. Adds 1.0 FTE Ethics Investigator
 - Equity Consideration: The proposed enhancement in enforcement program resources will enable more timely resolution of matters before the Commission, impacting complainants, who are often at a power imbalance with the respondent, and the PEC is a way for them to ensure that government ethics laws are holding people in power accountable and ensuring access for those outside of government. Adding a

second Ethics Investigator will improve the Commission's capacity to investigate and resolve ethics complaints.

3. Adds 1.0 FTE part-time Law Clerk/Management Intern

- Equity Consideration: The proposed enhancement in enforcement program resources will enable more timely resolution of matters before the Commission, impacting complainants, who are often at a power imbalance with the respondent, and the PEC is a way for them to ensure that government ethics laws are holding people in power accountable and ensuring access for those outside of government. Law clerks provide additional enforcement capacity by conducting, with supervision, basic investigation and legal research services.

4. Adds \$21,560 in O&M in FY25-26 and \$13,291 in O&M in FY26-27 to provide additional support to the PEC's enforcement program, including for subpoena services, administrative hearings, and investigatory contract services.

- Equity Consideration: The hiring of an outside hearing officer, typically an Administrative Law Judge, helps to ensure fair treatment of all parties in the adjudication of especially complex complaints.

Reductions

1. Deletes 1.0 FTE Administrative Assistant II.

- Equity Consideration: Replacing an Administrative Assistant with an Ethics Analyst I, the PEC will gain additional capacity to support its core services. Currently, the Administrative Assistant assists with Enforcement complaint intake and other administrative tasks. Upgrading the position to Ethics Analyst will enable this position to provide greater support for the Commission's compliance activities, freeing up additional staff capacity in the enforcement and regulatory programs to conduct investigations or provide greater client support.

2. Reduces approximately \$155,000 over both years for the City's Limited Public Financing Program.

- Equity Consideration: Age, race and income are strong predictors of political participation, including voting and donating to campaigns. Eliminating all public financing funding will have a greater impact on candidates who are not personally wealthy or connected to networks of wealth and are therefore more reliant on the City's public financing program to run a competitive campaign. Because Oakland's campaign donor base comes disproportionately from whiter and richer communities in Oakland, cutting this support may disproportionately impact candidates whose main support is from more diverse and lower-income communities.

Race & Equity

Reductions

1. Deletes 1.0 FTE vacant Executive Assistant to the Director. This will cause slower administrative coordination in all activities, reduction of technical support and on-call response capacity to accommodate adding administrative tasks to workplan for Director and Program Analysts.

- Equity Consideration: DRE activities impact the whole City and equity work in all departments. As this change will cut into the time for work with department staff and leadership, as well as potentially impacting support for large ongoing projects and emerging concerns. Ultimately this reduction of technical activity will slow the City's equity progress, result in missed opportunities and ultimately less equity improvement in serving communities most impacted by racial disparities

Workplace & Employment Standards

Enhancements

1. Adds 1.0 FTE Data Analyst and 1.0 FTE Administrative Analyst II in Administration and Restores 1.0 FTE Administrative Services Manager I. These new competencies and capacities will enable DWES to assess whether programs and services are meeting the spirit and letter of the laws and policies that created them and inform strategies with quantitative and qualitative data.
 - Equity Consideration: This proposal serves the City's Equity in Service Delivery goal and the Efficiency and Effectiveness goals by add capacity to reporting for public accountability and improving communications so that our constituents and colleagues feel heard and understood when they interact with DWES. These proposals will improve accountability towards equity goals by staffing the performance management unit with a Data Analyst whose work will carry out the new mandates for reporting on the Construction Workforce and the Local/Small Local Business Program. The Administrative Services Manager I will coordinate contract closeouts and collection of fees. Both positions will guide staff in using technology and performance measures to improve their work.
2. Adds 3.0 FTE Labor Complaint Investigators in Workplace Standards in FY 2026-27. Creating a Labor Complaint Investigator series fits the work of investigating, building legal cases, and knowledge of labor and employment laws. The current Contract Compliance series is a mismatch for the work and subject.
 - Equity Consideration: Revising the service model to focus on investigating and building cases ready for legal enforcement would benefit the diverse population of low income, vulnerable workers that disproportionately subjected to wage theft, paid sick leave, and workplace safety violations.
3. Adds 1.0 FTE Contract Compliance Supervisor. Adding a supervisory position with selective certification would help distinguish the position from more generalist positions in the series and also parallel the staffing structure on the Business Inclusion team.
 - Equity Consideration: The equity consideration for this item has not yet been analyzed.
4. Unfreezes 1.0 FTE Management Assistant. The Management Assistant fulfils a critical coordination and quality assurance role to prevent re-work that slows down the contracting process across all City departments. With this proposal, DWES will have a total of two positions and can develop specializations to understand the business needs specific to the services that the City purchases. This will further enhance the City's capacity to understand availability of firm and improve local business and local employment participation. Management Assistants will allow DWES to implement Service Level Agreements for all compliance-related activities ensuring DWES no longer acts as a bottleneck during the lifecycle of contracts.
 - Equity Consideration: Improvements in the efficiency in administering the contracting process would help ensure vendors are being paid promptly and not spending excessive amounts of their staff time in back-and-forth communications with city staff. Small businesses are less able to absorb these unnecessary costs of doing business.
5. Restores \$200,000 in FY2025-26 and \$210,000 in FY2026-27 for the Fair Labor Oakland (FLO) grant to provide the community with workers' rights outreach and education.
 - Equity Consideration: Restoring the grant to Fair Labor Oakland (FLO) would enable Centro Legal and several community partners to resume outreach and education services about worker rights that were suspended in early 2025 due to the mid-year budget-balancing actions. The grantee and its community partners have the credibility and trust of the diverse communities of Oakland needed to work effectively with workers and residents. These are services that the DWES Contract Compliance Officers and City staff are unable to provide with same level depth and breadth that community-based organizations provide. These are services provided to vulnerable occupations including:

- Day Laborers (55% of individuals in outreach events)
 - Restaurant and food services (17% of individuals in outreach events)
 - Individuals with Extremely Low Incomes (77% of legal consultations are individuals below 30% Area Median Income).
6. Reallocates \$362,054 in Operations and Maintenance across the Department for Office Space re-design for in-person servicing, Outreach, Software service, and Staff training. At the time, the department's office space does not have sufficient meeting spaces for confidential meetings for internal personnel matters, intakes of worker complaints, or technical assistance to businesses or residents.
- Equity Consideration: Creating in-person space will provide more equitable services to those with difficulty accessing online services.

Reductions

1. Deletes 1.0 FTE Administrative Analyst I. There is no direct impact as the incumbent will flex to the Administrative Analyst II position.
 - Equity Consideration: There is no discernible equity impact from this action.
2. Deletes 2.0 FTE Senior Contract Compliance Officers in FY 2026-27. There is no direct impact as the incumbents are intended to move to the new Labor Complaint Investigator positions when they are created.
 - Equity Consideration: There is no discernible equity impact from this action.
3. Deletes 1.0 FTE Senior Contract Compliance Officer. There is no direct impact as the incumbent will be underfilling the New Contract Compliance Supervisor position.
 - Equity Consideration: There is no discernible equity impact from this action.

Finance

Enhancements

1. Adds 1.0 FTE Finance Manager position in Finance Administration. Recognizing the continued need for dedicated financial oversight and operational continuity, adding this direct leadership role will ensure that critical financial functions, departmental coordination, and oversight remain strong and efficient.
 - Equity Consideration: This change ensures that financial leadership remains strong to better support all City departments that provide services directly to underserved residents.
2. Adds 1.0 FTE Office Assistant I, 1.0 FTE Business Analyst II, 1.0 FTE Benefits Representative and eliminates 1.0 FTE Senior Human Resource Systems Analyst in Payroll to ensure a more structured, efficient, and cost-effective payroll operation without disrupting essential payroll and retirement functions. The Business Analyst II will assist with the CalPERS conversion; the Benefits Representative will support retiree payroll and payments. Also adds \$50,000 one-time funding for space planning for the payroll centralization process.
 - Equity Consideration: This function is in an internal service division. No public impact is expected.
3. Downgrade 1.0 FTE Tax Auditor II position to Tax Auditor I and add 2.0 FTE Tax Auditor I for enhanced in Revenue Audit collection.
 - Equity Consideration: Enhanced revenue to the City increases funds available to provide services to Oakland residents.
4. Adds \$150,000 for Contract & Procurement software to make the contracting & procurement processes more streamlined and efficient, improve tracking of contract funding, and provide better informational reports regarding the City's contracting & procurement activities.
 - Equity Consideration: The City's strategic plan priority #1 identifies simplifying procurement & contracting processes as one of the top 4 streamlining priorities. Procurement of this software will allow contracts

staff to better support all City departments with more efficient contracting & procurement processes to eliminate administrative constraints and provide services directly to underserved residents.

Reductions

1. Replaces 1.0 FTE Senior Buyer with 1.0 FTE Buyer in the Purchasing Division of the Procurement, Contracts & Purchasing Bureau. The Purchasing Supervisor will absorb any duties above the Buyer classification.
 - Equity Consideration: The position change should have minimal effect on City vendors and department staff.
2. Eliminate 1.0 FTE Assistant Revenue & Tax Administrator and 1.0 FTE Business Analyst II in Revenue Administration. A flatter management structure allows for more direct supervision relying upon the expertise of the Revenue Operations Supervisors in each division who have significant tenure and unit specific knowledge. This will potentially require redistribution of duties and initially impact staff capacity.
 - Equity Consideration: The removal of a supervision layer may result in longer wait times for customer service responses to business tax inquiries, payment modification, or exception request. The effect would be for all customers with escalated issues but may have the largest effect on those who are low income who have a harder time covering expenses while their exemption requests are processed or if they receive penalties due to response delays.
3. Eliminates 1.0 FTE Administrative Assistant II in the Treasury Bureau. The workload will have to be effectively redistributed to mitigate the impact.
 - Equity Consideration: This position is in an internal service division. No public impact is expected.
4. Reduces Finance O&M budget by \$2 million over two years across various accounts, bureaus and funds.
 - Equity Consideration: The equity consideration for this item has not yet been analyzed.

Other Impacts & Changes

1. Freezes 3.0 FTE positions: Senior Budget & Management Analyst and (2) Accounting Technicians. There is no service impact as the positions were vacant.
 - Equity Consideration: There is no discernible equity impact from this action.

Information Technology

Enhancements

1. Adds over \$2 million over both years in Public Safety and Citywide Services O&M, which includes Mark43, the Records Management Systems (RMS) Upgrade for OPD and Oracle-TeleStaff integration. In order to maintain and appropriately adjust for critical Information Technology needs across Oakland, the Information Technology Department (ITD) typically relies on the availability of funding to address a wide continuum of needs, including: (1) operational needs identified by departments during the course of business within a fiscal year, (2) emergency needs relating to both break/fix and security threats that required immediate funding to remedy, (3) emerging strategic priorities identified by both the City Administrator and/or City Council, (4) the ability to reserve funding across multiple fiscal years to create a “refresh cycle” to help ensure that the City maintains servers, storage and computing devices and other technology that are within their usable life. Having funding flexibility will maintain the Department’s ability to provide these critical services to City equipment and systems that drive business for the City, and its residents. The ongoing Cyber Security funding approved after the ransomware incident in 2023 was eliminated in the budget. This will terminate ongoing services and planned projects that directly address cybersecurity improvements and upgrades.
 - Equity Consideration: An increase in funding will benefit all City employees across departments, and the residents that City applications serve. Cybersecurity impacts stemming from budget reductions will limit

City departments' ability provide services directly to underserved residents.

Reductions

1. Deletes 1.0 FTE Information System Administrator in the Citywide Networking Team. This will limit ITD's ability to respond and resolve emergency network outages that may impact Citywide services.
 - Equity Consideration: Unresolved impacts to City network infrastructure stemming from budget reductions may limit the ability of City departments to provide services directly to underserved residents.
2. Deletes 1.0 FTE Database Administrator in Enterprise Infrastructure. This will limit ITD's ability to respond and resolve emergency infrastructure issues, provide timely support, and maintain and upgrade Citywide IT systems.
 - Equity Consideration: Unresolved impacts to City enterprise infrastructure stemming from budget reductions will limit City departments' ability provide services directly to underserved residents.
3. Deletes 1.0 FTE Business Analyst II in Systems Operations organization. The IT Infrastructure and Technical Operations unit oversees and coordinates Citywide on support services ranging from data storage to network security and Help Desk functions. Together, this group works to secure and maintain a robust network, including secure VPN, for staff use.
 - Equity Consideration: Reductions to this group of services may impact ITD's ability to react to issues experienced on the network or with equipment Citywide. Network interruptions would have a negative impact on the residents who rely on City services.
4. Through budget reductions, third party vendor support for OakWifi will be eliminated.
 1. Equity Consideration: OakWiFi was designed to deliver digital equity to underserved Oakland residents. As a result of several fiber cuts along the BRT route that have become financially unsustainable, OakWiFi service and operability has been greatly reduced. The system no longer provides free public WiFi to thousands of Oakland residents in equity impact areas. As such, the funding for maintaining the network is proposed to be eliminated. ITD is developing a broadband master plan that directly addresses the need for digital equity and proposes alternative strategies, including grant funded projects, to delivery broadband service to underserved Oakland residents.
5. Reduces \$458,158 in year 1 and \$521,845 in year 2 in Radio Shop O&M. Reductions to the City's Radio Shop will limit ITD's ability to respond to and resolve unplanned incidents, including impacts to critical public safety services like 911 and 311.
 - Equity Consideration: Reductions to radio support will result in residents not receiving alerts during emergencies and unresolved incidents could impact 911 and 311 services that residents rely on for critical information and support.
6. Reduces approximately \$75,000 over both years in Telecommunications O&M. Reductions in the Citywide Telecommunications program will limit ITD's ability to respond to telephone related requests and incidents. The Department will also have a reduced ability to fix emergency issues, including 311 and 911 call centers. With aging infrastructure in place across many City locations, these reductions will also eliminate projects intended to modernize telecommunication services and equipment to fix emergency issues, including 311 and 911 call centers.
 - Equity Consideration: Reductions in funding to telecommunications may impact City departments that directly provide services to impacted communities in Oakland. Reductions that impact public safety telecommuting may directly impact Oakland residents who rely on 911 and 311 services.
7. Reduces \$127,252 in year 1 and \$182,160 in year 2 in Reprographics O&M. With a reduction of over 20 percent to Reprographics, the Citywide Print Shop will be unable to acquire the necessary supplies required to meet City Department printing needs. In addition to limiting the Print Shop's services, ITD will eliminate equipment and/or maintenance contracts that support machines managed by Print Services. Finally, ITD will be working to consolidate all of Print Services into one location at 250 Frank Ogawa Plaza. This

consolidation will make it harder for all Departments to use these services and may impact the equipment that will fit into the smaller space.

1. Equity Consideration: Citywide Print Services produces materials for Departments to use internally and externally with residents. These reductions will drastically limit services to Departments who rely on the Print Shop for communication needs. Reductions in Reprographics services could limit City departments' ability provide services directly to underserved residents.

Other

1. Deletes 7.0 FTE positions across the department in the following job classifications: Reprographic Assistant, Telephone Services Specialist, (2) Information Systems Specialist I, Administrative Analyst II, (2) Business Analyst II. There is no service impact as the positions were vacant.
 - Equity Consideration: There is no discernible equity impact from this action.

Human Resources Management

Reductions

1. Deletes 1.0 FTE Principal Human Resources Analyst. The Department will have one less supervisor in the recruitment and classification division. This will put more responsibility on the three remaining Senior HR Analysts. The Senior HR Analysts will have less bandwidth to pick up recruitment and classification work to assist with workload due to increased supervisory responsibilities. This may delay the production of eligible lists for City departments to use to fill vacancies.
 - Equity Consideration: The proposed elimination reduces a recruitment supervisor at the management level which could result in less oversight of the recruitment and testing processes. This could result in increased errors in the recruitment process impacting time to hire. The shifting of supervisory responsibility to the remaining staff, who are able to supervise, will impact their ability to both review the work of the analysts responsible for conducting recruitments and classification work and provide operational oversight.
2. Deletes 1.0 FTE Human Resources Manager. The department will have one fewer manager to oversee the recruitment and classification staff and functions, including data analysis, support for the Civil Service Board and process improvement.
 - Equity Consideration: The proposed elimination of a Human Resources Manager would eliminate a leadership role on the recruitment and classification team, who oversees fair and efficient hiring practices that benefit both City employees and the community at large. Eliminating this position would shift more responsibilities and duties onto the other Human Resources Manager, and to the remaining Principal HR Analyst. Deleting this position will impact the long-term ability of staff to be promoted to a manager role in the future.
3. Deletes 1.0 FTE Human Resources Technician. The department will have less staff available to perform tasks supporting the hiring of City employees, including the timely processing of NEER, PAR, and acting pay forms, the maintenance of position control work, and technician-level support for the recruitment process.
 - Equity Consideration: The elimination of this position will have an immediate equity impact on promotional opportunities for some of the lowest compensated City employees. The current promotional candidate pool is made up entirely of members of the BIPOC community. Without the opportunity to promote to the HR Technician role, these staff will not have experience needed to qualify for higher paying professional careers. The elimination will also impact service delivery in key areas that directly support the timely processing of the hiring process citywide, which may impact pay for employees who do promote, as well as service delivery to the community when hires are not processed.

4. Deletes 1.0 FTE Administrative Assistant II. HRM will have to reallocate duties related to supervising customer service staff (front desk), preparing and supporting the Civil Service Board meetings and business, responding to subpoenas for employment records, providing administrative support to the division, including maintaining SPOC list and resources on the Intranet.
 - Equity Consideration: The elimination of this position will impact service delivery in key areas that directly support the timely processing of the civil service board hearings and meeting agendas, and the oversight of the customer service function at the front desk and response to subpoenas for employment records. The work will have to be absorbed by other employees, reducing their capacity to perform other work that may impact access to employment and other HR services.
5. Freezes 1.0 FTE Senior Human Resources Analyst (CONF). There is no direct service impact as this position has been vacant.
 - Equity Consideration: The loss of this position will significantly lengthen the time to hire for vacant positions citywide, increasing the risk of losing valuable talent to competitors offering faster recruitment processes. This delay in recruitment may disproportionately affect marginalized communities seeking employment and perpetuate inequities in access to career opportunities. Consequently, the elimination of the vacant HR Analyst position will also have an impact on departments ability to fill vacant essential positions and provide direct service to communities who experience racial disparities in service.
6. Reduces \$89,100 in Administration O&M. There is no direct service impact.
 - Equity Consideration: There is no discernible equity impact from this action.

Violence Prevention

Enhancements

1. Adds 1.0 FTE Program Analyst II will support the Deputy Chief of Direct Practice and enhance direct practice services by providing support in scheduling critical community and partnership meetings, tracking essential violence prevention projects and tasks, supporting the completion of mandatory human resource related assignments, organizing and scheduling critical trainings, coordinating with community-based organizations and external partnerships, and responding to urgent matters. The Program Analyst II role supports trainings, focused deterrence meetings, and provides deliverable reports for the week to inform direct service staff and ensure that the most vulnerable participants are being served. In addition, they support with onboarding for new team members, resources for current team members, and the Deputy Chief with daily needs.
 - Equity Consideration: The addition of administrative support in the Direct Practice bureau will provide additional needed support for DVP's growing team and their work with individuals most at-risk of engaging in gun violence.
2. Adds 1.0 FTE Program Analyst III will support the implementation of the Ceasefire strategy by coordinating critical partnerships between the DVP and criminal justice systems (Oakland Police Department, Alameda County Probation Department), directing cross-collaboration between the DVP, CBOs, and faith-based leaders in high crime communities, leading direct communications with high-risk individuals, and conducting outreach in vulnerable communities to address violence and trauma. The Program Analyst III position is essential to support the growing Ceasefire efforts and the DVP's on-going progress in reducing homicides and shootings.
 - Equity Consideration: The addition of the Program Analyst III in the Direct Practice bureau will provide additional needed support for DVP's increased responsibilities for community safety and work with individuals most at-risk of engaging in gun violence.

3. Adds \$17,344,149 Measure NN the addition of Measure NN funding is a continued commitment to equity focused violence prevention in Oakland. Following the expiration of Measure Z in December 2024, Measure NN provides renewed financial support for communities impacted by violence and trauma in Oakland.
 - Equity Consideration: The implementation of Measure NN strengthens the City's ability to invest in equitable public safety rooted in prevention, healing, and community empowerment. By prioritizing the needs of Oakland's most impacted populations, this funding ensures continuity of vital services and staff to support long-term strategies that center racial equity, justice, and resilience.

Reductions

1. Deletes 1.0 FTE Health and Human Services Program Planner, Program Analyst I, Program Analyst III due to expiration of grant funding and Program Analyst II part of department restructuring staffing needs.
 - Equity Consideration: The Department of Violence Prevention remains committed to ensuring that all staffing decisions support its mission to reduce harm and promote safety in communities most impacted by gun violence. The proposed deletes are not expected to result in a discernible impact on service delivery.
2. Freezes 3.0 FTE Program Analyst II part of department restructuring staffing needs.
 - Equity Consideration: The Department of Violence Prevention remains committed to ensuring that all staffing decisions support its mission to reduce harm and promote safety in communities most impacted by gun violence. The proposed deletes are not expected to result in a discernible impact on service delivery.
3. Reduction in Measure Z funding \$17,085,922 (Measure Z expired December 2024).
 - Equity Consideration: Measure Z expired December 2024 and Measure NN has been approved to replace it. To ensure equitable continuity of services, the department has prioritized the alignment of Measure NN funding with the communities historically served by Measure Z.

Police

Enhancements

1. Restores the number of police academies to three (3) in FY 2025-26 and three (3) in FY 2026-27 with an average monthly sworn attrition rate of five (5) sworn officers, maintaining three academies annually supports the Oakland Police Department's ability to meet public safety needs.
 - Equity Consideration: Adding three police academies increases training capacity, enables more diverse recruits to join the police force, thus improving community representation. More officers will enhance response times, particularly in high-crime and help address violent crime surges. Increased staffing will help deter crime, boost community safety perceptions, and reduce officer overtime, alleviating burnout and distributing workloads more evenly.
2. Adds 60.0 FTE Sworn positions in FY 2025-26 and FY 2026-27 resulting in a net increase in the department's sworn authorized staffing from 678.0 FTE to 739.0 FTE. Recently, Measure NN passed, and the measure increases minimum staffing levels for sworn police to 700 sworn positions. It requires the City to budget for, hire and maintain a minimum of 700 Sworn positions.
 - Equity Consideration: The addition of critical services to the Oakland community leads to immediate and significant decreases in crime and impacts of crime, including decreased response times. Vulnerable populations, including the unhoused, Black and Brown individuals in areas most affected by violent crime, and small businesses, benefit from the addition of these services.

3. Adds \$7,450,570 in FY 2025-26 and \$10,393,283 in FY 2026-27 to Operations & Maintenance (O&M) for Services & Supplies in support of public safety, covering necessary service and supply contracts, contracts pending the Request for Qualifications (RFQ) process, and future planned contracts. This includes \$1,904,000 annually for building and storage facility rentals, \$1,348,494 in FY 2025-26 and \$2,238,149 in FY 2026-27 for vehicle rentals, \$977,500 annually for miscellaneous services (e.g., training, technology, or contracted support), and \$637,000 annually for vehicle fuel.
 - Equity Consideration: The addition of critical services to the Oakland community leads to immediate and significant decreases in crime and impacts of crime, including decreased response times. Vulnerable populations, including the unhoused, Black and Brown individuals in areas most affected by violent crime, and small businesses, benefit from the addition of these services.
4. Adds \$3,795,586 in FY 2025-26 and \$7,457,976 in FY 2026-27 to Operations & Maintenance (O&M) for Contract Services in support of public safety, covering necessary contract services contracts, contracts pending the Request for Qualifications (RFQ) process, and future planned contracts. This includes \$5,851,038 in FY 2025-26 and \$6,526,425 in FY 2026-27 for Miscellaneous Contract Services and \$1,000,000 annually in FY 2025-26 and FY 2026-27 for Legal Fees. It also reflects reductions of \$50,000 annually in FY 2025-26 and FY 2026-27 for Accounting and Auditing Services, \$50,500 annually in FY 2025-26 and FY 2026-27 for Support Services, \$154,500 in FY 2025-26 and \$146,850 in FY 2026-27 for Medical and Veterinarian Services, and \$1,611,502 annually in FY 2025-26 and FY 2026-27 for Other Contract Services.
 - Equity Consideration: The addition of critical services to the Oakland community leads to immediate and significant decreases in crime and impacts of crime, including decreased response times. Vulnerable populations, including the unhoused, Black and Brown individuals in areas most affected by violent crime, and small businesses, benefit from the addition of these services.
5. Adds \$1,365,849 in FY 2025-26 and \$1,365,849 in FY 2026-27 in O&M in travel & education, which includes \$1,348,349 in FY 2025-26 and \$1,348,349 in FY 2026-27 for on-line database services.
 - Equity Consideration: The addition of critical services to the Oakland community leads to immediate and significant decreases in crime and impacts of crime, including decreased response times. Vulnerable populations, including the unhoused, Black and Brown individuals in areas most affected by violent crime, and small businesses, benefit from the addition of these services.

Reductions

1. Freezes 41.0 FTE Professional Staff positions in FY 2025-26 and 36.0 FTE in FY 2026-27. Freezing professional staff across crucial divisions, including Public Information, Internal Affairs, Patrol, Records, Communications, Crime Lab, Criminal Investigation, Property and Evidence, Human Resources, Fiscal Services, PAS Unit, and Crime Analysis, would have several negative impacts. These cuts are expected to decrease efficiency and affect service delivery, including responsiveness to emergency and non-emergency calls for service and staff availability to provide services to the community, such as police reports, vehicle releases, and responding to subpoenas and other legal requests for documents. There will also be an impact on processing evidence, which could lead to delays in investigations and court cases. Slower evidence processing could also result in a backlog of cases, affecting the legal and judicial system, potentially leading to longer wait times for trials and impacting the rights of the accused to a timely trial. The impact on employee health and wellness and the negative effect on morale could lead to employees seeking jobs outside of the City of Oakland, further burdening the remaining staff.
 - Equity Consideration: Reducing OPD's professional staff could exacerbate existing disparities and challenges faced by underrepresented and marginalized communities in Oakland. With fewer professional staff, services provided by OPD, such as processing evidence, obtaining police reports, obtaining vehicle releases, and responding to legal requests will become slower to access. This could disproportionately affect communities that rely more heavily on these services due to higher crime rates

or other factors. OPD professional staff play a crucial role in community relations, serving as public contact points and helping build trust between the police and the community. The elimination of OPD professional staff may strain these relationships, particularly in communities already experiencing tense relationships with law enforcement.

2. Reduces \$11,071,614 in FY 2025-26 and \$6,432,228 in FY 2026-27 in Overtime, majority of reduction is \$9,659,404 in FY 2025-26 and \$8,094,327 in FY 2026-27 in Sworn Overtime. Patrol makes up the majority of OPD's operations and uses most of the department's overtime budget. Overtime is primarily used to support staff changes between shifts or cover the additional time major crimes take from responding police officers. It is also used for other patrol-related and mandatory administrative tasks for both Sworn and civilian staff, including following up on leads, surveillance, writing warrants, attending special events, completion of public records requests, attending recruiting events, and more. The department will be monitoring its OT use and what units it authorizes for OT to ensure that it meets this reduction.
 - Equity Consideration: Reduction in overtime may result in an increase in police response times to calls for service. Vulnerable populations, including Black and Brown people in the areas most impacted by violent crime, small business, and unhoused residents, will be impacted the most from a slower police response. Reducing overtime will impact the department's ability to respond specifically to incidents that occur in the areas most impacted by violent crime, small business, and unhoused residents. Department Management will be assessing and prioritizing its OT usage to provide OT to the most critical functions, including combating the violence that occurs around human trafficking because that is a major racial equity issue in Oakland.
3. Reduces \$294,859 in FY 2025-26 and \$145,075 in FY 2026-27 in Utilities in Services & Supplies.
 - Equity Consideration: The loss of critical services to the Oakland community may lead to immediate and significant increases in crime, as well as longer response times. Vulnerable populations, including the unhoused, Black and Brown individuals in areas most affected by violent crime, and small businesses, would be particularly impacted.

Fire

Enhancements

1. The proposed budget continues to freeze 2.0 Engine Companies while restoring 1.0 Engine Company to maintain critical emergency response capacity. Engine Companies respond to a wide range of fire and medical incidents in their districts and support larger incidents citywide as needed. Each Engine company in the department responds to an average of 3,000 calls per year, and crews in the denser areas of the city can respond to as many as 8,000 calls per year. Freezing one or more Engine companies per year, removes the ability for those apparatus to be available in the event of a structure fire, a mass casualty incident, or urgent medical call, all with property and lives at stake. The department's 25 fire engines are strategically located to ensure sufficient span of control to allow for prompt and sufficient response for all call types. Restoring 1.0 Engine Company helps mitigate the impact of the 2.0 freezes, preserving some capacity to maintain response times and reduce stress on personnel and apparatus at in-service firehouses. However, continuing to freeze 2.0 Engine Companies will still limit the span of control, add minutes to 911 response times, and increase call volumes for remaining firehouses. The closure of multiple firehouses will significantly affect emergency response, with districts containing out-of-service Engine Companies experiencing the most pronounced delays. Surrounding districts will also face reduced coverage, as Oakland Fire Department (OFD) dispatch will have fewer resources to deploy during emergencies. This will jeopardize OFD's ability to meet the National Fire Protection Association (NFPA) standards for medical emergency response, which state that 1) a first responder should be on the scene in four minutes or less 90% of the time and 2) for multiple

company responses, the second company should arrive within six minutes 90% of the time. Since Oakland fire stations are fixed geographically, staff is estimating that several calls per day for emergency medical responses may not meet the NFPA standard. The more stations that are closed means that more incidents will experience delayed responses. These delays have real life implications for residents, businesses, and visitors of Oakland.

- Equity Consideration: The restoration of 1.0 Engine Company reflects a strategic commitment to advancing equity by prioritizing emergency response capacity in a high-need neighborhood, as identified by call volume, call types, and run data from the Fire Department's Annual Report, the Local Hazard Mitigation Plan, and the City's Equity Indicator Report. This targeted restoration enhances access to timely fire and medical services in communities disproportionately affected by health disparities, limited healthcare options, low economic opportunity, and high rates of violent crime. By maintaining this Engine Company, the department mitigates the risk of slower response times and reduced care quality, fostering better outcomes for vulnerable residents. The addition of 1.0 Engine Company is a positive step toward equitable emergency services, ensuring that at least one high-risk community retains critical protection.
2. Adds 2.0 FTE Civilian positions, 1.0 FTE Administrative Analyst I in the Fire Marshal's Office and 1.0 FTE Administrative Analyst II in Budget Planning: Administration.
 - Equity Consideration: These positions provide critical support to Fire Administration's fiscal services division, enable the department to better manage important grants, and assist in the ongoing development and analysis of key programs within the department.

Reductions

1. Freezes 1.0 FTE Office Assistant I and 1.0 FTE Office Assistant II in Fire Prevention. These positions provide critical support to Fire Administration's fiscal services division, enable the department to better manage important grants, route invoices and payment to vendors, process payroll, and assist in the ongoing development and analysis of key programs within the department.
 - Equity Consideration: Deleting these positions will not have a direct equity impact on residents and businesses, as these positions are not front-facing or providing a direct service to the community.
2. Reduces \$1,635,484 in FY 2025-26 and \$1,615,369 in FY 2026-27 in O&M with reductions primarily in contract contingencies and services contracts.
 - Equity Consideration: This action has no noticeable impact on equity.
3. Freezes 1.0 FTE Fire Inspector (Civilian) and 1.0 FTE Fire Marshal, Assistant (Non-Sworn) in Inspectional Services. A reduction in administrative support and inspection unit impacts the turnaround time for permits, inspections and other responsibilities in the bureau placing greater responsibility and work on existing staff.
 - Equity Consideration: The equity impact of fire prevention inspections and code enforcement often manifests as lower-income communities experiencing disproportionate damage from fires due to limited access to fire prevention measures, like home hardening upgrades, which can leave them more vulnerable to wildfire destruction compared to wealthier areas, highlighting a significant equity gap in fire safety; this is particularly concerning in regions with high wildfire risk where disadvantaged communities may lack the resources to adequately protect their homes.
4. Freezes 1.0 FTE vacant Account Clerk III, 1.0 FTE vacant Accountant III, and 1.0 FTE vacant Management Assistant in Budget Planning: Administration. This area of the department is comprised of key positions which support Fire Administration's fiscal services division and enable the department to better manage grants which the department relies on, route invoices and payment to vendors, process payroll, and assist in the ongoing development and analysis of key programs within the department. Reductions in this area may impeded the department's ability to pay bills, apply for and manage grants, which augment the budgetary limitations of the city to pay for equipment, staff, training, and more.

- Equity Consideration: This service is not public facing, so there is little to no direct equity consideration. However, as it pertains to contract management, these positions assist in assuring the department and city remains compliant with its small and local small business contracting requirements.
5. Freezes 0.56 FTE vacant Management Intern, PT in Emergency Services Program.
- Equity Consideration: There is no discernible equity impact from this action.
6. Freezes 6.0 FTE vacant Emergency Medical Technician and 3.0 FTE vacant Community Intervention Specialist in MACRO. The purpose of MACRO is to deliver a compassionate care first response model grounded in empathy, service, and community. The goal of MACRO is to reduce responses by emergency services (Fire & Police), resulting in increased access to community-based services and resources for impacted individuals. Reduction in this area would place the task of responding to these calls back on engine companies and police officers. MACRO Crews respond to non-emergency "quality of life" calls for service in three categories: (1) Behavioral Health Issues (2) Individual Well-Being (3) Community Disturbance. Reductions to vacant positions in MACRO staffing will not impact current services, and given the limited remaining funding for this program, not filling vacant positions will allow for services to continue longer. Freezing vacant EMT staffing will not impact current services and given the limited remaining funding from the state grant, not filling vacant positions will allow for services to continue longer.
- Equity Consideration: Comprehensive data from the first two years of the program demonstrate that the MACRO program is meeting its council directed mission to increase access to community-based services and resources for impacted individuals and families, and most especially for Black, Indigenous, and People of Color (BIPOC). However, reducing the available funding for the program will not have a direct equity impact on the service model but would likely limit the program's reach and overall capacity. Over 70% of 911 calls to the Fire Department are for medical calls, with most of those calls originating from areas that are at greatest risk, according to the equity indicators report, due to higher rates of poverty, disproportionately higher rates of chronic health conditions that require ongoing medical care and less access to consistent affordable health care treatment.

Library

Enhancements

1. Adds \$675,000 to purchase and install 300 new desktop computers (to replace current computers that are more than 10 years old) and will upgrade the network firewalls. This upgrade will improve the speed, strength, and reliability of the internet provided at no cost via Wi-Fi and the public computer labs that are available at each of the 18 branches.

Equity Consideration: This will upgrade existing public access at computing centers that service Covered Populations at 18 library locations throughout the City of Oakland.

Reductions

1. Deletes 1.0 Museum Guard
 - Equity Consideration: The proposed delete is not expected to result in a discernible impact on service delivery. The position is currently vacant and not critical to the department's ability to maintain existing service levels.
2. Freezes 1.0 FTE Account Clerk III, Administrative Analyst II, Library Assistant Senior, Library Assistant PT, Project Manager, Librarian I PT, (2) 0.74 Library Aide PT, (2) 0.60 Librarian I PPT, and (3) 0.60 Library Assistant PPT.
 - Equity Consideration: The proposed freeze is not expected to result in a discernible impact on service delivery. The positions are currently vacant and not critical to the department's ability to maintain existing

service levels.

Parks, Recreation, & Youth Development

Enhancements

1. Adds \$825,000 in O&M for the youth summer programs and camps. These funds would secure and fund several summer programs and camps provided by the City.
 - Equity Consideration: These programs help prevent summer learning loss, support working families, reduce youth involvement in risky behaviors, and promote long-term educational and economic mobility. Additionally, youth summer programs are an essential resource to close opportunity gaps by providing access to academic support, enrichment, career exposure, and safe, structured environments—especially for low-income and historically marginalized youth.

Reductions

1. Deletes \$195,000 in O&M for the West Oakland Youth Center Program.
 - Equity Consideration: OPRYD participant demographics for the area surrounding WOYC, (deFremery Rec. Center 94607 and Willie Keyes Rec. Center 94608), 77% of participants are people of color. Eliminating services in this area would have a significant equity impact.
2. Deletes \$113,010 in O&M for Cultural Arts, Nature, & Science (CANS) programs.
 - Equity Consideration: The Cultural Arts, Nature, & Science (CANS) programs offer immersive experiences in arts, culture, and nature for all ages. CANS fosters creativity and knowledge through diverse artistic expressions, cultural exploration, and encounters with the natural world.
3. Freezes 1.0 FTE Facility Manager. There is no service impact as the position was vacant.
 - Equity Consideration: There is no discernible equity impact from this action.
4. Deletes 2.0 FTE Public Service Representative. There is no service impact as the positions were vacant.
 - Equity Consideration: The positions were intended to bridge the communication gap with City staff and the public around OPRYD topics. Eliminating these positions would likely result in a significant backlog of public concerns and decreased efficiency in addressing public inquiries.
5. Deletes 6.54 FTE for recreation services and programs. There is no service impact as the positions were vacant.
 - Equity Consideration: Reducing recreation programs can limit access to affordable activities, especially for low-income families, youth, seniors, and marginalized groups. These programs often serve as vital spaces for physical health, youth development, social connection, and community inclusion. Their reduction can widen existing health, economic, and social disparities, particularly in underserved communities that rely most on public services for well-being, safety, and opportunity.
6. Freezes 17.71 FTE for recreation services and programs. There is no service impact as the positions were vacant.
 - Equity Consideration: Reducing recreation programs can limit access to affordable activities, especially for low-income families, youth, seniors, and marginalized groups. These programs often serve as vital spaces for physical health, youth development, social connection, and community inclusion. Their reduction can widen existing health, economic, and social disparities, particularly in underserved communities that rely most on public services for well-being, safety, and opportunity.

Human Services

Enhancements

1. Adds 1.0 FTE Administrative Services Manager II for Human Services Fiscal Operations.
 - Equity Consideration: There is no discernible equity impact from this action.
2. Adds 2.0 FTE Administrative Analyst I for Fiscal Operations and Community Housing Services and 1.0 FTE Administrative Analyst II for Aging & Adult Services. These analysts are crucial to these three divisions within Human Services to better evaluate and improve departmental processes, policies, and operations to increase efficiency and effectiveness. They collect and analyze data, prepare reports, and make recommendations to help departments make informed decisions and solve administrative problems.
 - Equity Consideration: The Human Services Department provides programs and support to improve the well-being of individuals and families, especially those facing economic hardship, health challenges, or social disadvantages. Services provided to Oaklanders often include housing assistance, food programs, child welfare, mental health support, employment services, and aid for seniors and people with disabilities.
3. Adds 1.0 FTE Case Manager I for Aging & Adult Services. Case managers are often the main point of contact for seniors. The City provides programming that support independence, safety, health, and active living for seniors. We work with community partners to deliver services that include care management, jobs, training, volunteering, recreation and transportation assistance. This position would increase the department's capacity to deliver and provide senior programs and services.
 - Equity Consideration: There are an estimated 60,000 Oakland residents who are over the age of 65. The programs and services provided by the City focus on ensuring fair and equal access to resources and opportunities for older individuals, particularly within the context of housing, healthcare, financial security, and independence.
4. Restores 1.0 FTE Deputy Director, Housing for Community Housing Services.
 - Equity Consideration: The Community Homeless Services division provides housing and services to approximately 2,500 homeless individuals. Of those, more than 60% are Black or African American, reflective of the disproportionate number of Black or African American, and LatinX people who are experiencing homelessness relative to the overall racial demographics of the City.

Reductions

1. Reduces \$1,328,000 in FY 2025-26 and \$495,000 in FY2026-27 in O&M funding for the Kids First allocation based on a decrease in General Purpose Fund unrestricted revenues per the City Charter. The Kids First program contracts with community organizations to provide services to children.
 - Equity Consideration: This decrease impacts vulnerable children in Oakland's BIPOC low-income communities. Oakland Kids First works with 125 core youth leaders and 3,400 additional high school students each year across programs. Kids First programs advance safe and caring school cultures, support youth to advocate for their needs and priorities, and improve educational equity, racial justice, and academic outcomes for low-income students of color.
2. Deletes 1.0 FTE Health & Human Services Program Planner in Community Housing Services. Planner's role is to write scope of work, develop programmatic budgets, negotiate contracts, write and edit council reports and resolutions, supervise staff, develop data reports, complete funder reports, meet with providers regarding programmatic and funding concerns, and be the liaison for outside agencies as well as present reports to city council and other leadership departments.
 - Equity Consideration: The Community Homeless Services division provides housing and services to approximately 2,500 homeless individuals. Of those, more than 60% are Black or African American, reflective of the disproportionate number of Black or African American, and LatinX people who are experiencing homelessness relative to the overall racial demographics of the City.
3. Deletes 1.0 FTE Case Manager I for Community Housing Services. Case managers are often the main point of contact for a person navigating the homelessness system and are critical in helping break the cycle of

homelessness. This reduction would decrease the department's capacity to assess the effectiveness of homelessness services.

- Equity Consideration: The Community Homeless Services division provides housing and services to approximately 2,500 homeless individuals. Of those, more than 60% are Black or African American, reflective of the disproportionate number of Black or African American, and LatinX people who are experiencing homelessness relative to the overall racial demographics of the City.
4. Transfers 3.0 FTE Custodian and 1.0 FTE Custodian Supervisor positions from the Human Services Department to Oakland Public Works. These positions were no longer needed in HSD due to the reduced hours to Oakland's Senior Centers.
 - Equity Consideration: There is no discernible equity impact from this action.
 5. Freezes 1.0 FTE Agency Administrative (Fiscal) Manager for 6 months in FY25-26. The Fiscal Manager is responsible for managing a complex budget composed of federal, state, and local revenues and ensuring compliance with the associated regulations and managing annual audits. The Fiscal Manager supports the Executive Team in monitoring expenditures and identifying opportunities to increase efficiencies and maximize the impact of resources on community services. The Fiscal Manager also leads the department's two-year budget development process and ensures compliance with complex grant regulations and contracting requirements.
 - Equity Consideration: There is no discernible equity impact from this action.

Animal Services

Enhancements

1. Deletes 1.0 FTE vacant Executive Assistant to the Director and replaces it with 1.0 FTE Administrative Analyst I whose duties are more in line with the duties that need to be completed at Animal Services. This position will be the SPOC, assist with payroll, paying invoices and other administrative duties. Additionally, this position can assist in the timely processing of contracts for things such as Emergency Medical Services, tracking the OAS fleet to ensure timely repairs are made, and submitting and monitoring Oak311 facility maintenance requests to keep the facility in good working order.
 - Equity Consideration: This position will work with equal access to ensure our documents are accessible in multiple languages and available to everyone. As the SPOC, they will be the contact person for the rest of city and assist with hiring and ensure we are compliant with the language requirements for the staff.

Reductions

1. Freezes 1.0 FTE Director of Animal Services. The Shelter Operations Manager will absorb some of the management duties potentially delaying administration activities, reducing contact with other departments and participation in city-wide meeting and activities. This position is currently filled by one of our Deputy City Administrator. This reduction will not impact frontline services however it will delay implementation of ongoing projects such as the rewriting and adoption of an updated municipal code, development of new internal policies and procedures, addressing more complex management challenges that require director-level oversight, and efforts at identifying additional outside resources to support the OAS operations.
 - Equity Consideration: This position oversees the department and all its programs. A lack of full-time leadership will reduce the ability to oversee the programs to ensure that the shelter programs and process are equitable among the staff and the citizens.
2. Deletes 7.0 FTE vacant positions: 3.0 FTE Animal Care Attendant; 1.0 FTE Animal Control Officer; 1.0 FTE Public Service Representative, PPT; 1.0 FTE Public Service Representative, Senior; and 1.0 Registered Veterinary Technician. There is no direct service impact as these positions have been vacant.

- Equity Consideration: There is no discernible equity impact from this action.

Economic & Workforce Development

Enhancements

1. Restores \$500,000 each year in Corridor safety and Ambassador funding. The restoration of City funding will be directed towards the Citywide corridor safety and ambassador program, which is a council directed intervention to address public safety concerns in neighborhood commercial districts.
 - Equity Consideration: Funding for Community Ambassadors supports the development of a culturally responsive, timely, and relevant program through providing ambassadors to build relationships, coordinate communications, and respond to the diverse needs of our neighborhood business corridors/merchant communities.
2. Adds 1.0 FTE Special Activity Permit Inspector starting in FY 2026-27. This position inspects, investigates, and enforces special activity permit regulations for a range of businesses and activities, including cannabis businesses, mobile vending, cabarets, and special events.
 - Equity Consideration: Adding this position will allow for better distribution and coverage of inspectors across the City. Inspectors focus first on education about the rules, regulations, and the path to compliance. A disproportionate number of unpermitted mobile food vendors are non-white and do not speak English as their primary language, an additional inspector means more resources will be available to help entrepreneurs establish compliant business practices in the City of Oakland.
3. Restores \$300,000 each year in Cultural Arts grants funding in the General-Purpose Fund (1010) and adds approximately \$180,000 each year in Measure C TOT Fund (2419). Staff within the Cultural Affairs Division will continue to leverage TOT funding (Measure C/Fund 2419) to support festivals and other opportunities for social and cultural connection by subsidizing permit fees, including OPD, and fire inspections. Grants to individual artists and arts organizations are not expected to be restored until additional resources are identified.
 - Equity Consideration: Restoring of Cultural Affairs grant funding amount will allow the Division to continue to support grant making opportunities for historically underserved communities of color.
4. Adds \$400,000 in 2025-26 for the Public Art Plan in the Municipal Capital Improvements: Public Arts Fund (5505).
 - Equity Consideration: The equity consideration for this item has not yet been analyzed.
5. Adds approximately \$860,000 in FY 2025-26 and \$870,000 in FY 2026-27 for Management agreement for Scotlan Convention Center. This is for continuing building and management fees, does not include CPI and shortfall.
 - Equity Consideration: Visitors to the Convention Center generate more than \$7.6 million in spending each year in Oakland, particularly in downtown Oakland. Much of this is spent at local small businesses, and more than 50% of Oakland's small businesses are owned by people of color.
6. Adds \$100,000 in FY 2025-26 and FY 2026-27 to Contracts for BID formation assistance. This item is Crucial Work to the BID Formation/Analysis.
 - Equity Consideration: The equity consideration for this item has not yet been analyzed.

Reductions

1. Deletes 1.0 FTE Administrative Assistant I. This position currently performs the role of Board Secretary during meetings and manages meeting minutes, board attendance, coordinates setup of meetings, refreshments, and manages the board roster. The position supports with collecting board member applications and obtaining appointment letters from the Mayor's office. The position also supports ordering supplies for the

Workforce Division. As part of biennial budget planning, the Workforce Division evaluated its core service priorities, and the staffing needed to advance these priorities. While the work responsibilities of this position are valued, the work can be absorbed by existing Workforce team members without impacting services.

- Equity Consideration: The equity consideration for this item has not yet been analyzed.
2. Reduces O&M by \$193,894 in Measure C TOT (2419) for Fairs/Festival. Due to the decrease to Measure C TOT revenue, this reduction will have an impact on Community events, Fairs, Festivals, and more. The Department will continue to leverage the Measure C TOT Cultural grants funding and transfer funding between projects.
 - Equity Consideration: The equity consideration for this item has not yet been analyzed.
 3. Freezes 1.0 FTE Real Property Asset Manager. There is no direct service impact as this incumbent will now be doing work as a Project Manager III to assist with the Coliseum project.
 - Equity Consideration: The equity consideration for this item has not yet been analyzed.

Other Impacts & Changes

1. Freezes and/or Deletes 3.8 FTE vacant classifications including: Urban Economic Analyst III PPT, Project Manager II, Special Activity Permit Technician, and a Program Analyst III. There is no direct service impact as these positions have been vacant.
 - Equity Consideration: There is no discernible equity impact from this action.

Housing & Community Development

Enhancements

1. Adds \$180 million in Measure U (5343) funding for affordable housing construction and acquisition/rehabilitation projects.
 - Equity Consideration: As Oakland's Black population is overrepresented in its unhoused demographic, providing deeply affordable housing as quickly and efficiently as possible is critical in efforts to reduce racial disparities in homelessness. The additional funding will advance the City's racial equity goals by facilitating the development of housing units serving low, very low, and extremely low income households.
2. Adds over \$7 million over both years in O&M from Affordable Housing Trust Fund, which includes over \$4 million for homeless prevention and nearly \$2.5 million for eviction protections.
 - Equity Consideration: Whereas Black residents represent 21% of Oakland's population, they comprise 52% of Oakland's unhoused community. Research shows that the population(s) most likely to become unhoused are Black men between the ages of 35-55 with prior experiences with homelessness and in the criminal justice system. HCD developed a homelessness prevention program in partnership with All Home, Bay Area Community Services, and its evaluation partners at Stanford University and the University of Pennsylvania. The program uses prioritization factors to target services to the most at-need residents in order to slow, and eventually stop, flow into new homelessness. Additionally, HCD's partners at All Home developed a statistical model to articulate investment needs across a range of service interventions from prevention to interim housing and permanent exits. The All Home model clearly names homelessness prevention as the most cost effective strategy to address the homelessness crisis; without increasing the City of Oakland's investment into prevention services, the overall homeless service system cost would increase by over \$200 million in five years. The model demonstrates that in order to reduce unsheltered homelessness by 50% over five years, the City would need to invest \$22.5 million per year in prevention services. As such, this proposal recommends funding both targeted homelessness prevention and eviction defense efforts to execute the City of Oakland's priority of addressing the housing and homelessness crisis.

3. The annual budget for CDBG is based on projected HUD allocations and meeting CDBG compliance requirements for service delivery, administrative and program delivery caps. HCD is considering using the funding to release an RFP to enter into contract with a partner organization with established infrastructure that can scale the number of households served through the same activities. This adjustment could result in increased service to the Oakland community.
 - Equity Consideration: HCD's Owner-Occupied Home Rehabilitation and Improvement Programs primarily serve elders, extremely-low-income, and Black residents. In 2023, 93.5% of residents served were over the age of 62, 70% were extremely low-income, and 78.1% identified as Black. Entering into contract with an established community organization could increase the total number of projects completed and residents served, greatly scaling impact.

Other Impacts & Changes

1. Freezes 13.5 FTE positions across the department in the following job classifications: Account Clerk III, (3) Administrative Analyst II, Administrative Assistant I, (2) Hearing Officers, Home Management Specialist III, Housing Development Coordinator III, Housing Development Coordinator II, Housing Development Coordinator IV, (2) Rehabilitation Advisor I, Student Trainee, PT. There is no service impact as the positions were vacant.
 - Equity Consideration: There is no discernible equity impact from this action.

Planning & Building

Enhancements

1. Adds 1.0 FTE Inspection Services Manager and Deletes 1.0 FTE Civil Principal Engineer. There is no direct service impact.
 - Equity Consideration: The Civil Principal Engineer elimination may affect how larger projects are handled at a management level; however, the disparities of marginalized groups are better identified by the Inspections Service Manager through direct contact to the affected community.
2. Adds 1.0 FTE Administrative Analyst I and 2.0 FTE Planner II and Deletes 1.0 FTE Public Service Representative (PSR) and 1.0 FTE Planner IV in the Building Bureau.
 - Equity Consideration: Although there is no direct impact service, the PSR elimination will narrow much needed frontline support to the public and may increase response times and complaints to the Department. PSR's are able to report disparities and assess the effect of existing procedures & policies to suggest equitable changes to the Div manager and/or Sr. PSR as seen through direct contact from the served community events.
3. Adds 1.0 FTE Project Manager and Deletes 1.0 FTE Business Analyst III position from the Operation and Administration bureau. There is no direct service impact.
 - Equity Consideration: Business Analyst III and Project Manager position duties run somewhat parallel. Elimination of the Business Analyst III will better streamline the Department by assigning specific Business Analyst III duties to the Project Manager, thus integrating duties. This elimination may assist in project management to bring more attention to the specific project details when seen through a more focused equity lens.
4. Adds \$875,000 in FY2025-26 and FY 2026-27 to Contracts in Planning Bureau for Consulting services. These services will assist with the implementation of the new Sea Level Rise Overlay zone adopted as part of the Downtown Oakland Specific Plan, the Planning Bureau will need to hire a consultant with expertise in sea level rise adaptation, engineering, and floodplain management, but the intent would be to get a state grant to cover it. The services will also assist with the Impact Fee 5 Year review plan.

- Equity Consideration: The equity consideration for this item has not yet been analyzed.
5. Adds \$2,000,000 for Planning and Building Permit Fee Refunds in FY2025-26. There is no direct impact to service.
- Equity Consideration: The equity consideration for this item has not yet been analyzed.

Public Works

Enhancements

1. Deletes 1.0 FTE vacant Management Intern, and adds 1.0 FTE Program Analyst I. The Management Intern position is responsible for programmatic and administrative support in the Environmental Services Division and has been vacant the entire year. The new Program Analyst I position will provide support for the City's Stewardship Program and enhance public outreach within the Bureau of the Environment.
 - Equity consideration: There is no discernible equity impact from this action.
2. Adds 3.0 FTE positions to the Sanitary Sewer Design group including: 1.0 FTE Supervising Civil Engineer positions; and 2.0 FTE Program Analyst III positions. The Supervising Civil Engineer position will coordinate, perform, and supervise staff to manage strategic long-term capital planning and sanitary sewer infrastructure repairs, as well as manage compliance with the Sewer Consent Decree's mandates related to cross connections and infiltration/inflow notifications. The 2.0 FTE Program Analyst III positions will support the Supervising Civil Engineer and provide research, analysis, and development of reports and recommendations of sewer related program planning. Combined, this team will increase service levels by overseeing prompt contracted repairs of critical sewer infrastructure repairs and capital repair planning to ensure Sewer Consent Decree compliance and upkeep of the City's sewer collection system.
 - Equity consideration: This team of positions will provide support and respond to infrastructure repairs reported citywide; however, we expect to develop the ability to focus efforts more accurately in historically underserved areas once sufficient data has been captured. The sanitary sewer system encompasses the entire City and most repairs needed are identified after failure. Underground infrastructure assets fail unexpectedly and unpredictably. However, the older an underground asset is, the greater the chance of failure. It would be reasonable to assume that more recently developed areas will be lesser served by this position.
3. Adds \$500,000 in O&M funding each year for vehicle purchases for Sanitary Sewer program in the Bureau of Maintenance & Internal Services.
 - Equity consideration: There is no discernible equity impact from this action.
4. Adds \$494,204 in FY 2025-26 and \$610,917 in FY 2026-27 for vehicle purchases in the Bureau of Environment.
 - Equity consideration: There is no discernible equity impact from this action.
5. Unfreezes 1.0 FTE Account Clerk II in OPW Fiscal Services in the Bureau of Administration. This position will be responsible for utility account payables.
 - Equity consideration: There is no discernible equity impact from this action.
6. Adds 1.0 FTE Parkland Resources Supervisor position in the Bureau of the Environment to oversee open space maintenance, safety, and habitat restoration.
 - Equity consideration: The equity consideration for this item has not yet been analyzed.
7. Adds 0.72 FTE PT positions in Human Resources in the Bureau of Administration for training positions, including: 0.22 FTE Office Assistant I, 0.25 FTE Custodian, and 0.25 FTE Park Attendant. These are grant funded positions for the Oakland Public Works Training Academy.
 - Equity Consideration: There is no discernible equity impact from this action.

8. Adds \$102,500 in FY 2025-26 and \$276,874 in FY 2026-27 in O&M for environmental enforcement and compliance efforts, such as the illegal dumping surveillance camera program and other enforcement and training materials.
 - Equity consideration: There is no discernible equity impact from this action.
9. Adds \$293,777 in O&M in FY 2025-26 for the Youth We Mean Clean Program in the Bureau of Environment.
 - Equity consideration: There is no discernible equity impact from this action.
10. Adds \$850K in FY 2025-26 in O&M and \$1.54 million in FY 2026-27 for parks maintenance expenses, including \$150K per year for a vegetation management contract, \$298K in Y1 and \$308K in Y2 for increased water expenses and other O&M expenses in the Parks maintenance allocation of Measure Q.
 - Equity Consideration: There is no discernible equity impact from this action.
11. Adds \$168,260 per year for parts and equipment expenses in the Equipment Services Division.
 - Equity consideration: There is no discernible equity impact from this action.
12. Adds \$2.4 million for the facilities security contract for the Facilities Services Division.
 - Equity consideration: There is no discernible equity impact from this action.

Reductions

1. Freezes 1.0 FTE vacant Pool Technician position and 1.0 FTE Painter position. These positions are responsible for maintenance at the City's pool facilities and painting of City facilities. The positions have been vacant for the entire year and should have minimal impact to current service levels.
 - Equity Considerations: There is no discernible equity impact from this action.
2. Deletes 1.0 FTE vacant Administrative Assistant II position. This position has been vacant, and another Administrative Assistant II will be transferred to the Assistant Director's Office to cover the responsibilities. There may be some loss of administrative support in the Parks and Tree Services division as a result.
 - Equity Considerations: There is no discernible equity impact from this action.
3. Deletes 1.0 FTE vacant Recycling Program Specialist III position. This position is responsible for implementation of the City's Zero Waste program but has been vacant for the entire year. Existing staff will absorb the related duties. There should be minimal impact to current service levels.
 - Equity Considerations: There is no discernible equity impact from this action.
4. Freezes 2.0 FTE vacant Environmental Enforcement Officer positions. These positions are part of the Environmental Enforcement Officer Program (EEO), responsible for a patrol and surveillance program assigned to areas for the purpose of removal and enforcement of regulations pertaining to illegal dumping, blight, and nuisance crimes. This program conducts proactive public outreach and issues citations for related violations per state and local regulations, carries out investigations to identify violators and owners of property on which violations occur, and notified to the appropriate authority. This program also attends various City and community-sponsored events to perform outreach and education related to illegal dumping and blight reduction. The positions have been vacant for the entire year, so impact to current service levels should be minimal.
 - Equity consideration: Continuity of the filled Environmental Enforcement Officer positions will support the City's efforts to reduce illegal dumping in Oakland's historically disadvantaged communities, particularly with the further advent of the illegal dumping surveillance camera program. Freezing of the two vacant positions should have minimal impact on the City's current service levels.
5. Freezes 1.0 FTE vacant Painter position in Graffiti Abatement unit. Position is responsible for rapid response graffiti abatement and has been vacant the full year. Impacts to the current service levels should be minimal.
 - Equity consideration: There is no discernible equity impact from this action.
6. Freezes 1.0 FTE vacant Street Sweeper Operator. Street Sweeper Operators service an estimated 100 gutter miles per month, which may reduce the frequency of service for uncontrolled areas. Impact to current service levels should be minimal given that the position has been vacant for the entire year.

- Equity consideration: There is no anticipated equity impact from the proposed staff reduction in the Street Sweeping Program. OPW prioritizes underserved and marginalized areas for street sweeping based on structural traffic patterns that pass through high density developed areas and commercial corridors, which constitute many of the underserved communities in Districts 5, 6, and 7. The only foreseeable adverse impact to street sweeping services will be due to staffing shortages from routine or extended employee absences.
7. Freezes 10.0 FTE vacant positions and deletes 1.0 FTE vacant position in the Tree Services division of the Bureau of Environment, including: 1.0 FTE vacant Tree Supervisor I position, 4.0 FTE vacant Tree Trimmer Crew Leader positions, 2.0 FTE vacant Tree Trimmer positions, 3.0 FTE vacant Tree Worker positions. The proposal deletes the 1.0 FTE vacant Administrative Analyst II position. This program has been operating at 50% staffing for the past 6 years, and contractors have supplemented staffing to perform tree maintenance throughout Oakland. Existing staff will primarily service trees in the Right-Of-Way, and on an emergency basis. The administrative Analyst II position was recently vacated and will reduce the Tree Services Division's ability to provide reporting and apply for grants.
 - Equity consideration: The proposed staffing reductions in Tree Services may disproportionately impact underserved neighborhoods that rely on timely tree pruning and removal services to prevent and/or address hazardous trees in the public right of way. To mitigate the proposed reductions, the program will prioritize managing tree services contractors and emphasize the need to focus on Oakland's disadvantaged communities as identified in the Urban Forest Plan.
 8. Freezes 1.0 FTE vacant Program Analyst III in the Watershed Division of the Bureau of Design & Construction. This position assists with analysis and processing of municipal stormwater permits, as well as stormwater capital improvement projects. Impact to current service levels should be minimal given that the position has been vacant for the entire year.
 - Equity consideration: There is no discernible equity impact from this action.
 9. Freezes 11.05 FTE vacant positions in the Bureau of Design & Construction with 2.0 FTE Project Manager positions being restored in Year 2 of the biennial budget. The impacted positions include: 4.0 FTE Capital Improvement Project Coordinator positions; 5.0 FTE Project Manager positions, of which 2.0 FTE will be restored in Year 2; 1.5 FTE PT Engineering Intern positions; and 0.55 FTE Student Trainee positions. The reduction of project funding and project management staffing will result in delayed or paused delivery of some projects. All positions within the Project & Grant Management Division are 90% funded by CIP project funding, largely through infrastructure bond funds.
 - Equity considerations: Efforts have been taken to work with other City departments to prioritize projects to move forward based on equity, community need, and other constraints, such as grant funding obligations. These positions may lengthen the timeline required to complete projects in underserved areas of Oakland.
 10. Freezes 1.0 FTE and deletes 1.0 FTE vacant positions in the Fiscal Services Division of the Bureau of Administration, including: freezes 1.0 FTE Accountant II position, and deletes 1.0 FTE Account Clerk III position. These positions are responsible for accounts receivable billings, issuance of task orders, and meeting year end closing deadlines. The division has been operating with the current number of staff since the balancing actions taken in December 2024 took effect. The impact to current service levels should be minimal.
 - Equity consideration: The loss of these positions may delay invoice payments to local vendors, resulting in increased prompt payment penalties.
 11. Freezes 1.0 FTE Project Manager on the Grant Support Team in the Bureau of Administration. This position would be responsible for securing grant funding to reduce City's contributions but has been vacant since the position was created. The impact to current service levels should be minimal.

- Equity consideration: Reduction in staff for grant-seeking affects the number of grants and additional sources of revenue to complete programs and projects. As majority of grants have equity emphasis themselves, City would be losing out on funding opportunities to support our most vulnerable citizens.
- Freezes 1.0 FTE vacant Director of Public Works position. Freezing this position expands the span of control for the Department of Transportation Director to cover both departments. This position has been vacant for more than six months and should not impact service delivery.
 - Equity consideration: There is no discernible equity impact from this action.
 - Deletes 2.0 FTE vacant positions and freezes 1.0 FTE vacant positions in the Director's Office, including: Deletion of 1.0 FTE Public Information Officer II and 1.0 FTE Program Analyst II, and freeze of 1.0 FTE Student Trainee position. The Public Information Officer II is a shared position with DOT that has been vacant for a couple of years, with minimal impact to service delivery. The Program Analyst II position was recently vacated, and supported and promoted the department's initiatives, as well as conducted outreach to vulnerable communities. The Student Trainee position has also been vacant for a while, with minimal impacts to service delivery expected.
 - Equity consideration: Loss of the Program Analyst II position may impact departmental outreach efforts to vulnerable communities.
 - Freezes 7.0 FTE vacant positions in the Equipment Services Division of the Bureau of Maintenance & Internal Services, including: 1.0 FTE Equipment Supervisor position, 2.0 FTE Heavy Equipment Service Worker positions, and 4.0 FTE PT Student Trainee positions. All of these positions have been vacant for an extended period of time and should have minimal impact to current service levels.
 - Equity Considerations: There is no discernible equity impact from this action.
 - Freezes 6.0 FTE vacant positions in the Facilities Services Division of the Bureau of Maintenance & Internal Services, including: freezes 1.0 FTE Capital Improvement Project Coordinator position, 1.0 FTE Stationary Engineer position, 1.0 FTE Assistant Facilities Complex Manager position, 1.0 FTE Construction & Maintenance Supervisor position, 1.0 FTE Administrative Assistant II position, and 1.0 FTE Electrician position. These positions serve a variety of purposes across the department, including facilities maintenance, planning, and electrical work, among other duties. All positions listed have been vacant for the full year and should have minimal impact to current service levels.
 - Equity consideration: The reductions in repair and maintenance impact the condition and safety of important city facilities that provide programs and services for all Oaklanders, disproportionately affecting disadvantaged, disabled, senior, and unhoused communities. Furthermore, incidents resulting from not addressing damages may impact city workers and most vulnerable residents and can result in injury and death and lead to lawsuits. To ensure a mitigation to negative impacts of the proposed position reduction, overtime pay elimination, and funding adjustment, the city must prioritize existing and most crucial deferred maintenance of citywide public facilities that serve and are in highly disadvantaged communities to maintain service quality and the health and safety of residents and users that are part the most vulnerable communities of Oakland.
 - Reduces \$351,748 in Y1 and \$383,819 in Y2 of O&M Budget to meet overhead fund target. Reduction in overall O&M budget for department administration, particularly temporary personnel services and administration repair and maintenance expenses.
 - Equity consideration: There is no discernible equity impact from this action.

Transportation

Enhancements

1. Adds 12.0 FTE positions for the Parking and Mobility Division in FY 2025-26, with an additional 2.0 FTE positions in FY 2026-27, including: 1.0 FTE Parking Enforcement Supervisor and 11.0 FTE Parking Control Technician in FY 2025-26, and 2.0 FTE Public Service Representative positions in FY 2026-27; adds \$500,000 for overtime, \$124,000 for ongoing parking operations O&M, \$660,000 for one-time purchases, including new vehicles for the additional parking enforcement staff, citation equipment, and other O&M; and adds \$1,175,000 in revenue from addition of the new positions. These positions will increase parking enforcement efforts citywide, add a swing shift for parking enforcement, and better enforce street sweeping parking regulations. Parking citations help the City to maintain and improve compliance with parking regulations to increase the availability of parking, reduce unsafe parking, allow for more frequent street sweeping, and reduce vehicle abandonment/blight.
 - Equity consideration: This proposal would expand Parking Enforcement operations. Parking Enforcement has long been understaffed even while demand for parking enforcement services has grown over the past several years to include enforcement of off-street parking facilities (due to the transition from gated to gateless operations starting in December 2020), regular Sunday enforcement shifts in support of public safety, and seven-day enforcement of the parking meter zone around Lake Merritt. Parking enforcement of illegal parking improves public safety by preventing crashes, improving pedestrian visibility and improving access to fire hydrants, sidewalks, bike lanes, and disabled parking spaces. Parking Enforcement related to street sweeping is vital for environmental compliance and public health by keeping trash off the streets and from entering our waterways as well as making neighborhoods look better. Parking enforcement of metered spaces promotes turnover and activity in business districts and fairer use of popular areas like Lake Merritt. While Parking Enforcement is a vital part of public safety, environmental health, and civic vitality, the fines associated with tickets are regressive, meaning they overburden low-income individuals. An estimated quarter of Oakland residents are unable to pay fines which can lead to additional fines and eventually the loss of drivers' licenses, vehicles, and jobs (www.oaklandca.gov/topics/progressive-parking-initiative). Low-income, majority People of Color neighborhoods including Chinatown, West Oakland, and San Antonio and Fruitvale are also subject to more frequent street sweeping schedules due to Chinatown being a downtown business district and West Oakland and Eastlake being closer to bay (to prevent waste going into the waterways). To reduce disproportionate negative impacts to low-income Oaklanders and People of Color, the following mitigations are recommended:
 - Simplify the Income Driven Payment Plan application, which currently requires a significant amount of information and documentation that the average person may not be able to provide study and creation of parking benefit districts in High-Priority neighborhoods that have commercial business districts.
2. Adds \$400,000 in revenue in FY 2025-26 and \$800,000 in FY 2026-27 from 4,000 new metered parking spaces and addition of six (6) meter hours on Sunday afternoons; \$450,000 for staff overtime to enforce new meter hours; and 2.0 FTE Parking Meter Repair Worker positions. 400 new multi-space parking meters will be installed using existing grant funding, and an additional 6 hours of meter time with the addition of noon to 6:00pm on Sundays, bringing the total meter operating hours to 66 hours per week.
 - Equity consideration: This proposal may result in negative equity outcomes, including cost burdens to low-income households if implemented citywide, which would include High-Priority Neighborhoods with on-street metered parking, such as Chinatown, Fruitvale, and census tracts along the International Boulevard corridor. Between 50% to 67% of people living in these areas are low-income, and between 22% to 47% of people are rent-burdened (paying 50% or more of their income towards housing costs). While parking enforcement is a vital part of public safety, environmental health, and civic vitality, the fines associated with tickets are regressive, meaning they overburden low-income individuals. An estimated quarter of Oakland residents are unable to pay fines which can lead to additional fines and serious additional outcomes, such as the loss of drivers' licenses, vehicles, and jobs. Low-income, majority People of Color

neighborhoods including Chinatown, West Oakland, and Fruitvale, and San Antonio are also subject to more frequent street sweeping schedules due to Chinatown being a downtown business district and West Oakland, Fruitvale, and San Antonio being closer to the bay (to prevent waste going into the waterways). If we assume that only Oakland residents are using parking meters, then of this quarter of residents who cannot afford fees, and of those who live and drive within a mile of BART or rapid transit (TIRG mode share adjustment 63.3%), about 69,077 residents could be negatively impacted. Mitigations to this proposal include:

- Presenting an engagement plan to the Race and Equity Team Community Engagement Subcommittee for approval prior to implementing this proposal
 - Rolling out the engagement plan and public noticing in advance of implementation and having parking enforcement staff issue warnings instead of citations during the first 60 days of implementation. Staff should investigate high-visibility signage such as billboard advertisements, social media, and other types of public service announcements.
3. Adds 2.0 FTE Parking Control Technician positions, 1.0 FTE Public Service Representative position, a contracted Hearing Officer, and \$100,000 in O&M for automated Speed Safety Camera Program enforcement.
- Equity consideration: Reducing vehicle speeds saves lives. OakDOT's analysis shows that Black and Latine Oaklanders are staggeringly more likely to be killed in a vehicle crash, even more so as pedestrians. As such, slowing vehicle speeds benefits BIPOC Oaklanders who have been carrying the disparate burden of traffic fatalities. Studies show that automated traffic enforcement systems like these reduce speeds on the roads where they are deployed. However, these systems also generate fines, and because the majority of streets on the City's high-injury network are in high equity priority neighborhoods, these communities are likely to bear more financial burden from ticketing. Nonetheless, data clearly indicates that automated speed enforcement reduces bias in who gets ticketed for speeding compared to human-based enforcement methods. Many equity requirements are legislated into this pilot program, including fine reduction for low-income drivers, geographic distribution requirements, and a required equity analysis of the effects at the end of the five-year pilot. These budgeted positions are required by law for us to carry out this pilot. In order for Oakland to use our camera systems, there must be OakDOT staff in place to review citations and appeals. These staff are also essential for administering other required equity provisions such as the need-based fine reduction.
4. Adds 5.0 FTE positions for new Sidewalk Notice to Repair Program in Complete Streets Division, including: 1.0 FTE Senior Transportation Planner position, 1.0 FTE Senior Construction Inspector position, 1.0 FTE Arboricultural Inspector position, and 2.0 FTE Construction Inspector positions. These positions will be responsible for implementation and management of the City's new Sidewalk Notice to Repair Program, which will repair and replace sidewalks throughout the City and then charge back the expenses to property owners to better maintain sidewalks throughout the City and maintain ADA compliance.
- Equity consideration: This new program will be focused on ensuring access to ADA compliant pedestrian Rights-of-Way throughout the City through City-administered sidewalk repair. In addition to improving accessibility to pedestrian rights-of-way, which will enhance quality of life for all residents and visitors of Oakland, the program will have cost waivers for low-income individuals to ensure that this does not create further cost burdens for them.
5. Transfers and Deletes 1.0 FTE Program Analyst III position from City Administrator's Office and adds 1.0 FTE Transportation Planner III in the Complete Streets Division for ADA projects. This position will work on ADA improvements within the City's transportation projects.
- Equity consideration: There is no discernible equity impact from this action.

Reductions

1. Freezes 1.0 FTE vacant Management Assistant in the OakDOT Human Resources Division. This vacant position was posted as an internal recruitment in December 2022 and has not been filled. Since this position has been vacant for over two years, freezing the position will not impact current service levels.
 - Equity consideration: While freezing this position will not change existing service levels, it may have negative equity impacts on existing staff in the OakDOT Human Resources Team, as this team continues to be understaffed. Per OakDOT staff demographic data, administrative staff are more likely to identify as People of Color and/or women. Additionally, limiting the ability to recruit additional Human Resources will hinder future hiring efforts to fill job vacancies and increase service delivery.
2. Freezes 8.0 FTE vacant positions throughout the department for cost saving purposes, including: 1.0 FTE Construction Inspector position, 1.0 FTE Senior Surveying Technician position, 1.0 FTE Program Analyst III position, 1.0 FTE Electrical Engineer III position, 1.0 FTE Permit Technician I, and 2.0 FTE Senior Engineering Technician. These positions have been vacant for the year, and duties have been assumed by other positions in the department where possible. This action should have minimal impact to current service levels.
 - Equity consideration: There is no discernible equity impact from this action.
3. Deletes 1.0 FTE Supervising Transportation Engineer and adds 1.0 FTE Project Manager to align position with departmental needs. This position is responsible primarily for project management related tasks and does not require the technical training of an engineer.
 - Equity consideration: There is no discernible equity impact from this action.

Non-Departmental

Enhancements

1. Restores \$500,000 in funding for Lake Merritt health and safety efforts. The proposed budget reinstates \$140,000 for the Lake Merritt vending programs, \$95,000 for Parks Maintenance, \$95,000 for park steward(s), \$60,000 for transportation safety improvements, and \$115,000 for traffic safety management in the OPD.
 - Equity Consideration: Most vendors at Lake Merritt represent historically marginalized communities, and funding will lower barriers to entry, allowing vendors to operate a compliant market. Additionally, the improved traffic management measure will make Lake Merritt a safer and more inclusive public space, benefitting all residents. This allocation will also enhance the ability of parks services to maintain a safe, clean, and beautiful space. These improvements contribute to a better quality of life by supporting equitable access to safe recreational spaces.
2. Adds \$5 million per year for Public Safety vehicle acquisition to enhance the City's fleet. Funds may be used for the direct acquisition of vehicles or through a Master Lease funding mechanism, where the funding would be applied to debt service payments. The vehicles to be acquired must be prioritized to ensure that the most critical needs are addressed first.
 - Equity Consideration: Replacing aging Police and Fire vehicles helps to ensure the City has reliable and efficient vehicles to serve all communities, especially those in underserved areas.

Other Impacts & Changes

1. Cultural arts subsidy funding and elections appropriations have transferred to Non-Departmental in the proposed budget. The Economic and Workforce Development Department (EWD) will continue to administer and manage subsidy funding, while the City Clerk will remain responsible for elections funds. Elections funding is budgeted at \$4.4 million per year. The cultural arts subsidies include:
 - Hacienda Peralta: \$49,900 per year
 - Fairyland Subsidy: \$229,861 per year
 - Asian Cultural Center: \$200,000 per year

- Chabot Space and Science Center: \$218,484 per year

Significant Budgetary Changes

FY 2025-27 PROPOSED POLICY BUDGET

The table below provides significant changes city-wide. Significant Changes are listed based on the Departmental Organizational Structure. For a full list of the significant changes, please visit the [transparency portal](#).

Long-Term Fiscal Roadmap

FY 2025-27 PROPOSED POLICY BUDGET

The proposed budget is the critical first step in Oakland's work to move beyond maintaining solvency to attaining the fiscal health necessary to provide quality services, support our workforce, and achieve the financial resiliency necessary to weather future economic shocks. When adopted and implemented, the budget will avoid excessive use of one-time solutions and brings ongoing expenses and revenues into balance during the budget period.

The budget is the first step in this multi-year effort, but other strategies will be needed to achieve full fiscal health. The City Administrator is finalizing a roadmap that identifies other strategic financial goals for the coming years, including clear and measurable timelines to achieve them.

These strategic projects include:

- Achieving structural balance during the coming two-year budget,
- Establishing a fiscal health executive team to manage these initiatives and regularly report to the Mayor and Council on their progress,
- Develop long-term plans to restructure pension and other benefit costs,
- Maximize collection of current revenues and diversify the revenue base with an additional voter-approved measure in 2026,
- Develop multi-year plans to achieve voter-mandated staffing levels for city services and needed investments to sustain the City's infrastructure, fleet, and technology,
- Review and update the City's foundational financial and budget policies and practices,
- Fortify the City's revenue base through focused economic development activities, and
- Improving structures needed to hold the City and its contractors accountable for delivery of city services.

This roadmap to fiscal health builds upon initial goals presented in December 2024 and will be presented to the City Council in July, following adoption of the budget.

Long-Term Liabilities

FY 2025-27 PROPOSED POLICY BUDGET

OVERVIEW OF LONG-TERM LIABILITIES

The City of Oakland (City) has three defined benefit retirement plans:

1. California Public Employees' Retirement System (CalPERS) Public Safety Retirement Plan;
2. CalPERS Miscellaneous (civilian) Retirement Plan; and
3. Oakland Police and Fire Retirement System (PFRS)

The City also has programs in place to partially pay health insurance premiums for certain classes of retirees from City employment. City retirees are eligible for retiree health benefits if they meet certain requirements relating to age and service. The retiree health benefits are described in the labor agreements between the City and unions, and in City resolutions.

Unfunded Pension Liability for CalPERS – Active Retirement Plan

The City has active defined benefit pension plans for Safety and Miscellaneous employees through CalPERS. These plans are funded on an actuarial determined basis each year pursuant to CalPERS requirements. The CalPERS Board of Administration has taken several actions in recent years that have impacted both the City's unfunded liabilities and annual required contributions, which are captured in this two-year budget.

- In July 2021, CalPERS reported a preliminary 21.3% net return on investments for FY 2020-21. Since the return exceeded the 7.00% discount rate sufficiently, CalPERS lowered the discount rate from 7.00% to 6.80%. Beginning FY 2023-24, employer contributions are calculated using a 6.80% discount rate.
- In November 2021, CalPERS adopted new actuarial assumptions based on the recommendations in the November 2021 CalPERS Experience Study and Review of Actuarial Assumptions. This study reviewed the retirement rates, termination rates, mortality rates, rates of salary increase, and inflation assumption. These new assumptions impact the required contribution beginning FY 2023-24.

The table below shows a summary of the long-term unfunded liabilities for the City.

Unfunded Liability	Descriptions
\$1,924M ¹	The City's California Public Employees' Retirement System (CalPERS) unfunded balance as of June 30, 2025 (reporting date) is \$1,924 million. The Public Safety Plan has a \$1B unfunded liability (65.8% funded ratio); the Miscellaneous Plan has a \$924M unfunded liability (73.0% funded ratio).
\$549M ²	The City's Other Post-Employment Benefit programs (OPEB) have an unfunded actuarial liability (UAL) of \$549M as of June 30, 2024 (reporting date).
\$118M ³	The City's closed Police and Fire Retirement System (PFRS) retirement system has an unfunded balance of \$118M as of June 30, 2024 (measurement date). The actuarially determined contribution for FY 2024-25 is \$34.8M.
\$102.1M	Negative Funds as of June 30, 2024 – \$25.9 million of the negative funds have a repayment plan, \$75.2 million are reimbursable funds and \$1.0 million are funds with no repayment plan.
\$69M ⁴	The City's long-term liabilities for accrued vacation and sick leave are \$69M as of June 30, 2024.

¹ CalPERS GASB 68 Accounting Report as of June 30, 2024 (measurement date) for the Miscellaneous & Safety Plan of the City of Oakland (CalPERS, n.d.).

² City of Oakland Postretirement Health Insurance Plan, GASB 74/75 Report as of June 30, 2023 (measurement date)(Cheiron, September 2024).

³ Oakland Police and Fire Retirement System, GASB 67/68 Report as of June 30, 2023 (Cheiron, November 2023) and Actuarial Valuation Report as of July 1, 2023 (Cheiron, March 2024).

⁴ City of Oakland, Annual Comprehensive Financial Report as of June 30, 2024.

Unfunded Pension Liability for PFRS– Closed Retirement Plans

The Police and Fire Retirement System (PFRS) is a closed pension system that provides pension, disability, and beneficiary payments to retired Police and Fire sworn officers hired prior to July 1, 1976. As of July 1, 2023, PFRS covered no active employees and 653 retired employees and beneficiaries. The most recent actuarial valuation was based on data as of July 1, 2023.

Other Post-Employment Benefits (OPEB)

The City historically funded its retiree medical benefits (also known as “Other Post-Employment Benefits” or “OPEB”) on a pay-as-you-go basis, meaning funding was not set aside as benefits were earned. Rather, the City paid OPEB costs for existing retirees when the monthly premiums became due.

Compensated Absences – Accrued Vacation, Sick Leave, and Compensatory Time

The City’s policy and its agreements with employee groups permit employees to accumulate earned, but unused, vested vacation, sick leave, and other compensatory time. All earned compensatory time is accrued when incurred in the government-wide financial statements and the proprietary fund financial statements. A liability for these amounts is reported in the governmental funds only if they are due and payable. As of June 30, 2024, the current liability was \$69 million.

California Legal Revenue Limitations

FY 2025-27 PROPOSED POLICY BUDGET

Public funds are highly regulated; as such, some of the major regulations that impact local revenue generation will be discussed in this section. This information serves as the background to gain understanding of how tax revenue is generated and restricted.

Proposition 13

Proposition 13, approved by voters in 1978, amended the state constitution and imposed restrictions on the collection of revenue by California's local governments. Proposition 13 declared that the maximum amount of any ad valorem tax on real property shall not exceed 1% of the full cash value of such property. That 1% tax is collected by the counties and apportioned to the cities and special districts within each County. The only exception to the 1% limitation is for bonded indebtedness for the acquisition or improvement of real property, which must be approved by a two-thirds vote of the electorate. This exception is most commonly used when voters approve a General Obligation Bond to pay for capital improvements to infrastructure such as streets, parks, and buildings. The 2016 Oakland Measure KK Infrastructure Bond was an example of the use of this exception

Proposition 13 also requires a two-thirds vote of the qualified electors for a City to impose special taxes. Special taxes are restricted for a specific purpose rather than a general purpose, such as a tax designated for public safety or libraries. Parcel taxes are also considered special taxes regardless of the use.

Proposition 8

Proposition 8, approved by voters in 1978, strengthened Proposition 13 and established that when property values decline due to changes in the real estate market, tax assessors are obliged to conduct "decline in value reviews" so that the tax assessed is set at a lower rate if the value of the property has declined. A lower assigned value resulting from such a review is known as a "Proposition 8 reduction."

Proposition 218

Proposition 218, approved by voters in 1996, further restricted local government's abilities to raise revenue. Proposition 218 states that a majority vote of the public is required to raise general purpose taxes in Charter cities such as Oakland. This law requires that any new or increased property assessments may only be levied on properties that receive a special benefit from the project rather than a general benefit to the public, and that an engineer's report is required to ascertain the value of the special benefit. A weighted majority of property owners must approve such assessment. Proposition 218 restricts the use of property related fees so that they cannot be used to pay for a general governmental service, or a service not immediately available to the property.

Proposition 26

Proposition 26, approved by voters in 2010, defined and restricted governments' abilities to raise revenues through fees and charges for service by defining revenues as taxes unless they met one of the criteria listed below.

- A charge imposed for a specific benefit conferred or privilege granted directly to the payer that is not provided to those not charged, and which does not exceed the reasonable costs to the local government of conferring the benefit or granting the privilege.
- A charge imposed for a specific government service or product provided directly to the payer that is not provided to those not charged, and which does not exceed the reasonable costs to the local government of providing the service or product.
- A charge imposed for the reasonable regulatory costs to a local government for issuing licenses and permits, performing investigations, inspections, and audits, enforcing agricultural marketing orders, and the administrative enforcement and adjudication thereof.
- A charge imposed for entrance to or use of local government property, or the purchase, rental, or lease of local government property.
- A fine, penalty, or other monetary charge imposed by the judicial branch of government or a local government, as a result of a violation of law.
- A charge imposed as a condition of property development.
- Assessments and property-related fees imposed in accordance with the provisions of Article XIII D of the California Constitution (see Proposition 218).

Under Proposition 26, the local government bears the burden of showing that the amount charged is no more than necessary to cover the reasonable costs of the activity, and allocation of the costs to the payer bears a reasonable relationship to the payer's burdens on, or benefits received from, the activity.

Compliance with the Consolidated Fiscal Policy and Other Legislation

FY 2025-27 PROPOSED POLICY BUDGET

The proposed budget and accompanying resolution complies with the legal requirements of the City's Consolidated Fiscal Policy (CFP) Ordinance 13487 C.M.S.. The proposed budget does not conform to the prescribed use of one-time revenues. Accordingly, an appropriate finding was made in compliance with the CFP.

COMPLIANCE WITH THE CONSOLIDATED FISCAL POLICY

Policy on Balanced Budgets

The proposed budget is a balanced budget that limits appropriations to the total of estimated revenues and unallocated fund balances projected to be available at the close of the current fiscal year. Appropriated transfers from unallocated fund balance are only included when such fund balance is reasonably expected to exist by the end of the current fiscal year.

Use of One-Time Revenues

The proposed budget does include the use of one-time revenues for ongoing purposes. This is a departure from how the City normally balances its budget, and is due to the revenue losses brought on by the effects of the pandemic and the reduction in revenue generated from the real estate transfer tax (RETT), Business License Tax and Sales Tax. This leaves the City facing significant structural imbalances in the GPF in the FY 2025-27 budget. As such, in this biennial, the City is temporarily suspending Part D Section 2 of the CFP so it can use one-time revenues to maintain basic services. The resolution accompanying the Budget will contain the necessary explanations for the need to use one-time revenues for purposes other than those established in the CFP.

Use of Excess Real Estate Transfer Tax (RETT) Revenues

Excess Real Estate Transfer Tax (RETT), defined as any amount of projected RETT revenues that exceed 15% of General Purpose Fund Tax Revenues.

This excess Real Estate Transfer Tax, per the CFP, is to be used in the following manner and appropriated through the budget process:

At least 25% shall be allocated to the Vital Services Stabilization Fund, until the value in such fund is projected to equal to 15% of total General Purpose Fund revenues over the coming fiscal year; and

At least 25% shall be used to fund debt retirement and unfunded long-term obligations such as negative fund balances, Police and Fire Retirement System (PFRS) unfunded liabilities, CalPERS pension unfunded liabilities, paid leave unfunded liabilities, and Other Post-Employment Benefits (OPEB) unfunded liabilities; and

The remainder shall be used to fund one-time expenses or to augment reserves.

In this proposed budget, due to a reduction in revenue generated from the RETT, there is no excess RETT projected.

Reserve Funds

The proposed budget is consistent with the General Purpose Fund Emergency Reserve Policy to maintain in each fiscal year a reserve equal to 7.5% of the General Purpose Fund (Fund 1010) appropriations as unobligated fund balance. For the FY 2025-26, the Emergency Reserves would need be funded at \$59.08 million to meet the 7.5% requirement. The estimated unobligated fund balance at the beginning of FY 2025-26 is \$61.54 million. There are no appropriations made from the General Purpose Fund Emergency Reserve in the FY 2025-27 Proposed Budget.

The proposed budget temporarily suspends the Vital Services Stabilization Fund (VSSF) policy and does not make additional contributions to the fund. The legislation accompanying the Budget contains the necessary explanations for the VSSF policy other than those established in the CFP.

The proposed budget makes no additions to the Capital Improvements Reserve Fund. Capital needs for the City are being fulfilled through appropriations from Measure KK and Measure U bond proceeds.

COMPLIANCE WITH KEY VOTER APPROVED MEASURES

Kid's First Charter Amendment & OFCY (Fund 1780)

The Kids First Charter Amendment was first established in 1996 to create a separate fund exclusively dedicated to supporting Oakland's youth and children with programming and services so they can grow to become healthy and productive adults. The Kids First Charter Amendment requires that 3% of the City's unrestricted General Purpose Fund revenues be set aside in a separate fund (1780) every year.

The law requires that 90% of the Kids First funds to be used for eligible services for youth and children. No more than 10% can be used for administrative overhead, grant management, strategic planning, or third-party evaluation.

As a part of managing the Kids First fund, the City indicates the budget for fund 1780 in the proposed budget for the upcoming fiscal year. Once the General Purpose Fund's revenues are audited, the City then applies a "true-up" to the Adopted Budget based on what the City received in terms of actuals for its revenue from that prior fiscal year. This "true-up" can either be positive or negative, depending on if the budgeted amount was higher or lower than the actuals in General Purpose Fund Revenue.

For FY 2025-26, the Kids First Budget is \$ 22,744,353 (no true-up payment from FY 2023-24 included). For FY 2026-27, the Kids First Budget is \$ 23,576,450. It will be adjusted at Midcycle with the true up from FY 2024-25.

Below is how the Kids First calculation was made:

Fund 1780 - Kids First! Charter Amendment		
	FY 2025-26 Proposed	FY 2026-27 Proposed
General Purpose Fund (1010) Revenue	\$787,746,291	\$856,018,861
Minus Revenue Categories not subject to Kids First! Set-Aside	\$2,384,762	\$2,517,266
Minus Restricted Revenue Categories	\$30,549,769	\$70,953,260
Unrestricted GPF Revenue Subject to Kids First! Set-Aside	\$754,811,760	\$782,548,335
Total Kids First Unrestricted Revenue Allocation (3%)	\$22,744,353	\$23,576,450

Base Spending Requirement

The City must spend an amount, at least equal to 5.35 percent of the City's General Purpose Fund expenditures, excluding the Fund's monies, on other programs related to children and youth. This percentage represents the level of funding for children and youth services in Fiscal Year (FY) 1995-96, when measure was initially established. Expenditures that can be counted towards the baseline spending requirement include programs such as Head Start, library tutoring, mentoring, and after school recreational activities. The funding for these children and youth services must come from sources other than the Kids First! Fund.

For FYs 2025-27, 5.35 percent of the budgeted GPF expenditures is \$42.1 million in FY 2025-26 and \$45.8 million in FY 2026-27. The proposed budget exceeds this threshold, allocating \$85.7 million in FY 2025-26 and \$82.9 million in FY 2026-27:

- Head Start expenditures are budgeted at \$23.9 million in FY 2025-26 and \$23.3 million in FY 2026-27.
- Library expenditures for teen and children's services are budgeted at \$2.6 million in FY 2025-26 and \$2.6 million in FY 2026-27.
- Parks and Recreation expenditures for recreation centers and youth sports are budgeted at \$8.3 million FY 2025-26 and \$8.4 million in FY 2026-27.
- Measure AA expenditures for early childhood education and youth services to increase college enrollment and college graduation rates are budgeted at \$50.9 million in FY 2025-26 and \$48.6 million in FY 2026-27.

Note that the items listed above serve to illustrate that the proposed budget fulfills the minimum funding requirements stipulated by the Charter and do not constitute an exhaustive inventory of City funded children and youth programs and services.

2020 Oakland Parks and Recreation Preservation, Litter Reduction, and Homelessness Support Act (Parks Measure Q - Fund 2244)

The 2020 Oakland Parks and Recreation Preservation, Litter Reduction, and Homelessness Support Act (Parks Measure Q – Fund 2244) authorizes a twenty-year annual special parcel tax beginning in fiscal year FY 2020-21 through FYs 2039-40. Tax revenues* collected (net of any collection and tax levy costs and fees) are limited to the following purposes:

No less than 64% for parks, landscape maintenance, and recreational services;
30% for services to address homelessness and enable unsheltered and unhoused residents to access temporary shelters, transitional and supportive housing, and permanent housing;
5% for services and projects to address water quality and litter reduction, including by maintaining and cleaning stormwater trash collection systems; and
1 % to cover the costs of auditing and evaluating programs, strategies, and services undertaken pursuant to this measure.

*Central Services Overhead costs may not be recovered from this revenue.

Maintenance of Effort

For so long as the parcel tax is in effect, the City of Oakland must maintain service levels at the equivalent or greater than the service levels as to those provided in the Fiscal Year (FY) 2019-21 Adopted Policy Budget for FY 2019-20. If this maintenance of effort is not met, the City may not expend any revenue attributable to this parcel tax for the service area.

Parks, Landscape Maintenance, and Recreational Services: The maintenance of effort language restricts that the City's operative fiscal year budget may not appropriate more than 55% of the estimated revenue allocated to the parks, landscape maintenance and recreation services to preserve parks maintenance services. Due to the severe budgetary deficits in City funds, the FY 2024-25 Proposed Midcycle budget does not meet this requirement. Per the Parks Measure Q language, "*The City Council may temporarily suspend the provision of Section 4 by resolution to meet urgent and changing needs in the event of extreme fiscal necessity*". The legislation accompanying the Budget will contain the necessary explanations for the need to suspend this requirement.

Homeless Services: The City's operative fiscal year budget maintenance of effort language excludes any revenue appropriated from the Affordable Housing Trust Fund, Fund 1870.

The full text of the measure language for the 2020 Oakland Parks and Recreation Preservation, Litter Reduction, and Homelessness Support Act is available [here](#).

Fund 2244 Parks Measure Q				
The 2020 Oakland Parks and Recreation Preservation, Litter Reduction, and Homelessness Support Act				
			FY 2025-26 Proposed Budget	FY 2026-27 Proposed Budget
Revenue	Target %	Budgeted %

*Per the Parks Measure Q language: "The City Council may temporarily suspend the provision of Section 4 by resolution to meet urgent and changing needs in the event of extreme fiscal necessity". The Proposed budget allocates 68% of allocated revenue to Parks, Landscape Maintenance and Recreational Services for the preservation of current services and does not meet the requirement limiting no more than 55% for this purpose.

The 2024 Oakland Violence Prevention Act and Public Safety Act (Measure NN - Fund 2255)

In 2024, Oakland voters approved Measure NN, a continuation of the City's commitment to public safety and violence prevention. Measure NN continues a parcel and parking tax to continue many of the services funded under the City's Public Safety and Services Violence Prevention Act, Measure Z. Measure NN authorized the City to extend and increase an existing parcel tax and a parking tax surcharge for a period of nine years to fund police, fire, and violence prevention services. The projected annual revenue of Measure NN is approximately \$47 million. Not counting any audit, financial monitoring, collection and tax levy costs, fees and the Oakland Fire Department allocation, the revenue from this tax was designed to be split as follows:

60% for police services:

- 10% specifically allocated to costs associated with operations and functions by non-sworn personnel such as 911 dispatch, maintenance and investments in technology, and operations and functions of the crime lab and associated administrative expenses; and
- 50% of the remaining amount shall be allocated to costs associated with sworn police officers and 40% going to community violence prevention/intervention programs.

40% for Violence Prevention services where at least 75% of the total amount allocated for Violence Prevention services shall be spent on grants to and contracts with community-based service providers.

Similar to Measure Z, these taxes were accompanied by certain police staff requirements that, if not met, would compromise the City's authority to levy the taxes. Measure NN also prohibits laying off sworn police officers and firefighters below specified levels.

The FY 2025-27 Proposed Budget does not meet the minimum staffing requirement. Per the Measure NN language in section 6. (B) (2.); *"If a severe and unanticipated financial or other event occurs which so adversely impacts the General Purpose Fund as to prevent the City from budgeting for the minimum number of sworn police personnel required by this Ordinance, the numeric requirements for budgeting and maintaining sworn police personnel shall be reduced by the numbers the City is unable to fund as a result of such event. The existence of a severe and unanticipated financial or other event must be established by the declaration of a state of extreme fiscal necessity via City Council Resolution for that annual or biennial cycle. Such a resolution shall also note the steps that were taken by the City to avoid the need to reduce the number of sworn police personnel and the steps that will be taken by the City in the future to restore sworn police personnel "*. The resolution accompanying the Budget contains the necessary explanations for the need to suspend this requirement.

The full text of the measure language for the 2024 Oakland Violence Prevention Act and Public Safety Act (Measure NN) is available [here](#).

Measure AA Oakland Children’s Initiative (Funds 2261, 2262, and 2263)

The Oakland Children’s Initiative (Measure AA) is a 2018 Charter Amendment passed by the citizens of Oakland to deepen investments in children and support them through college graduation by dramatically expanding access to high quality preschool and providing college access, mentorship, and scholarship support services for students to obtain 4-year or 2-year college or technical degrees. The City will leverage a projected +\$30 million in annual revenue to dramatically expand access to and the quality of preschool, as well as significantly increase college enrollment and college graduation rates.

The charter establishes three funds: 1) the Oakland Early Education Fund (2262), funded by 62% of the proceeds of the parcel tax, 2) the Oakland Promise Fund (2263), funded by 31% of the proceeds of the parcel tax and 3) the Oversight, Accountability, and Evaluation Fund (2261), funded by 7% of the proceeds of the parcel tax.

Transfer to Program Funds

Per Section 1603. Funding for Oversight, Accountability, and Evaluation. (d) of the Charter, *"To the extent that at the end of each two-year (2) budget period, any unspent and unencumbered or undesignated funds remain in the Oversight, Accountability, and Evaluation Fund, fifty percent (50%) of the funds remaining shall be transferred to the Early Education Fund and shall be available for appropriation to achieve the goals of the Early Education Fund, twenty-five percent (25%) shall be transferred to the Oakland Promise Fund and shall be available for appropriation to achieve the goals of the Oakland Promise Fund, and twenty-five percent (25%) shall remain in the Oversight, Accountability and Evaluation Fund as a reserve for the eligible uses..."*

The FY 2025-27 Proposed budget aligns with the percentage allocations as specified in the Charter:

Oakland Vacancy Property Tax Act (Measure W - Fund 2270)

The Oakland Vacant Property Tax Act (Fund 2270) is a special parcel tax on vacant property within the City of Oakland where the revenue may be used to provide services and programs to the homeless, to reduce homelessness, and to support the protection of existing and production of new housing affordable to lower income households. Additional uses of revenue include job training, job readiness assistance, and drug treatment programs for homeless people; housing assistance including temporary housing or move-in expenses; sanitation, bathroom, and cleaning services related to homeless encampments; deterring blight and illegal dumping; and code enforcement and cleanup of blighted vacant properties.

Maintenance of Effort

For so long as the parcel tax is in effect, no more than fifteen percent (15%) of the revenue deposited into the Vacant Parcel Tax Act fund in any single year may be used to pay for administrative costs (excluding costs of the Homelessness Commission). The Fiscal Year (FY) 2024-25 Proposed Budget shall allocate no more than \$1,116,000 in FY26 and \$1,147,248 in FY27 towards administrative costs. The Proposed Budget allocates \$986,216 in FY26 and \$1,059,064 in FY27.

In addition, no less than twenty-five percent (25%) of the revenue deposited into the Vacant Parcel Tax Act fund in any single year shall be used to pay for code enforcement and clean-up of blighted vacant properties, blight elimination, remedying illegal dumping, and legal action to address any of the foregoing, as necessary. The FY 2025-27 Proposed Budget shall allocate no less than \$1,860,000 in FY26 and \$1,912,080 in FY 27 towards this maintenance of effort. The Proposed Budget allocates \$5,150,029 in FY26 and \$5,065,852 in FY27.

Police Commission - Measure LL and S1

On November 8, 2016, Oakland voters approved Measure LL in favor to establish the Police Commission (Commission). The Commission would oversee the Oakland Police Department to ensure that its policies, practices, and customs conforms to national standards of constitutional policing. Measure LL is a Charter amendment which established a Commission to oversee the Oakland Police Department. The Commission and Community Police Review Agency (CPRA) replaced the Citizens' Police Review Board (CPRB).

On November 3, 2020, Oakland voters approved Measure S1 in favor to amendment City's Charter creating an Office of Inspector General to review and report on the Police Department's and the CPRA's practices regarding police misconduct, changing the Commission's and CPRA's powers, duties and staffing, and allowing the Commission and the CPRA to hire their own attorneys independent of the City Attorney.

Measure LL & Measure S1 has a requirement that the City must allocate enough money to the Commission and the CPRA so that they can perform their required functions and duties. Specifically, the Measures require the allocation of:

- No fewer than one line investigator for every one hundred (100) sworn officers in the Department, rounded up or down to the nearest one hundred (100). The number of investigators shall be determined at the beginning of each budget cycle based on the number of sworn officers employed by the Department the previous June 1. A City Attorney opinion notes that the classifications of Complaint Investigator II and Complaint Investigator III fulfill the rolls of line investigators.
- 1.0 FTE Attorney or Contract Services for Legal Advice to provide legal services to the Police Commission
- 2.0 FTE Attorneys or Contract Services for Legal Advice to provide legal services to the CPRA

The number of sworn officers employed in June of 2024 was 704. The number of sworn officers projected to be employed in June of 2025 is 657. Both indicate a required number of line investigators greater than or equal to 7. The Proposed Budget contains 8 such positions (7.0 FTE Complaint Investigator IIs and 1.0 FTE Complaint Investigator IIIs).

The Proposed Budget allocates \$125,000 in FY 2025-26 and \$125,000 in FY 2026-27 for contract services to provide legal support to the Police Commission. It also includes 2.0 FTE CPRA Attorney positions, each costing \$371,752 in FY 2025-26 and \$369,076 in FY 2026-27. Additionally, \$287,393 is allocated in FY 2025-26 and \$287,393 in FY 2026-27 for contract services to provide legal support to the CPRA. These allocations ensure compliance with Measures LL and S1.

Public Library - Measures C and D

The Oakland Public Library (Library) is responsible for complying with two voter approved measures that provide supplemental funding for Library services. The measures are the Library Services Retention and Enhancement Act (Measure C) and the 2018 Oakland Public Library Preservation Act (Measure D).

Measure C amends Measure Q, which was an extension of Measure O, the Library Services Retention and Enhancement Act (the "Act") in 1994. The Act established an annual parcel tax to raise revenue to enhance Library

service; the measure was approved through 2024. The Maintenance of Effort Required by Measure C is:

A. For each year this tax is in effect, the City Council may collect this tax only if the City's General Purpose Fund appropriation for Library services is at least \$14,500,000.

B. Notwithstanding the minimum General Purpose Fund appropriation requirement in subsection (A), the City may levy and collect this tax if:

1. A severe and unanticipated financial or other event occurs that so adversely impacts the General Purpose Fund the City is unable to budget for the Library's General Purpose Fund appropriation at the required minimum amount of \$14,500,000,
2. The City's reduction to the Library Department's General Purpose Fund appropriation is no more than the reduction to the City's net General Purpose Fund budget for non-safety departments (which are all operating departments, except Police and Fire). This exception shall apply only if the City Administrator submits a report to the City Council explaining the severe and unanticipated event, the steps that were taken by the City to avoid the need to reduce the Library's General Purpose Fund appropriation and the steps the City will take in the future to restore the Library's General Purpose Fund. Such actions must be taken for each fiscal year in which the City fails to meet the minimum appropriation requirements set forth in subsection (A).

The Maintenance of Effort Threshold for Measure D is similar though the value is lower at \$12.99 Million.

For any year during which this tax is in effect, if the City's General Fund appropriation to the Library Department shall not be reduced below \$12,992,267 unless a severe and unanticipated financial or other event occurs, and the City's reduction to the Library Department's General Fund appropriation is no more than the same proportion of reduction that is imposed on the City's net General Fund budget for non-safety departments.

The proposed budget includes General Purpose Library Expenditures of \$11,738,658 in FY 2025-26 and \$11,729,715 in FY 2026-27. The proposed budget also includes a transfer of \$62,406 from the GPF to the Measure C fund, which is a true-up of the FY 22-23 Midcycle budget to meet the GPF minimum requirement by the measure. The reduction to the Libraries GPF expenditures from the Measure C threshold is less than the reduction to the City's net General Purpose Fund budget for non-safety departments, and the reduction to the Libraries GPF expenditures from the Measure D threshold is proportionally less than the reduction to the City's net General Purpose Fund budget for non-safety departments. The required reporting and findings will be provided in accompanying legislation. There are no reductions to library services from reduced GPF Funding.

Measure W Public Campaign Financing

Approved in 2022, the measure amends the Oakland Municipal Code and City Charter to establish resident public financing for candidate election campaigns, increase transparency regarding independent spending in City elections, further restrict former city officials from acting as lobbyists, and provide additional resources to the Public Ethics Commission for implementation.

For the two-year budget cycle beginning July 1, 2023, and each subsequent two-year budget cycle beginning on July 1 of odd-numbered years, the City shall appropriate to the Fund no less than \$4,000,000.00 for the purpose of funding the Democracy Dollars Fund. The City shall consider additional appropriations to the Fund as requested by the Commission to ensure sufficient money in the Fund. After July 1, 2023, for every two-year budget cycle beginning on July 1 of odd-numbered years, the required minimum appropriation under this subsection shall be increased by the increase in the consumer price index over the preceding two years.

For the two-year budget cycle beginning July 1, 2023, and each subsequent two-year budget cycle beginning on July 1 of odd-numbered years, the City shall appropriate for the Public Ethics Commission no less than \$350,000.00 for the purpose of non-staff costs for administering the Democracy Dollars Program, in addition to staff budgeting required by Oakland City Charter Section 603(g). Upon receiving notice from the Commission under Oakland City Charter Section 603(g)(4), the City shall consider additional appropriations to the Commission to ensure sufficient funds are provided to administer the Democracy Dollars Program. After July 1, 2023, for every two-year budget cycle beginning on July 1 of odd-numbered years, the required minimum appropriations under this subsection shall be increased by the increase in the consumer price index over the preceding two years. For the 2023-24 fiscal year, or earlier, the City shall appropriate an additional amount of no less than \$700,000.00 for the purpose of startup costs associated with initiating the Democracy Dollars Program, with any remaining funds to be carried forward into future fiscal years.

The minimum budget set-aside in this section may be reduced, for a fiscal year or a two-year budget cycle, upon a finding in the budget resolution that the City is facing an extreme fiscal necessity, as defined by City Council resolution. A reduction may occur only as a part of a general reduction in expenditures across multiple departments.

Due to the severe budgetary deficits in the City's General Purpose Fund (GPF), the FY 2025-27 Proposed Budget does not meet the minimum budget set-aside in this section.

Measure X Charter Amendments

Approved in 2022, the measure amends the Charter to, among other things, establish Councilmember term limits, require two hearings before Council places certain measures on the ballot; count Councilmember abstentions and absences as "no" votes in determining whether Mayor may break a tie; provide Public Ethics Commission discretion in setting Councilmember salaries; authorize the Commission to set City Attorney and Auditor salaries; and add and detail duties and provide minimum staffing for the Auditor.

Effective July 2023, the budget for the Office of the City Auditor shall be sufficient to hire at least fourteen full-time equivalent ("FTE") employees of relevant classifications. The minimum staffing budget set-aside may be suspended, for a fiscal year or a two-year budget cycle, upon a finding in the budget resolution that the City is facing an extreme fiscal necessity, as defined by City Council resolution or ordinance.

The FY 2025-27 Proposed Budget includes the following 9.0 FTE positions in FY26: 1.0 FTE City Auditor, 1.0 FTE City Auditor, Assistant, 1.0 FTE Assistant to the Director, 1.0 FTE Executive Assistant to the City Auditor, 2.0 FTE Performance Audit Managers, 3.0 FTE Performance Auditors, Sr.; and the following 12.0 FTE positions in FY27: 1.0 FTE City Auditor, 1.0 FTE City Auditor, Assistant, 1.0 FTE Assistant to the Director, 1.0 FTE Executive Assistant to the City Auditor, 2.0 FTE Performance Audit Managers, 4.0 FTE Performance Auditors, Sr., and 2.0 FTE Performance

Auditors The legislation accompanying the Proposed Budget makes the required findings that the City is facing a state of extreme fiscal necessity.

Measure Y Oakland Zoo (Fund 2253)

Approved in 2022, the measure amends Oakland's Municipal Code to fund Oakland Zoo operations, staffing, maintenance and capital improvements, including but not limited to animal care and rehabilitation, educational and conservation programs, fire prevention, accessibility, and visitor services, by imposing an annual \$68 parcel tax for single-family parcels, and other parcels as specified, for 20 years, raising approximately \$12,000,000 annually with exemptions for low-income households and others, and citizen oversight.

All funds collected by the City from the parcel tax imposed by this Ordinance shall be deposited into one or more separate, special funds in the City treasury and appropriated and expended only for the purposes and uses authorized by this Ordinance. This fund, or these funds, shall be known as the "Oakland Zoo Fund."

Funds in the Oakland Zoo Fund shall be distributed to the Zoo Operator for the purposes and uses listed herein as they are deposited into the Fund, after deducting amounts necessary to pay the fees charged by the County of Alameda to collect and remit the special tax.

Funds in the Oakland Zoo Fund shall be used exclusively to pay for the operations, staffing, maintenance and capital improvements of the Oakland Zoo and direct and indirect administrative expenses associated with this special tax, as defined herein. If this Ordinance or the use of special tax funds is legally challenged, special tax funds may be used to reimburse the City. County and the Zoo Operator for their costs of legal defense, including attorneys' fees and other expenses.

The measure requires that amounts allocated from City sources other than the parcel tax shall not be reduced at a greater rate than other expenditures as a result of the parcel tax. Non parcel tax expenditures are unchanged from prior Fiscal Years despite reduced GPF revenues.

Measure MM The Wildfire Prevention Act of 2024

Approved in 2024, this measure establishes a special parcel tax for 20 years on properties within Oakland's designated "Wildfire Prevention Zone," which includes areas identified by Cal Fire as Very High Fire Hazard Severity Zones. Revenue from Measure MM will fund the implementation of Oakland's 10-year Vegetation Management plan, which include activities such as vegetation management, evacuation route protection, enhanced fire patrols and public education efforts. The tax takes effect on July 1, 2025.

Measure OO - Public Ethics Charter Amendment

Approved in 2024, the measure amends the Charter to, among other things, update commissioner qualifications, prohibit commissioner from receiving gifts or payments from elected officials during their tenure; mandate that the City Council consider PEC legislative proposals within 180 days; restricting annual gifts from registered lobbyists to elected officials, candidates, or their families; require the Commission to set the salaries of the City

Attorney and City Auditor every two years, aligning with the schedule for setting City Council salaries; and increase minimum staff level by one investigator, effective no earlier than July 2026.

The budget for the Public Ethics Commission shall consist of the following positions or their equivalent should classifications change: Executive Director; Enforcement Chief, Ethics Investigator (and effective July 1, 2026, one additional Ethics Investigator); and three (3) of the following: Ethics Analyst I, Ethics Analyst II, Administrative Analyst I, or Administrative Assistant I.

The minimum staffing budget set-aside may be reduced, for a fiscal year or a two-year budget cycle, upon a finding in the budget resolution that the City is facing an extreme fiscal necessity, as defined by City Council resolution or ordinance. A reduction may occur only as part of a general reduction in expenditures across multiple departments.

The FY 2025-27 Proposed Budget includes the following 10.10 FTE positions: 1.0 FTE Executive Director, 1.0 Enforcement Chief, 1.0 FTE Program Manager, 2.0 FTE Ethics Investigator, 1.0 FTE Ethics Analyst I, 2.0 FTE Ethics Analyst II, 1.0 FTE Ethic Analyst III, 1.0 FTE Administrative Analyst I and 0.10 FTE Management Intern, PT. The proposed budget conforms to the Public Ethics Commission minimum staffing requirement of Measure OO.

COMPLIANCE WITH OTHER FINANCIAL POLICIES

Measure HH, the Sugar-Sweetened Beverage Tax (SSBT)

Measure HH, the Sugar-Sweetened Beverage Distribution Tax Ordinance, was approved by the Oakland voters in the November 8, 2016 General Election. The Ordinance established the tax of 1 cent per ounce on the distribution of sugar-sweetened beverages (SSB) effective July 1, 2017. The Ordinance also established the SSBT Board to advise and make recommendations to the City Council on the expenditure of these tax revenues. The Board's funding recommendations have not yet been submitted to the City Council. They will be provided here once they become available.

Other Post-Employment Benefits (OPEB) Funding Policy

The City Council approved the City's OPEB Funding Policy on February 26, 2019 (Resolution No. 87751 C.M.S.) authorizing the set aside of 2.5% of payroll into the City's OPEB Trust each, in excess of the annual pay-go cost for current retirees and beneficiaries. These reforms are expected to provide significant long-term relief to the City's retiree medical program.

Due to adverse financial conditions caused by the COVID-19 crisis, the City Council authorized the suspension of contributions in to the OPEB Trust for Fiscal Years 2019-20 and 2020-21, with contributions resuming in FY 2021-22. As provided for in the fringe benefit allocations in the FY 2025-27 Proposed budget, the City continues OPEB Trust contributions consistent with funding provisions in the policy.

Citywide Revenue projections were formulated by estimating revenue receipts for the current 2024-25 fiscal year and applying estimated growth rates to these figures to forecast revenues over the biennial period. Revenue estimates are based on anticipated economic growth, new development, and expected changes in fee structures relative to service levels, as well as shifts in state or federal policies, and various economic and demographic trends. The forecast also accounts for local and regional economic factors, such as fluctuations in construction activity, real estate transactions, business travel, and in-person work patterns in the upcoming fiscal years. Baseline economic growth assumptions were derived from an analysis of statewide and national economic forecasts, including projections from the California Legislative Analyst's Office, the California State Department of Finance, the UCLA Anderson School, the State of California Energy Commission, and the Federal Open Market Committee (FOMC). Historical correlations between statewide economic activity and Oakland's economic trends were analyzed and applied to generate Oakland-specific revenue forecasts.

Summary of the General Purpose Fund Revenues

The Real Estate Transfer Tax (RETT) fell from \$138 million in FY 2021-22 to \$57.61 million in FY 2023-24 due to reduced property demand from high interest rates, contributing to a \$70.91 million General Purpose Fund (GPF) shortfall in FY 2023-24. High inflation also affected other revenue streams by reducing purchasing power, lowering consumer spending, and consequently impacting Sales Tax, Business Tax, and other consumer-driven revenues. FY 2024-25 showed signs of stabilization with Property Tax projected to grow gradually with a 4.6% increase in assessed property values. Fines & Penalties rose due to a recent 10% parking citation rate increase and full enforcement staffing. Utility Consumption Tax is up after recent utility rate increases, and RETT shows a moderate recovery from the FY 2023-24 downturn. However, Sales Tax and Transient Occupancy Tax (TOT) have continued to decline due to reduced consumer spending and fewer operational hotels.

During the FY 2025-27 Biennial, Property Tax growth is expected to slow due to fewer reassessments from reduced property transfers. Sales Tax is anticipated to grow modestly, between 1.6% and 3.0%, but will generate approximately an additional \$30 million annually from the new Measure A half-cent tax that was approved by Oakland voters on April 15, 2025. Business Tax is expected to grow 3% annually, driven by stable industry sectors. RETT is expected to stabilize but remain below prior peaks. Utility Consumption Tax is anticipated to continue to grow between 4.2% and 5.3% annually due to continuous utility rate increases and consumption growth. Recent increases in parking fines are expected to remain at the elevated levels due to the recent parking citation rate increases and full enforcement team staffing levels.

Caution remains as TOT is not expected to rebound during the biennial due to hotel closures and low occupancy. Furthermore, external factors like tariffs implemented in April 2025 raise recession risks, potentially increasing costs for goods, infrastructure materials, and services in Oakland. Sustained higher prices could further impact consumer spending, potentially negatively affecting areas such as Sales Tax and Business Tax.

Property Tax - GPF

FY 2025-27 PROPOSED POLICY BUDGET

Property tax is the largest single source of revenue for the GPF and represents over one third of all GPF revenues. Under the current law, all taxable real and personal property is subject to a tax rate of one percent of the assessed value. A tax increase can only occur if two-thirds of those voting in a local voting in a local election approve the issuance of bonds. The assessed value of real property that has not changed ownership adjusts by the change in the California Consumer Price Index up to a maximum of two percent per year. Property which changes ownership, property which is substantially altered, newly constructed property, and personal property are assessed at full market value in the first year and subject to the two-percent cap thereafter.

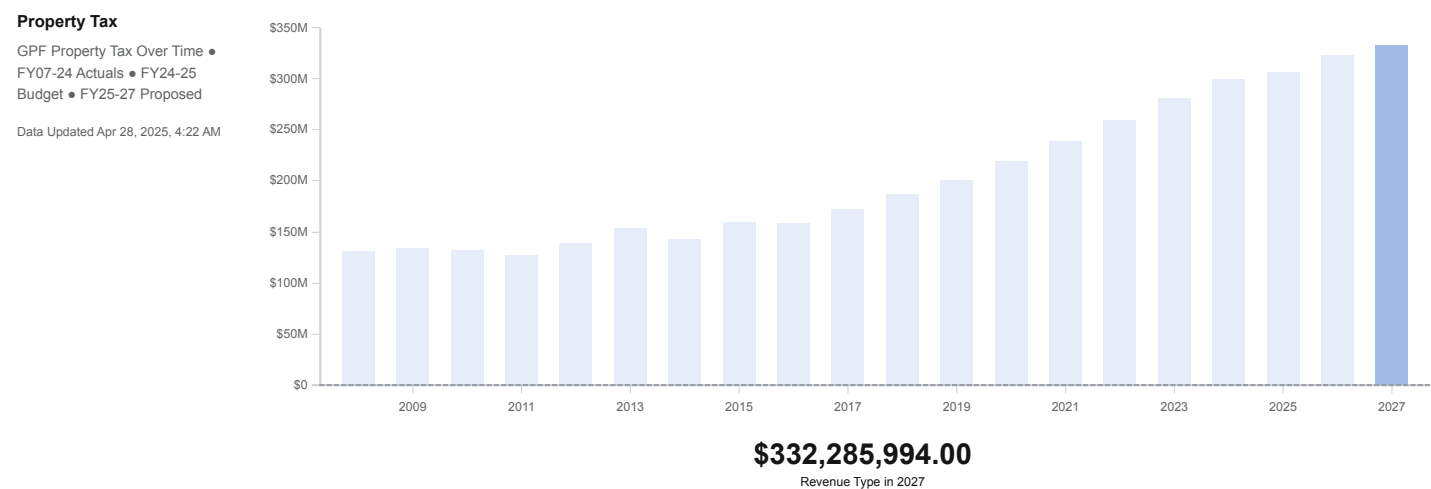

The County of Alameda is responsible for assessing, collecting, and distributing property taxes in accordance with enabling state law, and for remitting such amounts to the City. Property taxes are assessed and levied as of July 1 on all taxable properties located in the City, and result in a lien on real property on January 1. Property taxes are then due in two equal installments-the first on November 1 and the second on February 1 of the following calendar year and are delinquent after December 10 and April 10, respectively.

Over the past 20 years, property tax revenue has grown, year-over-year, at an average pace of approximately 6.0%. The growth for that period was accelerated by a rapid run-up of housing demand and accompanying new construction. The rise in property tax revenues was also due to a Vehicle License Fee (VLF) “backfill” payment from the State (the difference between the old VLF of 2.0% and new fee of 0.65%) in the form of property tax

revenue. The value of rising property tax, which increased more quickly than VLF revenues, brought Oakland additional revenues. Furthermore, starting in FY 2011-12 with the dissolution of the Redevelopment Agency, unallocated property tax increment is flowing back to the City in the form of additional property tax revenues. This additional revenue is the portion of property tax increment that would have gone to the redevelopment agency if it had not been dissolved, less the funding required to wind-down the obligations of the agency, including any debt service payments owed on debt obligations issued prior to the dissolution of the agency.

During the FY 2025-27 Biennial, General Purpose Fund property tax revenue is expected to grow more slowly due to fewer property reassessments, driven by reduced property transfers in recent years, according to the latest County data. In FY 2025-26, the growth is projected to be 3.0% over the estimated FY 2024-25 amount. This trend may persist if property turnover remains low.

Sales & Use Tax - GPF

FY 2025-27 PROPOSED POLICY BUDGET

Sales and Use tax applies to the retail sale or use of “tangible personal property.” The total sales tax percentage in the City of Oakland is 10.75%; meaning on a \$1 purchase, tax paid is 10.75 cents. The City receives 1.5 percent of the total tax, meaning the City receives 1.5 cent on a \$1 purchase.

The table to the right details the general allocation of sales or use tax on purchases in the City of Oakland. Some of the tax revenue received by the State of California is redistributed to counties to provide health and public safety services.

Oakland’s diverse Sales Tax base consists of six major business groups: auto and transportation, fuel and service stations, business and industry, general consumer goods, building and construction, and food and drugs. No particular group dominates the City’s sales tax revenues.

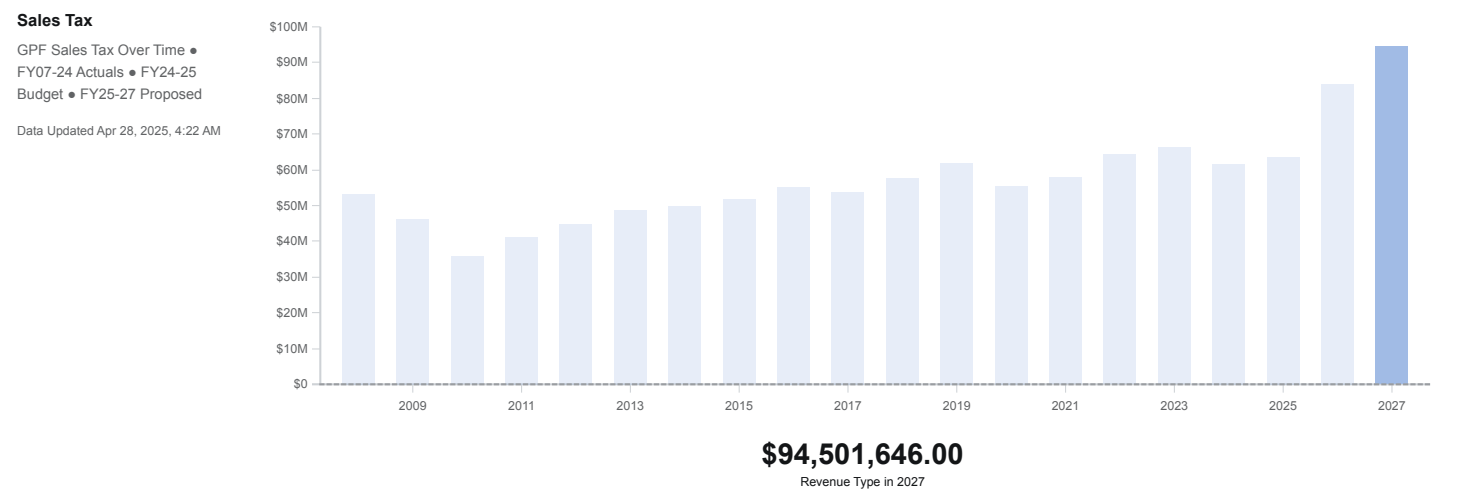

Receiving Agency	Rate
The State of California	6.25%
The City of Oakland	1.00%
The City of Oakland - Measure A	0.50%
The Bay Area Rapid Transit District	0.50%
Alameda County Transportation Improvement Authority	2.00%
Alameda County Essential Health Care Services	0.50%
Total Sales Tax	10.75%

Sales tax revenue is influenced by local, regional, and national economic conditions. For FY 2024-25, expectations for sales tax revenue have been revised downward due to slower tax filings and inconsistent results across various categories, marking the second consecutive year of statewide declines. Key drivers include persistent inflation, elevated interest rates, diminished consumer confidence, reduced household budgets, and volatile gas prices. These factors align with broader trends like moderating inflation and shifting consumer preferences. Despite some easing of inflation, its ongoing impact has hit sectors such as Fuel and Service Stations, Autos and Transportation, and General Consumer Goods particularly hard. For example, jet fuel tax revenue has plummeted as airlines refuel in more cost-effective regions, new vehicle sales have softened due to higher financing costs, and retail has seen a national pivot toward online shopping and services, reducing in-store purchases that typically drive sales tax revenue.

For FY 2025-26, sales tax revenue is projected to grow modestly by 1.6%, with growth expected to reach approximately 3% by FY 2026-27 closer to historical state averages of approximately 3.5%. While persistent inflation and tariffs maintain the uncertainty of sales tax’s performance during the biennial budget period, inflation’s impact on sales tax revenue may not necessarily suppress revenue further. If consumer spending holds

steady despite rising prices, revenue may still rise. Certain economic indicators provide optimism, since according to the UCLA Anderson School coming in to 2025, California’s economic outlook for 2026 includes a 5.8% increase in personal income, a 5.6% rise in taxable sales, a drop in consumer price growth from 3% to 2.5%, and a slight unemployment rate decline from 4.8% to 4.4%, which could stabilize consumer spending.

The biennial forecast now incorporates Measure A, a half-cent Transactions and Use Tax increase approved by Oakland voters on April 15, 2025, to fund essential city services impacted by budget cuts. This measure raises Oakland’s sales tax rate from 10.25% to 10.75%, expected to generate \$29.82 million annually. Due to its implementation in Q2 of FY 2025-26, the first year’s revenue will reflect only 75% of the projected total.

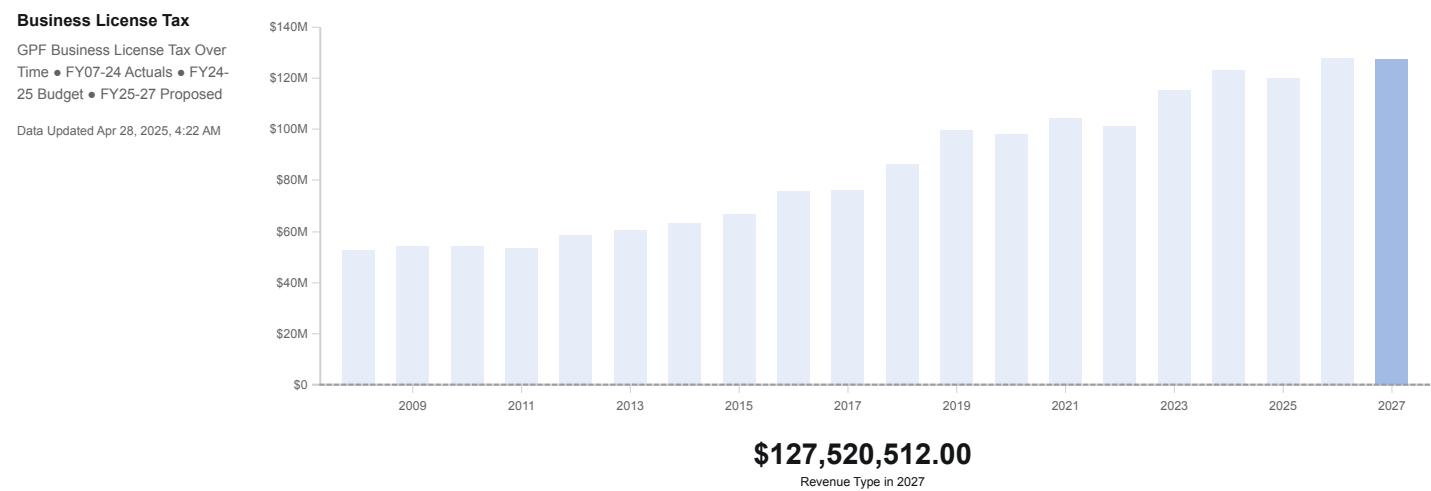

Business License Tax - GPF

FY 2025-27 PROPOSED POLICY BUDGET

The Business License Tax (BLT) is charged annually to Oakland businesses based either on gross receipts (accounts for approximately 60% of business license tax revenue) or rental income (40% of revenue). The rate on gross receipts varies by type of business, ranging currently from a low of \$0.60 per \$1,000 of receipts for grocers, to \$5.50 per \$1,000 of receipts for largest businesses in the miscellaneous category. The rates for the BLT were increased by voters at the November 2022 election.

In FY 2024-25, several large business accounts have closed. Collectively account closures account for over \$4 million in lost revenue, with the 29 largest businesses representing over \$3 million out of that revenue loss based on prior year payments from these entities. Large account closures present a particularly significant risk, especially considering that 10% of businesses contribute to approximately 80% of the total taxes collected for the 2025 renewal. This highlights a narrow revenue stream for BT. Additionally, just 500 businesses make up approximately 54% of BT's total revenue, which further emphasizes the concentration of income sources. On the other hand, key revenue categories like Rental Property, Business/Personal Services, and Professional/Semi-Professional Services, which combine to account for over 70% of all BT payments, have increased through FY 2024-25. The stability of these major categories along with historical growth over the years allows for an estimated inflationary growth of about 3% annually during the biennial budget period.

Utility Consumption Tax - GPF

FY 2025-27 PROPOSED POLICY BUDGET

The Utility Consumption Tax (UCT) is charged on users of given utility, primarily electricity, natural gas, cable television, and telephone. The UCT applies to both residential and commercial users. UCT is collected by utility companies and remitted to the City each month. The tax rate in Oakland has been 7.5% since 1993, although there are two significant exceptions: annual payments by manufacturers are capped at \$350,000, and low-income residents pay just 5.5% on energy use (gas and electricity).

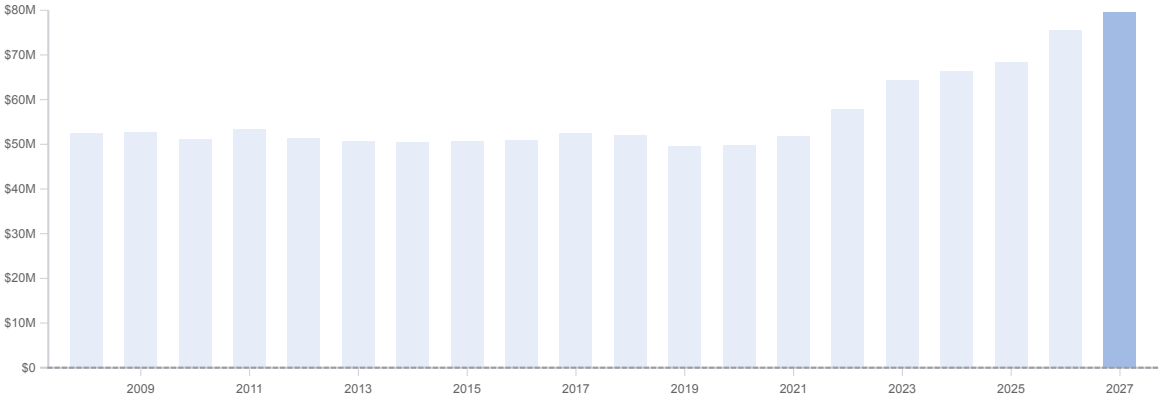

Assembly Bill 1717 (AB1717) passed by the legislature in 2014, established the Prepaid Mobile Telephone Services Surcharge Collection and Local Prepaid Mobile Telephone Services Collection Act. AB1717 effectively closed a loophole whereby the sale of prepaid calling cards, cellphones and the like were not subject to the City's local UCT. The California Department of Tax & Fee Administration (CDTFA) has been charged with establishing a surcharge rate that will be charged on the sales of all prepaid mobile telephone services, collected by the retailer, remitted to the CDTFA quarterly, and then remitted to the appropriate local taxing jurisdiction less an administrative fee. AB1717 generates approximately \$18,000 annually.

In FY 2023-24, UCT collections totaled \$66.22 million. The FY 2024-25 Q2 projection of \$71.67 million reflects an 8.2% (\$5.45 million) year-over-year increase, driven by higher utility rates after the California Public Utilities Commission (CPUC) approved a 12.8% consumer rate hike that was phased in during 2024. To start 2025, PG&E introduced another 1.5% residential electric rate increase in January, its sixth within 12 months, and has proposed a 2-4% rate hike for January 2026 to fund infrastructure upgrades and wildfire mitigation. In addition, statewide baseline electricity consumption, excluding data centers, is expected to increase annually by 2.2% from 2024 to 2030, per the 2024 California Energy Commission's Preliminary Annual Consumption and Sales Forecast. Overall, UCT annual growth is forecasted at 5.3% in FY 2025-26 and at 4.2% in FY 2026-27, driven by consistent rate increases and consumption growth.

Revenue Type in 2027

Real Estate Transfer Tax - GPF

FY 2025-27 PROPOSED POLICY BUDGET

Until December 31, 2018, the Real Estate Transfer Tax (RETT) rate on residential and commercial sales was 1.61% of the value of each real estate transaction. Oakland's share was 1.5% with Alameda County receiving the remaining 0.11%. The tax is triggered by the transfer of property ownership, and both the buyer and seller are responsible for ensuring the tax is paid.

On November 6, 2018, Oakland voters approved Measure X, establishing a progressive real estate transfer tax rate for the City. The new rates became effective on January 1, 2019 and are as follows:

Transfers up to \$300,000 1.00%
\$300,001 to \$2,000,000 1.50%
\$2,000,001 to \$5,000,000 1.75%
\$5,000,001 and above 2.50%

RETT revenues can be volatile and subject to fluctuations based on a handful of high value transfers in a given year. Per the Consolidated Fiscal Policy, if RETT exceeds the budgeted amount by over 15%, the excess is deemed "Excess RETT." Half of this may fund one-time expenditures, 25% goes to the Vital Services Stabilization Fund, and 25% repays long-term obligations.

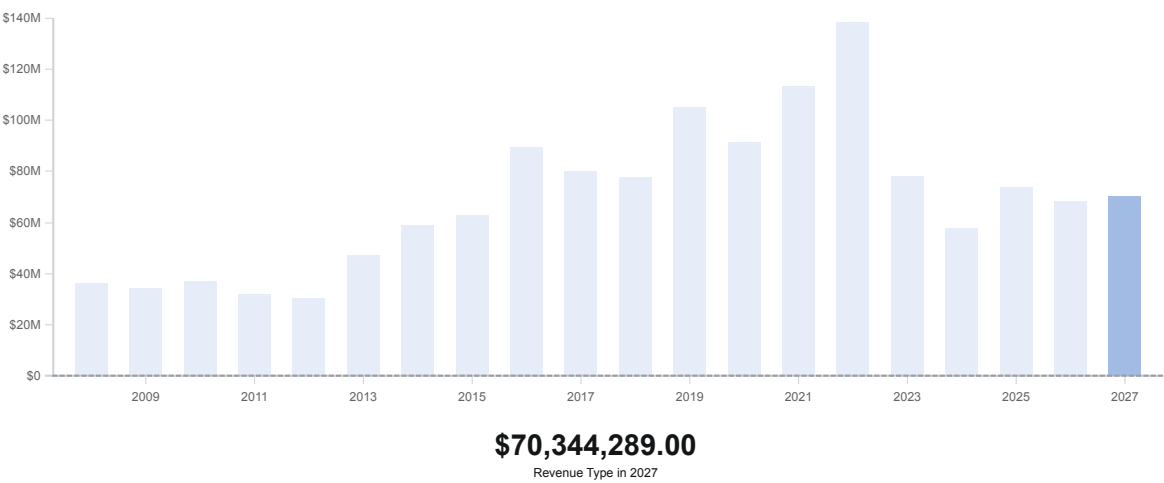

FY 2023-24 saw RETT drop to \$57.61 million against a \$110.41 million budget due to high federal funds rates which increased mortgage costs and reduced sales by 10.1% from FY 2022-23. In FY 2024-25, RETT collections halfway through the year improved from the FY 2023-24 decline, driven by a 9.7% increase in property sales (167 additional transactions) and a 16.9% rise in sales value through Q2, driven by three Federal Open Market Committee (FOMC) interest rate cuts. However, the FY 2024-25 year-end projection of \$66.31 million only makes up a small portion of the drop experienced in the prior year.

Future uncertainties, including persistent inflation, may limit additional interest rate cuts in the near future, with the FOMC projecting two for 2025. High rates could maintain a prolonged down market, as seen post the 2008 recession when Oakland's RETT recovery lagged until 2013. As a result, RETT is projected to grow moderately at 3.0% annually over the biennial period, remaining flat near the lower levels experienced over the past couple years until market conditions strengthen. Limited home supply currently supports prices, but increased inventory or risks like a recession could lower prices. During the biennial, national home price growth is expected to slow, with forecasts of 2.7% (S&P Case-Shiller) and 3.2% (FHFA) increases by Q4 2026, compared to 3.9% and 3.7% respectively in 2025.

Real Estate Transfer Tax

Data Updated Apr 28, 2025, 4:22 AM

Transient Occupancy Tax - GPF

FY 2025-27 PROPOSED POLICY BUDGET

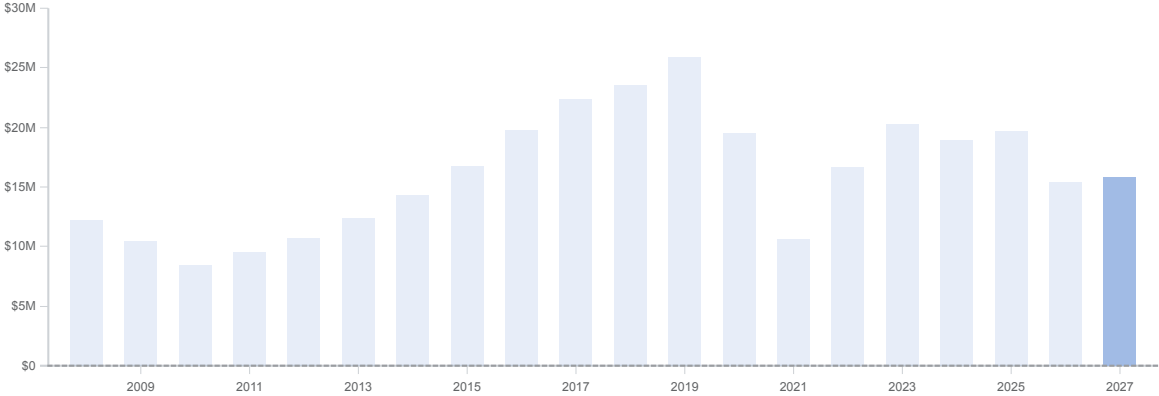

The Transient Occupancy Tax (TOT) rate is 14% of the hotel rate and is paid by individuals who stay thirty days or less in a hotel located within the City of Oakland. This tax is collected and remitted by hotel operators. The rate was increased from 11% to 14% in FY 2008-09 due to the voter-approved Measure C tax surcharge. Measure C allocates 3% of total TOT revenue to support various community-based institutions, such as the Oakland Zoo; Oakland Convention and Visitors Bureau; Chabot Space and Science Center; Oakland Museum; and cultural art and festival activities. The Measure C portion (3%) is booked in a separate fund.

Before the COVID-19 pandemic, Transient Occupancy Tax (TOT) collections peaked at \$25.92 million in the General Purpose Fund (GPF) in FY 2018-19. The pandemic drastically reduced TOT, with GPF collections falling to \$10.61 million in FY 2020-21. Recovery began in FY 2022-23, with TOT rising to \$20.20 million, but this trend reversed in FY 2023-24, dropping to \$18.93 million. The decline intensified in FY 2024-25, which now projects to end the year at \$16.07 million led by a 14.4% plunge in TOT collections in the first half compared to the prior year, signaling ongoing challenges in tourism recovery. Contributing factors include declining commercial property values, rising public safety concerns, reduced passenger traffic at Oakland Airport, and the departure of three major professional sports teams in recent years. As of January 2025, hotel metrics reflect this downturn: over the past 12 months, occupancy fell 1.8%, average daily rate (ADR) dropped 2.8%, and revenue per available room (RevPAR) declined 4.5%. In addition, the rolling 12 month passenger travel for the Oakland Airport through February decreased by 6.59%. Furthermore, major hotel closures have significantly contributed to the decline in TOT revenue. Using the FY 2024-25 year-end estimate as a baseline, projections for FY 2025-26 anticipate further reductions conservatively for the potential of additional closures of at-risk hotels. For FY 2026-27 a modest recovery is anticipated, but TOT is expected to remain below the FY 2023-24 levels.

Parking Tax - GPF

FY 2025-27 PROPOSED POLICY BUDGET

The Parking Tax (PT) is a tax imposed on the occupant of an off-street parking space. The tax rate is 20% (10% supports voter-approved Measure NN – Oakland Community Violence Reduction and Emergency Response Act of 2024 and is allocated to a separate fund) and is collected by parking lot and garage operators. The Measure NN parking tax surcharge, which took effect on January 1, 2025, increased the parking rate surcharge to 10% from 8.5% under Measure Z, the City's prior Violence Prevention measure, increasing the parking tax rate overall from 18.5% to 20%.

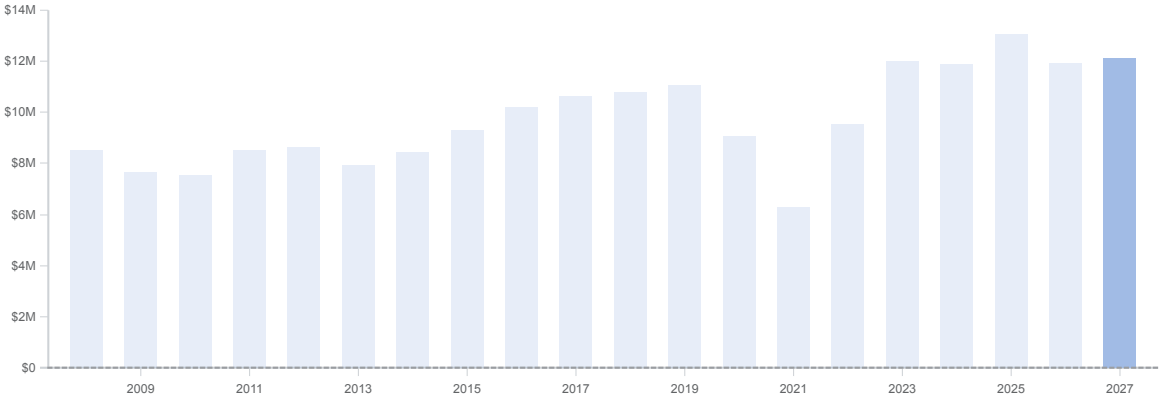

Over 90% of the City's Parking Tax revenue is generated from travel-related activities, including parking at or near the Oakland International Airport, and from the downtown area. As such, the Parking Tax revenues are strongly correlated with passenger volume at the airport and travel activity more generally, as well as with business activity in the downtown area. Like most of the other revenue categories, PT suffered following the onset of the COVID-19 pandemic, which emptied downtown offices and triggered large reductions in both business and personal travel. Across the city, PT revenues have now returned to levels seen before the COVID-19 pandemic. Notably, the downtown area has experienced significant year-over-year increases in parking tax collections over the past three fiscal years (FY 2021-22 to FY 2023-24), with sequential annual rises of 31%, 18%, and 11% of revenue collected respectively. However, airport passenger traffic remains low and has not recovered from the downturn caused by the pandemic.

In addition to the increase attributed to Measure NN, the biennial forecast assumes a growth rate of 1.5%—half of the 20-year historical average of 3%—due to lower airport traffic, PT losses from major hotel closures, and reduced PT revenue from the absence of A's games.

Revenue Type in 2027

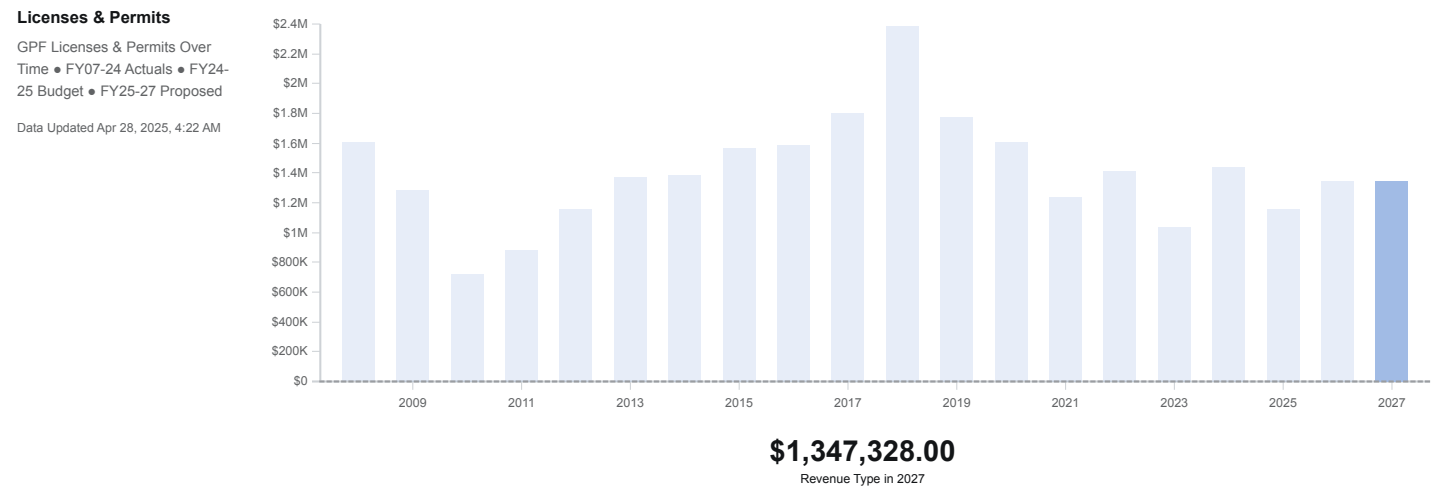

Licenses & Permits - GPF

FY 2025-27 PROPOSED POLICY BUDGET

Licenses and Permits revenue primarily includes special Police and Fire permits, traffic, cannabis, bingo permits, residential parking permits, and animal licenses.

In FY 2006-07, 93% of License & Permit revenue related to development and building code enforcement activities were taken out of the GPF and moved to the new Development Services Fund (2415). Those revenues were specifically associated with a variety of development and enforcement activities, such as land use, permit, and inspection and abatement services. This separation was intended to allow clearer monitoring of these revenues and their related expenditures, as required by state law. As a result of the separation, Licenses and Permits revenue after FY 2006-07 dropped to a new baseline, which is only 7% of the previous revenues.

For FY 2025-26 and FY 2026-27, the Licenses and Permit category is projected to come in approximate to trend levels observed over the past several years and both are estimated at \$1.35 million matching the most recent 5-year average.

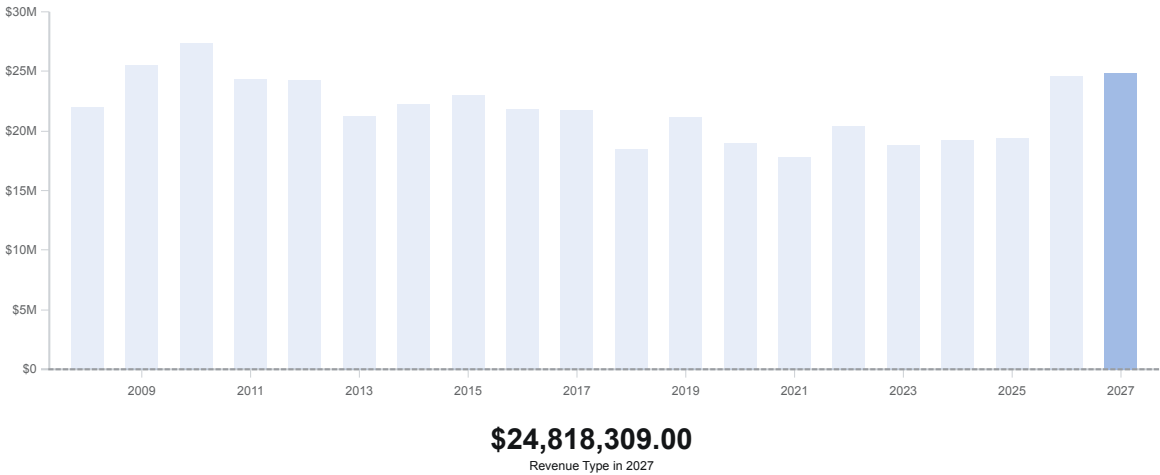

Fines & Penalties - GPF

FY 2025-27 PROPOSED POLICY BUDGET

Fines & Penalties consist primarily of parking enforcement fines (about 90% of the total), penalties, and interest on late property tax payments. Revenues from the City’s fines and penalties have been fairly consistent over the past five fiscal years, ranging between the lowest collected amount of \$17.79 million in FY 2020-21 to the highest collection of \$20.37 million in FY 2021-22. Parking citations are the major revenue source, and corresponding revenue expectations have increased due to a 5% increase in fines implemented in FY 2023-24, followed by another 5% increase in FY 2024-25 to account for retroactive inflation. Additionally, increased parking enforcement efforts, supported by new hires in the Parking Enforcement Unit aiming for full staffing in the field at the start of Q4 in FY 2024-25, have led to a 20% rise in parking fine collections through the second quarter of FY 2024-25 compared to the previous fiscal year. This growth is expected to be sustained but stabilize during the biennial period.

Data Updated Apr 28, 2025, 4:22 AM

Interest Income - GPF

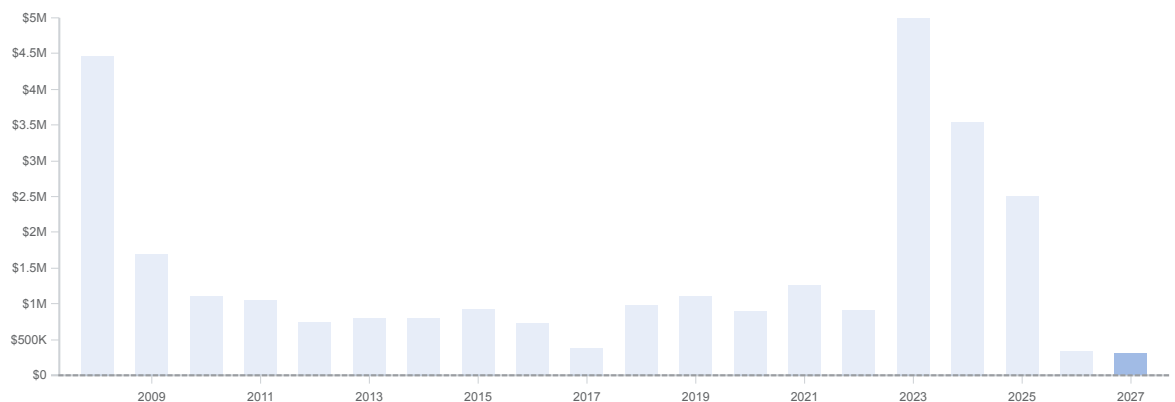

FY 2025-27 PROPOSED POLICY BUDGET

Interest income is volatile, fluctuating along with short-term interest rate movements. For GPF Interest, eroded daily cash balances have eliminated any expectations for significant interest accrual. The forecast excludes interest that is adjusted at year-end in the City's ledger to reflect the difference between an investment's book value and its market value, based on changes in yield rates. This adjustment aligns the City's financial reporting with market conditions, but it is not realized revenue.

Service Charges - GPF

FY 2025-27 PROPOSED POLICY BUDGET

Service charges are imposed on the user of a service provided by the City. The charge (or fee) may recover all or part of the cost of providing the service. Historically, the City Council has approved fee increases based upon growth in the CPI or staff costs. Each department prepares amendments to the Master Fee Schedule and presents these proposed amendments to the City Council in the spring; if approved, these changes are incorporated into the budget.

FY23-24 Service Charges by Category

Data Updated Apr 29, 2025, 11:36 PM

Background information concerning the components of service charges is provided below:

- **Port Revenue** consists of payments for general services, Fire, and other services the City provides to the Port. The City invoices semiannually, based on actual costs of services. Port revenue is expected to remain constant.
- **Franchise Fees** apply to four utilities for the use of City rights of way: PG&E for gas and electric; Waste Management of Alameda County for garbage collection; East Bay Municipal Utility District for water; and Comcast for cable television.
- **Parking Revenues** Parking meter fees, which make up 33% of Service Charges, absorbed a 50% one-time parking meter rate increase that took effect in FY 2024-25, which increased the hourly rates from \$2 to \$3.

- **Other Service Charges** is revenue from other fees charged including parks and recreation fees, public works fees, and charges for Sworn personnel service to provide public safety at events.
- **Rental Income** is rental fees for the City’s facilities and lands, as well as concessions at various locations. These revenues are expected to be flat annually.

Miscellaneous - GPF

FY 2025-27 PROPOSED POLICY BUDGET

The Miscellaneous category consists largely of one-time items that do not fit well into other categories, such as billboard revenue agreements and land/property sales. Most of these revenues are infrequent and considered one-time. The Miscellaneous category has experienced substantial variation from year to year, due to its one-time and unpredictable nature. The revenue peaks occurred as a result of a large number of land and facility sales in those years. The GPF projection assumed for the biennial considers the 10-year median of actual collections through FY 2023-24 adjusted for potential offsetting liabilities, such as restricted legal settlements, which are also categorized as miscellaneous revenues and cannot be accounted for in the overall balancing of the General Purpose Fund.

Interfund Transfers - GPF

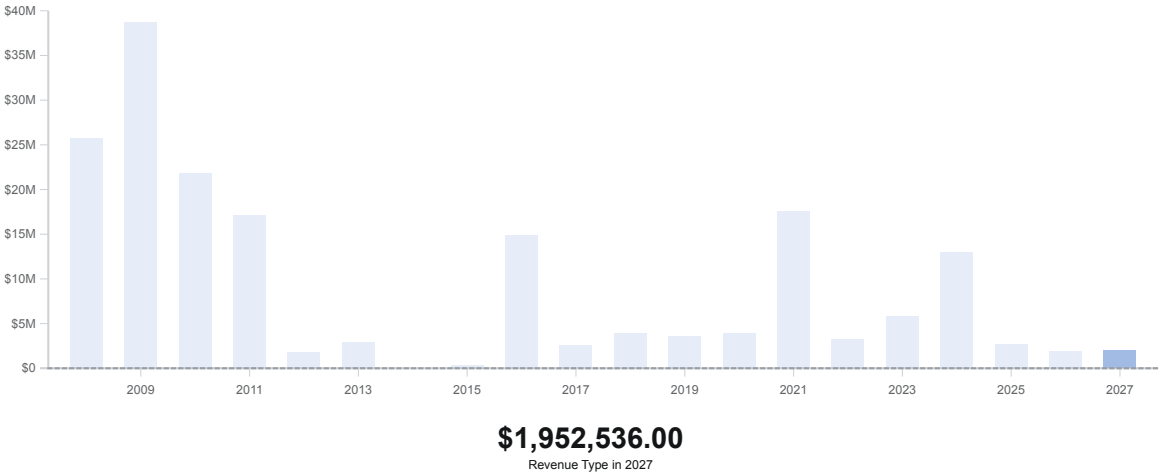

FY 2025-27 PROPOSED POLICY BUDGET

Interfund Transfers are transfers into the General Purpose Fund (GPF) from other funds. Transfers from fund balance are one-time transfers necessary when expenses outpace revenues in any given year. These transfers are implemented on an as-needed basis and are only an option when unallocated fund balance is available. The biennial budget has interfund transfers coming in to the GPF at \$1.82 million in FY 2025-26 and \$1.95 million in FY 2026-27.

Data Updated Apr 28, 2025, 4:22 AM

Local Taxes - Non-GPF

FY 2025-27 PROPOSED POLICY BUDGET

The City has sought voter approval for a number of special taxes and assessments to supplement its revenues in order to provide the level of services expected by residents of the City. These revenues provide funds for services that otherwise might be funded by the General Purpose Fund. Current local measures levied on real and personal property in the City of Oakland include the Pension Override Tax, the Emergency Medical Services Retention act of 1997 (Measure M), the Paramedic Services Act of 1997 (Measure N), the Library Services Retention And Enhancement Act (Library Measure Q as amended by Measure C), the 2014 Oakland Public Safety and Services Violence Prevention Act (Measure Z), the 2018 Oakland Public Library Preservation Act (Measure D), the 2020 Oakland Parks and Recreation Preservation, Litter Reduction, Homelessness Support Act (Parks Measure Q), the Oakland Zoo (Measure Y), the Children's Initiative of 2018 (Measure AA) and General Obligation Bonds (Measures KK and U). In addition, the Sugar Sweetened Beverage Distribution Tax (Measure HH) established the tax of 1 cent per fluid ounce on the distribution of sugar-sweetened beverages in Oakland for Programs that prevent or reduce the health consequences of consuming sugar-sweetened beverages at the discretion of City Council. These various assessments fund important public services, such as libraries (Measures C & D) and violence prevention and public safety (Measure Z).

In the year preceding the biennial, two new revenue generating Measures were approved by Oakland voters in November 2024. Measure MM was passed for 20 years on parcels within the wildfire prevention zone for the purposes of reducing wildfire risk. Measure NN was passed, replacing Measure Z, to maintain and increase a parcel tax and a parking tax surcharge for a period of nine years to fund police and fire services.

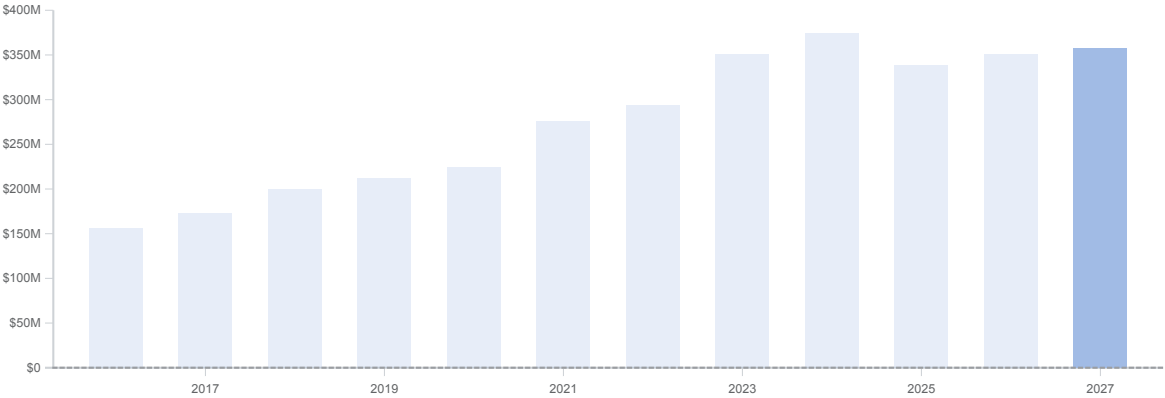

The City of Oakland must annually set the property tax levy rates and inform the County of Alameda of these rates by August 10th for inclusion on that year's property tax bill. Some local parcel taxes, such as the Pension Override Tax, increase with assessed property values, while some such as the Landscape and Lighting District and the Vacant Property Tax, do not adjust; and some local parcel taxes, such as Paramedic Emergency Services Parcel Tax (Measure N), adjust with the Consumer Price Index (CPI). Parcel taxes with a built-in escalator (e.g. CPI) are projected to grow with inflation. Local taxes used to pay debt service obligations are projected to grow in line with debt payment obligations.

The Proposed Biennial Budget estimates the Local Tax revenues overall to come in at \$351.53 million in FY 2025-26 and at \$357.23 million in FY 2026-27.

Service Charges - Non-GPF

FY 2025-27 PROPOSED POLICY BUDGET

Service charges are imposed on the user of a service provided by the City. The charge (or fee) may recover all or part of the cost of providing the service. Each fee must be adopted on to the City's [Master Fee Schedule \(MFS\)](#). The MFS gets updated every year during the budget development phase. Each department prepares amendments to the Master Fee Schedule based on the updated estimated cost of providing the service and presents these proposed amendments to the City Council; if approved, these changes are incorporated into the budget. Historically, the City Council also has approved fee increases based upon growth in the CPI or staff costs.

Service Charges

Non-GPF Service Charges Over Time • FY15-24 Actuals • FY24-25 Budget • FY25-27 Proposed
Data Updated Apr 28, 2025, 4:22 AM

Background information concerning the largest components of service charges is provide below.

Sewer Service Fund (3100) recuperates the cost of acquisition, construction, reconstruction, relocation, maintenance, operation, and repair of sewer facilities.

Development Service Fund (2415) collects revenues from licenses, fees, and permits from housing and commercial planning and construction-related activities to support planning and zoning services, construction inspections and permit approvals, building code enforcement, plan checks and engineering services. This fund is required to keep a minimum 7.5% reserve of annual budgeted revenues.

Comprehensive Clean Up Fund (1720) collects revenues from a special surcharge on refuse collection bills to cover costs associated to illegal dumping enforcement, street sweeping, custodial services, and other clean-up activities.

Rent Adjustment Program Fund (2413) fees are dedicated for the payment of services and costs of the Rent Adjustment Program.

Multi Purpose Reserve Fund (1750) collects fees from City-owned off-street parking facilities, and other revenues at Council discretion. The off-street parking facilities revenue is not derived from a special, restricted revenue source, it is restricted by Council policy to use for parking facility construction and operation. All other revenue from this fund may be spent at Council discretion.

OPRCA Self Sustaining Revolving Fund (1820) is a fee-based fund that supports Oakland Parks, Recreation and Youth Development's (OPRYD) recreation, cultural arts, science, sports, and aquatics programs for families in Oakland.

Transportation Impact Fee Fund (2420) collects Impact fees assessed on new construction to support capital improvements within public right-of-way for pedestrians, bicyclists, and motor vehicles.

Capital Improvements Impact Fee Fund (2421) collects Impact fees assessed on new construction to support capital improvements that are required for fire, police, library, parks and recreation, or storm drain services.

Jobs / Housing Impact Fee Fund (1871) collects Impact fees assessed on new construction committed to affordable housing projects in various stages of the development process: from pre-development loan programs to construction completion, and project close-out.

Affordable Housing Impact Fee Fund (1872) collects fees assessed on new construction used to increase, improve, and preserve the supply of affordable housing in the City of Oakland, with priority given to housing for very low-income households.

Others service charges include the Recycling Program, the Mandatory Refuse Program, the False Alarm Reduction Program, and Central District Tax Allocation Bonds, among others.

Internal Service Funds - Non-GPF

FY 2025-27 PROPOSED POLICY BUDGET

Internal Service Funds (ISF) are used to report and recuperate the cost for a department to provide services to other departments. These revenues are estimated to grow as the component costs associated with the services grow, such as labor costs or fuel costs. A cost analysis is done prior to every budget and the projected expenditures associated with internal services provided are funded by budgeting ISF charges to the departments being serviced. These charges make up the revenues in the ISF funds.

Background information concerning the components of Internal Service Charges is provided below.

4100 – Equipment

The Equipment Fund (4100) covers the cost of maintenance and repair of City vehicles and other motorized equipment. The Equipment revenues in the Proposed Biennial Budget is \$28.31 million in FY 2025-26 and \$28.53 million in FY 2026-27.

4200 - Radio / Telecommunications

The Radio / Telecommunications Fund (4200) covers the cost of maintenance and replacement of City radios and other telecommunication equipment. The Radio / Telecommunications revenues in the Proposed Biennial Budget is \$4.24 million in FY 2025-26 and \$4.16 million in FY 2026-27.

4210 - Telephone Equipment and Software

The Telephone Equipment and Software Fund (4210) covers the cost of maintenance and replacement of City telephone equipment and software. The Telephone Equipment and Software revenues in the Proposed Biennial Budget is \$1.70 million in FY 2025-26 and \$1.70 million in FY 2026-27.

4300 – Reproduction

The Reproduction Fund (4300) covers the cost of personnel, maintenance and replacement of equipment in the City's print shop. The reproduction Fund revenues in the Proposed Biennial Budget is \$1.55 million in FY 2025-26 and \$1.59 million in FY 2026-27.

4400 - City Facilities

The Facilities Fund (4400) supports the Citywide function for building maintenance and janitorial services of City-owned facilities. City Facilities revenues in the Proposed Biennial Budget is \$47.78 million in FY 2025-26 and \$47.33 million in FY 2026-27.

4500 - Central Stores

The Central Stores Fund (4500) supports the Citywide mail room function. Central Stores revenues in the Proposed Biennial Budget is \$0.43 million in FY 2025-26 and \$0.45 million in FY 2026-27.

4510 - Personnel Management

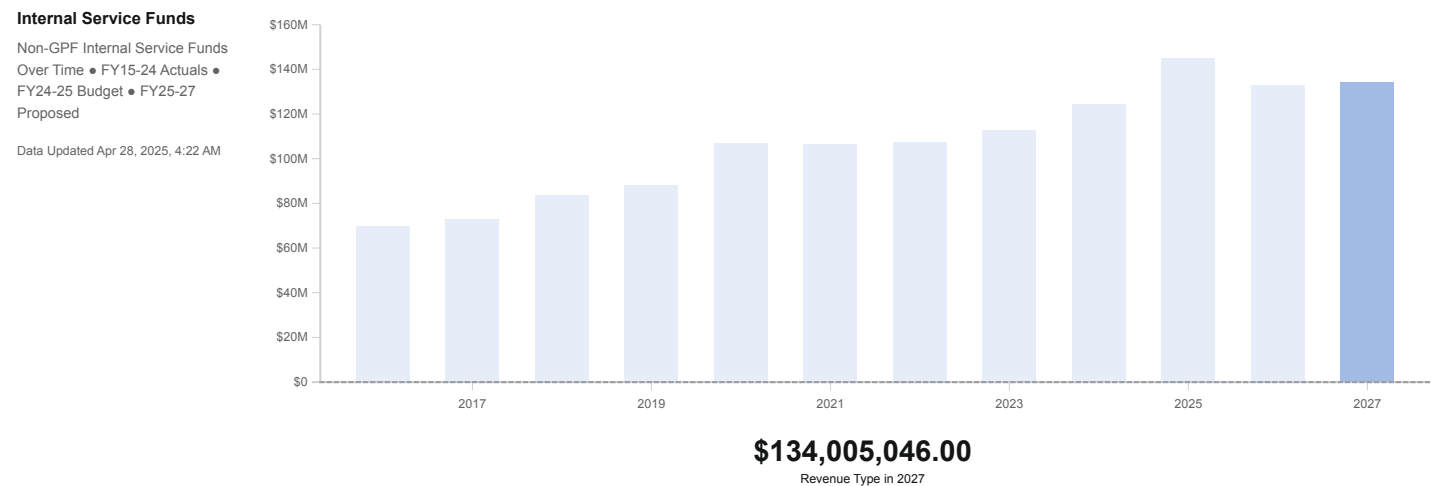

The Personnel Management Fund (4510) supports the staffing, operations, and maintenance for the City’s Human Resource Department and the Payroll Unit in Finance. Personnel Management revenues in the Proposed Biennial Budget is \$18.58 million in FY 2025-26 and \$18.40 million in FY 2026-27.

4550 – Purchasing

The Purchasing Fund (4550) supports the Citywide purchasing function for good and services. Purchasing revenues in the Proposed Biennial Budget is \$7.05 million in FY 2025-26 and \$7.00 million in FY 2026-27.

4600 - Information Technology

The Information Technology Fund (4600) covers the cost of licensing and maintenance of Citywide software. The Information Technology Fund revenues in the Proposed Biennial Budget is \$23.45 million in FY 2025-26 and \$24.84 million in FY 2026-27.

Grants & Subsidies - Non-GPF

FY 2025-27 PROPOSED POLICY BUDGET

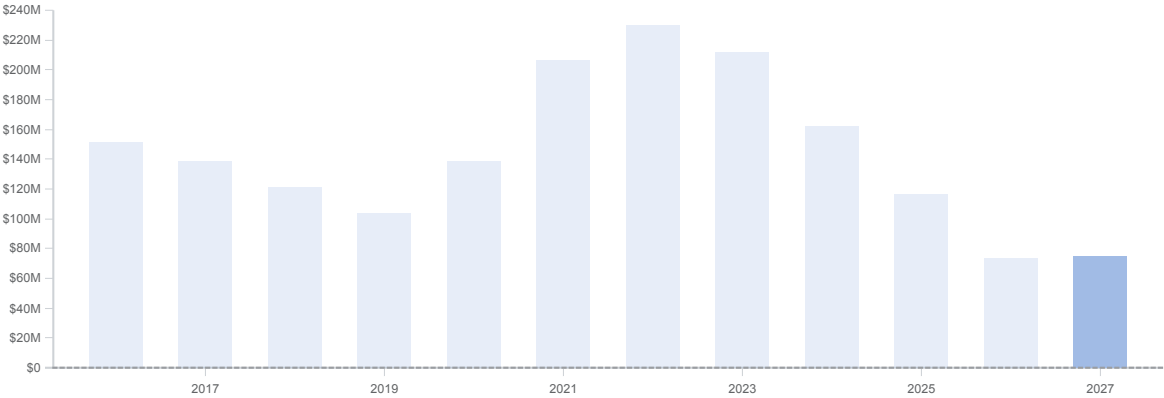

The City of Oakland receives grants and subsidies from various benefactors, primarily from Federal and State governmental agencies. The largest recurring donors to the City include the State of California which provides the Housing Development Action Grants; the U. S. Department of Health and Human Services provides the Head Start Grant, the Community Services Block Grant (CSBG), and the Multi-Purpose Senior Service Program (MSSP) Grant; the U. S. Department of Housing and Urban Development (HUD) provides the Emergency Solutions Grant (ESG), Supportive Housing Program (SHP) Grant, Housing Opportunities for Persons With Aids (HOPWA) Grant, Community Development Block Grant (CDBG), and the Hud-Home Grant; the Workforce Investment Act (WIA) provides the Job Training Partnership Act Grant; and the California Department of Education provides miscellaneous grants.

Grants awarded to the City may or may not synchronize with the City's fiscal year, and often are based on the granting agency's fiscal period or other predetermined period as determined by the grant agreement. It is important to note that grant levels may be impacted by various budget-balancing measures at the State and Federal level. With the new Federal Administration and recent moves by the Department of Government Efficiency, local governments face growing risks. The administration has signaled plans to cut federal spending in various areas, which could mean reductions or reallocations of grants—even those considered ongoing. Another risk involves shifts in grant priorities that may not align with local needs potentially leaving local programs underfunded. The City also has several grant funded positions which may lack funding if the grants go away, necessitating additional staff reductions or reprioritizing of available resources. During the biennial period, re-occurring grants are expected to be renewed at the current levels. Competitive grants that are applied for and appropriated during the operating year are not included.

Interfund Transfers - Non-GPF

FY 2025-27 PROPOSED POLICY BUDGET

Interfund Transfers on to non-General Purpose Funds are transfers between funds to recover costs associated with providing services or paying debt service.

Notable Transfers Included in the FY 2025-27 Proposed Biennial Budget

- A transfer on to the Self Insurance Liability Fund, from the General Purpose Fund, the Sewer Fund and other miscellaneous funds in the amount of \$70.00 million in FY 2025-26 and \$92.85 million in FY 2026-27 to cover the cost of Self-insurance liability claims and settlements, outside legal services and court costs.
- A transfer out of the GPF into the Kid's First Oakland Children's Fund in the amount of \$22.74 million in FY 2025-26 and \$23.58 million in FY 2026-27. Oakland voters approved Measure K Kids First! Initiative in the General Municipal Election on November 5, 1996 and established the Oakland Fund for Children and Youth and requires that three percent of the City of Oakland's annual actual unrestricted General Purpose Fund (Fund 1010) revenues shall be set aside for the Fund.

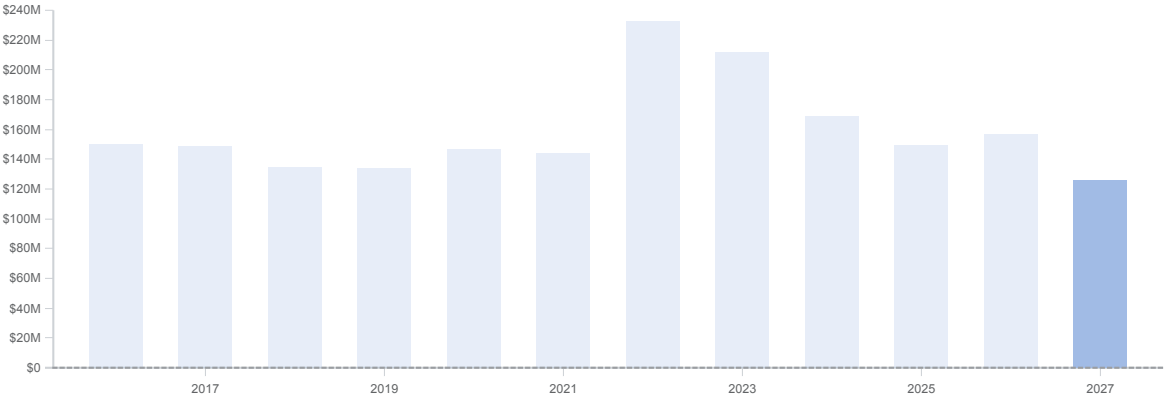

Transfers to Meet Debt Obligations

- A transfer out of the Pension Override Tax Revenue Fund into the Taxable Pension Obligations Bond Fund in the amount of \$54.86 million in FY 2025-26 for a payment to the Police and Fire Retirement System.
- A transfer out of the GPF into the Joint Powers Financial Authority (JPFA) Lease Revenue Refunding Bonds Fund in the amount of \$8.33 million in FY 2025-26 and \$8.34 million in FY 2026-27 to refund JPFA Revenue Bonds.

\$125,461,250.00
Revenue Type in 2027

Miscellaneous - Non-GPF

FY 2025-27 PROPOSED POLICY BUDGET

Measure U bond proceeds make up 84% of the non-GPF miscellaneous revenue in the FY2025-26 Proposed Budget, and 89% of the FY 2026-27 Proposed Budget. The proceeds out of Measure U, the Affordable Housing and Infrastructure General Obligation Bond (GOB) are budgeted at \$204.45 million in each year of the FY 2025-27 Proposed Biennial Budget.

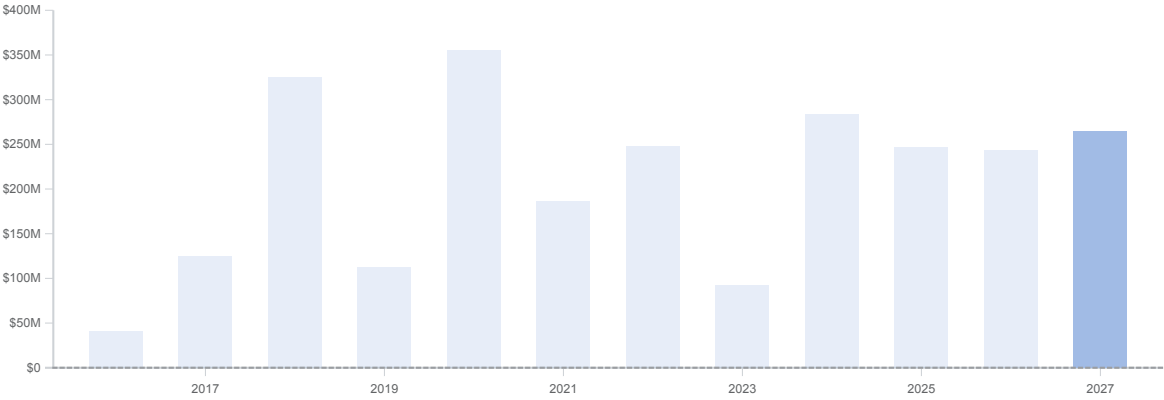

In 2016, Oakland voters approved Measure KK, which authorized \$600 million in bonds to fund infrastructure projects in affordable housing, street and roads, facilities, and parks. Measure KK provided initial investment to address much of Oakland's essential infrastructure, but completion of these projects required a significant increase in funding as the Measure KK funds were fully spent by the end of FY2024-25. In 2022, Measure U was passed to complement Measure KK by authorizing \$850 million in bonds to continue the improvement of affordable housing, streets and roadways, and public facilities. Projects funded by Measure U are prioritized by how each investment addresses social and geographic equity to provide greater benefit to underserved communities and geographic areas of greatest needs.

Other miscellaneous revenues include revolving loan payments for housing development projects, pension revenue from the Police and Fire Retirement Refinancing Annuity Trust, special benefit assessments, and coliseum net revenue share.

Expenditures By Type

FY 2025-27 PROPOSED POLICY BUDGET

SUMMARY OF EXPENDITURE TYPES

In this section is a detailed discussion of the individual categories that comprise expenditures. For each category, a brief description is provided, followed by relevant analysis, and key forecast assumptions.

Personnel & Overhead Expenditures

Salaries

The budget includes assumptions related to salaries for sworn and civilian personnel that are consistent with the City's memoranda of understanding with its bargaining units. The budget includes Cost of Living Adjustments (COLA) for sworn police personnel that were agreed to in the Memorandum of Understanding (MOU) reached with the Oakland Police Officer's Association (OPOA) and Oakland Police Management Association (OPMA), COLA for sworn fire personnel in FY 2019-20 per the MOU with the Local 55, and COLAs for all of the City's civilian units including SIEU 1021, IFPTE Local 21, IBEW Local 1245, and the CMEA.

Fringe Benefits

Civilian and sworn fringe benefit expenditures are comprised of many components, including health insurance, workers' compensation, dental and vision insurance, disability insurance, unemployment insurance, and others. Cost sharing between employer and employee on fringe benefits is also a bargained arrangement. The budget assumes that the arrangement currently in place would continue (e.g., the City fully pays the equivalent of the Kaiser health insurance premiums).

Retirement

Projected future pension rates for active employees are based on estimates provided by the California Public Employees Retirement System (CalPERS), the City's retirement program administrator.

Non-Personnel Expenditures

Operations and Maintenance

Operations and maintenance (O&M) expenditures include the costs of supplies, contract service, travel, and internal service charges. O&M expenditures are generally budgeted at prior year levels unless specific policy

interventions occur. With the exception of internal service charges, O&M funding may be moved between expenditure categories by Departments with the fiscal year to meet operational needs.

Capital, Debt & Other, and Transfers

Debt service expenditures are budgeted based on the repayment schedule of the City's current debt maintained by the City's Treasury Bureau. Debt service includes principal and interest expenses on bonds and other loans. Capital expenditures include the budgeted costs for the design and delivery of Capital improvements such as streets, sewers, and buildings. Capital expenditures are budgeted based upon available capital funding and operational needs. Other expenditures include transfers between funds, overhead charges and recoveries, repayments to negative funds, and contributions to long-term obligations.

Public Ethics Commission	FD_1010	Services	Contract	Maplight	Contract to build the software platform that is required to implement the Democracy Dollars Program. Reductions, including through postponment of annual subscription costs, reflect postponed implementation to 2028. Proposed budget maintains core startup costs to build the software platform necessary for Program launch in 2028.	\$188,946	\$258,844
Public Ethics Commission	FD_1010	Services	Contract	Subpoena Services	This enhancement provides additional O&M funds to support the PEC's enforcement unit, including for services relating to serving subpoenas, holding administrative hearings, and/or conducting case intake, review, investigation, and prosecution. The amount is more consistent with PEC needs; e.g., in FY 22-23, the PEC spent \$53,376 on all O&M, including \$25,887 on subpoena services.	\$21,560	\$13,291
						\$17,335,469	\$19,495,380

¹In FY 2019-20, the Public Works Call Center moved from Public Works to the City Administrator's Office.

²In FY 2020-21, the Department of Workplace and Employment Standards was created, previously the Contracts & Compliance division in the City Administrator's Office.

³In FY 2021-22, the Animal Services Division is restructured as a stand-alone department and moved from the City Administrator's Office. Also, the Special Activities Division has been transferred from the City Administrator's Office to the Economic & Workforce Development department.

⁴In FY 2022-23, Americans with Disabilities Act (ADA) Programs and Sustainability (formerly Environmental Services Division) moved from Transportation and Public Works to the City Administrator's Office.

⁵In FY 2024-25, the Inspector General will be a stand-alone department, moved from Police Commission.

Citywide Classification Summary

- General Funds
- Special Revenue Funds
- Enterprise, Internal Service, & Capital Funds
- Debt & Fiduciary Funds
- Summary Table by Fund
- Negative Funds

General Funds

FY 2025-27 PROPOSED POLICY BUDGET

Funds are groups of revenue and expenditure accounts that must be balanced individually and separately. The City's Budget contains over 100 funds. This page lists all funds the City categorizes as for general use or citywide functions, the largest of which is the General Purpose Fund. The General Purpose Fund is unrestricted in its use. Other funds listed here are for specific purposes but are like the General Purpose Fund in that the City is not restricted by external agencies in how it utilizes their revenue.

The financial statements collect funds in broader grouping and contain a number of accrual funds that are not used for budgetary purposes.

GENERAL FUNDS

(1000-1999)

1010 - General Purpose

Source of Funds: Revenues from most of the City's taxes, fees and service charges

Uses of Funds: Discretion of the City Council. Most City departments receive General Purpose Fund support

1011 - General Purpose Fund Emergency Reserve

Source of Funds: General Purpose Fund

Uses of Funds: Mandated 7.5% emergency reserve of the General Purpose Fund per the Consolidated Fiscal Policy

1020 - Vital Services Stabilization Fund

Source of Funds: 25% of the Excess Real Estate Transfer Tax revenues per the Consolidated Fiscal Policy; Ordinance 13487

Uses of Funds: To preserve city operations during adverse financial conditions subject to guidelines in the Consolidated Fiscal Policy

1030 - Measure HH (SSBDT)

Source of Funds: One cent per ounce general tax on the distribution of sugar sweetened beverages

Uses of Funds: Programs that prevent or reduce the health consequences of consuming sugar-sweetened beverages at the discretion of City Council

1100 - Self-Insurance Liability

Source of Funds: Transfer of funds from the General Purpose Fund, Sewer Fund and other miscellaneous funds

Uses of Funds: Self-insurance liability claims and settlements, outside legal services and court costs

1150 - Workers' Compensation Insurance Claims

Source of Funds: City payroll deductions for Workers' Compensation Insurance

Use of Funds: Workers' Compensation Insurance claims and administration

1200 - Pension Override Tax Revenue

Source of Funds: Property tax override

Use of Funds: Payment to the Police and Fire Retirement System

1600 - Underground District Revolving Fund

Source of Funds: Negative Fund Repayment pursuant to Resolution No. 87140 C.M.S.

Use of Funds: Negative Fund Repayment pursuant to Resolution No. 87140 C.M.S.

1610 - Oakland Redevelopment Successor Agency (ORSA)

Source of Funds: Redevelopment Property Tax Trust Fund (RPTTF)

Use of Funds: City staff and other costs related to Oakland Redevelopment Successor Agency projects

1700 - Mandatory Refuse Collection

Source of Funds: Assessments on delinquent refuse collection customers

Use of Funds: Collection of delinquent refuse collection bills

1710 - Recycling Program

Source of Funds: Special surcharge on refuse collection bills

Use of Funds: City's recycling program and related activities

1720 - Comprehensive Clean-Up

Source of Funds: Special surcharge on refuse collection bills

Use of Funds: Illegal dumping enforcement; street sweeping, custodial services and other clean-up related activities

1750 - Multi-Purpose Reserve

Source of Funds: Fees from City-owned off-street parking facilities, other revenues at Council discretion

Use of Funds: Off-street parking facilities revenue is restricted by Council policy to parking facility construction and operation; All other revenue may be spent at Council discretion

1760 - Telecommunications Reserve

Source of Funds: Cable television franchise fees

Use of Funds: Operation of the City's cable television station (KTOP) and other telecommunications-related operations

1770 - Telecommunications Land Use

Source of Funds: Fee revenue generated from use of public property for telecommunications equipment

Use of Funds: Telecommunication projects

1771 - Democracy Dollars

Source of Funds: Transfer from the General Purpose Fund (equal to no less than \$4,000,000 every 2 years)

Use of Funds: Democracy Dollars are certificates that Oakland residents can give to participating candidates to help support their campaigns

1780 - Kids First Oakland Children's Fund

Source of Funds: Transfer from the General Purpose Fund (equal to 3.0% of unrestricted revenues)

Use of Funds: Programs for children and youth

1820 - Office of Parks and Recreation Cultural Advisory (OPRCA) Self-Sustaining Revolving Fund

Source of Funds: Fees for recreation-related programs

Use of Funds: Supporting parks and recreation programs

1870 - Affordable Housing Trust Fund

Source of Funds: Penalties for blight authorized by Ordinance No. 13139 & 25% of residual Redevelopment Property Tax Trust Fund (RPTTF)

Use of Funds: To increase, improve, and preserve the supply of affordable housing in the City, with priority given to housing for very low income households

1871 - Jobs/Housing Impact Fee

Source of Funds: Impact fees assessed on construction of buildings for office and warehouse/distribution uses per Ordinance No. 12242 C.M.S. codified as Chapter 15.68 of the Oakland Municipal Code

Use of Funds: Committed to affordable housing projects in various stages of the development process: from pre-development loan programs to construction completion, and project close-out

1872 - Affordable Housing Impact Fee

Source of Funds: Impact fees assessed on construction of new market-rate housing units including live/work and work/live units per Chapter 15.72 of the Oakland Municipal Code

Use of Funds: To increase, improve, and preserve the supply of affordable housing in the City of Oakland, with priority given to housing for very low-income households

1880 - Low and Moderate Income Housing Asset Fund (LMIHF) Operation

Source of Funds: Loan repayments

Use of Funds: Low and Moderate Income Housing Asset Fund (LMIHF) Operating cost

1885 - Subordinated Housing Set-aside Bonds 2011

Source of Funds: Proceeds from 2011 Subordinated Housing Set-aside Bonds

Use of Funds: Development of Low and Moderate Income Housing projects

Special Revenue Funds

FY 2025-27 PROPOSED POLICY BUDGET

Funds are groups of revenue and expenditure accounts that must be balanced individually and separately. The City's Budget contains over 100 funds. This page lists all funds the City categorizes as restricted. When a fund is restricted, the City is legally restricted on what kind of activities it can support with the fund's special revenue. These restrictions are established through local ordinance, the City Charter, federal or state law, or grant agreements. As special revenue funds, the City is responsible for complying with these restrictions and it cannot transfer that revenue out of the fund.

The financial statements collect funds in broader grouping and contain a number of accrual funds that are not used for budgetary purposes.

SPECIAL REVENUE FUNDS

(2000-2999)

2063 - FEMA Declarations

Source of Funds: U.S. Federal
Emergency Management Agency
(FEMA)

Use of Funds: Response to
declared emergencies

2071 - CARES Act Relief Fund

Source of Funds: U.S. Department
of Treasury

Use of Funds: Response to COVID-
19 Pandemic

2072 - American Rescue Plan Act (ARPA)

Source of Funds: U.S. Department
of Treasury

Use of Funds: Support economic
recovery efforts in response to the
COVID-19 Pandemic

2102 - Department of Agriculture

Source of Funds: U.S. Department
of Agriculture

Use of Funds: Year-round lunch
program for school children offered
through City's Department of
Human Services

2103 - Department of Housing and Urban Development (HUD) -- Emergency Shelter Grant (ESG)/Supportive Housing Program (SHP)/Housing Opportunities for Persons with AIDS (HOPWA)

Source of Funds: U.S. Department
of Housing and Urban
Development (HUD)

Use of Funds: Emergency shelters,
housing for persons with AIDs, and
transitional housing programs

2108 - Department of Housing and Urban Development (HUD) -- Community Development Block Grant (CDBG)

Source of Funds: U.S. Department
of Housing and Urban
Development (HUD)

Use of Funds: Grants to non-profit
organizations for housing and
community development in low-
and moderate-income areas

2109 - Department of Housing and Urban Development (HUD) -- HOME Investment Partnerships (HOME)

Source of Funds: U.S. Department of Housing and Urban Development (HUD)

Use of Funds: Support for first-time homebuyers, housing rehabilitation, and housing development

2112 - Department of Justice

Source of Funds: U.S. Department of Justice (DOJ)

Use of Funds: Law enforcement activities, particularly drug law enforcement

2113 - Department of Justice - COPS Hiring

Source of Funds: US Department of Justice (DOJ)

Use of Funds: Law enforcement activities, particularly drug law enforcement

2120 - Federal Action Agency

Source of Funds: Federal Government

Use of Funds: Various social services programs

2123 - US Department of Homeland Security

Source of Funds: Urban Area Security Initiative (UASI) Grants

Use of Funds: Offset City's costs of supporting the newly established Homeland Security program

2124 - Federal Emergency Management Agency

Source of Funds: Federal disaster relief fund

Use of Funds: Disaster recovery activities

2128 - Department of Health and Human Services (DHHS)

Source of Funds: Federal funds administered by California Department of Economic Opportunity

Use of Funds: Various social services programs for low-income residents such as Head Start

2134 - California Parks and Recreation

Source of Funds: State of California

Use of Funds: Capital projects related to park and recreation acquisition and development

2138 - California Department of Education

Source of Funds: State of California grants from Department of Education

Use of Funds: Library programs

2139 - California Department of Conservation

Source of Funds: State of California Department of Conservation

Use of Funds: Funds for conservation projects including addressing challenges related to climate change, environmental justice and socioeconomics

2144 - California Housing and Community Development

Source of Funds: Grant Revenues from the State of California Dept. of Housing & Community

Use of Funds: Used exclusively for Housing, Affordable Housing, Community Development and related functions as specified by grant award agreement

2145 - California Permanent Local Housing Allocation

Source of Funds: Grant Revenues from the State of California Dept. of Housing & Community

Use of Funds: Used exclusively for housing-related projects and programs that assist in addressing the unmet housing needs of their local communities and related functions as specified by grant award agreement

2148 - California Library Services

Source of Funds: State Public Library Commission and Foundation

Use of Funds: Library operations

2152 - California Board of Corrections

Source of Funds: California Board of Corrections

Use of Funds: Research/evaluate the effectiveness of narcotics enforcement activities

2159 - State of California Other

Source of Funds: State of California

Use of Funds: Miscellaneous programs

2160 - County of Alameda Grants

Source of Funds: County of Alameda

Use of Funds: Street improvements within the City of Oakland

2163 - Metropolitan Transportation Commission - Transportation Program Grant

Source of Funds: Metropolitan Transportation Commission

Use of Funds: Projects that benefit pedestrians and bicyclists

2166 - Bay Area Air Quality Management District

Source of Funds: U.S. Department of Commerce Economic Development Administration

Use of Funds: To provide funding for Broadway Shuttle and electric vehicle charging station programs

2172 - Alameda County Abandoned Vehicle Abatement Authority

Source of Funds: Vehicle registration surcharge

Use of Funds: Removal of abandoned vehicles from private or public property

2190 - Private Grants

Source of Funds: Corporations and private individuals

Use of Funds: Restricted to specific programs

2195 - Workforce Innovation & Opportunity Act (WIOA)

Source of Funds: US Department of Labor

Use of Funds: Employment and training services for Oakland residents; overseen by Oakland Workforce Development Board (OWDB) and the Mayor

2211 - Measure B - ACTIA

Source of Funds: Alameda County Transportation Improvement Authority (ACTIA) - 1/2 percent Alameda County sales tax re-authorized by Measure B in 2002

Use of Funds: Traffic and transportation projects, including street and signal construction, maintenance and repair

2212 - Measure B - Bicycle/Pedestrian Pass-Thru Funds

Source of Funds: Alameda County Transportation Improvement Authority (ACTIA) - 1/2 percent Alameda County sales tax re-authorized by Measure B in 2002

Use of Funds: Bicycle and pedestrian projects

2213 - Measure B - Paratransit - ACTIA

Source of Funds: Alameda County Transportation Improvement Authority (ACTIA) - 1/2 percent Alameda County sales tax re-authorized by Measure B in 2002

Use of Funds: Paratransit projects

2215 - Measure F - Vehicle Registration Fee

Source of Funds: Vehicle registration fee

Use of Funds: Local transportation projects defined by Measure F

2216 - Measure BB - Alameda County Transportation Commission Sales Tax

Source of Funds: Alameda County Transportation Improvement Authority (ACTIA) - 1/2 percent Alameda County sales tax re-authorized by Measure BB in 2014

Use of Funds: Traffic and transportation projects, including street and signal construction, bicycle and pedestrian, paratransit, maintenance and repair

2218 - Measure BB - Local Streets and Roads

Source of Funds: Alameda County Transportation Improvement Authority (ACTIA) - 1/2 percent Alameda County sales tax re-authorized by Measure BB in 2014

Use of Funds: Traffic and transportation projects, including street and signal construction, and maintenance and repair

2219 - Measure BB - Bike and Pedestrian

Source of Funds: Alameda County Transportation Improvement Authority (ACTIA) - 1/2 percent Alameda County sales tax re-authorized by Measure BB in 2014

Use of Funds: Traffic and transportation projects including bicycle and pedestrian, and maintenance and repair

2220 - Measure BB - Paratransit

Source of Funds: Alameda County Transportation Improvement Authority (ACTIA) - 1/2 percent Alameda County sales tax re-authorized by Measure BB in 2014

Use of Funds: Traffic and transportation projects including paratransit and maintenance and repair

2230 - State Gas Tax

Source of Funds: State of California - Allocation of gasoline tax revenues

Use of Funds: Uses related to local streets and highways

2232 - Gas Tax RMRA

Source of Funds: State of California - Allocation of gas tax revenues under the Road Maintenance and Rehabilitation Program (RMRA)

Use of Funds: Uses related to local streets and highways

2241 - Measure Q - Library Services Retention-Enhancement

Source of Funds: Voter-approved special parcel tax authorized by Measure Q. The City may collect this tax only if the General Purpose Fund appropriation for Library services is maintained at a level that is no lower than the General Purpose Fund appropriation for FY 2000-01 of \$9,059,989

Use of Funds: Maintenance of library operations

2242 - Measure Q Reserve - Library Services Retention-Enhancement

Source of Funds: Required Reserve from Measure Q

Use of Funds: Required reserve

2243 - Measure D: Parcel Tax to Maintain, Protect & Improve Library Services

Source of Funds: Voter-approved special parcel tax authorized by Measure D. The City may collect this tax only if the General Purpose Fund appropriation for Library services is maintained at a level that is no lower than the General Purpose Fund appropriation for FY 2017-18 of \$12,992,267

Use of Funds: Maintain, Protect & Improve Library Services

2244 - Measure Q - Parks & Recreation Preservation, Litter Reduction, and Homelessness Support Act

Source of Funds: Voter-approved special parcel tax authorized by Measure Q. The City may collect this tax only if the maintenance of effort service level is maintained at a level no lower than the appropriations for FY 2019-20

Use of Funds: Variety of programs and services for parks, landscape maintenance, recreation, homelessness, water quality, litter reduction, and stormwater trash collection systems

2250 - Measure N Fund

Source of Funds: Voter-approved special parcel tax authorized by Measure N

Use of Funds: To provide paramedic services on fire trucks

2251 - Public Safety Act / 2004 Measure Y

Source of Funds: Special parcel and parking tax

Use of Funds: Violence prevention through social-services intervention, long-term crime-prevention programs, police services, fire-safety, and paramedic support

2252 - Measure Z - Violence Prevention and Public Safety Act of 2014

Source of Funds: Special parcel and parking tax

Use of Funds: Violence prevention through social-services intervention, long-term crime-prevention programs, police services, fire-safety, and paramedic support

2253 - Oakland Zoo Fund

Source of Funds: Annual parcel tax for single-family parcels, and other parcels as specified, for 20 years, with exemptions for low-income households and others

Use of Funds: Oakland Zoo operations, staffing, maintenance and capital improvements, including but not limited to animal care and rehabilitation, educational and conservation programs, fire prevention, accessibility, and visitor services

2254 - Measure MM - Wildfire Protection Zone

Source of Funds: Voter-approved annual parcel tax of \$99 per single-family parcel and \$65 per condominium/multifamily unit for 20 years to fund wildfire prevention in Oakland's "Wildfire Prevention Zone.

Use of Funds: Used specifically for implementing Oakland's Vegetation Management Plan, enhancing fire patrols, funding goat grazing, creating evacuation routes, enhancing inspection of parcels for compliance with state and local fire codes, and increasing public education around the risk of wildfires in the zone, as well as implementing other wildfire mitigation techniques.

2255 - Measure NN - Community Violence & Emergency Response Act of 2024

Source of Funds: extending and increasing the existing parking tax surcharge to 10% and the parcel tax to \$198 annually for single-family parcel for 9 years to fund citywide violence reduction services and increase police and fire staffing.

Use of Funds: The City may use the special taxes solely to pay costs related to: (1) reducing homicides, robberies, car-jackings and break-ins, domestic violence, and gun-related violence; (2) improving emergency 911 response times and quality of response; (3) reducing the incidence of human trafficking including the sexual exploitation of minors; and (4) administrative expenses

2261 - Measure AA - Oversight

Source of Funds: Voter-approved special parcel tax authorized by Measure AA (The Children's Initiative of 2018) creating the Oversight, Accountability, and Evaluation Fund established by Section 1603 of the Act

Use of Funds: Used to support the oversight and accountability costs of the Citizens' Oversight Commission, including but not limited to the costs of Commission and accountability staff, operations and meetings, financial management, audits, strategic and implementation planning, and communications and outreach

2262 - Measure AA - Early Education

Source of Funds: Voter-approved special parcel tax authorized by Measure AA (The Children's Initiative of 2018) creating the Early Education Fund established by Section 1604 of the Act

Use of Funds: Used to support programs to expand access to, or to enhance the quality of, early care and education and preschool for children who reside in Oakland or whose parents resided in Oakland at the time of their enrollment in such programs, including the collection and maintenance of data to enable evaluation over time and family support services, in order to increase educational outcomes, such as kindergarten-readiness, and to reduce educational inequality, such as by disparities related to income and wealth or for children traditionally underrepresented in higher education, as further specified in the five-year Guidelines

2263 - Measure AA - Oakland Promise

Source of Funds: Voter-approved special parcel tax authorized by Measure AA (The Children's Initiative of 2018) creating the Oakland Promise Fund established by Section 1607 of the Act

Use of Funds: Used exclusively to: Increase early college awareness and expectations, increase college savings, increase college- and/or career- access, increase college enrollment rates, increase college persistence and graduation rates, Increase college affordability, and reduce disparities in post-secondary education outcomes for Oakland residents and children who attend Oakland Public Schools

2264 - Measure AA - First 5

Source of Funds: Voter-approved special parcel tax authorized by Measure AA (The Children's Initiative of 2018) creating the First 5 Fund established by Section 1605 of the Act

Use of Funds: Used to support programs with an Early Education Implementation Partner (First 5 Alameda County) who will partner with the City of Oakland to expand access to, or to enhance the quality of, early care and education and preschool for children who reside in Oakland or whose parents resided in Oakland at the time of their enrollment in such programs

2270 - Vacant Property Tax Act Fund

Source of Funds: Voter-approved special parcel tax authorized by Measure W

Use of Funds: Services to support and reduce homelessness, affordable housing, and illegal dumping

2310 - Landscaping & Lighting Assessment District

Source of Funds: Landscape & Lighting Assessments (assessed on property tax bills)

Use of Funds: Operation, construction, maintenance, repair of street lighting, landscaping, and related activities

2330 - Werner Court Vegetation Management District

Source of Funds: Special tax from parcels in a subdivision located in the Oakland Hills

Use of Funds: Vegetation management services in that area

2331 - Wood Street Community Facilities District

Source of Funds: Special tax on Wood Street Community

Use of Funds: Wood street community facilities maintenance

2332 - OAB CFD No.2015-1- Gateway industrial Park

Source of Funds: Special assessment on parcels

Use of Funds: Maintenance of public improvements and infrastructure at the Oakland Army Base

2333 - Brooklyn Basin CFD 2017-1

Source of Funds: Private investment

Use of Funds: To develop 65 acres of waterfront property to include residential units, commercial space, parking spots, parks, and public open space, renovate two marinas, and restore existing wetlands

2335 - Brooklyn Basin CFD 2023-1

Source of Funds: Special Taxes to be levied for the next ensuing fiscal year for each parcel of real property within CFO No. 2023-1

Use of Funds: Permits the development of an additional six hundred (600) residential units within the Original Brooklyn Basin Project

2411 - False Alarm Reduction Program

Source of Funds: Alarm Permit Revenue

Use of Funds: For the False Alarm Reduction Program

2412 - Alameda County Emergency Dispatch Service Supplemental Assessment

Source of Funds: Voter-approved special parcel tax authorized by Measure M

Use of Funds: Emergency-related programs

2413 - Rent Adjustment Program Fund

Source of Funds: Rent program service fee

Use of Funds: The fees are dedicated for the payment of services and costs of the Rent Adjustment Program

2415 - Development Service Fund

Source of Funds: Licenses, fees, and permits from housing and commercial planning and construction-related activities

Use of Funds: Planning and zoning services; construction inspections, construction permit approvals; building code enforcement; plan checks, engineering services

2416 - Traffic Safety Fund

Source of Funds: Fines and forfeitures of bail for violations of the State Vehicle Code

Use of Funds: Traffic safety projects including construction and improvement of streets, signs and signals

2417 - Excess Litter Fee

Source of Funds: Litter and trash clean-up resulting from businesses assessment fees

Use of Funds: Litter and trash clean-up resulting from businesses

2419 - Transient Occupancy Tax (TOT) Surcharge

Source of Funds: 3% surcharge to the City's Transient Occupancy Tax

Use of Funds: To provide funding to the Oakland Convention and Visitors Bureau (OCVB), the Oakland Zoo, Oakland Museum of California, Chabot Space & Science Center and the Cultural Arts Programs and Festivals

2420 - Transportation Impact Fee

Source of Funds: Impact fees assessed on new construction pursuant to OMC 15.74

Use of Funds: Capital improvements within public right-of-way for pedestrians, bicyclists, and motor vehicles

2421 - Capital Improvements Impact Fee

Source of Funds: Impact fees assessed on new construction pursuant to OMC 15.74

Use of Funds: Capital improvements that are required for fire, police, library, parks and recreation, or storm drain services

2425 - Right of Way Repair and Maintenance Fund

Source of Funds: Fees and assessments on private property owners from City administered repairs and maintenance of rights-of-way

Use of Funds: To inspect, repair, and maintain rights-of-way within the City in compliance with federal ADA requirements

2430 - Lead Settlement 2022

Source of Funds: Legal settlements from paint companies

Use of Funds: To address issues related to lead paint

2826 - Mortgage Revenue

Source of Funds: Proceeds from revenue bonds and repayment of mortgage loans

Use of Funds: Multi-Lending mortgage purchase programs

2830 - Low and Moderate Income Housing Fund

Source of Funds: This is a fund required under the redevelopment dissolution law to hold funds generated from housing assets such as land sales or loan repayments transferred to the city from the former Redevelopment Agency

Use of Funds: Affordable housing projects

2990 - Public Works Grants

Source of Funds: Various State and Federal grants

Use of Funds: Public Works projects

2994 - Social Services Grants

Source of Funds: Miscellaneous social services grants

Use of Funds: Restricted to specific activities approved by the granting source

2996 - Parks and Recreation Grants 2001

Source of Funds: Parks & Recreation grants

Use of Funds: Track Parks & Recreation grants for 2001 separately from Fund 2992, which tracked prior year grant activities

2999 - Miscellaneous Grants

Source of Funds: Various State, Federal and miscellaneous grants

Use of Funds: Restricted to specific activities approved by the granting source

Enterprise, Internal Service & Capital Funds

FY 2025-27 PROPOSED POLICY BUDGET

Funds are groups of revenue and expenditure accounts that must be balanced individually and separately. The City's Budget contains over 100 funds. This page contains a miscellaneous group of funds that cover a variety of City functions. Some of these funds are for tracking the costs of citywide services (Internal Service Funds) and others are for the City's various capital projects.

The financial statements collect funds in broader grouping and contain a number of accrual funds that are not used for budgetary purposes.

ENTERPRISE FUNDS (3000-3999)

3100 - Sewer Service Fund

Source of Funds: Sewer service charges

Uses of Funds: Acquisition, construction, reconstruction, relocation, maintenance, operation, and repair of sewer facilities

3150 - Sewer Rate Stabilization Fund

Source of Funds: Transfer from sewer service fund

Uses of Funds: Required reserve

3200 - Golf Course

Source of Funds: City golf course fees and concession charges

Uses of Funds: City golf course operations, maintenance, and capital improvements

INTERNAL SERVICE FUNDS (4000-4999)

4100 - Equipment Rental

Source of Funds: Equipment rental charges to operating departments

Use of Funds: Maintenance and repair of City vehicles and other motorized equipment

4200 - Radio Fund

Source of Funds: Radio rental charges to operating departments

Use of Funds: Maintenance and replacement of City radios and other communications equipment

4210 - Telephone Equipment & Software

Source of Funds: Telephone and software charges to operating departments

Use of Funds: Maintenance and replacement of City telephones and computer software

4300 - Reproduction

Source of Funds: Reproduction equipment rental and services charges to operating departments

Use of Funds: Maintenance and replacement of City reproduction equipment

4400 - City Facilities

Source of Funds: City facility rental charges to operating departments

Use of Funds: Operation and maintenance of City facilities, including custodial services

4450 - City Facilities Energy Conservation Loan

Source of Funds: California Energy Commission

Use of Funds: Implement energy conservation capital projects in city facilities

4500 - Central Stores

Source of Funds: Reimbursements from departments

Use of Funds: Supplies, materials, and equipment for City operations

4510 - Personnel Management

Source of Funds: Personnel charges to operating departments

Use of Funds: Staffing, operations, and maintenance for the City's Human Resource Department and the Payroll Unit in Finance

4550 - Purchasing Fund

Source of Funds: Purchasing charges to operating departments

Use of Funds: Staffing, operations, and maintenance for Purchasing unit of the Controllers' Office

4600 - Information Technology

Source of Funds: Information Technology charges to operating departments

Use of Funds: Operation and maintenance of City Information Technology systems

CAPITAL PROJECT FUNDS

(5000-5999)

5012 - JPFA Admin Building: Series 1996

Source of Funds: Negative Fund Repayment pursuant to Resolution No. 87140 C.M.S.

Use of Funds: Negative Fund Repayment pursuant to Resolution No. 87140 C.M.S.

5130 - Rockridge Library Assessment District

Source of Funds: Special property tax assessment

Use of Funds: Improvements to the Rockridge Library

5321 - Measure DD: 2009B Clean Water, Safe Parks & Open Space Trust Fund for Oakland

Source of Funds: Proceeds from General Obligation bonds authorized by Measure DD in 2009B

Use of Funds: Capital projects to improve water quality; provide educational and recreational facilities for children; clean up Lake Merritt; restore Oakland's creeks, waterfront, and Estuary; and renovate parks and open space

5322 - Measure DD: 2017C Clean Water, Safe Parks & Open Space Trust for Oakland

Source of Funds: Proceeds from bond measure authorized by Measure DD in 2002

Use of Funds: Waterfront improvements at Lake Merritt and the Estuary, including parks, trails, bridges, a recreation center, an arts center, land acquisition, and creek restoration

5330 - Measure KK: Infrastructure and Affordable Housing

Source of Funds: Proceeds from General Obligation bonds authorized by Measure KK in 2016

Use of Funds: Infrastructure projects including transportation and public facilities

5331 - Measure KK: Affordable Housing

Source of Funds: Proceeds from General Obligation bonds authorized by Measure KK in 2016

Use of Funds: Acquisition, rehabilitation, or new construction of affordable housing

5332 - Measure KK: Infrastructure Series 2020B-1 (Tax Exempt)

Source of Funds: Proceeds from General Obligation bonds authorized by the reissuance of Measure KK in 2020

Use of Funds: Infrastructure projects

5333 - Measure KK: Affordable Housing Series

Source of Funds: Proceeds from General Obligation bonds authorized by Measure KK in 2020

Use of Funds: Acquisition, rehabilitation, or new construction of affordable housing

5335 - Measure KK: Infrastructure Series

Source of Funds: Proceeds from General Obligation bonds authorized by the reissuance of Measure KK in 2022

Use of Funds: Infrastructure projects

**5337 - Measure KK:
Series 2023 GOB**

Source of Funds: Proceeds from General Obligation bonds authorized by the reissuance of Measure KK in 2023

Use of Funds: Infrastructure projects

**5338 - Measure KK:
Infrastructure Series
2024E (Tax Exempt)**

Source of Funds: Proceeds from General Obligation bonds authorized by the reissuance of Measure KK in 2024

Use of Funds: Infrastructure projects

**5340 - Measure U:
Infrastructure GOB
Series 2023A-1 (Tax
Exempt)**

Source of Funds: Proceeds from General Obligation bonds

Use of Funds: Infrastructure projects

**5341 - Measure U:
Affordable Housing
GOB Series 2023A-2
(Taxable)**

Source of Funds: Proceeds from General Obligation bonds

Use of Funds: Acquisition, rehabilitation, or new construction of affordable housing and infrastructure projects

**5342 - Measure U:
Infrastructure GOB
Series 2024B-1 (Tax
Exempt)**

Source of Funds: Proceeds from General Obligation bonds

Use of Funds: Infrastructure projects

**5343 - Measure U:
Affordable Housing
GOB Series 2024B-2
(Taxable)**

Source of Funds: Proceeds from General Obligation bonds

Use of Funds: Acquisition, rehabilitation, or new construction of affordable housing and infrastructure projects

**5500 - Municipal
Capital Improvement**

Source of Funds: Bond proceeds

Use of Funds: Construction, purchase, lease, or improvements of City capital assets

**5505 - Municipal
Capital Improvement -
Public Art**

Source of Funds: 1.5% assessment on eligible City's capital projects

Use of Funds: Use for Public Art activities

5510 - Capital Reserves

Source of Funds: One-time revenues, mainly from bond refinancing/restructuring and financing deals

Use of Funds: Capital projects

5610 - Central District Projects

Source of Funds: Funding agreement with the former Oakland Redevelopment Agency

Use of Funds: To provide funding for Central District redevelopment projects

5611 - Central District: TA Bonds Series 2003

Source of Funds: Bond proceeds from the Central District Tax Allocation Bond: Series 2003

Use of Funds: To provide funding for Central District redevelopment projects

5612 - Central District: TA Bonds Series 2005

Source of Funds: Bond proceeds from the Central District Tax Allocation Bond: Series 2005

Use of Funds: To provide funding for Central District redevelopment projects

5613 - Central District: TA Bonds Series 2009T

Source of Funds: Bond proceeds from the Central District Tax Allocation Bond: Series 2009

Use of Funds: To provide funding for Central District redevelopment projects

5614 - Central District: TA Bonds Series 2006T

Source of Funds: Bond proceeds from the Central District Tax Allocation Bond: Series 2006

Use of Funds: To provide funding for Central District redevelopment projects

5638 - Central District: TA Bond Series 2006C-T

Source of Funds: Bond proceeds from the Broadway/MacArthur/San Pablo District Tax Allocation Bond: Series 2006C-T

Use of Funds: To provide funding for Broadway/MacArthur/San Pablo Area redevelopment projects

5643 - Central City East TA Bonds Series 2006A-T (Taxable)

Source of Funds: Bond proceeds from the Central City East Tax Allocation Bond: Series 2006A-T

Use of Funds: To provide funding for Central City East Area redevelopment projects

5650 - Coliseum Projects

Source of Funds: Funding agreement with the former Oakland Redevelopment Agency

Use of Funds: To provide funding for Coliseum Area redevelopment projects

5656 - Coliseum: TA Bonds Series 2006B-T (Taxable)

Source of Funds: Bond proceeds from Coliseum Tax Allocation Bond Series 2006B-T

Use of Funds: To provide funding for Coliseum Area redevelopment projects

5671 - OBRA: Leasing & Utility

Source of Funds: Lease revenue

Use of Funds: Building maintenance for the Oakland Army Base

5999 - Miscellaneous Capital Projects

Source of Funds: Negative Fund Repayment pursuant to Resolution No. 87140 C.M.S.

Use of Funds: Negative Fund Repayment pursuant to Resolution No. 87140 C.M.S.

Debt & Fiduciary Funds

FY 2025-27 PROPOSED POLICY BUDGET

Funds are groups of revenue and expenditure accounts that must be balanced individually and separately. The City's Budget contains over 100 funds. This page contains a miscellaneous group of funds that cover a variety of City functions. These funds are bond measures and other debts, and employee pension funds.

The financial statements collect funds in broader grouping and contain a number of accrual funds that are not used for budgetary purposes.

DEBT SERVICE FUNDS (6000-6999)

6013 - 2013 LED Streetlight Acquisition Lease Financing

Source of Funds: Funds Transfer from LLAD (2310)

Use of Funds: Debt service payment for the LED Streetlight lease

6029 - Taxable Pension Obligation Bonds: 2012 Series-PFRS

Source of Funds: Property tax revenue for pension override

Use of Funds: Bank and bond expenditure for both principal and interest for Pension Obligation Bonds (POBs)

6032 - Taxable Pension Obligation Bonds 2001 Series

Source of Funds: Property tax revenue for pension override

Use of Funds: Bank and bond expenditure for both principal and interest for POBs

6036 - JPFA Refunding Revenue Bonds: 2008 Series A-1 (Tax-Exempt)

Source of Funds: Proceeds from Revenue Bonds 2008 Series A (tax exempt)

Use of Funds: Refunding JPFA Revenue Bonds: 2005 Series

6064 - General Obligation Refunding Bonds, Series 2015A

Source of Funds: General Obligation Bond: Series 2015A

Use of Funds: Refunding General Obligation Bond series 2005, 2006 and 2009B

6312 - General Obligation Bond (GOB): 2012 Series

Source of Funds: Voter-approved Measure DD and Measure G assessments

Use of Funds: Debt service payments of interest and principal for GOB 2012

6322 - Measure DD 2017C Clean Water, Safe Parks & Open Space Trust Fund for Oakland

Source of Funds: Voter-approved Measure DD assessments

Use of Funds: Principal and interest on long-term debt

6330 - Measure KK: 2017A-1 (TE) Infrastructure and Affordable Housing

Source of Funds: General Obligation Bond: Series 2017A-1 (Tax-Exempt)

Use of Funds: Capital improvements including infrastructure and projects including transportation and public facilities

6331 - Measure KK: 2017A-2 (Taxable) Infrastructure and Affordable Housing

Source of Funds: General Obligation Bond: Series 2017A-2 (Taxable)

Use of Funds: Acquisition, rehabilitation, or new construction of affordable housing

**6332 - Measure KK:
2020B-1 GOB**

Source of Funds: Reissuance of Measure KK bonds in 2020

Use of Funds: Finance Measure KK projects and costs related to the issuance of the bonds

**6333 - Measure KK:
2020B-2 GOB**

Source of Funds: Reissuance of Measure KK bonds in 2020

Use of Funds: Finance Measure KK projects and costs related to the issuance of the bonds

**6334 - 2020 GOB
Refunding**

Source of Funds: Reissuance of bond in 2020

Use of Funds: Refund Prior Bonds for debt service savings

**6335 - Measure KK:
Infrastructure Series
2022C-1 GOB**

Source of Funds: Reissuance of Measure KK bonds in 2022

Use of Funds: Finance Measure KK projects and costs related to the issuance of the bonds

**6337 - Measure KK:
Series 2023 GOB**

Source of Funds: Reissuance of Measure KK bonds in 2023

Use of Funds: Finance Measure KK projects and costs related to the issuance of the bonds

**6338 - Measure KK:
Infrastructure Series
2024E GOB**

Source of Funds: Reissuance of Measure KK bonds in 2024

**6340 - Measure U:
Affordable Housing &
Infrastructure GOB**

Source of Funds: Measure U bonds

Use of Funds: Finance Measure U projects and costs related to the issuance of the bonds

**6341 - Measure U:
Affordable Housing
GOB Series 2023A-2
(Taxable)**

Source of Funds: Measure U bonds

Use of Funds: Finance Measure U projects and costs related to the issuance of the bonds

**6342 - Measure U:
Infrastructure Series
2024B-1 GOB**

Source of Funds: Measure U bonds

Use of Funds: Finance Measure U projects and costs related to the issuance of the bonds

**6343 - Measure U:
Affordable Housing &
Infrastructure GOB
Series 2024B-2
(Taxable)**

Source of Funds: Measure U bonds

Use of Funds: Finance Measure U projects and costs related to the issuance of the bonds

**6540 - Skyline Sewer
District - Redemption**

Source of Funds: Repayment agreement with homeowners

Use of Funds: Pay for street light undergrounding liability

**6557 - Piedmont Pines
P1 2018 Reassessment
Refunding Bond**

Source of Funds: Negative fund repayment pursuant to Resolution No. 87140 C.M.S.

Use of Funds: Negative fund repayment pursuant to Resolution No. 87140 C.M.S.

**6587 - 2012 Refunding
Reassessment Bonds-
Debt Service**

Source of Funds: Special property tax assessment from Reassessment District No 99-1

Use of Funds: Bank and bond expenditure for both principal and interest

**6613 - JPFA Lease
Revenue Refunding
Bonds, Series 2018**

Source of Funds: Proceeds from refunding of lease revenue bonds and other funding sources

Use of Funds: Construction of City Administration Building

**6999 - Miscellaneous
Debt Services**

Source of Funds: Revenue from sale of season tickets

Use of Funds: Debt service on the Coliseum and renovation Lease Revenue Bonds

**FIDUCIARY FUNDS/TRUST & AGENCY FUNDS
(7000-7999)**

7100 - Police and Fire Retirement System

Source of Funds: City Police and Fire Retirement System contributions

Use of Funds: City administrative costs related to the Police and Fire Retirement System

7130 - Employee Deferred Compensation

Source of Funds: Employee deferred compensation contributions

Use of Funds: Account for employees' deferred compensation contributions and disbursements

7320 - Police and Fire Retirement System Refinancing Annuity Trust

Source of Funds: Pension Annuity receipts

Use of Funds: Transfer to General Purpose Fund to support accrued pension liability payments

7540 - Oakland Public Library Trust

Source of Funds: Donations, endowments and contributions from individuals and private corporations

Use of Funds: Library Programs

7640 - Oakland Public Museum Trust

Source of Funds: Donations and proceeds from fundraising activities

Use of Funds: Museum programs and improvements

7760 - Grant Clearing

Source of Funds: Recoveries of departmental burden charges to other subordinate programs within departments

Capital project funding for personnel expenditures

Use of Funds: Administrative costs in departments that are largely supported by grant and other restricted funding sources

Personnel costs that are directly supported by capital projects

7999 - Miscellaneous Trusts

Source of Funds: Donations and endowments

Use of Funds: Miscellaneous programs and services

Summary Table By Fund

FY 2025-27 PROPOSED POLICY BUDGET

For descriptions of each fund's number, name, and purpose, please refer to the following page • [Fund Summaries](#).

FUND SUMMARY

The matrix below shows departmental appropriations by fund, to illustrate the relationships between departments and the various funds. All funds shown in the budget book are subject to appropriation, with a limited number of non-appropriated funds excluded from this table and the budget book that are included in the audited financial statements.

GENERAL FUNDS

Fund Group	Fund	Department	Sum of FY24-25 Midcycle Adopted Total	Sum of FY25-26 Biennial Proposed Total	Sum of FY26-27 Biennial Proposed Total

ESTIMATED UNAPPROPRIATED AVAILABLE FUND BALANCE

The beginning fund balance values below represent current estimates of the amount of fund balance that will be available for appropriation at the end of the current fiscal year and at the beginning of each year of the budget. Fund balance is not considered available if it has been previously allocated or appropriated by the Council or is restricted in other ways. For instance, the fund balance in many capital funds are reflected as zero dollars (\$0) because the totality of these funds are allocated and appropriated by Council.

FY 2025-26 FUND BALANCE

Fund	Year	Beginning Fund Balance	Revenue	Expenditure	Transfer from Fund Balance	Contribution to Fund Balance	Ending Fund Balance

Negative Funds

FY 2025-27 PROPOSED POLICY BUDGET

Negative fund balances accumulate over time and are largely due to historical years of operating expenses that could not be sustained and/or ongoing expenditures that outpaced ongoing revenues. Certain funds with negative balances were put on a repayment schedule. Due to the severity of the City's deficit this cycle, negative fund repayments were suspended.

Negative balances continue to draw resources from other funds, and ultimately become the responsibility of the General Purpose Fund (GPF). External auditors, rating agencies, and investors pay close attention to negative fund balances and the City's commitment to repayments.

OFFICE OF THE MAYOR

MISSION STATEMENT

The Mayor's Office supports the Mayor in carrying out her duties as specifically outlined in the City Charter:

The Mayor shall be responsible for the submission of an annual budget to the Council that shall be prepared by the City Administrator under the direction of the Mayor and Council. The Mayor shall, at the time of the submission of the budget, submit a general statement of the conditions of the affairs of the City, the goals of the administration and recommendations of such measures as she may deem expedient and proper to accomplish such goals.

The Mayor shall recommend to the Council measures and legislation as she deems necessary and to make such other recommendations to the Council concerning the affairs of the City as she finds desirable.

The Mayor shall encourage programs for the physical, economic, social and cultural development of the City.

The Mayor shall actively promote economic development to broaden and strengthen the commercial and employment base of the City.

The Mayor shall appoint the City Administrator, subject to confirmation by the City Council, remove the City Administrator and give direction to the City Administrator. The Mayor shall advise the Council before removing the City Administrator.

The Mayor shall serve as ceremonial head of the City, represent the City in inter-governmental relations as directed by the Council and provide community leadership.

SERVICE IMPACTS & EQUITY CONSIDERATIONS

The Mayor's Office is bringing the full staff compliment of 12 positions to Special Assistant to the Mayor III.

ORGANIZATION INFORMATION

CITY COUNCIL

Vested with all powers of legislation in municipal affairs, the City Council is the governing body that exercises the corporate powers of the City of Oakland under the authorities granted by the Oakland City Charter and the State of California Constitution. The Council is comprised of eight Councilmembers, with seven elected from geographic districts and one citywide (At-Large). All Councilmembers are elected to a term of four years. In accordance with the Charter, the City Council sets the goals and priorities for the City, adopts the City budget, adopts the city's laws by ordinance and resolution, and confirms members to various City and Port of Oakland boards and commissions.

Learn more about who we are and what we do [here](#).

SERVICE IMPACTS & EQUITY CONSIDERATIONS

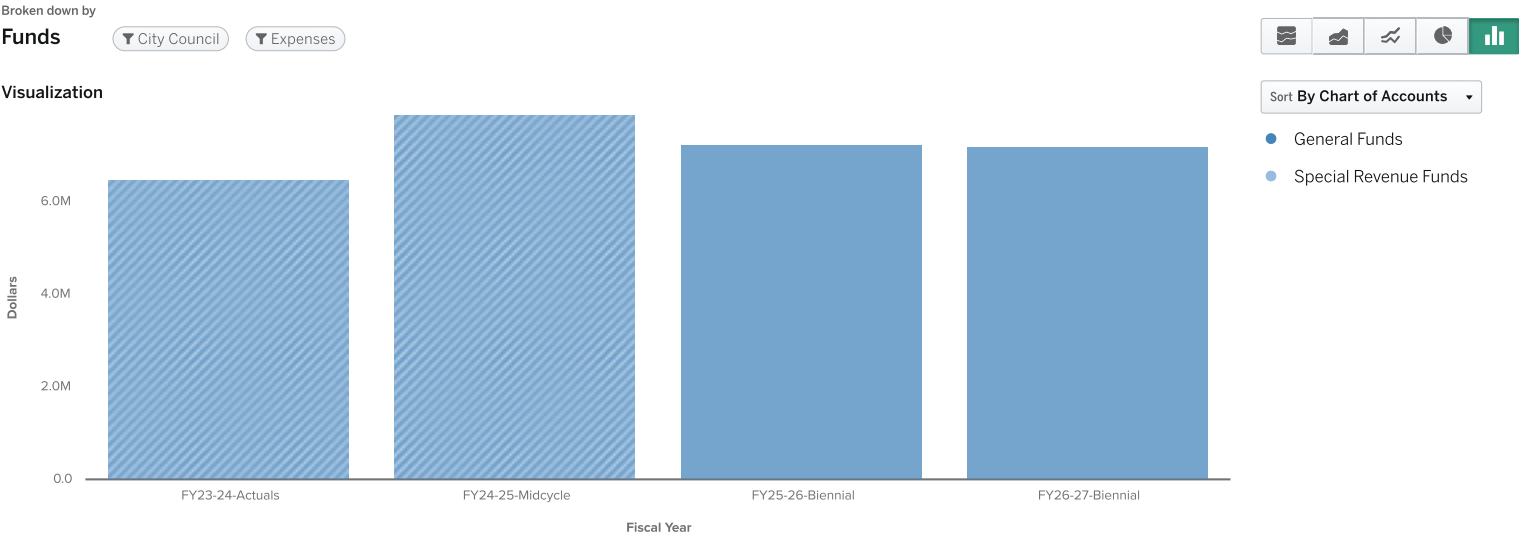

City Council is maintaining its current budget with no significant changes. As such, there are no anticipated service impacts. No equity analysis needed.

SIGNIFICANT BUDGETARY CHANGES

City Council is maintaining its current budget with no significant changes, therefore, there are no significant budgetary changes.

CITY ADMINISTRATOR

Mission Statement

The Office of the City Administrator provides strategic leadership that supports the Mayor, City Council and City-wide Departments; the Office motivates and challenges the organization to deliver efficient and effective services toward equitable outcomes in the community.

Learn more about who we are and what we do [here](#).

SERVICE IMPACTS & EQUITY CONSIDERATIONS

Enhancements

1. Reassigns 1.00 FTE Assistant to the City Administrator position to be fully funded by Fund 2430, to implement the Equitable Lead Hazard Abatement Program (ELHAP) in coordination with City departments including Planning & Building and Housing & Community Development, and Alameda County. The lead settlement funds are to be spent in the City of Oakland for lead poisoning prevention purposes. From the \$14M in settlement funds allocated to Oakland, 20% of the funds are allocated to fund work pursuant to recommendations in the Racial Equity Impact Analysis, "Eliminating Lead Paint Hazards in Oakland & Alameda County" (September 2021).
 - Equity Consideration: This position's work will be guided by the recommendations of the 2021 Racial Equity Impact Analysis, and ELHAP's services will prioritize serving at-risk communities, remedy barriers to resources, ensure lead hazards are expeditiously removed from homes in vulnerable communities, and bolster local economic resilience.
2. Adds \$405,235 in contract services to maintain Excess Litter Fee (ELF) contracts for weekly litter abatement and cleanup throughout Oakland, particularly in business corridors with establishments such as fast-food businesses, convenience markets, gasoline station markets and liquor stores, which pay the ELF to the City each year. The purpose of the ELF program is to maintain safe, clean and sanitary streets, sidewalks, and public spaces by assessing a fee on businesses known to generate particularly high amounts of disposable

materials that end up as trash and litter on the streets. The amount of the annual excess litter fee is determined by the businesses' classification and annual gross receipts.

- Equity Consideration: The staff hired to conduct litter abatement and beautification under the ELF program are justice-impacted Oakland residents. The program is designed to connect staff with immediate temporary employment opportunities that allow for the development of additional hard and soft skills needed for reentering the workforce.

Reductions

1. Reduces the CAO's supplies budget for items including office supplies, minor computer hardware and software, postage and mailing, food and bottled water, registration and tuition, and travel expenditures by \$132,000 annually.
 - Equity Consideration: The reduction in administrative/clerical O&M funds may impact CAO operations, however with a reduction and staff and ongoing hiring freeze, the department does not anticipate needing these funds due to increased staffing in the next two fiscal years.
2. Reduces O&M in Sustainability program's food and bottled water, miscellaneous travel expenditures, and City memberships and dues budgets by \$4,000. In addition, requests a total of \$84,000 annually for professional and miscellaneous contract services, which is a \$135,356 reduction in these categories from the FY 2024-25 Adopted Midcycle. Staff will continue to pursue grant opportunities to offset these reductions, maintain community partnerships/programs, and continue implementing 40 Actions detailed in the Equitable Climate Action Plan (ECAP).
 - Equity Consideration: While this program has successfully applied for and received millions in grant funds from the state and federal governments to date, if future grant opportunities are reduced or eliminated during the FY 2025-27 biennial, staff may not be able to offset the gap created by the proposed reduction in professional/miscellaneous services funding. This could result in projects being scaled-back or suspended and delay the City's progress implementing the 40 ECAP Actions to improve Oakland's climate resilience, advance equity, and reduce local greenhouse gas emissions. Staff are examining all possible partnerships and sources of grant funding, and continue to refer to the ECAP Racial Equity Impact Assessment and Implementation Guide to identify specific frontline communities most likely to be impacted and create specific action plans to prevent further increasing disparities in areas such as health outcomes, jobs, and housing security, in those communities.
3. Deletes 1.00 FTE Program Analyst III in CAO, position is proposed to be added (transferred) in the Oakland Department of Transportation and freezes 1.00 FTE Architectural Associate (Field) position until grant funding is available in Org 02171. Reduces division's food and water budget by \$1,000 annually, and requests \$15,000 for professional services for ADA compliance review of CIP and other infrastructure and paving projects. ADA Programs staff will partner with department staff to maintain ADA compliance review of capital projects.
 - Equity Consideration: Through close coordination between the CAO and other departments, ADA Programs division staff aim to prevent interruptions in service, including in project compliance review. With decreased staffing, ADA Programs division may have longer project review timelines, especially if O&M for consultant support is no longer available.
4. Eliminates 1.00 FTE filled City Administrator Analyst position, the remaining 1.00 FTE filled Assistant to the City Administrator (Inclusive Community Engagement Officer) position will absorb the technical/administrative duties.
 - Equity Consideration: The City Administrator Analyst position has assisted in the implementation the Inclusive Community Engagement program in the CAO, the elimination of this technical support and

guidance for departments is likely to impact the City's public outreach and communication; these impacts may be felt most acutely by communities that don't have regular access to technology resources, non-English speakers, and other vulnerable groups.

5. Deletes 1.00 FTE vacant Assistant to the City Administrator position responsible for convening and/or managing multiple interdepartmental and inter-agency working groups. Existing CAO staff will absorb this responsibility but may not have the capacity to convene these working groups as frequently.
 - Equity Consideration: The elimination of this role may, at least in the near-term, result in decreased communication and coordination between existing internal and external working groups, and in the absence of consistent information sharing between groups there is an increased chance of issues occurring such as lack of sufficient public outreach about a project or service. This is likely to disproportionately impact lower income, non-English speaking, and/or unhoused residents and others who no longer receive timely, accessible information about planned future projects and activities, changes to services, or other actions that could have a personal impact on their lives.

City Administrator

FY 2025-27 PROPOSED POLICY BUDGET

SERVICES

Below is a comprehensive list of the services and activities provided by City departments to internal and external customers, which describes the City's operations throughout the Oakland community, including collaborative efforts with other governments and community partners. Internal customers include other City departments and elected officials, while external customers are comprised of residents, businesses, visitors, and similar persons.

Equitable Climate Action Plan (ECAP) Implementation and Community Engagement

"Better the lives of Oakland residents through interconnected projects and programs addressing housing, energy costs, air quality, food insecurity, infrastructure development, risk management, and equity including: "Better Neighborhoods, Same Neighbors" Transformative Climate Communities (TCC) Grant, a \$28.2M state grant for affordable housing, new parks, aquaponics farm food, tree planting, and bike share projects; create communitywide charging infrastructure for electric vehicles; Resilience Hubs, to adapt municipal buildings to expand uses, serve multiple emergency and daily functions, and maximize utility; facilitate building electrification throughout the City, reduce climate risks to the public, and protect the City against sea level rise and changing climate conditions.

The Sustainability and Resilience Division aggressively pursues grant funding through the Federal Infrastructure Act and the Inflation Reduction Act for a variety of programs and initiatives identified in the ECAP that could total in the hundreds of millions of dollars. For each grant application, the funds will be shared by multiple departments and outside entities such as CBOs with whom the City partners to implement the plan successfully.

TCC grant funding will end in 2025, new NOAA grant to fund City Administrator Analyst position.

Commission Assistance and/or Liaison

The City Administrator's Office (CAO) serves as staff and/or support to various independent commissions including the Redistricting Commission, Privacy Advisory Commission (Chief Privacy Officer), Police Commission (liaison), Safety and Services Oversight Commission, Community Policing Advisory Board, Commission on Homelessness, Children's Initiative Oversight Commission, Mayor's Commission on Persons with Disabilities, and

Police Commission Selection Panel. CAO staff administers annual Board & Commission Support trainings for department staff. CAO staff also fill-in for departments to staff board/commission meetings in the event of an absence or vacancy in the dept.

Internal & External Working Groups

Coordinate interdepartmental efforts for a wide array of activities including: Wildfire Prevention (to prevent wildfires in the City), Lake Merritt (manage issues and activities at the Lake), Caltrans (to ensure proper maintenance of property and rights-of-way), Neighborhood Services Manager (implement City's Community Policing Program), Abandoned Auto Working Group to address the transition of this service to OakDOT and continue to identify new resources to make the service delivery more effective, the Hazardous Materials Working Group that is building a better interdepartmental system to manage hazardous waste citywide, and other groups as needed on an ad hoc basis. Union Pacific, PG&E.

Digital Services

Develop and iterate on the vision, strategy, and implementation of the City's digital assets, including the City's website, social media channels and civic technology platforms. Listen to public and internal needs to identify opportunities for improved digital engagement and service delivery.

Direct Coordination of Citywide Homelessness and Encampment Response

Engage unhoused and pair with services that lead to long-term affordable housing, provide outreach and connection to services, including county wrap around services, enable people who qualify for state and federal resources to access affordable housing. Make contact with unhoused individuals, share options, information/education, and support them in trying to access dignified housing. Division is responsible for making this contact with unhoused residents and connecting them to services and resources.

Neighborhood Services

The Neighborhood Services Division (NSD) mission is: Every block is organized and every neighbor skilled, networked, and empowered to work together and in partnership with the City and outside agencies to solve problems and build a healthy resilient community. The division helps neighbors at the block level by promoting city programs that engage residents, promote stewardship and supports city initiatives. This is accomplished by promoting programs such as Adopt- A - Spot and Drain and Neighborhood Watch, and at the Neighborhood Level through Neighborhood Councils and CORE. The team also convenes the Neighborhood Enhanced Services Teams (NEST), to ensure interdepartmental coordination to address the needs of Oakland's most vulnerable neighborhoods and has created a volunteer model to reactivate closed EMT sites.

Citywide Agenda Report Management and City Council Meeting Support

Manage the City Administrator's Agenda Processes, including preparing, reviewing, analyzing, and editing agenda reports and presentations for City Council. Track and coordinate scheduling request review and notification to the City Clerk's office in preparation of Rules and Legislation committee meetings. Prepare pending list of items scheduled to upcoming Committee and Council meetings. Present staff recommendations and respond to questions at City Council and Committee meetings. Administer annual report writing and legislative process trainings to City staff. Contribute to legislative process trainings for new Councilmembers and their staff.

Manage the City's Administrative Instructions (AI)

Receive, analyze and edit AIs, which describe the City's policies, practices, standards, and procedures for various items; upload materials to the City's intranet; respond to inquiries from staff.

Strategic Communications

Develop communications strategies to address complex, high-profile, controversial, sensitive issues. Develop and initiate employee communications strategy. Draft, curate, edit and produce employee-specific communications. Support employee engagement and recognition events and initiatives.

Support and advise departments in drafting external communications ae.g. building staff capacity and training.

Perform media relations, e.g. responding to press inquiries

(10) Oakland Children's Initiative

Oversight for the OCI's 3 funding streams, as outlined in the City's Charter and include: 1) Funding for Oversight, Accountability & Evaluation (includes formal and informal contracts including annual financial audit); 2) Early Education Fund; and 3) Oakland Promise fund; Staff Children's Initiative Oversight Commission.

ADA Programs

Implements policies regarding disability access compliance (excluding employment) under the Americans with Disabilities Act (ADA) and other Federal/State/Local accessibility regulations. Administers the citywide ADA Transition Plans, ADA accommodations capital improvement programs, ADA grievance program. Reviews City capital improvement and major development projects for access compliance. Investigate and resolve disability civil rights grievances (Title II compliance, external). Facilitates reasonable program modifications for customers with disabilities, administering the Auxiliary Aides and Services Program that provides effective communications services to customers with disabilities. Facilitates, monitors, and implements ADA litigation settlements. Staff and liaison to the Mayor's Commission on Persons with Disabilities. Administers technical ADA assistance program, also Citywide trainings for supervisors, new employees, DSWs, etc.

Oakland 311 (OAK311) Customer Service & City Information Program

The Oak311 Communications/Dispatch Center is a centralized, multi-lingual, one number system that is available 24/7 for Oakland residents and businesses to report maintenance issues, secure responses to general or complicated inquiries about City services, and after-hour emergency infrastructure maintenance requests. Works closely with OPD, OFD and Macro Dispatch staff as well as other public agencies for the good of the citizens.

Employment Investigations and Civil Rights Compliance

Employment Investigations and Civil Rights Compliance (EICRC) Division is responsible for ensuring compliance with equal employment opportunity laws and enforcing regulations that prohibit discrimination and harassment in the workplace based on race, color, or national origin, gender, or disability, as required by Title VII of the American Civil Rights Act (Federal), Fair Employment and Housing Act (State) and City Administrative Instruction 71 (City). The division also assists City Departments in providing equal employment opportunities to all applicants and employees, and provides mandatory training to management and supervisory employees, and to new employees in the New Employee Orientations. In fulfilling these responsibilities, EICRC also provides or coordinates services such as policy development, technical assistance, training programs, monitoring, and compliance activities. The office prepares comprehensive investigative reports documenting investigations, including fact-finding, applying facts to policies, and drawing conclusions as to whether policies have been violated, and ensures alignment with federal and state laws, and City policies and procedures.

Equitable Lead Hazard Abatement Program (ELHAP) and Lead Settlement Fund implementation

In 2001, ten cities and counties in California, including the City of Oakland and the County of Alameda brought a lawsuit against companies that manufactured, distributed, and promoted lead paint. In October 2019, the public entities entered a Memorandum of Understanding to satisfy their obligations under various contingency fee agreements with outside counsel, and to allocate among the prosecuting jurisdictions the balance of settlement funds. The City of Oakland and County of Alameda received a \$23,985,922.92 settlement fund allocation. Approximately \$14M (60%) of the lead settlement funds would be spent in the City of Oakland for lead poisoning prevention purposes. From the 60% settlement funds allocated to Oakland, 20% of the funds are allocated to fund work pursuant to recommendations in the Racial Equity Impact Analysis, "Eliminating Lead Paint Hazards in Oakland & Alameda County" (September 2021). The remaining 40% of the lead settlement funds are held in trust by the County of Alameda for use in lead poisoning prevention services and activities pending the City and County agreeing on programming and disbursement.

In the past, HCD administered a remedial response program, which included coordinating relocation of households while their unit is being restored, but this program was paused due to staffing and budgetary constraints. In response to a number of organizational changes, PBD advanced adoption of an Ordinance in Dec. 2022 which detailed a comprehensive approach to regulating lead-based paint disturbance, inspections, and abatement under the City's jurisdiction. In January 2024, the City issued an RFP to perform Program Design and recommendations for establishing the ELHAP. Green and Healthy Homes Initiative was selected through this process and staff anticipates contract execution in October 2024. The consultant's recommendations are expected by August 2025 with a presentation to occur in September 2025 - based on the results of this analysis, HCD will determine if and how it will redesign and reconstitute the Remedial Response Program, or other similar programs.

Excess Litter Fee Contract & Program Administration

The Excess Litter Fee (ELF) Program raises revenue to abate litter created by fast food businesses, liquor stores, convenience markets, and gasoline stations. These types of establishments pay an Excess Litter Fee based on the size of their business. Revenue generated from the fee is used to defray the cost of litter and trash clean-up resulting from the operation of these businesses.

Public Safety-Related Policy Development and Implementation

In coordination with departments, develop policies and administer contracts or programs that relate to various public safety priorities, issues, or services, per the direction of the City Council/Mayor's Office. Examples include Side Show Ordinance (No. 13743), California Department Of Forestry And Fire Protection (CAL FIRE) Fire Prevention Program grant application, Autura contract for abandoned vehicle removal services, Wildfire Prevention and Safe Work Zone Tax development (Resolution No. 90324).

Reimagining Citywide Permitting (RCWP) Initiative

Interdepartmental effort led by CAO to improve Oakland's permitting processes to achieve fair, consistent, equitable outcomes. Project includes many components to enhance systems/technology, staffing, fees, data and records management, customer service, communication and engagement, and other efforts.

Citywide Grants Coordination

Work closely with City departments and elected officials to identify and research grant funding opportunities; monitor grant allocations and reporting; and assist with effectively managing grants. Provide technical assistance to grant writing staff in the development of grant proposals. Identify available federal, state, local, and private grant funding sources and disseminate information to grant seekers in City departments. Develop and monitor a

Citywide grant tracking system to ensure timely preparation of grant applications and implementation of grant requirements.

Citywide Affordable Housing Strategy

Enhance and build upon the City's housing strategies and to leverage all available tools, including streamlining, innovation, expansion of financial resources, and inclusive planning policies to prioritize increasing the speed, cost efficiency, and quality of affordable housing options and opportunities for low-income and vulnerable Oaklanders.

Inclusive Community Engagement

Citywide program led by CAO to coordinate community engagement work across the City and identify tools and best practices for City staff so that they can better ask for and respond to community input. Includes the interdepartmental Inclusive Community Engagement Working Group which convenes twice per month to review Community Engagement plans and advance the City's inclusive engagement goals. In addition, CAO maintains a Community Engagement Guidebook to support staff in their planning and provides tools for staff to use to track participation in community engagement processes. Also works with Citywide Training to provide quarterly trainings on inclusive community engagement, to support staff in using the tools and the guidebook.

Oakland's history of structural racism has created barriers to engagement and participation among low-income, Black, Indigenous and other communities of color. The barriers are multiplied for women, LGBTQ, people living with disabilities, and Limited English Speakers who are part of these racial groups. Community engagement has been conducted in an ad-hoc way across the City, from formal Board, Commission and City Council Meetings to informal outreach and engagement activities often led by departmental Public Information Officers, or by other staff or consultants hired to lead City initiatives. Barring some baseline requirements that are mandated through policies such as the Brown Act, the Sunshine Ordinance, the Equal Access Ordinance, and the Americans with Disabilities Act, the City hasn't had systems or standards in place to support coordination and consistency in engagement activities across the organization. In 2020 an interdepartmental group began meeting regularly to coordinate community engagement work across the City and identify tools and best practices for staff, and these meetings continue through the Inclusive Community Engagement Working Group. The overarching goal is to proactively identify and remove barriers to inclusive community engagement to ensure that City plans and policy decisions are informed and shaped in collaboration with members of communities most impacted by racial disparities.

Digital Systems Management

Actively manage and maintain multiple Citywide systems and platforms that enable departments to communicate and share information with the public. Includes tasks such as maintaining an updated CRM/contact database, facilitating staff's access to update or create new pages on the City website, troubleshooting and fixing bugs, creating forms, designing or revising user flow, and providing QR codes and other content for department staff.

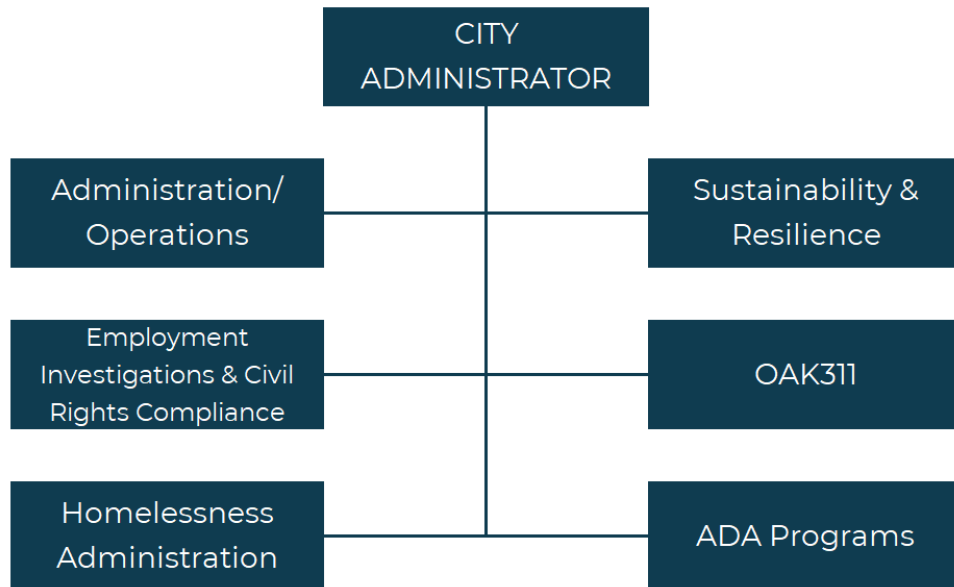

PERFORMANCE MEASURES

Performance Measures are metrics that collect information about operational activities, achievement of goals, community conditions, or other environmental factors to better understand present conditions and inform operational, managerial, policy, and community decisions. Performance Measures are composed of Service Output Measures, which describe a specific service measurement and the numerical value of that service on an annualized basis; and Equitable Service Delivery Success Standards, which describe the “gold standard” target service level for every customer/area of the City, including those who have been historically underserved, and is sometimes expressed as a percentage of the service delivery meeting a specific threshold. Service Levels are designated parameters of City operations, such as weekly facility hours, standard response times for emergency services, and standard response times for requests through OAK311.

Performance measures should identify, track, and improve access to City services for Oakland residents with a goal of continuous improvement in equitable outcomes over time through data collection and analysis. The annualized measurement provided against the Equitable Service Delivery Success Standard will be used to analyze and address areas needing improvement, including racial disparities, for equity purposes. The initial metrics chosen have a particular focus on assuring equitable service delivery to Oakland’s Black, Indigenous, and People of Color (BIPOC) residents, and selected for their potential to advance systemic change and close racial disparities in policy outcomes.

Administration will provide updated performance measures in the FY25-27 Adopted book

ORGANIZATIONAL CHART

BUREAUS/DIVISIONS

Administration/Operations

This program directs and coordinates all City Departments to ensure the goals and policy directives of the Mayor and City Council are implemented and services are efficiently and effectively delivered toward advancing equitable outcomes in the community. The Administration Division also includes Agenda Management, Communications, Public Safety and Violence Prevention Services (Measure NN) Evaluation, and Resilient Oakland.

Employment Investigations & Civil Rights Compliance

Employment Investigations & Civil Rights Compliance (EICRC) is responsible for ensuring compliance with equal employment opportunity laws and regulations that prohibit discrimination and harassment in the workplace and assisting City Departments in providing equal employment opportunities to all applicants and employees. In fulfilling these responsibilities, EICRC also provides or coordinates services such as policy development, technical assistance, training programs, monitoring, and compliance activities. The office prepares comprehensive investigative reports documenting investigations, including fact-finding, applying facts to policies, and drawing

conclusions as to whether policies have been violated, and ensures alignment with federal and state laws, and City policies and procedures.

Homelessness Administration

The Fiscal Year 2019-21 Adopted Budget created and funded a high-level administrator and support staff to lead coordination of Citywide initiatives to respond to issues of the homelessness crisis. The program also supports the newly established Commission on Homelessness which provides oversight of the Oakland Vacant Property Tax received by the City of Oakland for homeless services, and makes recommendations to the City Council for strategies to remedy homelessness.

• OAK311 Call Center

The Oak311 Call Center office is a centralized, multi-lingual, one number system available 24/7 for Oakland residents to report infrastructure emergencies and/or issues for non-emergency City services, after hour urgent matters and for general City information. Office hours are Monday through Friday, 8:00am to 4:30pm. Urgent calls received after 4:30pm are dispatched to a standby crew for service. Reporting options include direct call, mobile app, website and email.

Americans with Disabilities Act (ADA) Programs

The ADA Programs Division is responsible for implementing policies regarding disability access compliance (excluding employment), administering the citywide ADA Buildings and Facilities Transition Plan and ADA Accommodations capital programs, reviewing other City capital improvement and major development projects for access compliance, responding to ADA grievances and facilitating reasonable program modifications for customers with disabilities, administering the Auxiliary Aides and Services Program that provides communications services to employees and customers with disabilities, and facilitating, monitoring, and implementing ADA litigation settlements.

Sustainability & Resilience

The Sustainability & Resilience Division fosters collaboration with staff across all City Departments and with community leaders and experts on equitable climate change mitigation and adaptation. The Sustainable Oakland program is an evolution of the Sustainable Community Development Initiative, established by Oakland's City Council in 1997, and is charged with developing plans, ensuring implementation, and tracking progress related to Council's Climate goals and targets, including its greenhouse gas emission reduction targets, Climate Emergency and Just Transition Resolution (2018), and 2045 Carbon Neutrality target (2020).

FY 2025-27 PROPOSED POLICY BUDGET

CITY ATTORNEY

Mission Statement

The Office of the City Attorney plays a critical and often behind-the-scenes role in City government as the sole attorney for the City of Oakland, a municipal corporation, and provides advice and counsel regarding contracts, legislation, projects, programs, policies and initiatives. The City Attorney defends Oakland's interests and resources in court when the City is sued and initiates legal action to enforce compliance with applicable laws, protect and advance the rights of all Oaklanders, and secure justice and equity. We draft and review ordinances and resolutions and sponsor legislation, often with members of the City Council and/or the Mayor. We strategically negotiate major agreements and contracts and help to shape Oakland's policies; and we provide expert legal advice to City leaders and officials, including the Mayor, City Council, City Auditor, City Administrator and City departments, boards and commissions.

Our mission is to:

1. provide the highest quality of professional legal services;
2. promote open government, transparency and accountability to the residents of Oakland in accordance with the letter and spirit of the law, and;
3. apply the law in an innovative and community-oriented manner to protect and advance the rights of all Oaklanders and improve the quality of life in Oakland neighborhoods. We accomplish this mission by constantly pursuing excellence, professionalism and a workforce that values and reflects Oakland's diversity.

City Attorney

FY 2025-27 PROPOSED POLICY BUDGET

SERVICES

Below is a comprehensive list of the services and activities provided by City departments to internal and external customers, which describes the City's operations throughout the Oakland community, including collaborative efforts with other governments and community partners. Internal customers include other City departments and elected officials, while external customers are comprised of residents, businesses, visitors, and similar persons.

Affirmative Litigation, Innovation & Enforcement

The Neighborhood Law Corps (NLC) focuses on preventing illegal dumping, suing abusive landlords who violate the rights of Oakland tenants and shutting down hotels, massage parlors and other businesses that collude in human trafficking and the sexual exploitation of minors.

The Community Lawyering & Civil Rights (CLCR) unit focuses on proactive lawsuits and other actions to protect and advance the rights and interests of the people of Oakland with a goal of securing and maintaining racial, economic, environmental, and social justice and equity; to protect constitutional and civil rights; and enforce laws prohibiting discrimination based on race, class, sexual orientation, gender, and other protected classes.

General & Complex Litigation

Advocates for the City's interests in claims and lawsuits that are filed against or on behalf of the City, its officers, employees, agencies, and/or City boards and commissions.

Advisory

Provides legal services that address the full spectrum of municipal affairs.

Labor & Employment

Advises the City on labor and employment matters, as well as matters relating to the oversight, accountability, and general management and includes a unit that focuses on providing advice and counsel to the Oakland Police Department.

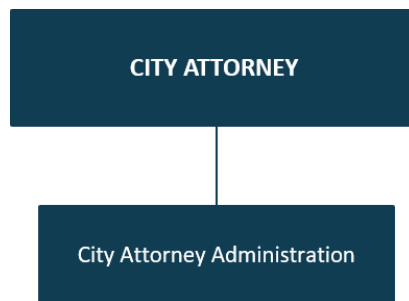

PERFORMANCE MEASURES

Performance Measures are metrics that collect information about operational activities, achievement of goals, community conditions, or other environmental factors to better understand present conditions and inform operational, managerial, policy, and community decisions. Performance Measures are composed of Service Output Measures, which describe a specific service measurement and the numerical value of that service on an annualized basis; and Equitable Service Delivery Success Standards, which describe the “gold standard” target service level for every customer/area of the City, including those who have been historically underserved, and is sometimes expressed as a percentage of the service delivery meeting a specific threshold. Service Levels are designated parameters of City operations, such as weekly facility hours, standard response times for emergency services, and standard response times for requests through OAK311.

Performance measures should identify, track, and improve access to City services for Oakland residents with a goal of continuous improvement in equitable outcomes over time through data collection and analysis. The annualized measurement provided against the Equitable Service Delivery Success Standard will be used to analyze and address areas needing improvement, including racial disparities, for equity purposes. The initial metrics chosen have a particular focus on assuring equitable service delivery to Oakland’s Black, Indigenous, and People of Color (BIPOC) residents, and selected for their potential to advance systemic change and close racial disparities in policy outcomes.

Administration will provide updated performance measures in the FY25-27 Adopted book

ORGANIZATIONAL CHART

BUREAUS/DIVISIONS

City Attorney Administration

Advisory

Advisory provides legal services that address the full spectrum of municipal affairs. Examples include drafting legislation and contracts, providing advice on housing and economic development projects, land use, negotiating real estate transactions and providing advice regarding finance, municipal bonds, retirement, benefits, elections, tax, constitutional law, ethics and conflicts of interest.

Litigation

Litigation includes the General and Complex Unit, Law and Motion Unit and the Neighborhood Law Corps (NLC). The Neighborhood Law Corps is an award-winning program that in recent years has focused on preventing illegal dumping, suing abusive landlords who violate the rights of Oakland tenants and shutting down hotels, massage parlors and other businesses that collude in human trafficking and the sexual exploitation of minors. The Law and Motion unit provides top notch research, briefing and oral arguments regarding lawsuits when the City is a defendant or a plaintiff.

The General & Complex Litigation unit advocates for the City's interests in claims and lawsuits that are filed against or on behalf of the City, its officers, employees and agencies. Lawsuits are litigated in the state and federal trial and appellate courts. Examples include high value personal injury cases, complex civil rights actions, personnel disputes, eminent domain actions, breach of contract, challenges to constitutionality of Oakland's laws, policies and procedures and inverse condemnation cases. Litigators take a strategic approach to manage liability and limit the City's financial exposure. As public servants, we advocate for a fair and just resolution of claims and lawsuits.

Labor & Employment

Labor & Employment advises the City on labor and employment matters and includes a unit that is dedicated to providing advice and counsel to the Oakland Police Department. Labor & Employment also represents that City in arbitrations to uphold discipline against City employees, including but not limited to police officers and provides advice regarding employment law and the City's obligations.

Legal Support

Operations administers the budget, personnel and support services of the City Attorney's Office. The group includes administrative and information technology staff, legal administrative assistants and paralegals.

CITY AUDITOR

Vision

Our vision is to achieve an effective, efficient, equitable, ethical, and accountable City government that is data-driven, responsive to the most pressing needs of residents, and supportive of the collective well-being of Oaklanders.

Mission Statement

The Office of the City Auditor advocates good City government for all Oaklanders by independently and objectively assessing City programs and services, making recommendations to improve them, and publicly reporting the results.

Learn more about who we are and what we do [here](#).

SERVICE IMPACTS & EQUITY CONSIDERATIONS

Enhancements

1. Adds 1.0 FTE Senior Performance Auditor in FY 2026-27 for Measure NN requirement.
 - Equity Consideration: The equity consideration for this item has not yet been analyzed.
2. Adds \$460,923 in Contracts to outsource Audit Services and \$50,000 for the Master Fellows program across both fiscal years.
 - Equity Consideration: Over the years, the City Council has asked the City Auditor to conduct audits and investigations on various areas of concern, including homelessness services, encampment management interventions and activities, the City's failure to meet the deadline for the State of California's organized retail theft prevention grant, and citywide pay equity, among others. Most of these audits focused on equity issues, and due to limited staffing, the completion of the reports took longer than anticipated. For example, the City Council requested a Citywide Pay Equity audit in 2022, which was published in late 2024. Addressing equity issues promptly is crucial because it prevents the problems from escalating, causing

more significant harm and systemic inequalities, allowing for earlier interventions to support those affected by inequities.

Reductions

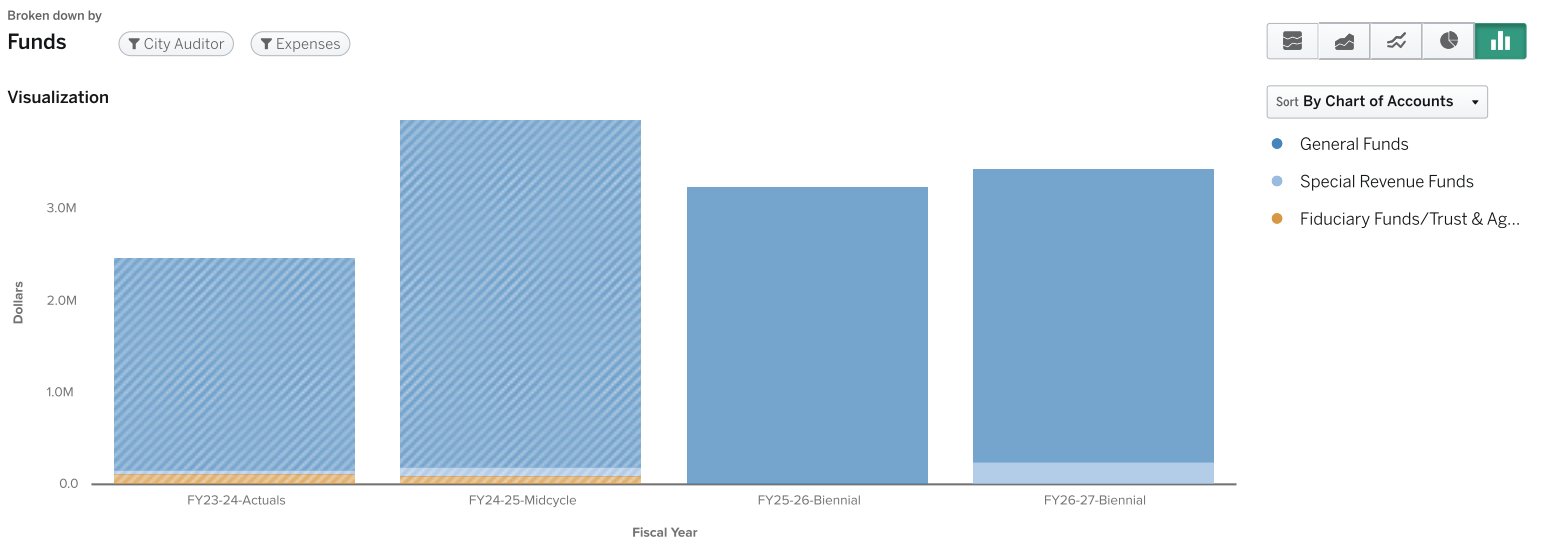

1. Freezes Vacant 1.0 FTE Performance Auditor in FY 2026-27 and Vacant 1.0 FTE Performance Audit Manager in both fiscal years. The decision to freeze 1.0 FTE Performance Auditor position in FY25-26 and 1.0 FTE Performance Audit Manager position increases the workload of our Performance Auditors, which will lead to delays in completing other critical audit reports that may address equity issues and need to be remedied timely.
 - Equity Consideration: Our Office is committed to integrating equity considerations into our audit planning process. Audits that emphasize equity have the potential to uncover systemic issues within government programs and services, enabling management to enhance outcomes for Oakland residents. To ensure the timely completion of our reports, we request that the administration provide funding for \$460k to contract with a local firm to help us complete our mandated recurring audits even when our Office is short of its minimum staffing levels.

City Auditor

FY 2025-27 PROPOSED POLICY BUDGET

SERVICES

Below is a comprehensive list of the services and activities provided by City departments to internal and external customers, which describes the City's operations throughout the Oakland community, including collaborative efforts with other governments and community partners. Internal customers include other City departments and elected officials, while external customers are comprised of residents, businesses, visitors, and similar persons.

The City Auditor's Authority

• Section 403 of the City Charter

The City Auditor shall have the power and duty to:

- Audit all departments and agencies of the City and such other matters as the Council and Mayor may request.
- Audit areas deemed to be in the best interest of the public.
- Report to Council the results of such audits.
- Advise and make recommendations to the City Administrator.
- Access all City records needed to conduct our work.

Auditors use tools such as financial audits, performance audits, investigations, and advisory services to fulfill each of these roles.

The Office of the City Auditor fulfills its responsibilities by conducting:

- Performance Audits
- Mandated Audits
- Ballot Measure Analyses
- Whistleblower Investigations
- Annual Audit Workplan
- Semi-Annual Recommendation Follow-up Report
- And more...

Quality Control

Perform cold reads and edits of audit reports, paying close attention to readability, organization, and tone.

Semi-Annual Recommendation Follow-up

Pursuant to the City Charter, the Office semi-annually follows up on the status of recommendations from performance audits.

Performance Audits (one-time)

The City Charter tasks the City Auditor with exercising professional judgment in using limited resources to audit the areas that present the most risk to the City, and are most important to Oakland residents and businesses. Performance audits provide independent and objective analysis to the public and make recommendations to management, and those charged with governance and oversight, on how to improve services, reduce costs, and increase public accountability.

Performance Audits (recurring)

The City Charter, Municipal Code, and City ordinances mandate the City Auditor conduct performance audits of various City services. Performance audits provide independent and objective analysis to the public and make recommendations to management, and those charged with governance and oversight, on how to improve services, reduce costs, and increase public accountability.

Special Requests

The Office conducts analyses and reviews requested by the City Council.

Whistleblower Hotline

Pursuant to Oakland Municipal Code 2.38, the City Auditor's Office operates a Whistleblower Hotline to receive allegations of fraud, waste, and abuse affecting or involving City of Oakland resources, employees, officials, or contractors.

Whistleblower Investigations

Pursuant to Oakland Municipal Code 2.38, the City Auditor's Office investigates allegations of fraud, waste, and abuse submitted to the City Auditor's Whistleblower Hotline.

Ballot Measure Analyses

Pursuant to the City Charter, the Office of the City Auditor prepares financial analyses for proposed legislation to be considered by Oakland voters.

Outreach and Engagement

Presentations to NEO and Supervisors' Academy, development and submittal of newsletters, participation in public events, postings and responses to social media, engagement/participation with neighborhood groups and organizations, City department "roadshow," guest appearances at universities

Risk Assessment

Annually, the Office solicits the input of City officials, City employees, and members of the public to develop the Annual Audit Work Plan.

Public Reports

For the sake of transparency, the Office prepares written and verbal reports to publicly summarize its work (performance audits, substantiated investigations, Annual Whistleblower Program Report, Semi-Annual Recommendation Follow-up, Annual Work Plan, Ballot Measure Analyses, etc.)

Training

Pursuant to the City Charter and government auditing standards, auditors must meet annual training requirements.

Quality Management

Pursuant to the City Charter and government auditing standards, the Office annually reviews and revises its internal procedures and initiates an external "peer review" triennially.

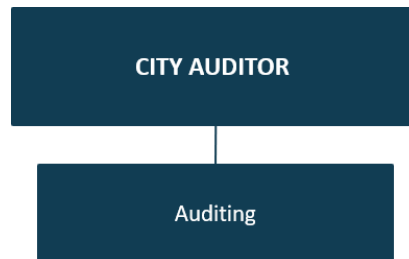

PERFORMANCE MEASURES

Performance Measures are metrics that collect information about operational activities, achievement of goals, community conditions, or other environmental factors to better understand present conditions and inform operational, managerial, policy, and community decisions. Performance Measures are composed of Service Output Measures, which describe a specific service measurement and the numerical value of that service on an annualized basis; and Equitable Service Delivery Success Standards, which describe the “gold standard” target service level for every customer/area of the City, including those who have been historically underserved, and is sometimes expressed as a percentage of the service delivery meeting a specific threshold. Service Levels are designated parameters of City operations, such as weekly facility hours, standard response times for emergency services, and standard response times for requests through OAK311.

Performance measures should identify, track, and improve access to City services for Oakland residents with a goal of continuous improvement in equitable outcomes over time through data collection and analysis. The annualized measurement provided against the Equitable Service Delivery Success Standard will be used to analyze and address areas needing improvement, including racial disparities, for equity purposes. The initial metrics chosen have a particular focus on assuring equitable service delivery to Oakland’s Black, Indigenous, and People of Color (BIPOC) residents, and selected for their potential to advance systemic change and close racial disparities in policy outcomes.

Administration will provide updated performance measures in the FY25-27 Adopted book

ORGANIZATIONAL CHART

BUREAUS/DIVISIONS

Auditing

Oakland's City Auditor is an elected official and works for, and reports to, the residents of Oakland. The Auditor's job is to provide oversight to the City's activities. This Office of the City Auditor may conduct audits of all departments and agencies of the City in accordance with applicable government auditing standards and in conformity with Section 403 of the Oakland City Charter. Audit services identify ways to increase the economy, efficiency, effectiveness, and accountability of City government. The City Auditor also oversees the

- **Whistleblower Hotline** – a confidential hotline for reporting complaints from City employees and residents about fraud, waste, and abuse in the City of Oakland.

CITY CLERK

Mission Statement

The mission of the Office of the City Clerk is to deliver high quality, professional services to the residents of the City of Oakland, elected officials, and the internal organization that facilitates their needs and seamless access to information to fully participate in the decision-making processes affecting the quality of life for everyone in the City of Oakland.

Learn more about who we are and what we do [here](#).

SERVICE IMPACTS & EQUITY CONSIDERATIONS

Enhancements

1. Add 1.0 FTE Cable TV Assistant to strengthen the City's capacity to record public meetings, hearings, and other civic events. This role ensures technical reliability and greater access for residents through broadcast and online platforms.
 - Equity Consideration: The proposed staffing enhancements will advance equity in government transparency, access to public information, and inclusive civic engagement. Without this addition the department will face continued delays, reduced access to meetings and decreased ability to support the City's government infrastructure effectively.
2. Add 1.0 FTE Legislative Recorder to support increased volume of City Council, committee, and commission meetings. This position will ensure timely and accurate preparation of meeting minutes, legislative records, and public notices.
 - Equity Consideration: The proposed staffing enhancement will advance equity in government transparency, access to public information, and inclusive civic engagement. Without this addition the department will face continued delays, reduced public access to records and decreased ability to support the City's government infrastructure effectively.

3. Unfreeze 1.0 FTE Administrative Analyst I to provide critical policy and operation support.
 - Equity Consideration: Restoring this position will help with critical operation capacity to support equitable access public records, legislative transparency, and civic engagement. Restoring this position enhances the City Clerk's ability to support the City's government infrastructure effectively.
4. Unfreeze 1.0 FTE Executive Assistant to the Director this will restore essential executive level support to the City Clerk and improve responsiveness both internally and to the public, especially managing sensitive and time-sensitive administrative matters.
 - Equity Consideration: Restoring this position will enhance the City Clerk's administrative efficiency and ability to support equitable service delivery. This position provides essential coordination, communication, and scheduling to support the department's internal operations, cross-departmental operations, and public inquiries.

Reductions

1. Freeze 1.0 FTE Cable Operations Technician. Freezing this position reflects a strategic reallocation of resources due to budgetary constraints. This may impact coverage for the increasing number of meetings.
 - Equity Consideration: Freezing this position may reduce the capacity or delay the City's ability to deliver uninterrupted public meeting access, particularly affecting residents who rely on televised or online broadcasts due to transportation, disability, or scheduling barriers.

City Clerk

FY 2025-27 PROPOSED POLICY BUDGET

SERVICES

Below is a comprehensive list of the services and activities provided by City departments to internal and external customers, which describes the City's operations throughout the Oakland community, including collaborative efforts with other governments and community partners. Internal customers include other City departments and elected officials, while external customers are comprised of residents, businesses, visitors, and similar persons.

KTOP Television

Manages and facilitates the broadcast of all government bodies, preservation of the official record of government bodies as permanent or temporary records, ACA captioning services, as required under local, state and federal law, FCC, and DIVCA.

Managing and Performing Legal Noticing

Perform legally mandated noticing of City Council and City Committee Meetings for distribution to the public, members of the council, and executive staff.

Form 700 Filing Officer

Official for Statement of Economic Interest Form 700 which provides transparency and ensures accountability in government decisions required by the State of California.

Provide Access to Inactive Records Citywide

Draft policy and establish procedures for care, preservation, retention, and disposition of all City records.

Video Production Services

Creates and produces (script writing, video acquisition, graphic design, editing) videos and the information bulletin board, for City departments for promotion, training, citywide information, and distribution.

PERFORMANCE MEASURES

Performance Measures are metrics that collect information about operational activities, achievement of goals, community conditions, or other environmental factors to better understand present conditions and inform operational, managerial, policy, and community decisions. Performance Measures are composed of Service Output Measures, which describe a specific service measurement and the numerical value of that service on an annualized basis; and Equitable Service Delivery Success Standards, which describe the “gold standard” target service level for every customer/area of the City, including those who have been historically underserved, and is sometimes expressed as a percentage of the service delivery meeting a specific threshold. Service Levels are designated parameters of City operations, such as weekly facility hours, standard response times for emergency services, and standard response times for requests through OAK311.

Performance measures should identify, track, and improve access to City services for Oakland residents with a goal of continuous improvement in equitable outcomes over time through data collection and analysis. The annualized measurement provided against the Equitable Service Delivery Success Standard will be used to analyze and address areas needing improvement, including racial disparities, for equity purposes. The initial metrics chosen have a particular focus on assuring equitable service delivery to Oakland’s Black, Indigenous, and People of Color (BIPOC) residents, and selected for their potential to advance systemic change and close racial disparities in policy outcomes.

Administration will provide updated performance measures in the FY25-27 Adopted book

ORGANIZATIONAL CHART

BUREAUS/DIVISIONS

City Clerk Operations

Agenda Management

Manages and performs processes to prepare and issue City Council legislative agendas and materials in advance to the public, members of the Council, and executive staff; facilitate opportunities for public comment during the meeting; record official actions taken by the Council, the Oakland Redevelopment Successor Agency, Joint Powers Authority (JPA), and certain other governing bodies.

Customer Service and Public Relations

Manages general operations for the department: finance, budget, payroll, personnel, workers comp.; process Domestic Partnership Registration Applications; coordinate facilities' needs; and Equal Access.

Elections & Political Compliance

Administer and coordinate election services for the selection of City and Oakland Unified School District officers, approval of Initiatives, City Measures, Referendums, and Recalls; Serve as Filing Officer and Filing Official for the issuance, filing, review, and audit of required Fair Political Practices Commission (FPPC) Statements of Economic Interest (Form 700).

Records Management

Maintain minutes, ordinances, resolutions, motions as adopted and approved by the City Council; City contracts; provide ready access to records in the care of the City Clerk; establish and administer policy and procedures to guide the care, preservation, retention, and timely disposition of all City records and information; facilitation of bid openings; manage contract for and access to offsite storage facility; coordinate records requests; manage records' disposition processes; processes discovery requests for litigation requests.

KTOP Operations

KTOP is the City's government access cable television station. KTOP provides coverage of City Council, Council Committee, and other City department meetings, and broadcasting original and acquired programming that connects and engages viewers with their city government, fellow citizens and the world at large.

POLICE COMMISSION

Mission Statement

The purpose of the Oakland Police Commission is to oversee the Oakland Police Department to ensure its policies, practices, and customs conform to national standards of constitutional policing, and to oversee the Office of the Inspector General, led by the civilian Office of Inspector General for the Department, as well as the Community Police Review Agency (CPRA), led by the Executive Director of the Agency, which investigates police misconduct and recommends discipline.

The Community Police Review Agency (CPRA) is a civilian-run, community-centered police oversight agency that independently investigates allegations of Oakland Police Department (OPD) misconduct. The CPRA's mission is to achieve fairness, impartiality, and timeliness in its investigations, to drive equitable disciplinary outcomes reflective of community expectations, and to transparently share its impact on public safety with the people of Oakland.

Learn more about who we are and what we do [here](#).

SERVICE IMPACTS & EQUITY CONSIDERATIONS

Reductions

1. Deletes 1.0 FTE vacant Administrative Analyst II. Position created for FY23-25 Biennial and never filled. There is no direct service impact.
 - Equity Consideration: Deleting the Administrative Analyst II position weakens OPC's ability to perform critical fiscal operations, including budgeting, grant reporting, financial oversight, and fund management. This reduction limits transparency, financial accountability, and the equitable allocation of resources for police oversight.
2. Reduces O&M by \$368,000 by both increasing basic operating funding and decreasing contracts for legal fees to \$125,000.

- **Equity Consideration:** While OPC has taken proactive steps to align with city budget reduction mandates, these measures introduce operational and equity-related challenges that could hinder its ability to provide independent and effective police oversight. The constraints disproportionately affect marginalized communities by reducing legal resources, limiting engagement opportunities, and decreasing operational responsiveness. Additional funding considerations must be explored to ensure that critical oversight functions are not compromised, particularly for historically underserved populations that rely on the commission's work.

FY 2025-27 PROPOSED POLICY BUDGET

SERVICES

Below is a comprehensive list of the services and activities provided by City departments to internal and external customers, which describes the City's operations throughout the Oakland community, including collaborative efforts with other governments and community partners. Internal customers include other City departments and elected officials, while external customers are comprised of residents, businesses, visitors, and similar persons.

Investigation of Community Complaints of Police Misconduct

Receiving and investigating community complaints of misconduct by sworn members of the Oakland Police Department (~500 complaints/year).

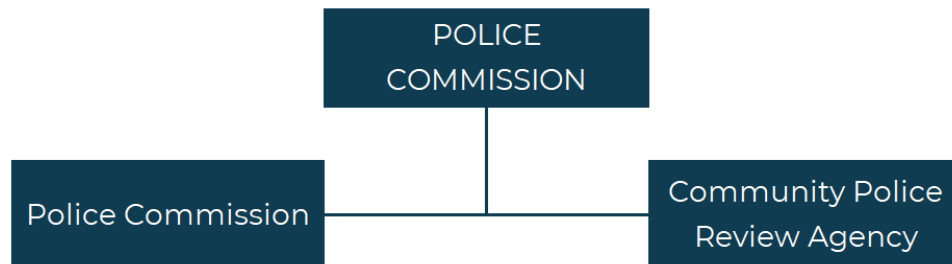

Public Engagement Regarding Police Oversight and Reform

Community outreach and public engagement regarding CPRA oversight and investigative work.

Data and Policy Analysis

Collect data and identify policy gaps relating to investigations into allegations of misconduct by sworn members of the Oakland Police Department.

ORGANIZATIONAL CHART

BUREAUS/DIVISIONS

Police Commission

The Police Commission is an independent seven-member board of Oakland residents, three appointed by the Mayor and four by an independent citizen selection panel. The Police Commission holds regular public sessions and reviews allegations of misconduct committed by sworn members of OPD. It also reviews OPD policies, procedures, customs, and General Orders, especially those governing the use of force, profiling based on any of the protected characteristics identified by federal, state, or local law, or First Amendment assemblies, or which contain elements expressly listed in federal court orders or federal court settlements. The Police Commission also oversees the CPRA and OIG. Finally, the Commission is the final voice in setting discipline in police officer misconduct cases for the City of Oakland; officers have a right of appeal from those decisions, as do all public employees.

Community Police Review Agency

The Community Police Review Agency's (CPRA) primary responsibilities are to receive and review all public complaints concerning the alleged misconduct or failure to act of all OPD sworn employees, including complaints from OPD's non-sworn employees. The CPRA's duties include investigating public complaints involving uses of force, in-custody deaths, profiling based on any of the protected characteristics identified by federal, state, or local law, and First Amendment assemblies, and any other possible misconduct or failure to act of an OPD sworn employee, as directed by the Police Commission or as staffing levels permit. The CPRA recommends discipline in sustained cases.

POLICE COMMISSION FACTS

On November 8, 2016, Oakland voters approved Measure LL with 83.19% (137,032 votes) in favor of the measure. Measure LL established: (1) A Police Commission to oversee OPD policies and procedures, and (2) The CPRA to investigate police misconduct and recommend discipline. On June 22, 2018, the Oakland City Council approved an ordinance to support and implement Measure LL. The first slate of Commissioners were seated in December 2017. The Police Commission is in its fourth year of oversight.

On November 3, 2020, Oakland voters approved Measure S1 with 81.27% in favor. Measure S1 expanded the independence, authority, and staffing of the Police Commission and CPRA, and provided that the OIG reports to the Police Commission.

Since its inception, the CPRA has received approximately 500 public complaints annually regarding alleged police misconduct.

Inspector General

Mission Statement

The Office of the Inspector General (OIG) is an independent civilian oversight agency that monitors and audits the Oakland Police Department's (OPD's) policies, practices and procedures. The mission of the OIG is to ensure accountability, enhance community trust, and increase transparency via fair and thorough assessments of OPD's compliance with the law and departmental policies.

Learn more about who we are and what we do [here](#).

SERVICE IMPACTS & EQUITY CONSIDERATIONS

Enhancements

1. Adds contract amount of \$122,500 for a qualified firm to conduct essential audits, evaluations and reviews of OPD and CPRA.
 - Equity Consideration: Additional funding considerations must be explored to ensure that critical oversight functions are not compromised, particularly for historically underserved populations and marginalized communities that rely on the OIG's work.

Reductions

1. Deletes 4.0 FTE vacant positions: 1.0 FTE Inspector General Policy Analyst; 1.0 FTE Inspector General Prog & Perf Audit Mgr; and 2.0 FTE Inspector General Program & Perf Auditor. There is no direct service impact
 - Equity Consideration: There is no discernible equity impact from this action.

FY 2025-27 PROPOSED POLICY BUDGET

SERVICES

Below is a comprehensive list of the services and activities provided by City departments to internal and external customers, which describes the City's operations throughout the Oakland community, including collaborative efforts with other governments and community partners. Internal customers include other City departments and elected officials, while external customers are comprised of residents, businesses, visitors, and similar persons.

Auditing Services for NSA

Per Oakland City Charter Section 604(f)5, the OIG shall audit OPD's compliance with the 52 tasked described in the Negotiated Settlement Agreement (NSA), and make recommendations to OPD, City Council and the Police Commission.

Staffing Study for OPD

Conduct a baseline study OPD staffing resources. Additionally, perform workload-based staffing study for primary divisions of department. Conduct a Calls of Service analysis to determine alternative call responses and the prioritization and categorization of Calls for Service. Directed by City Council to ensure they are informed as well as the administration and members of the public of what resources are allocated and needed for an appropriate public safety response, as well as recommend possible staffing and resource alternatives.

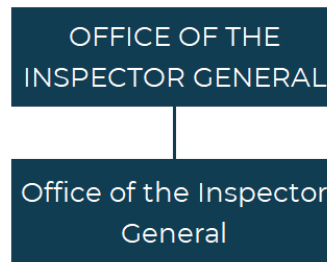

OPD Policy Analysis

Police Accountability is rooted in policy reform and a tool in cultural change as required by the NSA. Police Policies must be clear and direct. Conduct detailed policy analyses and reviews of existing OPD policies and make recommendations to modify and update policies to ensure alignment with national best practices or recommend the creation of policies that would align with constitutional policing.

Analysis of City Police Misconduct Payout

Per Oakland City Charter Section 604(f)5, the OIG may review legal claims, lawsuits, settlements, complaints, and investigations, by, against, or involving OPD and CPRA, to ensure all allegations of police officer misconduct and thoroughly investigated and to identify systemic issues regarding OPD an CPRA Policies.

ORGANIZATIONAL CHART

BUREAUS/DIVISIONS

Office of the Inspector General

The civilian Office of the Inspector General (OIG) is designed to monitor and audit the activities of OPD, including conducting any audit or review of OPD necessary to assess OPD's policies, procedures, and performance for adherence to constitutional policing practices, including any pattern of noncompliance; to monitor OPD's compliance with the fifty-two (52) tasks described in the long-standing Negotiated Settlement Agreement, even after the Agreement expires; and to periodically audit the CPRA's performance.

PUBLIC ETHICS COMMISSION

Mission Statement

The Public Ethics Commission (PEC or Commission) is a Charter-established independent agency whose mission is to “promote fairness, openness, honesty, and integrity in City government” and to “promote more inclusive, representative, and accountable democracy in Oakland.” (City Charter Section 603.)

The Commission’s primary responsibilities include enforcing the City’s government ethics, campaign finance, lobbying, and transparency laws; providing education and advice to encourage compliance with these laws; and administering the City’s campaign public financing programs.

The Commission is governed by a seven-member board of citizen volunteers who oversee PEC policies and priorities and a nine-member staff, led by the Commission’s Executive Director, to conduct day-to-day operations.

Learn more about who we are and what we do [here](#).

SERVICE IMPACTS & EQUITY CONSIDERATIONS

Enhancements

1. Adds 1.0 FTE Ethics Analyst I
 - Equity Consideration: Replacing an Administrative Assistant with an Ethics Analyst I, the PEC will gain additional capacity to support its core services. Currently, the Administrative Assistant assists with Enforcement complaint intake and other administrative tasks. Upgrading the position to Ethics Analyst will enable this position to provide greater support for the Commission's compliance activities, freeing up additional staff capacity in the enforcement and regulatory programs to conduct investigations or provide greater client support. The proposed enhancement in enforcement program resources will enable more timely resolution of matters before the Commission, impacting complainants, who are often at a power imbalance with the respondent, and the PEC is a way for them to ensure that government ethics laws are holding people in power accountable and ensuring access for those outside of government.
2. Adds 1.0 FTE Ethics Investigator
 - Equity Consideration: The proposed enhancement in enforcement program resources will enable more timely resolution of matters before the Commission, impacting complainants, who are often at a power imbalance with the respondent, and the PEC is a way for them to ensure that government ethics laws are holding people in power accountable and ensuring access for those outside of government. Adding a second Ethics Investigator will improve the Commission's capacity to investigate and resolve ethics complaints.
3. Adds 1.0 FTE part-time Law Clerk/Management Intern
 - Equity Consideration: The proposed enhancement in enforcement program resources will enable more timely resolution of matters before the Commission, impacting complainants, who are often at a power imbalance with the respondent, and the PEC is a way for them to ensure that government ethics laws are holding people in power accountable and ensuring access for those outside of government. Law clerks provide additional enforcement capacity by conducting, with supervision, basic investigation and legal research services.
4. Adds \$21,560 in O&M in FY25-26 and \$13,291 in O&M in FY26-27 to provide additional support to the PEC's enforcement program, including for subpoena services, administrative hearings, and investigatory contract services.
 - Equity Consideration: The hiring of an outside hearing officer, typically an Administrative Law Judge, helps to ensure fair treatment of all parties in the adjudication of especially complex complaints.

Reductions

1. Deletes 1.0 FTE Administrative Assistant II
 - Equity Consideration: Replacing an Administrative Assistant with an Ethics Analyst I, the PEC will gain additional capacity to support its core services. Currently, the Administrative Assistant assists with Enforcement complaint intake and other administrative tasks. Upgrading the position to Ethics Analyst will enable this position to provide greater support for the Commission's compliance activities, freeing up

additional staff capacity in the enforcement and regulatory programs to conduct investigations or provide greater client support.

2. Reduces approximately \$155,000 over both years for the City's Limited Public Financing Program.

- Equity Consideration: Age, race and income are strong predictors of political participation, including voting and donating to campaigns. Eliminating all public financing funding will have a greater impact on candidates who are not personally wealthy or connected to networks of wealth and are therefore more reliant on the City's public financing program to run a competitive campaign. Because Oakland's campaign donor base comes disproportionately from whiter and richer communities in Oakland, cutting this support may disproportionately impact candidates whose main support is from more diverse and lower-income communities.

Public Ethics Commission

FY 2025-27 PROPOSED POLICY BUDGET

SERVICES

Below is a comprehensive list of the services and activities provided by City departments to internal and external customers, which describes the City's operations throughout the Oakland community, including collaborative efforts with other governments and community partners. Internal customers include other City departments and elected officials, while external customers are comprised of residents, businesses, visitors, and similar persons.

Ethics Education, Advice and Outreach - Community

Ensure that Oakland candidates for office, lobbyists, City contractors, and community members understand and comply with City campaign finance, ethics, and transparency laws.

Data Disclosure and Compliance

Collect state-required filings of local campaign data, assist filers, ensure citizen access, and develop and manage disclosure systems.

Democracy Dollars Public Campaign Financing Program

Implement the City's newly designed Democracy Dollars public financing program that disperses \$100 in Democracy Dollar vouchers to eligible Oakland residents who can then assign the Dollars to their preferred candidate.

Investigations

Conduct investigations of incoming complaints and PEC-initiated allegations of violations of ethics, campaign finance, and transparency laws.

Enforcement

Administrative prosecution of ethics and campaign finance violations resulting in Commission penalties.

Mediation Program

Assist members of the public in accessing public records through mediation as required by the Oakland Sunshine Ordinance.

Legal, Policy, and Leadership

Assess and recommend changes in City policies, laws, systems, and technology to improve ethics compliance, equity in campaign engagement, and innovation.

Ethics Education, Advice and Outreach - City Employees

Ensure that Oakland public servants understand and comply with City campaign finance, ethics, and transparency laws.

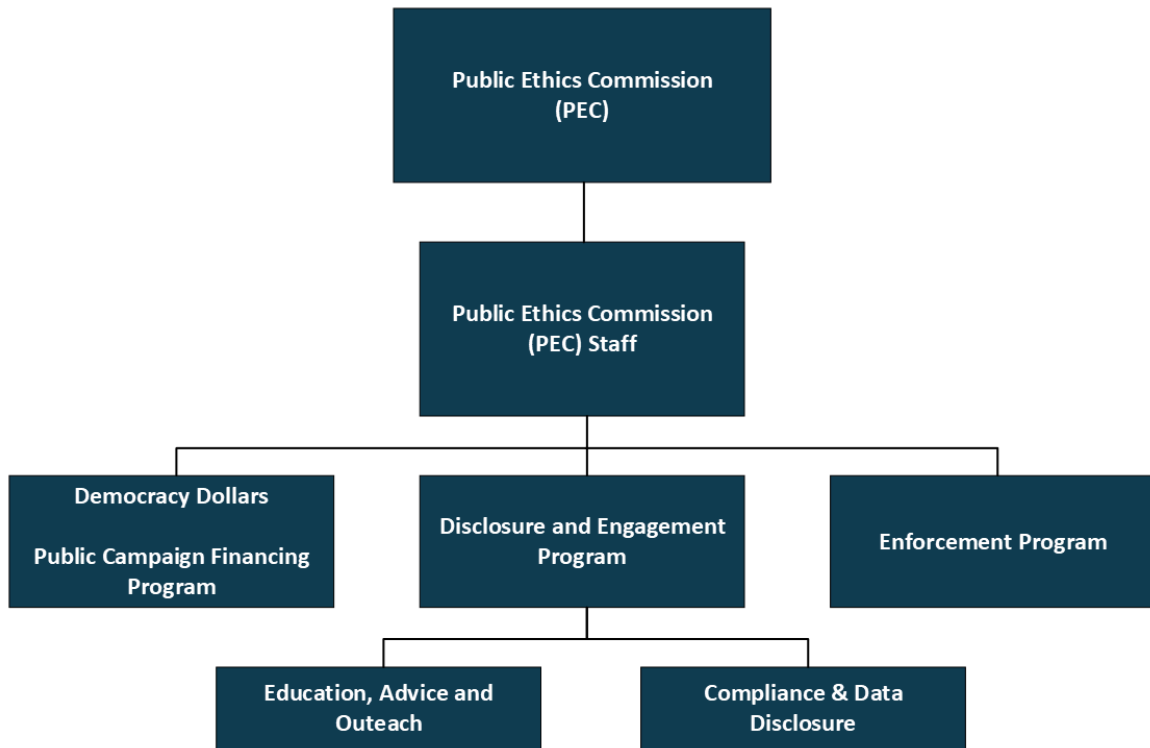

PERFORMANCE MEASURES

Performance Measures are metrics that collect information about operational activities, achievement of goals, community conditions, or other environmental factors to better understand present conditions and inform operational, managerial, policy, and community decisions. Performance Measures are composed of Service Output Measures, which describe a specific service measurement and the numerical value of that service on an annualized basis; and Equitable Service Delivery Success Standards, which describe the “gold standard” target service level for every customer/area of the City, including those who have been historically underserved, and is sometimes expressed as a percentage of the service delivery meeting a specific threshold. Service Levels are designated parameters of City operations, such as weekly facility hours, standard response times for emergency services, and standard response times for requests through OAK311.

Performance measures should identify, track, and improve access to City services for Oakland residents with a goal of continuous improvement in equitable outcomes over time through data collection and analysis. The annualized measurement provided against the Equitable Service Delivery Success Standard will be used to analyze and address areas needing improvement, including racial disparities, for equity purposes. The initial metrics chosen have a particular focus on assuring equitable service delivery to Oakland’s Black, Indigenous, and People of Color (BIPOC) residents, and selected for their potential to advance systemic change and close racial disparities in policy outcomes.

Administration will provide updated performance measures in the FY25-27 Adopted book.

ORGANIZATIONAL CHART

BUREAUS/DIVISIONS

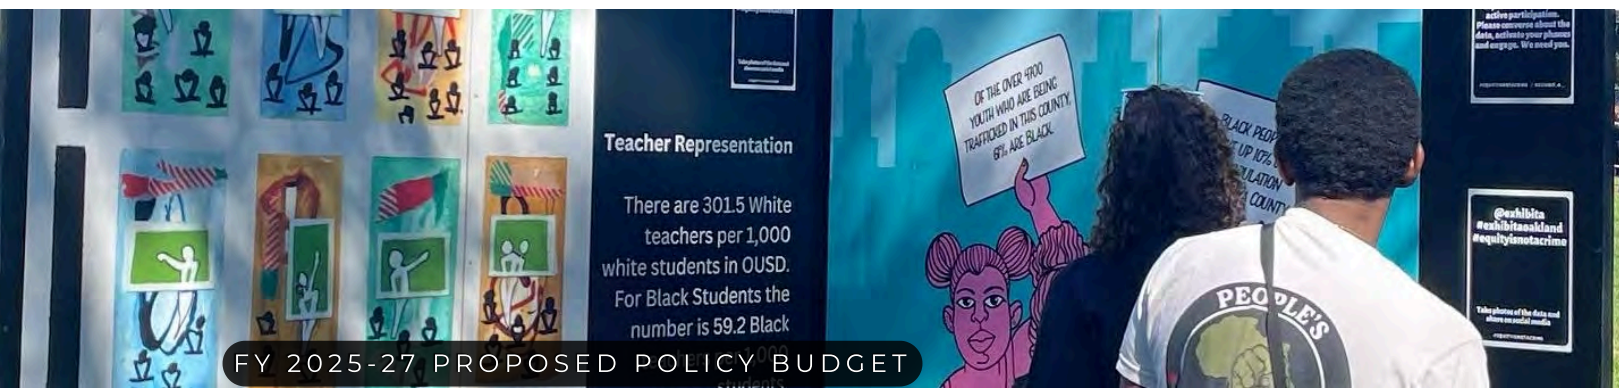

CITIZEN BOARD WITH INDEPENDENT LEGAL AUTHORITY

The Public Ethics Commission is a seven-member board of Oakland residents who provide policy direction to Commission staff and serve as a quasi-judicial board that evaluates allegations of legal violations. The Commission was created by City Charter in 1996 (Section 202) and amended in November 2014 to strengthen the Commission's independence and staffing (Section 603). In November 2022, Oakland voters approved ballot Measure W, establishing a completely re-designed public campaign financing program including Charter amendments adding Commission staff to administer the program.

The PEC oversees compliance with the following laws and policies:

- Oakland Government Ethics Act

- Oakland Campaign Reform Act
- Oakland Fair Elections Act
- Sunshine Ordinance
- Lobbyist Registration Act
- Oakland's False Endorsement in Campaign Literature Act

RACE & EQUITY

Mission Statement

The Department of Race & Equity (DRE) works with the City Administrator and City Departments in the application of equity and social justice foundational practices about City actions. To endeavor to integrate fairness and justice into the City's strategic, operational and business plans; management and reporting systems for accountability & performance; and budgets to eliminate racial disparities and create opportunities for all people and communities.

Per the City Council action to amend Chapter 2. 29. of The Oakland Municipal Code Entitled, "City Agencies, Departments And Offices", to create a Department Of Race and Equity that would report directly to the City Administrator; *"The Department of Race and Equity the City of Oakland will intentionally integrate, on a citywide basis the principle of "fair and just" in all the City does to achieve equitable opportunities for all people and communities."*

Priorities: Accomplishment of the broad and comprehensive mission of the Department relies on a theory of change that includes the following priorities:

- Increase awareness of racial inequity, it's root causes and how it is perpetuated by institutions and systems.
- Mobilize advocates to organize support for furthering a shared vision of racial equity through institutional leadership, department equity teams and staff engagement in change efforts.
- Develop targeted strategic approaches and tools for analysis, and resources for advancing racial equity goals, including specific racial equity outcomes.
- Train staff to apply data driven pro-equity tools to change structures, policies, practices and procedures to further institutional transformation.
- Establish baseline disparity data, targets/benchmarks and processes to track and report outcomes.
- Collaborate with City leadership, the community and other institutions/partners to identify and address cumulative impacts of institutional and structural racism impacting Black, Indigenous, People of Color (BIPOC)

in Oakland.

Learn more about who we are and what we do [here](#).

SERVICE IMPACTS & EQUITY CONSIDERATIONS

Reductions

- 1. Deletes 1.0 FTE vacant Executive Assistant to the Director. This will cause slower administrative coordination in all activities, reduction of technical support and on-call response capacity to accommodate adding administrative tasks to workplan for Director and Program Analysts.
 - Equity Consideration: DRE activities impact the whole City and equity work in all departments. As this change will cut into the time for work with department staff and leadership, as well as potentially impacting support for large ongoing projects and emerging concerns. Ultimately this reduction of technical activity will slow the City’s equity progress, result in missed opportunities and ultimately less equity improvement in serving communities most impacted by racial disparities

FY 2025-27 PROPOSED POLICY BUDGET

SERVICES

Below is a comprehensive list of the services and activities provided by City departments to internal and external customers, which describes the City's operations throughout the Oakland community, including collaborative efforts with other governments and community partners. Internal customers include other City departments and elected officials, while external customers are comprised of residents, businesses, visitors, and similar persons.

Oakland Equity Indicator Report

Maintain the Oakland Equity Indicator Report, a baseline quantitative framework that can be used by City staff and community members alike to better understand the impacts of race, measure inequities, and track changes in the disparities for different groups over time.

Departmental Support

Support the development of Equity Teams, staff core equity competencies, and implementing strategic processes and analysis to embed equity practices in departmental activities.

Race & Equity Program Design and Implementation

Develop Race and Equity Administrative Instructions (AI) and support the implementation of programs consistent with the mission and theory of change to advance equity in all that the City does.

Cultivate advocates and their capacity to focus on equity, build infrastructure and political will to support the change

City-wide capacity building through multi-level training opportunities to prepare staff and leadership with structured approach to advancing equity, offer short lunch programs, customized sessions and work groups to support synergy, collaboration and mobilize equity action.

Support Development of Workforce Equity Strategies

Stand up and maintain workforce equity dashboard, and participate in workforce equity strategy development.

Support Advancing Inclusive Outreach Efforts

Participate in Inclusive Outreach Workgroup, support implementation of related AI and provide technical assistance on related matters.

Technical Review of Department Work

Review department equity work, provide feedback and technical support.

Equity Representation in Regional Activities

Participate in regional equity processes as needed to advance equitable outcomes on behalf of the City.

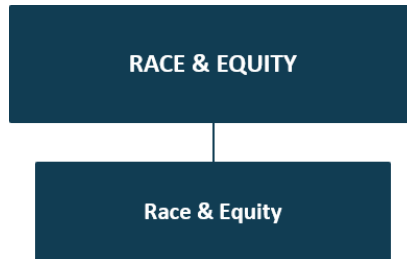

PERFORMANCE MEASURES

Performance Measures are metrics that collect information about operational activities, achievement of goals, community conditions, or other environmental factors to better understand present conditions and inform operational, managerial, policy, and community decisions. Performance Measures are composed of Service Output Measures, which describe a specific service measurement and the numerical value of that service on an annualized basis; and Equitable Service Delivery Success Standards, which describe the “gold standard” target service level for every customer/area of the City, including those who have been historically underserved, and is sometimes expressed as a percentage of the service delivery meeting a specific threshold. Service Levels are designated parameters of City operations, such as weekly facility hours, standard response times for emergency services, and standard response times for requests through OAK311.

Performance measures should identify, track, and improve access to City services for Oakland residents with a goal of continuous improvement in equitable outcomes over time through data collection and analysis. The annualized measurement provided against the Equitable Service Delivery Success Standard will be used to analyze and address areas needing improvement, including racial disparities, for equity purposes. The initial metrics chosen have a particular focus on assuring equitable service delivery to Oakland’s Black, Indigenous, and People of Color (BIPOC) residents, and selected for their potential to advance systemic change and close racial disparities in policy outcomes.

Administration will provide updated performance measures in the FY25-27 Adopted book.

ORGANIZATIONAL CHART

WORKPLACE & EMPLOYMENT STANDARDS

Mission Statement

The Department of Workplace and Employment Standards (DWES) strives to advance equity and the social and economic well-being of City of Oakland residents, workers, and businesses by: Enforcing the City's laws that protect low-wage workers from wage-theft and inhumane working conditions and maximizing the impact of the City's procurement dollars by enforcing the City's laws and policies that provide workers and small and local businesses with equitable access to quality jobs and City contracts.

Learn more about who we are and what we do [here](#).

SERVICE IMPACTS & EQUITY CONSIDERATIONS

Enhancements

1. Adds 1.0 FTE Data Analyst and 1.0 FTE Administrative Analyst II in Administration and Restores 1.0 FTE Administrative Services Manager I. These new competencies and capacities will enable DWES to assess whether programs and services are meeting the spirit and letter of the laws and policies that created them and inform strategies with quantitative and qualitative data.
 - Equity Consideration: This proposal serves the City's Equity in Service Delivery goal and the Efficiency and Effectiveness goals by add capacity to reporting for public accountability and improving communications so that our constituents and colleagues feel heard and understood when they interact with DWES. These proposals will improve accountability towards equity goals by staffing the performance management unit with a Data Analyst whose work will carry out the new mandates for reporting on the Construction Workforce and the Local/Small Local Business Program. The Administrative Services Manager I will coordinate contract closeouts and collection of fees. Both positions will guide staff in using technology and performance measures to improve their work.
2. Adds 3.0 FTE Labor Complaint Investigators in Workplace Standards in FY 2026-27. Creating a Labor Complaint Investigator series fits the work of investigating, building legal cases, and knowledge of labor and employment laws. The current Contract Compliance series is a mismatch for the work and subject.

- Equity Consideration: Revising the service model to focus on investigating and building cases ready for legal enforcement would benefit the diverse population of low income, vulnerable workers that disproportionately subjected to wage theft, paid sick leave, and workplace safety violations.
3. Adds 1.0 FTE Contract Compliance Supervisor. Adding a supervisory position with selective certification would help distinguish the position from more generalist positions in the series and also parallel the staffing structure on the Business Inclusion team.
 - Equity Consideration: The equity consideration for this item has not yet been analyzed.
 4. Unfreezes 1.0 FTE Management Assistant. The Management Assistant fulfills a critical coordination and quality assurance role to prevent re-work that slows down the contracting process across all City departments. With this proposal, DWES will have a total of two positions and can develop specializations to understand the business needs specific to the services that the City purchases. This will further enhance the City's capacity to understand availability of firm and improve local business and local employment participation. Management Assistants will allow DWES to implement Service Level Agreements for all compliance-related activities ensuring DWES no longer acts as a bottleneck during the lifecycle of contracts.
 - Equity Consideration: Improvements in the efficiency in administering the contracting process would help ensure vendors are being paid promptly and not spending excessive amounts of their staff time in back-and-forth communications with city staff. Small businesses are less able to absorb these unnecessary costs of doing business.
 5. Restores \$200,000 in FY2025-26 and \$210,000 in FY2026-27 for the Fair Labor Oakland (FLO) grant to provide the community with workers' rights outreach and education.
 - Equity Consideration: Restoring the grant to Fair Labor Oakland (FLO) would enable Centro Legal and several community partners to resume outreach and education services about worker rights that were suspended in early 2025 due to the mid-year budget-balancing actions. The grantee and its community partners have the credibility and trust of the diverse communities of Oakland needed to work effectively with workers and residents. These are services that the DWES Contract Compliance Officers and City staff are unable to provide with same level depth and breadth that community-based organizations provide. These are services provided to vulnerable occupations including:
 - Day Laborers (55% of individuals in outreach events)
 - Restaurant and food services (17% of individuals in outreach events)
 - Individuals with Extremely Low Incomes (77% of legal consultations are individuals below 30% Area Median Income).
 6. Reallocates \$362,054 in Operations and Maintenance across the Department for Office Space re-design for in-person servicing, Outreach, Software service, and Staff training. At the time, the department's office space does not have sufficient meeting spaces for confidential meetings for internal personnel matters, intakes of worker complaints, or technical assistance to businesses or residents.
 - Equity Consideration: Creating in-person space will provide more equitable services to those with difficulty accessing online services.

Reductions

1. Deletes 1.0 FTE Administrative Analyst I. There is no direct impact as the incumbent will flex to the Administrative Analyst II position.
 - Equity Consideration: There is no discernible equity impact from this action.
2. Deletes 2.0 FTE Senior Contract Compliance Officers in FY 2026-27. There is no direct impact as the incumbents are intended to move to the new Labor Complaint Investigator positions when they are created.
 - Equity Consideration: There is no discernible equity impact from this action.

3. Deletes 1.0 FTE Senior Contract Compliance Officer. There is no direct impact as the incumbent will be underfilling the New Contract Compliance Supervisor position.
- Equity Consideration: There is no discernible equity impact from this action.

FY 2025-27 PROPOSED POLICY BUDGET

SERVICES

Below is a comprehensive list of the services and activities provided by City departments to internal and external customers, which describes the City's operations throughout the Oakland community, including collaborative efforts with other governments and community partners. Internal customers include other City departments and elected officials, while external customers are comprised of residents, businesses, visitors, and similar persons.

Business Outreach and Education

Engage in outreach and education efforts to increase awareness of contracting opportunities available on City-funded/assisted projects, particularly for local and small local businesses, and business responsibilities as city contractors for business inclusion and labor standards.

Business Inclusion and Equity in Contracting

Assist local and small local businesses to become city contractors. Certify vendors for Equal Benefits Ordinance compliance and designations as Local and Small Local Business Enterprises.

City Contractor Enforcement Programs

Oversee and facilitate departments complying with City, regional, state, and federal labor standards and business inclusion laws. City's policies, ordinances, and regulations on city contractor standards include Equal Benefits Ordinance, L/SLBE Program, Prevailing Wage, Living Wage, Local Employment, and Apprenticeships.

Outreach and Education about worker rights in citywide labor laws and business responsibilities

Engage in outreach and education efforts to increase awareness of worker rights and employment opportunities available on City-funded projects.

Citywide Labor Laws Investigation and Enforcement

Investigate complaints and enforce city laws on Minimum Wage and Hotel Worker Minimum Wage and Worker Protection laws.

PERFORMANCE MEASURES

Performance Measures are metrics that collect information about operational activities, achievement of goals, community conditions, or other environmental factors to better understand present conditions and inform operational, managerial, policy, and community decisions. Performance Measures are composed of Service Output Measures, which describe a specific service measurement and the numerical value of that service on an annualized basis; and Equitable Service Delivery Success Standards, which describe the “gold standard” target service level for every customer/area of the City, including those who have been historically underserved, and is sometimes expressed as a percentage of the service delivery meeting a specific threshold. Service Levels are designated parameters of City operations, such as weekly facility hours, standard response times for emergency services, and standard response times for requests through OAK311.

Performance measures should identify, track, and improve access to City services for Oakland residents with a goal of continuous improvement in equitable outcomes over time through data collection and analysis. The annualized measurement provided against the Equitable Service Delivery Success Standard will be used to analyze and address areas needing improvement, including racial disparities, for equity purposes. The initial metrics chosen have a particular focus on assuring equitable service delivery to Oakland’s Black, Indigenous, and People of Color (BIPOC) residents, and selected for their potential to advance systemic change and close racial disparities in policy outcomes.

Administration will provide updated performance measures in the FY25-27 Adopted book.

ORGANIZATIONAL CHART

BUREAUS/DIVISIONS

Administration

The Administration Division provides leadership, oversight, and administrative support to the two program divisions in the Workplace & Employment Standards Department.

Citywide Labor Standards

The Citywide Labor Standards Division advances the wellbeing of the City of Oakland's workers through initiatives that maximize participation in quality jobs, the enforcement of labor laws, and proactive public education. The Labor Standards Division is comprised of two units:

1. Minimum Wage

The Citywide Minimum Wage Unit enforces the City's Minimum Wage Ordinance, Worker Retention at Large-Scale Hospitality Business Ordinance, the Emergency Paid Sick Leave Ordinance, and the Workers Right to Recall Ordinance.

2. Hotel Minimum Wage and Working Conditions

The Citywide Minimum Wage Unit enforces the City's Minimum Wage Ordinance, Worker Retention at Large-Scale Hospitality Business Ordinance, the Emergency Paid Sick Leave Ordinance, and the Workers Right to Recall Ordinance.

City Contracting Equity

The City Contracting Equity Division advances fair and equitable access to the employment and contracting opportunities available on City-funded projects through initiatives that maximize worker and small business participation, and the enforcement of local, state, and federal laws requiring the participation of local residents and local businesses, including small and very small local businesses, women-owned, and minority-owned businesses. The City Contracting Equity Division has three units:

1. City Contractor Labor Standards Unit

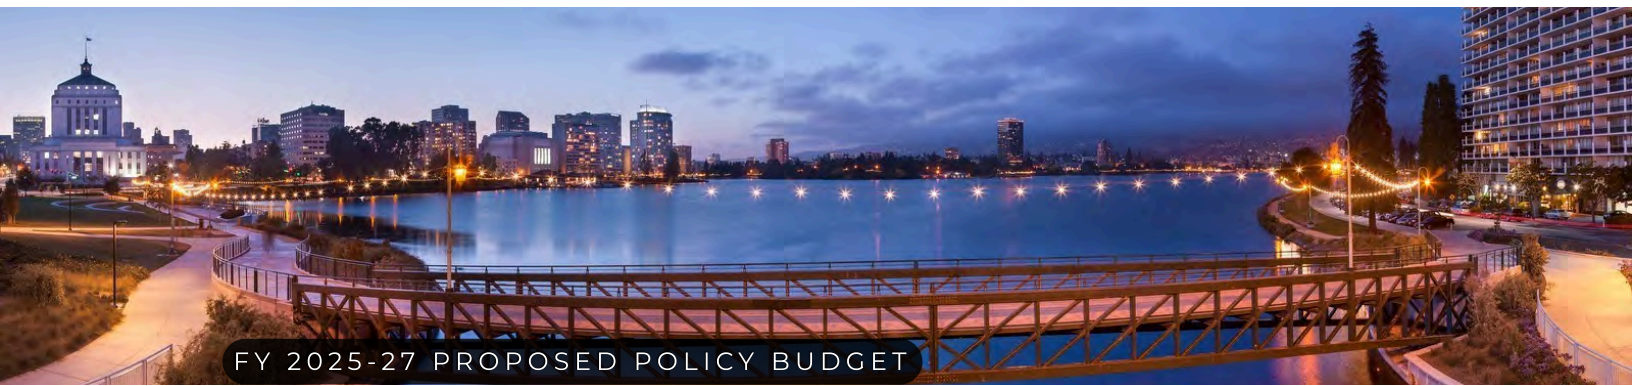

The City Contractor Labor Standards Unit in the City Contracting Division enforces the Local Employment Program, the 15% Apprenticeship Program, the Living Wage Ordinance, the Prevailing Wage Resolution, and the Equal Benefits Ordinance.

2. Business Inclusion Contract Compliance Unit

The Business Inclusion Contract Compliance Unit in the City Contracting Equity Division enforces the City's Local and Small Local Business Enterprise (L/SLBE) Program and the Disadvantaged Business Enterprise (DBE) Program for federally funded transportation related projects.

3. *Business Certification and Engagement Unit*

The Business Certification and Engagement Unit in the City Contracting Equity Division engages in outreach and small business capacity building activities, including certifying businesses as local, small local, very small local, nonprofit local, non-profit small local, nonprofit very small local, Small Business Administration local business, and local business-locally produced goods enterprises.

FY 2025-27 PROPOSED POLICY BUDGET

FINANCE

Mission Statement

The Finance Department proudly serves as the fiscal steward of the City of Oakland and is committed to ethical, efficient, and responsible financial decision-making and use of the City's assets and resources. The Finance Department strives to foster a culture of integrity, accountability, teamwork, and respect while providing quality governmental financial customer service.

Learn more about who we are and what we do [here](#).

SERVICE IMPACTS & EQUITY CONSIDERATIONS

Enhancements

1. Adds 1.0 FTE Finance Manager position in Finance Administration. Recognizing the continued need for dedicated financial oversight and operational continuity, adding this direct leadership role will ensure that critical financial functions, departmental coordination, and oversight remain strong and efficient.
 - Equity Consideration: This change ensures that financial leadership remains strong to better support all City departments that provide services directly to underserved residents.
2. Adds 1.0 FTE Office Assistant I, 1.0 FTE Business Analyst II, 1.0 FTE Benefits Representative and eliminates 1.0 FTE Senior Human Resource Systems Analyst in Payroll to ensure a more structured, efficient, and cost-effective payroll operation without disrupting essential payroll and retirement functions. The Business Analyst II will assist with the CalPERS conversion; the Benefits Representative will support retiree payroll and payments. Also adds \$50,000 one-time funding for space planning for the payroll centralization process.
 - Equity Consideration: This function is in an internal service division. No public impact is expected.
3. Downgrade 1.0 FTE Tax Auditor II position to Tax Auditor I and add 2.0 FTE Tax Auditor I for enhanced in Revenue Audit collection.
 - Equity Consideration: Enhanced revenue to the City increases funds available to provide services to Oakland residents.

4. Adds \$150,000 for Contract & Procurement software to make the contracting & procurement processes more streamlined and efficient, improve tracking of contract funding, and provide better informational reports regarding the City's contracting & procurement activities.
 - Equity Consideration: The City's strategic plan priority #1 identifies simplifying procurement & contracting processes as one of the top 4 streamlining priorities. Procurement of this software will allow contracts staff to better support all City departments with more efficient contracting & procurement processes to eliminate administrative constraints and provide services directly to underserved residents.

Reductions

1. Replaces 1.0 FTE Senior Buyer with 1.0 FTE Buyer in the Purchasing Division of the Procurement, Contracts & Purchasing Bureau. The Purchasing Supervisor will absorb any duties above the Buyer classification.
 - Equity Consideration: The position change should have minimal effect on City vendors and department staff.
2. Eliminate 1.0 FTE Assistant Revenue & Tax Administrator and 1.0 FTE Business Analyst II in Revenue Administration. A flatter management structure allows for more direct supervision relying upon the expertise of the Revenue Operations Supervisors in each division who have significant tenure and unit specific knowledge. This will potentially require redistribution of duties and initially impact staff capacity.
 - Equity Consideration: The removal of a supervision layer may result in longer wait times for customer service responses to business tax inquiries, payment modification, or exception request. The effect would be for all customers with escalated issues but may have the largest effect on those who are low income who have a harder time covering expenses while their exemption requests are processed or if they receive penalties due to response delays.
3. Eliminate 1.0 FTE Administrative Assistant II in the Treasury Bureau. The workload will have to be effectively redistributed to mitigate the impact.
 - Equity Consideration: This position is in an internal service division. No public impact is expected.
4. Reduces Finance O&M budget by \$2 million over two years across various accounts, bureaus and funds.
 - Equity Consideration: The equity consideration for this item has not yet been analyzed.

Other Impacts & Changes

1. Freezes 3.0 FTE positions: Senior Budget & Management Analyst and (2) Accounting Technicians. There is no service impact as the positions were vacant.
 - Equity Consideration: There is no discernible equity impact from this action.

FY 2025-27 PROPOSED POLICY BUDGET

SERVICES

Below is a comprehensive list of the services and activities provided by City departments to internal and external customers, which describes the City's operations throughout the Oakland community, including collaborative efforts with other governments and community partners. Internal customers include other City departments and elected officials, while external customers are comprised of residents, businesses, visitors, and similar persons.

Citywide Payroll Operations

The Payroll team manages and administers the processing and distributing the bi-weekly and supplemental citywide payroll and monthly retiree payroll to all city staff. The Payroll team ensures the pre-payroll, actual payroll, and post-payroll functions are executed in a timely, efficient manner. Payroll processes include 1) the review, audit, and entry of all citywide employee records and adjustments such as address, marital, or name changes, Changes, Name ChangesW-4 updates, banking information updates, voluntary and involuntary deductions, merit increases and cost of living adjustments, leave benefit accruals, pay adjustments, retro payments, and sick/vacation/management sell back payment processing. Oversees time and attendance management, and provides employment verification for employee financial purposes. Supports and implements fiscal year-end fiscal personnel benefits. Coordinates and supports Human Resources with labor relation decisions.

Citywide Payroll Tax and Retirement Reporting

Manages the post-payroll processes such as voluntary deductions, garnishments, and the biweekly federal and state payroll tax reporting and payments, including unemployment and state disability insurance (SDI). Manages all CalPERS reporting, addresses CalPERS audit requests, inputs CalPERS service credits, oversees payroll audits, general ledger reconciliation, W-2 and 1099R production, and year-end reporting. Captures employee overpayments, settlements, complex wage reporting exceptions. Interfaces with CalPERS on pensionable wages and benefits. Manages payments for OPEB and pension liability.

Citywide Payroll Systems

Maintains the centralized Employee Profile, Oracle Time and Labor (OTL), and payroll system, implements system upgrades for compliance and efficiency, implements salary ordinance standards, develops ad-hoc reporting, troubleshoots and repairs system errors to support the timely processing of the biweekly payroll and monthly

retiree payroll. Supports and implements fiscal year end and year end processes in Oracle such as the budget interface, cost-of-living adjustments, and other negotiated benefits.

Financial Planning

Develops long-term financial plans, policies, and procedures to ensure the city's fiscal sustainability. Provides strategic oversight and fiscal stewardship, interfaces with Elected Officials, and other governmental entities, represents the City in financial matters, provides education on the City's financial position, and manages the financial affairs of ORSA.

Capital Projects and Infrastructure Bond Measure Management

Manages the overall infrastructure bond program including capital budget coordination, department and finance liaison, bond program and measure compliance. management, Serves as staff to the Affordable Housing and Infrastructure Bond Oversight Committee. Coordinates the compilation of all necessary policies, procedures, resolutions, or ordinances necessary from department staff to include for all bond issuances. Serves as finance liaison, project management and communications support to citywide capital improvement program design and approval into the City's biannual capital budget. Serves as bond expenditure project management and fiscal support to Departments of Transportation, Public Works, Information Technology, and Housing and Community Developments.

Fiscal Support

Provides fiscal support to 12 client departments that are too small for internal work group or need dedicated support for invoice processing and payments, time and attendance, onboarding new employees. Serves as fiscal support for Non-Departmental transactions that support citywide activities.

Risk Management

Assesses and manages financial risks faced by the City. Procures insurance coverage to protect against liabilities.

Budget Development & Analysis

Develops, implements, and Monitors the City's budget and ensures that the expenditures are utilized with the City Council's intention. Serves as the budget analyst for all city departments processing operational duties such as reviewing and approving personnel requisitions and budget change requests. Reviews and approves agenda reports and legislation to ensure accuracy in fiscal impact. Provides financial analysis, personnel costing, and other budgetary analysis for city departments on various policy matters and operational issues.

Budget Management & Public Policy

Advises the Administration on policy and budget issues that impact the residents of Oakland including operational impact of City Council priorities and directives. Reviews and approves agenda reports and legislation to ensure accuracy in fiscal impact and alignment with the adopted budget policy.

Accounts Payable

Processes, accounts for, and maintains records of all non-payroll payments for City departments, departments, ensuring that vendors are paid timely. Processes employee reimbursements for travel, professional development, and tuition reimbursement. Manages the sales tax reporting to the State Board of Equalization and annual IRS 1099 reporting of City payments.

Financial Reporting

Prepares and distributes financial reports. Completes the Annual Comprehensive Financial Report, Single Audit, and other mandated audits and reviews. Reconciles P-Card transactions and reporting. Conducts financial analysis to support decision-making by city leadership.

Fixed Assets/Systems

Manages and tracks all of the City's assets in a central database. Monitors and supports Oracle system, manages patch testing, system enhancements, runs regular system processes, provides ad hoc custom BI reports, provides access to system modules, and trains on Oracle modules.

General Ledger/Accounts Receivable

Provides accounting and fiscal monitoring for all City departments, thereby allowing them to perform timely grant draw downs, and securing new grants. Coordinates year-end audit activities. Provides centralized billing and accounts receivable support to City departments.

Grant Management & Accounting

Seeks out and applies for grants to fund specific city projects or programs. Ensures compliance with grant requirements and reports on the use of grant funds.

Mailroom

Operates the City's central shipping and receiving functions for all City departments, which is over 800,000 pieces of incoming mail and 400,000 pieces of outgoing mail annually.

Purchasing/Contracts Procurement

Manages and oversees the procure-2-pay workflow, including the collaborating with Citywide departments to develop solicitations of materials, equipment, goods & commodities, and professional services essential to providing governmental services for the citizens of Oakland. Prepares specifications and requests for formal bids and request for proposals in collaboration with City departments.

Purchasing/Contracts

Manage the requisition, purchase order creation and release within Oracle. Manage iSupplier system to setup and service suppliers, RFX publishing, and provide customer experience for Citywide stakeholders - internal & external. Manage the administration of the City's P-Card Program, such as the initiation, activation, disablement, and limit changes. Procures goods citywide, also manages purchasing workflow (Requisition, PO, Encumbrances, PO releases, Contract approval in Oracle), iSupplier, new vendor setup, RFP publishing, Bid Tabulations, Customer Service.

Contracts

Supports, oversees, and processes all citywide professional services agreements and cooperative agreements for compliance and execution.

Business Tax

Collects, records and reports on City revenues; enforces and monitors the provisions of the City's ordinances; Complies with the State of California reporting requirements pertaining to the following taxes & Fees: Business Tax, Utility Users' Tax, Real Estate Transfer, Parking Tax Transient, Occupancy Tax, Rental Adjustment Program (RAP), Excess Liter Fee (ELF), and Business Improvement District (BID).

Collections

Facilitates the collection of receivables, obligations, and debts owed to the city through courts, and other legal processes.

Mandatory Garbage Program/Customer Service

Manages and enforces the City's Mandatory Garbage Program. Seeks collections of delinquent garbage accounts invoices and by issuing's Notifications of Property Assessment (lien). on behalf of the City's Mandatory Garbage program. Manages the release of all property liens on citywide owed debts. Provides customer service in person, by phone, chat for residents, business, stakeholders on financial inquiries/concerns.

Citywide Liens

Receives and processes Demand Request Forms for the removal of property tax liens issued by the City for delinquent garbage/refuse, business tax, real estate transfer tax, sidewalk, sewer lateral, and/or vegetation management (rubbish or fire inspections) fees. Manages the release of all property liens except Planning & Building liens on citywide owed debts.

Revenue Management/Systems/Exemptions

Collects and processes revenues on county tax roll to including property tax and local measures. Coordinates and facilitates the annual Master Fee Schedule of service changes. Manages billing for fire and invoicing for select city services, provides exemptions and refunds for local measure exemptions. Manages the HDL revenue collection system and customer interface with the City website. Updates all tax forms, letters, applications, and calculations annually.

Special Assessment Refund and Exemption (SPARE)

Manages the special assessment exemption and refund program for local measure exemptions. Compiles and submits reports to the Assessment Engineer for inclusion on the county tax roll.

Fire Department Billing

Performs billing operations for Oakland Fire Department inspections and false alarm calls. Creates and sends notices, provides customer service, deposits payments.

Tax Audit/Compliance

Audits and reviews charter city tax revenue sources including Business Tax, Transient Occupancy Tax, Parking Tax, Utility Consumption Tax, Real Property Transfer Tax, Vacant Property Tax, Cannabis, and Sales Tax. Manages the Tax Board of Review, recommends liens, special assessments for Business Tax, Vacant Property Tax, Real Property Transfer Tax. Sends Notices of Determination to establish the debts to the City, provides customer service to bring businesses into compliance.

Cash & Operations

Manages cash collections, including armored car services, petty cash management for the City, Oakland Redevelopment Successor Agency (ORSA) and Port of Oakland. Manages the Point of Sale (POS) system, and merchant card services citywide, Provides including cash management training for POS and citywide cashiering.

Cash & Banking Operations

Manages banking relationship, all bank accounts, check fraud detection and prevention, check clearance, wires, ACH credits/debits, fund transfers, and direct deposits for the City and the Port of Oakland. Manages the banking systems interfaces, regular operation, and system updates with Oracle, Accela, POS, HDL, etc

Debt Issuance & Management Ad Valorem Tax Rate

Manages and sets recommendation for ad valorem tax rate based on required debt obligations.

Debt Service Issuance & Management

Oversees and ensures compliance with bond covenants on bond expenditures, interfaces with Trustee bank to revise the cash reimbursements for bond expenditures, calculates arbitrage rebate, and provides conducts the annual bond disclosure training.

Debt Issuance & Management

Debt management including Manages the issuance of new debt portfolio obligations of the City of Oakland, Oakland Redevelopment Successor Agency (ORSA), and Alameda County Coliseum Authority. Maintains and restructures debt. Issues and restructures City debt issuances including general obligation debt for infrastructure and affordable housing, Community Financing District (CFD), Business Improvement Districts (BIDs), master lease purchase agreements for vehicles, and pension obligation bonds.

Investment Management

Manages the short term and long term investments of the City, Oakland Redevelopment Successor Agency (ORSA), and Port of Oakland short term and long term investments. Ensures compliance with investment policy and assures sufficient available ensures cash on hand for daily cash flow for up to \$2.0 billion (invested in \$5.0 million increments) in diversified and safe investments. Ensures that investments and securities are held in trust in custodial bank and monitored to the SEC regulations.

Retirement

Manages the citywide CalPERS enrollment and retirement processes for all new and returning employees. Manages the CalPERS account benefit tiers, processes reciprocity forms, and advises on the retirement process. Enrolls all new employees into CalPERS retirement plan, manages CalPERS accounts benefit tiers, advises on retirement process, reciprocity form processing, retires employees in CalPERS. Processes Advanced Disability Pension Payments (ADPP) to CalPERS retirees, medical payments to bridge to CalPERS, (Disability Retirement from the City). Serves as staff to the CalPERS Safety Disability Retirement Committee. Coordinates and serves as the liaison to CalPERS on industrial disability retirements. Manages the Administration of Police and Fire Retirement System (PFRS), serves as staff and reports to the PFRS Board, and manages the PFRS payroll operations. Reports to the PFRS Board. Manages the general accounting for the PFRS fund. Serves as the internal auditor for all retirement medical payments, reconciles the PFRS general ledger, oversees the annual audit and report, mandated disclosure and reporting, and manages the PFRS budget. Manages monthly and quarterly retiree and/or beneficiary medical reimbursement payments and provides customer service to retirees. Files tax returns. Manages investments for the PFRS fund, held in a separate trust, in accordance with the PFRS Retirement Board Policies, funds held in separate trust. Processes and adjudicates all the Sworn Medical Industrial Disability Retirement applications. Manages the monthly and quarterly Sworn and Nonsworn employer retiree medical subsidy reimbursement payments. Manages the enrollment and termination processes and provides general customer service to retirees. monthly and quarterly retiree and/or beneficiary medical subsidy reimbursement.

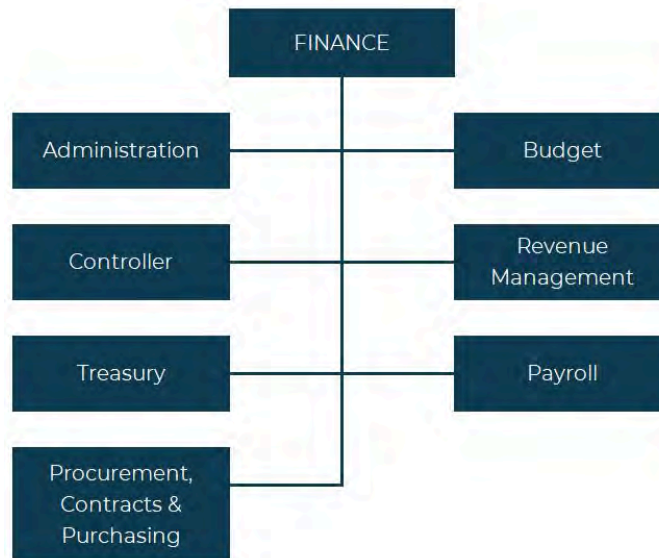

PERFORMANCE MEASURES

Performance Measures are metrics that collect information about operational activities, achievement of goals, community conditions, or other environmental factors to better understand present conditions and inform operational, managerial, policy, and community decisions. Performance Measures are composed of Service Output Measures, which describe a specific service measurement and the numerical value of that service on an annualized basis; and Equitable Service Delivery Success Standards, which describe the “gold standard” target service level for every customer/area of the City, including those who have been historically underserved, and is sometimes expressed as a percentage of the service delivery meeting a specific threshold. Service Levels are designated parameters of City operations, such as weekly facility hours, standard response times for emergency services, and standard response times for requests through OAK311.

Performance measures should identify, track, and improve access to City services for Oakland residents with a goal of continuous improvement in equitable outcomes over time through data collection and analysis. The annualized measurement provided against the Equitable Service Delivery Success Standard will be used to analyze and address areas needing improvement, including racial disparities, for equity purposes. The initial metrics chosen have a particular focus on assuring equitable service delivery to Oakland’s Black, Indigenous, and People of Color (BIPOC) residents, and selected for their potential to advance systemic change and close racial disparities in policy outcomes.

Administration will provide updated performance measures in the FY25-27 Adopted book.

ORGANIZATIONAL CHART

BUREAUS/DIVISIONS

Administration

The Administration Bureau provides leadership, oversight, and administrative support to the seven Bureaus in the Finance Department. Administration's primary responsibility is managing the Department's general operations to ensure efficient and effective service delivery. Also, this bureau supports the Director of Finance with budget preparation, labor negotiations, development of sound fiscal policies, development of strategic plans to meet the short-term and long-term financial goals of the City, addresses all Department's personnel matters in coordination with the Department of Human Resource Management, and manages all agenda reports for the Finance Department.

Budget

The Budget Bureau is responsible for developing a balanced and fiscally responsible budget that meets City Council priorities and community needs. It produces timely and accurate analysis of program revenues and expenditures, provides consultative services to ensure City programs are efficient and effective, compiles and produces the Biennial Proposed Budget and prepares the Adopted Budget, and provides thorough legislative

analysis to the City Administrator and elected officials to ensure the City remains proactive in its legislative agenda.

Payroll

The Payroll Bureau will manage the essential business functions of processing and distributing citywide bi-weekly payroll for Oakland's more than 5,000 employees. The Bureau is responsible for the accurate and timely payment of employee wages, submissions for federal and state tax reporting, timely entry of new staff into the payroll system, and maintenance and accurate programming of the payroll system in accordance with labor union agreements and CalPERS government codes.

Controller

The Controller Bureau is responsible for maintenance of the City's accounting records, financial reporting, audits, payments, and procurement. This includes the preparation of timely and accurate financial information and reports to the City Administrator, the Mayor and City Council, external funders, investors and the public; maintaining the integrity of information in the City's financial management systems; and the designing and monitoring of internal controls. In addition, the bureau maintains the Citywide vendor database, oversees and monitors grant programs, manages the finance-related functions of the City's enterprise resource planning system, and provides internal and external mail services for all City departments.

Procurement, Contracts, & Purchasing

The Procurement, Contracts, & Purchasing Bureau centralizes citywide contract services including policy compliance and execution, management of purchasing workflow and the centralized vendor database ([i-Supplier](#)), Request For Proposal (RFP) publishing, bid tabulations, and other essential business functions of the citywide contract process. The Bureau assists departments citywide to streamline the procurement process, bid out services, and execute contracts for the timely purchase of services, goods, materials, and equipment used in the City operations.

Revenue Management

The Revenue Management Bureau collects, records and reports on City revenues; deposits City-wide collections; enforces and monitors compliance with the provisions of City ordinances and complies with the State of California reporting requirements, pertaining to the following taxes: Business License, Parking, Utility Consumption, Real Estate Transfer, Marijuana, Transient Occupancy, Sales, Use and Mandatory Garbage; identifies and brings into compliance non registered and delinquent tax accounts; acts as the collection agent for all City Agencies and departments and represents the City in Small Claims Court; manages and collects all revenues derived from the City's parking meters; and collects revenues derived from parking citations and fire inspection billings.

Treasury

The Treasury Bureau has five sub-sections: Investment, Debt Management, Cash and Operations, Payroll, and Retirement. Treasury is responsible for investment for the City, Successor Agency and Port of Oakland including managing day-to-day investments for safety, liquidity and yield; Debt Management for the City and Successor Agency, including the issuance of new debt, maintaining and restructuring debt, regulatory compliance and continuing disclosure, and preserving strong credit ratings and investor relations; Cash and Operations related services include cash collections, banking services, asset management and petty cash management. Treasury also processes timely citywide payroll and payments including benefits and taxes; maintains and upgrades HR/payroll systems, including implementing changes as compliance to labor contracts, legislative and other system requirements; and produce reports for various reporting requirements. In addition, this bureau administers all City retirement matters, including all aspects of the City's legacy police and fire retirement system (PFRS) as well as key functions related to the CalPERS (PERS) retirements and retiree related medical including timely pension payments, facilitating all retiree medical, administering the various pension boards and committees, and oversight responsibility of a wide range of pension investment portfolios held in trust.

INFORMATION TECHNOLOGY

Mission Statement

We deliver IT services and solutions that empower our community and drive innovation. Information Technology Department strives to be a trusted partner, leading the City's digital transformation by providing secure, reliable, and cutting-edge technology with practical, timely expertise.

Learn more about who we are and what we do [here](#).

SERVICE IMPACTS & EQUITY CONSIDERATIONS

Enhancements

1. Adds over \$2 million over both years in Public Safety and Citywide Services O&M, which includes Mark43, the Records Management Systems (RMS) Upgrade for OPD and Oracle-TeleStaff integration. In order to maintain and appropriately adjust for critical Information Technology needs across Oakland, the Information Technology Department (ITD) typically relies on the availability of funding to address a wide continuum of needs, including: (1) operational needs identified by departments during the course of business within a fiscal year, (2) emergency needs relating to both break/fix and security threats that required immediate funding to remedy, (3) emerging strategic priorities identified by both the City Administrator and/or City Council, (4) the ability to reserve funding across multiple fiscal years to create a "refresh cycle" to help ensure that the City maintains servers, storage and computing devices and other technology that are within their usable life. Having funding flexibility will maintain the Department's ability to provide these critical services to City equipment and systems that drive business for the City, and its residents. The ongoing Cyber Security funding approved after the ransomware incident in 2023 was eliminated in the budget. This will terminate ongoing services and planned projects that directly address cybersecurity improvements and upgrades.
 - Equity Consideration: An increase in funding will benefit all City employees across departments, and the residents that City applications serve. Cybersecurity impacts stemming from budget reductions will limit City departments' ability provide services directly to underserved residents.

Reductions

1. Deletes 1.0 FTE Information System Administrator in the Citywide Networking Team. This will limit ITD's ability to respond and resolve emergency network outages that may impact Citywide services.
 - Equity Consideration: Unresolved impacts to City network infrastructure stemming from budget reductions may limit the ability of City departments to provide services directly to underserved residents.
2. Deletes 1.0 FTE Database Administrator in Enterprise Infrastructure. This will limit ITD's ability to respond and resolve emergency infrastructure issues, provide timely support, and maintain and upgrade Citywide IT systems.
 - Equity Consideration: Unresolved impacts to City enterprise infrastructure stemming from budget reductions will limit City departments' ability provide services directly to underserved residents.
3. Deletes 1.0 FTE Business Analyst II in Systems Operations organization. The IT Infrastructure and Technical Operations unit oversees and coordinates Citywide on support services ranging from data storage to network security and Help Desk functions. Together, this group works to secure and maintain a robust network, including secure VPN, for staff use.
 - Equity Consideration: Reductions to this group of services may impact ITD's ability to react to issues experienced on the network or with equipment Citywide. Network interruptions would have a negative impact on the residents who rely on City services.
4. Through budget reductions, third party vendor support for OakWifi will be eliminated.
 - Equity Consideration: OakWiFi was designed to deliver digital equity to underserved Oakland residents. As a result of several fiber cuts along the BRT route that have become financially unsustainable, OakWiFi service and operability has been greatly reduced. The system no longer provides free public WiFi to thousands of Oakland residents in equity impact areas. As such, the funding for maintaining the network is proposed to be eliminated. ITD is developing a broadband master plan that directly addresses the need for digital equity and proposes alternative strategies, including grant funded projects, to delivery broadband service to underserved Oakland residents.
5. Reduces \$458,158 in year 1 and \$521,845 in year 2 in Radio Shop O&M. Reductions to the City's Radio Shop will limit ITD's ability to respond to and resolve unplanned incidents, including impacts to critical public safety services like 911 and 311.
 - Equity Consideration: Reductions to radio support will result in residents not receiving alerts during emergencies and unresolved incidents could impact 911 and 311 services that residents rely on for critical information and support.
6. Reduces approximately \$75,000 over both years in Telecommunications O&M. Reductions the Citywide Telecommunications program will limit ITD's ability to respond to telephone related requests and incidents. The Department will also have a reduced ability to fix emergency issues, including 311 and 911 call centers. With aging infrastructure in place across many City locations, these reductions will also eliminate projects intended to modernize telecommunication services and equipment to fix emergency issues, including 311 and 911 call centers.
 - Equity Consideration: Reductions in funding to telecommunications may impact City departments that directly provide services to impacted communities in Oakland. Reductions that impact public safety telecommuting may directly impact Oakland residents who rely on 911 and 311 services.
7. Reduces \$127,252 in year 1 and \$182,160 in year 2 in Reprographics O&M. With a reduction of over 20 percent to Reprographics, the Citywide Print Shop will be unable to acquire the necessary supplies required to meet City Department printing needs. In addition to limiting the Print Shop's services, ITD will eliminate equipment and/or maintenance contracts that support machines managed by Print Services. Finally, ITD will be working to consolidate all of Print Services into one location at 250 Frank Ogawa Plaza. This

consolidation will make it harder for all Departments to use these services and may impact the equipment that will fit into the smaller space.

- Equity Consideration: Citywide Print Services produces materials for Departments to use internally and externally with residents. These reductions will drastically limit services to Departments who rely on the Print Shop for communication needs. Reductions in Reprographics services could limit City departments' ability provide services directly to underserved residents.

Other Impacts & Changes

1. Deletes 7.0 FTE positions across the department in the following job classifications: Reprographic Assistant, Telephone Services Specialist, (2) Information Systems Specialist I, Administrative Analyst II, (2) Business Analyst II. There is no service impact as the positions were vacant.
 - Equity Consideration: There is no discernible equity impact from this action.

FY 2025-27 PROPOSED POLICY BUDGET

SERVICES

Below is a comprehensive list of the services and activities provided by City departments to internal and external customers, which describes the City's operations throughout the Oakland community, including collaborative efforts with other governments and community partners. Internal customers include other City departments and elected officials, while external customers are comprised of residents, businesses, visitors, and similar persons.

Office of the Chief Information Officer (CIO)

The Office of the CIO is responsible for the overall alignment of the City's vision and goals with Department strategy, including staff and resource allocation direction. Providing oversight in the management of the Department, the Office of the CIO sets the City's security policy, including cybersecurity, risk management and remediation, and coordination across all enterprise planning decisions and custom applications. In addition, this Office oversees special projects and initiatives including community broadband, Geographic Information Systems, and public Wi-Fi.

Infrastructure and Technical Operations

The Infrastructure and Technical Operations Division provides a full range of enterprise technology solutions and services including enterprise wide network security, end-user computing and communication devices, high performance servers and storage, Data Centers infrastructure, telecommunications network, Help Desk, and City printing services. This team also provides centralized telecommunications systems, backup and disaster recovery plans including the maintenance of both an on-premise data center and multi-cloud environments.

Strategy and Business Operations

This Division oversees operational management of the Information Technology Department including Citywide technology governance, project and program management, and the Citywide central permitting team which manages and implements the City's land-based permit management system for Citywide planning, building, events and other Citywide permits. Coordinating with the Office of the CIO on strategic planning, policies and procedures, this division also provides budget and fiscal management (budgeting, accounts payable and receivable), vendor negotiations and contracting and procurement services to the Department and Citywide on critical IT initiatives.

Citywide Permitting

The Citywide permitting team oversees the deployment of the City's Accela permitting system, including all system updates and provides overall project management services for new modules and annual fee schedule updates. This team coordinates with departments citywide, responds to helpdesk tickets for internal and external users, and provides data and analysis where requested to help facilitate the City's Technology Governance process for permitting.

Public Safety

Included in the Departments core Infrastructure and Technical Operations Division, the Public Safety Team provides support for OPD IT, OFD IT, and the City's Radio Shop. This group maintains mission critical systems, 911 Dispatch Centers, Emergency Operations Center, records management, and P25 mission critical voice communication radio system, handheld and mobile radios, Microwave Backbone network, cable television infrastructure, and closed-circuit television video systems.

Desktop Services

The Desktop Services and Support Team provides a full-range of technology products and solutions for Citywide staff. This team sets technology standards for the City and respond to all requests for the IT Help Desk.

Architecture & Risk

Architecture and Risk updates IT security policies, measures compliance and helps make recommendations on critical enterprise wide network security infrastructure and standards.

Network

The Network Team works alongside other infrastructure and operations team throughout IT to ensure the City is operating high performance services and storage systems. This group provides backup and disaster recovery plans including the maintenance of both on-premise data center and multi-cloud environments.

Telecommunications

The Telecommunications Team ensures seamless access to and operation of the City's centralized telecommunications network.

Reprographics

The Reprographics/Print and Copy Services Team offers quality full-service document printing and reproduction support to all departments and agencies in the City of Oakland. This unit is capable of producing color or black and white documents from electronic or hardcopy files with state-of-the-art digital equipment.

Cybersecurity

Information Technology Cybersecurity reviews and recommends solutions to the CIO and implements consistent programs and polices designed to mitigate risk and harden the City's networks. Additionally, this team actively monitors for threats to the system and coordinates with other teams to regularly monitor applications and ensure established procedures are followed.

Custom Applications

IT Applications supports departmental applications and function as application developers and designers, implementing web and mobile-based solutions for Departments.

Enterprise Financial & Reporting

The Enterprise Financial and Reporting Team maintains the City's Oracle Resource Enterprise Planning (ERP) system, which includes General Ledger, Accounts Payable, Grants Accounting, Cash Management, Payroll, Human Resources, Contract Management, Budgeting (Public Budgeting and Cloud Service), and Procurement.

Geographical Information Systems

The Geographical Information Systems (GIS) Team provides GIS information to users, develops web application to access various resources, maintains intranet applications including web contact management and performance capacity planning.

Public Broadband Infrastructure and Services

The City provides free wireless internet connectivity to Oaklanders and is in the process of constructing a multi-million dollar grant funded, municipally owned broadband fiber optic network to provide an alternative to incumbent services and address issues of digital equity.

Enterprise Infrastructure Services

This team manages all City data services, data storage and oversees the data center.

Oak Wi-Fi

OAK Wi-Fi provides free wireless internet connectivity to Oaklanders to help close the digital divide.

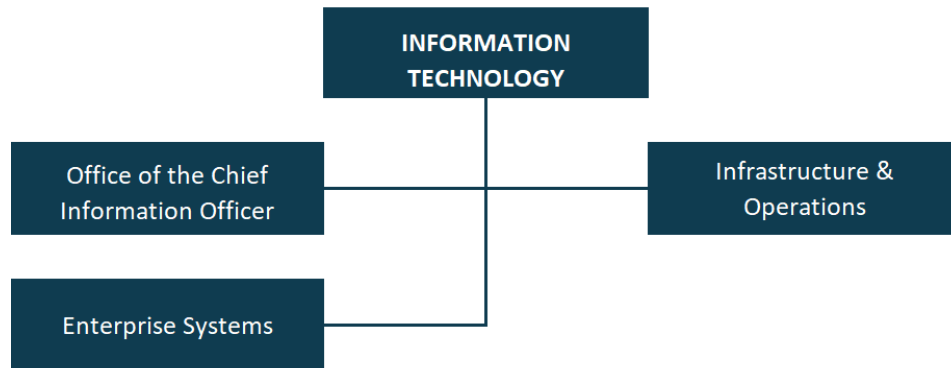

PERFORMANCE MEASURES

Performance Measures are metrics that collect information about operational activities, achievement of goals, community conditions, or other environmental factors to better understand present conditions and inform operational, managerial, policy, and community decisions. Performance Measures are composed of Service Output Measures, which describe a specific service measurement and the numerical value of that service on an annualized basis; and Equitable Service Delivery Success Standards, which describe the “gold standard” target service level for every customer/area of the City, including those who have been historically underserved, and is sometimes expressed as a percentage of the service delivery meeting a specific threshold. Service Levels are designated parameters of City operations, such as weekly facility hours, standard response times for emergency services, and standard response times for requests through OAK311.

Performance measures should identify, track, and improve access to City services for Oakland residents with a goal of continuous improvement in equitable outcomes over time through data collection and analysis. The annualized measurement provided against the Equitable Service Delivery Success Standard will be used to analyze and address areas needing improvement, including racial disparities, for equity purposes. The initial metrics chosen have a particular focus on assuring equitable service delivery to Oakland’s Black, Indigenous, and People of Color (BIPOC) residents, and selected for their potential to advance systemic change and close racial disparities in policy outcomes.

Administration will provide updated performance measures in the FY25-27 Adopted book.

ORGANIZATIONAL CHART

BUREAUS/DIVISIONS

Office of the Chief Information Officer

The Office of the CIO is responsible for the administrative management of the Information Technology Department including strategic planning, policies and procedures, fiscal management (budgeting, accounting, accounts payable and receivable), vendor negotiations and contracting and procurement, and human resources management.

In addition, the Office of the CIO oversees special projects and initiatives, including citywide technology governance, project and program management, community broadband, public Wi-Fi, and cybersecurity, including risk management and remediation.

Infrastructure & Operations

This division provides a full range of enterprise technology solutions and services including end-user computing and communication devices, high performance servers and storage, Data Centers infrastructure, telecommunications network, mission critical 911 Public Safety technology solutions, and HelpDesk services.

The HelpDesk team serves as the initial point of contact for all technology incident reporting, tracking trouble reports, first level problem resolution and answering general IT questions.

The Desktop team supports and aids with issues ranging from desktop software, computer workstation and mobile device troubleshooting and deployment, to back-office technology maintenance and support.

The Infrastructure team maintains enterprise infrastructure, including servers, storage, networking, telecommunications systems, backup and disaster recovery, security and maintenance of both on-premise data center and multi cloud environments.

The Public Safety teams provide support for OPD IT, OFD IT, and the City's Radio Shop. These groups maintain mission critical systems, 911 Dispatch Centers, Emergency Operations Center, and P25 mission critical voice communication radio system, handheld and mobile radios, Microwave Backbone network, cable television infrastructure, and closed-circuit television video systems.

The Reprographics/Print and Copy Services team offers quality full-service document printing and reproduction support to all departments and agencies in the City of Oakland. Capable of producing color or black and white documents from electronic or hardcopy files with state-of-the-art digital equipment.

Enterprise Systems

Enterprise systems are major, complex systems that are utilized on a Citywide scale.

The Oracle team maintains and supports enterprise applications such as Oracle's Enterprise Resource Planning (ERP) system, which includes General Ledger, Accounts Payable, Purchasing , Projects, Grants Accounting, Cash Management, Payroll, Human Resources, Time and Labor, Benefits, Contract Management, Budgeting (Public Budgeting and Cloud Service), Internet Procurement, Internet Supplier, and Internet Sourcing.

The Applications team supports departmental applications such as Business Tax (HDL), Rent Adjustment Program (RAP), and our land-based management system for Planning and Building (Accela). Furthermore, our staff of application developers design, develop and implement web and mobile based solutions for our various departments.

The GIS team provides GIS information to users; research GIS database accuracy and completeness; develops web applications to access various resources; maintains intranet applications including web content management; performance capacity planning. It also provides GIS information to users; research GIS database accuracy and completeness; develops web applications to access various resources; and maintains intranet applications including web content management.

FY 2025-27 PROPOSED POLICY BUDGET

HUMAN RESOURCES MANAGEMENT

Mission Statement

The Human Resources Management (HRM) Department recruits, develops and maintains the talented and diverse workforce that serves the Oakland community. We are responsible for the administration of the competitive civil service process, labor agreements, risk management systems, and employee health benefits. We value equity, professional growth, and building a strong, committed workforce. As an internal service department, we take pride in our customer service, problem solving and employee recognition capacity. We strive to be a model for human resource services in the public sector by demonstrating exceptional professionalism and integrity.

Learn more about who we are and what we do [here](#).

SERVICE IMPACTS & EQUITY CONSIDERATIONS

Reductions:

1. Deletes 1.0 FTE Principal Human Resources Analyst. The Department will have one less supervisor in the recruitment and classification division. This will put more responsibility on the three remaining Senior HR Analysts. The Senior HR Analysts will have less bandwidth to pick up recruitment and classification work to assist with workload due to increased supervisory responsibilities. This may delay the production of eligible lists for City departments to use to fill vacancies.
 - Equity Consideration: The proposed elimination reduces a recruitment supervisor at the management level which could result in less oversight of the recruitment and testing processes. This could result in increased errors in the recruitment process impacting time to hire. The shifting of supervisory responsibility to the remaining staff, who are able to supervise, will impact their ability to both review the work of the analysts responsible for conducting recruitments and classification work and provide operational oversight.

2. Deletes 1.0 FTE Human Resources Manager. The department will have one fewer manager to oversee the recruitment and classification staff and functions, including data analysis, support for the Civil Service Board and process improvement.
 - Equity Consideration: The proposed elimination of a Human Resources Manager would eliminate a leadership role on the recruitment and classification team, who oversees fair and efficient hiring practices that benefit both City employees and the community at large. Eliminating this position would shift more responsibilities and duties onto the other Human Resources Manager, and to the remaining Principal HR Analyst. Deleting this position will impact the long-term ability of staff to be promoted to a manager role in the future.
3. Deletes 1.0 FTE Human Resources Technician. The department will have less staff available to perform tasks supporting the hiring of City employees, including the timely processing of NEER, PAR, and acting pay forms, the maintenance of position control work, and technician-level support for the recruitment process.
 - Equity Consideration: The elimination of this position will have an immediate equity impact on promotional opportunities for some of the lowest compensated City employees. The current promotional candidate pool is made up entirely of members of the BIPOC community. Without the opportunity to promote to the HR Technician role, these staff will not have experience needed to qualify for higher paying professional careers. The elimination will also impact service delivery in key areas that directly support the timely processing of the hiring process citywide, which may impact pay for employees who do promote, as well as service delivery to the community when hires are not processed.
4. Deletes 1.0 FTE Administrative Assistant II. HRM will have to reallocate duties related to supervising customer service staff (front desk), preparing and supporting the Civil Service Board meetings and business, responding to subpoenas for employment records, providing administrative support to the division, including maintaining SPOC list and resources on the Intranet.
 - Equity Consideration: The elimination of this position will impact service delivery in key areas that directly support the timely processing of the civil service board hearings and meeting agendas, and the oversight of the customer service function at the front desk and response to subpoenas for employment records. The work will have to be absorbed by other employees, reducing their capacity to perform other work that may impact access to employment and other HR services.
5. Freezes 1.0 FTE Senior Human Resources Analyst (CONF). There is no direct service impact as this position has been vacant.
 - Equity Consideration: The loss of this position will significantly lengthen the time to hire for vacant positions citywide, increasing the risk of losing valuable talent to competitors offering faster recruitment processes. This delay in recruitment may disproportionately affect marginalized communities seeking employment and perpetuate inequities in access to career opportunities. Consequently, the elimination of the vacant HR Analyst position will also have an impact on departments ability to fill vacant essential positions and provide direct service to communities who experience racial disparities in service.
6. Reduces \$89,100 in Administration O&M, there is no direct service impact.
 - Equity Consideration: There is no discernible equity impact from this action.

FY 2025-27 PROPOSED POLICY BUDGET

SERVICES

Below is a comprehensive list of the services and activities provided by City departments to internal and external customers, which describes the City's operations throughout the Oakland community, including collaborative efforts with other governments and community partners. Internal customers include other City departments and elected officials, while external customers are comprised of residents, businesses, visitors, and similar persons.

Administrative, Staffing

Administrative work in support of division or department operations, complex clerical functions, management of scheduling, and office administrative support duties.

Investigations

Negotiates and maintains relationships with bargaining units and provides employee relations support, including conflict resolution and overseeing investigations.

Recruitment, Classification, and Onboarding

Provides recruitment services to all City departments, organize and conduct civil service examinations, and onboard and retain the most qualified candidates. Maintain a competitive classification and compensation system.

Risk Management

Provide risk management services to all City employees, such as Integrated Disability Program, Workers' Compensation Administration, and employee health-and-safety programs, including CalOSHA compliance.

Dept. Leadership & Oversight

Implementation and facilitation of mandatory and developmental training to all city employees. Consult with departments on organizational development needs for improved agency health and retention of workforce. Responsibilities include mandated training and new employee tracking and reporting of employee training compliance.

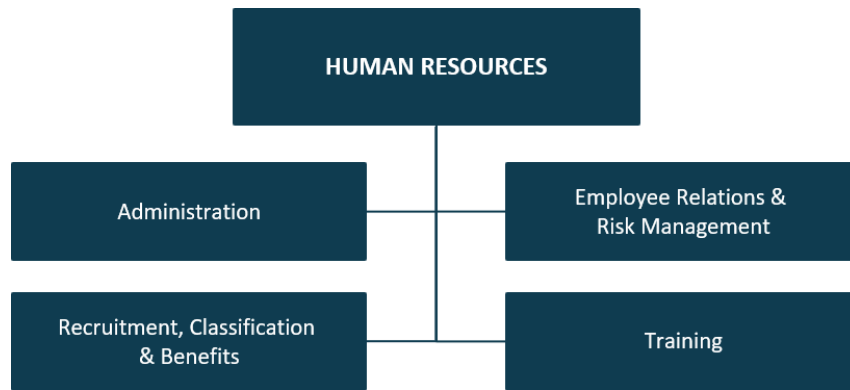

PERFORMANCE MEASURES

Performance Measures are metrics that collect information about operational activities, achievement of goals, community conditions, or other environmental factors to better understand present conditions and inform operational, managerial, policy, and community decisions. Performance Measures are composed of Service Output Measures, which describe a specific service measurement and the numerical value of that service on an annualized basis; and Equitable Service Delivery Success Standards, which describe the “gold standard” target service level for every customer/area of the City, including those who have been historically underserved, and is sometimes expressed as a percentage of the service delivery meeting a specific threshold. Service Levels are designated parameters of City operations, such as weekly facility hours, standard response times for emergency services, and standard response times for requests through OAK311.

Performance measures should identify, track, and improve access to City services for Oakland residents with a goal of continuous improvement in equitable outcomes over time through data collection and analysis. The annualized measurement provided against the Equitable Service Delivery Success Standard will be used to analyze and address areas needing improvement, including racial disparities, for equity purposes. The initial metrics chosen have a particular focus on assuring equitable service delivery to Oakland’s Black, Indigenous, and People of Color (BIPOC) residents, and selected for their potential to advance systemic change and close racial disparities in policy outcomes.

Administration will provide updated performance measures in the FY25-27 Adopted book.

ORGANIZATIONAL CHART

BUREAUS/DIVISIONS

Administration

Provides direction and support to all of the Human Resources Management units; advises the Mayor, Council, and City Administrator on Human Resources issues; develops and facilitates the implementation of action plans to address current and future City human resources needs. The Department Director is the Secretary to the Civil Service Board.

Recruitment, Classification, & Benefits

Recruitment & Classification is responsible for all aspects of recruiting and for retaining the most qualified candidates for employment. It maintains a competitive classification and compensation system; recruits local, statewide, and national candidates who reflect the City's diversity objectives; and provides staff support to the Civil Service Board.

This division also houses the Equal Access Program which seeks to ensure resident access to City services in accordance with the Equal Access to Services Ordinance (Ordinance No.12324 C.M.S.). It represents the City and provides support to City staff on matters concerning employees represented services in accordance with the labor unions; negotiates on behalf of the City to set wages, hours, and other conditions of employment; assists City management staff in the interpretation of labor contracts; conducts workplace investigations; and addresses grievances.

The Benefits division manages all employee benefits programs, including medical, dental, vision, life, flexible spending accounts and tax-deferred savings accounts, and provides staff support to the Deferred Compensation Committee.

Employee Relations & Risk Management

Employee Relations represents the City and provides support to City staff on matters concerning employees represented by labor unions; negotiates on behalf of the City to set wages, hours, and other conditions of employment; assists City management staff in the interpretation of labor contracts; and investigates and resolves grievances.

Risk Management administers all risk management, including Integrated Disability Management and Risk & Safety. It provides staff support to the Safety Disability Retirement Board and administers the City Integrated Disability Program, which consolidates all mandated disability related programs including protected leave administration (CFRA, FMLA, and PDL), Federal Employment and Housing Act (FEHA) compliance and Workers' Compensation claims administration. It administers Employee Health and Safety Programs, including CalOSHA compliance, safety/loss control services, employee medical surveillance testing, employee medical examinations and drug/alcohol testing; manages the Commercial Insurance and Self-Insurance portfolios and represents City on insurance pool boards and committees. It monitors vendor contracts for Compliance with Risk Management related requirements; extends other Risk Management and/or employment liability services to client departments as needed.

Training

This division is responsible for all aspects of city-wide training and organizational development, including monthly all-day New Employee Orientation. It administers all mandated training, which includes Anti-Discrimination, Sexual Harassment Awareness and Diversity training. It manages leadership, supervisor, ethics, health and wellness, and race and equity trainings. Other training subjects include computer skills, presentation workshops and performance management. The goal of the Training Unit is to develop a workforce that adapts to new technology, business processes and policies, laws and regulations, ultimately contributing to employee.

VIOLENCE PREVENTION

Mission Statement

The mission of the Department of Violence Prevention (DVP) is to reduce levels of gun violence, intimate partner violence, commercial sexual exploitation, family trauma associated with unsolved homicides, and community trauma associated with ongoing violence in Oakland by delivering prevention and intervention services in the areas of group and gun violence, gender-based violence, and community healing.

Learn more about who we are and what we do [here](#).

SERVICE IMPACTS & EQUITY CONSIDERATIONS

Enhancements

1. Add 1.0 FTE Program Analyst II will support the Deputy Chief of Direct Practice and enhance direct practice services by providing support in scheduling critical community and partnership meetings, tracking essential violence prevention projects and tasks, supporting the completion of mandatory human resource related assignments, organizing and scheduling critical trainings, coordinating with community-based organizations and external partnerships, and responding to urgent matters. The Program Analyst II role supports trainings, focused deterrence meetings, and provides deliverable reports for the week to inform direct service staff and ensure that the most vulnerable participants are being served. In addition, they support with onboarding for new team members, resources for current team members, and the Deputy Chief with daily needs.
 - Equity Consideration: The addition of administrative support in the Direct Practice bureau will provide additional needed support for DVP's growing team and their work with individuals most at-risk of engaging in gun violence.
2. Add 1.0 FTE Program Analyst III will support the implementation of the Ceasefire strategy by coordinating critical partnerships between the DVP and criminal justice systems (Oakland Police Department, Alameda County Probation Department), directing cross-collaboration between the DVP, CBOs, and faith-based leaders in high crime communities, leading direct communications with high-risk individuals, and conducting outreach in vulnerable communities to address violence and trauma. The Program Analyst III position is essential to support the growing Ceasefire efforts and the DVP's on-going progress in reducing homicides and shootings.
 - Equity Consideration: The addition of the Program Analyst III in the Direct Practice bureau will provide additional needed support for DVP's increased responsibilities for community safety and work with individuals most at-risk of engaging in gun violence.
3. Add \$17,344,149 Measure NN. The addition of Measure NN funding is a continued commitment to equity focused violence prevention in Oakland. Following the expiration of Measure Z in December 2024, Measure NN provides renewed financial support for communities impacted by violence and trauma in Oakland.
 - Equity Consideration: The implementation of Measure NN strengthens the City's ability to invest in equitable public safety rooted in prevention, healing, and community empowerment. By prioritizing the needs of Oakland's most impacted populations, this funding ensures continuity of vital services and staff to support long-term strategies that center racial equity, justice, and resilience.

Reductions

1. Delete 1.0 FTE Health and Human Services Program Planner, Planner Analyst I, Program Analyst III due to expiration of grant funding and Program Analyst II part of department restructuring staffing needs.
- Equity Consideration: The Department of Violence Prevention remains committed to ensuring that all staffing decisions support its mission to reduce harm and promote safely in communities most impacted by gun violence. The proposed deletes are not expected to result in a discernible impact on service delivery.
2. Freezes 3.0 FTE Program Analyst II part of department restructuring staffing needs.
- Equity Consideration: The Department of Violence Prevention remains committed to ensuring that all staffing decisions support its mission to reduce harm and promote safety in communities most impacted by gun violence. The proposed deletes are not expected to result in a discernable impact on service delivery.
3. Reduction in Measure Z funding \$17,085,922 (Measure Z expired December 2024)
- Equity Consideration: Measure Z expired December 2024 and Measure NN has been approved to replace it. To ensure equitable continuity of services, the department has prioritized the alignment of Measure NN funding with the communities historically served by Measure Z.

Violence Prevention

FY 2025-27 PROPOSED POLICY BUDGET

SERVICES

Below is a comprehensive list of the services and activities provided by City departments to internal and external customers, which describes the City's operations throughout the Oakland community, including collaborative efforts with other governments and community partners. Internal customers include other City departments and elected officials, while external customers are comprised of residents, businesses, visitors, and similar persons.

Gun Violence Response

Responds to shootings and homicides and provides immediate and long-term services to support individuals and families involved in or affected by gun violence.

Gender-Based Violence Response

Emphasizes crisis response and safety planning, transitional housing and wraparound supports to victims of family violence and youth who experience commercial sexual exploitation.

Community Healing and Restoration

Supports neighborhood-based outreach events and healing activities that transform community norms around violence.

Direct Practice Service Coordination

Direct practice staff coordinate the work of the gun violence response strategy on the ground level with external community-based organization, community members and system partners.

Capacity Building

Provides the DVP network with tailored training opportunities and learning communities for frontline staff working to help people heal from violence. Training may include life coaching, conflict mediation, gender responsive approaches, cognitive behavioral techniques, and trauma-informed practices.

Contract Management

Program officers manage contracts for the DVP grantee network and coordinate with community-based organizations, internal direct service staff and system partners to respond to violence.

Evaluation of Violence Prevention Efforts

Comprehensive evaluation of Measure Z funded violence prevention programming to measure program effectiveness and outcomes.

Administration & Grant Management

Monitors department budget, pays vendors, prepares reports, and manages various grant programs.

Policy & Planning

Provides overall direction, strategy, and supervision for the department's funded strategies, oversee research and evaluation, and ensure strong collaboration with system partners including, but not limited to: Oakland Police Department, Oakland Unified School District, Highland Hospital and Alameda County.

PERFORMANCE MEASURES

Performance Measures are metrics that collect information about operational activities, achievement of goals, community conditions, or other environmental factors to better understand present conditions and inform operational, managerial, policy, and community decisions. Performance Measures are composed of Service Output Measures, which describe a specific service measurement and the numerical value of that service on an annualized basis; and Equitable Service Delivery Success Standards, which describe the “gold standard” target service level for every customer/area of the City, including those who have been historically underserved, and is sometimes expressed as a percentage of the service delivery meeting a specific threshold. Service Levels are designated parameters of City operations, such as weekly facility hours, standard response times for emergency services, and standard response times for requests through OAK311.

Performance measures should identify, track, and improve access to City services for Oakland residents with a goal of continuous improvement in equitable outcomes over time through data collection and analysis. The annualized measurement provided against the Equitable Service Delivery Success Standard will be used to analyze and address areas needing improvement, including racial disparities, for equity purposes. The initial metrics chosen have a particular focus on assuring equitable service delivery to Oakland's Black, Indigenous, and People of Color (BIPOC) residents, and selected for their potential to advance systemic change and close racial disparities in policy outcomes.

Administration will provide updated performance measures in the FY25-27 Adopted book.

ORGANIZATIONAL CHART

BUREAUS/DIVISIONS

The Department of Violence Prevention (DVP) and its funded network responds to incidents of violence in real-time, provides trauma-informed support services to survivors of violence and their families, and engages those most active in violent activities through mentorship and coaching. The DVP also coordinates the efforts of grantee network and provides services directly.

Administration

The Administrative bureau provides overall management of administrative and fiscal support for the department. Administration includes contracts and human resources. Fiscal management includes budgeting, audits, grants monitoring and accounting.

Direct Practice

The Community Relations and Direct Practice bureau engages the community in violence prevention efforts, responds to shootings and homicides, oversees training and capacity building, and coordinates the DVP network with community-based organizations, community members and system partners.

Grants, Programs, and Evaluation

The Policy and Planning bureau oversees violence prevention strategies, research and evaluation, fund development and grants management.

DEPARTMENTAL FACTS

The Department of Violence Prevention (DVP) provides direct services and funding to community-based organizations to serve people and families at the center of violence.

- Engaged 275 youth referred by the Alameda County Juvenile Justice Center and facilitated successful re-engagement in school through coaching and mentoring, system navigation, advocacy, and connection to needed resources.
- Strengthened 116 high risk youth's economic self-sufficiency and career readiness through subsidized summer and after-school work opportunities and academic support.
- Served 215 highest risk young adults towards healthy participation in their families and communities through coaching and mentoring, system navigation, advocacy, and connection to needed resources.
- Enhanced the long-term employability for 116 high-risk young adults through the development of job skills and education, with a focus on subsidized work experience, successful placement, and retention.
- Provided response and support to 1,071 people who have been the victim of gun violence or serious assault and those who have lost a loved one to gun violence in Oakland.
- Provided legal, social, and emotional support services to 3,010 victims of commercial sexual exploitation and family violence, including young children. Conducted outreach to commercially sexually exploited youth and worked to end their exploitation through wraparound support and transitional housing access.
- Connected with 7,500 community members at five Summer and three Winter Town Night events in 9 locations hit hardest by violence
- Reached 1,500 through events and capacity building efforts to boost community engagement, develop leadership skills, and create safe spaces within high-crime neighborhoods in East and West Oakland.
- Awarded and managed \$7 million in grants from state, federal and philanthropic funders
- Over 76% of DVP participants are African American, 21% are Latino and 3% other.

FY 2025-27 PROPOSED POLICY BUDGET

POLICE

Mission Statement

The Oakland Police Department's mission is to provide police service focused on public safety and sanctity of life, to hold ourselves accountable to a high standard of conduct, efficiency, and efficacy, and to promote mutual respect between the Department and the Community of Oakland.

Learn more about [Budget Transparency Information](#) and who we are and what we do [here](#).

SERVICE IMPACTS & EQUITY CONSIDERATIONS

Enhancements

1. Restores the number of police academies to three (3) in FY 2025-26 and three (3) in FY 2026-27 with an average monthly sworn attrition rate of five (5) sworn officers, maintaining three academies annually supports the Oakland Police Department's ability to meet public safety needs.
 - Equity Consideration: Adding three police academies increases training capacity, enables more diverse recruits to join the police force, thus improving community representation. More officers will enhance response times, particularly in high-crime and help address violent crime surges. Increased staffing will help deter crime, boost community safety perceptions, and reduce officer overtime, alleviating burnout and distributing workloads more evenly.
2. Adds 60.0 FTE Sworn positions in FY 2025-26 and FY 2026-27 resulting in a net increase in the department's sworn authorized staffing from 678.0 FTE to 739.0 FTE. Recently, Measure NN passed, and the measure increases minimum staffing levels for sworn police to 700 sworn positions. It requires the City to budget for, hire and maintain a minimum of 700 Sworn positions.
 - Equity Consideration: The addition of critical services to the Oakland community leads to immediate and significant decreases in crime and impacts of crime, including decreased response times. Vulnerable populations, including the unhoused, Black and Brown individuals in areas most affected by violent crime, and small businesses, benefit from the addition of these services.

3. Adds \$7,450,570 in FY 2025-26 and \$10,393,283 in FY 2026-27 to Operations & Maintenance (O&M) for Services & Supplies in support of public safety, covering necessary service and supply contracts, contracts pending the Request for Qualifications (RFQ) process, and future planned contracts. This includes \$1,904,000 annually for building and storage facility rentals, \$1,348,494 in FY 2025-26 and \$2,238,149 in FY 2026-27 for vehicle rentals, \$977,500 annually for miscellaneous services (e.g., training, technology, or contracted support), and \$637,000 annually for vehicle fuel.
 - Equity Consideration: The addition of critical services to the Oakland community leads to immediate and significant decreases in crime and impacts of crime, including decreased response times. Vulnerable populations, including the unhoused, Black and Brown individuals in areas most affected by violent crime, and small businesses, benefit from the addition of these services.
4. Adds \$3,795,586 in FY 2025-26 and \$7,457,976 in FY 2026-27 to Operations & Maintenance (O&M) for Contract Services in support of public safety, covering necessary contract services contracts, contracts pending the Request for Qualifications (RFQ) process, and future planned contracts. This includes \$5,851,038 in FY 2025-26 and \$6,526,425 in FY 2026-27 for Miscellaneous Contract Services and \$1,000,000 annually in FY 2025-26 and FY 2026-27 for Legal Fees. It also reflects reductions of \$50,000 annually in FY 2025-26 and FY 2026-27 for Accounting and Auditing Services, \$50,500 annually in FY 2025-26 and FY 2026-27 for Support Services, \$154,500 in FY 2025-26 and \$146,850 in FY 2026-27 for Medical and Veterinarian Services, and \$1,611,502 annually in FY 2025-26 and FY 2026-27 for Other Contract Services.
 - Equity Consideration: The addition of critical services to the Oakland community leads to immediate and significant decreases in crime and impacts of crime, including decreased response times. Vulnerable populations, including the unhoused, Black and Brown individuals in areas most affected by violent crime, and small businesses, benefit from the addition of these services.
5. Adds \$1,365,849 in FY 2025-26 and \$1,365,849 in FY 2026-27 in O&M in travel & education, which includes \$1,348,349 in FY 2025-26 and \$1,348,349 in FY 2026-27 for on-line database services.
 - Equity Consideration: The addition of critical services to the Oakland community leads to immediate and significant decreases in crime and impacts of crime, including decreased response times. Vulnerable populations, including the unhoused, Black and Brown individuals in areas most affected by violent crime, and small businesses, benefit from the addition of these services.

Reductions

1. Freezes 41.0 FTE Professional Staff positions in FY 2025-26 and 36.0 FTE in FY 2026-27. Freezing professional staff across crucial divisions, including Public Information, Internal Affairs, Patrol, Records, Communications, Crime Lab, Criminal Investigation, Property and Evidence, Human Resources, Fiscal Services, PAS Unit, and Crime Analysis, would have several negative impacts. These cuts are expected to decrease efficiency and affect service delivery, including responsiveness to emergency and non-emergency calls for service and staff availability to provide services to the community, such as police reports, vehicle releases, and responding to subpoenas and other legal requests for documents. There will also be an impact on processing evidence, which could lead to delays in investigations and court cases. Slower evidence processing could also result in a backlog of cases, affecting the legal and judicial system, potentially leading to longer wait times for trials and impacting the rights of the accused to a timely trial. The impact on employee health and wellness and the negative effect on morale could lead to employees seeking jobs outside of the City of Oakland, further burdening the remaining staff.
 - Equity Consideration: Reducing OPD's professional staff could exacerbate existing disparities and challenges faced by underrepresented and marginalized communities in Oakland. With fewer professional staff, services provided by OPD, such as processing evidence, obtaining police reports,

obtaining vehicle releases, and responding to legal requests will become slower to access. This could disproportionately affect communities that rely more heavily on these services due to higher crime rates or other factors. OPD professional staff play a crucial role in community relations, serving as public contact points and helping build trust between the police and the community. The elimination of OPD professional staff may strain these relationships, particularly in communities already experiencing tense relationships with law enforcement.

2. Reduces \$11,071,614 in FY 2025-26 and \$6,432,228 in FY 2026-27 in Overtime, majority of reduction is \$9,659,404 in FY 2025-26 and \$8,094,327 in FY 2026-27 in Sworn Overtime. Patrol makes up the majority of OPD's operations and uses most of the department's overtime budget. Overtime is primarily used to support staff changes between shifts or cover the additional time major crimes take from responding police officers. It is also used for other patrol-related and mandatory administrative tasks for both Sworn and civilian staff, including following up on leads, surveillance, writing warrants, attending special events, completion of public records requests, attending recruiting events, and more. The department will be monitoring its OT use and what units it authorizes for OT to ensure that it meets this reduction.
 - Equity Consideration: Reduction in overtime may result in an increase in police response times to calls for service. Vulnerable populations, including Black and Brown people in the areas most impacted by violent crime, small business, and unhoused residents, will be impacted the most from a slower police response. Reducing overtime will impact the department's ability to respond specifically to incidents that occur in the areas most impacted by violent crime, small business, and unhoused residents. Department Management will be assessing and prioritizing its OT usage to provide OT to the most critical functions, including combating the violence that occurs around human trafficking because that is a major racial equity issue in Oakland.
3. Reduces \$294,859 in FY 2025-26 and \$145,075 in FY 2026-27 in Utilities in Services & Supplies.
 - Equity Consideration: The loss of critical services to the Oakland community may lead to immediate and significant increases in crime, as well as longer response times. Vulnerable populations, including the unhoused, Black and Brown individuals in areas most affected by violent crime, and small businesses, would be particularly impacted.

Police

FY 2025-27 PROPOSED POLICY BUDGET

SERVICES

Below is a comprehensive list of the services and activities provided by City departments to internal and external customers, which describes the City's operations throughout the Oakland community, including collaborative efforts with other governments and community partners. Internal customers include other City departments and elected officials, while external customers are comprised of residents, businesses, visitors, and similar persons.

911 Call Center Communications

OPD receives and directs 911 calls for service; transmits routine and emergency telephone and radio voice messages; performs responsible clerical work of moderately high difficulty; operate complex teletype and video terminals for automated information retrieval.

Admin Analyst II (IAB)

Administrative Analyst II serves is the support mechanism for the daily operations in the investigations section. Including, case tracking, weekly IAB meeting preparations, weekly IAB meetings and high profile or serious incident briefing to chief and case closures. Track all open investigations and timelines; maintain all tolling cases; monitor DLI Section caseload.

Air Support Unit (ARGUS)

Respond to calls for service. Mitigates vehicle pursuits. Conducts surveillance. Reports and coordinates fire responses. Locates missing persons.

Alcoholic Beverage Action Team (ABAT)

Responsible for licensing, inspecting, and conducting enforcement operations at all alcohol and tobacco establishments within the City of Oakland to ensure compliance with local, state, and federal law. The unit also responds to citizen complaints regarding nuisance bars and stores. The unit provides free training to educate business owners about various local and state regulations related to their businesses.

Captain of Police (IAB)

Manage all aspects of the Internal Affairs Division; to include investigations of all complaints against OPD personnel; Manage the Force Investigations Section.

Ceasefire Operations

Responsible for addressing street gangs and community gun violence in Oakland, and for collecting and analyzing all intelligence & data on gun violence gathered by OPD and surrounding agencies. Ceasefire is a violence-reduction strategy that integrates law enforcement, social services, and the community to reduce gang/group-related homicides and shootings.

CIT

Respond to call involving individuals in mental crisis. De-escalate potentially violent situations.

Community Liaison Officers

Community Liaison Officers (CLO) act as a liaison in underserved violence targeted and limited English-speaking communities. CLOs share pertinent public safety information and act as an advisor and guide to community members and collaborate with community groups, businesses, and relevant City departments. CLOs serve as liaisons with city service teams, participate in and coordinate enforcement projects and coordinate with other OPD patrol and professional staff.

Community Outreach

OPD organizes, fundraises, and sponsors community events aimed at strengthening relationships with our residents and businesses. These efforts are part of our ongoing commitment to building strong, positive connections within our community.

Community Resource Officers

Coordination of problem-solving activities in their assigned beat; not limited to, documenting and tracking progress of Neighborhood Crime Prevention Council priorities, crime and blight issues identified by their respective area commander, including projects that are in the best interest of the community; guides and directs problem solving efforts with other Departmental and City personnel.

Courier

Receives and transports incoming and outgoing mail; drives City vehicle for item pick-up and delivery to various locations; transports supplies, materials, and equipment; takes inventory of orders, and delivers departmental supplies, materials and equipment; maintains files and records; performs routine clerical tasks; and performs related duties as required

Crime Analysis Services

The Crime Analysis Section provides crime analysis information to a variety of stakeholders within the Police Department, as well as outside law enforcement partners and City officials. The Crime Analysis Section is tasked with a wide variety of analytical objectives, ranging from patrol support to major case investigations to statistical analysis.

Crime Reduction Team Officers

Responsible for addressing and reducing violent and other serious crimes; conducts basic to intermediate level investigations, service of arrest warrants, and rapid arrest of suspects.

Criminalistics Services

The Criminalistics Division houses the Crime Lab, which analyzes evidence to assist with investigations and court proceedings. Firearms, Forensic Biology (DNA), Latent Prints and Drug Analysis services are rendered. The division performs professional and technical duties related to laboratory examination of physical and chemical analyses of evidence required in scientific criminal investigation; provides expert testimony regarding laboratory findings; and performs related duties as assigned. Areas of examination may include analysis of firearm and tool-mark evidence, drug evidence, forensic alcohol analysis, biological evidence, trace evidence, and crime scene processing.

Evidence Technicians

The Police Evidence Technicians are responsible for collecting and preserving physical evidence at crime scenes and documenting evidentiary findings for use in criminal investigations.

Homicide Investigations

The Homicide Unit is responsible for investigating murders and officer involved shootings that occur within the City.

Intake Technician (IAB)

Assist with the function of the physical IAB Offices; Receive and process complaints received directly through IAB; process complaints received by field personnel; prepare preliminary inquiries to be sent out for investigation.

Intelligence Services

The Intelligence Unit is responsible for gathering information and distributing it to appropriate units. The information is obtained in efforts to provide tactical or strategic information on the existence, identities, and capabilities of criminal suspects and groups.

Internal Affairs Division

The IAD conducts thorough, impartial, and ethical investigations regarding allegations of misconduct and policy issues within the Department.

Investigations of Burglary and General Crimes

OPD is responsible for investigations of burglary and other general crimes including property crimes, financial crimes, and misdemeanor crimes.

Lieutenant of Police (IAB)

DLI Lt. Review and approve Division Level Investigations; Case presentation; Liaison between DLI Investigators and IAB; Liaison between CPRA Investigators and DLI Investigators and/or IAB

Lieutenant of Police (IAB)

Intake Lt. - Administer the Intake and Administrative Sections; Manage and review the intake of all complaints against OPD personnel; Manage all records and reporting related to IAB investigations; Manage the discipline process for all IAB investigations. Review, Approve, and Forward Division Level Investigations; Coordinate review of certain cases by the chain-of-command Deputy Chief; Coordinate the presentation of DLIs to the Chief of Police; Liaison with the CPRA Executive Director on the closure of DLIs; Monitor DLI timeline compliance.

Lieutenant of Police (IAB)

Investigations Section. Lt. manage all cases that are investigated within IAB; Coordinate with the Office of the City Attorney (OCA) and the Community Police Review Agency (CPRA); Manage the Force Investigations Section (FIS).

Review, Approve, and Forward Division Level Investigations; Coordinate review of certain cases by the chain-of-command Deputy Chief; Coordinate the presentation of DLIs to the Chief of Police; Liaison with the CPRA Executive Director on the closure of DLIs; Monitor DLI timeline compliance

Marijuana Officer

Tracks all permitted marijuana dispensaries and marijuana cultivation. Conducts security assessments of dispensaries and Marijuana cultivation. Enforces laws related to illegal marijuana dispensaries and marijuana cultivation.

Marine Unit

Conducts water rescues. Conducts searches for missing persons. Enforce Laws on Oakland Waterways and adjacent lands. Mitigate toxic spills.

Mental Health Unit

Plans and coordinates all mental health training Department wide. Liaison with Alameda County Mental Health. Tracks all Gun Violence Restraining Orders.

Office of the Inspector General

The OIG implements an internal risk management process and an evaluation of police performance, outcomes, and related policy. Using audits, reviews, and inspections, OIG promotes quality policing, police management, and accountability.

Patrol and 911 Response Officers

Respond to 911 calls for service; officers patrol the City's commercial, industrial, and residential districts. The City is divided into 6 Areas and 35 police beats. OPD policy is to always maintain 35 active 911 response officers. 911 Surge Officers are assigned on a citywide basis to help reduce high 911 call waiting times.

Personnel Assessment System (PAS) Administration

Prepares and forwards early warning indicators regarding the potential for officer misconduct (threshold reports) to the appropriate Bureau Deputy Chief; produces PAS Activity Review Reports for individuals identified by the threshold reports; reviews all PAS Activity Reports for completeness, clarity and consistency; conducts PAS Panel Reviews to evaluate reports, updates, and recommendations made by the chain of command of members in the program; monitors the scheduling and frequency of PAS Disposition and follow-up meetings; provides primary administrative responsibilities for the PAS policy; provides reports relevant to the PAS program upon request; maintains confidential VISION files on all persons in the PAS program.

Pitchess Officer

Responds to Pitchess motion subpoenas, Brady requests, and Giglio inquiries as appropriate; ensure IAD complaint forms are available at specified locations.

Police Fiscal and Human Resources Services

Provides standard departmental operations including processing payments, procurement, budget development, personnel actions, processing payroll, and grant administration.

Police Information Technology

Provides technical and professional level support in analyzing, developing, implementing, and documenting business operations, processes, and systems; integrates, adopts, and revises systems or procedures for

compatibility with Citywide systems, processes, and workflows; develops and implement training programs for OPD on technology related platforms; produces reports, process mapping, and data files.

Police Officer (IAB)

Receive and process complaints received directly through IAB; process complaints received by field personnel; prepare preliminary inquiries to be sent out for investigation.

Police Property Record/Specialist

Processing and handling of Property pertaining to particular crime(s) and/or suspected evidence; Processing and handling of Property which has been lost or abandoned and is not connected with any known or suspected crime; Processing and handling of non-evidentiary property to include but not be limited to weapons which could be the means to commit an offense for safekeeping from a person temporarily.

Police Public Information

The officers assigned to the Public Information Unit act as liaisons between the Department and the media. They are responsible for coordinating the Department's response to the media and acting as spokespersons.

Police Records

OPD is responsible for administrative duties involving warrants, records, subpoenas, and other litigation-related requests; assist individuals whose vehicles have been towed; releases crime reports; maintains complex internal automated record systems; access and update state and federal criminal history data systems; act as cashier for department; assist callers and visitors by supplying information or directing requests.

Police Records Specialist (HR)

Police Records Specialist: Clerical position that processes personnel files; updates data in OPD HRM database; coordinates the storage of personnel files with off-site storage facility; creates personnel folders; distributes and track sworn and civilian badges; processes carry concealed weapon applications; process performance appraisals for Department; processes background requests from outside agencies; audit payroll documents; removes employees POST and DOJ databases; issues Department identification cards; process gun letter request and process DMV confidentiality forms.

Police Records Specialist (IAB)

Police Records Specialist: Clerical position that processes IAD Files: Update IAD database, forward disciplinary notifications. Coordinate the retrieval and storage of case files with off-site storage facility. Receive cases from various bureaus. Forward investigative results to the complainants. Create Pre-Discipline reports for distribution. Create folders for background checks and advises of rules, regulations, and processes. Distributes discipline documents to stakeholders. Tracks discipline and monitors the Skelly hearing process; including processing: Settlement agreements, grievances, arbitration results, and sustained results from Executive Force Review Board and Force Review Board hearings. Manage Background check process with outside agency.

Police Records Supervisor (IAB)

Custodian of Record for all Internal Affairs records; IAB Database and Server Administrator; Schedule, assign, supervise and evaluate assigned staff; Interpret policies and regulations regarding release of documents; Oversee maintenance of various files, logs and reports for compliance with departmental and legal requirements; Train Police Records Specialists in correct procedures, rules and regulations to comply with state and federal laws; Compile bi-weekly, monthly, quarterly, annual statistical reports, Manage Discipline notifications, Public Records

Requests, and other work performed; Interpret data and prepare additional reports as required. Assist in preparation of a section budget; control expenditures.

Police Services Technician (Patrol)

Responds to Minor 911 Calls such as 459 reports, Theft Reports. Traffic Control Post Supporting Patrol Officers to free Patrol Officers to handle violent calls for service.

Police Service Technician (Records)

OPD is responsible for administrative duties involving warrants, records, subpoenas, and other litigation-related requests; assist individuals whose vehicles have been towed; releases crime reports; maintains complex internal automated record systems; access and update state and federal criminal history data systems; act as cashier for department; assist callers and visitors by supplying information or directing requests. Provides technical and professional level support in analyzing, developing, implementing, and documenting business operations, processes, and systems; integrates, and adopts. Responsible for retrieving and redacting BWC to answer public records requests and subpoenas. Training new hires on redaction process. Responsible for processing tow letters, tow waivers, tow report entries, & maintaining all tow files. Coordinate the retrieval and storage of case files with off-site storage facility. Receive cases from various bureaus. Maintain and order supplies for the division.

Police Youth Outreach

The Youth Outreach Unit is made up of four programs designed to reach youth and provide opportunities for a positive future: Police Activity League (PAL); Youth Outreach Mentor Officers; Explorer Program; and the Our Kids (OK) Program.

Recruit Training

OPD is responsible for the operation and the presentation of the Basic Police Academy for police officer trainees. The unit prepares police officers for work in the community in a variety of skills and knowledge areas. In accordance with POST regulations, students are given written, practical, and job-simulation examinations. They are exposed to resources within the Department and the community to do their job in the most effective, efficient, and safe manner for all concerned. The curriculum has an emphasis on ethics and professionalism, critical thinking and problem solving, conflict resolution, and relationships with the community.

Recruiting and Background

Responsible for conducting fair and impartial backgrounds into all OPD candidates; attends recruiting events to increase the pool of qualified candidates applying for OPD positions; participates in testing process for the position of Police Officer Trainee.

Recruiting and Background (Sergeant)

Responsible for attracting, assessing, and selecting candidates for various sworn and civilian positions within the department. This role involves overseeing recruitment initiatives, developing marketing campaigns and activities to enhance recruitment efforts, managing background checks, and ensuring that the hiring process aligns with departmental and city goals, particularly in regard to diversity, equity, and inclusion. The role also includes strategic planning, such as developing, monitoring, and reporting on hiring metrics, identifying trends, and making data-driven recommendations to improve the recruitment process. Additionally, this position oversees overtime usage, unit budgeting, and spending to ensure efficient use of resources. Furthermore, this role is responsible for attending audits conducted by internal stakeholders and POST investigators. The Sergeant also serves as a liaison between the Recruiting and Background Unit, as well as departmental and city leadership, ensuring clear communication and alignment across all levels.

Research and Planning

The primary functions of the Research and Planning Section are to develop policies and procedures; manage legislation to include Council and Commissions; coordinate document processing for the Department; and assist with the maintenance of the OPD website. The section also serves as the primary point of contact for the Oakland Privacy Advisory Commission and provides technical report writing for Force Review Boards and Executive Review Boards.

Robbery & Felony Assault Investigations

OPD is responsible for overseeing investigations of all part one felony crimes against people. This includes conducting robbery crime scene investigations; conduct victim, witness, and suspect interviews; identify the styles and methods of robberies. Robbery-related crimes include carjacking, residential robberies, and all shooting-related crimes that are non-fatal. The investigators often assist in linked homicide investigations.

Sergeant of Police (IAB)

DLI Sergeant, review Division Level Investigations; Case presentation; Liaison between DLI Investigators and IAB; Liaison between CPRA Investigators and DLI Investigators and/or IAB

Sergeant of Police (IAB)

Investigation Section; Investigate allegations of misconduct; Complete Reports of Investigation (ROI); Coordinate with the Office of the City Attorney (OCA) and the Community Police Review Agency (CPRA). Review new complaints processed by IAB; handle urgent matters; coordinate resources for special projects by the IAB Commander; manage work schedules for Police Intake Technician and Officers.

Special Operations Services

The Special Operations Services include functions like Air Support, Canine Program, Mental Health Liaison, and City Work Safety Escort for Encampments.

Special Victims Services

Investigates incidents of sexual assault and child abuse, while linking victims and their families with social services to address trauma. Investigates vice-related criminal incidents as well as child prostitution, internet crimes against children, child sex rings and human trafficking. Monitors compliance of all registered sex offenders living and/or working in Oakland. Investigates incidents of domestic violence and physical elder abuse while partnering with support services advocates housed at the Family Violence Law Center. Investigates missing persons and runaway cases to unite friends, families and loved ones; also investigates abduction cases involving non-custodial parents. Processes juveniles arrested or detained by law enforcement and provides referrals to internal and external services designed to improve life choices and prevent future incidents.

Tactical Operations Team

Ancillary Duty assignment resource using special equipment and tactics for critical incidents and pre-planned high risk operations in order to enhance community and officer safety. Elements include; Entry Team, Sniper Element, Electronic Service Unit, Tactical Negotiators, Tactical Operations Service Tech (Dispatch), Tactical Commanders.

Task Forces Coordination

OPD coordinates with various federal, state, and local law enforcement agencies through Task Forces. The Task Forces target a particular criminal activity, and often in a particular geographical area; combining the resources,

intelligence, and talents of multiple law enforcement agencies to focus on a particular problem. Notable Task Force Partners include the Federal Bureau of Alcohol Tobacco and Firearms, the US Marshals, and the Alameda County Regional Auto Theft Task Force.

Traffic Operations

Responsible for enforcing traffic laws and educating the public on laws and regulations related to the California vehicle code; protecting the public by ensuring the safe operations of motor vehicles in the City of Oakland.

Training

OPD provides ongoing required training to officers after Academy graduation as well as members of other ranks and professional staff. These components include 40-hour Continuing Professional Training (CPT) courses for officers and sergeants that are mandated by California Commission on Peace Officer Standards and Training (POST) to maintain certification, and training on use of force.

Vehicle Enforcement Units

The Vehicle Enforcement Units (VEU) consists of: Vehicle Abatement, Abandoned Auto, Scofflaw, Commercial Vehicle, Bicycle Recovery, and Taxi and Tow. VEU works to improve Oakland's neighborhoods and enhance Oakland's physical assets by addressing the problems of abandoned vehicles on public and private property, while aggressively pursuing parking citation scofflaws. VEU enforces rules and regulations pertaining to commercial trucking, particularly around the Port of Oakland. VEU also regulates the City of Oakland taxi industry. The Bicycle Recovery Detail stores and processes bicycles recovered as evidence, safekeeping or as lost and found property.

Walking (Foot & Bike) Patrol Officers

Walking Officers are officers who primarily are assigned to a commercial/business district to assist the merchants with crime and community concerns. They build relationships and trust with local merchants. The Foot Patrol Officer's geographical area is usually much smaller than normal police beat, as they use other forms of transportation to increase visibility.

Wellness Unit

The Wellness Unit is a resource available to all OPD employees. It serves as a liaison to bridge the gap between the professional resources available to employees, including: The Peer Support Team, Critical Incident Response Team, OPD Medical Unit, Employee Assistance Program (EAP), Human Resources Management (HRM) Agency, Risk Management Agency and (where available) all other City Departments.

PD website. The section also serves as the primary point of contact for the Oakland Privacy Advisory Commission and provides technical report writing for Force Review Boards and Executive Review Boards.

Training

OPD provides ongoing required training to officers after Academy graduation as well as members of other ranks and professional staff. These components include 40-hour Continuing Professional Training (CPT) courses for officers and sergeants that are mandated by California Commission on Peace Officer Standards and Training (POST) to maintain certification, and training on use of force.

Recruit Training

OPD is responsible for the operation and the presentation of the Basic Police Academy for police officer trainees. The unit prepares police officers for work in the community in a variety of skills and knowledge areas. In

accordance with POST regulations, students are given written, practical, and job-simulation examinations. They are exposed to resources within the Department and the community to do their job in the most effective, efficient, and safe manner for all concerned. The curriculum has an emphasis on ethics and professionalism, critical thinking and problem solving, conflict resolution, and relationships with the community.

Wellness Unit

The Wellness Unit is a resource available to all OPD employees. It serves as a liaison to bridge the gap between the professional resources available to employees, including: The Peer Support Team, Critical Incident Response Team, OPD Medical Unit, Employee Assistance Program (EAP), Human Resources Management (HRM) Agency, Risk Management Agency and (where available) all other City Departments.

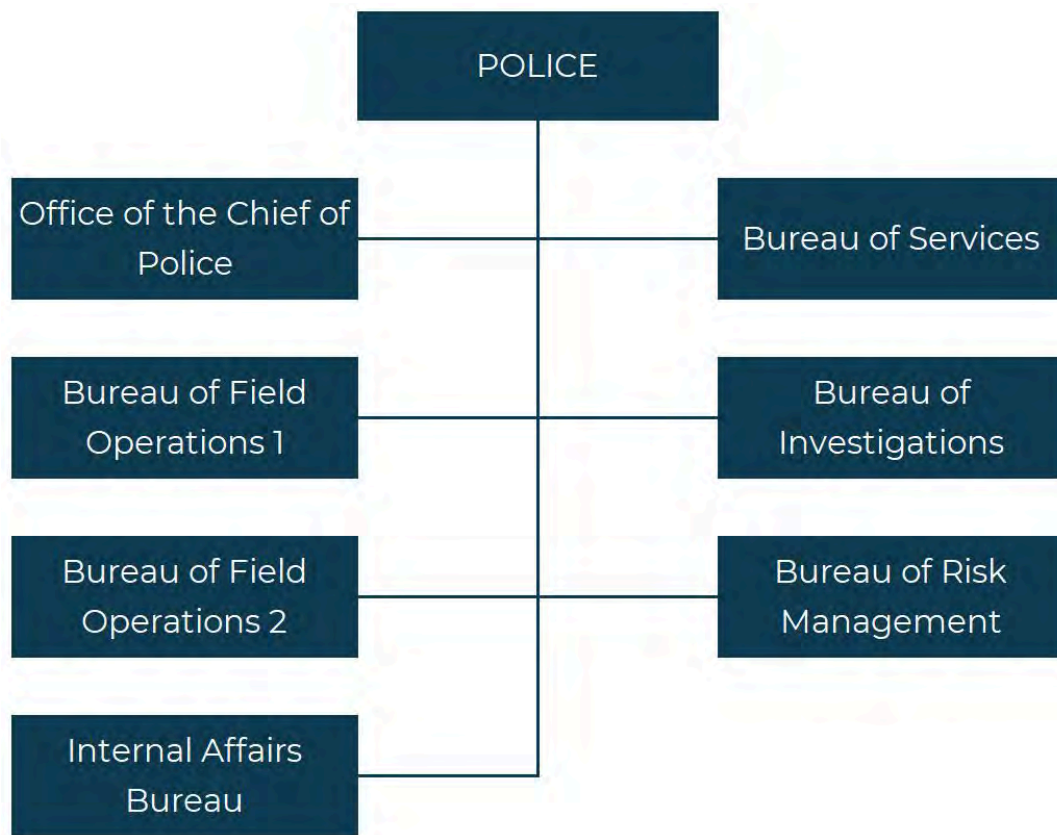

PERFORMANCE MEASURES

Performance Measures are metrics that collect information about operational activities, achievement of goals, community conditions, or other environmental factors to better understand present conditions and inform operational, managerial, policy, and community decisions. Performance Measures are composed of Service Output Measures, which describe a specific service measurement and the numerical value of that service on an annualized basis; and Equitable Service Delivery Success Standards, which describe the “gold standard” target service level for every customer/area of the City, including those who have been historically underserved, and is sometimes expressed as a percentage of the service delivery meeting a specific threshold. Service Levels are designated parameters of City operations, such as weekly facility hours, standard response times for emergency services, and standard response times for requests through OAK311.

Performance measures should identify, track, and improve access to City services for Oakland residents with a goal of continuous improvement in equitable outcomes over time through data collection and analysis. The annualized measurement provided against the Equitable Service Delivery Success Standard will be used to analyze and address areas needing improvement, including racial disparities, for equity purposes. The initial metrics chosen have a particular focus on assuring equitable service delivery to Oakland’s Black, Indigenous, and People of Color (BIPOC) residents, and selected for their potential to advance systemic change and close racial disparities in policy outcomes.

Administration will provide updated performance measures in the FY25-27 Adopted book.

ORGANIZATIONAL CHART

BUREAUS/DIVISIONS

Office of Chief of Police

The Office of Chief of Police includes the Public Information Office, the Assistant Chief, the Intelligence Unit, and the Ceasefire Unit.

The Public Information Office manages media relations and responds to public inquiries and feedback. The Assistant Chief provides executive oversight of all operational divisions and many of the department's support functions. The Intelligence Unit collects and disseminates critical information to support the safety and security of the Oakland community.

The Ceasefire Unit, which reports directly to the Assistant Chief, is responsible for addressing street gangs and community gun violence in Oakland. The unit collects and analyzes intelligence and data related to gun violence gathered by OPD and surrounding agencies. Ceasefire is a comprehensive violence-reduction strategy that integrates the efforts of law enforcement, social services, and the community to decrease group- and gang-related homicides and shootings.

Within the Ceasefire Unit, the Real-Time Operations Center (RTOC) is key to integrating real-time intelligence and technology across the Department. The RTOC leverages emerging technologies to support coordinated field operations and partners with investigative units, community stakeholders, and external agencies to address crime, particularly violent crime, throughout Oakland.

Bureau of Field Operations 1 & 2

Bureau of Field Operations 1 (BFO 1) is responsible for all patrol and specialized resource functions for the western portion of Oakland. BFO 1 includes BFO Administration and Patrol Areas 1, 2, and 3.

Bureau of Field Operations 2 (BFO 2) oversees all patrol and specialized resource functions for the eastern portion of Oakland. BFO 2 encompasses Patrol Areas 4, 5, and 6 and Support Operations.

The Support Operations Division comprises the Special Operations and Traffic Operations Sections. Police patrol functions include general investigations, community policing, and crime prevention efforts. The Special Operations Section encompasses Air Support, Marine Support, Special Events, Tactical Operations, the Alcoholic Beverage Action Team, the Canine Program, the Homeless Outreach Unit, and the Reserve Program. The Traffic Operations Section is responsible for promoting traffic safety, investigating traffic-related complaints, and conducting traffic and parking enforcement.

Bureau of Services

The Bureau of Services comprises five core functional areas: Fiscal Services, Records, Communications, Human Resources, and Recruiting and Background Checks.

The Fiscal Services Division manages the Department's financial operations, accounting, accounts payable, accounts receivable, budgeting, contracting and purchasing, financial reporting, grant administration, and the False Alarm Reduction Program.

The Records Division is responsible for maintaining all non-traffic crime-related police reports and records. The division processes public record requests, manages the City's tow contract, verifies warrants, and ensures accurate data is entered into the Department's law enforcement records management system.

The Communications Division manages the emergency 911 call system, handling all calls for service and dispatching appropriate emergency response personnel.

The Human Resources Section handles the day-to-day administration of all personnel-related matters for OPD staff. It maintains individual personnel files and is organized into three key areas: Personnel Administration, Payroll, and Medical.

The Recruiting and Background Unit is responsible for attracting, recruiting, and conducting background investigations for prospective Department applicants.

Bureau of Investigations

The Bureau of Investigations (BOI) is responsible for investigating criminal activity, analyzing evidence, and developing cases for successful prosecution. BOI encompasses the Criminalistics Division and the Criminal Investigation Division, each comprising a range of specialized units.

These include: the Drug Analysis Unit, Firearms Unit, Forensic Biology Units, Latent Print Unit, Quality Assurance Unit, Crime Analysis Unit, and Property Evidence Unit. Investigative units include the Special Victims Unit, Domestic Violence Unit, Missing Persons Unit, Vice Unit, Juvenile Intake Unit, Youth Outreach (PAL/OK Program), Identification Unit, General Crimes Unit, Robbery Unit, Felony Assault Unit, Burglary Unit, Homicide Section, and Cold Case Unit.

Bureau of Risk Management

The Bureau of Risk Management (BRM) comprises the Office of Internal Accountability (OIA), the Training Division, the Professional Development and Wellness Unit, the Research and Planning Section, the Information Technology Unit, and the Fleet Unit. Collectively, the Bureau is responsible for identifying, analyzing, and assessing risks to control and mitigate those deemed unacceptable.

The Office of Internal Accountability (OIA) conducts compliance assessments and audits, analyzes risk-related data, particularly in areas such as proactive stops, complaints, uses of force, vehicle pursuits, and collisions, and evaluates employee performance through the Personnel Assessment Section (PAS). OIA oversees Force Review and Pursuit Boards, reporting on associated risk impacts. Additionally, OIA leads the implementation of the Negotiated Settlement Agreement (NSA) and serves as the liaison between the Independent Monitoring Team and the Oakland Police Commission (OPC).

The Training Division provides comprehensive in-service training to all department personnel, ensuring compliance with Peace Officer Standards and Training (POST), NSA mandates, and City of Oakland requirements. It also manages the professional development of Police Officer Trainees through the Oakland Police Academy and Field Training Unit. Dedicated to excellence, the division oversees all mandated training programs with the goal of exceeding community expectations.

The Professional Development and Wellness Unit focuses on enhancing the overall well-being of both sworn and professional staff. It develops resources and partnerships, promotes awareness, and adapts to the evolving wellness needs of department members. Services include access to physical and mental health resources, peer support, on-call mental health professionals, family support, police chaplains, and department- and city-sponsored wellness training.

The Research and Planning Section oversees the department's legislative review, policy development, and both short- and long-term strategic planning initiatives.

The Information Technology Unit, often in collaboration with the City's Information Technology Department (ITD), is tasked with identifying, procuring, implementing, and supporting the department's technology infrastructure and fleet operations.

Internal Affairs Bureau

The Internal Affairs Bureau (IAB) performs a critical function within the OPD. Its job is to maintain the integrity and values of the OPD by conducting fair, impartial, and objective investigations into all allegations that an OPD employee has committed misconduct or failed to adhere to departmental policies and procedures, acting as a mechanism of police accountability and self-governance. The primary function of the IAB is to maintain the integrity and public trust of the law enforcement agency by investigating allegations of misconduct, whether criminal or administrative, against its officers and professional staff members.

The IAB investigates a wide range of potential misconduct, including criminal activity, violations of departmental policies and procedures, use-of-force incidents, corruption, and other integrity violations.

IAB's key functions include Internal Affairs Administration – Intake Unit, which receives, classifies, and processes all department-wide complaints and administrative functions; Integrity Testing Unit; Investigative Section; Force Investigation Section; and Division Level Investigations.

Due to the sensitive and confidential nature of the IAB's key functions, the IAB operates independently. The IAB teams report directly to the IAB Deputy Chief of Police, who reports directly to the Chief of Police.

Police

FY 2025-27 PROPOSED POLICY BUDGET

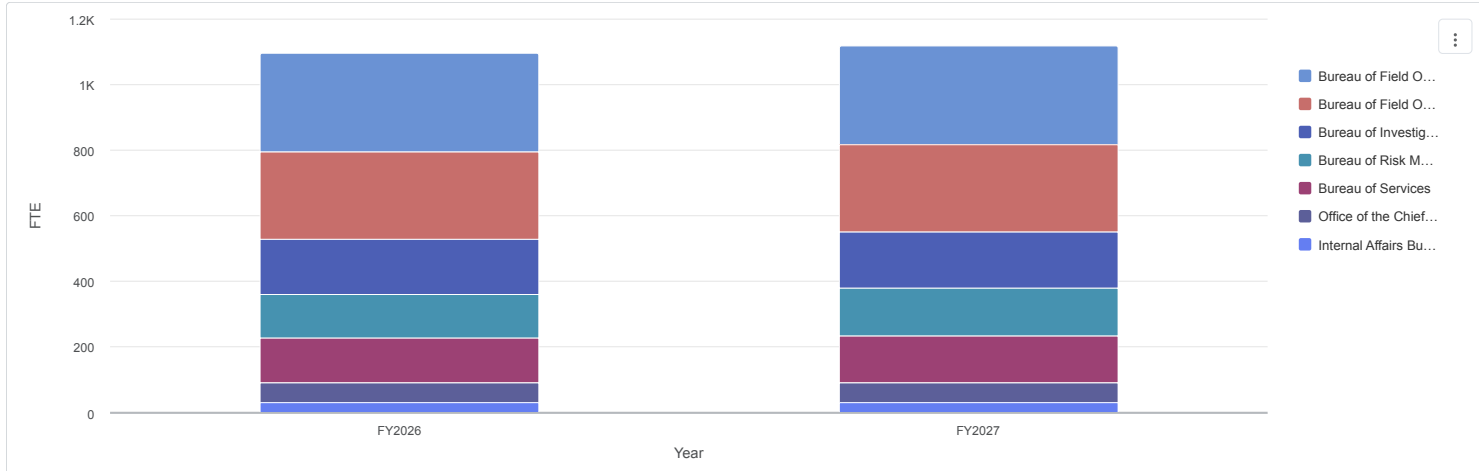

The below data is intended to provide policy makers and the public with a detailed information regarding the FY 2025-27 Proposed Biennial Budget for the Oakland Police Department (OPD). The Proposed Budget was developed to include:

- Careful assignment of available personnel to units and sub-unit for each sworn and professional staff member of OPD.
- A staffing plan for sworn members that is consistent with the availability of actual police officers based upon budget police academies and attrition rates.

BUDGET TRANSPARENCY INFORMATION

Assignments of OPD Sworn and Professional Staff

The below data reflects the detailed assignment of all budget OPD Sworn and Professional (civilian) Staff. Click in the chart to drill into the specific units and sub-units of OPD. We strongly encourage data savvy readers to download the data sets behind these graphics.

Timing of Police Academies in the FY 2025-27 Proposed Biennial Budget

The FY 2025-27 Proposed Biennial Budget provides for 3 Police Basic Recruit Academies in FY 2025-26 and 3 Police Basic Recruit Academies in FY 2026-27. Please note the dates of the academies in the table below are tentative.

Academy Class No.	Academy Start	Graduate Academy	Field Training Start	Complete Field Training
195th Police Academy	July 5, 2025	January 6, 2026	February 14, 2026	June 5, 2026

196th Police Academy	November 8, 2025	May 22, 2026	June 20, 2026	October 9, 2026
197th Police Academy	March 14, 2026	September 25, 2026	October 24, 2026	February 12, 2027
198th Police Academy	July 4, 2026	January 15, 2027	February 13, 2027	June 4, 2027
199th Police Academy	November 7, 2026	May 21, 2027	June 19, 2027	October 8, 2027
200th Police Academy	March 6, 2027	September 17, 2027	October 16, 2027	February 4, 2028

FIRE

Mission Statement

The proud members of the Oakland Fire Department are committed to providing the highest quality and highest level of courteous and responsive services to the residents, businesses, and visitors to Oakland.

This is accomplished by implementing comprehensive strategies and training in fire prevention, fire suppression, emergency medical services, and all risk mitigation including human-caused and natural disasters, emergency preparedness, 9-1-1 services and community-based fire services.

Learn more about who we are and what we do [here](#).

SERVICE IMPACTS & EQUITY CONSIDERATIONS

Enhancements

1. The proposed budget continues to freeze 2.0 Engine Companies while restoring 1.0 Engine Company to maintain critical emergency response capacity. Engine Companies respond to a wide range of fire and medical incidents in their districts and support larger incidents citywide as needed. Each Engine company in the department responds to an average of 3,000 calls per year, and crews in the denser areas of the city can respond to as many as 8,000 calls per year. Freezing one or more Engine companies per year, removes the ability for those apparatus to be available in the event of a structure fire, a mass casualty incident, or urgent medical call, all with property and lives at stake. The department's 25 fire engines are strategically located to ensure sufficient span of control to allow for prompt and sufficient response for all call types. Restoring 1.0 Engine Company helps mitigate the impact of the 2.0 freezes, preserving some capacity to maintain response times and reduce stress on personnel and apparatus at in-service firehouses. However, continuing to freeze 2.0 Engine Companies will still limit the span of control, add minutes to 911 response times, and increase call volumes for remaining firehouses. The closure of multiple firehouses will significantly affect emergency response, with districts containing out-of-service Engine Companies experiencing the most pronounced delays. Surrounding districts will also face reduced coverage, as Oakland Fire Department (OFD)

dispatch will have fewer resources to deploy during emergencies. This will jeopardize OFD's ability to meet the National Fire Protection Association (NFPA) standards for medical emergency response, which state that 1) a first responder should be on the scene in four minutes or less 90% of the time and 2) for multiple company responses, the second company should arrive within six minutes 90% of the time. Since Oakland fire stations are fixed geographically, staff is estimating that several calls per day for emergency medical responses may not meet the NFPA standard. The more stations that are closed means that more incidents will experience delayed responses. These delays have real life implications for residents, businesses, and visitors of Oakland.

- Equity Consideration: The restoration of 1.0 Engine Company reflects a strategic commitment to advancing equity by prioritizing emergency response capacity in a high-need neighborhood, as identified by call volume, call types, and run data from the Fire Department's Annual Report, the Local Hazard Mitigation Plan, and the City's Equity Indicator Report. This targeted restoration enhances access to timely fire and medical services in communities disproportionately affected by health disparities, limited healthcare options, low economic opportunity, and high rates of violent crime. By maintaining this Engine Company, the department mitigates the risk of slower response times and reduced care quality, fostering better outcomes for vulnerable residents. The addition of 1.0 Engine Company is a positive step toward equitable emergency services, ensuring that at least one high-risk community retains critical protection.
2. Adds 2.0 FTE Civilian positions, 1.0 FTE Administrative Analyst I in the Fire Marshal's Office and 1.0 FTE Administrative Analyst II in Budget Planning: Administration.
- Equity Consideration: These positions provide critical support to Fire Administration's fiscal services division, enable the department to better manage important grants, and assist in the ongoing development and analysis of key programs within the department.

Reductions

1. Freezes 1.0 FTE Office Assistant I and 1.0 FTE Office Assistant II in Fire Prevention. These positions provide critical support to Fire Administration's fiscal services division, enable the department to better manage important grants, route invoices and payment to vendors, process payroll, and assist in the ongoing development and analysis of key programs within the department.
 - Equity Consideration: Deleting these positions will not have a direct equity impact on residents and businesses, as these positions are not front-facing or providing a direct service to the community.
2. Reduces \$1,635,484 in FY 2025-26 and \$1,615,369 in FY 2026-27 in O&M with reductions primarily in contract contingencies and services contracts.
 - Equity Consideration: This action has no noticeable impact on equity.
3. Freezes 1.0 FTE Fire Inspector (Civilian) and 1.0 FTE Fire Marshal, Assistant (Non-Sworn) in Inspectional Services. A reduction in administrative support and inspection unit impacts the turnaround time for permits, inspections and other responsibilities in the bureau placing greater responsibility and work on existing staff.
 - Equity Consideration: The equity impact of fire prevention inspections and code enforcement often manifests as lower-income communities experiencing disproportionate damage from fires due to limited access to fire prevention measures, like home hardening upgrades, which can leave them more vulnerable to wildfire destruction compared to wealthier areas, highlighting a significant equity gap in fire safety; this is particularly concerning in regions with high wildfire risk where disadvantaged communities may lack the resources to adequately protect their homes.
4. Freezes 1.0 FTE vacant Account Clerk III, 1.0 FTE vacant Accountant III, and 1.0 FTE vacant Management Assistant in Budget Planning: Administration. This area of the department is comprised of key positions which support Fire Administration's fiscal services division and enable the department to better manage

grants which the department relies on, route invoices and payment to vendors, process payroll, and assist in the ongoing development and analysis of key programs within the department. Reductions in this area may impeded the department's ability to pay bills, apply for and manage grants, which augment the budgetary limitations of the city to pay for equipment, staff, training, and more.

- Equity Consideration: This service is not public facing, so there is little to no direct equity consideration. However, as it pertains to contract management, these positions assist in assuring the department and city remains compliant with its small and local small business contracting requirements.

5. Freezes 0.56 FTE vacant Management Intern, PT in Emergency Services Program.

- Equity Consideration: There is no discernible equity impact from this action.

6. Freezes 6.0 FTE vacant Emergency Medical Technician and 3.0 FTE vacant Community Intervention Specialist in MACRO. The purpose of MACRO is to deliver a compassionate care first response model grounded in empathy, service, and community. The goal of MACRO is to reduce responses by emergency services (Fire & Police), resulting in increased access to community-based services and resources for impacted individuals. Reduction in this area would place the task of responding to these calls back on engine companies and police officers. MACRO Crews respond to non-emergency "quality of life" calls for service in three categories: (1) Behavioral Health Issues (2) Individual Well-Being (3) Community Disturbance. Reductions to vacant positions in MACRO staffing will not impact current services, and given the limited remaining funding for this program, not filling vacant positions will allow for services to continue longer. Freezing vacant EMT staffing will not impact current services and given the limited remaining funding from the state grant, not filling vacant positions will allow for services to continue longer.

- Equity Consideration: Comprehensive data from the first two years of the program demonstrate that the MACRO program is meeting its council directed mission to increase access to community-based services and resources for impacted individuals and families, and most especially for Black, Indigenous, and People of Color (BIPOC). However, reducing the available funding for the program will not have a direct equity impact on the service model but would likely limit the program's reach and overall capacity. Over 70% of 911 calls to the Fire Department are for medical calls, with most of those calls originating from areas that are at greatest risk, according to the equity indicators report, due to higher rates of poverty, disproportionately higher rates of chronic health conditions that require ongoing medical care and less access to consistent affordable health care treatment.

Fire

FY 2025-27 PROPOSED POLICY BUDGET

SERVICES

Below is a comprehensive list of the services and activities provided by City departments to internal and external customers, which describes the City's operations throughout the Oakland community, including collaborative efforts with other governments and community partners. Internal customers include other City departments and elected officials, while external customers are comprised of residents, businesses, visitors, and similar persons.

Build Community Resilience

The Emergency Management Services Division builds community resilience through outreach efforts to engage and inform community members and partners about preparedness, response, and recovery. EMSD supports community organizations to create resilience hubs and partners with community organizations to implement special projects and build community resilience. EMSD is working to build community-level resilience by empowering neighborhood organizations and Community Emergency Response Team (CERT) members to lead their own city-developed and approved trainings to reach new audiences in all the communities of Oakland.

Code Compliance & Enforcement

The Fire Prevention Bureau conducts fire safety inspections of the City's buildings, structures, vacant lots, and cannabis operations. The Bureau also performs, what are termed state-mandated inspections, which include buildings used for public assemblies, educational purposes, institutional facilities, multi-family residential dwellings, and high-rise structures.

Community Emergency Training

The Emergency Management Services Division delivers preparedness, response, and recovery training to community members and partners which provides an enhanced pathway to a stronger and more resilient jurisdiction.

Community Outreach and Information

Conduct community outreach to engage, inform and train community members and partners in preparedness and response activities, manage the volunteer program, and disseminate public information and warnings for all hazards.

Disaster Council

The Emergency Management Services Division facilitates the Disaster Council and supports working groups as established by the Council. An accredited disaster council is required to approve disaster plans, enter into the California Master Mutual Aid Agreement, and certify Disaster Service Workers Volunteers.

Disaster Service Worker Volunteer Program and Volunteer Management

Disaster Service Worker Volunteers are an integral part of the City of Oakland's Emergency Operations Plan to respond and recover from disasters. DSW-Vs expand the capability of the City to support essential activities during emergencies and disasters. Outside of disaster operations, volunteers augment EMSD capacity to deliver outreach and training to community members and partners.

Emergency Response

The Emergency Management Services Division activates the Emergency Operations Center (EOC) for emergencies, disasters, and planned events. EMSD ensures proper processes and procedures are followed during activations as required by the Emergency Operations Plan. EMSD develops and maintains a common operating picture for situational awareness and interdepartmental collaboration. EMSD provides structure for communication flow within and across City departments and partners during activations.

Emergency Response and Communication

Develop and maintain emergency mitigation, response, recovery plans, and inventory while participating in county and regional planning and preparedness activities. Activate the EOC for emergencies and planned events. Ensure proper processes and procedures for efficient communication within and across City departments during emergencies.

Emergency Response and Recovery Training and Exercises

The Emergency Management Services Division develops and executes the city-wide training and exercise program to build emergency response and recovery capability and capacity. EMSD facilitates development and participates in execution of County and regional training and exercise programs.

Emergency Response and Suppression

The Field Operations Bureau is responsible for emergency medical response, fire suppression, mitigation of disasters and rescue activities. All Risk Mitigation.

Emergency Response, Recovery, and Mitigation Planning

The Emergency Management Services Division develops, coordinates, and maintains all City of Oakland emergency mitigation, response, and recovery plans in coordination with internal and external stakeholders. EMSD collaborates on county, regional, and state emergency planning efforts to ensure a strategic, holistic, and sustainable approach. Every 5 years, EMSD develops the Local Hazard Mitigation Plan and updates it annually. This is a requirement for the City to receive certain types of mitigation and recovery funding in a disaster and it is used as reference in the application for other grants.

Fire Dispatch and Communications

The Fire Dispatch Center serves as the first point of contact for 9-1-1 callers needing fire or medical services in the City of Oakland. Approximately 77,882 calls are processed each year by highly trained staff.

Investigations and Inspections

Investigate suspicious fires, fires resulting in injury or death, and incidents involving hazardous materials, bombs, or incendiary devices. Lead threat and hazard identification efforts to prevent, protect against, mitigate, and respond to hazards. Plan review and approvals of hazardous materials business plan inspections, underground storage tank inspections, and building plans for new construction and improvements to have required fire safety components.

Local Support (Airport Rescue Fire Fighting)

Provides Aircraft Rescue Fire Fighting (ARFF) to San Francisco Bay Oakland International Airport to comply with FAA requirements.

Local Support (Fireboat and US&R)

FEMA-sponsored Search-and-Rescue Team when requested by FEMA or CAOES, maintains the Sea Wolf and other Fire Department rescue boats. Special Operations Battalion Chief handles multi jurisdiction response with internal/external stakeholders such as (BART, Port of Oakland) Part of the county mass mutual aid system.

MACRO

The Mobile Assistance Community Responders of Oakland (MACRO) Program is a community response program for non-violent, non-emergency 911 calls. The purpose of MACRO is to meet the needs of the community with a compassionate care first response model grounded in empathy, service, and community.

Medical Services (MSD)

The Medical Services Division (MSD) is responsible for providing Oakland Fire Department personnel and Mobile Assistance Community Responders of Oakland (MACRO) responders with continuing education and training that meets the state-mandated minimum requirements for Emergency Medical Technicians (EMT) and Paramedics (EMT-P).

Procure and Maintain Emergency Resources

The Emergency Management Services Division identifies, procures, distributes, and maintains emergency resources and supplies for first responders, emergency responders, and disaster service workers.

Public Information and Warning

The Emergency Management Services Division develops Alert and Warning protocols to provide timely and actionable information to the public in an emergency. EMSD disseminates public information and warnings for all hazards in coordination with first responders, dispatch centers, and the City Communications Team. EMSD manages all alert and warning technology (including the city-wide siren system) in coordination with county, state, and federal partners.

Recruit and Training

Provide in-service training for the Fire Academy recruits. Coordinate mandated fire-specific training for all existing and recruit personnel, including state required hours of continued education to maintain certifications and licenses.

Support Services

Support Services is responsible for a broad array of administrative, financial, and programmatic service areas that are essential for maintaining operational readiness. These areas include Fleet Management, utilities, apparatus maintenance and repair, facilities, and other vital services.

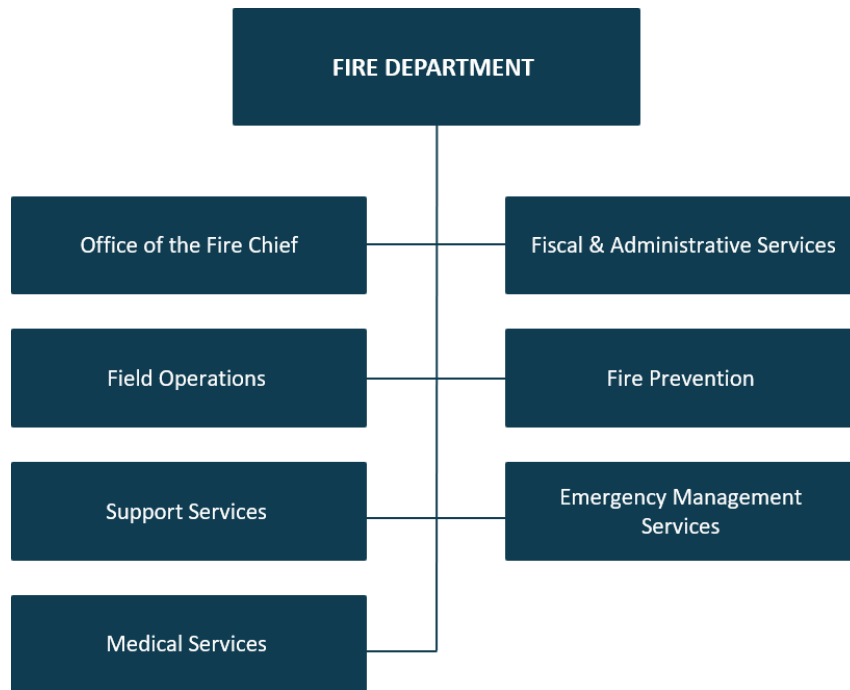

PERFORMANCE MEASURES

Performance Measures are metrics that collect information about operational activities, achievement of goals, community conditions, or other environmental factors to better understand present conditions and inform operational, managerial, policy, and community decisions. Performance Measures are composed of Service Output Measures, which describe a specific service measurement and the numerical value of that service on an annualized basis; and Equitable Service Delivery Success Standards, which describe the “gold standard” target service level for every customer/area of the City, including those who have been historically underserved, and is sometimes expressed as a percentage of the service delivery meeting a specific threshold. Service Levels are designated parameters of City operations, such as weekly facility hours, standard response times for emergency services, and standard response times for requests through OAK311.

Performance measures should identify, track, and improve access to City services for Oakland residents with a goal of continuous improvement in equitable outcomes over time through data collection and analysis. The annualized measurement provided against the Equitable Service Delivery Success Standard will be used to analyze and address areas needing improvement, including racial disparities, for equity purposes. The initial metrics chosen have a particular focus on assuring equitable service delivery to Oakland’s Black, Indigenous, and People of Color (BIPOC) residents, and selected for their potential to advance systemic change and close racial disparities in policy outcomes.

Administration will provide updated performance measures in the FY25-27 Adopted book.

ORGANIZATIONAL CHART

BUREAUS/DIVISIONS

Office of the Fire Chief

Directs overall policy, planning and management of the fire department. Responsible for providing effective leadership for the Department's operations through strategic planning, financial reporting, performance measures, staff development and training; serves as the liaison to the Oakland community, Department staff, City management, the Mayor and City Council.

Fiscal & Administrative Services

Manages entry level and promotional recruitments, performance management, worker's compensation, labor relations; provides training in labor law and practices to supervisory and executive-level staff; provides fiscal administration and analysis, grant management, and payroll and benefits services.

Support Services

The Support Services Division manages the timely and cost-effective purchase, acquisition, coordination, maintenance and/or repair of Fire Department facilities, fire apparatus, personal protective safety gear, and tool and equipment. In addition, it oversees the Operations of the Fire Dispatch Center which provides dispatch service support for emergency calls and non-emergency calls throughout the City. Coordinates with the Department of Information Technology and Oakland Police Department to implement and maintain the City's Integrated Public Safety System (IPSS).

Field Operations

Responsible for emergency medical response, fire suppression, mitigation of disasters and rescue activities. The Field Operations Bureau is the Department's largest division employing 12 Battalion Chiefs and over 482 suppression personnel. The Field Operations Bureau handles nearly 80,000 emergency incidents a year, which includes fire, rescue, medical aid and other calls for service.

Fire Prevention

Under the direction of the Fire Marshal, the Fire Prevention Bureau (FPB) provides overall fire code regulatory compliance functions for the City of Oakland. The FPB serves to directly benefit the health and life safety well-being of the entire community, through comprehensive fire protection engineering review and approval of new construction and tenant improvement plans, for fire and life safety comportment, and through comprehensive inspection and enforcement of the CA Fire Code. Annual inspection programs include: State-mandated and operational permit inspections conducted by FPB code inspectors, with non-permitted and multi-unit residential inspections performed by engine company personnel. Vegetation Management inspections in the Very High Fire Danger zones of Oakland Hills are conducted by FPB suppression district inspectors, with residential lots inspected by engine company personnel. The FPB also directly manages hazardous building referrals from engine companies for a thorough compliance enforcement follow-up; and coordinates fire cause investigations with three sworn investigators. The FPB has a very robust Public Fire Education Program (ages pre-school to seniors) that reaches thousands of citizens annually.

Emergency Management Services

In advance of any threat, hazard, technical or planned event that compromises safety and security; and overwhelms the city's ability to maintain continuity and provide services, the Emergency Management Services Division (EMSD) is in a perpetual cycle of preparedness: planning, organizing and equipping the City to not only respond to, but to recover from and mitigate against any crises that affects our city, the region, the state and beyond. Through internal and external training and exercising, we can test our capabilities, explore our vulnerabilities and evaluate and review our plans. Education of the public; enhance the CORE program and Community Emergency Response Team (CERT) training and collaboration and coordination across governments, inclusive of private partners and special districts, is paramount to the 'whole community' approach towards resilience. The EMSD works to maintain a state of readiness for the City of Oakland, aligning with state and federal legislation as well as the National Preparedness Goal.

Medical Services

Ensures voter-mandated emergency medical services to the citizens, businesses and visitors of Oakland; manages programs related to continuous paramedic training in accordance with local, state and federal guidelines; maintains inventory of equipment for Basic/Advanced Life Support and tracks and manages all licenses and certifications for all paramedics and EMTs; develops preventive health programs for the community; provides EMT and Paramedic-related classes, such as CPR, First Aid and Automated External Defibrillation. Medical Services also is home to the Mobile Assistance Community Responders of Oakland (MACRO) Program, which is a community response program for non-violent, non-emergency 911 calls. MACRO's purpose is to meet the community's needs with a compassionate care first-response model grounded in empathy, service, and community. MACRO's goal is to reduce police responses, resulting in fewer arrests and negative interactions and increased access to community-based services and resources for impacted individuals and families, most especially for Black, Indigenous, and People of Color (BIPOC).

DEPARTMENT FACTS

Established in 1869, the Oakland Fire Department (OFD) has a rich history of dedicated men and women providing the highest quality and highest level of courteous and responsive service to the residents and visitors of Oakland. This is accomplished by implementing comprehensive strategies and training in fire prevention, fire suppression, emergency medical services, and all risk mitigation, including: human-caused and natural disasters, emergency preparedness, 9-1-1 services and community-based fire services.

OFD includes:

- 493 authorized sworn personnel for fire suppression and emergency response (24-hour shifts or 40-hour position assignments)
- 136.7 authorized (full and part-time) civilian personnel
- 30 authorized trainees
- 25 Fire Stations, which includes equipment and resources such as:
 - 24 engine apparatus
 - 7 aerial apparatus
 - Hazardous materials response team
 - Technical rescue team
 - Airport rescue company
 - Water rescue team
 - Specialized wildland response apparatus
- Over 60,000 response calls annually, of which 80% are calls for emergency medical services

LIBRARY

Mission Statement

Your Oakland Public Library empowers all people to explore, connect, and grow.

The Oakland Public Library values diversity, equity, community, responsive service, adaptability, empowerment, and joy.

Learn more about who we are and what we do [here](#).

SERVICE IMPACTS & EQUITY CONSIDERATIONS

Enhancements

1. Add \$675,000 to purchase and install 300 new desktop computers (to replace current computers that are more than 10 years old) and will upgrade the network firewalls
 - Equity Consideration: This will upgrade existing public access at computing centers that service Covered Populations at 18 library locations throughout the City of Oakland.

Reductions

1. Delete 1.0 Museum Guard
 - Equity Consideration: The proposed delete is not expected to result in a discernible impact on service delivery. The position is currently vacant and not critical to the department's ability to maintain existing service levels.
2. Freeze 1.0 FTE Account Clerk III, Administrative Analyst II, Library Assistant Senior, Library Assistant PT, Project Manager, Librarian I PT, (2) 0.74 Library Aide PT, (2) 0.60 Librarian I PPT, and (3) 0.60 Library Assistant PPT.
 - Equity Consideration: The proposed freeze is not expected to result in a discernible impact on service delivery. The positions are currently vacant and not critical to the department's ability to maintain existing

service levels.

FY 2025-27 PROPOSED POLICY BUDGET

SERVICES

Below is a comprehensive list of the services and activities provided by City departments to internal and external customers, which describes the City's operations throughout the Oakland community, including collaborative efforts with other governments and community partners. Internal customers include other City departments and elected officials, while external customers are comprised of residents, businesses, visitors, and similar persons.

Safe and Comfortable Access to Facilities

Maintain 18 libraries for Oakland residents that offer a range of services and programs.

Circulation and Information Services

Provide service to customers to allow them to check out materials, return materials, obtain or replace library cards, place-holds, update account information, ask questions and receive help.

Technology Access

Provide free Wi-Fi, PCs, high-speed internet, printing, scanning, faxing, circulating hotspots and Chromebooks.

Free Online Resources

Provide e-services such as, e-books/magazines, e-audiobooks, online programs, streaming music and movies, Discover and Go, online tutoring, and subscription databases.

Social Services Resources and Information

Facilitate access to social service support for employment, taxes, housing, food, legal, education, health, etc.

Public Communication

Engage with residents and keep them informed about Library services and all the exciting activities.

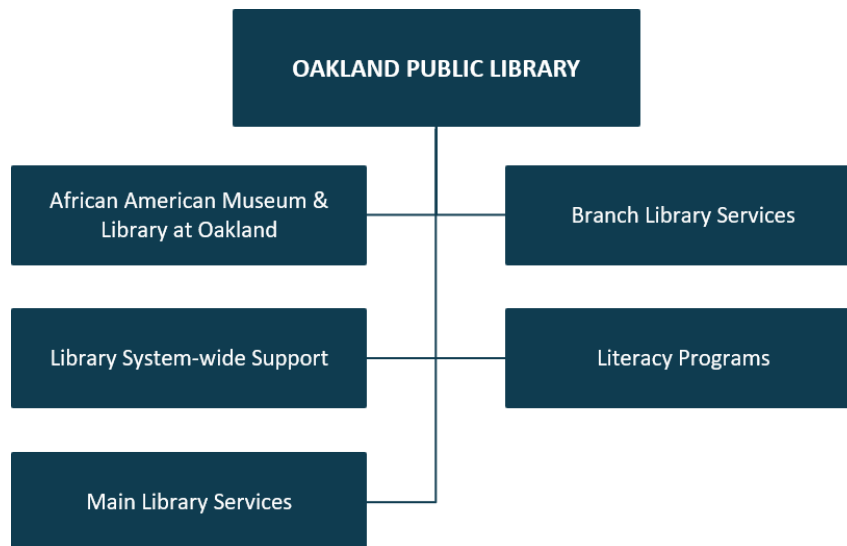

PERFORMANCE MEASURES

Performance Measures are metrics that collect information about operational activities, achievement of goals, community conditions, or other environmental factors to better understand present conditions and inform operational, managerial, policy, and community decisions. Performance Measures are composed of Service Output Measures, which describe a specific service measurement and the numerical value of that service on an annualized basis; and Equitable Service Delivery Success Standards, which describe the “gold standard” target service level for every customer/area of the City, including those who have been historically underserved, and is sometimes expressed as a percentage of the service delivery meeting a specific threshold. Service Levels are designated parameters of City operations, such as weekly facility hours, standard response times for emergency services, and standard response times for requests through OAK311.

Performance measures should identify, track, and improve access to City services for Oakland residents with a goal of continuous improvement in equitable outcomes over time through data collection and analysis. The annualized measurement provided against the Equitable Service Delivery Success Standard will be used to analyze and address areas needing improvement, including racial disparities, for equity purposes. The initial metrics chosen have a particular focus on assuring equitable service delivery to Oakland’s Black, Indigenous, and People of Color (BIPOC) residents, and selected for their potential to advance systemic change and close racial disparities in policy outcomes.

Administration will provide updated performance measures in the FY25-27 Adopted book.

ORGANIZATIONAL CHART

BUREAUS/DIVISIONS

African American Museum & Library At Oakland

This program represents the programs, collections and archives provided at the African American Museum & Library at Oakland (AAMLO) on the culture and history of African Americans in Northern California and the Bay Area.

Branch Library Services

This program represents the services provided by the 16 Branch Libraries located throughout Oakland.

Library System-Wide Support

This program represents the system-wide services provided by Administration, the Finance and Administrative Unit, Teen Services, Children's Services, Community Relations, Materials Unit, Computer Services Unit, and the Acquisitions and Cataloging Unit.

Literacy Programs

This program represents the literacy services provided by the Second Start Adult Literacy Program.

Main Library Services

This program represents the public services provided at the Main Library. These include General Reference services, the Oakland History Center, Magazines and Newspapers Room, Children's Room, Computer Lab and Circulation.

DEPARTMENT FACTS

The Oakland Public Library (OPL), founded in 1878, is the second-oldest public library in California. In addition to its Main library, 16 neighborhood branches and African American Museum & Library at Oakland (AAMLO), the Oakland Public Library is expanding its effort to engage people in the community by making resources available online. The library provides free public access to technology - computers, high-speed Wi-Fi, hotspots, and laptops - to help bridge the digital divide. Facilities, programs and services include:

- 1 main library and 16 neighborhood branches
- Second Start Adult Literacy Program
- Tool Lending Library
- African-American Museum and Library at Oakland
- 2,051,503 million items in collection
- 2.38 million physical items checked out
- 490,869 e-materials checked out
- 4,549 live and virtual programs held
- 127,934 attendees to live and virtual programs
- 168,467 uses of public internet computers
- 1,947,657 virtual visits to the library website

FY 2025-27 PROPOSED POLICY BUDGET

PARKS, RECREATION, & YOUTH DEVELOPMENT

Mission Statement

With an emphasis on Oakland's youth, OPRYD believes that parks change lives by empowering communities to play, connect, explore and engage. By providing open spaces, recreational activities, and equitable services, we strive to develop resilient children and robust communities. Through intentional partnerships, we can build safer, stronger and more engaged neighborhoods.

We imagine an Oakland where all have access to safe, green parks; culturally relevant, age-appropriate programming; and a lifetime's worth of recreational opportunities.

Learn more about who we are and what we do [here](#).

SERVICE IMPACTS & EQUITY CONSIDERATIONS

Enhancements

1. Adds \$825,000 in O&M for the youth summer programs and camps. These funds would secure and fund several summer programs and camps provided by the City.
 - Equity Consideration: These programs help prevent summer learning loss, support working families, reduce youth involvement in risky behaviors, and promote long-term educational and economic mobility. Additionally, youth summer programs are an essential resource to close opportunity gaps by providing access to academic support, enrichment, career exposure, and safe, structured environments—especially for low-income and historically marginalized youth.

Reductions

1. Deletes \$195,000 in O&M for the West Oakland Youth Center (WOYC) Program.
 - Equity Consideration: OPRYD participant demographics for the area surrounding WOYC, (deFremery Rec. Center 94607 and Willie Keyes Rec. Center 94608), 77% of participants are people of color. Eliminating services in this area would have a significant equity impact.
2. Deletes \$113,010 in O&M for Cultural Arts, Nature, & Science (CANS) programs.
 - Equity Consideration: The Cultural Arts, Nature, & Science (CANS) programs offer immersive experiences in arts, culture, and nature for all ages. CANS fosters creativity and knowledge through diverse artistic expressions, cultural exploration, and encounters with the natural world.
3. Freezes 1.0 FTE Facility Manager. There is no service impact as the position was vacant.
 - Equity Consideration: There is no discernible equity impact from this action.
4. Deletes 2.0 FTE Public Service Representative. There is no service impact as the positions were vacant.
 - Equity Consideration: The positions were intended to bridge the communication gap with City staff and the public around OPRYD topics. Eliminating these positions would likely result in a significant backlog of public concerns and decreased efficiency in addressing public inquiries.
5. Deletes 6.54 FTE for recreation services and programs. There is no service impact as the positions were vacant.
 - Equity Consideration: Reducing recreation programs can limit access to affordable activities, especially for low-income families, youth, seniors, and marginalized groups. These programs often serve as vital spaces for physical health, youth development, social connection, and community inclusion. Their reduction can widen existing health, economic, and social disparities, particularly in underserved communities that rely most on public services for well-being, safety, and opportunity.
6. Freezes 17.71 FTE for recreation services and programs. There is no service impact as the positions were vacant.
 - Equity Consideration: Reducing recreation programs can limit access to affordable activities, especially for low-income families, youth, seniors, and marginalized groups. These programs often serve as vital spaces for physical health, youth development, social connection, and community inclusion. Their reduction can widen existing health, economic, and social disparities, particularly in underserved communities that rely most on public services for well-being, safety, and opportunity.

Parks, Recreation, & Youth Development

FY 2025-27 PROPOSED POLICY BUDGET

SERVICES

Below is a comprehensive list of the services and activities provided by City departments to internal and external customers, which describes the City's operations throughout the Oakland community, including collaborative efforts with other governments and community partners. Internal customers include other City departments and elected officials, while external customers are comprised of residents, businesses, visitors, and similar persons.

Community Centers, Programs, & Services

Provide instruction in recreation with an emphasis on youth development. Provide information and access to the Arts, Nature, Sciences, and out-of-school Enrichment programs. The programs offered are Town Summer Camp, and a camp for Tennis, Golf, Boating and Nature.

Sports

Provide opportunities for organized sports and sports leagues that includes fitness, tennis, golf, swimming, boating, and traditional court and field sports. Sport field rental is also offered.

Facility Services

Provide facility & park rentals to allow for events, social and cultural interactions. Includes parking staff, park & restroom closure, enterprise facility attendant, and transportation.

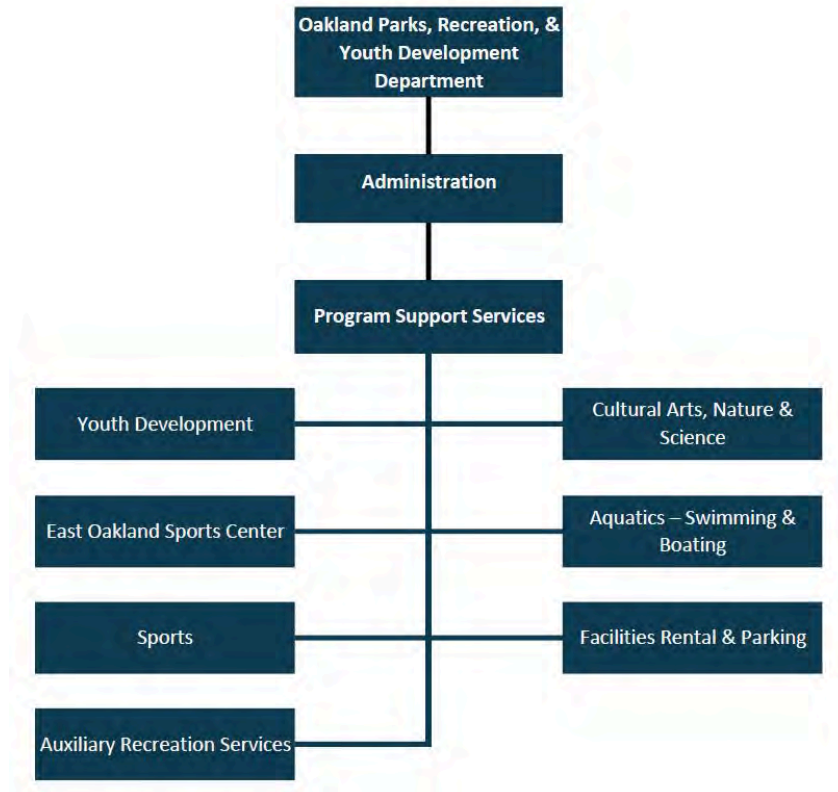

PERFORMANCE MEASURES

Performance Measures are metrics that collect information about operational activities, achievement of goals, community conditions, or other environmental factors to better understand present conditions and inform operational, managerial, policy, and community decisions. Performance Measures are composed of Service Output Measures, which describe a specific service measurement and the numerical value of that service on an annualized basis; and Equitable Service Delivery Success Standards, which describe the “gold standard” target service level for every customer/area of the City, including those who have been historically underserved, and is sometimes expressed as a percentage of the service delivery meeting a specific threshold. Service Levels are designated parameters of City operations, such as weekly facility hours, standard response times for emergency services, and standard response times for requests through OAK311.

Performance measures should identify, track, and improve access to City services for Oakland residents with a goal of continuous improvement in equitable outcomes over time through data collection and analysis. The annualized measurement provided against the Equitable Service Delivery Success Standard will be used to analyze and address areas needing improvement, including racial disparities, for equity purposes. The initial metrics chosen have a particular focus on assuring equitable service delivery to Oakland’s Black, Indigenous, and People of Color (BIPOC) residents, and selected for their potential to advance systemic change and close racial disparities in policy outcomes.

Administration will provide updated performance measures in the FY25-27 Adopted book.

ORGANIZATIONAL CHART

BUREAUS/DIVISIONS

Youth Development

Core Services

With equity central to the mission, OPRYD provides services throughout Oakland. Resources include 149 parks, 68 ball fields, 42 tennis courts, 24 community centers, 6 swimming pools, 3 Cultural Arts facilities, 2 boating centers, 1 inclusion center and citywide youth programming. OPRYD aims to create supportive environments for citizens and visitors to explore their interests, develop new skills and gain knowledge through social, athletic, civic, artistic, health and wellness activities. This is achieved by accessing resources facilitated by exceptional staffs that are skilled and trained professionals.

Town Camp & Town Enrichment

Town Camp is our summer camp model providing youth experiences to learn, create and play. Town Enrichment is our after-school model offering learning assistance as well as structured play activities. Our Inclusion Program also includes learn and play activities for our youth with developmental and physical challenges.

Town Camp allows participants to learn leadership skills and develop self-confidence in a safe and inclusive environment. Town Camp is an 8-week summer experience that aids our youth ages 5-12 with academic, enrichment, and recreational programs. Each week of camp incorporates an exciting theme, including crafts, games, sports, and cooking projects. Our “Reading is Fun” and “Math Power Hour” reinforce positive skills. Participants will build self-confidence, healthy living, and personal growth.

Our Town After School Program (TAP) provides structured games and activities, homework assistance, and Science, Technology, Engineering, Arts, & Math (STEAM) activities. Creative play is a central theme that focuses on developing much-needed social and emotional skills. Cultural Awareness projects are integrated into the curriculum allowing participants to explore diverse perspectives, ideas, beliefs, and customs. OPRYD’s Town After School Program is a place where every child can learn and explore in a safe and enriching environment. Our program extends your child’s school day experience and is a part of your community.

Inclusion Recreation programs and services support youth with developmental and physical challenges. The programming provides opportunities for youth to learn and play.

Cultural Arts, Nature & Science

Cultural Arts Nature & Science provides a new era of experiential opportunities that appeal to our communities through arts, culture and nature. Committed to enriching and invigorating the spirit of youth and adults, Cultural Arts Nature & Science will cultivate cultural richness for the Oakland community, while integrating and exposing communities to technological advances in STEM/STEAM.

Sports

The Sports program aims to provide an extraordinary variety of athletic and leisure opportunities that meet the interests and needs of a broad range of citizens and visitors. Participants will develop physically, intellectually and personally, all while having fun.

Aquatics - Swimming & Boating

Aquatics & Boating offer a range of skills in water safety. Based on personal goals, participants can learn to swim and progress to competitive swim. Boating courses are offered at Lake Merritt and Jack London Square to navigate water vessels.

East Oakland Sports Center

East Oakland Sports Center (EOSC) is an affordable fee-based membership to a state-of-the art facility providing exercise equipment, lap swim, and exercise classes to encourage health and healthy lifestyle. EOSC also offers personal training, dance, and self-defense classes for additional fees.

Facilities Rental & Parking

OPRYD Enterprise Facilities are affordable and offer perfect rental options for business and community meetings, ceremonies, receptions, parties and walk-a-thons in beautiful open park settings. Tables, chairs, approved caterers, commercial kitchens and party rentals are available at a nominal fee. Guests can celebrate inside and outside in quaint and serene settings making events memorable.

There are 8 Enterprise Facilities available for rent: Jack London Aquatic Center, Joaquin Miller Community Park Garden Center, Leona Lodge, Morcom Rose Garden, Sequoia Lodge, Park Garden Center, Leona Lodge, Morcom Rose Garden, Sequoia Lodge, and the Dunsmuir Hellman Historical Estate. Fee-based parking is offered at Lake Merritt.

Auxiliary Recreation Services

Auxiliary Recreation Services primarily consists of the Oakland Park Stewards, park Barrier & Bathroom closures, and coordination of citywide transportation and fleet management. The Oakland Park Stewards focus on providing community outreach; delivery information and resources throughout the city, especially at popular park venues. Additionally, the Auxiliary Recreation Services unit supports our youth development programs via the coordination of transportation. Lastly, the Bathroom & Barrier closure crew secures bathroom facilities at designated locations throughout the City, to ensure the health and safety of park visitors and security of our assets.

DEPARTMENTAL FACTS

With an emphasis on Oakland's Youth, Oakland Parks, Recreation, and Youth Development (OPRYD) and its partners provide best in class, relevant and equitable programs and services, while meeting the specific needs of people and communities both at the neighborhood level and regionally throughout the City of Oakland. We achieve this mission through intentional engagement and by removing the barriers that prohibit equitable opportunities for all. OPRYD offers critical quality-of-life programming in areas of enrichment, cultural arts, youth development, sports and physical activities, health and wellness, water safety, and other leisure activities for adults, youth, and children. Programs and Camps at recreation centers, pools and parks are part of the efforts to promote health, stem obesity, and encourage civic participation, personal development, and empowerment.

OPRYD operates:

- 2,500 acres of open space
- 140 Parks
- 66 Ball Fields
- 44 Tennis Courts
- 38 Recreation Facilities
- 24 Recreation Centers
- 5 Pools
- 2 Boating Centers

- 2 Discover Science Centers
- Digital Arts and Culinary Academy Center
- Malonga Casquelourd Center for the Arts with 74-single room occupancy apartments available for rent to local artists
- Studio One Art Center
- Nature Center (reopened February 2019)
- East Oakland Sports Complex with Indoor Water Park
- Inclusion Center with 3 Extension Programs
- 14 Rental Venues
- 17 Community Gardens
- 5 Dog Play Areas; 22 Dog Friendly Parks
- 3 Golf Courses
- 2 Skate Parks
- A host of other public facilities and programs which are designed for tiny tots to seniors, collectively serving over 95,000 enrolled participants and over a million drop-in users annually.

HUMAN SERVICES

Mission Statement

The Human Services Department (HSD) promotes the health, education and well-being of Oakland children, youth, families, single adults and seniors by providing free resources and programs to build strong Oakland communities through civic engagement with the support of grassroots leadership. We collaborate with a diverse group of local organizations to eliminate poverty, economic and racial disparities by addressing the current and emerging needs of the community.

Learn more about who we are and what we do [here](#).

SERVICE IMPACTS & EQUITY CONSIDERATIONS

Enhancements

1. Adds 1.0 FTE Administrative Services Manager II for Human Services Fiscal Operations.
 - Equity Consideration: There is no discernible equity impact from this action.
2. Adds 2.0 FTE Administrative Analyst I for Fiscal Operations and Community Housing Services and 1.0 FTE Administrative Analyst II for Aging & Adult Services. These analysts are crucial to these three divisions within Human Services to better evaluate and improve departmental processes, policies, and operations to increase efficiency and effectiveness. They collect and analyze data, prepare reports, and make recommendations to help departments make informed decisions and solve administrative problems.
 - Equity Consideration: The Human Services Department provides programs and support to improve the well-being of individuals and families, especially those facing economic hardship, health challenges, or social disadvantages. Services provided to Oaklanders often include housing assistance, food programs, child welfare, mental health support, employment services, and aid for seniors and people with disabilities.
3. Adds 1.0 FTE Case Manager I for Aging & Adult Services. Case managers are often the main point of contact for seniors. The City provides programming that support independence, safety, health, and active living for seniors. We work with community partners to deliver services that include care management, jobs, training,

volunteering, recreation and transportation assistance. This position would increase the department's capacity to deliver and provide senior programs and services.

- Equity Consideration: There are an estimated 60,000 Oakland residents who are over the age of 65. The programs and services provided by the City focus on ensuring fair and equal access to resources and opportunities for older individuals, particularly within the context of housing, healthcare, financial security, and independence.
4. Restores 1.0 FTE Deputy Director, Housing for Community Housing Services.
- Equity Consideration: The Community Homeless Services division provides housing and services to approximately 2,500 homeless individuals. Of those, more than 60% are Black or African American, reflective of the disproportionate number of Black or African American, and LatinX people who are experiencing homelessness relative to the overall racial demographics of the City.

Reductions

1. Reduces \$1,328,000 in FY 2025-26 and \$495,000 in FY2026-27 in O&M funding for the Kids First allocation based on a decrease in General Purpose Fund unrestricted revenues per the City Charter. The Kids First program contracts with community organizations to provide services to children.
 - Equity Consideration: This decrease impacts vulnerable children in Oakland's BIPOC low-income communities. Oakland Kids First works with 125 core youth leaders and 3,400 additional high school students each year across programs. Kids First programs advance safe and caring school cultures, support youth to advocate for their needs and priorities, and improve educational equity, racial justice, and academic outcomes for low-income students of color.
2. Deletes 1.0 FTE Health & Human Services Program Planner in Community Housing Services. Planner's role is to write scope of work, develop programmatic budgets, negotiate contracts, write and edit council reports and resolutions, supervise staff, develop data reports, complete funder reports, meet with providers regarding programmatic and funding concerns, and be the liaison for outside agencies as well as present reports to city council and other leadership departments.
 - Equity Consideration: The Community Homeless Services division provides housing and services to approximately 2,500 homeless individuals. Of those, more than 60% are Black or African American, reflective of the disproportionate number of Black or African American, and LatinX people who are experiencing homelessness relative to the overall racial demographics of the City.
3. Deletes 1.0 FTE Case Manager I for Community Housing Services. Case managers are often the main point of contact for a person navigating the homelessness system and are critical in helping break the cycle of homelessness. This reduction would decrease the department's capacity to assess the effectiveness of homelessness services.
 - Equity Consideration: The Community Homeless Services division provides housing and services to approximately 2,500 homeless individuals. Of those, more than 60% are Black or African American, reflective of the disproportionate number of Black or African American, and LatinX people who are experiencing homelessness relative to the overall racial demographics of the City.
4. Transfers 3.0 FTE Custodian and 1.0 FTE Custodian Supervisor positions from the Human Services Department to Oakland Public Works. These positions were no longer needed in HSD due to the reduced hours to Oakland's Senior Centers.
 - Equity Consideration: There is no discernible equity impact from this action.
5. Freezes 1.0 FTE Agency Administrative (Fiscal) Manager for 6 months in FY25-26. The Fiscal Manager is responsible for managing a complex budget composed of federal, state, and local revenues and ensuring compliance with the associated regulations and managing annual audits. The Fiscal Manager supports the

Executive Team in monitoring expenditures and identifying opportunities to increase efficiencies and maximize the impact of resources on community services. The Fiscal Manager also leads the department's two-year budget development process and ensures compliance with complex grant regulations and contracting requirements.

- Equity Consideration: There is no discernible equity impact from this action.

Human Services

FY 2025-27 PROPOSED POLICY BUDGET

SERVICES

Below is a comprehensive list of the services and activities provided by City departments to internal and external customers, which describes the City's operations throughout the Oakland community, including collaborative efforts with other governments and community partners. Internal customers include other City departments and elected officials, while external customers are comprised of residents, businesses, visitors, and similar persons.

Food Distribution Programs

HSD has food distribution programs that assist seniors, people experiencing homelessness, low-income residents experiencing food insecurity, low-income families, and youth. The largest program is the Summer Food Service Program where HSD delivers summer lunches to 60+ community sites including OPRYD and OPL.

Senior Centers

Four senior centers, located throughout the City of Oakland, provide health, social, recreational, entrepreneurial, nutritional and educational activities to older adults in our community.

Multipurpose Senior Services Program (MSSP)

The Multipurpose Senior Services Program (MSSP) helps vulnerable seniors stay safe and independent in their own homes by providing case management, equipment, supplies and in home support. MSSP prevents up to 350 fragile seniors from nursing home placement.

Paratransit for the Elderly and Disabled Adult (OPED)

Oakland Paratransit for the Elderly and Disabled Adult (OPED) provides transport to residents 18 years or older with mobility disabilities and seniors 70 or older living in Oakland or Piedmont to enhance access transportation beyond traditional programs and services.

Senior Companions & Foster Grandparents Programs

Senior Companions provides assistance to adults with physical, emotional or mental health limitations, most of whom are elderly. These clients have difficulties with daily living tasks and Senior Companions help them retain

their dignity and independence. Foster Grandparent volunteers have shared their wisdom and experience with children.

Senior ASSETS Employment Program

The ASSETS Program helps low-income adults age 55 and older with employment training and job placement.

Senior Information and Referral Services

Adult and Aging Services links individuals 60 years of age and older who need assistance to community resources such as housing, enrollment in MediCal and MediCare, food programs and other critical assistance.

Senior Wellness Connection

This program offers community based case management to low income, vulnerable seniors 50 years and older to connect them with services for food, housing, mental health, and healthcare insurance programs.

Emergency Shelters & Transitional Housing

Supports over 1000 safe beds/spaces for people experiencing homelessness with access to emergency shelter, transitional housing and rapid rehousing.

Employment Programming for Unhoused Residents

Benefits advocacy and employment services for people who are unhoused.

Unhoused Outreach & Health & Hygiene Interventions

Street outreach to connect people experiencing homelessness with services. Portapotties, mobile showers and wash stations are provided at over 30 encampment sites.

Unhoused Housing Subsidies & Permanent Housing Interventions

Short and long term subsidies are offered to support people experiencing homelessness to maintain housing, including RRH programs and OPRI. Supportive services contracted through nonprofits to support people once they have been housed.

Homelessness Supportive Services

Through grants to non-profits, this program connects individuals experiencing homelessness with supportive services such as health insurance, public benefits and Social Security Disability Insurance advocacy.

Homeless Street Outreach

This intervention provides street-based and encampment-based outreach to connect people experiencing homelessness to resources and shelter.

Capacity Building & Technical Assistance for Non-Profits

This program provides resources to small, Oakland based non-profits to empower them to compete for government grants and other funding opportunities for homelessness services.

Safe Parking Sites

This program provides safe parking for over 200 households at 3 RV safe parking sites and 2 passenger vehicle sites.

Job Training and Employment for Low-Income Residents

Through grants to non-profits, provides entrepreneurship/job training and employment placement opportunities to BIPOC residents with low income.

Financial Support Services

Through grants to non-profits, provides tax prep, second chance banking accounts, financial coaching, debt reduction, and credit repair.

Youth and Family Services

Supports through non-profit grants after-school, academic and youth development services, family resource centers at schools, parent engagement, community sites, and safe spaces for specific youth populations.

Youth Employment, Leadership & Development

Supports through non-profit grants youth job training, internships and placement, and support services.

Mobile Classroom Intensive Early Childhood Services

Mobile early childhood education and intensive case management for families who are currently experiencing homelessness.

Child Development Centers

HSD runs 14 Centers across Oakland providing education & child development services to over 700 children from low-income families.

Early Childhood Home Based Program

Education & Child Development services provided to over 250 children in their homes.

Early Childhood Family Services

Provides support services to the entire family and assists parents in their personal and family development.

Early Childhood Health Services

Provides high-quality health, oral health, mental health, and nutrition services that are developmentally, culturally, and linguistically appropriate and that will support each child's growth and school readiness.

Early Childhood Disability Services

Meets the individualized needs of children with disabilities, and ensures all children have access to and can fully participate in the full range of activities and services.

Boards and Commissions

Staffs and supports 10 City Boards & Commissions: the Mayor's Commission on Aging, the Senior Center Advisory Boards at each of the four Senior Centers, the Alameda County-Oakland Community Action Partnership Administrating Board, the Kids First Oversight Commission, the Oakland Youth Advisory Commission, the Head Start Policy Council, and the Head Start Advisory Board.

Resilience and Trauma Informed Systems Work

Supports resilience in communities after trauma and to create trauma-informed systems of care.

Administration & Grant Management

Monitors department budget, pays vendors, prepares reports, and manages various grant programs.

Policy & Planning

Provides overall direction, strategy and supervision for the department. Ensures strong collaboration with external agencies such as OUSD and Alameda County.

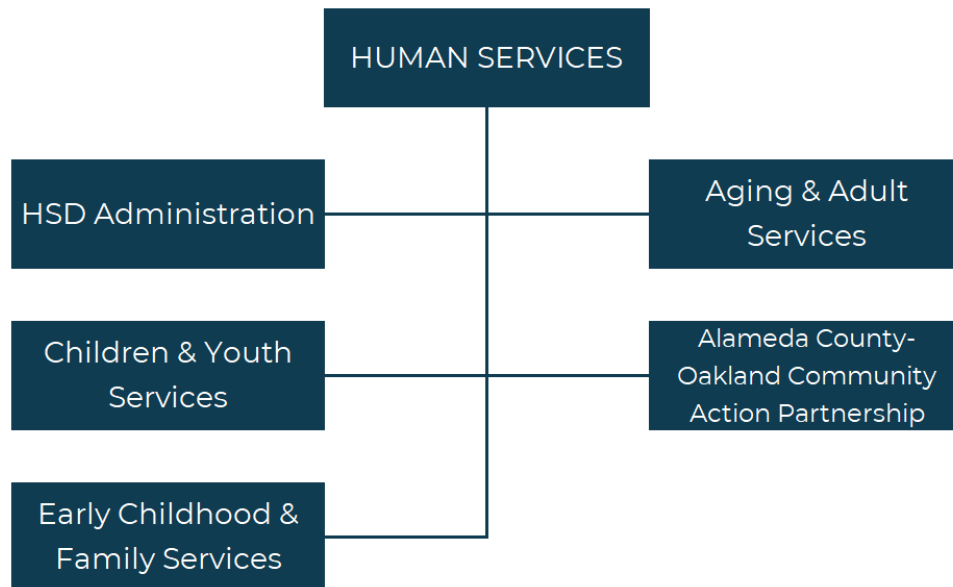

PERFORMANCE MEASURES

Performance Measures are metrics that collect information about operational activities, achievement of goals, community conditions, or other environmental factors to better understand present conditions and inform operational, managerial, policy, and community decisions. Performance Measures are composed of Service Output Measures, which describe a specific service measurement and the numerical value of that service on an annualized basis; and Equitable Service Delivery Success Standards, which describe the “gold standard” target service level for every customer/area of the City, including those who have been historically underserved, and is sometimes expressed as a percentage of the service delivery meeting a specific threshold. Service Levels are designated parameters of City operations, such as weekly facility hours, standard response times for emergency services, and standard response times for requests through OAK311.

Performance measures should identify, track, and improve access to City services for Oakland residents with a goal of continuous improvement in equitable outcomes over time through data collection and analysis. The annualized measurement provided against the Equitable Service Delivery Success Standard will be used to analyze and address areas needing improvement, including racial disparities, for equity purposes. The initial metrics chosen have a particular focus on assuring equitable service delivery to Oakland's Black, Indigenous, and People of Color (BIPOC) residents, and selected for their potential to advance systemic change and close racial disparities in policy outcomes.

Administration will provide updated performance measures in the FY25-27 Adopted book.

ORGANIZATIONAL CHART

BUREAUS/DIVISIONS

Administration

Administration provides overall management and administration and fiscal support to all Human Services Department (HSD) Divisions. Administration includes liaison with elected official, legislative advocacy, fund development, intergovernmental relations, supporting multi-agency initiatives, policy development, and departmental communications, human resources and payroll support. Fiscal management includes budgeting, audits, grants monitoring and accounting. Administration also manages a Substance Abuse and Mental Health five-year initiative to create community resilience, support the department's transformation into a trauma informed system of care, and program policy and services that are trauma informed and crafted to speak to and address racial equity.

Aging & Adult Services

Provide a comprehensive and coordinated network of support services, information and referrals, and activities for seniors and persons with disabilities. Programs include: The ● **Multi-Purpose Senior Services Program (MSSP)** which supports frail seniors and persons with disabilities to remain independent; ● **Senior Companion and Foster**

Grandparent (SC/FG) Programs which offer volunteer opportunities for seniors to work with frail-elderly and at-risk children; and the ● **ASSETS program** which provides low-income seniors with employment training services and job placement. ● **Oakland Paratransit for the Elderly and Disabled (OPED)** provides paratransit services which augment the County's paratransit program. OPED is funded by Alameda County Measure B Transportation Initiative and is augmented by Measure BB. Additionally, City-sponsored Senior Centers offer culturally appropriate and accessible social, nutrition, education and wellness programming for seniors throughout the City. Senior Centers have extended their reach to members by offering online and televised classes to create Senior Centers Without Walls. Technology education, equipment lending, and a contactless registration system are addressing evolving senior needs for communication and other resources. Rental of City-owned senior facilities generate revenue to support senior activities. The ● **Mayor's Commission on Aging** provides advocacy and policy direction on senior issues and promotes Oakland as an Age Friendly City under the World Health Organization's international initiative.

Alameda County-Oakland Community Action Partnership

Alameda County-Oakland Community Action Partnership (AC-OCAP) manages the City's and Alameda County's Community Services Block Grant funds which are dedicated to ending poverty within the City of Oakland and throughout Alameda County. AC-OCAP's mission is to improve the community by creating pathways that lead to economic empowerment and prosperity. Initiatives include hunger relief, employment strategies, housing advocacy, low-income banking efforts, and free tax preparation and promotion of the Earned Income Tax Credit.

Children & Youth Services

The Oakland Fund for Children & Youth (OFCY) fosters the development of young people ages 0 to 20 by providing grant funds for services and programs that improve outcomes for children and youth. The Planning and Oversight Committee provides policy recommendations to the City Council and oversees strategic planning, evaluation and grant-making through a competitive proposal process. A City Charter amendment (1996 Measure K – Kids First! voter initiative) established OFCY as a mandated set aside of funds, later amended by Measures OO and D, resulting in a 3% set aside of the City's unrestricted general fund revenues for children's programs. Legislation requires completion of an OFCY Strategic Plan every four years and a comprehensive evaluation of OFCY annually. Programs strategies include comprehensive afterschool, youth transitions, and early childhood development. The Division also manages the Oakland Youth Commission which gives youth the opportunity to build leadership skills and participate in civic activities. The Summer Food Service program delivers free, healthy nutritious lunches to low-income school-aged children in Oakland neighborhoods and community sites including libraries and recreation centers during the summer months. The Sugar Sweetened Beverage (SSB) Distribution Tax program and its Advisory Board is also supported by this Division. SSB includes public health messaging, community grants, and investments in healthy living and community nutrition to prevent or reduce the adverse health outcomes of the consumption of sugar sweetened beverages.

Early Childhood & Family Services

The ● **City of Oakland Head Start Program** provides care and education, comprehensive support, and family services to over 1,006 low-income families. Children who are 0-5 years of age can attend the program either at centers or in their own home. Head Start also serves pregnant mothers and prioritizes young, first time mothers and Black, Indigenous, and people of color (BIPOC) women. We partner with parents to develop learning and

growth plans for each child to ensure healthy development and to prepare them for success in Pre-K and Kindergarten. The comprehensive services we provide support the growth and development of children and pregnant mothers by addressing developmental learning, mental health and disabilities, physical health, nutrition and family needs.

The program provides direct services to families at thirteen centers located in the most underserved areas of Oakland. We also offer virtual learning and homebased programs. In addition to direct services, we manage grants to three partner organizations: Brighter Beginnings, St Vincent's Day Home, and Laney Community College and one delegate agency, The Unity Council, to serve additional families across Oakland. We ensure that our partners and delegate agency meet quality standards for service delivery and the federal requirements of Head Start and City of Oakland priorities.

Head Start is a US Department of Health and Human Services (HHS) program. The HHS Poverty Guidelines determine income eligibility for participation in Head Start and Early Head Start programs. Unhoused foster children and families who receive TANF (temporary assistance to needy families) funds are automatically eligible.

The City of Oakland program is governed by a Policy Council, comprised of parents as well as an Advisory Board, made up of Oakland leaders focused on Early Childhood Development, with decision making authority that contributes to policy and program guidelines and ensures the implementation and achievement of federal requirements.

DEPARTMENT FACTS

Oakland's Human Services Department provides services to promote equity and resilience for Oakland residents, many of whom are low income and/or experiencing a life crisis such as homelessness.

Some of the work we accomplished In FY 21-22 included:

- 4 Senior Centers provided case management services, social activities, and food distribution to over 3,200 Seniors.
- Information and Assistance programs for seniors provided information, referral and follow up services to support more than 4,000 vulnerable Oakland seniors during the pandemic.
- AC-OCAP funding allowed for 17,680 individuals to receive food assistance.
- 4,560 Oakland low-wage earners received free tax preparation services through AC-OCAP's signature.
- Earned Income Tax Credit (EITC) Campaign resulting in \$8,523,000 being returned into the pockets of Oakland's low-income households.
- OFCY Request for Proposal for the FY2022-2025 grant cycle was released in January 2021 and resulted in 149 programs being funded for approximately \$19M for FY22-23.
- The Head Start program is funded to serve 674 children 0-5 years of age and expectant parents.
- MSSP supported more than 500 seniors that assisted with health and daily living activities that enabled them to continue living independent and dignified lives.
- 2,339 clients were served in homeless & housing programs; 589 in Permanent Housing.

- 258 AC-OCAP Families Received Transitional Housing/Emergency Shelter and 50 Families Obtained/Maintained Permanent Housing.

ANIMAL SERVICES

Mission Statement

The mission of Oakland Animal Services is to improve the lives of people and animals in our community by assisting injured wildlife, facilitating adoption of shelter animals, supporting guardians of companion animals, combating animal cruelty and neglect, and when needed, serving as the safety net for the neediest animals living in the City of Oakland.

Learn more about who we are and what we do [here](#).

SERVICE IMPACTS & EQUITY CONSIDERATIONS

Enhancements

1. Deletes 1.0 FTE vacant Executive Assistant to the Director and replaces it with 1.0 FTE Administrative Analyst I whose duties are more in line with the duties that need to be completed at Animal Services. This position will be the SPOC, assist with payroll, paying invoices and other administrative duties. Additionally, this position can assist in the timely processing of contracts for things such as Emergency Medical Services, tracking the OAS fleet to ensure timely repairs are made, and submitting and monitoring Oak311 facility maintenance requests to keep the facility in good working order.
 - Equity Consideration: This position will work with equal access to ensure our documents are accessible in multiple languages and available to everyone. As the SPOC, they will be the contact person for the rest of city and assist with hiring and ensure we are compliant with the language requirements for the staff.

Reductions

1. Freezes 1.0 FTE Director of Animal Services. The Shelter Operations Manager will absorb some of the management duties potentially delaying administration activities, reducing contact with other departments and participation in city-wide meeting and activities. This position is currently filled by one of our Deputy City

Administrator. This reduction will not impact frontline services however it will delay implementation of ongoing projects such as the rewriting and adoption of an updated municipal code, development of new internal policies and procedures, addressing more complex management challenges that require director-level oversight, and efforts at identifying additional outside resources to support the OAS operations.

- Equity Consideration: This position oversees the department and all its programs. A lack of full-time leadership will reduce the ability to oversee the programs to ensure that the shelter programs and process are equitable among the staff and the citizens.

2. Deletes 7.0 FTE vacant positions: 3.0 FTE Animal Care Attendant; 1.0 FTE Animal Control Officer; 1.0 FTE Public Service Representative, PPT; 1.0 FTE Public Service Representative, Senior; and 1.0 Registered Veterinary Technician. There is no direct service impact as these positions have been vacant.

- Equity Consideration: There is no discernible equity impact from this action.

Animal Services

FY 2025-27 PROPOSED POLICY BUDGET

SERVICES

Below is a comprehensive list of the services and activities provided by City departments to internal and external customers, which describes the City's operations throughout the Oakland community, including collaborative efforts with other governments and community partners. Internal customers include other City departments and elected officials, while external customers are comprised of residents, businesses, visitors, and similar persons.

Animal Care for State Mandated Animals

Clean and care for over 4,300 animals housed annually in the shelter, including vaccination and disease observation for stray dogs and sick or injured cats.

Animal Care for OMC Mandated Animals

Clean and care for over 3,000 animals housed annually in the shelter, including vaccination and disease observation for owner surrendered dogs, cats and other species.

Veterinary Care for State Mandated Animals

Provide triage medical care for animals in distress, spay/neuter services for over 4,300 shelter animals, oversee use of controlled substances and protocols for individual animal care and public health. Provide after hours emergency care for sick and injured animals.

Veterinary Care for OMC Mandated Animals

Provide triage medical care for animals in distress, spay/neuter services for over 3,000 animals, oversee use of controlled substances and protocols for individual animal care and public health.

Animal Placement

Provide live outcomes for animals, through adoption, transfer, and return-to-home/field.

Customer Services

Respond to phone calls and in-person requests for entry to provision of services, such as intake, adoptions, returns to owner, license sales.

Field Services, Public Safety

Respond to exigent needs in the community regarding sick, injured, and potentially dangerous animals. Including police backup when animals are present. Transportation of animals, patrol, and dispatch across City 24/7.

Field Services, Public Health

Quarantine rabies vector animals for bites to humans. Report State and Federally monitored diseases to appropriate Public Health Department. Coordinate with Public Health Departments regarding response to disease detections and outbreaks.

Field Services

Respond to public requests to assist approximately 1,100 injured wildlife, pick up stray or deceased animals and respond to barking dog complaints.

Field Services, Legal Cases

Respond to potential violations of State and Oakland animal welfare laws, including animal cruelty. Investigate and prepare proper legal documentation, including court appearances, coordinating with City Attorney and District Attorney offices.

Euthanasia Services

Provide humane euthanasia for sheltered animals when elected as the most humane and safest outcome and properly dispose of deceased animals.

PERFORMANCE MEASURES

Performance Measures are metrics that collect information about operational activities, achievement of goals, community conditions, or other environmental factors to better understand present conditions and inform operational, managerial, policy, and community decisions. Performance Measures are composed of Service Output Measures, which describe a specific service measurement and the numerical value of that service on an annualized basis; and Equitable Service Delivery Success Standards, which describe the “gold standard” target service level for every customer/area of the City, including those who have been historically underserved, and is sometimes expressed as a percentage of the service delivery meeting a specific threshold. Service Levels are designated parameters of City operations, such as weekly facility hours, standard response times for emergency services, and standard response times for requests through OAK311.

Performance measures should identify, track, and improve access to City services for Oakland residents with a goal of continuous improvement in equitable outcomes over time through data collection and analysis. The annualized measurement provided against the Equitable Service Delivery Success Standard will be used to analyze and address areas needing improvement, including racial disparities, for equity purposes. The initial metrics chosen have a particular focus on assuring equitable service delivery to Oakland’s Black, Indigenous, and People of Color (BIPOC) residents, and selected for their potential to advance systemic change and close racial disparities in policy outcomes.

Administration will provide updated performance measures in the FY25-27 Adopted book.

ORGANIZATIONAL CHART

BUREAUS/DIVISIONS

Oakland Animal Services

The Oakland Animal Services (OAS) program is dedicated to improving the relationship between Oakland residents and its animals through the delivery of effective, courteous, and responsive animal care and control services. Ensuring both public safety and animal welfare, OAS responds to animal-related calls for service including helping stray, injured, abandoned, neglected, and mistreated animals, and enforces all state and local animal welfare laws within the City.

ECONOMIC & WORKFORCE DEVELOPMENT

Mission Statement

The department's mission is to ensure Oakland's economy is strong, equitable, and benefits all Oaklanders. We do this by working to close equity gaps in access to jobs, business ownership, housing, and goods and services; increasing investment in Oakland; and helping grow the City's revenue base to support vital government services.

Learn more about who we are and what we do [here](#).

SERVICE IMPACTS & EQUITY CONSIDERATIONS

Enhancements

1. Restores \$500,000 each year in Corridor safety and Ambassador funding. The restoration of City funding will be directed towards the Citywide corridor safety and ambassador program, which is a council directed intervention to address public safety concerns in neighborhood commercial districts.
 - Equity Consideration: Funding for Community Ambassadors supports the development of a culturally responsive, timely, and relevant program through providing ambassadors to build relationships, coordinate communications, and respond to the diverse needs of our neighborhood business corridors/merchant communities.
2. Adds 1.0 FTE Special Activity Permit Inspector starting in FY 2026-27. This position inspects, investigates, and enforces special activity permit regulations for a range of businesses and activities, including cannabis businesses, mobile vending, cabarets, and special events.
 - Equity Consideration: Adding this position will allow for better distribution and coverage of inspectors across the City. Inspectors focus first on education about the rules, regulations, and the path to compliance. A disproportionate number of unpermitted mobile food vendors are non-white and do not speak English as their primary language, an additional inspector means more resources will be available to help entrepreneurs establish compliant business practices in the City of Oakland.
3. Restores \$300,000 each year in Cultural Arts grants funding in the General-Purpose Fund (1010) and adds approximately \$180,000 each year in Measure C TOT Fund (2419). Staff within the Cultural Affairs Division will

continue to leverage TOT funding (Measure C/Fund 2419) to support festivals and other opportunities for social and cultural connection by subsidizing permit fees, including OPD, and fire inspections. Grants to individual artists and arts organizations are not expected to be restored until additional resources are identified.

- Equity Consideration: Restoring of Cultural Affairs grant funding amount will allow the Division to continue to support grant making opportunities for historically underserved communities of color.
4. Adds \$400,000 in 2025-26 for the Public Art Plan in the Municipal Capital Improvements: Public Arts Fund (5505).
 - Equity Consideration: The equity consideration for this item has not yet been analyzed.
 5. Adds approximately \$860,000 in FY 2025-26 and \$870,000 in FY 2026-27 for Management agreement for Scotlan Convention Center. This is for continuing building and management fees, does not include CPI and shortfall.
 - Equity Consideration: Visitors to the Convention Center generate more than \$7.6 million in spending each year in Oakland, particularly in downtown Oakland. Much of this is spent at local small businesses, and more than 50% of Oakland's small businesses are owned by people of color.
 6. Adds \$100,000 in FY 2025-26 and FY 2026-27 to Contracts for BID formation assistance. This item is Crucial Work to the BID Formation/Analysis.
 - Equity Consideration: The equity consideration for this item has not yet been analyzed.

Reductions

1. Deletes 1.0 FTE Administrative Assistant I. This position currently performs the role of Board Secretary during meetings and manages meeting minutes, board attendance, coordinates setup of meetings, refreshments, and manages the board roster. The position supports with collecting board member applications and obtaining appointment letters from the Mayor's office. The position also supports ordering supplies for the Workforce Division. As part of biennial budget planning, the Workforce Division evaluated its core service priorities, and the staffing needed to advance these priorities. While the work responsibilities of this position are valued, the work can be absorbed by existing Workforce team members without impacting services.
 - Equity Consideration: The equity consideration for this item has not yet been analyzed.
2. Reduces O&M by \$193,894 in Measure C TOT (2419) for Fairs/Festival. Due to the decrease to Measure C TOT revenue, this reduction will have an impact on Community events, Fairs, Festivals, and more. The Department will continue to leverage the Measure C TOT Cultural grants funding and transfer funding between projects.
 - Equity Consideration: The equity consideration for this item has not yet been analyzed.
3. Freezes 1.0 FTE Real Property Asset Manager. There is no direct service impact as this incumbent will now be doing work as a Project Manager III to assist with the Coliseum project.
 - Equity Consideration: The equity consideration for this item has not yet been analyzed.

Other Impacts & Changes

1. Freezes and/or Deletes 3.8 FTE vacant classifications including: Urban Economic Analyst III PPT, Project Manager II, Special Activity Permit Technician, and a Program Analyst III. There is no direct service impact as these positions have been vacant.
 - Equity Consideration: There is no discernible equity impact from this action.

Economic & Workforce Development

FY 2025-27 PROPOSED POLICY BUDGET

SERVICES

Below is a comprehensive list of the services and activities provided by City departments to internal and external customers, which describes the City's operations throughout the Oakland community, including collaborative efforts with other governments and community partners. Internal customers include other City departments and elected officials, while external customers are comprised of residents, businesses, visitors, and similar persons.

Administration:

Grants and Contract Execution and Management

Apply for grants, enter into agreements, manage the contracts and grants

Business Development:

Capacity Building, Engagement and Outreach

Build the capacity of new business-serving organizations and partner with existing organizations to strengthen Oakland's local economy (Business Corridor work). Service support: Act as liaison between businesses and Planning, Police, Real Estate and other City departments. Ongoing management and support of the City's Business Improvement Districts. Support the creation of new BIDs.

Business Development, Technical Assistance and Outreach

Conduct outreach to Oakland's businesses including sharing key resources and information with business community. Business communications: Email newsletters, websites, social media. Provide grants to businesses such as for façade and tenant improvements (redevelopment funded), community events and activations, those impacted by the development of the BRT line, and administer other funds (ACTC/OAAP). Provide direct technical assistance, service navigation, and inter-departmental coordination to small businesses through Neighborhood Business Assistance (NBA) appointments. Hold office hours in locations throughout Oakland to make it easier for businesses to access services.

Economic Policy, Data, Planning and Strategy

Analyze economic and qualitative data and advance policies and recommendations. Develop and implement 2024 Economic Development Strategy; track and report City economic data via a quarterly dashboard, build on the 2021 Economic Recovery Framework. Integrated data analytics for City departments, e.g. analyzing employment data for annual comprehensive financial review, City bond review.

Business Attraction, Retention and Marketing

Attract, retain and support businesses and employers. Pilot pop up program. Administer and market Oakland's Foreign Trade Zone as an economic develop tool. Grant supported through U.S. Department of Commerce.

Cultural Affairs:

Arts Advocacy, Fund Development/Philanthropic Partnerships

Local, regional, national advocacy for Oakland Cultural Affairs around policy, funding, etc.; Engage in fund development and leverage investment in Cultural Affairs initiatives and activities that support them. Develop and engage in philanthropic partnership that benefit Oakland, such as the Cultural Strategist in Government Program & Just City Fund

Cultural Arts Grant Making

Provide cultural arts grants to Oakland's artists, non-profit organizations, teaching artists, and festivals

Public Art Program

Manage new public art projects for City capital improvement projects and oversee Public Art in Private Development projects

Support Cultural Arts Council & Commission

Staff and manage meetings of the Public Arts Advisory Council and Cultural Affairs Commission and support their programs (e.g., Oakland's Poet Laureate)

Support the Development of Cultural Districts

Develop policy changes to create and preserve cultural spaces via Cultural Districts

Cultural Facilities/Assets

Steward Cultural Facility/Assets (e.g., Chabot, Fairyland, Peralta/Hacienda, Oakland Asian Cultural Center, OMCA)

Public/Private Development:

Issue RFPs, NOAs for new Affordable Housing and Commercial Projects on City Surplus Property

Issue RFPs, NOAs etc. to offer City and former redevelopment owned sites for new development to meet critical needs such as affordable housing and revenue generation. Meet required Housing Element targets for the annual disposition for City-sites for affordable housing.

Advance Priority Affordable Housing Projects and Monitor Ongoing Financial Agreements for Completed Projects

Negotiate, Implement, and Manage more than two dozen major priority affordable housing projects on city property. Negotiate ENAs, Lease/Disposition and Development Agreements (LDDA/DDAs). Examples include E. 12th Street affordable housing, the Native American Health Center & affordable housing project at 3050 International Blvd., and BCZ's Liberation Park housing project. Monitor ongoing real estate projects with active public funding agreements such as leases requiring rent, loans, or other payments, i.e., 95th & International, Fruitvale Transit Village IIA & IIB, and Coliseum Connections.

Advance Major Commercial Development Projects and Monitor Ongoing Financial Agreements for Completed Projects

Negotiate, Implement, and Manage priority commercial development projects on city property. Negotiate ENAs, Lease/Disposition and Development Agreements (LDDA/DDAs). Examples include Samuel Merritt University, the HJK Center for the Arts, 2100 Telegraph and the Museum of Jazz. Monitor ongoing real estate projects with active public funding agreements such as leases requiring rent, loans, or other payments i.e., Seminary Point shopping center, Fox Theatre, and MacArthur Transit Village, etc.

Manage New Markets Tax Credit Program (ORNMTCT)

Staff and manage the City's New Markets Tax Credit entity to provide funding for development projects in Oakland.

Manage Financial and Reporting Functions of the former RDA, and Manage Ongoing Redevelopment Projects

Manage the Bond Spending Plan, ROPs, Long Range Property Management Plan and other financial and reporting requirements related to former RDA. Manage ongoing redevelopment programs, including streetscape improvements, blight abatement, and maintenance of former redevelopment sites, on-call economic consultants contracts.

Real Estate:**Asset Management of City Properties and Lease Management**

Manage a portfolio of more than 1,100 City-owned parcels. Conduct ongoing asset management (operations, security, planning for repair & maintenance, etc.) of major City assets including OACC, Paramount Theater, Fox Theater, Oakland Asian Cultural Center, Chabot Space & Science Center, Oakland Ice Center, Scotlan Convention Center. Manage more than 170 existing, active leases and licenses including leases of City property to third parties (out leases) and leases of privately-owned property for City uses (in leases). Includes revenue-generating leases and community-serving leases.

Develop Agreements to Use City Property to Address Homelessness

Transact on City property to address homelessness by developing leases, licenses, right of entries and other agreements to support the use of city land for emergency shelter by homeless-service providers.

Real Estate Services for All City Departments

Provide real estate services to all departments including strategic planning, acquisition, disposition, leasing, licensing, Right of Way, appraisals, title reports.

Manage Telecommunications Agreements

Negotiate agreements with telecom companies to install telecom infrastructure on City property, generating revenue for the City and expanding telecom coverage for the public.

Advance Army Base Redevelopment

Negotiate and monitor through construction the remaining development projects at the former Army Base (e.g., recycling facilities, truck services station)

Special Activities:**Special Activity Permitting, Special Events Permitting, and Film Office**

Processes a variety of permits and assess fees for business and activities under OMC Title 5 (e.g., cannabis, cabarets, massage, bingo, amplified sound, mobile vending). Permit, assess fees, and administer special events, films and short term encroachments.

Cannabis Equity Program and other Cannabis Grants

Processing grants and loans for cannabis equity businesses as well as other cannabis related state grants

Inspections of Special Activities

Special Activity Permit inspectors inspect permitted and unpermitted activities related to special events and OMC Title 5 (e.g., mobile vending, cannabis businesses, nightclubs, etc.)

Workforce Development:**Develop Local and Regional Workforce Plans**

Develop and implement workforce plans to comply with regional, state and federal compliance requirements.

Employer Engagement/Business Services

Provide business services for employers including participating in Rapid Response and hiring events, on the job and customized training and conducting job fairs to connect workers with employers.

Federal, State, Local Compliance

Administer and oversee the Workforce Innovation and Opportunity Act rules and regulations including develop mandated strategic partnerships, program and fiscal management and monitor contracted service providers to ensure compliance.

Manage Adult and Youth Service Provider Contracts, and Manage the Summer Youth Employment Program

Develop, manage and execute contracts with adult and youth workforce service providers for job training and employment services to unemployed or underemployed Oakland residents. Implement the annual summer youth employment program to provide job training and summer placements for Oakland youth.

Workforce Board Management

Staff and manage the Workforce Board, including regular board and executive committee meetings, recruitment, etc.

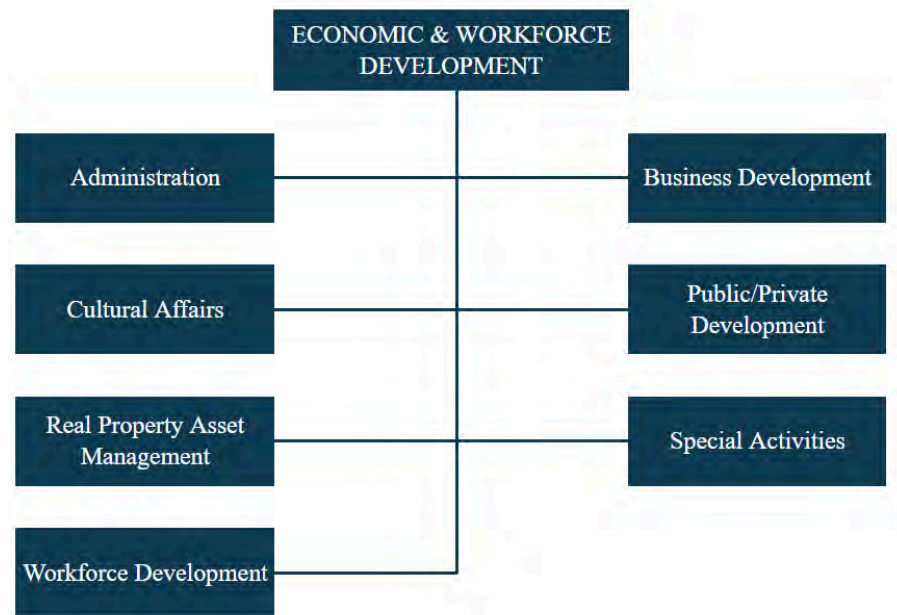

PERFORMANCE MEASURES

Performance Measures are metrics that collect information about operational activities, achievement of goals, community conditions, or other environmental factors to better understand present conditions and inform operational, managerial, policy, and community decisions. Performance Measures are composed of Service Output Measures, which describe a specific service measurement and the numerical value of that service on an annualized basis; and Equitable Service Delivery Success Standards, which describe the “gold standard” target service level for every customer/area of the City, including those who have been historically underserved, and is sometimes expressed as a percentage of the service delivery meeting a specific threshold. Service Levels are designated parameters of City operations, such as weekly facility hours, standard response times for emergency services, and standard response times for requests through OAK311.

Performance measures should identify, track, and improve access to City services for Oakland residents with a goal of continuous improvement in equitable outcomes over time through data collection and analysis. The annualized measurement provided against the Equitable Service Delivery Success Standard will be used to analyze and address areas needing improvement, including racial disparities, for equity purposes. The initial metrics chosen have a particular focus on assuring equitable service delivery to Oakland’s Black, Indigenous, and People of Color (BIPOC) residents, and selected for their potential to advance systemic change and close racial disparities in policy outcomes.

Administration will provide updated performance measures in the FY25-27 Adopted book.

ORGANIZATIONAL CHART

BUREAUS/DIVISIONS

Administration

This division directs and coordinates work for the Department, including overseeing fiscal, budget, and personnel management, legal and legislative issues, and policy and procedure development, as well as other inter-departmental and inter-division special projects.

Business Development

This division is responsible for developing and implementing programs and strategies to retain, expand, and attract businesses to Oakland and help businesses succeed. Business Development also supports neighborhood organizations to build their capacity and connection to city services to stabilize, strengthen, and grow neighborhood business corridors. The division works directly with individual business owners, developers, property owners, and professional organizations to support small businesses, to foster public/private partnerships, and to bolster Oakland's competitive advantage and position in target economic cluster groups including health and life sciences; advanced manufacturing, arts, culture and entertainment; clean & green tech; retail; manufacturing, transportation and logistics, food and beverage, and food production. This division also

works to position Oakland as a thriving place to live, work, and invest through the creation of marketing collateral, multimedia communications, advertising, sponsorships, and other tools that help convey a clear coordinated message about Oakland.

Workforce Development

This division staffs the Oakland Workforce Development Board (OWDB) and manages Workforce Innovation and Opportunity Act funds (WIOA) and other workforce investment funding from federal, state, and local entities. Guided by an adopted Local Plan, WIOA is designed to help job seekers access employment, education, training, and support services to succeed in the labor market and to match employers with the skilled workers they need to compete in the global economy. The OWDB is charged with oversight of WIOA and workforce policy development. The OWDB funds adult and youth service providers, oversees the Summer Youth Employment Program, develops citywide job training initiatives, and oversees the City of Oakland's job policy contract with the West Oakland Job Resource Center.

Public/Private Development

This division is responsible for negotiating and implementing major residential and commercial development projects on City property, in partnership with private and non-profit real estate developers. Major commercial projects led by the Division include the Henry J. Kaiser Center for the Arts and the new downtown Samuel Merritt University. The Division also negotiates and implements new affordable housing projects on City property, such as the Liberation Park project in East Oakland, the E. 12 St. projects near Lake Merritt, 3050 International Boulevard in the Fruitvale neighborhood, and 95th and International Boulevard, as well as Transit Oriented Development (TOD) projects near Oakland's BART stations. The division also manages former Redevelopment Agency's capital projects, including streetscape improvements, and oversees the management of City-owned facilities funded through redevelopment bonds, such as the Oakland Ice Center and the Fox Theatre. It is also responsible for winding down the affairs of the Oakland Redevelopment Successor Agency (ORSA) and overseeing the City's New Market Tax Credits program.

Real Property Asset Management

This division provides asset management services for all City-owned real property. This includes developing and executing strategies for the City's acquisition, disposition, and use of real estate. It provides real estate consultation services to City departments; conducts real estate appraisals and title reviews; negotiates and monitors the nearly 200 lease agreements to which the City is a party; facilitates the acquisition and disposition of property; and manages special projects related to the use of City property. Examples of the division's work include new agreements for the Oakland Ballers to play at Raimondi Park; oversight of leases and licenses for community-based organizations such as the Oakland Asian Cultural Center, the Chabot Space & Science Center, and the Black Cultural Zone; and leasing property for temporary homeless interventions.

Cultural Affairs

This division supports Oakland's vibrant cultural communities, creative economy and public spaces by facilitating the commissioning and approval of temporary and permanent works of public art throughout Oakland; maintaining the City's civic art collection; providing direct assistance and resource referrals for artists and cultural organizations, managing financial investments in grants, fairs and festivals, and cultural facilities, and supporting

collaborative policy and program efforts within philanthropy, regional and state partnerships. Cultural Affairs supports the holistic efforts and strategy of the Economic and Workforce Development Division and conducts research into the social and economic impact of Oakland's cultural ecosystem. This division also staffs the Cultural Affairs Commission and the Public Art Advisory Committee.

Special Activities

This division helps ensure public health and safety through permitting a broad range of businesses and activities and promotes equitable opportunities within these sectors. Subject areas include cannabis businesses, entertainment venues, massage establishments, mobile food vending, second-hand dealers, bingo, amplified sound, film production and special events. Through the City's cannabis equity program, the Special Activity Permits Division implements a variety of strategies to support business and employment ownership opportunities for cannabis entrepreneurs most impacted by the War on Drugs. Equity Program strategies include funding for technical and legal assistance, shared-use manufacturing facilities and workforce development grants.

HOUSING & COMMUNITY DEVELOPMENT

Mission Statement

The Housing and Community Development Department (HCD) is dedicated to improving Oakland's neighborhoods and to ensuring all Oaklanders have safe and affordable housing. Housing affordability issues through its "3P" framework: Protect Oaklanders from displacement; Preserve the existing affordable housing stock; and Produce new, deeply affordable housing units. To this end, HCD:

Production & Preservation

- Develops and proposes funding programs, partnerships, and resources to preserve, protect and produce affordable housing and community development resources for the City of Oakland.
- Lends and grants public funds to approved organizations to produce and preserve affordable rental and ownership housing.
- Provides direct assistance in grants and loans to first-time homebuyers and low-income homeowners.
- Asset manages the City's affordable housing portfolio of over 12,000 affordable housing units to ensure compliance with city laws and regulatory agreements.

Protection

- Protects tenants by implementing the Rent Adjustment Program (RAP) to ensure compliance with all applicable RAP and tenant protection ordinances.
- Educates tenants and landlords on their rights and responsibilities and adjudicates rental petitions hearings.

Policy & Community Investment

- Administers federal HUD grants to City Agency partners and organizations that provide economic development, public facilities, infrastructure, and social services for low-and-moderate-income communities.
- Advocates for policy changes to increase Oakland's competitiveness for regional, State and Federal funding and propose local legislative changes to facilitate the development and preservation of affordable housing.

Learn more about who we are and what we do [here](#).

SERVICE IMPACTS & EQUITY CONSIDERATIONS

Enhancements

1. Adds \$180 million in Measure U (5343) funding for affordable housing construction and acquisition/rehabilitation projects.
 - Equity Consideration: As Oakland's Black population is overrepresented in its unhoused demographic, providing deeply affordable housing as quickly and efficiently as possible is critical in efforts to reduce racial disparities in homelessness. The additional funding will advance the City's racial equity goals by facilitating the development of housing units serving low, very low, and extremely low income households.
2. Adds over \$7 million over both years in O&M from Affordable Housing Trust Fund, which includes over \$4 million for homeless prevention and nearly \$2.5 million for eviction protections.
 - Equity Consideration: Whereas Black residents represent 21% of Oakland's population, they comprise 52% of Oakland's unhoused community. Research shows that the population(s) most likely to become unhoused are Black men between the ages of 35-55 with prior experiences with homelessness and in the criminal justice system. HCD developed a homelessness prevention program in partnership with All Home, Bay Area Community Services, and its evaluation partners at Stanford University and the University of Pennsylvania. The program uses prioritization factors to target services to the most at-need residents in order to slow, and eventually stop, flow into new homelessness. Additionally, HCD's partners at All Home developed a statistical model to articulate investment needs across a range of service interventions from prevention to interim housing and permanent exits. The All Home model clearly names homelessness prevention as the most cost effective strategy to address the homelessness crisis; without increasing the City of Oakland's investment into prevention services, the overall homeless service system cost would increase by over \$200 million in five years. The model demonstrates that in order to reduce unsheltered homelessness by 50% over five years, the City would need to invest \$22.5 million per year in prevention services. As such, this proposal recommends funding both targeted homelessness prevention and eviction defense efforts to execute the City of Oakland's priority of addressing the housing and homelessness crisis.
3. The annual budget for CDBG is based on projected HUD allocations and meeting CDBG compliance requirements for service delivery, administrative and program delivery caps. HCD is considering using the funding to release an RFP to enter into contract with a partner organization with established infrastructure that can scale the number of households served through the same activities. This adjustment could result in increased service to the Oakland community.
 - Equity Consideration: HCD's Owner-Occupied Home Rehabilitation and Improvement Programs primarily serve elders, extremely-low-income, and Black residents. In 2023, 93.5% of residents served were over the age of 62, 70% were extremely low-income, and 78.1% identified as Black. Entering into contract with an established community organization could increase the total number of projects completed and residents served, greatly scaling impact.

Other Impacts & Changes

- Freezes 13.5 FTE positions across the department in the following job classifications: Account Clerk III, (3) Administrative Analyst II, Administrative Assistant I, (2) Hearing Officers, Home Management Specialist III, Housing Development Coordinator III, Housing Development Coordinator II, Housing Development Coordinator IV, (2) Rehabilitation Advisor I, Student Trainee, PT. There is no service impact as the positions were vacant.
 - Equity Consideration: There is no discernible equity impact from this action.

Housing & Community Development

FY 2025-27 PROPOSED POLICY BUDGET

SERVICES

Below is a comprehensive list of the services and activities provided by City departments to internal and external customers, which describes the City's operations throughout the Oakland community, including collaborative efforts with other governments and community partners. Internal customers include other City departments and elected officials, while external customers are comprised of residents, businesses, visitors, and similar persons.

Fund New Construction of Affordable Housing

Underwrites, reviews, and administers loans through Notices of Funding Availability (NOFAs) to produce new affordable housing units. Monitors construction draws and ensures loan compliance.

Predevelopment Loan Program

Provides loans to non-profit housing developers to cover pre-development costs (feasibility analyses and preparation of loan applications) and costs of preparing projects for syndication.

First-time Homebuyer Loan Program

Provides loan funding to first-time homebuyer Oakland residents and workers, and creates and participates in homebuyer education activities. Additionally, reviews and approves resales and refinance of restricted affordable below market-rate units.

Acquisition and Conversion to Affordable Housing (ACAH) program

Program that administers funds to developers, including a specific pool for CLTs/coops, to acquire "naturally occurring affordable housing", deed restrict them to ensure affordability for 55 years, and rehabilitate them.

Owner-Occupied Home Rehabilitation and Improvement Programs

Offers building rehabilitation programs to Oakland's low-to-moderate income, senior and disabled homeowners including lead-safe paint and accessibility improvement, emergency home repair, home maintenance improvement, and major/minor home repair programs.

Earthquake Seismic Retrofitting Grants

The Safer Housing for Oakland Program (SHOP) offers grants to reimburse owners for a portion of the costs to seismically retrofit a multi-unit apartment building with a “soft-story” condition. The Earthquake-Safe Homes Program offers grants to owner-occupants of 1-4 unit properties for partial reimbursement of the cost of a seismic retrofit.

Homeless Housing Production, Conversions and Preservation (Homekey, R2H2)

Apply for and commit local, County, State and federal funds to housing projects for people experiencing homelessness. Review proposals and work with non-profits developers and service partners to refine project scopes and feasibility.

Existing Housing Portfolio Monitoring and Rehabilitation

Monitors HCD's existing affordable housing portfolio for habitability and financial health; tracks affordability restrictions and loan compliance over time; and provides loans for property rehabilitation and emergency health and safety repairs.

Building Electrification Initiative

Ensures HCD's affordable housing portfolio complies with the citywide goal stating that by 2040, all residential units in Oakland must be fully electric.

Housing Counseling, Education, and Referrals

Provides direct holistic counseling and workshops to tenants and housing providers regarding state and local residential rental housing laws, including the City's Rent Adjustment Ordinance, Just Cause for Eviction Ordinance, Tenant Protection Ordinance, Tenant Move Out Agreement Ordinance, and the Uniform Relocation Ordinance. Supports via phone calls and emails residents seeking housing services and information.

Rent Adjustment Hearings and Mediations

Reviews petitions, hears cases, holds mediation sessions, renders decisions, reviews appeals, communicates with tenants, landlords, and their representatives, and coordinates appeal hearings before the Rent Adjustment Board.

Rent Registry and Eviction Filings

Enforces and implements the City's Rent Registry Ordinance. Manages the annual and ongoing collection, monitoring and compliance, and reporting of registered rental properties in Oakland. Provides education and technical assistance to property owners to register their properties, and to tenants about their property's registration status. Responds to rent registration public inquiries. Holds virtual and in-person outreach and education events on rent registration requirements. Provides administrative support to the unit. RAP staff receives every eviction notice and tenant move-out agreement filed in the City of Oakland for residential rental units subject to the Just Cause for Eviction Ordinance, either via email, paper, or otherwise, and ensures they are accurately entered into the City's database for recordkeeping.

Anti Displacement and Housing Stability Services

Provide services in the form of eviction prevention and homelessness prevention via service providers to Oakland tenants at risk of displacement or homelessness. Includes legal assistance, emergency rental payments and wrap around services.

Code Compliance Relocation Program

Reviews applications for tenant eligibility for relocation benefits in accordance with O.M.C. 15.60. Assists tenants and property owners in understanding their rights and responsibilities under the law. Administer payment and

reimbursement processes.

Housing Policies, Research, Plans, and Data

Publishes strategic plans, impact reports, research, and other materials to inform decisions and to educate the public about affordable housing activity in Oakland.

Community Engagement and Public Education

Staff attend multiple community events annually to provide information on housing programs and resources offered by HCD. Prepares materials that provide information and guidance on tenant protections, rent and eviction laws at local, state, and federal levels to educate public about their rights and responsibilities under these laws.

Update and Post Annual Rent and Income Limits

Track and update annual rent and income limits and utility allowances and publicly post on the Department website.

Loan Repayments, Servicing, and Property Resales

The loan servicing team receives loan payments and handles issues relating to repayment and resale of properties with loans from the City.

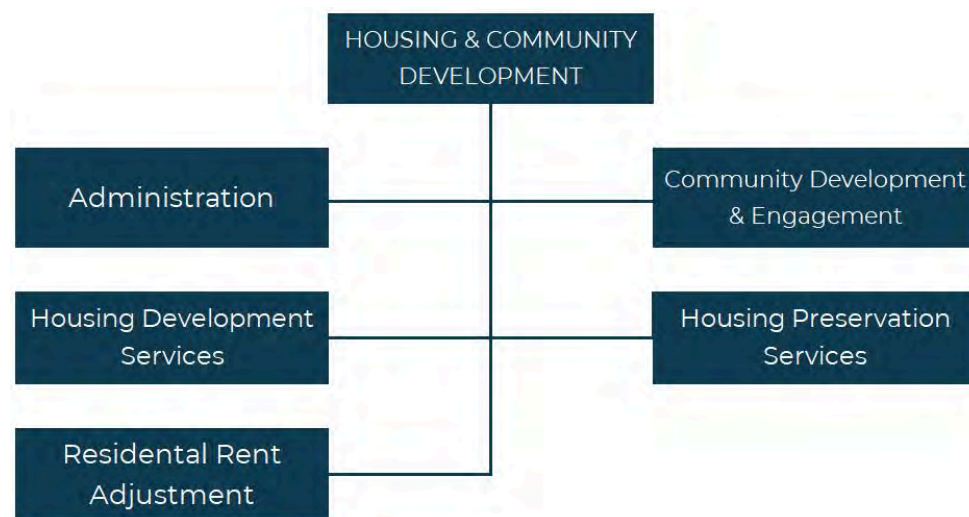

PERFORMANCE MEASURES

Performance Measures are metrics that collect information about operational activities, achievement of goals, community conditions, or other environmental factors to better understand present conditions and inform operational, managerial, policy, and community decisions. Performance Measures are composed of Service Output Measures, which describe a specific service measurement and the numerical value of that service on an annualized basis; and Equitable Service Delivery Success Standards, which describe the “gold standard” target service level for every customer/area of the City, including those who have been historically underserved, and is sometimes expressed as a percentage of the service delivery meeting a specific threshold. Service Levels are designated parameters of City operations, such as weekly facility hours, standard response times for emergency services, and standard response times for requests through OAK311.

Performance measures should identify, track, and improve access to City services for Oakland residents with a goal of continuous improvement in equitable outcomes over time through data collection and analysis. The annualized measurement provided against the Equitable Service Delivery Success Standard will be used to analyze and address areas needing improvement, including racial disparities, for equity purposes. The initial metrics chosen have a particular focus on assuring equitable service delivery to Oakland’s Black, Indigenous, and People of Color (BIPOC) residents, and selected for their potential to advance systemic change and close racial disparities in policy outcomes.

Administration will provide updated performance measures in the FY25-27 Adopted book.

ORGANIZATIONAL CHART

BUREAUS/DIVISIONS

Housing Development Division

Housing Development Services (HDS)

The HDS unit produces affordable units by funding the new construction of housing with long-term affordability restrictions, as well as through the opportunity to move into homeownership. HDS services and activities predominantly benefit extremely low- to moderate income (LMI) residents and areas of Oakland. HDS administers funds through the New Construction • **Notice of Funding Availability (NOFAs)**. These NOFA funds, comprised largely of local bond funds as well as impact fees, former redevelopment “boomerang” funds, the City’s HOME allocation, and various other repayments, are competitively issued and recommendations for new construction and rehabilitation are brought to Council for approval. HDS also runs the city’s first-time homeowner program via the Mortgage Assistance Program (MAP) and Cal HOME loan programs, operating jointly with participating lenders, to assist low and moderate-income first-time homebuyers with the purchase of homes in the City of Oakland.

Housing Preservation Services (HPS)

The HPS unit works to preserve affordable housing through and is a key component of HCD’s anti-displacement strategy. The Acquisition and Conversion to Affordable Housing (ACAH) program allows project sponsors to

acquire market rate apartment buildings and convert them to deed restricted affordable housing using a loan from HCD. HPS also includes a Residential Lending Services (RLS) team focused on rehabilitation and improvements primarily for homeowner-occupied properties. RLS offers four programs targeted to income-qualified property owners: Access Improvement Program, Lead-Safe Homes Program, Home Maintenance and Improvement Program and Emergency Home Repair Program.

Homeless Housing Development

The HHD unit focuses on permanent supportive housing for homeless exits through the Homekey program (funded through State HCD) and Oakland's analog version the Rapid Response Homeless Housing (R2H2) program. The housing funded by these programs must be "quick build" ready to house residents within 12 months of an award and fully operational within 15 months.

Asset Management Services (AMS)

The AMS is responsible for monitoring and enforcing the City's Regulatory Agreements for the deed restricted affordable housing portfolio. This includes ensuring compliance with required rental restrictions, property condition, and payment of loans among other factors. AMS administers the Health and Safety Rehab Loan Program for multifamily buildings that have emergency repair needs as well as the Preservation Notice of Funding Availability (NOFA), a funding opportunity for existing affordable housing portfolio properties that require major capital improvements.

Community Development Division

Rent Adjustment Program (RAP)

The mission of the RAP is to promote community stability, healthy housing, and diversity for Oakland residents, while preventing illegal rent increases and evictions, and ensuring a fair return for property owners. RAP is charged with administering the Rent Adjustment, Just Cause for Eviction, and Rent Registry Ordinances for the City of Oakland. Staff employ an active enforcement model of rent control and use extensive outreach to inform tenants and owners about their rights and obligations under the law and program regulations, maintains full and accurate records through reporting requirements, including eviction notices and a rental registry, provides housing counseling and mediations, and adjudicates rent petitions through the RAP hearings unit.

Community Development & Engagement (CDE)

The CDE unit acts as a program administrator and grant manager for Community Development Block Grant (CDBG) and other U.S. Department of Housing and Urban Development (HUD) resources. CDBG funds rebuild and revitalize depressed neighborhoods and target benefits to low- and moderate-income residents and areas of Oakland. CDBG provides funding for housing, homeless services, other public services, economic development, and other public infrastructure and neighborhood improvements benefitting low and moderate-income residents. Staff also serve as the lead preparers for the City's Consolidated Annual Action Plan and Consolidated Annual Performance & Evaluation Reports, both submitted to the U.S. Department of Housing & Urban Development.

Administration & Fiscal

Fiscal Services

HCD's fiscal team manages financial processes for the full department. The unit provides external loan servicing, internal accounting and invoice payments, long-term budgeting, grant compliance, audit management, and

more.

Housing Policy Unit

The housing policy unit advises on legislation, policy ideas, and program improvement opportunities. The goal of this team is to ensure Oakland has smart and effective policies that address housing affordability, housing quality, and homelessness. The unit leads strategic planning processes, advocacy for resources, data analysis, and best-practices research to serve the full spectrum of housing – from homeownership to homelessness. The unit collaborates heavily with the City Administrator’s Office, other departments, elected officials, and advocacy organizations.

Director’s Office

The Director’s Office supports operational and process improvements that have department-wide impact. The unit focuses on improving technology and data systems, managing contracting processes, communications, legislative process management, scheduling, strategy development, personnel, and more.

PLANNING & BUILDING

Mission Statement

The Mission of the City of Oakland Planning and Building Department is to improve Oakland's physical, social, and economic environments through sustainable development that embraces three core principles: health, opportunity, and equity.

Learn more about who we are and what we do [here](#).

SERVICE IMPACTS & EQUITY CONSIDERATIONS

Enhancements

1. Adds 1.0 FTE Inspection Services Manager and Deletes 1.0 FTE Civil Principal Engineer. There is no direct service impact.
 - Equity Consideration: The Civil Principal Engineer elimination may affect how larger projects are handled at a management level; however, the disparities of marginalized groups are better identified by the Inspections Service Manager through direct contact to the affected community.
2. Adds 1.0 FTE Administrative Analyst I and 2.0 FTE Planner II and Deletes 1.0 FTE Public Service Representative (PSR) and 1.0 FTE Planner IV in the Building Bureau.
 - Equity Consideration: Although there is no direct impact service, the PSR elimination will narrow much needed frontline support to the public and may increase response times and complaints to the Department. PSR's are able to report disparities and assess the effect of existing procedures & policies to suggest equitable changes to the Div manager and/or Sr. PSR as seen through direct contact from the served community events.
3. Adds 1.0 FTE Project Manager and Deletes 1.0 FTE Business Analyst III position from the Operation and Administration bureau. There is no direct service impact.
 - Equity Consideration: Business Analyst III and Project Manager position duties run somewhat parallel. Elimination of the Business Analyst III will better streamline the Department by assigning specific Business Analyst III duties to the Project Manager, thus integrating duties. This elimination may assist in

project management to bring more attention to the specific project details when seen through a more focused equity lens.

4. Adds \$875,000 in FY2025-26 and FY 2026-27 to Contracts in Planning Bureau for Consulting services. These services will assist with the implementation of the new Sea Level Rise Overlay zone adopted as part of the Downtown Oakland Specific Plan, the Planning Bureau will need to hire a consultant with expertise in sea level rise adaptation, engineering, and floodplain management, but the intent would be to get a state grant to cover it. The services will also assist with the Impact Fee 5 Year review plan.

- Equity Consideration: The equity consideration for this item has not yet been analyzed.

5. Adds \$2,000,000 for Planning and Building Permit Fee Refunds in FY2025-26. There is no direct impact to service.

- Equity Consideration: The equity consideration for this item has not yet been analyzed.

Planning & Building

FY 2025-27 PROPOSED POLICY BUDGET

SERVICES

Below is a comprehensive list of the services and activities provided by City departments to internal and external customers, which describes the City's operations throughout the Oakland community, including collaborative efforts with other governments and community partners. Internal customers include other City departments and elected officials, while external customers are comprised of residents, businesses, visitors, and similar persons.

Boards and Commissions

Staff the bi-weekly Planning Commission and monthly committees (Design Review Committee and others) and monthly Landmark Preservation Advisory Board.

Building Bureau

- Review and respond to building code inquiries from the public via email, in-person visits at the permit counter and/or inquiries sent to the Engineer of the Day email inbox
- Review development permits for compliance with local and state codes and regulations regarding fire and life safety, structural, accessibility, and energy conservation.

Business Licenses

Review business licenses to verify whether the activity conforms to the Planning Code (OMC Title 17).

Cashiering Unit

Manage payments, refunds, and reconciliation for permit fees.

Data Collection

Collect and maintain extensive data about permit applications for the purpose of state- and federal-mandated reports and audits such as Housing Element Annual Progress Report and Annual Survey for Office of Planning and Research.

Development Agreements

Processing and managing regulatory agreements to provide benefits to Oakland in exchange for additional allowances under state Development Agreement law.

Development Permit Inspections

Perform inspection for code conformance for all on-site developments.

Engineering & Architectural Plan Approval

Review plans for code conformance for all on-site developments.

Review and Process Applications

Review and process telecommunications permits in accordance with local and federal law and process entitlement applications for large and complex projects that include Planned Unit Developments, rezones, General Plan Amendments, coordination with other jurisdictions and agencies.

Entitling Development Projects

Perform internal functions to ensure that development permits for new housing (affordable and market rate), Accessory Dwelling Units (ADUs), and non-housing projects (Conditional Use Permits, subdivisions, etc.) are processed efficiently in accordance with all local, state and federal laws.

General Plan Amendments

Recommend General Plan Amendments for Land Use changes as part of Zoning Code Amendments and Specific Plan Implementation. Conduct public outreach and bring through public hearing process to the Planning Commission and the City Council.

General Plan Updates

Manage the update of the following adopted General Plan Elements: 1) Land Use and Transportation; 2) Safety; 3) Housing; 4) Noise; 5) Open Space, Conservation and Recreation; 6) Historic Preservation; and 7) Environmental Justice - and creation of a new "Infrastructure and Facilities" Element.

Green Building

Ensure project compliance with Green Building requirement, with both a preliminary review at the Planning Entitlement stage and then demonstration of how Green Building methods will be incorporated into each project at the Building Permit stage.

Historic Preservation

Maintain inventory and expertise regarding Oakland's historic resources and districts; advise community members regarding preservation objectives and techniques to protect resources and provide expert review and advice regarding entitlement applications involving historic resource questions and issues.

Livable Neighborhood Code Enforcement

Perform inspection for code compliance for all building maintenance and on-site activities.

Municipal Code Amendments

Recommend changes to the Municipal Code based on policy changes as well as changes from State Law.

Permit Center

Manage intake and review of planning and building applications. Responding to inquiries about the Planning Code and processing over-the-counter permit applications.

Planning Code Amendments

Recommend changes to the existing Planning Code (Title 17 of the Municipal Code) that includes zoning regulations as well as writing new sections and chapters to the Planning Code based on policy changes, Specific Plan implementation, General Plan Updates, and changes from State Law. Conducts public outreach and brings through public hearing process to the Planning Commission and the City Council.

Planning Code Interpretation

Process determination requests by interpreting the application of the Planning Code to a site or a proposed project, as well as interpreting areas of the Planning Code that may be unclear or contradictory.

Records Unit

Track and respond to requests for records managed and/or maintained by the Department; Issuance of re-roofing and insulation certificates; Responses to subpoenas; Management of physical and digital records; Research and preparation of 3R Reports (Report of Residential Record)

Specific Plans

Manage the creation of Specific Plans and Environmental Impact Reports (EIR) that implement the General Plan by providing a special set of development standards applied to a particular geographic area. Specific Plans that have been adopted to date include: 1) Central Estuary, 2) Lake Merritt, 3) Broadway Valdez, 4) West Oakland, 5) Coliseum, and 5) Downtown Oakland Specific Plans.

Zoning Map Amendments

Recommend changes to the city zoning map based on General Plan amendments, Specific Plans, and policy changes. Conducts public outreach and brings through public hearing process to the Planning Commission and the City Council.

Digital Division

Maintain the City's enterprise permitting system Accela and other IT assets on behalf of the department.

Review and Process California Environmental Quality Act (CEQA) & National Environmental Preservation Act (NEPA) Documents

Serve as lead agency on the preparation of CEQA documents for City projects and NEPA documents for City projects requiring federal funding in accordance with all laws.

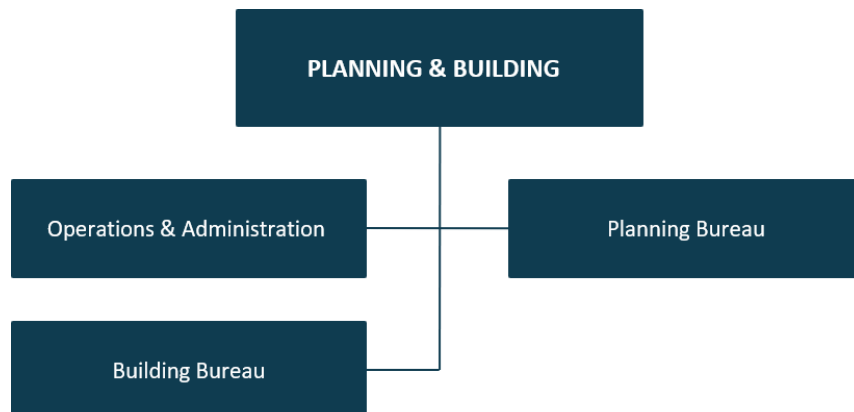

PERFORMANCE MEASURES

Performance Measures are metrics that collect information about operational activities, achievement of goals, community conditions, or other environmental factors to better understand present conditions and inform operational, managerial, policy, and community decisions. Performance Measures are composed of Service Output Measures, which describe a specific service measurement and the numerical value of that service on an annualized basis; and Equitable Service Delivery Success Standards, which describe the “gold standard” target service level for every customer/area of the City, including those who have been historically underserved, and is sometimes expressed as a percentage of the service delivery meeting a specific threshold. Service Levels are designated parameters of City operations, such as weekly facility hours, standard response times for emergency services, and standard response times for requests through OAK311.

Performance measures should identify, track, and improve access to City services for Oakland residents with a goal of continuous improvement in equitable outcomes over time through data collection and analysis. The annualized measurement provided against the Equitable Service Delivery Success Standard will be used to analyze and address areas needing improvement, including racial disparities, for equity purposes. The initial metrics chosen have a particular focus on assuring equitable service delivery to Oakland’s Black, Indigenous, and People of Color (BIPOC) residents, and selected for their potential to advance systemic change and close racial disparities in policy outcomes.

Administration will provide updated performance measures in the FY25-27 Adopted book.

ORGANIZATIONAL CHART

BUREAUS/DIVISIONS

Bureau of Operations & Administration

The Bureau of Operations & Administration manages the department's permitting counter and provides department oversight and support services for policy development, human resource planning, operations management and training, accounting, budget development, fiscal and grants management, information technology systems and support, agenda management, records cataloging, archive retrieval and contract administration. This Bureau ensures that the department meets its obligations and complies with federal, state, and local laws including labor and public records laws, financial management, and auditing.

Development Permitting

This departmental function: 1) assists permit applicants, such as builders, property owners, architects, engineers, and realtors in processing appropriate construction permits; 2) collects fees related to buildings and infrastructure; and 3) provides customers with support in interpreting the municipal codes.

Bureau of Planning

The Bureau of Planning develops plans and reviews developments that embrace the three principles of environment, economy and equity for residents, workers, businesses and property owners and that guide the creation of projects, programs and services to improve the physical landscape and economic environment of the Oakland community.

General Plan & Strategic Analysis

This departmental function is responsible for preparing and updating land-use plans, policies and regulations, including the Oakland General Plan, Specific Plans for various neighborhoods, and the zoning regulations.

Zoning & Development Planning

This program provides information to the public on zoning regulations and reviews development applications for proposed land use entitlements. Development applications fall into three main categories: 1) major cases, which are reviewed by the Planning Commission; 2) administrative cases decided by the Zoning Manager after public notice and comments; and 3) small project design review cases decided by staff at the zoning counter. The program also supports the City's Historic Preservation Program, including maintaining a library/archive and citywide database on historic properties and providing information to the public about historic properties.

Bureau of Building

The Bureau of Building provides services for building-related activities, including Code Enforcement, Inspections, Permits, and Plan Reviews.

Engineering & Architectural Plan Approval

This departmental function assists permit applicants, such as builders, property owners, architects, engineers, and realtors in understanding and processing appropriate construction permits related to buildings and infrastructure with applicable state health and safety codes, regional environmental regulations, and city development and land subdivision ordinances.

Inspections

This departmental function assures conformance of permitted construction with the California Building, Electrical, Plumbing, and Mechanical Codes, and the Oakland Municipal Code regulating the construction of residential and non-residential buildings and structures, private infrastructure, and earthwork.

Livable Neighborhood / Code Enforcement Services

This departmental function enforces the California Housing Law and the Oakland Municipal Code regulating the maintenance of buildings and properties.

PUBLIC WORKS

Mission Statement

Oakland Public Works is dedicated to you! We strive to maintain, improve and preserve Oakland's infrastructure and environment for the residents, businesses, visitors and future generations of every neighborhood in our diverse city.

Learn more about who we are and what we do [here](#).

SERVICE IMPACTS & EQUITY CONSIDERATIONS

Enhancements

1. Deletes 1.0 FTE vacant Management Intern, and adds 1.0 FTE Program Analyst I. The Management Intern position is responsible for programmatic and administrative support in the Environmental Services Division and has been vacant the entire year. The new Program Analyst I position will provide support for the City's Stewardship Program and enhance public outreach within the Bureau of the Environment.
 - Equity consideration: There is no discernible equity impact from this action.
2. Adds 3.0 FTE positions to the Sanitary Sewer Design group including: 1.0 FTE Supervising Civil Engineer positions; and 2.0 FTE Program Analyst III positions. The Supervising Civil Engineer position will coordinate, perform, and supervise staff to manage strategic long-term capital planning and sanitary sewer infrastructure repairs, as well as manage compliance with the Sewer Consent Decree's mandates related to cross connections and infiltration/inflow notifications. The 2.0 FTE Program Analyst III positions will support the Supervising Civil Engineer and provide research, analysis, and development of reports and recommendations of sewer related program planning. Combined, this team will increase service levels by overseeing prompt contracted repairs of critical sewer infrastructure repairs and capital repair planning to ensure Sewer Consent Decree compliance and upkeep of the City's sewer collection system.
 - Equity consideration: This team of positions will provide support and respond to infrastructure repairs reported citywide, however we expect to develop the ability to focus efforts more accurately in historically

underserved areas once sufficient data has been captured. The sanitary sewer system encompasses the entire City and most repairs needed are identified after failure. Underground infrastructure assets fail unexpectedly and unpredictably. However, the older an underground asset is, the greater the chance of failure. It would be reasonable to assume that more recently developed areas will be lesser served by this position.

3. Adds \$500,000 in O&M funding each year for vehicle purchases for Sanitary Sewer program in the Bureau of Maintenance & Internal Services.
 - Equity consideration: There is no discernible equity impact from this action.
4. Adds \$494,204 in FY 2025-26 and \$610,917 in FY 2026-27 for vehicle purchases in the Bureau of Environment.
 - Equity consideration: There is no discernible equity impact from this action.
5. Unfreezes 1.0 FTE Account Clerk II in OPW Fiscal Services in the Bureau of Administration. This position will be responsible for utility account payables.
 - Equity consideration: There is no discernible equity impact from this action.
6. Adds 1.0 FTE Parkland Resources Supervisor position in the Bureau of the Environment to oversee open space maintenance, safety, and habitat restoration.
 - Equity consideration: The equity consideration for this item has not yet been analyzed.
7. Adds 0.72 FTE PT positions in Human Resources in the Bureau of Administration for training positions, including: 0.22 FTE Office Assistant I, 0.25 FTE Custodian, and 0.25 FTE Park Attendant. These are grant funded positions for the Oakland Public Works Training Academy.
 - Equity Consideration: There is no discernible equity impact from this action.
8. Adds \$102,500 in FY 2025-26 and \$276,874 in FY 2026-27 in O&M for environmental enforcement and compliance efforts, such as the illegal dumping surveillance camera program and other enforcement and training materials.
 - Equity consideration: There is no discernible equity impact from this action.
9. Adds \$293,777 in O&M in FY 2025-26 for the Youth We Mean Clean Program in the Bureau of Environment.
 - Equity consideration: There is no discernible equity impact from this action.
10. Adds \$850K in FY 2025-26 in O&M and \$1.54 million in FY 2026-27 for parks maintenance expenses, including \$150K per year for a vegetation management contract, \$298K in Y1 and \$308K in Y2 for increased water expenses and other O&M expenses in the Parks maintenance allocation of Measure Q.
 - Equity Consideration: There is no discernible equity impact from this action.
11. Adds \$168,260 per year for parts and equipment expenses in the Equipment Services Division.
 - Equity consideration: There is no discernible equity impact from this action.
12. Adds \$2.4 million for the facilities security contract for the Facilities Services Division.
 - Equity consideration: There is no discernible equity impact from this action.

Reductions

1. Freezes 1.0 FTE vacant Pool Technician position and 1.0 FTE Painter position. These positions are responsible for maintenance at the City's pool facilities and painting of City facilities. The positions have been vacant for the entire year and should have minimal impact to current service levels.
 - Equity Considerations: There is no discernible equity impact from this action.
2. Deletes 1.0 FTE vacant Administrative Assistant II position. This position has been vacant, and another Administrative Assistant II will be transferred to the Assistant Director's Office to cover the responsibilities. There may be some loss of administrative support in the Parks and Tree Services division as a result.
 - Equity Considerations: There is no discernible equity impact from this action.
3. Deletes 1.0 FTE vacant Recycling Program Specialist III position. This position is responsible for implementation of the City's Zero Waste program but has been vacant for the entire year. Existing staff will

absorb the related duties. There should be minimal impact to current service levels.

- Equity Considerations: There is no discernible equity impact from this action.
4. Freezes 2.0 FTE vacant Environmental Enforcement Officer positions. These positions are part of the Environmental Enforcement Officer Program (EEO), responsible for a patrol and surveillance program assigned to areas for the purpose of removal and enforcement of regulations pertaining to illegal dumping, blight, and nuisance crimes. This program conducts proactive public outreach and issues citations for related violations per state and local regulations, carries out investigations to identify violators and owners of property on which violations occur, and notified to the appropriate authority. This program also attends various City and community-sponsored events to perform outreach and education related to illegal dumping and blight reduction. The positions have been vacant for the entire year, so impact to current service levels should be minimal.
 - Equity consideration: Continuity of the filled Environmental Enforcement Officer positions will support the City's efforts to reduce illegal dumping in Oakland's historically disadvantaged communities, particularly with the further advent of the illegal dumping surveillance camera program. Freezing of the two vacant positions should have minimal impact on the City's current service levels.
 5. Freezes 1.0 FTE vacant Painter position in Graffiti Abatement unit. Position is responsible for rapid response graffiti abatement and has been vacant the full year. Impacts to the current service levels should be minimal.
 - Equity consideration: There is no discernible equity impact from this action.
 6. Freezes 1.0 FTE vacant Street Sweeper Operator. Street Sweeper Operators service an estimated 100 gutter miles per month, which may reduce the frequency of service for uncontrolled areas. Impact to current service levels should be minimal given that the position has been vacant for the entire year.
 - Equity consideration: There is no anticipated equity impact from the proposed staff reduction in the Street Sweeping Program. OPW prioritizes underserved and marginalized areas for street sweeping based on structural traffic patterns that pass through high density developed areas and commercial corridors, which constitute many of the underserved communities in Districts 5, 6, and 7. The only foreseeable adverse impact to street sweeping services will be due to staffing shortages from routine or extended employee absences.
 7. Freezes 10.0 FTE vacant positions and deletes 1.0 FTE vacant position in the Tree Services division of the Bureau of Environment, including: 1.0 FTE vacant Tree Supervisor I position, 4.0 FTE vacant Tree Trimmer Crew Leader positions, 2.0 FTE vacant Tree Trimmer positions, 3.0 FTE vacant Tree Worker positions. The proposal deletes the 1.0 FTE vacant Administrative Analyst II position. This program has been operating at 50% staffing for the past 6 years, and contractors have supplemented staffing to perform tree maintenance throughout Oakland. Existing staff will primarily service trees in the Right-Of-Way, and on an emergency basis. The administrative Analyst II position was recently vacated and will reduce the Tree Services Division's ability to provide reporting and apply for grants.
 - Equity consideration: The proposed staffing reductions in Tree Services may disproportionately impact underserved neighborhoods that rely on timely tree pruning and removal services to prevent and/or address hazardous trees in the public right of way. To mitigate the proposed reductions, the program will prioritize managing tree services contractors and emphasize the need to focus on Oakland's disadvantaged communities, as identified in the Urban Forest Plan.
 8. Freezes 1.0 FTE vacant Program Analyst III in the Watershed Division of the Bureau of Design & Construction. This position assists with analysis and processing of municipal stormwater permits, as well as stormwater capital improvement projects. Impact to current service levels should be minimal given that the position has been vacant for the entire year.
 - Equity consideration: There is no discernible equity impact from this action.
 9. Freezes 11.05 FTE vacant positions in the Bureau of Design & Construction with 2.0 FTE Project Manager positions being restored in Year 2 of the biennial budget. The impacted positions include: 4.0 FTE Capital

Improvement Project Coordinator positions; 5.0 FTE Project Manager positions, of which 2.0 FTE will be restored in Year 2; 1.5 FTE PT Engineering Intern positions; and 0.55 FTE Student Trainee positions. The reduction of project funding and project management staffing will result in delayed or paused delivery of some projects. All positions within the Project & Grant Management Division are 90% funded by CIP project funding, largely through infrastructure bond funds.

- Equity considerations: Efforts have been taken to work with other City departments to prioritize projects to move forward based on equity, community need, and other constraints, such as grant funding obligations. These positions may lengthen the timeline required to complete projects in underserved areas of Oakland.

10. Freezes 1.0 FTE and deletes 1.0 FTE vacant positions in the Fiscal Services Division of the Bureau of Administration, including: freezes 1.0 FTE Accountant II position, and deletes 1.0 FTE Account Clerk III position. These positions are responsible for accounts receivable billings, issuance of task orders, and meeting year end closing deadlines. The division has been operating with the current number of staff since the balancing actions taken in December 2024 took effect. The impact to current service levels should be minimal.
 - Equity consideration: The loss of these positions may delay invoice payments to local vendors, resulting in increased prompt payment penalties.
11. Freezes 1.0 FTE Project Manager on the Grant Support Team in the Bureau of Administration. This position would be responsible for securing grant funding to reduce City's contributions but has been vacant since the position was created. The impact to current service levels should be minimal.
 - Equity consideration: Reduction in staff for grant-seeking affects the number of grants and additional sources of revenue to complete programs and projects. As majority of grants have equity emphasis themselves, City would be losing out on funding opportunities to support our most vulnerable citizens.
12. Freezes 1.0 FTE vacant Director of Public Works position. Freezing this position expands the span of control for the Department of Transportation Director to cover both departments. This position has been vacant for more than six months and should not impact service delivery.
 - Equity consideration: There is no discernible equity impact from this action.
13. Deletes 2.0 FTE vacant positions and freezes 1.0 FTE vacant positions in the Director's Office, including: Deletion of 1.0 FTE Public Information Officer II and 1.0 FTE Program Analyst II, and freeze of 1.0 FTE Student Trainee position. The Public Information Officer II is a shared position with DOT that has been vacant for a couple of years, with minimal impact to service delivery. The Program Analyst II position was recently vacated, and supported and promoted the department's initiatives, as well as conducted outreach to vulnerable communities. The Student Trainee position has also been vacant for a while, with minimal impacts to service delivery expected.
 - Equity consideration: Loss of the Program Analyst II position may impact departmental outreach efforts to vulnerable communities.
14. Freezes 7.0 FTE vacant positions in the Equipment Services Division of the Bureau of Maintenance & Internal Services, including: 1.0 FTE Equipment Supervisor position, 2.0 FTE Heavy Equipment Service Worker positions, and 4.0 FTE PT Student Trainee positions. All of these positions have been vacant for an extended period of time and should have minimal impact to current service levels.
 - Equity Considerations: There is no discernible equity impact from this action.
15. Freezes 6.0 FTE vacant positions in the Facilities Services Division of the Bureau of Maintenance & Internal Services, including: freezes 1.0 FTE Capital Improvement Project Coordinator position, 1.0 FTE Stationary Engineer position, 1.0 FTE Assistant Facilities Complex Manager position, 1.0 FTE Construction & Maintenance Supervisor position, 1.0 FTE Administrative Assistant II position, and 1.0 FTE Electrician position. These positions serve a variety of purposes across the department, including facilities maintenance, planning, and

electrical work, among other duties. All positions listed have been vacant for the full year and should have minimal impact to current service levels.

- Equity consideration: The reductions in repair and maintenance impact the condition and safety of important city facilities that provide programs and services for all Oaklanders, disproportionately affecting disadvantaged, disabled, senior, and unhoused communities. Furthermore, incidents resulting from not addressing damages may impact city workers and most vulnerable residents and can result in injury and death and lead to lawsuits. To ensure a mitigation to negative impacts of the proposed position reduction, overtime pay elimination, and funding adjustment, the city must prioritize existing and most crucial deferred maintenance of citywide public facilities that serve and are in highly disadvantaged communities to maintain service quality and the health and safety of residents and users that are part the most vulnerable communities of Oakland.

16. Reduces \$351,748 in Y1 and \$383,819 in O&M Budget to meet overhead fund target. Reduction in overall O&M budget for department administration, particularly temporary personnel services and administration repair and maintenance expenses.

- Equity consideration: There is no discernible equity impact from this action.

Public Works

FY 2025-27 PROPOSED POLICY BUDGET

SERVICES

Below is a comprehensive list of the services and activities provided by City departments to internal and external customers, which describes the City's operations throughout the Oakland community, including collaborative efforts with other governments and community partners. Internal customers include other City departments and elected officials, while external customers are comprised of residents, businesses, visitors, and similar persons.

Administration

Administration performs internal functions to support department operations, such as Fiscal oversight, Human Resources related functions, on-call contract professional services contracts, grant seeking, and procurement. Business Information and Analysis provides software application support to OPW and the Department of Transportation (DOT). This software such as Cityworks and SeeClickFix, PMWeb, Accela, and others to collect, manage, and analyze data for maintenance management, permitting, and other capital and internal tools. Grants Support Division oversees the assignment of on-call grant writing professional services to the other bureaus.

BMIS - 311 After Hours Admin

Plan and execute weekend after-hours standby pre-shift and storm prep meetings as needed. Coordinate General and Sewer Standby Supervisor assignment, compile and publish standby rosters for all 6 OPW/DOT after-hours standby crews, provide guidelines and standard operating procedure, and review calls, route the follow up services needed to the appropriate division. Department liaison for OAK311, OPW, OPD, and OFD, and after-hours call routing vendor and contracts. Process after hours claims to third party and board billing to property owners. Perform call audits and reviews, perform quality control of all responses.

Business Information and Analytics Division

The Business Information and Analytics division (BIAD) manages our departments' data analytics. In close coordination with ITD, BIAD manages Cityworks, SeeClickFix, OPW/DOT implementations of Accela, and ArcGIS. This division also produces reporting used to track compliance and performance metrics.

Capital Contracts Administration

OPW administers a variety of Capital Improvement Project contracts (construction, consultant, and on-call) to support the delivery of the Capital Improvement Program. This division is responsible for implementing

processes to ensure City requirements are being met, assists project managers to develop and provide Request for Proposals/Bids (RFP/B) that follow state and city guidelines for solicitations.

CIP Planning, Programming and Management

Oakland Public Works (OPW) supports City departments (OPL, OPRYD, OFD, OPD, DHS) and OPW Divisions (Watershed and Stormwater Management) to plan, program, and manage Capital Improvement Projects. Services include project management and project delivery, CIP programming services to Citywide department.

Communications Division

The Communications Division within Oakland Public Works creates all internal and external communication. They craft the messages that are released to the public regarding upcoming engagement opportunities and project in their area that may require outreach due to disruptions. The division also develops and executes our internal communications strategies to keep OPW employees informed of important information within the department.

Construction Management

OPW manages the construction of all City of Oakland major capital improvement projects. These construction projects are authorized, programed, and funded through the Capital Improvement Program. OPW manages construction progress, payment for construction and/or professional services contracts to ensure compliance of prompt payment and contract compliance policies and oversees staffing and all functions in construction management.

Environmental Services: Environmental Compliance

Administers the City's environmental compliance program that includes environmental site assessments and contamination mitigation, and hazardous material/waste management, oversees the inspections and routine maintenance of the City's fuel storage infrastructure, including related employee training, and obtains and maintains environmental regulatory permits.

Facility Services

The FSD manages over 300 Facilities which services all City owned properties and provides direct tenant services to a wide variety of client agencies, including custodial services, building engineering, security and access controls, HVAC and air quality monitoring, emergency response and property management. This division is also responsible for preparing new building operating estimates, design and project oversight for all minor maintenance and maintenance related internal and Capital Improvement Projects. In addition, this division is responsible for the maintenance of and operation of underground storage tanks (UST's), emergency generators, HVAC, mechanical, electrical, and plumbing, preventative and routine maintenance, and service requests for the Emergency Operations Center, Oakland Fire Department, the Veterans Building, Oakland Animal Shelter, and various Oakland Public Libraries throughout the City. The Custodial unit is responsible for providing daily custodial services, including cleaning, disinfecting, sanitizing, debris removal and recycling at 26 Recreation and Head Start Centers, 36 sets of outside restrooms, 5 City pools and various parks including Joaquin Miller, Lake Merritt, De Fremery, Mosswood and Arroyo Viejo and tot-lots throughout the City, at the Main Library, African American Museum and Library of Oakland and 16 Branch libraries throughout the City. FSD also administers the security contract and is responsible for providing security and visitor screening services at City facilities, and also assists/supports other departments and OPW divisions with impacts and damages from unhoused individuals/encampments at City locations such as the Civic Center Plaza, Parks, Rec Centers, Libraries, etc.

Fiscal Services Division

The Fiscal Services division processes over 25,000 financial transaction annually, including accounts payable, accounts receivable, reimbursements, Community Facilities Development, Capital Improvement Projects and general ledger/Grant/Project adjustments. They are also responsible for managing the department's budget from development through implementation and reporting. OPW Financial reporting to internal and external parties.

Fleet & Equipment

OPW owns, operates, and maintains a fleet of 1,800+ vehicles and major pieces of equipment used to provide emergency, health & safety, and mission essential support to the citizens and businesses of Oakland. This equipment directly supports operations for the Fire, Police, Transportation, Public Works, and other city departments. Support staff performs the regulatory compliance reporting, preventative maintenance, mandated inspections, and repairs to ensure the equipment is in safe operating condition for the using Departments and keeping the City's fleet at a 92% availability rate.

Grant Support Division

New division established in OPW Bureau of Administration to centralize the unique and technical grant seeking and fiscal reporting for the department. The division manages 5 on-call grant writing consultants to assist subject matter expert staff with grant applications.

Human Resources Division

The Human Resources division manages the recruitment, hiring, payroll, separation and employee relations for the department's personnel. It also manages the disciplinary process for any violations of City policies, procedures, and administrative instructions. This division works hand in hand with Human Resources Management Department (HRMD) and the Employee Relations and Risk Management Divisions.

Illegal Dumping

KOCB Illegal Dumping crews are responsible for remove illegal dumping from public property, provide special event support, and clean homeless encampments on public property and in parks.

Operations Level Grant Funding Identification and Submission

Staff identify and write grants for functional areas such as vehicles, facilities, energy management, sewer, storm drain. Staff inform and liaise with the grants unit and potential consultants to apply for and be awarded grants needed to backfill funding due to the budget deficit. This is critical work that cannot be performed by third parties or other City staff lacking knowledge of operational aspects of the bureau.

Regulatory Compliance

OPW is responsible for ensuring that the City follows the Environmental Protection Act's Federal Consent Decree mandates and National Pollutant Discharge Elimination System (NPDES) discharge permit. This unit provides planning, intra-departmental coordination, program development and implementation, and regulatory oversight to ensure the City's compliance with applicable federal, state, and local regulatory requirements pertaining to the City's sanitary sewer system. It also provides technical consultation and functional direction to Public Works divisions and departments engaged in planning, reporting, and compliance activities, and coordinates and performs internal auditing and compliance investigations of the City's sewer system.

Safety & Training Unit

The Safety and Training programs aggressively addresses and improves issues of employee safety and training needs. Reduces worker's compensation claims, increases the number of employees returning to work, and

decreasing the amount of exposure and liability to the city. Activities within the program include training in sound safety and health practices, developing and enforcing safety and health rules, and investigating every accident promptly and thoroughly to determine cause and implement proper measures to prevent recurrence. This program works closely with the City Attorney's Office, the City's Risk Management Division and the third-party administrator.

Vegetation Management/ Litter Container

KOCB Vegetation Management crews remove vegetation from public owned lots, pedestrian pathways, hardscaped medians/islands, returns - radiuses at the corner of sidewalks, sidewalks underneath overpasses, roadsides, gutters, and perform day lighting of roadsides and clearance of vegetation causing sight obstructions. Maintain, repair, and replace 1,300 litter containers as needed.

Cost Recovery Services for Substandard, Unsafe, and Unpermitted Construction

Staff detect, document, and pursue cost recovery for substandard vendor and utility construction and unsafe and unpermitted construction work. Staff coordinate with internal departments, Fiscal Services, and Risk Management to quantify expenses, establish a claim, and then bill responsible parties through invoicing, property liens, and in some cases subrogation actions.

Environmental Services: Environmental Enforcement Officer Program

The Environmental Enforcement Officer Program (EEO) is a patrol and surveillance program assigned to areas for the purpose of removal and enforcement of regulations pertaining to illegal dumping, blight, and nuisance crimes. This program conducts proactive public outreach and issues citations for related violations per state and local regulations, carries out investigations to identify violators and owners of property on which violations occur, and notified to the appropriate authority. This program also attends various City and community-sponsored events to perform outreach and education related to illegal dumping and blight reduction.

Environmental Services: Recycling Solid Waste

OPW implements the City's Zero Waste Program (ZWP) in accordance with City mandates and regulatory requirements. This program:

- Enforces the Zero Waste Program to ensure compliance with minimum service standards and proper recycling of resources (e.g., administration of the Second Unit Exemption Program and Construction & Demolition Recycling Plan reviews);
- Negotiates and administers the City's Mixed Materials & Organics and Residential Recycling collection services franchise agreements, as well as the program governing non-exclusive franchise agreements for construction & demolition debris collection services;
- Stands up a commercial recycling non-exclusive franchise system to regulate and administer recycling service for businesses;
- Collaborates with Bay Area cities and regional organizations (e.g., Pacific Coast Collaborative) to leverage available external resources to effect recycling and resource recovery in Oakland; and
- Promotes the City's Zero Waste Program with an active outreach campaign to Oakland residents and businesses and maintenance of a Recycling Hotline.

Environmental Services: Stewardship

OPW promotes and administers the City's Adopt-A-Spot and Adopt-A-Drain Programs to clean and green Oakland. This program manages litter cleanups, habitat restoration, park care projects, public art installation, and large-scale volunteer cleanup events annually including the annual Earth Day, MLK Jr. Day of Service, and Creek

to Bay Day cleanup events. This division also administers the Team Oakland summer job training program for Oakland high schoolers and young adults and a Lake Merritt Institute contract for routine Lake Merritt trash maintenance and public education, and provides active outreach to the community to promote greening and beautification initiatives including at the National Night Out, Town Nights, and ad hoc Mayor townhalls.

Graffiti Abatement

KOCB Painters respond to graffiti vandalism in parks, on litter containers, benches, retaining walls, fences, street light poles, and signal boxes located in the public right-of-way. Oakland strives to remove graffiti containing explicit language within twenty-four (24) hours of notification. Under extenuating circumstances, as a one-time courtesy, the City may abate graffiti on private property.

Homeless Encampment Clean-Up

Specialized team within the Illegal Dumping Unit performing critical clean-up work in accordance with the Encampment Management Team's (EMT's) schedule for homeless encampment closures/ semi-closures and deep cleanings. Encampment Crews work in collaboration with internal departments and external agencies (i.e., OPD, HSD, OFD, DOT, Caltrans, BART, EBRP, etc.) to remediate the impacts to the unsheltered population and restore access to the public right of way. Encampment crews also provide encampments with routine garbage service and post-closure personal property storage services.

Park Services

Park Services provides core functions that ensures safe and well-maintained city parks, trails and open space, and other city owned landscape assets. Functions include landscape, lawn, ballfield, median, and irrigation maintenance, installation, and repair. Park Services also provides maintenance support for OPYRD programs and special events.

Permit Issuance for Temporary Sewer Discharge

OPW administers Temporary Sewer Discharge Permits for projects that wish to pump wastewater into the City's sanitary sewer system.

Permit Issuance for Temporary Storm Drain Discharge

OPW administers Temporary Storm Drain Discharge Permits for projects that wish to pump uncontaminated storm or ground water into the City's storm drain system.

Private Sewer Lateral Program

OPW manages the Private Sewer Lateral Program and provides inspections for Private Sewer Lateral Permits from private residences, distributes notices of abatement to property owners with broken or improper connections, and coordinates with the Sewer Maintenance Division to address public complaints related to private sewer laterals.

Regional Coordination & Participation for Wastewater Collection System

OPW coordinates communications, negotiations, and joint planning or activities between the City of Oakland and the EPA/Regional Water Board, Consent Decree Defendants, and community interests.

Sanitary Sewer Design

The Sanitary Sewer Design section responds to public complaints and coordinates the repair of sanitary sewer infrastructure, reviews infrastructure permits, and projects related to development and assesses the sewer mitigation fee for applicants.

Sewer Maintenance

Oakland Public Works (OPW) owns, maintains, and operates the City of Oakland's Sewer Collection System which includes sewer mains, sewer structures, and pump stations. Maintenance of Sewer Collection System includes reducing sewer overflows; televise, inspect, and clean sewers; inspect and maintain sewer pump stations; and inspect and replace sewer maintenance hole covers.

Special Event Setup and Support

KOCB provides support and setup for citywide special events. Staff are tasked with delivery and setup of traffic control devices and barricades to support recurring annual community events such as Laurel Street Faire, Octoberfest, Pride parade, etc. Staff also provide pickup and disposal of materials for Creek to Bay Day, Community Volunteer events etc. Lastly, KOCB staff are enlisted to provide transportation (ie. buses) for internal special events.

Street Sweeping

Keep Oakland Clean & Beautiful (KOCB) Street Sweeping division provides street sweeping service in residential and commercial areas seven (7) days a week. Residential street sweeping - Monday through Friday from 9:00 a.m. to 3:30 p.m. Commercial street sweeping - Monday through Sunday from 11:00 p.m. to 7:30 a.m.

Storm Drain and Drainage Services

Oakland Public Works (OPW) owns, maintains, and operates the City of Oakland's Storm Drainage Collection System which includes 13,615 inlets and 468 Miles of stormwater pipes, Storm Drainage Inspects and Maintains 8 storm water pump stations twice per month, we perform board-ups during regular working hours, Maintain 170 Miles of creek areas per year, Inspect and clean 10,000 liner feet of V- ditches per year, Inspect and clean 133 Weirs per year, Hydro flush and CCTV storm mains to reduce flooding in the City Of Oakland, Inspect and clean 183 trash collection devices twice per year, Inspect and clean 10 CDS units (Full trash capture units) twice per year, We perform 10 pipe repair per year.

Tree Services

Tree Services manages the City's urban forest by prioritizing tree work such as hazardous tree removal in the public right of way and parks, tree permitting for removal for non-development and development permits, tree planting/ pruning, and stump grinding and removal.

Watershed and Stormwater Management: CIP and Other Project Design and Construction

OPW WSM manages stormwater-related capital projects and other design and construction projects including creek and wetland restoration, green stormwater infrastructure, full trash capture, and storm drainage system repairs and improvements.

Watershed and Stormwater Management: Creek Protection Permit Review, Creek Determinations

OPW Watershed and Stormwater Management (WSM) implements components of the City of Oakland Creek Protection Ordinance (O.M.C. Chapter 13.16) such as providing review and technical input on Category III and IV Creek Protection Permit applications and CEQA documents and conducting creek determinations. Includes coordination with Planning and Building Department and training of internal and external customers.

Watershed and Stormwater Management: Drainage Issues Engineering

Watershed and Stormwater Management Division responds to public inquiries and complaints regarding flooding, drainage issues, and erosion issues where there is a need for engineering services

Watershed and Stormwater Management: Overall Stormwater Permit Compliance

OPW Watershed and Stormwater Management (WSM) implements components of the City of Oakland Creek Protection Ordinance (O.M.C. Chapter 13.16) such as responding to, including through enforcement actions, public inquiries regarding erosion, watershed health and resources, non-stormwater discharges to the storm drainage system, creeks, and/or waterways, and other stormwater- or watershed-related matters. WSM also implements and facilitates implementation of the City's Municipal Regional Stormwater NPDES Permit (MRP) (current Order No. is R2-2022-0018) that regulates the discharge of stormwater to the City's storm drain system and includes prescriptive provisions regarding the prevention of non-stormwater discharges and discharge volume limitations. OPW WSM MRP compliance work includes implementing trash load reduction programs, public outreach and education efforts, green stormwater infrastructure planning and implementation, response to illegal discharges to storm drains, pollutants of concern load reduction programs, storm drainage asset management, MRP compliance cost reporting, MRP compliance training and support to other City departments and divisions, and Annual Report facilitation and completion. The business stormwater inspection requirements stormwater permit work is listed as a separate service. WSM also conducts plan review of public and private projects to ensure consistency with the MRP. Internal and external training on stormwater permit compliance. Includes review of Building department demolition permit submittals relating to Polychlorinated Biphenyls controls. Includes interfacing with encampment management team on complaints of encampment impacts to water quality. Includes special projects related to water quality regulations such as the pending Total Maximum Daily Load Alternative for Dissolved Oxygen in Lake Merritt.

Watershed and Stormwater Management: PX Permit and Other Project Review

PX Permit and other project and plan review - storm drainage engineering elements and stormwater permit alignment plan review.

Watershed and Stormwater Management: Storm Drainage Master Planning

OPW WSM provides storm drainage master planning efforts to inventory, update, and plan management efforts, including seeking sustainable funding, for the City's separate municipal storm drainage system. Watershed Division is the Asset Manager of the storm drainage system.

Watershed and Stormwater Management: Stormwater Permit Compliance Business Inspection

Implement Business Stormwater Inspection Program to comply with Provision C.4 of the Municipal Regional Permit. Includes managing consultant task order and inspectors; inspection of complex sites, Oakland Municipal Code enforcement; invoicing, Accela and mobile app improvements; training; coordination with outside regulatory agencies.

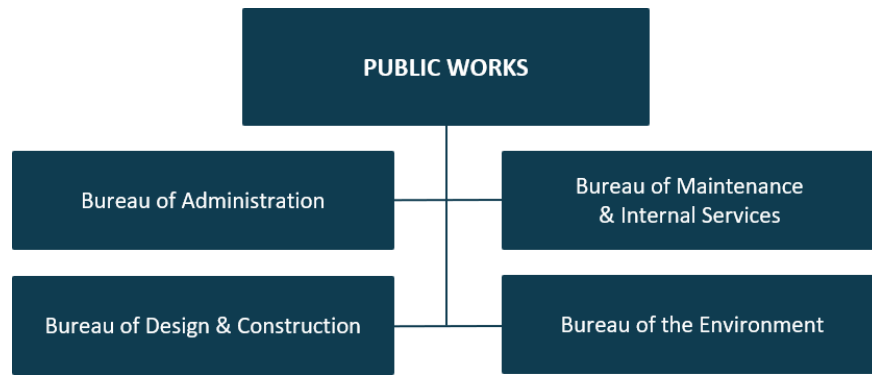

PERFORMANCE MEASURES

Performance Measures are metrics that collect information about operational activities, achievement of goals, community conditions, or other environmental factors to better understand present conditions and inform operational, managerial, policy, and community decisions. Performance Measures are composed of Service Output Measures, which describe a specific service measurement and the numerical value of that service on an annualized basis; and Equitable Service Delivery Success Standards, which describe the “gold standard” target service level for every customer/area of the City, including those who have been historically underserved, and is sometimes expressed as a percentage of the service delivery meeting a specific threshold. Service Levels are designated parameters of City operations, such as weekly facility hours, standard response times for emergency services, and standard response times for requests through OAK311.

Performance measures should identify, track, and improve access to City services for Oakland residents with a goal of continuous improvement in equitable outcomes over time through data collection and analysis. The annualized measurement provided against the Equitable Service Delivery Success Standard will be used to analyze and address areas needing improvement, including racial disparities, for equity purposes. The initial metrics chosen have a particular focus on assuring equitable service delivery to Oakland’s Black, Indigenous, and People of Color (BIPOC) residents, and selected for their potential to advance systemic change and close racial disparities in policy outcomes.

Administration will provide updated performance measures in the FY25-27 Adopted book.

ORGANIZATIONAL CHART

BUREAUS/DIVISIONS

Bureau of Administration

Administration supports the Public Works core functions by providing management, administration, fiscal services, human resources support, business and information analysis, safety program, regulatory compliance, and public information.

Fiscal Services Division

The Fiscal Services division processes over 25,000 financial transaction annually, including accounts payable, accounts receivable, reimbursements, and general ledger adjustments. They are also responsible for managing the department's budget from development through implementation and reporting.

Human Resources Division

The Human Resources division manages the recruitment, hiring, payroll, separation and employee relations for the department's personnel. It also manages the disciplinary process for any violations of City policies, procedures, and administrative instructions. This division works hand in hand with Human Resources Management Department (HRMD) and the Employee Relations and Risk Management Divisions.

Safety & Training Unit

The Safety and Training programs aggressively addresses and improves issues of employee safety and training needs. Reduces worker's compensation claims, increases the number of employees returning to work, and decreasing the amount of exposure and liability to the city. Activities within the program include training in sound safety and health practices, developing and enforcing safety and health rules, and investigating every accident promptly and thoroughly to determine cause and implement proper measures to prevent recurrence.

This program works closely with the City Attorney's Office, the City's Risk Management Division and the third-party administrator.

Business Information and Analytics Division

The Business Information and Analytics division (BIAD) manages our departments' data analytics. In close coordination with ITD, BIAD manages Cityworks, SeeClickFix, OPW/DOT implementations of Accela, and ArcGIS. This division also produces reporting used to track compliance and performance metrics.

Communications Division

The Communications Division within Oakland Public Works creates all internal and external communication. They craft the messages that are released to the public regarding upcoming engagement opportunities and project in their area that may require outreach due to disruptions. The division also develops and executes our internal communications strategies to keep OPW employees informed of important information within the department.

Regulatory Compliance

This unit provides planning, intra-departmental coordination, program development and implementation, and regulatory oversight to ensure the City's compliance with applicable federal, state, and local regulatory requirements pertaining to the City's sanitary sewer system. It also provides technical consultation and functional direction to Public Works divisions and departments engaged in planning, reporting, and compliance activities, and coordinates and performs internal auditing and compliance investigations of the City's sewer system.

Bureau of Design and Construction

The Bureau provides project management, construction management, capital contracts, and design services for the City's Capital Improvement Program (CIP). The CIP focuses on Capital Improvements to the City's critical infrastructure in six asset categories, Buildings & Facilities, Parks & Open Space, Transportation, Sanitary Sewers & Wastewater, Storm Drains & Watershed and Technology. The Bureau also support other City Departments (Library, Parks and Recreation, Fire, Police, etc.) as liaisons for the Capital Improvement Program and project implementation. The Bureau also focuses on providing infrastructure engineering and infrastructure management support of stormwater and sewer facilities. The function also ensures regulatory compliance with Federal, State, and Local Agencies for Sewer, Stormwater, and Watershed through reporting and interactions with regulators.

Wastewater Engineering Management Division

The City of Oakland has 934 miles of City-owned and operated sanitary sewer pipes, seven pump stations, and over 28,554 manholes and structures. Most of Oakland's sewer system is greater than 50 years old. During wet-weather events, sewer flows are significantly increased due to infiltration and inflow (I/I) of storm water into the sanitary sewer system. The Sewer Service Charge that is collected from all properties pays for the operating and capital expenses incurred to maintain the system. The sanitary sewer collection system is a network of pipes, manholes, clean-outs, pump stations, and other structures used to collect residential, commercial, and industrial wastewater, and transport it to the East Bay Municipal Utility (EBMUD) treatment facility. The City of Oakland's sanitary sewer system is a collection system only. Sewage treatment and disposal occurs at the EBMUD Treatment Facility near the Bay Bridge and two other facilities; Oakport Wet-Weather Facility and San Antonio Creek Wet-Weather Facility.

Watershed & Stormwater Management Division

The City's storm water infrastructure includes more than 402 miles of pipe that range from 6" to 98" in diameter, including trash collection devices such as Vortex Units, 15,000 structures, and over 80 miles of open creek. The majority of the City's storm water infrastructure was constructed over 80 years ago. Since that time, very little to no upgrading of the system has taken place. Much of the system has long suffered from inadequate resources leading to increasing instances of flooding, erosion, and property damage. Additionally, the City of Oakland is subject to storm water quality regulations (Municipal Regional Permit - MRP) that mandates the City implement numerous programs including : New development and redevelopment permitting and enforcement, Industrial and commercial site inspections, enforcement, and control, Illicit discharge detection and elimination, Construction site inspections, enforcement, and controls, Public information and outreach, Water quality monitoring, Trash load reduction, Mercury, PCBs, copper and legacy pesticide, PBDE, and selenium controls and Development of plans for implementation of green infrastructure. Watershed and Stormwater Management (WSM) implements components of the City of Oakland Creek Protection Ordinance (O.M.C. Chapter 13.16) such as responding to, including through enforcement actions, public inquiries regarding erosion, watershed health and resources, non-stormwater discharges to the storm drainage system, creeks, and/or waterways, and other stormwater- or watershed-related matters. WSM also implements and facilitates implementation of the City's Municipal Regional Stormwater NPDES Permit (MRP) (current Order No. is R2-2022-0018) that regulates the discharge of stormwater to the City's storm drain system and includes prescriptive provisions regarding the prevention of non-stormwater discharges and discharge volume limitations. OPW WSM MRP compliance work includes implementing trash load reduction programs, public outreach and education efforts, green stormwater infrastructure planning and implementation, response to illegal discharges to storm drains, pollutants of concern load reduction programs, storm drainage asset management, MRP compliance cost reporting, MRP compliance training and support to other City departments and divisions, and Annual Report facilitation and completion.

Capital Contract Services Division

Capital Contracts administers the execution and solicitation of a variety of Capital Improvement Project Contracts (construction, consultant, and on-call) to support the delivery the Capital Improvement Program. In this current budget cycle, the division has processed approximately 275 unique contracts and task orders equating to \$122M in contracting. This division is responsible for implementing processes to ensure Federal, State, and Local requirements are being met for contracting. They also administer the development and solicitation of RFP/RFQs and bidding and awarding of construction contracts.

Construction Management Division

The division manages the construction of all the City's major Capital Improvement Projects These construction projects are authorized, programed, and funded through the Capital Improvement Program. Construction management manages construction progress, payment for construction and/or professional services contracts to ensure compliance of prompt payment and contract compliance policies and oversees staffing and all functions in construction management.

Project and Grants Management Division

The staff implements and manages capital improvement projects in support of all City departments. Capital projects span across many types of improvements including buildings/facilities (i.e. libraries, police and fire facilities, recreation centers, pools, etc.), parks and open spaces, and sport fields. Capital projects are implemented in accordance with all applicable codes, ordinances, and policies such as the City's planning policies, building codes, Green Building/LEED policy, Bay Friendly Landscape policy, ADA standards, and environmental and sustainability programs. Grant Management involves the identification of grant opportunities,

preparation of grant applications, implementation of grant programs, fund reimbursement, and all other tasks necessary to meet the standards and conditions of various funding agencies. Capital project fund sources vary from State Park grant programs, local fund measures such as Measure WW East Bay Regional Park Bond, Measure DD City of Oakland bond, Measure KK City of Oakland Infrastructure Bond and partnerships with non-profit organizations.

Bureau of Maintenance & Internal Services

Facilities Services Division

Through the Facilities Services Division (FSD), Oakland Public Works provides custodial services, security, preventative and general maintenance to approximately 300 City-owned buildings (estimated 2.5 million square feet) ranging in size from the Police Administration Building (147,900 sq. ft.) to the FROG Park restroom (40 sq. ft.). FSD has also served as the lead in managing the City's efforts to secure PPE and supplies, sanitize City vehicles and facilities, and otherwise ensure safe and healthy working environments in response to the COVID-19 pandemic. In Fiscal Year 2019-2020 Council allocated \$1.25 million in Minor Capital Improvement Project (MCIP) funding for minor capital improvement repairs, which has recently been reduced to \$1.0 million. This funding is used to perform proactive building maintenance, i.e., roofing replacement and repairs, facility painting, repair and replacement of building HVAC systems equipment, electrical upgrades and other required maintenance on all City-owned facilities that exceeds normal routine maintenance covered through O&M. The current backlog of unperformed MCIP projects and repair needs at City Facilities for each year is estimated at \$2.5 - \$3M and the reduction of MCIP funds is expected to escalate the backlog accumulation. This will result in further decline of facility conditions and likely result in more costly repairs in the future.

Equipment Services Division

The City of Oakland owns and operates over 1,800 vehicles and major pieces of equipment used to provide emergency, health and safety, and mission essential support to the citizens and businesses of Oakland. This equipment directly supports operations for the Fire, Police, Transportation, Public Works, and other city departments. Support staff performs the regulatory compliance reporting, preventative maintenance, mandated inspections, and repairs to ensure the equipment is in safe operating condition for the using Departments and keeping the City's fleet at a 92% availability rate.

Sanitary Sewer & Drainage Maintenance Division

The City of Oakland operates and maintains a Sanitary Sewer System consisting of 934 miles of City-owned and operated sewer pipes, eleven pump stations, and over 28,554 manholes and other structures. The sanitary sewer collection system is the network of pipes, manholes, clean-outs, pump stations, and other structures used to collect residential, commercial, and industrial wastewater, and transport it to the East Bay Municipal Utility (EBMUD) treatment facility and is maintained and repaired by the Sewer Maintenance Division. Most of Oakland's sewer system is greater than 50 years old. During wet-weather events, sewer flows are significantly increased due to infiltration and inflow (I/I) of storm water into the sanitary sewer system leading to sewer spills. Conditions such as ground movement, tree root intrusion, quality of material, and other factors can also cause sewer spills and significantly decrease the service-life of sewer pipes and manholes. The Sewer Maintenance Division responds to and remediates sewer spills, clears obstructions in the sewer system, and cleans, inspects, and performs preventive maintenance and minor repairs to the sanitary sewer system. In 2014, the City and the US EPA, along with other East Bay communities, agreed on a landmark 22-year sewer consent decree requiring at a minimum that the entire system is cleaned on a five year cycle (with annual progress check-ins and reporting) and the

entire system is inspected with CCTV equipment on a 10 year cycle (with annual progress check-ins and reporting) with the stated goals of reducing sanitary sewer overflows and decreasing wet-weather flows into EBMUD facilities.

Bureau of Environment

Keep Oakland Clean & Beautiful

The Keep Oakland Clean and Beautiful program maintains and enhances the cleanliness, health, and appearance of City streets and neighborhoods. Activities include more than 31,000 annual requests for removal of illegal dumping; abatement of over 100 homeless encampments annually; removal of 800,000 sq. ft. of graffiti; support for volunteer cleanup and beautification events; special events support; and street sweeping of 614 routes monthly to improve the quality of life for Oakland residents and comply with Clean Water regulations.

Parks and Tree Services

Oakland Public Works provides landscape maintenance, litter removal for 134 parks and public spaces. This includes two region-serving parks, nine community parks, 53 neighborhood parks, 15 special use parks, 26 athletic fields, plus many mini-parks, linear parks, and public grounds. There are another 1,055 acres of Resource Conservation Area (open space) primarily in the Oakland hills. Approximately 100 landscaped medians and streetscapes are also included in the City's park maintenance responsibility along with grounds at City facilities. Oakland is known for its green tree canopy; the 100-year-old Jack London Oak tree symbolizes our commitment to being a Green City. The urban forest maintained by OPW consists of over 250,000 trees of which 65,000 are street trees (per the 2008 Sidewalk Survey) plus trees found in public parks, medians, streetscapes, and within the street right-of-way; the exact number has not been quantified.

Environmental Services Division

Environmental Services leads OPW efforts in the protection of Oakland's natural resources and the improvement to health of our community, through programs that focus on energy efficiency and increased use of renewable energy sources, pollution prevention, environmental cleanup and restoration, waste reduction and recycling, and promotion of environmental sustainability. Environmental Services is dedicated to promoting community climate action and enhancing energy efficiency in and maintaining environmental compliance for municipal facilities; conducting environmental assessment and cleanup of open spaces, rights-of-way, waterways and development projects; managing franchise contracts that provide Oakland residences and businesses with weekly trash, compost and recycling services in pursuit of Oakland's Zero Waste goals; and implementing broad-based sustainability projects throughout the community.

TRANSPORTATION

Mission Statement

Envision, plan, build, operate and maintain a transportation system for the City of Oakland—in partnership with local transit providers and other agencies—and assure safe, equitable, and sustainable access and mobility for residents, businesses, and visitors.

Learn more about who we are and what we do [here](#).

SERVICE IMPACTS & EQUITY CONSIDERATIONS

Enhancements

1. Adds 12.0 FTE positions for the Parking and Mobility Division in FY 2025-26, with an additional 2.0 FTE positions in FY 2026-27, including: 1.0 FTE Parking Enforcement Supervisor and 11.0 FTE Parking Control Technician in FY 2025-26, and 2.0 FTE Public Service Representative positions in FY 2026-27; adds \$500,000 for overtime, \$124,000 for ongoing parking operations O&M, \$660,000 for one-time purchases, including new vehicles for the additional parking enforcement staff, citation equipment, and other O&M; and adds \$1,175,000 in revenue from addition of the new positions. These positions will increase parking enforcement efforts citywide, add a swing shift for parking enforcement, and better enforce street sweeping parking regulations. Parking citations help the City to maintain and improve compliance with parking regulations to increase the availability of parking, reduce unsafe parking, allow for more frequent street sweeping, and reduce vehicle abandonment/blight.
 - Equity consideration: This proposal would expand Parking Enforcement operations. Parking Enforcement has long been understaffed even while demand for parking enforcement services has grown over the past several years to include enforcement of off-street parking facilities (due to the transition from gated to gateless operations starting in December 2020), regular Sunday enforcement shifts in support of public safety, and seven-day enforcement of the parking meter zone around Lake Merritt. Parking enforcement of illegal parking improves public safety by preventing crashes, improving pedestrian visibility and improving access to fire hydrants, sidewalks, bike lanes, and disabled parking spaces. Parking Enforcement related to street sweeping is vital for environmental compliance and public health by keeping trash off the streets and from entering our waterways as well as making neighborhoods look better. Parking enforcement of metered spaces promotes turnover and activity in business districts and fairer use of popular areas like Lake Merritt. While Parking Enforcement is a vital part of public safety, environmental health, and civic vitality, the fines associated with tickets are regressive, meaning they overburden low-income individuals. An estimated quarter of Oakland residents are unable to pay fines which can lead to additional fines and eventually the loss of drivers' licenses, vehicles, and jobs (www.oaklandca.gov/topics/progressive-parking-initiative). Low-income, majority People of Color neighborhoods including Chinatown, West Oakland, and San Antonio and Fruitvale are also subject to more frequent street sweeping schedules due to Chinatown being a downtown business district and West Oakland and Eastlake being closer to bay (to prevent waste going into the waterways). To reduce disproportionate negative impacts to low-income Oaklanders and People of Color, the following mitigations are recommended:
 - Simplify the Income Driven Payment Plan application, which currently requires a significant amount of information and documentation that the average person may not be able to provide study and creation of parking benefit districts in High-Priority neighborhoods that have commercial business districts.
2. Adds \$400,000 in revenue in FY 2025-26 and \$800,000 in FY 2026-27 from 4,000 new metered parking spaces and addition of six (6) meter hours on Sunday afternoons; \$450,000 for staff overtime to enforce new meter hours; and 2.0 FTE Parking Meter Repair Worker positions. 400 new multi-space parking meters will be installed using existing grant funding, and an additional 6 hours of meter time with the addition of noon to 6:00pm on Sundays, bringing the total meter operating hours to 66 hours per week.
 - Equity consideration: This proposal may result in negative equity outcomes, including cost burdens to low-income households if implemented citywide, which would include High-Priority Neighborhoods with on-street metered parking, such as Chinatown, Fruitvale, and census tracts along the International Boulevard corridor. Between 50% to 67% of people living in these areas are low-income, and between 22% to 47% of people are rent-burdened (paying 50% or more of their income towards housing costs). While parking enforcement is a vital part of public safety, environmental health, and civic vitality, the fines associated with tickets are regressive, meaning they overburden low-income individuals. An estimated quarter of

Oakland residents are unable to pay fines which can lead to additional fines and serious additional outcomes, such as the loss of drivers' licenses, vehicles, and jobs. Low-income, majority People of Color neighborhoods including Chinatown, West Oakland, and Fruitvale, and San Antonio are also subject to more frequent street sweeping schedules due to Chinatown being a downtown business district and West Oakland, Fruitvale, and San Antonio being closer to the bay (to prevent waste going into the waterways). If we assume that only Oakland residents are using parking meters, then of this quarter of residents who cannot afford fees, and of those who live and drive within a mile of BART or rapid transit (TIRG mode share adjustment 63.3%), about 69,077 residents could be negatively impacted. Mitigations to this proposal include:

- Presenting an engagement plan to the Race and Equity Team Community Engagement Subcommittee for approval prior to implementing this proposal
 - Rolling out the engagement plan and public noticing in advance of implementation and having parking enforcement staff issue warnings instead of citations during the first 60 days of implementation. Staff should investigate high-visibility signage such as billboard advertisements, social media, and other types of public service announcements.
3. Adds 2.0 FTE Parking Control Technician positions, 1.0 FTE Public Service Representative position, a contracted Hearing Officer, and \$100,000 in O&M for automated Speed Safety Camera Program enforcement.
- Equity consideration: Reducing vehicle speeds saves lives. OakDOT's analysis shows that Black and Latine Oaklanders are staggeringly more likely to be killed in a vehicle crash, even more so as pedestrians. As such, slowing vehicle speeds benefits BIPOC Oaklanders who have been carrying the disparate burden of traffic fatalities. Studies show that automated traffic enforcement systems like these reduce speeds on the roads where they are deployed. However, these systems also generate fines, and because the majority of streets on the City's high-injury network are in high equity priority neighborhoods, these communities are likely to bear more financial burden from ticketing. Nonetheless, data clearly indicates that automated speed enforcement reduces bias in who gets ticketed for speeding compared to human-based enforcement methods. Many equity requirements are legislated into this pilot program, including fine reduction for low-income drivers, geographic distribution requirements, and a required equity analysis of the effects at the end of the five-year pilot. These budgeted positions are required by law for us to carry out this pilot. In order for Oakland to use our camera systems, there must be OakDOT staff in place to review citations and appeals. These staff are also essential for administering other required equity provisions such as the need-based fine reduction.
4. Adds 5.0 FTE positions for new Sidewalk Notice to Repair Program in Complete Streets Division, including: 1.0 FTE Senior Transportation Planner position, 1.0 FTE Senior Construction Inspector position, 1.0 FTE Arboricultural Inspector position, and 2.0 FTE Construction Inspector positions. These positions will be responsible for implementation and management of the City's new Sidewalk Notice to Repair Program, which will repair and replace sidewalks throughout the City and then charge back the expenses to property owners to better maintain sidewalks throughout the City and maintain ADA compliance.
- Equity consideration: This new program will be focused on ensuring access to ADA compliant pedestrian Rights-of-Way throughout the City through City-administered sidewalk repair. In addition to improving accessibility to pedestrian rights-of-way, which will enhance quality of life for all residents and visitors of Oakland, the program will have cost waivers for low-income individuals to ensure that this does not create further cost burdens for them.
5. Transfers and Deletes 1.0 FTE Program Analyst III position from City Administrator's Office and adds 1.0 FTE Transportation Planner III in the Complete Streets Division for ADA projects. This position will work on ADA improvements within the City's transportation projects.
- Equity consideration: There is no discernible equity impact from this action.

Reductions

1. Freezes 1.0 FTE vacant Management Assistant in the OakDOT Human Resources Division. This vacant position was posted as an internal recruitment in December 2022 and has not been filled. Since this position has been vacant for over two years, freezing the position will not impact current service levels.
 - Equity consideration: While freezing this position will not change existing service levels, it may have negative equity impacts on existing staff in the OakDOT Human Resources Team, as this team continues to be understaffed. Per OakDOT staff demographic data, administrative staff are more likely to identify as People of Color and/or women. Additionally, limiting the ability to recruit additional Human Resources will hinder future hiring efforts to fill job vacancies and increase service delivery.
2. Freezes 8.0 FTE vacant positions throughout the department for cost saving purposes, including: 1.0 FTE Construction Inspector position, 1.0 FTE Senior Surveying Technician position, 1.0 FTE Program Analyst III position, 1.0 FTE Electrical Engineer III position, 1.0 FTE Permit Technician I, and 2.0 FTE Senior Engineering Technician. These positions have been vacant for the year, and duties have been assumed by other positions in the department where possible. This action should have minimal impact to current service levels.
 - Equity consideration: There is no discernible equity impact from this action.
3. Deletes 1.0 FTE Supervising Transportation Engineer and adds 1.0 FTE Project Manager to align position with departmental needs. This position is responsible primarily for project management related tasks and does not require the technical training of an engineer.
 - Equity consideration: There is no discernible equity impact from this action.

Transportation

FY 2025-27 PROPOSED POLICY BUDGET

SERVICES

Below is a comprehensive list of the services and activities provided by City departments to internal and external customers, which describes the City's operations throughout the Oakland community, including collaborative efforts with other governments and community partners. Internal customers include other City departments and elected officials, while external customers are comprised of residents, businesses, visitors, and similar persons.

Construction, Planning, And Project Development

Develops, designs, and delivers capital improvement projects (pedestrian, transit, beautification, access, etc). Prepare construction plans and specifications. Inspect and approve construction of pavement, sidewalks, curb ramps. Provides transportation analysis and policy feedback for proposed private development projects; plans, performs public engagement and outreach on transportation policies, programs, services, and projects; prepares preliminary concepts, designs, plans for public, staff, city council consideration before advancing to final plans.

Crossing Guards

Provide trained adult crossing guards at public elementary and middle schools to assist students and parents in crossing streets using criteria established through a multi-agency Safe Routes to Schools program comprised of representatives from OUSD, ACTC, OPD, OakDOT and non-profits.

Parking Citation Assistance

Processes all parking violation citations, and posts various citation payments. Facilitates payment plans for those unable to immediately meeting their financial obligations.

Parking Enforcement

Enforce parking regulations to ensure parking turnover to support businesses, enforce pedestrian/traffic safety, provide equal access (e.g. disabled parking zones), street sweeping, elimination of blight (no overnight parking), issue citations, and generally promote quality of life on City streets. Operate, maintain, repair, and collect revenue from parking meters.

Parking Meter Collections

Parking Meter Collections is responsible for collecting parking meter revenue from the on and off-street parking meters. They also perform counting, sorting, bagging of the coins for different coin denominations and Brink's pick up.

Right-of-Way Management

Provide Utilities, Developers, and Citizens the tools they need to work within Oakland's Right of Way while securing City assets, protecting the public, and preserving Oakland's infrastructure– and do it with an unparalleled quality of service.

Street and Sidewalk Maintenance

Provide high quality repair and construction of sidewalks, curbs, gutters, and curb ramps; installs fencing and guardrails, repair concrete streets, construct pedestrian safety islands. Perform construction services including full-scale paving, pothole repair, crack sealing and gutter cleaning, and emergency response during and after storms and landslides. Maintain and install street signs, pavement markings and stripes.

Street Lights and Signals Engineering and Maintenance

Manage utility undergrounding projects, lighting calculations, and review private development projects. Provide 24/7 service, installation and repair of street lights, and respond to downed poles. Install, operate, and maintain over 700 traffic signals to have safe and efficient arterial streets.

Structure & Emergency Response

Provide professional engineering services for streets projects in response to disaster and emergencies, during and after events (e.g.; storm damage, landslides, fire recovery, earthquakes, etc.), as well as bridge repair/seismic retrofits, and pedestrian paths and stairs repair projects to provide safe infrastructure for all users.

Survey

Provide quality, accurate, and dependable land surveying and map review services for the entire City.

Traffic Engineering and Safety

Advance roadway safety and efficiency by applying engineering measures, establishing roadway rules and regulations, and making transportation safe, accessible, and equitable. Includes sustainable transportation options, including bicycles and bikeshare, walking, public transit, carshare, scooters, etc.

Vehicle Enforcement Unit

Since 2023, OakDOT's Vehicle Enforcement Unit is organized, staffed and equipped to handle three basic service areas: Abandoned Auto; Scofflaw; and Vehicle Encampments.

Off-Street Parking Garages/Lots

Off-street parking offers parking in areas other than on the streets. The Off-Street Parking Program is overseen by professional parking operators who manage these facilities to maximize their value for the surrounding districts.

Parking Mobility Management

Actively managing the City's parking system means managing both parking supply and parking demand. The Mobility Management Unit plays a leading role in both through policy research and development, piloting new programs and administering several dozen existing programs ranging from bus shelters and electric vehicle charging to blue zones and electric scooters.

Speed Safety Cameras

AB 645 (Friedman) authorizes 6 cities in California, including Oakland, to pilot the use of automated speed enforcement systems. The legislation outlines numerous requirements in order for the City to stand up an automated speed enforcement program, including development of a Use Policy and Impact Report that will need to be vetted and approved by the Privacy Advisory Commission, community engagement, and technical analysis and data collection/evaluation to be compliant with the pilot program.

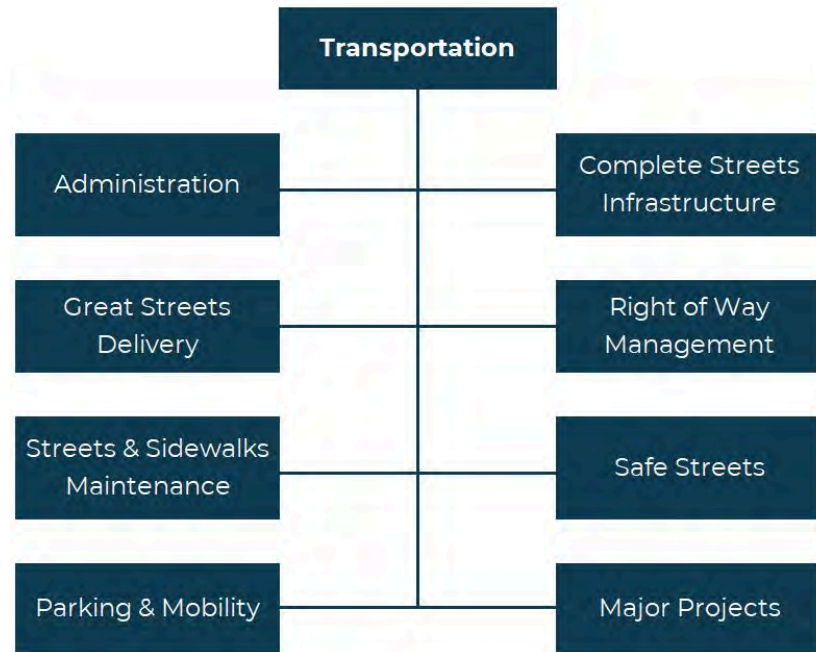

PERFORMANCE MEASURES

Performance Measures are metrics that collect information about operational activities, achievement of goals, community conditions, or other environmental factors to better understand present conditions and inform operational, managerial, policy, and community decisions. Performance Measures are composed of Service Output Measures, which describe a specific service measurement and the numerical value of that service on an annualized basis; and Equitable Service Delivery Success Standards, which describe the “gold standard” target service level for every customer/area of the City, including those who have been historically underserved, and is sometimes expressed as a percentage of the service delivery meeting a specific threshold. Service Levels are designated parameters of City operations, such as weekly facility hours, standard response times for emergency services, and standard response times for requests through OAK311.

Performance measures should identify, track, and improve access to City services for Oakland residents with a goal of continuous improvement in equitable outcomes over time through data collection and analysis. The annualized measurement provided against the Equitable Service Delivery Success Standard will be used to analyze and address areas needing improvement, including racial disparities, for equity purposes. The initial metrics chosen have a particular focus on assuring equitable service delivery to Oakland’s Black, Indigenous, and People of Color (BIPOC) residents, and selected for their potential to advance systemic change and close racial disparities in policy outcomes.

Administration will provide updated performance measures in the FY25-27 Adopted book.

ORGANIZATIONAL CHART

BUREAUS/DIVISIONS

Administration

The Administration unit supports the department-wide administrative functions including the Director's Office, Administrative Manager, Assistant Director, Human Resources, Fiscal Services, Strategic Planning, Business Analytics and Funding Strategy.

Right of Way

Ensure that work done in the public right-of-way (ROW) adheres to the City's highest standards, and that construction projects that bring housing and jobs to the City are implemented per safety standards. This group also provides engineering oversight for private development projects, develops traffic control plans and oversees construction inspectors who confirm that private projects in Oakland's ROW are being carried out per plan.

Great Streets Delivery

Responsible for planning, designing, implementing, surveying, and managing major transportation infrastructure projects. Responsible for emergency repairs of roadways and structures. Oversee city land surveyor

and associated activities.

Complete Streets Infrastructure

The Complete Streets Infrastructure Division manages Oakland's citywide street resurfacing, curb ramps, and sidewalks asset management programs. The division plans, designs, and delivers capital projects that incorporate safety and pedestrian right-of-way improvements.

Street and Sidewalk Maintenance

Responsible for maintaining streets, sidewalks, guardrails and other major road features, including over 800 miles of asphalt pavement within the public right-of-way, requiring ongoing crack sealing, pothole filling, trench paving, and maintaining asphalt berms. The division responds to service requests to repair 200 miles of curb and gutter, 66 miles of concrete streets, 72 miles of concrete medians, and 1,120 linear miles of sidewalks. In addition to maintenance, this division delivers concrete and pavement capital projects with in-house construction crews.

Safe Streets

Responsible for actively developing and efficiently maintaining transportation programs and assets in ways that promote the safety and well-being of Oakland residents and visitors.

- Neighborhood Traffic Safety
- Safe Street Maintenance
- Bicycle & Pedestrian Programs
- Major Corridor Multimodal Operations Streetlighting
- Crossing Guards

Parking and Mobility

Actively managing the City's parking system means managing both parking supply and parking demand. The Mobility Management Unit plays a leading role in both through policy research and development, piloting new programs and administering several dozen existing programs ranging from bus shelters and electric vehicle charging to blue zones and electric scooters. This work requires Transportation Planners, Engineering Technicians and Community Liaisons to work closely together.

- **Mobility Management** focuses on active management of the city's on and off-street public parking supply and curb space to serve public needs for private vehicles, transit, taxis, commercial loading, preferential permit parking, bicycle parking, parklets, food trucks, and other public benefits. Mobility Management also works on projects and programs that improve and expand transportation choices – including carsharing, bicycle sharing, and scooter sharing – to further the City's equity, safety, environmental, and economic goals.
- **Parking Enforcement** is dedicated to the issuance of citations through the consistent enforcement of parking laws to incentivize drivers to comply with regulations. Enforce parking regulations to ensure parking turnover to support businesses, enforce pedestrian/traffic safety, provide equal access (e.g. disabled parking zones), street sweeping, elimination of blight (no overnight parking), issue citations, and generally promote quality of life on City streets. Operate, maintain, repair, and collect revenue from parking meters.

Major Projects

Develops, designs, and delivers capital improvement projects (pedestrian, transit, beautification, access, etc.). Prepare construction plans and specifications. Inspect and approve construction of pavement, sidewalks, curb ramps. Provides transportation analysis and policy feedback for proposed private development projects; plans, performs public engagement and outreach on transportation policies, programs, services, and projects; prepares preliminary concepts, designs, plans for public, staff, city council consideration before advancing to final plans. Responsible for policy development, community outreach, corridor plans, and preliminary design, including the

critical transition between plan recommendations and project definitions that can be competitive for outside funding.

NON-DEPARTMENTAL

Mission Statement

Non-Departmental comprises costs, programs, activities, debt and lease payments that are not assignable to a specific department.

SERVICE IMPACTS & EQUITY CONSIDERATIONS

Reductions

1. Restores \$500,000 in funding for Lake Merritt health and safety efforts. The proposed budget reinstates \$140,000 for the Lake Merritt vending programs, \$95,000 for Parks Maintenance, \$95,000 for park steward(s), \$60,000 for transportation safety improvements, and \$115,000 for traffic safety management in the OPD.
 - Equity Consideration: Most vendors at Lake Merritt represent historically marginalized communities, and funding will lower barriers to entry, allowing vendors to operate a compliant market. Additionally, the improved traffic management measure will make Lake Merritt a safer and more inclusive public space, benefitting all residents. This allocation will also enhance the ability of parks services to maintain a safe, clean, and beautiful space. These improvements contribute to a better quality of life by supporting equitable access to safe recreational spaces.
2. Adds \$5 million per year for public safety vehicle acquisition to enhance the City's fleet. Funding may be used for the direct acquisition of vehicles or through a Master Lease funding mechanism, where funding would be applied to debt service payments. The vehicles to be acquired must be prioritized to ensure that the most critical needs are addressed first.
 - Equity Consideration: Replacing aging Police and Fire vehicles helps to ensure the City has reliable and efficient vehicles to serve all communities, especially those in underserved areas.

Other Impacts & Changes

1. Cultural arts subsidy funding and elections appropriations have transferred to Non-Departmental in the proposed budget. The Economic and Workforce Development Department (EWD) will continue to administer and manage subsidy funding, while the City Clerk will remain responsible for elections funds. Elections funding is budgeted at \$4.4 million per year. The cultural arts subsidies include:
- Hacienda Peralta: \$49,900 per year
 - Fairyland Subsidy: \$229,861 per year
 - Asian Cultural Center: \$200,000 per year
 - Chabot Space and Science Center: \$218,484 per year

BUREAU/DIVISIONS

Citywide Activities

Citywide Activities consists of a wide variety of city-wide costs and programs. Fund transfers are included in Citywide Activities, such as the transfer of funds to the Underground District Revolving Fund. The other major component is subsidies to organizations outside City governments. Examples of city-wide programs and their annual costs include the Joint Powers Authority Membership.

Fiscal Management

Fiscal Management includes overhead cost recoveries and contingency line items. The largest item is a cost recovery into the General Purpose Fund from other funds. This represents a reimbursement for services provided by General Government departments such as Personnel, the City Administrator, the City Attorney and Finance.

Debt/Lease Payments

Includes several debt service payments, for example financing of City administration buildings at Frank Ogawa Plaza; various Information Technology lease payments, such as costs for the upgrade to Oracle (the City's financial system) and the Oakland-Alameda County Coliseum.

Insurance & Liability Claims

Includes transfers from the General Purpose Fund and various Non-General Purpose funds to pay for the City's self-insurance premiums, as well as claims & settlements, outside legal services, and court costs.

Glossary

FY 2025-27 PROPOSED POLICY BUDGET

Accrual Basis Accounting	Distinct from cash basis accounting, accrual basis accounting records the financial effects of transactions in the periods in which those transactions occur, regardless of the timing of related cash flows. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred.
Actual	Actual refers to the expenditures and/or revenues that are actually realized; as opposed to those that are forecasted or budgeted.
Actuarially Determined Contribution	The Actuarially Determined Contribution (ADC) refers to an amount that, if contributed consistently and combined with investment earnings, would be sufficient to pay promised benefits in full over the long-term.
Adjusted Budget	The status of appropriations as of a specific date between July 1 at the beginning of the fiscal period and June 30 at the end of the period. Includes the adopted budget, budget amendments, prior year encumbrances, approved project carryforwards from prior years, and transfers between accounts, divisions and departments.
Adopted Budget	Revenues and appropriations (budgeted expenditures) approved by the City Council in June immediately preceding the new fiscal period.
Affordable Housing Trust Fund	The Affordable Housing Trust Fund (AHTF) was established to provide assistance in developing and maintaining affordable housing in the City. Per Ordinance No. 13193 C.M.S., 25 percent of funds distributed to the City as a taxing entity under the redevelopment dissolution law is to be allocated to the AHTF.
African American Museum and Library at Oakland	The African American Museum and Library at Oakland (AAMLO) is dedicated to the discovery, preservation, interpretation and sharing of historical and cultural experiences of African Americans in California and the West for present and future generations. The reference library supports the archives and museum with a special, non-circulating collection of materials designated for library use only.
Agency/Department	A major unit of the municipal organization which is managed by an Agency / Department Director and comprised of a number of divisions which are functionally related to one another.
Alameda County Transportation Commission	Alameda County Transportation Commission (ACTC) was created in July 2010 by the merger of the Alameda County Congestion Management Agency (ACCMA) and the Alameda County Transportation Improvement Authority (ACTIA).

Americans with Disabilities Act		The Americans with Disabilities Act (ADA) is a civil rights law that passed in 1990 that prohibits discrimination against people with disabilities. The law made it illegal to discriminate against a disabled person in terms of employment opportunities, access to transportation, public accommodations, communications, and government activities.
Annual Required Contribution		The Annual Required Contribution (ARC) refers to the amount an employer needs to contribute to adequately fund a pension plan in accordance with actuarial and other parameters.
Appropriation		An authorization made by the City Council that permits the City to incur obligations and to make expenditures of resources.
Appropriation Resolution		The official resolution adopted by the City Council to establish legal authority for City officials to obligate and expend funds.
ARPA		American Rescue Plan Act
Asset		Tangible and intangible items that hold value, such as City cash, investments, buildings, land and equipment.
ASSETS Senior Program		ASSETS Senior Employment Opportunities Program helps to train and prepare mature adults for entry or re-entry into the competitive labor market. Eligible participants can receive paid work experience as a Senior Aide at training sites in non-profit or government agencies.

Balanced Budget		Budgeted revenues are equivalent to budgeted expenditures.
Baseline Budget		Projected revenue and expenditure budgets created as part of the budget development process, based on the assumption that current policies will continue unchanged for the upcoming fiscal period.
Bay Area Rapid Transit		Bay Area Rapid Transit (BART) is a heavy-rail public transit system that connects the San Francisco Peninsula with communities in the East Bay and South Bay. BART service currently extends as far as Millbrae, Richmond, Antioch, Dublin/Pleasanton, and Berryessa/North San José. BART operates in five counties (San Francisco, San Mateo, Alameda, Contra Costa, and Santa Clara) with 131 miles of track and 50 stations.
Biennial Budget		Budget lasting or enduring for two fiscal years.
BIPOC		Black, indigenous, and people of color.
Bond		A form of loan in which the City borrows funds for a defined period of time at a fixed interest rate. Bonds are used by finance for capital projects or long-term obligations.

Bond Rating/Credit Rating		A rating given to bonds the City issues that indicates their credit quality, meaning the borrower's ability to pay the bond principal and interest in a timely fashion. Private independent rating services include Standard & Poor's, Moody's and Fitch. Bond ratings are expressed as letters ranging from 'AAA', which is the highest grade, to 'C' ("junk"), which is the lowest grade.
Budget		A financial plan for a specific fiscal period that documents anticipated revenues and associated authorized expenditures.
Budget Adjustment		A procedure governed by accounting controls and City policies through which City staff revises budget appropriations. City staff has the prerogative to adjust expenditures within departmental budgets. Council approval is required for transfers between departments, between funds, and for additional appropriations from fund balances or new revenue sources.
Budget Advisory Commission		The Budget Advisory Commission (BAC) advises the City Council on expenditures, revenues, and financial policies. The BAC's advice generally takes the form of informational reports submitted to the Finance & Management Committee of the City Council.
Budget Calendar		The schedule of key dates or milestones that the City follows in the preparation, adoption, and administration of the budget.
Budget Document		A financial and planning document that reflects the proposed (and later adopted) revenues and appropriations (authorized expenditures) for the City, including operating and capital, historical financial information, and organizational structure and goals.
Budgetary Control		The use of controls and monitoring of a governmental unit or enterprise for the purpose of keeping expenditures within the approved limits and achieving revenue targets.
Bus Rapid Transit		Bus Rapid Transit (BRT) is a high-quality bus-based transit system that delivers fast and efficient service that may include dedicated lanes, busways, traffic signal priority, off-board fare collection, elevated platforms and enhanced stations.

CalPERS		California Public Employees' Retirement System
CAO		City Administrator's Office
Capital Budget		A budget for capital expenditures, as opposed to operating expenditures.
Capital Improvement Program (CIP)/Capital Plan		A plan that identifies an organization's capital project needs, prioritizes the projects, estimates costs, and proposes specific revenues, expenditures, and timeline to complete priority capital projects.

Capital Project	Projects generally costing \$100,000 or more designed to upgrade and repair existing facilities and infrastructure; purchase technology-related equipment and service contracts; and purchase other major equipment.
Carryforward	Appropriations brought forward from a previous fiscal year to continue or complete a specific project, program, or activity.
CDBG	Community Development Block Grant
CEDA	Community and Economic Development Agency
COIN	Caring for Oaklanders in Need
Consolidated Fiscal Policy	The City's fiscal policies that include the City's policies on budgeting practices, reserve funds, budget process, fiscal planning, transparency, and public participation.
Contingency Reserve	An appropriation of funds to cover unforeseen events, such as emergencies, newly required programs, shortfalls in revenue, or other unforeseen eventualities. For example, the City Council has set a policy for the General Fund reserve of 7.5 percent.
Contractual Services	Operating expenditures for services provided by outside organizations and businesses, including maintenance contracts, consulting services, etc.
CORE	Citizens of Oakland Respond to Emergencies Program
Core Services	Key City lines of business.
CPRA	Citizen's Police Review Agency
CPRB	Citizen's Police Review Board
CSO	Central Service Overhead. Expenditures that are incurred by central service organizations, such as information technology, human resources, legal, accounting, and management, that are recovered through cost allocation to user departments and funds.
Debt Service	The expenditure required to pay ("service") interest and principal on outstanding debt.
Deferred Capital Investments/ Deferred Maintenance	The practice of deferring capital maintenance or renewal activities that would be required to minimize a capital asset's total cost of ownership in order to reduce short term expenditures.

Deficit/Shortfall	The amount by which budgeted or actual expenditures exceed revenues.
Department/Agency	A major unit of the municipal organization which is managed by an Agency / Department Director and comprised of a number of divisions which are functionally related to one another.
Department of Race & Equity	The Department of Race and Equity was created by city ordinance in 2015. The Department is tasked with integrating, on a city-wide basis, the principle of ensuring that Oakland is a "fair and just" city, by eliminating systemic inequities caused by past and current decisions, systems of power and privilege, and policies.
Discretionary Funds	Funds that are not restricted to specific purposes.
Division	A unit of the municipal organization which reports to a department.
DOT	Department of Transportation

EBMUD	East Bay Municipal Utilities District
EDI	Economic Development Initiative
EEC	Enhanced Enterprise Community
EEO	Equal Employment Opportunity
EIR	Environmental Impact Report
Encumbrance	Obligations in the form of purchase orders, contracts or salary commitments, which are chargeable to an appropriation and for which a part of the appropriation is reserved. They cease to be encumbrances when the obligations are paid or otherwise terminated.
Enterprise Fund	A governmental accounting fund in which the services provided are financed and operated similarly to those of a private business. The rate schedules for these services are established to ensure that the revenues are adequate to cover all necessary expenditures.
EOC	Emergency Operations Center
EWD	Economic & Workforce Development

Expenditure	The actual expending (payment/disbursement) of financial resources, as recorded in the City's financial system.
Expenditure Category	A basis for distinguishing types of expenditures. The major expenditure categories used by the City of Oakland are personnel services; operations and maintenance (O&M); and capital outlay.
FEMA	Federal Emergency Management Agency
Finance Department	The Finance Department consists of the following bureaus: Treasury, Controller, Revenue Management, and Budget.
Fiscal Year	A twelve-month time period signifying the beginning and ending period for recording financial transactions. The City of Oakland has specified July 1 through June 30 as its fiscal year.
Five-Year Financial Forecast	Each Budget Cycle the City is required to prepare a Five-Year Financial Forecast pursuant to Resolution No. 81399 C.M.S. The Forecast contains the two-year baseline budget for the forthcoming two-year budget period, clearly reflecting projected expenditures to maintain existing service levels and obligations, plus an additional three-year forecast of revenues and expenditures. The Five-Year Financial Forecast is not a budget and does not include any proposed balancing solutions or service levels changes.
FMS	Financial Management System
Forecast	An estimate of future conditions, particularly related to financial conditions.
FTE	An FTE or full-time equivalent is defined as a staff year. For example, two employees who work one-half time are considered one full-time equivalent.
Fund	An accounting entity that has a set of self-balancing accounts and that records financial transactions for specific activities or government functions. As required by governmental accounting standards, the City uses different funds to account for expenditures from various revenue sources. Restricted funds may be expended for purposes specified by law or grantor regulations. Discretionary or unrestricted funds may be spent for any lawful purpose designated by the City Council.
Fund Balance	The net effect of a fund's assets less liabilities at any given point in time. The total fund balance includes a designated/reserved portion, usually for encumbrances, projects, or other prior commitments, as well as an undesignated/unreserved (i.e. "available") portion.
Fund Group	A group of funds with similar restrictions and accounting treatment. The seven fund groups included in the City's budget are: general funds; special revenue funds; enterprise funds; internal service funds; capital projects funds; debt service funds; and trust.

GAAP	Generally Accepted Accounting Principles
-------------	--

General Obligation (GO) Bond		A type of bond that is repaid and backed by the City's full financial resources. These are distinct from revenue bonds, which are repaid using the revenue generated by the specific project the bonds are issued to fund.
General Purpose Fund (GPF)		One specific fund within the General Fund group of funds. Revenues from many of the City's taxes, fees and service charges are deposited into the General Purpose Fund. It is the fund from which the City has the most flexibility in making expenditures.
GIS		Geographic-based Information System
Grant		A contribution by a government, other organization, private entity or individual, to support a particular activity. Grants may be classified as either categorical or block grants, depending upon the amount of discretion allowed for the grantee. Grants may be competitive or based on allocation.
HAAB		Housing Advisory and Appeals Board
HCD		Housing and Community Development
Head Start		Federal formula grant program to promote the school readiness and comprehensive development of children ages 0 – 5 from low-income families through agencies and childcare providers in their own communities.
HJKCC		Henry J. Kaiser Convention Center
HMIP		Home Maintenance & Improvement Program
HOPWA		Housing Opportunities for Persons with AIDS
HR/HRM		Human Resources Management Department
HSD		Human Services Department
HUD		Federal Department of Housing and Urban Development
HVAC		Heating, Ventilation & Air Conditioning
IAFF		International Association of Firefighters

IMMS	Integrated Maintenance Management System
ISF	Internal Service Fund
ISTEA	Intermodal Surface Transportation Efficiency Act
IT	Information Technology
ITD	Information Technology Department
JPA	Joint Powers Authority
KTOP	TV Channel 10—Oakland's Government Channel

LAN	Local Area Network
LBE	Local Business Enterprise
Letter of Transmittal	The opening section of the budget which provides the City Council and the public with a general summary of the most important aspects of the budget, changes from the previous fiscal years, and the views and recommendations of the Mayor and City Administrator.
Liabilities	Amounts that the City is obligated to pay based upon prior events or transactions. Current liabilities are those that the City expects to pay within a one-year period. Long-term liabilities are obligations that the City will pay out over time, such as pensions, retiree medical obligations, and long-term debt service.
LLAD	Landscaping and Lighting Assessment District
LMIHF	Low and Moderate Income Housing Fund
Long-term Liability (also referred to as Unfunded Liability)	A liability for which there is no offsetting asset and/or is not due within one year, often used in reference to pension liabilities (OPEB) and other long-term debt instruments such as bonds.
Measure A	Approved by voters April 2025. Sales and use tax 0.5% for 10 years.
Measure D	The 2018 Oakland Public Library Preservation Act. Approved by voters in June 2018.

Measure H	Approved in 2022, the measure will renew a \$120 parcel tax for 14 years and generate \$11.5 million a year for the Oakland Unified School District. The funds will be deployed to address dropout rates, prepare students for college and careers, and attract and retain teachers.	
Measure HH	Approved in 2016, the measure established a one cent per ounce tax on sugar-sweetened beverages.	
Measure JJ	Approved in 2016, the measure expands "just cause" eviction protections and expands the powers of the Rent Board and Rent Adjustment Board.	
Measure KK	Approved in 2016, the measure is a general obligation bond to invest \$600 million in streets and sidewalk repair, city facilities, and anti-displacement and affordable housing efforts.	
Measure LL	Approved in 2016, the measure establishes a Civilian Police Commission and Community Police Review Agency.	
Measure M	Emergency Medical Service Retention Act of 1997	
Measure MM	Wildfire Prevention Zone Act 2024	
Measure N	Paramedic Services Act of 1997	
Measure NN	Citywide Violence Reduction Act 2024	
Measure OO	City Charter and Oakland Municipal Code Act 2024	
Measure Q	Approved in 2022, the measure authorizes the City of Oakland to develop, construct, or acquire, or assist the development of, up to 13,000 low rent residential units in social housing projects within the city for the purpose of providing affordable rental housing.	
Measure R	Approved in 2022, the measure amends the City Charter to replace gender-specific language with gender neutral language, such as replacing words like "fireman" with "firefighters" and using gender-neutral pronouns in referring to City officers and staff, recognizing women and non-binary persons as well as men are qualified for and hold such positions, and to avoid gender stereotyping and discrimination, and promote inclusivity.	
Measure S	Approved in 2022, the measure amends the City Charter to allow the City Council by adopting an ordinance, to authorize voting by noncitizen residents, who are the parents, legal guardians, or legally recognized caregivers of a child, for the Office of Oakland School Board Director if they are otherwise eligible to vote under state and local law.	
Measure T	Approved in 2022, the measure amends Oakland's business tax rates to create a progressive rate structure that would (1) impose the highest rates on the highest grossing businesses, (2) increase Oakland's annual tax revenue by	

	an estimated \$20,900,000, and (3) generate approximately \$124,000,000 in total annual revenue for municipal services by imposing business tax rates of .05% to .55% of gross receipts, and other rates as stated in the measure.
Measure U	Approved in 2022, the measure improves public safety and invests in Oakland by creating affordable housing for Oaklanders, increasing housing for homeless Oaklanders, repaving streets to remove potholes, improving traffic/pedestrian safety, and updating fire stations and other public facilities, by issuing \$850,000,000 in general obligation bonds, raising approximately \$85,000,000 annually while bonds are outstanding at the rate of \$0.071 per \$100 (\$71 per \$100,000) of assessed value, with independent oversight and annual audits.
Measure V	Approved in 2022, the measure amends the Just Cause for Eviction Ordinance to: (1) prohibit no-fault evictions of children and educators during the school year; (2) extend eviction protections to tenants in recreational vehicles (RVs), tiny homes on wheels, and newly constructed units except during the first 10 years after issuance of the certificate of occupancy; (3) remove failure to sign a new lease as grounds for eviction; and (4) make other clarifying amendments.
Measure W	Approved in 2022, the measure amends the Oakland Municipal Code and City Charter to establish resident public financing for candidate election campaigns, increase transparency regarding independent spending in City elections, further restrict former city officials from acting as lobbyists, and provide additional resources to the Public Ethics Commission for implementation.
Measure X	Approved in 2022, the measure amends the Charter to, among other things, establish Councilmember term limits, require two hearings before Council places certain measures on the ballot; count Councilmember abstentions and absences as "no" votes in determining whether Mayor may break a tie; provide Public Ethics Commission discretion in setting Councilmember salaries; authorize the Commission to set City Attorney and Auditor salaries; and add and detail duties and provide minimum staffing for the Auditor.
Measure Y	Approved in 2022, the measure amends Oakland's Municipal Code to fund Oakland Zoo operations, staffing, maintenance and capital improvements, including but not limited to animal care and rehabilitation, educational and conservation programs, fire prevention, accessibility, and visitor services, by imposing an annual \$68 parcel tax for single-family parcels, and other parcels as specified, for 20 years, raising approximately \$12,000,000 annually with exemptions for low-income households and others, and citizen oversight.
Measure Z	Police Services Parcel Tax and Parking Tax of 2014
MIC	Municipal Improvement Capital Fund
Midcycle Budget	The City adopts a two-year budget (Biennial Budget). At the end of the first year, a Mid-Cycle Budget is adopted if any significant changes in circumstances warrant changes from the original adopted two-year budget.
Modified Accrual Basis	Modified Accrual Basis accounting recognizes an economic transaction as revenue in the operating statement when the resources are both measurable and available (i.e. collectible). Similarly, expenditures are generally recognized when an event or transaction is expected to draw on current spendable resources.
MSC	Municipal Service Center

MSSP		Multi-Purpose Senior Services Program
MTC		Metropolitan Transportation Commission

NCR		Neighborhood Commercial Revitalization
Negative Fund Balance		The situation in which a fund's balance is negative, meaning that its liabilities exceed its assets.
NEH		National Endowment for the Humanities
NOFA		Notice of Funding Availability
NSC		Neighborhood Service Coordinator
Oakland Promise		Oakland Promise is a cradle-to-career initiative designed to triple the number of Oakland public school students who complete college over the next decade.
OAS		Oakland Animal Services
OBRA		Oakland Base Reuse Authority
OCA		Office of the City Attorney
OFD		Oakland Fire Department
OMCF		Oakland Museum of California Foundation
On-Going		Expenditures or revenues that are recurring. On-going revenues can be spent on both one-time and on-going expenditures. Some examples include expenditure of funds for salaries, or property tax revenues.
One-Time		Expenditures or revenues that are non-recurring. As a best practice, one-time revenues should be spent on one-time expenditures. Some examples include the expenditure of funds for road repaving, or real estate transfer tax revenue from a large property sale.

OOB	Oakland Oversight Board, consists of representatives from the local taxing entities; exercises oversight functions over ORSA.
OPACT	Oakland Police and Clergy Together
OPD	Oakland Police Department
OPEB	Other Post-Employment Benefits, or OPEB, refers to benefits (other than pensions) that local governments provide to their retired employees, such as medical benefits.
OPED	Oakland Paratransit for the Elderly & Disabled
Operating Budget	A financial plan for the provision of direct services and support functions, as distinct from a capital budget.
Operations and Maintenance (O&M)	Expenditures related to operating costs, such as supplies, commodities, contractual services, materials, utilities and educational services.
OPL	Oakland Public Library Department
OPOA	Oakland Police Officers' Association
OPR	Oakland Parks & Recreation Department
OPRCA	Oakland Parks and Recreation Cultural Advisory
OPW	Oakland Public Works
ORSA	Oakland Redevelopment Successor Agency is the successor to the former Oakland Redevelopment Agency and is tasked with winding down all former redevelopment obligations.
OSCAR	Open Space, Conservation and Recreation
OSHA	Occupational Safety & Health Administration
OUSD	Oakland Unified School District

Overhead	Managerial, administrative, and support costs, such as finance, human resources, legal, and others, that are critical to operating the City but that are not associated with a specific direct service provided to the public. These costs are subject to a citywide overhead cost allocation plan to distribute costs on an equitable basis to departments and funds that are the beneficiaries of such activities.
-----------------	--

PAL	Police Athletic League
Personnel Services	Expenditures related to employee compensation including wages and salaries, fringe benefits, retirement, premiums, allowances and special / supplemental pay such as shift differentials.
PFRS	Oakland's Police and Fire Retirement System
POB	Pension Obligation Bond
Program Budget	Programs, and associated program codes, are created to identify cross division or departmental efforts that have a common purpose. Using program codes, the budget (both revenues and expenditures) can be described in programmatic terms.
PSB	Public Sector Budgeting, an Oracle module currently used in the City of Oakland to develop the biennial policy budget.
Public Ethics Commission	The Public Ethics Commission (PEC) ensures compliance with the City of Oakland's government ethics, campaign finance, transparency, and lobbyist registration laws that aim to promote fairness, openness, honesty, and integrity in City government.
RAP	Rent Adjustment Program. The program addresses concerns and disputes between owners and renters through mediation.
ROPS	Recognized Obligation Payment Schedule, a six-month schedule of estimated payments for the Oakland Redevelopment Successor Agency which serves as its budget.
Reserve	A portion of a fund's balance or a separate fund that is restricted for a specific purpose and is, therefore, not available for general appropriation.
Restricted Funds	Funds that can be spent only for the specific purposes stipulated by external source providers, constitutionally or through enabling legislation. Restrictions may effectively be changed or lifted only with the consent of resource providers. Restricted funds may also include a legally enforceable requirement that the resources can only be used for specific purposes enumerated in the law.
RETT	Real Estate Transfer Tax

Revenue		Funds that the City receives as income. Includes such items as taxes, licenses, user fees/charges for services, fines/penalties, grants, and internal revenue.
RLF		Revolving Loan Fund
RPTTF		Redevelopment Property Tax Trust Fund

SBE		Small Business Enterprise
SCDI		Sustainable Community Development Initiative
SHP		Supportive Housing Program
SLBE		Small Local Business Enterprise
Special Purpose Funds		Funds, exclusive of the General Fund and capital funds, which are separately administered because they are associated with a distinct function or enterprise.
Structural Deficit		A situation in which a fund's expenditures are expected to routinely exceed its revenues, creating a regular shortfall/deficit.
THP		Transitional Housing Program
Transfer		A movement of revenues or expenditures—either budgetary or actual—between organizational units, accounts, projects, programs or funds. Transfers between funds are reported as an expenditure ("transfer out") in one fund and as revenue ("transfer in") in the other. Transfers between fiscal years represent the carryforward of funds received in previous years to be expended in the new year and appear as revenue in the new year. Transfers between departments, funds, or from one fiscal year to another must be approved by City Council.
UBC		Uniform Building Code
UCR		Uniform Crime Report
Unaudited		Unaudited financial figures are figures reported prior to the completion of a financial audit of an organization's financial statements. The City has an independent financial audit conducted following the close of each fiscal year to provide an independent opinion as to whether the City's financial statements are stated in accordance with GAAP. The audited financials are presented in the City's Comprehensive Annual Financial Report.

USAR		Urban Search and Rescue
VLF		Vehicle License Fee
WIOA		Workforce Investment & Opportunity Act
