+ Additional activities:

 Earth day Collage parents have children to get some grass and tree twigs and glue them onto a paper bag (science).

 Parent can give child plastic bottles some $\frac{1}{2}$, $\frac{3}{4}$, of water and a full bottle of water child will compare which bottles are heavy and light (measurement) Beads and small rocks can be used also.

 Parent can hide shapes around the house and the child finds them and put them in a paper bag after child has collected all the shapes parent and child sit down and take out a shape one at a time and name them (shape recognition) (numbers and alphabets can be used also)

 Parent can have their child to sort socks, shoes, shirts, and pants, by color and size (Classification).

 Parent can take their child for a walk to where a stop sign is and tell them what the word means. Parent can have their child to draw their own stop sign at home and ask the child their meaning of their stop sign. (Concepts about Print and Language Development)
