# KEY ISSUES AND FOCUS AREAS FOR 2024 AND BEYOND

A Look Forward

# 2024 HCD Priorities

- **Measure U Implementation** – The City committed a \$22 million in Measure U funding in February 2024 to pipeline projects from the 2023 New Construction NOFA and anticipates making further investments this year in the 2024 New Construction NOFA, the Rapid Response Homeless Housing (R2H2) program, and the Acquisition and Conversion to Affordable Housing (ACAH) program. These investments will protect the affordability of existing homes and produce new affordable homes for hundreds of Oakland families.
- **Rapid Response Homeless Housing (R2H2)** – The R2H2 program will fund quick-build homeless housing projects similar to the State’s Homekey program via a rolling, over-the-counter application process. The City anticipates awarding \$29 million in 2024.

# 2024 HCD Priorities

- **Bay Area Housing Finance Authority (BAHFA) Regional Bond** - This \$10-20 billion bond could provide the City with between \$382 million and \$765 million for affordable housing. At least 52% of these funds would be dedicated to producing new affordable homes, while at least 15% of these funds would be dedicated to preserving existing affordable homes. Alameda County would also receive a separate pool of funds ranging from \$987 million to \$1.97 billion. The City is currently working with the County to conduct public engagement around this potential affordable housing bond. The City is also exploring with the County if some potential programs funded out of the County's allocation, such as possible home repair or homebuyer programs, could serve both Oakland residents and other residents of Alameda County.
