## INDEPENDENT AUDITOR'S REPORT

To the Honorable Mayor and Members of the City Council  
City of Oakland, California

### **Report on the Audit of the Financial Schedule**

#### ***Opinion***

We have audited the accompanying budgetary comparison schedule of the City of Oakland's (City) Measure Z – Public Safety and Services Violence Prevention Act of 2014 fund (Measure Z), a fund of the City, for the year ended June 30, 2023, and the related notes to the budgetary comparison schedule, which collectively comprise the financial schedule, as listed in the table of contents.

In our opinion, the financial schedule referred to above presents fairly, in all material respects, the revenues and expenditures of Measure Z for the year ended June 30, 2023 in conformity with the basis of accounting described in Note B.

#### ***Basis for Opinion***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Schedule section of our report. We are required to be independent of the City, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### ***Emphasis of Matter***

The financial schedule was prepared to present the total revenues and expenditures of the Measure Z fund, as described in Note B, and does not purport to, and does not, present fairly the changes in the City's financial position for the year ended June 30, 2023 in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

#### ***Responsibilities of Management for the Financial Schedule***

Management is responsible for the preparation and fair presentation of the financial schedule in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial schedule that is free from material misstatement, whether due to fraud or error.

#### ***Auditor's Responsibilities for the Audit of the Financial Schedule***

Our objectives are to obtain reasonable assurance about whether the financial schedule as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial schedule.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial schedule, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial schedule.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial schedule.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Other Information***

Management is responsible for the other information included in the annual report. The other information comprises the reports on pages 11 through 19 but does not include the financial schedule and our auditor's report thereon. Our opinion on the financial schedule does not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the financial schedule, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the financial schedule, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exist, we are required to describe it in our report.

### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated May 15, 2024, on our consideration of the City's internal control over financial reporting as it pertains to Measure Z and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

**Measure Z – Public Safety and Services Violence Prevention Act of 2014**  
**(A Fund of the City of Oakland)**  
**Notes to the Budgetary Comparison Schedule**  
**Year Ended June 30, 2023**

**NOTE A – DESCRIPTION OF REPORTING ENTITY**

The Oakland City Council (the City Council) approved Resolution No. 78734 on July 20, 2004 submitting the Public Safety and Services Violence Prevention Act of 2004 – Measure Y (Measure Y) and the citizens of the City of Oakland (the City) approved Measure Y in November 2004.

In November 2014, voters in the City of Oakland approved the City’s Measure Z, which replaced Measure Y starting from July 1, 2015. Measure Z renews a parcel tax ranging between \$51.09 and \$99.77 per property unit and a parking tax of 8.5 percent for ten years. It requires the City to maintain a minimum of 678 sworn police officers unless some sudden, unforeseen event sharply affects the City's financial status. If the City fails to budget for at least this many officers in any given year, the City would be prohibited from levying either the parcel tax or the parking tax.

The parcel tax is collected with the annual Alameda County property taxes, beginning on July 1, 2015. The annual parcel tax is levied to pay for all activities and services for Measure Z (see below) in accordance with the terms and conditions outlined in the approved ballot measure. Measure Z shall be in existence for a period of ten (10) years. Beginning in Fiscal Year 2015-2016, and each year thereafter, the City Council may increase the tax imposed based on the cost of living for the San Francisco Bay Area, as shown on the Consumer Price Index (CPI). The percentage increase of the tax shall not exceed such increase, using Fiscal Year 2014-2015 as the index year, and in no event shall any adjustment exceed 5% (five percent).

Measure Z provides for the following services:

1. *Community and Neighborhood Policing* – Hire and maintain at least a total of 63 officers assigned to the following specific community- policing areas: neighborhood beat officers, school safety, crime reduction team, domestic violence and child abuse intervention, and officer training and equipment. For further detail of the specific community - policing areas see Oakland City Council Resolution No. 85149.
2. *Violence Prevention Services With an Emphasis on Young Adults and Youth* – Expand preventive social services provided by the City of Oakland, or by adding capacity to community-based nonprofit programs with demonstrated past success for the following objectives: Adult and Youth Family Life Coaching, Adult and Youth Employment, Violent Incident and Crisis Response, Gender-Based Violence and Community Healing. For further detail of the social services, see Oakland City Council Resolution No. 85149.
3. *Fire Services* – Maintain staffing and equipment to operate 24 (twenty-four) fire engine companies and 7 (seven) truck companies, expand paramedic services, and establish a mentorship program at each station with an amount not to exceed \$2,000,000 annually from funds collected under Measure Z.
4. *Evaluation* – Not less than 1% or no more than 3% of funds appropriated to each police service or social service program shall be set aside for the purpose of independent evaluation of the program, including the number of people served and the rate of crime or violence reduction achieved.

**NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

*Basis of Presentation*

The accompanying financial schedule presents only the revenues and expenditures of the Measure Z activities and does not purport to, and does not present fairly the changes in the City’s financial position for the year ended June 30, 2023 in conformity with accounting principles generally accepted in the United States of America.

A special revenue fund (governmental fund) is used to account for the City’s Measure Z activities. The measurement focus is based upon the determination of changes in financial position rather than upon the determination of net income. A special revenue fund is used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.

*Basis of Accounting*

In accordance with the provisions of the City Charter, the City adopts an annual budget for Measure Z activity, which must be approved through a resolution by the City Council. The budget for Measure Z is prepared on a modified accrual basis.

Measure Z activity is reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recorded when “susceptible to accrual” (i.e., when they become both measurable and available). “Measurable” means that the amount of the transaction can be determined, and “available” means that revenues are collected within the current period or soon enough thereafter to pay liabilities of the current period. Revenues susceptible to accrual include the parcel tax and parking tax surcharge. The City considers the parcel tax revenues and the parking tax surcharge revenues to be available for the year levied and if they are collected within 60 and 120 days, respectively, of the end of the current year. Expenditures are recorded when a liability is incurred, as under accrual accounting.

*Use of Estimates*

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make certain estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

**NOTE C – BUDGET**

Measure Z – Public Safety and Services Violence Prevention Act of 2014, as approved by the voters in November 2014, requires the adoption of an annual budget, which must be approved by the City Council of the City. The City budgets annually for Measure Z activities. The budget is prepared on the modified accrual basis, except that the City does not budget for charges for services or investment earnings on Measure Z investments.

**(A Fund of the City of Oakland)**  
**Notes to the Budgetary Comparison Schedule**  
**Year Ended June 30, 2023**

**NOTE C – BUDGET** (Continued)

When the budget is prepared, the City allocates the funds to each program in accordance with the Measure Z Ordinance. Thus, the City ensures that of the total proceeds spent on programs enumerated in the *Community and Neighborhood Policing* and the *Violence Prevention Services with an Emphasis on Young Adults and Youth* sections above, no less than 40% of such proceeds is allocated to programs enumerated in the *Violence Prevention Services with an Emphasis on Young Adults and Youth* section each year Measure Z is in effect.

Budgetary control is maintained at the fund level. Line item reclassification amendments to the budget may be initiated and reviewed by the City Council, but approved by the City Administrator. Any shifting of appropriations between separate funds must be approved by the City Council. Annual appropriations for the budget lapse at the end of the fiscal year to the extent that they have not been expended. At year-end, unobligated appropriations may lapse and remain within the authorized program.

Supplemental budgetary changes made to Measure Z throughout the year, if any, are reflected in the “final budget” column of the accompanying budgetary comparison schedule.

**NOTE D – FUND BALANCE RESTATEMENT**

The beginning fund balance has been adjusted for expenditures charged to Measure Z in previous years which were funded by other funding sources in the current year.

Fund balance as of June 30, 2022, as reported	\$	3,563,297
Expenditures charged to another fund		224,511
Fund balance as of June 30, 2022, as restated	\$	3,787,808

**INDEPENDENT AUDITOR’S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL  
STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

To the Honorable Mayor and Members of the City Council  
City of Oakland, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the budgetary comparison schedule of the City of Oakland’s (City) Measure Z – Public Safety and Services Violence Prevention Act of 2014 (Measure Z), a fund of the City, for the year ended June 30, 2023, and the related notes to the financial schedule which collectively comprise the financial schedule and have issued our report thereon dated May 15, 2024

**Internal Control over Financial Reporting**

In planning and performing our audit of the financial schedule, we considered the City’s internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial schedule, but not for the purpose of expressing an opinion on the effectiveness of the City’s internal control. Accordingly, we do not express an opinion on the effectiveness of the City’s internal control over financial reporting as it pertains to Measure Z.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City’s Measure Z financial schedule is free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial schedule.

However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City’s internal control or on compliance as it pertains to Measure Z. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City’s internal control and compliance as it pertains to Measure Z. Accordingly, this communication is not suitable for any other purpose.
