Independent Auditor's Report

Honorable Mayor and Members of the Council
of the Redevelopment Agency
City of Oakland, California

We have audited the accompanying financial statements of the governmental activities, each major, and the aggregate remaining fund information of the Redevelopment Agency of the City of Oakland (Agency), a component unit of the City of Oakland, California (City), as of January 31, 2012 and for the period from July 1, 2011 through January 31, 2012, which collectively comprise the Agency's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Agency's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Agency's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Agency as of January 31, 2012, and the respective changes in financial position thereof for the period from July 1, 2011 through January 31, 2012 in conformity with accounting principles generally accepted in the United States of America.

As discussed in Note 1 to the financial statements, the California State Legislature enacted legislation that dissolved redevelopment agencies in the State of California as of February 1, 2012. On February 1, 2012, the City, as the Successor Agency to the Redevelopment Agency of the City of Oakland, became responsible for overseeing the dissolution process and the wind down of redevelopment activity. These financial statements do not include any adjustments as a result of the dissolution of the Agency.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 21, 2012, on our consideration of the Agency's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Agency's financial statements as a whole. The combining nonmajor fund financial statements are presented for purposes of additional analysis and are not a required part of the financial statements. The combining nonmajor fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

**REDEVELOPMENT AGENCY OF
THE CITY OF OAKLAND**

**Management's Discussion and Analysis - Unaudited
January 31, 2012**

This section of the Redevelopment Agency of the City of Oakland ("Agency") Annual Financial Report presents a narrative overview and analysis of the financial activities of the Agency for the seven-month period ended January 31, 2012. We encourage readers to consider the information presented here in conjunction with the additional information contained in the Agency's financial statements and related footnotes, which follow this section.

FINANCIAL HIGHLIGHTS

Pursuant to AB X1 26 and subsequent California Supreme Court decision in *California Redevelopment Association v. Matosantos* redevelopment agencies in California were dissolved effective February 1, 2012. On January 10, 2012, the City Council adopted Resolutions 83679 C.M.S. and 83680 C.M.S. declaring the City as the Successor Agency to the Redevelopment Agency of the City of Oakland and as the Housing Successor, respectively. The Successor Agency is a separate legal entity. As such, by operation of law, assets, properties, contracts, leases, books, records, buildings and equipment of the former Agency were transferred to the Successor Agency on February 1, 2012. Also, upon dissolution, the City Council elected to retain the housing assets, functions and powers previously performed by the former Agency.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the Agency's basic financial statements. The Agency's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the basic financial statements. This report also contains required and other supplementary information in addition to the basic financial statements.

Government-wide Financial Statements

The *government-wide financial statements* are designed to provide readers with a broad overview of the Agency's finances, in a manner similar to the financial statements for a private-sector business.

The *statement of net assets* presents information on all of the Agency's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether or not the financial position of the Agency is improving or deteriorating.

The *statement of activities* presents information showing how the Agency's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods, such as revenues pertaining to uncollected taxes and expenses pertaining to earned but unused vacation and sick leave.

The government-wide financial statements distinguish functions of the Agency that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the Agency include urban redevelopment and housing development. The Agency does not engage in any business-type activities.

THE CITY OF OAKLAND**

**Management's Discussion and Analysis – Unaudited (Continued)

Fund Financial Statements

The fund financial statements are designed to report information about groupings of related accounts, which are used to maintain control over resources that have been segregated for specific activities or objectives. The Agency, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Agency are governmental funds.

Governmental funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. The Agency's basic operations are reported in governmental funds. However, unlike the government-wide financial statements, governmental fund financial statements follow the modified accrual basis of accounting and focus on the near-term inflows and outflows of spendable resources, as well as on the balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the Agency's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the Agency's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities. The Agency maintains eleven individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the Central District Fund, Coliseum Fund, Central City East Fund, Low and Moderate Housing Fund, Oakland Army Base, and Debt Service Fund, all of which are considered to be major funds. Data from the remaining funds are combined in a single, aggregated presentation as non-major governmental funds. Individual fund data for each of the non-major governmental funds is provided in the form of combining statements immediately following the notes to the basic financial statements in this report.

Notes to the Basic Financial Statements

The notes to the basic financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other Information

In addition to the basic financial statements and the accompanying notes, the combining statements referred to earlier in connection with non-major governmental funds are presented immediately following the footnotes.

Government-wide Financial Analysis

This Management's Discussion and Analysis is the last period the Agency will present its financial statements. The Agency has used its prior audited financial statements as of June 30, 2011 for comparative purposes.

Shown below is a summary schedule that summarizes the Agency's net assets (deficit):

Agency's Statement of Net Assets (Deficit)
Governmental Activities
January 31, 2012 and June 30, 2011
(In thousands)

	<u>January 31, 2012</u>	<u>June 30, 2011</u>

Debt service	15,594	77,339
Low and moderate housing	52,024	72,196
Urban redevelopment projects and housing	179,542	414,032
Unrestricted net deficit	(369,949)	(323,940)
Total net assets (deficit)	<u><u>\$ (116,430)</u></u>	<u><u>\$ 246,075</u></u>

Net assets may serve over time as a useful indicator of the Agency's financial position. The Agency's liabilities exceeded assets by \$116.4 million at the close of period of January 31, 2012. This represents a decrease of \$362.5 million compared to the prior year. The decrease is primarily attributed to intergovernmental transfer of \$261.7 million of assets to fund City Public improvement and other redevelopment projects and programs and a decrease of \$76.3 million in tax increment revenue as a result of the wind down of redevelopment activities pursuant to the Redevelopment Dissolution Law.

As of the end of the period, the Agency had restricted net assets of \$247.2 million. The restricted net assets include \$15.6 million restricted for debt service, \$52.0 million restricted for low and moderate housing, and the remaining balance of \$179.5 million represents resources that are subject to external restrictions. The Agency's invested in capital assets is \$6.4 million and its deficit in unrestricted net assets of \$369.9 million is attributed to the issuance of bonds and other indebtedness to fund urban redevelopment and housing projects that are not capitalized.

**REDEVELOPMENT AGENCY OF
THE CITY OF OAKLAND**

**Management's Discussion and Analysis – Unaudited (Continued)
January 31, 2012**

Long-term liabilities are mainly represented by tax allocation bonds and housing set-aside bonds issued to finance redevelopment and housing projects. The change from last year's long-term obligations is net decrease of \$20.0 million, which is the net result of the total debt service payments of \$11.5 million for tax allocation bonds and \$2.9 million for housing set-aside bonds and \$5.6 million for other long-term debt.

Analysis of Changes in Net Assets:

Agency's Changes in Net Assets (Deficit) Governmental Activities For the Seven-month Period Ended January 31, 2012 and Twelve-month Period Ended June 30, 2011 (In thousands)

Total expenses	406,823	113,615
Change in net assets	(362,505)	27,068
Net assets, beginning of year	246,075	219,007
Net assets (deficit), end of year	\$ (116,430)	\$ 246,075

The expenses in governmental activities for the Agency exceeded revenues by \$362.5 million for the seven month period ended January 31, 2012. This represents a decrease of 389.6 million compared to the prior year's change in net assets of \$27.1 million. The major decrease is mainly attributed to property tax revenue, other revenues, increase allowance in loans, and transfer of assets to the City for public improvements. The net decrease is offset by a decrease in long-term interest payment and with no Supplemental Educational Revenue Augmentation Funds ("SERAF") payment.

As of January 31, 2012, the Agency's revenues total to \$44.3 million compared to \$140.7 million in previous fiscal year. The decrease in total revenue is primarily due to a decrease of \$76.3 million in

**REDEVELOPMENT AGENCY OF
THE CITY OF OAKLAND**

January 31, 2012**

property tax increment revenues and \$13.7 million in other income resulting mainly from the writing-off of the remaining balance of the 1966 Oak Center repayment contract.

Conversely, government-wide expenses total to \$406.8 million compared to \$113.6 million from previous fiscal year, a net increase of \$293.2 million. The increase is primarily attributable to the intergovernmental payments to the City in the amount of \$261.7 million; recorded \$47.2 million allowance on interest deferred housing activity loans; a decrease of \$10.6 million in interest payments on long-term debt from prior year is attributed to the different reporting periods, seven months versus twelve months. No SERAF payment for the seven months ended January 31, 2012.

Financial Analysis of the Agency's Fund Balances

As of January 31, 2012, the Agency's governmental funds reported combined ending fund balances of \$244.9 million, a decrease of \$318.7 million compared to \$563.6 million for the prior fiscal year. The decrease in fund balance is primarily attributable to the decrease of \$76.3 million in property tax revenues and an intergovernmental payment of \$266.7 million to the City for public improvement.

Capital Assets and Debt Administration

Capital Assets

The Agency has capital assets of \$8.1 million, before depreciation, which includes the Henry J. Robinson Multi-Service Center facility that provides service to the disadvantaged persons living within or near the Central District Redevelopment Project Area as major transitional housing, emergency shelter, and drop-in programs for the homeless population in Oakland; and the Fox Theater property which is leased to Fox Oakland Theater, Inc. ("FOT") through a 60 year long-term lease. Fixed assets as of January 31, 2012 are reported as \$6.4 million, net of accumulated depreciation

Debt Administration

At January 31, 2012, the Agency had total outstanding long-term debt of \$511.0 million, a decrease of \$19.9 million compare to \$530.9 million from the prior fiscal year. The decrease represents a \$14.6 million principal repayment of debt and a transfer of \$5.0 million remediation obligation of the Oakland Army Base to the City. Upon dissolution of the Agency pursuant to AB X1 26, the long-term obligation was transferred to the Successor Agency on February 1, 2012.

Long-term liabilities as of January 31, 2012 and June 30, 2011 are comprised of the following (in thousands):

	<u>January 31, 2012</u>	<u>June 30, 2011</u>
Bonds Payable:		
Tax allocation bonds payable	\$ 383,590	\$ 395,110

Total Other Long-Term Liabilities	<u>1,502</u>	<u>7,016</u>
Total Long-Term Obligations	<u>\$ 510,967</u>	<u>\$ 530,921</u>

Bond Ratings

On June 14, 2012, Moody’s Investor Service (“Moody’s”) downgraded all California tax allocation bonds to Ba1 that are rated Baa3 or higher. All California tax allocation bonds ratings remain on review for possible withdrawal. This action reflects sharply increased uncertainty of continued, timely cash-flow for service payments under the new legislation. Also, Fitch Ratings (“Fitch”) placed all California bonds secured by tax increment revenue on negative rating watch on January 24, 2012. Please note that these rating actions will not have any impact on the Agency’s debt service payments because the bonds area all fixed rate bonds.

On September 12, 2012, Standard & Poor’s (“S&P”) removed the CreditWatch from the Redevelopment Agency’s underlying ratings on investment grade tax allocation bonds and assigned Stable outlooks which were placed on CreditWatch with negative implications on July 5, 2012 after the passage of Assembly Bill 1484. The actions reflects the fact that the City reported sufficient cash to meet debt service and demonstrated sound cash flow management and prudence in addressing future cash flow issues.

Fund balance - total governmental funds	\$	244,933																
Amounts reported for governmental activities in the statement of net assets are different because:																		
Capital assets used in governmental activities are not financial resources and therefore, are not reported in the funds.		6,359																
Bond issuance costs are expended in the governmental funds when paid and are capitalized and amortized over the life of the corresponding bonds for the purposes of the governmental activities on the statement of net assets.		7,975																
Interest on long-term debt is not accrued in the governmental funds, but rather is recognized as an expenditure when due.		(12,614)																
Because the focus of governmental funds is on short-term financing, some assets will not be available to pay for current period expenditures. Those assets are offset by deferred revenue in the governmental funds.		147,884																
Long-term liabilities, including bonds payable, are not due and payable in the current period and, therefore, are not reported in the governmental funds:

Net change in fund balances - total governmental funds		\$ (318,634)
Amounts reported for governmental activities in the statement of activities are different because:		
Capital assets cost is allocated over their estimated useful lives and reported as depreciation expenses in the current period.		(89)
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds. Also, loans made to developers and others are treated as urban redevelopment and housing expenditures at the time the loans are made and are reported as revenues when the loans are collected in the funds. This represents the change in the deferred amounts during the current period.		(57,425)
Prepaid leases are expended in the governmental funds when paid and are capitalized and amortized over the life of the lease for governmental activities.		(3,665)
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of long-term debt consumes the current financial resources of governmental funds. These transactions, however, have no effect on net assets. The governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This is the net effect of these differences in the treatment of long-term debt and related items.

NOTES TO BASIC FINANCIAL STATEMENTS

REDEVELOPMENT AGENCY OF THE CITY OF OAKLAND
Notes to Basic Financial Statements
January 31, 2012

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The basic financial statements of the Redevelopment Agency of the City of Oakland (the Agency) have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant accounting policies of the Agency are described below:

A. Reporting Entity

The Agency was established on October 11, 1956, for the purpose of redeveloping certain areas of the City designated as project areas. On June 28, 2011, Assembly Bill X1 26 (“AB X1 26”) was enacted. This legislation is referred to herein as the Redevelopment Dissolution Law. On December 29, 2011, the California Supreme Court upheld the constitutionality of AB X1 26, and all redevelopment agencies in California were dissolved by operation of law effective February 1, 2012. The legislation provides for successor agencies and oversight boards that are responsible for overseeing the dissolution process and the wind down of redevelopment activity. On January 10, 2012, the City Council elected to become the Successor Agency for the former redevelopment agency in accordance with the Bill as part of City resolution number 83679 C.M.S, effective February 1, 2012.

The Oakland Redevelopment Successor Agency (“ORSA”) was created to serve as a custodian for the assets and to wind down the affairs of the former Agency. The ORSA is a separate public entity from the City, subject to the direction of an Oversight Board. The Oversight Board is comprised of seven-member representatives from local government bodies: two City representatives appointed by the Mayor; two County of Alameda (County) representatives; the County Superintendent of Education; the Chancellor of California Community Colleges; and the largest special district taxing entity.

Since the legislation was adopted, the City Council and Redevelopment Agency Board took several actions to comply with its requirements. One of its requirements was to develop an Enforceable Obligations Payment Schedule (EOPS) detailing the obligations of the Agency (and its 20% Low and Moderate Income Housing Fund, which was administered by the City’s Housing and Community Development). The EOPS lists the Agency’s obligations and the amount due on the obligations. Enforceable obligations include: bonds secured by both the 80% and 20% funds; loans due to third parties; payments required by law, judgments or settlements; contracts and agreements with third parties; administrative costs, and funds borrowed from the 20% Low and Moderate Income Housing Fund. Additionally, the EOPS includes a listing of Agency obligations to the City.

The financial statements as of January 31, 2012 and for the period July 1, 2011 through January 31, 2012, serve as the final financial statements for the Agency. Effective February 1, 2012, all the activities related to the winding down of the former Agency’s financial affairs will be reported in the financial statements for the Oakland Redevelopment Successor Agency and

REDEVELOPMENT AGENCY OF THE CITY OF OAKLAND
Notes to Basic Financial Statements
January 31, 2012

included in the City of Oakland basic financial statements as a fiduciary fund (private-purpose trust fund). A separate financial report for the period February 1, 2012 through June 30, 2012, containing additional information and more detailed information regarding financial position and changes in financial position will be included in the Oakland Redevelopment Successor Agency basic financial statements.

Prior to the enactment of AB X1 26, the Agency generally financed redevelopment projects through the issuance of tax allocation bonds. These bonds were payable from the incremental portion of property taxes collected within a project area relating to the increase in assessed valuation resulting from redevelopment. The County of Alameda (County) collects these incremental tax revenues on behalf of the Agency.

Under GASB Statement No. 14, *The Financial Reporting Entity*, the Agency is considered a component unit of the City since the Agency Board consists exclusively of the Mayor and City Council. Consequently, the Agency's financial statements are blended in the City's basic financial statements.

B. Measurement focus, basis of accounting, and financial statement presentation

Government-wide Financial Statements

The government-wide financial statements (the statement of net assets and the statement of activities) report all the activities of the Agency. The effect of interfund activity has been removed from these statements. The activities of the Agency are governmental in nature, which normally are supported by taxes and intergovernmental transfers.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function. *Program revenues* include rents, grants, contributions, and charges for use of property owned. Taxes and other items properly not included as program revenues are reported instead as *general revenues*.

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenue in the year for which they are levied. Grants are recognized as revenue when all eligibility requirements have been met.

Fund Financial Statements

The Agency's governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. Expenditures are generally recorded when a liability is

REDEVELOPMENT AGENCY OF THE CITY OF OAKLAND
Notes to Basic Financial Statements
January 31, 2012

incurred, as under accrual accounting. The Agency uses the *purchases method* to account for expenditures, and accordingly, no prepaid items are reported.

Property taxes, intergovernmental revenues and interest associated with the current fiscal period, using the modified accrual basis of accounting as described above, are all considered susceptible to accrual and so have been recognized as revenues of the current fiscal period. The Agency considers property tax revenues to be available for the year levied if they are collected within 60 days of the end of the current fiscal period. All other revenues are considered available if they are collected within 120 days of the end of the current fiscal period. Expenditures are recorded when a liability is incurred, as under accrual accounting, except for debt service expenditures, which are recorded only when payment is due.

The Agency reports the following major governmental funds:

Capital Project Funds:

Central District Fund – The Central District Fund accounts for the financial resources and the costs of acquisition, construction, improvement and management of commercial and residential facilities in the Central District Project area.

Coliseum Fund – The Coliseum Fund accounts for the financial resources and the costs of acquisition, construction and improvement of commercial, industrial, residential and airport related facilities in the Coliseum Project area.

Central City East Fund – The Central City East Fund accounts for the financial resources and the costs of acquisition, construction, improvement and management of commercial and residential facilities in the Central City East Project area.

Low and Moderate Housing Fund – The Low and Moderate Housing Fund accounts for 20% and 5% set-aside from all tax increments received, as mandated by State law and the Oakland Redevelopment Agency board, respectively. The fund also accounts for the proceeds from the Subordinated Housing Set-Aside Revenue Bonds, Series 2011-T and 2006A-T, and Subordinated Housing Set-Aside Revenue Refunding Bonds, Series 2006A. These funds are used to increase, improve and preserve the supply of housing within the City of Oakland available at affordable housing cost to persons or families of low and moderate income.

Broadway/MacArthur/San Pablo Fund – The Broadway/MacArthur/San Pablo Fund accounts for the financial resources and the costs of acquisition, construction and improvement of commercial, industrial and residential within the Broadway /MacArthur/ San Pablo Project area.

Oakland Army Base Fund – The Oakland Army Base Fund accounts for the financial resources and the costs of the redevelopment and reuse of the closed military facilities into commercial and industrial facilities in the former Oakland Army Base.

REDEVELOPMENT AGENCY OF THE CITY OF OAKLAND
Notes to Basic Financial Statements
January 31, 2012

Debt Service Fund:

The Debt Service Fund – accounts for the accumulation of resources and the payment of Tax Allocation bonds, Subordinated Housing Set-Aside bonds, and General Obligation bonds’ principal, interest and related costs.

When both restricted and unrestricted resources are available for use, it is the Agency’s policy to use restricted resources first, then unrestricted resources as they are needed.

C. Assets, Liabilities, Equity and Operations

1. Cash and Investments

The Agency’s investments are stated at fair value. Fair value has been obtained by using market quotes as of January 31, 2012, and reflects the values as if the Agency were to liquidate the securities on that date. Money market investments with maturities of one year or less have been stated at amortized cost.

The Agency follows the practice of pooling cash of all operating funds for investment. Income on pooled assets is allocated to the individual fund based on the fund’s average daily balance in relation to total pooled assets.

Proceeds from debt and other funds, which are restricted for the payment of debt or for use in approved projects and held by fiscal agents by agreement, are classified as restricted assets. Also, rental revenues received from the University of California Office of the President (UCOP), Ice Rink, and City Center Garage West, which are restricted for the operation of each of the facilities, are classified as restricted.

2. Property Held for Resale

Property held for resale is acquired as part of the Agency’s redevelopment program. These properties are both residential and commercial. Costs of administering Agency projects are charged to capital outlay expenditures as incurred. A primary function of the redevelopment process is to prepare land for specific private development.

For financial statement presentation, property held for resale is stated at the lower of estimated cost or estimated conveyance value. Estimated conveyance value is management’s estimate of net realizable value of each property parcel based on its current intended use.

During the period it is held by the Agency, property held for resale may generate rental or operating income. This income is recognized as it is earned in the Agency’s statement of activities and generally is recognized in the Agency’s governmental funds in the same

REDEVELOPMENT AGENCY OF THE CITY OF OAKLAND
Notes to Basic Financial Statements
January 31, 2012

period depending on when the income becomes available on a modified accrual basis of accounting. The Agency does not depreciate property held for resale, as it is the intention of the Agency to only hold the property for a period of time until it can be resold for development.

3. Capital Assets

Capital assets, which include land and facilities and improvements are reported in the governmental activities column in the government-wide financial statements. Capital assets, as defined by the Agency, are assets with an initial, individual cost of \$5,000 or more and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. Capital outlay is recorded as expenditures in the Agency governmental funds and as assets in the government-wide financial statements to the extent the Agency's capitalization threshold is met.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend its useful life are not capitalized.

Depreciation of capital assets such as facilities and improvements is provided on the straight-line basis over useful life of 5 – 40 years.

4. Due to Other Governments

Due to other governments are mainly comprised of AB1290 Statutory Pass-Through payments mandated by state legislature to taxing agencies. The pass-through legislation requires redevelopment agencies to share or pass-through a portion of the property tax increment to affected local taxing entities, including schools.

5. Environmental Remediation Costs

Expenditures for environmental remediation of real properties acquired by purchase or donation are added to the recorded amounts of property held for resale when incurred. All estimated environmental remediation costs that would result in the recorded amount of property held for resale exceeding estimated net realizable values are accrued as expenses when such amounts become known.

REDEVELOPMENT AGENCY OF THE CITY OF OAKLAND
Notes to Basic Financial Statements
January 31, 2012

6. Fund Balances

Governmental funds report fund balances in classifications based primarily on the extent to which the Agency is bound to honor constraints on the specific purposes for which amounts in the funds can be spent. As of January 31, 2012, fund balances for governmental funds are made up of the following:

- *Restricted Fund Balance*: includes amounts that can be spent only for the specific purposes stipulated by external resource providers, constitutionally or through enabling legislation. Restrictions may effectively be changed or lifted only with the consent of resource providers. It also includes a legally enforceable requirement that the resources can only be used for specific purposes enumerated in the law.
- *Assigned Fund Balance*: comprises amounts intended to be used by the City for specific purposes that are neither restricted nor committed. Intent is expressed by (1) the City's Council or (b) a body (for example: a Finance and Management Committee) or official to which the City's Council has delegated the authority to assign amounts to be used for specific purposes. For example, the City's encumbrances, project carry-forwards, and continuing appropriation are considered assigned fund balances.
- *Unassigned Fund Balance*: are amounts technically available for any purpose. It's the residual classification for the amounts not contained in the other classifications, the residual resources of the general fund, either positive or negative, as well as any negative fund balances from the governmental funds.

Under various agreements with the United States Department of the Army (Army), the use of substantially all assets of approximately 366 acres of the former Oakland Army Base and related lease income is restricted for the operation, maintenance, and economic development of real properties, facilities, and improvements from June 16, 1999 to August 7, 2010 with a two year extension. In January of 2012, the City adopted council resolution transferring Oakland Army Base project from the Agency to City totaling to \$48.6 million of net assets which includes the 366 acres land from the Army valued at \$48.2 million in property held for resale.

7. Property Tax Revenues

Incremental property tax revenues represent taxes collected on the redevelopment areas from the excess of taxes levied and collected over that amount which was levied and collected in the base year (the year of project inception) property tax assessment. The County of Alameda is responsible for assessing, collecting, and distributing property taxes in accordance with enabling state law, and for remitting such amounts to the Agency. Incremental property taxes are assessed and levied as of January 1, and result in a lien on real property. Incremental property taxes are then due in two equal installments; the first on November 1 and the second on February 1 of the following calendar year, and are delinquent after December 10 and April 10, respectively.

8. Budgetary Data

The Agency operates on a project basis and each of the capital project funds is for individual redevelopment areas consisting of several individual projects. All of the Agency's budgets are approved by the Agency's governing board. Unexpended budget appropriations are carried forward to the next year.

9. Deferred Revenue

Deferred revenue is that for which asset recognition criteria have been met, but for which revenue recognition criteria have not been met in fund statements. The Agency typically records deferred revenue in the governmental fund financial statements related to notes receivable arising from developers financing arrangement and long-term receivables.

10. Long-term Obligations

In the government-wide statement of net assets, long-term debt and other long-term obligations are reported as liabilities. Bond premium, discount, and deferred refunding losses, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium, discount, and deferred refunding losses. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt service issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

11. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from these estimates.

(2) CASH AND INVESTMENTS

The Agency maintains a common cash and investment pool for use by all funds. Each fund's portion of this pool is reported in the governmental funds balance sheet as unrestricted cash and investments.

The Agency's cash and investments consist of the following at January 31, 2012 (in thousands):

	<u>Fair Value</u>
Cash and investments (unrestricted)	\$ 103,832
Restricted cash and investments	<u>124,450</u>
Total cash and investments	<u><u>\$ 228,282</u></u>

The Agency has adopted the investment policy of the City, which is governed by provisions of the California Government Code and the City's Municipal Code. The Agency also has investments subject to provisions of the bond indentures of its various bond issues. According to the investment policy and bond indentures, the Agency is permitted to invest in the State of California Local Agency Investment Fund (LAIF), obligations of the U.S. Treasury or U.S. Government agencies, time deposits, money market mutual funds invested in U.S. Government securities, along with various other permitted investments.

The Agency maintains all of its unrestricted investments in a cash and investment pool. As of January 31, 2012, the Agency's cash and investment pool totaled \$103.8 million. Income earned or losses arising from investments in the Agency's cash and investment pool are allocated on a monthly basis to the appropriate funds based on the average daily cash balance of such funds.

Custodial Credit Risk:

At January 31, 2012, the carrying amount of the Agency's deposits was \$7.13 million. Deposits include checking accounts, interest earning savings accounts, and non-negotiable certificates of deposit. Of the bank balance, \$0.25 million was FDIC insured and \$6.88 million was collateralized with securities held by the pledging financial institution in the Agency's name, in accordance with Section 53652 of the California Government Code.

Credit Risk:

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This risk is measured by the assignment of a rating by nationally recognized statistical rating organizations. The Agency's investment policy has mitigated credit risk by limiting investments to the safest types of securities. Additionally, the Agency prequalifies financial institutions, diversifies its portfolio, and has established monitoring procedures.

Concentration of Credit Risk:

Concentration of credit risk is the risk that the failure of any one issuer would place an undue financial burden on the Agency. The Agency's investment policy mitigates the concentration of credit risk by diversifying the portfolio and limiting investments in single issuers. However, there is no limitation for investments issued by federal agencies or LAIF. The Agency has U.S. Government Agency Securities with Federal National Mortgage Corporation (Fannie Mae) for \$32.9 million or 14.90% of the total Agency portfolio respectively.

Interest Rate Risk

Interest rate risk is the risk that changes in market rates will adversely affect the fair market value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market rates. The average days to maturity of the Agency's pooled portfolio is 176 days. The Agency's investment policy has mitigated interest rate risk by establishing policies over liquidity, including maturity limits by investment classification.

The Agency has elected to use the segmented time distribution method of disclosure for its interest rate risk. As of January 31, 2012, the Agency had the following investments and original maturities (in thousands):

Under the provisions of the bond indentures, certain accounts with trustees were established for repayment of debt, amounts required to be held in reserve, and amounts to be held for the withdrawal of qualified reimbursements. These accounts are reported in capital projects and debt service funds. As of January 31, 2012, the amounts held by the trustees aggregated to \$124.5 million of which \$108.9 million is available to be used for restricted projects and \$15.5 million for debt service payment. All restricted investments held by trustees as of January 31, 2012 were invested in U.S. government agency securities discount note, money market mutual funds, negotiable CD's, that were in compliance with the bond indentures.

As of January 31, 2012, the Agency has a total of \$138.9 million of net notes and loans receivable, which is not expected to be received in the next twelve months. All of the Agency's notes and loan receivables are offset with deferred revenue in the governmental funds as the collection of those notes and loans are not expected within the near future. The decrease of \$49.0 million for development loans from prior year is attributed to the loan assignment and assumption agreement entered between the Agency and the City to assign various commercial loans to the City.

Tax Allocation Bonds

The Tax Allocation Bonds (TAB), which are comprised of Series 1992, Series 2003, Series 2005, Series 2006T, Series 2009T, Series 2006A TE/T, Series 2006B TE/T, Series 2006C TE/T, and Series 2010T are issued primarily to finance redevelopment projects and are all secured by pledge of redevelopment property tax revenues (i.e. former tax increment), consisting of a portion of taxes levied upon all taxable properties within each the tax increment generating redevelopment project areas, and are equally and ratably secured on a parity with each TAB series.

As of January 31, 2012, assuming no growth in assessed valuation throughout the term of each project area, the total projected accumulated tax increment revenue through the period of the bonds would be estimated at \$2,949,755,000. These revenues have been pledged until the year 2041, the final maturity date of the bonds. The total principal and interest remaining on these TABs as of January 31, 2012 is estimated at \$620,658,000, which is 21.0 percent of the total projected tax increment revenues. The pledged tax increment revenues recognized during the reporting period July 1, 2011 through January 31, 2012 was \$33,345,000 of which \$22,672,317 (principal and interest) was used to pay debt service.

Historically, upon receipt of property tax increment, the Agency calculated the 80 percent and 20 percent and the voluntary 5 percent amount of tax increment and would then transfer the 20 percent and 5 percent portion to the Low and Moderate Income Housing Fund, as required by the California Health and Safety Code and the Agency board resolution. The previous requirement to bifurcate the tax increment into 80 percent and 20 percent portions was eliminated in AB X1 26. However, in order to maintain compliance with bond indentures secured by the 80 percent and 20 percent tax increment, the Oakland Redevelopment Successor Agency plans to request the funds through the Recognized Obligation Payment Schedule (ROPS) from the Redevelopment Property Tax Trust Fund (“RPTTF”) pursuant to Health and Safety Code 34183 (a)(2)(A), and segregate the funds in the debt service funds accordingly until the debt obligations have been satisfied.

Housing Set-Aside Bonds

The Housing set-aside bonds, which is comprised of Series 2006A, Series 2006A-T and Series 2011T are issued to finance affordable housing projects and are secured by a pledge and lien upon the 20% redevelopment property tax revenue (i.e. former tax increment) set-aside for the low and moderate income housing fund.

As of January 31, 2012, assuming no growth in assessed valuation throughout the term of each project area, the total projected accumulated tax increment revenue through the period of the bonds would be estimated at \$779,962,000. These revenues have been pledged until the year 2042, the final maturity date of the bonds. The total principal and interest remaining on these

Housing Set-Aside Bonds as of January 31, 2012 is estimated at \$252,046,287, which is 32.3 percent of the total projected tax increment revenues. The pledged tax increment revenues recognized during the reporting period July 1, 2011 through January 31, 2012 was zero. The total debt service payment for the reporting period was \$7,035,172 (principal and interest). The Agency used restricted fund balance on the Low and Moderate Housing Fund to pay the debt service for the subject reporting period.

In the future, in order to maintain compliance with bond indentures secured by the 20 percent tax increment, the Oakland Redevelopment Successor Agency plans to request the funds through the Recognized Obligation Payment Schedule (ROPS) from the RPTTF pursuant to Health and Safety Code 34183 (a)(2)(A), and segregate the funds in the debt service funds accordingly until the debt obligations have been satisfied

Advances from City to the Redevelopment Agency

The City has made various advances to the Agency for redevelopment projects. As of January 31, 2012 the Agency has paid off its advances from the City in the amount of \$149 thousand.

Outstanding Defeased Bonds

For financial reporting purposes, the Agency's advanced-refunded debt is considered defeased and therefore removed as a liability from the Agency's government-wide financial statements. Cumulatively, the defeased bonds had an outstanding debt balance of \$32.8 million at January 31, 2012.

Bond Indentures

There are a number of limitations and restrictions contained in the various bond indentures. The Agency believes it is in compliance with all significant limitations and restrictions.

Conduit Debt

The following long-term debt has been issued by the Agency on behalf of named agents of the Agency. The bonds do not constitute an indebtedness of the Agency. The bonds are payable solely from revenue sources defined in the individual bond documents, and from other monies held for the benefit of the bond holders pursuant to the bond indentures. In the opinion of City officials, these bonds are not payable from any revenues or assets of the Agency, and neither the full faith and credit nor the taxing authority of the Agency, State, or any political subdivision thereof is obligated for the payment of the principal or interest on the bonds. Accordingly, no liability has been recorded. The City has recorded the Oakland Museum as an asset and the debt on its government-wide statement of net assets.

(8) TRANSACTIONS WITH THE CITY OF OAKLAND

The Agency and the City are closely related but are separate legal entities. The City Council members serve as the governing board for the Agency. The Agency does not have employees nor does it have administrative facilities separate from the City. A substantial portion of the Agency's expenditures represent reimbursement to the City for both the services of employees and the use of City facilities. For the year ended January 31, 2012, the Agency reimbursed the City \$22.5 million for these expenditures.

March 3, 2011, Agency Agreements with the City

On March 3, 2011 the Agency and the City entered into the following agreements under the California Community Redevelopment Law.

a) The Funding Agreement

The Agency and the City entered into a funding agreement for the Agency to fund City public improvements and other redevelopment projects and programs within the City.

b) The Purchase and Sale Agreement

The Agency and the City entered into a purchase and sale agreement of various Agency properties to the City at a purchase price of a dollar.

c) Loan Assignment and Assumption Agreement

The Agency and the City entered into a loan assignment and assumption agreement, under the agreement the City was assigned various commercial loans from the Agency.

In addition to the assets transferred, the Successor Agency assumed the environmental remediation obligation in the Oakland Army Base project area in the amount of \$5 million.

(9) TRANSACTIONS WITH THE FOX OAKLAND THEATER, INC. (“FOT”) DEVELOPMENT

FOT is an Internal Revenue Code section 501(C) (3) organization set up by and for the benefit of the Agency and the City to renovate the Fox Theater. The Agency transferred the Fox Theater property to FOT in August 2006 through a long-term lease and a Disposition and Development Agreement (“DDA”) which included a \$25,500,000 loan. The Fox Theater property was held by the Agency as property held for resale. During 2008, the property was transferred to FOT as a long-term capital lease which was valued at \$6,500,000 in the lease and DDA. All FOT board members are City employees and FOT has no staff. FOT set up a for profit entity, Fox Theater Manager, Inc (“FT Manager”), and then two LLCs managed by FT Manager, Fox Theater Landlord LLC, and Fox Theater Master Tenant LLC. These new entities were used to syndicate Historic and New Markets Tax Credits. The Fox Theater property was transferred to the LLCs in December 2006, but the loan remains with FOT and is secured by a pledge and assignment of borrowers ninety nine and nine-tenths percent (99.9%) interests in the Community Development Entities (CDEs) loans entered into between FOT and Fox Oakland Investment Fund (FOIF). In FY 2009-10 the Agency loaned an additional of \$2.0 million to Fox Oakland Theater Inc and \$1.4 million to Fox Theater Master Tenant LLC to complete the project. The \$1.4 million Fox Theater Master Tenant LLC loan has a 15 year term.

The outstanding principal balance of the FOT loan shall accrue interest at the rate of 2.5 percent, commencing on the date of disbursement and compounded annually, which will only be payable to the extent of borrower’s net cash flow from operations.

The loan terminates at the end of ten years unless the borrower defaults on the agreement in which case the lender declares an acceleration of the maturity.

On March 3, 2011, the Agency and the City entered into a loan assignment and assumption agreement and the City was assigned various commercial loans that included the FOX Theater.

(10) COMMITMENTS AND CONTINGENCIES

Redevelopment Agency of the City of Oakland

As of January 31, 2012, the Agency has entered into several contractual commitments for materials and services relating to various redevelopment projects and affordable housing projects within the City of Oakland. In the future years these commitments will be funded by future redevelopment property tax revenues (former tax increment). The Successor Agency assets can only be used to pay enforceable obligations as defined by the Redevelopment Dissolution Law revenue and other sources.

On March 1, 2006, the Agency entered into the Jack London Gateway, Enhanced Enterprise Community Section 108 loan and grant agreement with City of Oakland as a guarantor of the promissory note. Under this agreement, the Agency committed to pay a portion of the note equal to \$160 thousand per year for a ten year period. As of January 31, 2012, the remaining balance of \$1.2 million has been included as part of the Successor Agency Recognized Obligation Payments Schedule (ROPS) submitted to the State Department of Finance.

The Agency is exposed to various risks of loss related to: torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters for which the government carries commercial insurance. Liabilities of the Agency are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated.

Wood Street Affordable Housing Project Environmental Remediation

The Wood Street Affordable Housing Project analytical results show concentrations of arsenic, lead, total petroleum hydrocarbons such as diesel and polycyclic aromatic hydrocarbons in site soils and or ground water sample. As of January 31, 2012, environmental remediation clean up activities have not been completed yet. The Agency has set-aside \$300 thousand in escrow to cover the remaining environmental obligations.

Oakland Army Base Environmental Remediation

Land originally conveyed to Oakland Base Reuse Authority (OBRA) from the Army, portions of which were subsequently conveyed to the Agency and the Port of Oakland, may be subject to environmental remediation as required by the Comprehensive Environmental Response, Compensation and Liability Act. If and when such environmental remediation is required, OBRA

REDEVELOPMENT AGENCY OF THE CITY OF OAKLAND

then, and subsequently the Agency and the Port, are responsible for the first \$13.0 million of environmental remediation costs, including environmental remediation insurance. OBRA received a federal grant of \$13.0 million to pay for the above-mentioned environmental remediation costs including the \$3.5 million insurance premium. As of January 31, 2012, the Agency has spent approximately \$13 million on this project, of which \$10.9 million has been received from the US Department of the Army. The Agency is working with the US Department of Army on collecting the remaining balance of \$2.1 million.

The next \$11.0 million of environmental remediation costs are to be shared equally by the Agency and the Port. As a result, the Agency reports its share of \$5.0 million remediation obligation on Oakland Army Base project. The next \$9.0 million will be paid from insurance proceeds from the environmental remediation policy. If subsequent environmental remediation is required after the initially-required remediation is complete, then the environmental site liability policy will cover up to \$30 million in environmental remediation-related costs. The Agency and the Port have agreed to share equally in any environmental remediation-related costs above \$21.0 million that are not covered by insurance. In January of 2012, The Agency transferred Oakland Army Base Operation to the City including the remediation liabilities.

(11) SUBSEQUENT EVENTS

Recent Changes in Legislation Affecting California Redevelopment Agencies:

a) Invalidation of Loans with the City

AB X1 26 specifically invalidates existing agreements between the former Agency and the City, except for 1) those entered into at the time of issuance of debt, for the purpose of securing repayment of such debt, and 2) loans or advances from the Low and Moderate Income Housing Fund. On February 1, 2012, the City did not have any long-term loans or receivables with the former Agency. Subsequent legislation adopted on June 28, 2012 provides that loans between the City and ORSA may be re-established when the Successor Agency receives a "finding of completion" from the State Department of Finance and approval of the Oversight Board.

b) Dissolution Legislation "True up" Process

The provisions of AB1484, which was a trailer bill to the FY 2012-13 State Budget, required that the County Auditor Controller determine if the tax revenues received by the Agency in January 2012 (before dissolution) were in excess of the amount spent by the former Agency and the Oakland Redevelopment Successor Agency ("ORSA") on enforceable obligations as defined by the Redevelopment Dissolution Law during the period from January 1 through June 30, 2012. If there was an excess, the ORSA must remit the residual amounts to the County by July 12, 2012, for allocation to the taxing entities. This is referred to as the "true up" process. Due to the manner in which some of the former Agency's bond obligations were categorized on the Recognized Obligation Payment Schedule (ROPS) during this period, the County Auditor-Controller's calculations indicated a \$21.5 million "overpayment" of tax revenues to the Successor Agency. On July 12, 2012, the Successor Agency issued a payment of \$21.5 million of residual amount to the

**Independent Auditor's Report on Internal Control Over Financial Reporting and on
Compliance and Other Matters Based on an Audit of Financial Statements
Performed in Accordance with *Government Auditing Standards***

Honorable Mayor and Members of the Council
of the Redevelopment Agency
City of Oakland, California

We have audited the financial statements of the governmental activities and each major fund of the Redevelopment Agency of the City of Oakland (Agency), a component unit of the City of Oakland, California, as of January 31, 2012 and for the period from July 1, 2011 through January 31, 2012, which collectively comprise the Agency's basic financial statements and have issued our report thereon dated December 21, 2012. Our report includes an explanatory paragraph referring to Note 1 to the financial statements relating to the recent legislation dissolving California redevelopment agencies as of February 1, 2012. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

Management of the Agency and the City as Successor Agency to the Redevelopment Agency of the City of Oakland are responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the Agency's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Agency's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Agency's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify a deficiency in internal control over financial reporting that we consider to be a material weakness, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Agency's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the Board of Directors, management of the Agency and the State Controller's Office and is not intended to be and should not be used by anyone other than these specified parties.
