| From: | OWDB Staff                                     |
| Date: | June 16, 2022                                  |
| Re:   | Continuance of meetings using teleconferencing |

#### **RECOMMENDATION**

Staff recommends that the Oakland Workforce Development Board (OWDB) adopt a resolution determining that conducting in-person meetings of the OWDB and its committees would present imminent risks to attendees' health, and electing to continue conducting meetings using teleconferencing in accordance with California Government Code Section 54953(e), a provision of AB-361.

#### **BACKGROUND**

Assembly Bill 361 amended provisions of the Brown Act that allows local jurisdictions to meet by teleconference provided the legislative body adopts specific findings in compliance with the new law. The City Attorney's Office has drafted a Resolution for the City Council, and all Oakland Boards and Commissions are instructed to adopt this same Resolution so they may continue meeting via teleconference.

The City Administrator in their capacity as the Director of the Emergency Operations Center (EOC), issued a proclamation of local emergency due to the spread of COVID-19 in Oakland, and on March 12, 2020, the City Council passed Resolution No. 88075 C.M.S. ratifying the proclamation of local emergency pursuant to Oakland Municipal Code (O.M.C.) section 8.50.050, which currently still remains in full effect.

Currently, the City's public-meeting facilities are indoor facilities that are not designed to ensure circulation of fresh / outdoor air, particularly during periods of cold and/or rainy weather, and were not designed to ensure that attendees can remain six (6) feet apart. Holding in-person meetings would encourage community members to come to City facilities and would potentially put the public at high risk of getting very sick from COVID-19. Based on these determinations and consistent with federal, state and local health guidance, conducting in-person meetings would pose imminent risks to the health of attendees

Staff recommends that the Oakland Workforce Development Board (OWDB) adopt a resolution determining that conducting in-person meetings of the OWDB and its committees would present imminent risks to attendees' health, and electing to continue conducting meetings using teleconferencing in accordance with California Government Code Section 54953(e), a provision of AB-361.

Following adoption of the Resolution, this item will be schedule as a recurring item on future Agendas for the OWDB to re-adopt. This process follows the same process whereby City Council continuously adopt Resolutions declaring a local emergency due to the AIDS epidemic, declaring a medical cannabis emergency, and declaring a local emergency on homelessness.

## **RECOMMENDATION: ITEM II a. – Summer Youth Employment Contracts**

<u>Acting Chair John Brauer</u> read the recommendation that the Oakland Workforce Development Board (OWDB), in collaboration with the Oakland Fund for Children and Youth (OFCY) take the following actions.

1.Approve and authorize program grant agreements for Fiscal Year 2022-23 in an amount not to exceed \$262,572 for the OWDB 2022 Summer Youth Employment Program with the following providers: Lao Family Community Development, Inc. in an amount not to exceed of \$125,000; Youth Employment Partnership, Inc. in an amount not to exceed \$125,000; Trybe, Inc. in an amount not to exceed \$125,000; Trybe, Inc. in an amount not to exceed \$12,572.

2.Authorize staff to allocate any additional funds raised for the 2022 Summer Youth Employment Program to be distributed equally to these organizations without returning to the OWDB for approval.

Staff Member Dovey presented the Background that the OWDB approve funding to three nonprofit organizations Lao Family Community Development, Inc., Youth Employment Partnership, and Trybe Inc. Proposals were reviewed by OFCY staff, an outside group of readers and reviewers, OFCY Planning and Oversight Ad-Hoc Review Subcommittee, as well as OWDB staff recommendations are made with consideration to location of services and service to priority populations, strategic alignment, past performance, and reasonableness and feasibility of budget and activities. she stated The City has had a longstanding commitment to providing summer jobs and other work opportunities for Oakland youth 16-21 predominantly in East Oakland, Fruitvale and West Oakland who are not working or have had minimal work experience. The SYEP provides Oakland youth with opportunities to earn money, gain meaningful work experience and improve their job-readiness skills. The City contracts with local youth-serving organizations to recruit and enroll youth in the program and provide youth with high-quality job-readiness training, to identify

organizations to serve as work sites for youth, and to act as the employer-of-record/fiscal sponsor for youth whose wages are subsidized through the program, funding total amounts requested was

\$562,572 and will provide services to over 200 youth, it was determined that all of the providers have well developed and described program models, have the capacity to be an employer of record for youth participants, are within an acceptable range of costs per participant and have employer connections to place youth in work experience opportunities and jobs as designed under the current configuration of the Summer

Youth Employment Program (SYEP). This model includes pre-employment and job retention training, paid work experience at the City's new minimum wage rate of \$15.30/hour or higher, and ongoing case management. She stated the Board anticipates securing an additional \$100,000 in private grant funds, she confirmed those funds have been secured, she also mentioned the attached proposed resolution.

<u>Deputy City Attorney Naree Chan</u> mentioned there being a request to make an edit in the resolution under the "Further Resolve" clause that read "that the Board hereby authorizes allocation of any additional funds raised for the 2022 Summer Youth Employment Program to be distributed equally. "Staff would like to cross out "equally" and replace "with distributed based on the organizational capacity and any furtherance of the Summer Youth Program goals."

#### Comments:

Assata Olugbala expressed her confusion understanding OWDB process of moving items through Rules committee to Council. She inquired about the types of jobs that will be available to the youth, also she recommended a collaboration between OWDB and the Oakland Unified School District regarding measure N, which will allow education career pathways and internship continuance.

Mike Wetzel Acting Manager for Oakland Fund for Children and Youth Services Division stated with the support of combined funding with QWDB & OFCY will service over 200 youth paying minimum wage of \$15.00 an hour or over, with 100 hours of summer employment, 45% of participants are geared toward the Black community, youth who are in school, fulfilling the City's equity goals to assist youth that would most benefit from direct workforce exposure experience and support.

<u>Board Member Pete May</u> asked about the history of funding given to the three providers prepandemic and during the pandemic, also, if the additional funds and the \$100,000 are the same funding or separate items?

<u>Staff Member Lindsey</u> stated Lao Family Community Development and Youth Employment Partnership (YEP) have provided services for over eight years, Trybe will be a new provider to the SYEP.

<u>Sofia Navarro Executive Director to the OWDB</u> stated the \$100,000 was secured as of last Friday, May 6<sup>th</sup>, and there may be additional funding coming to distribute accordingly as staff continue to market the SYEP.

Board Member Eddie Alvarez questioned what type of jobs will be available to the youth.

<u>Sofia Navarro Executive Director to the OWDB</u> stated the RFP closed April 29, 2022 the framework is being developed and secured, the current three providers have long established

relationships with businesses that provided quality work experience, there will be an extension of other providers who will support some of the work and the City's website is making it easier connecting employers and employees to jobs, also for youth and providers to connect with each other, our August meeting staff will be better prepared to share that information with the Board.

Staff Member Dovey added the RFP process which detailed what type of jobs would be included in this process including what the providers have done in the past, she stated the upcoming reports will be more specific including and identifying the different types of job placement.

Staff Member Lindsey shared a few of the employers that the providers have and are working with she acknowledged the standing long history the providers have with the organizations and businesses providing employment to the youth.

<u>Board Member Eddie Alvarez</u> requested staff to make the type of jobs offered more obvious in the reports which would make it easier for the Board to keep track of where the money is going.

<u>Board Member Gilbert Pete</u> asked for a mid-summer report out at the June meeting informing the Board of the number of youth being served, the age, gender, and the placement locations, and then at the end of the summer program, have the organizations give a presentation informing the Board of the percentage of youth served and those who they were unable to serve and the reasons why not, also, an opportunity for the Board to engage with the youth who participated in the SYEP experience.

<u>Board Member Beth Hillman</u> inquired of the posture of funding making certain the Board does all it can to get the funds out to those who will provide services throughout the community without delay.

<u>Sofia Navarro Executive Director to the OWDB</u> stated staff is looking for the Board's approval on the recommendations, she provided more detail on a previous question regarding the OWDB's process for items going to the Rules Committee and then to Council for approval.

Discussion regarding extending today's meeting.

<u>Board Member Eddie Alvarez</u> made a motion to accept the amendment to the resolution and included the request for a mid- summer report in June and then at the end of the SYEP. <u>Board</u> <u>Member Gilbert Pete</u> second the motion.

Board polled as follows: Gilbert Pete, Ahmed Ali Bob, Polly Guy, Eddie Alvarez, John Brauer, Beth Hillman, Pete May, Aaron Johnson all ayes motion passed.

The requirement for items to be brought forward is that staff makes a recommendation for items to be brought to both OWDB and City Council, approval by both bodies is required in order for the item to move forward, she stated Council hasn't taken action on these items yet, and that staff has been following the procedure, these items are being brought to the OWDB for action and approval and then subsequently brought to City Council on May 17<sup>th</sup>, extending the general funding contracts and then on June 7<sup>th</sup> for the SYEP summer jobs.

Acting Chair John Brauer asked for a motion to move the 6-month resolution recommendation.

Board Member Eddie Alvarez moved and Board Member Polly Guy seconded to accept the recommendations.

In the event there is no additional gap funding identified in this midcycle budget it would continue with the original \$885,000 gap funding identified.

#### EXECUTIVE SUMMARY

Staff recommends that the Oakland Workforce Development Board (OWDB) adopt the Fiscal Year (FY) 2022-23 Workforce Development budget (*Attachment A*) and enter into grant agreements with service providers competitively selected and as outlined in **Table 3**.

The budget reflects federal funding through the Workforce Innovation Opportunity Act (WIOA), significant grants from the State of California, funding support from the City of Oakland, and miscellaneous grants

that support summer youth activities, including philanthropic support from New Venture fund on behalf of JP Morgan Chase and Bank of America. The service provider contract recommendations reflect the results of a system-wide Request for Proposals (RFP) process that began earlier this year to competitively procure contracts for workforce development services over the next three (3) years, which will support the advancement of economic stability and equitable access to Oakland's most vulnerable residents in the communities of East Oakland, Fruitvale and West Oakland, where a high number of Black and Latinx residents live, and are unemployed at higher rates than the general population. The recommended action will both strengthen the capacity of existing service providers with a long track record of contracting with the City, and engage a number of new providers with strong community ties, expanding the City's capacity to provide job seekers with the skills necessary to attain the knowledge, and access the resources needed to thrive in high quality careers and advancing the City's equity goal of expanding access to City contracts for local organizations.

Staff also recommends that the OWDB authorize the expenditure of FY 2021-22 contracted funds not fully spent by providers by June 30, 2022, to be carried into FY 2022-23 and to authorize the City Administrator to apply for and accept grants up to \$250,000.

#### **BACKGROUND / LEGISLATIVE HISTORY**

The OWDB is part of the Public Workforce System, a network of federal, state, and local offices that support economic expansion and develop the talent of the nation's workforce. Working in conjunction with the State of California and the regional collaboration of East Bay Workforce Development Boards (Alameda County, Contra Costa County, City of Richmond and City of Oakland) the OWDB serves as connector, administrator, and regulator of workforce funding resources that are leveraged by service providers to deliver services to workers and employers.

Members of the OWDB are appointed by the Mayor and are tasked with approving the use of workforce development funds and ensuring fidelity around any regulations associated with their implementation. The membership is a cross-section of private business, public institutions, labor trades, and education.

The OWDB budget is made up of multiple funding streams that support workforce development including federal funding through WIOA, grant contributions from the State, funding support from the City of Oakland, and miscellaneous grants from private businesses and philanthropic support.

The overall goals of the OWDB's investments are to help adults and youth develop the necessary skills, obtain the requisite knowledge, and access the resources needed to thrive in careers, and to provide employers with the skilled workers needed to sustain and competitively grow their businesses. The OWDB seeks to provide a coordinated set of relationships among providers and partners in the workforce system that can connect residents, particularly those with barriers to employment, to career pathways leading to family-sustaining jobs in growing industries.

An RFP for contract service providers to provide citywide workforce development services for Fiscal Years (FYs) 2022-2025 was issued on March 11, 2022 by the City of Oakland's Economic & Workforce Development Department (EWD) and OWDB. A bidder's conference took place on March 22, 2022 and the deadline to submit proposal applications was extended from April 22, 2022 to April 29, 2022. Through this procurement, the City will enter into grant agreements with experienced local nonprofit organizations to provide workforce development services for recently displaced and long-term unemployed adults and low-income youth and young adults.

### ANALYSIS AND POLICY ALTERNATIVES

#### OWDB FY 2022-23 Budget

The OWDB budget is made up of multiple funding pools that support workforce development activities in Oakland. Sources of funding include federal funding through WIOA, grant contributions from the State of California, funding support from the City of Oakland, and miscellaneous grants from private businesses and philanthropic support.

There are three main expenditure categories in the OWDB budget:

(77%) Service Provider Contracts: The City and the OWDB contract with experienced organizations to provide workforce development services to Oakland. The overall goals of these workforce organizations are to help Oakland residents develop the skills to attain the knowledge, and access the resources needed to thrive in a career; and provide employers with the skilled workers needed to sustain and competitively grow their businesses. 77 percent of the budget is contracted to workforce service providers.

(6%) Direct Client Support: These funds are allocated to service providers and includes financial assistance towards participant training and support to enable an individual to participate in workforce development activities. This represents six (6) percent of the workforce budget.

<u>(17%) City Operations</u>: The OWDB and City workforce staff, as the system administrator, are responsible under WIOA Section 107(d) for a range of functions as listed below, including directing funds to be used for industry or sector partnerships (Sec. 134(c)(1)(A)(v)). This represents 17 percent of the total workforce budget. Below are some of the primary OWDB and City staff functions:

- Development of the local plan
- Workforce research and regional labor market analysis
- Convening, brokering, leveraging workforce system partners
- Employer engagement
- Career pathways development
- Identifying and promoting proven and promising best practices
- Technology and data systems
- Program oversight, including oversight of more than a dozen service providers and contracts
- Negotiation of local performance
- Selection of one-stop operators, and providers through a competitive RFP process
- Coordination with education partners
- Budget and administration
- Accessibility for individuals with disabilities

Attachment A reflects the following budget items:

#### Projected WIOA Funds for FY 2022-23 - \$3,801,555

The OWDB's WIOA Title I Formula revenues consist of four separate funding streams which include:

- Adult Program Serves individuals 18 and older by providing them with job search assistance and training opportunities and to help meet employer workforce needs.
- Dislocated Worker Program Designed to help workers get back to work as quickly as possible and overcome barriers to employment. When individuals become dislocated workers as a result of

job loss, mass layoffs, global trade dynamics, or transitions in economic sectors, the Dislocated Worker program provides services to assist them in re-entering the workforce.

- Youth Program Comprehensive youth employment program for serving eligible youth, ages 14-24, who face barriers to education, training, and employment.
- Rapid Response Program Provides strategies and activities necessary to plan for and respond to announcements of a business closure, layoff, or mass job dislocations due to natural or other disasters, and to deliver services to enable dislocated workers to transition to new employment as quickly as possible.

On May 25, 2022, the State of California Employment Development Department (EDD) released its planning budget estimates for the Adult, Dislocated Worker and Youth programs. Rapid Response allocations are released at a later time, therefore, for planning purposes the FY 2021-22 allocation are used as baseline. As of this writing, final allocations had not yet been received.

WIOA funds are appropriated through the FY 2021-23 biennial budget, Resolution No. 88717 C.M.S., adopted June 24, 2021. For FY 2022-23 the City is projected to receive an estimated 15 percent increase over last year.

#### Table 1 – FY 2022-23 WIOA Planning Estimates

WIOA formula allocations for Adult, Dislocated Worker and Youth programs can be found at: <a href="https://edd.ca.gov/en/jobs\_and\_training/Information\_Notices/wioa-formula-allocations--py-22-23/">https://edd.ca.gov/en/jobs\_and\_training/Information\_Notices/wioa-formula-allocations--py-22-23/</a>

The City will enter into a Grant Agreements with workforce service providers for programs and services competitively selected through the aforementioned RFP process.

#### Estimated WIOA Funds Remaining from FY 2021-22 - \$3,145,707

At this time, staff is estimating approximately \$3.1 million in WIOA carryover funds from FY 2021-22. Carry forward balances include unspent contracted service provider funds and salary savings from vacant City staff positions. Staff is requesting that the City Council authorize the carryover of unspent fiscal year 2021-22 funds to contracted service providers in fiscal year 2022-23. Any additional carryforwards are reallocated into the FY 2022-23 OWDB budget.

#### Workforce Accelerator 10.0 - \$500,000

From time to time, the OWDB receives special grants to complement the WIOA funding. On April 18, 2022, the City of Oakland was awarded \$500,000 from the California Workforce Development Board Workforce Accelerator Fund 10.0 Grant. This project will regionalize supports for youth ages 15 to 25 years that are disconnected from work or school (Opportunity Youth), focusing on the tech sector and providing a paid skills-building bridge and pre-apprenticeship programs that will connect participants to a 1) California Department of Labor (DOL) approved apprenticeships program, 2) post-secondary education, or 3) IT entrepreneurship in the tech sector.

This 14-week bridge/pre-apprenticeship program will be provided by Bitwise Industries and Love Never Fails. The programs will offer flexible training schedules that include evening, teacher-led or self-paced instruction with wraparound and support services such as needs based payments to assist with familial financial obligations, quality laptops and hot spots; all barriers that could deter participants from program completion.

OWDB is serving as the lead for the project and is recommending entering into a grant agreement in the amount of \$409,000 to Lao Family Community Development (LFCD), Inc. as the subrecipient to deliver program operations which includes recruiting, enrolling youth who are being served by LFCD, or either referred by other OWDB youth providers or the three regional WDB partners. LFCD will also act as the pay agent for administering supportive services and payments to Bitwise and Love Never Fails as well as monitor and track completion and placements.

LFCD and Bitwise Industries have been collaborating for over a year and providing 6-week preapprenticeship classes and full year paid apprenticeship programs featuring 25+ topics. Their mutually supportive efforts have established a substantial partnership to continue working on placing Opportunity Youth within competitive and industrious professions. LFCD has vested processes in place enrolling youth into Bitwise programs, and has also began establishing a relationship with Love Never Fails.

The remaining \$91,000 is allocated to City personnel for project oversight.

The Grant Term for Accelerator 10.0 is 19 months and runs from June 1, 2022 through December 31, 2023.

#### State of California – California Volunteers Youth Workforce Development Program - \$5,896,000

The City of Oakland was awarded \$5,896,000 from the Office of the Governor's California Volunteer. These funds will be used to create a year-round youth and young adult employment program to support climate resilience and improve neighborhood conditions as part of our COVID-19 recovery, with a focus on two areas: 1) Clean and Green and 2) Public Safety. Funding for this program will address the severe understaffing in the City and ensure our youth and young adults have the opportunity for meaningful, long-term employment, either within the City of Oakland or with our network of neighborhood partner organizations competitively selected through an RFP process.

The goal is to provide year-round and/or summer employment opportunities for approximately 240 individuals (150 year-round + 90 summer) over the next 2.5 years and creating new pipelines to long- term careers in public service.

#### Estimated City General Fund -\$2,722,974

As part of the FY 2021-2023 Biennial Budget, City Council awarded \$1,000,000 in FY 2022-2023 to be allocated by the OWDB in General Purpose Fund (1010), Workforce Development Organization (85311), Workforce Development Services Project (1006028). In order to support current Oakland service providers through these economic challenges, EWD staff recommended in File Item 22-0339 that Council adopt a resolution authorizing the approval and re-allocation of \$885,304 of the \$1,000,000 awarded from the General Fund for Fiscal Year (FY) 2022-23 to current WIOA adult and youth service providers from July 1, 2022 through December 31, 2022. At the May 17, 2022, Vice Mayor Kaplan offered an alternate recommendation that would similarly offer to extend contracts for current providers, but instead would provide a one year, versus six month extension, from July 1, 2022 through June 30, 2023 for a total funding amount of \$1,770,608. The additional \$885,304 in the Council proposal is subject to funding availability in the midcycle budget.

#### Table 2 - WIOA Adult & Youth Service Provider General Fund Support

Additionally, as part of the biennial budget, \$220,000 was allocated to the City's Day Laborer program for FYs 2021-23. Resolution number 88904 C.M.S. adopted on November 16, 2021, authorizes a grant agreement with Causa Justa::Just Cause and its partners (Street Level Health and Centro Legal de la Raza) in the amount of \$220,000 per year to operate the program.

The remaining \$732,366 in general funds will support city operations and the procurement of a database to support contracting and invoice processing.

#### Army Base Billboard - \$508,925

Oakland Army Base billboard revenue is budgeted for oversight and support of the West Oakland Job Resource Center (WOJRC). The FY 2021-22 budget appropriates \$345,615 directly to the WOJRC to support the ongoing operations of the Center and to fulfill job creation, hiring targets and workforce development polices of the City of Oakland.

The remaining \$163,310 will support city personnel.

#### Measure HH and Private Grant Funds - \$500,000

The biennial budget also includes \$400,000 in Measure HH funding to support the summer employment program for Oakland youth ages 16 to 24. The City anticipates securing an additional \$100,000 in private grant funds. These funds will go toward paying for the costs of subsidized jobs. The City will enter into grant agreements with recommended service providers outlined in File Item 22-0403.

# Selection of Three-Year Workforce Service Providers - FY 2022-25 WIOA and Related Direct Services Request For Proposals (RFP)

The OWDB conducted a required competitive procurement for youth and adult workforce services providers for the upcoming three (3) year cycle from July 1, 2022 through June 30, 2025. This RFP focused on programs and services that address disparities in access to employment and related services in Oakland's historically underserved populations in alignment with Oakland's Equity Indicators Report, OWDB's Equity Analysis and Local Plan, and the City's Economic Recovery Plan.

The OWDB is committed to an RFP process that is transparent, accountable and competitive process that will support the advancement of economic stability and equitable access to services for Oakland's most vulnerable residents in the communities of East Oakland, Fruitvale and West Oakland, where a high number of Black and Latinx residents live and are unemployed at higher rates than the general population. Funding

for the RFP strategies are supported by Federal Workforce Innovation and Opportunity Act (WIOA), and other grant contributions.

Input was solicited from the OWDB at a meeting in December 2021 to define policy principles and conceptual frameworks for the service models described in the RFP. Staff also followed up with current providers and offered briefings to all councilmembers in January 2022 for additional input on the issuance of the RFP and its process.

The RFP was released on March 11, 2022. A bidder's conference took place on March 22, 2022 with approximately 45 individuals in attendance. RFP announcements were posted on City of Oakland's social media page and distributed to organizations registered with the City of Oakland business registration portal. It was also posted on the OWDB website and shared with the OWDB subscribers list, and a press release was shared with City councilmembers and stakeholders. The deadline to submit proposal applications was extended from April 22, 2022 to April 29, 2022 to allow applicants more time to complete their applications.

An Independent Review Panel selected from workforce industry experts made up individuals with professional experience from local workforce development boards and other public workforce institutions was identified with no known or perceived Conflict of Interest with/against the applicants. The Review Panel participated in a mandatory orientation call to discuss its role and responsibilities for each of the RFPs. Using the scoring criteria below, reviewers can assign each proposal a score up to 100 points. Workforce Development staff did not score proposals. The evaluation criteria were based on the following categories outlined in the RFP.

| Evaluation Criteria                                       | Maximum Points |

Applicants were asked to address disparities in access to workforce and training services by providing services that are accessible to OWDB's priority populations and geographical areas (East Oakland, Central/Fruitvale, and West Oakland).

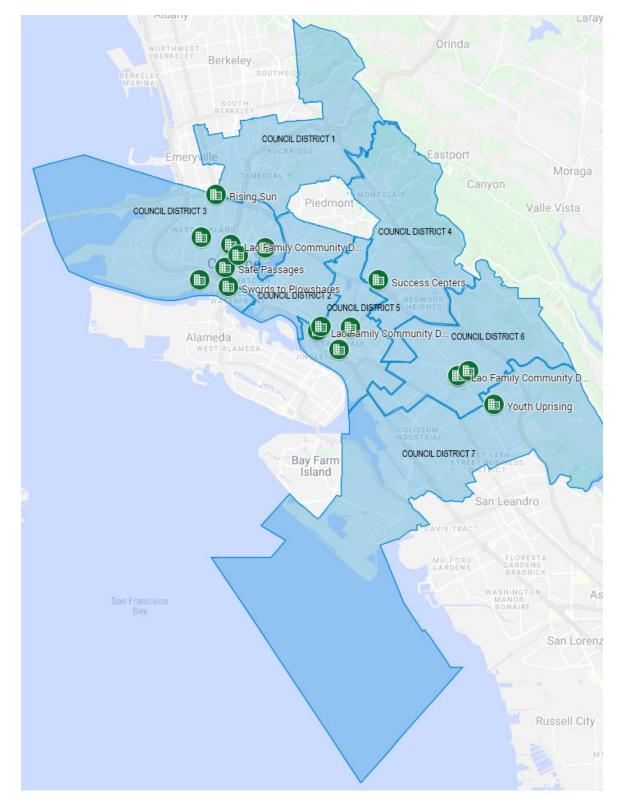

#### **Funding Recommendations**

In total, 22 applications were received from 15 Oakland based workforce service providers. Seven (7) applications were received in response to the Affiliate/Specialized subcategory, one (1) application was received for the Comprehensive subcategory, one (1) application was received in response to the One-Stop Operator category, six (6) applications were received in response to Oakland Forward subcategory and seven (7) applications were received in response to the WIOA youth subcategory. 20 of the 22 applications received, reviewed and scored have been recommended for funding. Funding recommendations are based primarily on application ranking by reviewers and funds available within each of the funding categories as identified in the RFP.

17 applicants who received a score of 75 percent or higher have been recommended. Additionally, as part of the OWDB's commitment to increase access and provide high quality programs and services to Oakland's underserved communities, staff is also recommending funding for an additional three (3) applicants who fell slightly below the threshold and received scores between 70-74. These organizations provide comprehensive strategies and robust community programs to target populations identified in the RFP. While these organization's workforce development programs are relatively new, the need to expand workforce programs in these communities are high. Support will be provided to all organizations funded to build capacity and to ensure successful program delivery.

Attachment B represents the total aggregate score from the review of the proposals as well as the services area, estimated funding availability, funds requested and recommended funding for each applicant. A description of programs and services in addition to reviewer comments are attached to this memo as *Attachment C*.

The intended outcome will support the advancement of economic stability and equitable access to Oakland's most vulnerable residents in the communities of East Oakland, Fruitvale and West Oakland, where a high number of Black and Latinx residents live, and are unemployed at higher rates than the general population by providing job seekers the skills necessary to attain the knowledge, and access the resources needed to thrive in high quality careers.

#### Applying, Accepting and Appropriating Grants

From time to time the OWDB may apply for grants. To build capacity and diversify workforce funding sources, staff recommends that the OWDB be allowed to apply for and accept these funds up to \$250,000 without returning to council. This will allow the OWDB to respond quicker to funding opportunities to support Oakland's workforce needs and is consistent with prior year's authorization granted by City Council.

Approval of this recommended action advances the **Citywide priority of housing, cultural and economic security.** 

#### FISCAL IMPACT

The OWDB proposed budget reflects a total budget of \$17,075,161 (FY 2022-23 allocations: \$13,929,454 + FY 2021-22 carryover: \$3,145,707) from federal WIOA, grant contributions from the State of California, funding support from the City of Oakland, and miscellaneous grants from private businesses and philanthropic support. The proposed budget increases support to workforce programming by 125 percent over last year.
