

CITY OF OAKLAND

DALZIEL BUILDING . 250 FRANK H. OGAWA PLAZA . SUITE 4314 . OAKLAND . CALIFORNIA . 94612
Department of Transportation, Safe Streets Division

Bicyclist and Pedestrian Advisory Commission Meeting Agenda **Thursday, October 17, 2024; 6:00-8:00 pm** **City Hall, Hearing Room 4**

BPAC Home Page: www.oaklandca.gov/boards-and-commissions/bicyclist-and-pedestrian-advisory-commission
Resources for Commissioners: <https://www.oaklandca.gov/resources/resources-for-bpac-members>

Commissioners

Priyanka Altman, Alexander Frank, Grey Gardner (Chair), Jimmy Jessup, Phoenix Mangrum,
David Ralston (Vice Chair), Patricia Schader, Nicholas Whipps, Dianne Yee

PUBLIC WEBCASTING

This is an in-person meeting. People participating in the meeting must attend in person. People may be able to observe this meeting remotely via the following options:

- To view the meeting by video, click on this link to download Zoom and open the meeting on a computer or smart phone: <https://us06web.zoom.us/j/89515425905> at the noticed meeting time.
- To listen to the meeting by phone, dial at the noticed meeting time (for higher quality, dial a number based on your current location): US: +1 669 444 9171 or +1 669 900 6833. International numbers available: <https://us06web.zoom.us/j/89515425905>. **Webinar ID: 895 1542 5905**

Remote participation including public comment via teleconferencing is not available at this time. All Commission meetings will include procedures to comply with the open meeting requirements of the City's [Sunshine Ordinance](#) and the State's [Brown Act](#).

PUBLIC PARTICIPATION

Enter City Hall at the entrance on 14th Street. After receiving a security screening, proceed forward and either to the right to the elevators, or to the stairs farthest from the 14th Street entrance, on the left. Hearing Room 4 is located on the 2nd floor of City Hall on the side of the building farthest from 14th Street. There will be a sign-in sheet and paper agenda packets for participants.

There is public bicycle parking in the [Dalziel Garage](#) and [throughout Frank H. Ogawa Plaza](#), including 12 [BikeLink](#) eLockers at [the corner of 14th Street and Broadway](#).

To request security escort services anywhere within Frank Ogawa Plaza and locations outside the Plaza within a two- to three-block radius, please visit the City Hall security station. The escort can assist visitors to the 12th Street BART Station stairway/elevator, the Dalziel Garage elevator inside 250 Frank Ogawa Plaza, the City Center West parking garage, and other public parking garages in the nearby area. Escort services are available until 11:30 pm every night and extended on nights coinciding with City Council meetings.

To access the Dalziel Garage elevators inside 250 Frank Ogawa Plaza, please visit the City Hall security station to request access to the gated wheelchair-accessible exit behind City Hall and exit through the gate across from the elevator entrance to the left of the front doors to 250 Frank Ogawa Plaza.

If you have any questions, please email Noel Pond-Danchik (NPond-Danchik@oaklandca.gov), staff liaison to the Commission.

Time	#	Topic
6:00	1	Roll Call, Determination of Quorum, Introductions, and Acknowledgement of Recent Bicyclist and Pedestrian Fatal Traffic Crashes Attachment (15 minutes) – Chair Gardner will take roll call, determine quorum, and facilitate introductions. He will lead the commission in an acknowledgement of recent fatal and other high-profile traffic crashes in Oakland involving bicyclists and pedestrians; for more information visit: https://www.oaklandca.gov/topics/traffic-fatality-tracking . At the time of this meeting agenda's publication, OakDOT has not received notification of any bicyclist- or pedestrian-involved fatal or other high-profile crashes since those published in the September BPAC meeting agenda.
6:15	2	Open Forum / Public Comment / Announcements Attachment (10 minutes) – Members of the public may comment on any issue within BPAC’s subject matter jurisdiction. Comments on a scheduled agenda item will be heard with that item. The BPAC’s Open Forum Liaisons track Open Forum issues raised by the public. (See tinyurl.com/Oakland-BPAC-OpenForumTracking .) The Liaisons review the public comments on a periodic basis to identify policy issues for discussion by the Commission. To request City services, please contact the City of Oakland Call Center; information at www.oaklandca.gov/services/oak311 .
6:25	3	Approval of Meeting Minutes Attachment (5 minutes) – Seek motion to adopt the September 2024 BPAC special meeting minutes.
6:30	4	Committee Report Backs Attachment (10 minutes) – Committees of the BPAC will provide brief updates to the Commission. A list of active committees is included in the agenda packet and at https://www.oaklandca.gov/resources/bicyclist-and-pedestrian-advisory-commission-bpac-committees-and-liaisons . <ul style="list-style-type: none"> • Infrastructure Committee: The committee met on September 5, 2024. They discussed the Regional Measure 3 (RM3) Safe Routes to Transit & Bay Trail (SR2TBT) grant applications, the Alameda County Transportation Commission (ACTC) Countywide Comprehensive Investment Plan (CIP) status of ongoing CIP projects and application review, and the Caltrans Doolittle Paving Project. Committee notes at: docs.google.com/document/d/1qqS46y3dWNExMVwU3HTwjunj-b0pwANtZix-CisiWVA/. Their next meeting is planned for Thursday, November 7, 2024, from 3:30-5:30 PM at 250 Frank Ogawa Plaza in the Broadway Conference Room, Suite 4304. More info will be available at: www.oaklandca.gov/meeting/november-2024-bicyclist-pedestrian-advisory-commission-bpac-infrastructure-committee-meeting. • Policy and Legislative Committee: The committee last met on August 12, 2024. They discussed items on 311 Service Requests and fatality/injury related bicyclist or pedestrian related crash data. They chose new committee co-chairs: Commissioner Nick Whipps and Kevin Dalley. Their next meeting is planned for Tuesday, November 12, 2024, from 5:30-7:00 PM in City Hall Hearing Room 4. They plan to discuss committee goals, the Oakland General Plan Update, a Pedestrian Plan update, and updates on previous items. More info will be available at: www.oaklandca.gov/meeting/november-2024-bicyclist-pedestrian-advisory-commission-bpac-policy-and-legislative-committee-meeting.
6:40	5	2022 5-Year Paving Plan Attachment (25 minutes) – Sarah Fine (sfine@oaklandca.gov), Paving Program Manager, will provide a status report on the adopted 2022 5-Year Paving Plan (5YP). Additional information about the 2022 5YP, including a map of streets and schedule, is available here: https://www.oaklandca.gov/projects/20225yp .
7:05	6	BusAID Grant Application for AC Transit International Blvd BRT Phase 2 Project Attachment (25 minutes) – AC Transit staff will share an update on the Quick Build: International Blvd Delineation Project (www.actransit.org/quick-builds/international-qb). They will also share an overview of their application for this project for the Metropolitan Transportation Commission (MTC) Bus Accelerated Infrastructure Delivery (BusAID) Grant and will request review of the MTC Complete Streets Checklist and a Statement of Exception from the BPAC.

7:30 7 **BPAC Commissioner Recommendations Attachment** (15 minutes) – The Recruitment Committee will report back with recommendations from its review of the nineteen applications of people seeking to be appointed to the BPAC for the 2025-2027 term. The commission strives for equity and geographic representation of Oakland’s neighborhoods. The Committee is recommending Nick Whipps (reappointment), Kirsten Flagg, Alexander Perry, and Fernando Rodriguez Perez (alternate). Commissioners are appointed by the Mayor and confirmed by City Council. A summary of the applicants and information from their applications is attached.

7:45 8 **Two-month agenda look-ahead, suggestions for meeting topics Attachment** (15 minutes)

This meeting location is wheelchair accessible. To request disability-related accommodations or to request an ASL, Cantonese, Mandarin, or Spanish interpreter, please email NPondDanchik@oaklandca.gov / PGerard@oaklandca.gov or call 711 (for Relay Service) at least five (5) working days before the meeting. Please refrain from wearing scented products to this meeting as a courtesy to attendees with chemical sensitivities.

Esta reunión es accesible para sillas de ruedas. Si desea solicitar adaptaciones relacionadas con discapacidades, o para pedir un intérprete en español, Cantones, Mandarín o de lenguaje de señas (ASL) por favor envíe un correo electrónico a NPond-Danchik@oaklandca.gov / PGerard@oaklandca.gov o llame al 711 para servicio de retransmisión (Relay Service) por lo menos cinco (5) días hábiles antes de la reunión. Se le pide de favor que no use perfumes a esta reunión como cortesía para los que tienen sensibilidad a los productos químicos. Gracias.

會場有適合輪椅出入設施。需要殘障輔助設施, 手語, 西班牙語, 粵語或國語翻譯服務, 請在會議前五個工作天電郵 NPond-Danchik@oaklandca.gov / PGerard@oaklandca.gov 或致電 711 (電話傳達服務)。請避免塗搽香氛產品, 參加者可能對化學成分敏感。請避免塗搽香氛產品, 參加者可能對化學成分敏感。

Địa điểm tổ chức cuộc họp có đường dành riêng cho xe lăn. Để yêu cầu các phương tiện hỗ trợ phục vụ người khuyết tật hoặc yêu cầu thông dịch viên ASL, tiếng Quảng Đông, tiếng Quan Thoại hoặc tiếng Tây Ban Nha, vui lòng gửi email đến địa chỉ NPond-Danchik@oaklandca.gov / PGerard@oaklandca.gov hoặc gọi đến số 711 (với Dịch vụ Tiếp âm) ít nhất năm (5) ngày làm việc trước khi cuộc họp diễn ra. Vui lòng không sử dụng các sản phẩm có mùi thơm khi tham gia cuộc họp này như một phép lịch sự đối với những người tham dự nhạy cảm đối với các chất hóa học.

Agenda Item 2. Announcements Attachment

Announcements

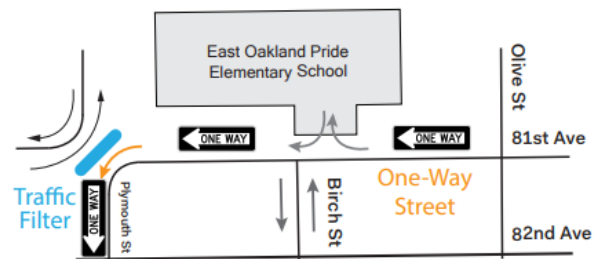

- **BPAC Agenda Sign-Up List:** To receive these BPAC agendas by email when available, or the Bike Oakland Newsletter, sign up at <https://share.hsforms.com/1P5XTjDGyS7q61uFu76CgNQch6is>
- **Telegraph Ave Kono Protected Bikeway:** There will be a ride organized by Bike East Bay from City Hall at 9:30am on Friday, October 11 to the ribbon cutting at Telegraph Ave and 27th St at 10:30am to celebrate the completion of the Telegraph KONO Complete Streets Project. For more info, see: <https://bikeeastbay.org/event/telegraph-ave-kono-protected-bikeway-ribbon-cutting-oakland>
- **Oakland General Plan Update Survey:** The City of Oakland wants to hear from you about what your neighborhood needs! How should Oakland plan for housing and jobs? What should the City focus on to make transportation, parks, and recreation even better? Take this survey and let us know your thoughts and ideas about Oakland's future: oaklandgpu.mysocialpinpoint.com/ We're looking forward to hearing from you! The survey will be open until October 31, 5pm. General Plan Update staff will also share more at the November Policy and Legislative Committee of the BPAC.
- **Vision 980 Survey:** Caltrans is conducting a survey to reimagine Interstate 980. The survey closes October 25th. It's available at: www.surveymonkey.com/r/Vision980
- **Town Hall Report Back:** Mayor Sheng Thao recently hosted a series of Town Halls. Info on the Town Halls including Q&As on different topics are available here: www.oaklandca.gov/topics/clean-safe-city-town-halls. The Q&A on Transportation is available here: www.oaklandca.gov/resources/clean-safe-city-town-halls-transportation-questions-answers
- **Calm East Oakland Streets:** The Calm East Oakland Streets project aims to create slow, calm, and inviting streets for people to walk and bike safely to neighborhood destinations. Visit the website below to learn about the Calm East Oakland Streets project and share your feedback: www.oaklandca.gov/projects/

As part of the project, from October 16 through November 6, 2024, including Halloween, OakDOT will implement a one-way traffic pattern on:

- 81st Ave from Olive St to Plymouth St
- Plymouth St from 81st Ave to 82nd Ave

The flyer is available at: cao-94612.s3.us-west-2.amazonaws.com/documents/2024-08-20_diverter-flyer.pdf

Mid-October – Halloween One-Way Traffic at Pride Elementary Tráfico de un solo sentido cerca de Pride Elementary

City of Oakland, Bicyclist & Pedestrian Advisory Commission
DRAFT Minutes from the September 19, 2024, Special Meeting
81st Ave Library, 2nd Floor Community Room, 1021 81st Ave, Oakland,
CA 94621

Meeting agenda at <https://www.oaklandca.gov/boards-commissions/bicyclist-and-pedestrian-advisory-commission/meetings>

Meeting called to order at 6:04 PM by BPAC Chair Gardner.

Item 1. Roll Call, Determination of Quorum, Introductions, and Acknowledgement of Recent Bicyclist and Pedestrian Fatal Traffic Crashes

At roll call, quorum was established with five Commissioners present (X). Commissioners Altman, Schader, and Whipps were excused (-). Commissioner Mangrum arrived part way through the meeting (x).

Commissioners	Present
Priyanka Altman	-
Alex Frank	X
Grey Gardner (Chair)	X
Jimmy Jessup	X
Phoenix Mangrum	x
David Ralston (Vice-Chair)	X
Patricia Schader	-
Nick Whipps	-
Dianne Yee	X

Introductions were made.

1. Kevin Dalley (BPAC Policy and Legislative Committee), George Spies (Traffic Violence Rapid Response), Irene Farnsworth, Midori Tabata (WOBO), Ross Parish, Jesse Olsen, Drew Martin, Tonya Love, Brian Lindseth, Gwendolyn Bikis, Bryan Culbertson, July Tenenbaum
2. Staff: Jason Patton (Oakland Department of Transportation – OakDOT), Noel Pond-Danchik (OakDOT), Yvonne Chan (OakDOT), Mica Amichai (OakDOT), Audrey Harris (OakDOT), Patrick Phelan (OakDOT), Megan Weir (OakDOT), Josh Rowan (OakDOT), Manuel Corona (OakDOT), Anthony Propernick (Oakland Public Library), RB Burnette Jr. (Oakland Public Library)

Chair Gardner led the commission in an acknowledgement of recent fatal and other high-profile traffic crashes in Oakland involving bicyclists and pedestrians; for more information visit:

<https://www.oaklandca.gov/topics/traffic-fatality-tracking>.

- At around 6:37pm on August 19th, 2024, a vehicle driver struck two pedestrians crossing the street at 72nd Ave and International Blvd. One of the pedestrians hit was a 17-year-old, Hispanic, female Oakland resident who died as a result of her injuries. The other pedestrian hit was a 46-year-old, Hispanic, female Oakland resident who was injured. The driver fled the scene but was later located.

- At around 9:33pm on August 29, 2024, a vehicle fatally struck a 70-year-old, Black pedestrian from Oakland near 98th Ave and Bancroft Ave in a hit and run crash.

Summary of Discussion:

- Traffic Violence Rapid Response is a direct-action group that brings attention to traffic violence and is looking for more information on both crashes.
- Last month, an Oakland Police Department officer crashed their car on 69th Ave.

Speakers other than Commissioners: George Spies

Item 2. Open Forum / Public Comment / Announcements

A list of announcements and attachments were included in the meeting's agenda packet. There is a liaison to Open Forum who follows up with members of the public and tracks Open Forum comments at

https://docs.google.com/spreadsheets/d/1v0nDQC83kYuR8rW_ofuDLSTOy0LdRg9otR63Yp0u5Qw/htm
l

- The City may not issue bonds including the Measure U bond which pays for paving.
- There is a window cling available at the meeting to stick in car windows to remind drivers to check for bicyclists before opening doors. These were made after a fatality involving a bicyclist being doored last year.
- There will be a demonstration project involving a diverter at the intersection of 81st Ave and Plymouth St as part of the Calm East Oakland Streets Project which will be in place from now through November.

Speakers other than Commissioners: George Spies, Patrick Phelan (OakDOT), Manuel Corona (OakDOT)

Item 3. Approval of Meeting Minutes

The draft meeting minutes from the August 2024 BPAC meeting were considered for adoption.

→ A motion to adopt the Bicyclist & Pedestrian Advisory Commission August 2024 meeting minutes was made (Mangrum), seconded (Frank), and approved unanimously by voice vote.

Adopted minutes online at www.oaklandbikes.info/BPAC

Item 4. Committee Report Backs

Everyone is encouraged to attend committee meetings. A list of existing committees was provided in the agenda packet for this meeting.

- Infrastructure Committee: The committee met on September 5, 2024. They discussed the Regional Measure 3 (RM3) Safe Routes to Transit & Bay Trail (SR2TBT) grant applications and the Alameda County Transportation Commission (ACTC) Countywide Comprehensive Investment Plan (CIP) status of ongoing CIP projects and application review which were also presented at this full BPAC meeting. They also discussed the Caltrans Doolittle Dr Paving Project. More info available at: www.oaklandca.gov/meeting/september-2024-bicyclist-pedestrian-advisory-commission-bpac-infrastructure-committee-meeting Their next meeting is

planned for November 7, 2024, from 3:30-5:30. Committee notes at:

<https://docs.google.com/document/d/1qqS46y3dWNeAxMVwU3HTwjunj-b0pwANtZix-CisiWVA/>

- Policy and Legislative Committee: The committee last met on August 12, 2024. They discussed items on 311 Service Requests and fatality/injury related bicyclist or pedestrian crash data. They chose new committee co-chairs: Commissioner Nick Whipps and Kevin Dalley. The next meeting will be Tuesday, November 12th from 5:30-7:00 in City Hall.
- Ad Hoc 2024 Recruitment Committee: The BPAC is seeking applications from people seeking to become a commissioner for three-year terms beginning in January 2025. Applications have closed, the committee has received the packet for review, and the committee will bring a recommendation for the Mayor's Office for review by the Commission at the October BPAC Meeting.

Speakers other than Commissioners: Jason Patton, Kevin Dalley

Item 5. Safe Oakland Streets Annual Update

OakDOT Safe Oakland Streets Coordinator (SOS) Mica Amichai (mamichai@oaklandca.gov) presented information from the 2023 annual Safe Oakland Streets update (<https://oakland.legistar.com/LegislationDetail.aspx?ID=6771140&GUID=B5E827EC-A572-48ED-AE82-DF536F565A9C&Options>). More info at: <https://www.oaklandca.gov/topics/safe-oakland-streets>

A copy of the presentation was included in the agenda packet.

Summary of Discussion:

- More projects should be implemented on the High Injury Network (HIN).
- There should be near-term safety improvements at every intersection on the HIN.
- In addition to the HIN, some projects are prioritized at schools, and some projects are City Council discretionary funds projects.
- The lower number of projects on the HIN and in high priority equity communities may be because many projects have already been implemented there.
- The Paving Plan delivers low-cost treatments like daylighting, curb ramps, and crosswalk marking, but paving projects are not included in the list of projects.
- There is an incredibly constrained citywide budget this year. Budget planning is beginning as early as December.
- More 311 requests should be responded to for new infrastructure and the community-initiated traffic calming pilot should be expanded.
- More evaluation should be done on the biggest projects and programs.
- A post-evaluation of the quick-build on International Blvd is being done.
- Evaluation will be done for the automated speed enforcement program.
- It is difficult to measure crashes before and after since crash data has a long timeline.
- It would be helpful to hear feedback on weighing the priority of doing evaluation versus new projects.
- The West St Evaluation Study and other evaluations should be brought to the BPAC.
- Funding for evaluations should be included in the project budget at the outset.
- More project elements should be added if an evaluation shows speeds did not go down.
- Evaluation is underappreciated.

- Instead of using crash data for evaluation, conditions like the number of left turns as well as speed and traffic volume data can be used.
- Speeding is only considered a primary crash factor in crash reports at 11 miles per hour over the speed limit even though going 40-mph in a 30-mph speed limit area is very dangerous.
- Speeding as a primary factor of crashes is underrepresented since speeding is one of multiple factors in most fatalities.
- OPD, CHP, Alameda County Sheriffs, and BART Police drive unsafely and should instead model safe driving.
- OPD has been working with OakDOT on improved fatality reporting.
- Speed limits should be lowered further, but speed limit lowering is limited by state law.
- Implementation of speed limit lowering in Business Activity Districts to 20 MPH is currently underway.
- Assembly Bill 43 which enables speed limit lowering may legislate the allowing of speed limit lowering on additional streets on the HIN in the future.
- The City installs speed bumps on more than 50 streets every year.
- The resident petition needed in the resident application for installing speed bumps is an unnecessary barrier.
- Crash data comes from the state and does not include data on whether or not drivers are in bus or bike lanes, but this data should be explored.
- There should be more enforcement of people driving in bus lanes.
- Speed tables should be evaluated versus speed humps. The speed tables on 81st are easier to ride over on a bike but harder to speed over and pedestrians use them to cross the street.
- Speed bumps may be more effective because they are more abrupt than speed tables. Speed cushions are considered the second most effective.
- There are many speed tables in Emeryville which are very effective.
- Other traffic calming features should be able to be requested in addition to speed bumps.
- Members of the public can request traffic safety measures at <https://www.oaklandca.gov/services/oak311>. It is most helpful to provide the location and the traffic safety issue rather than recommending a specific treatment. This better helps the engineers reviewing the requests to make evaluations.

Speakers other than Commissioners: Megan Weir (OakDOT), George Spies, Jason Patton (OakDOT), Ross Parish, Tonya Love, RB Burnette Jr., Jesse Olsen, July Tenenbaum

Item 6. Upcoming Grant Applications

OakDOT staff Audrey Harris, Senior Transportation Planner, and Yvonne Chan, Acting Funding Strategy Lead, provided a high-level overview of two grant programs and project proposals. The projects were reviewed at the September 5th Infrastructure Committee meeting. Comments will be collected on the MTC Complete Streets Checklists, a required component of the SR2TBT applications.

- Metropolitan Transportation Commission (MTC) Regional Measure 3 (RM3) Safe Routes to Transit & Bay Trail (SR2TBT) Grant: OakDOT staff shared an overview of the new MTC RM3 SR2TBT grant program and project proposals for the October 14, 2024, application deadline. OakDOT will be submitting the 8th Street Corridor Improvements Project (<https://www.oaklandca.gov/projects/8th-corridor-improvements>), 5th Ave Project, and 85th Ave Project and MTC will be submitting the West Oakland Link Project

(<https://mtc.ca.gov/planning/transportation/bicycle-pedestrian-micromobility/west-oakland-link>). BPAC reviewed the MTC Complete Streets Checklists for the City of Oakland projects on 5th Ave, 8th St, and 85th Ave and for MTC's West Oakland Link project.

- Alameda County Transportation Commission (ACTC) Countywide Comprehensive Investment Plan (CIP) Grant: OakDOT staff provided a status update on funded projects through the ACTC CIP. The upcoming ACTC application round will also include a new funding category, called the Three Major Trails program, specifically for projects connecting to the Bay Trail, East Bay Greenway, or Iron Horse Trail. OakDOT staff shared upcoming project proposals for the October 31, 2024, application deadline.

Updated presentations are provided as attachments to these minutes.

Summary of Discussion:

- The BPAC Infrastructure Committee recommended supporting the projects proposed for the two funding sources. ~~these projects during their meeting.~~
- The MTC West Oakland Link project is also under review for the MTC complete streets checklist.
- The 5th Ave Project should continue further up past E 10th St to E 12th St or E 18th St.
- One vehicle lane is recommended to be removed as part of the 8th St Project.
- The current bikeway gap is not recommended to be filled on 8th St in the business district due to local community feedback.
- Network analysis will be done as part of the Chinatown set of projects.
- Business districts improve greatly with bicycle access and that access should be made available for bicyclists on 8th St.
- OakDOT is considering creating spaces for bicyclists to park nearby to access the 8th St commercial area.
- ~~OakDOT should advance Bay Trail gap closures. The ACTC funding should be used to close Bay Trail gaps.~~
- Community groups will be doing an intensive tree planting on 85th Ave near Railroad Ave this October. This effort could be a connection with the proposed 85th Ave proposed project.
- The 8th St project will study a reduction in the number of lanes from four to two and four to three.
- There should be additional enforcement of vehicles parking in bike lanes on 8th St.
- The additional space for pedestrians as part of the 8th St project is great.
- The 85th Ave project should be prioritized.
- Paint and bollard bulb-outs are being proposed at the intersection of Washington St and Harrison St.

→ A motion **write a letter of support for the projects** was made (Gardner), seconded (Schader), and approved unanimously by voice vote.

Speakers other than Commissioners: Jason Patton (OakDOT), Manuel Corona (OakDOT), Bryan Culbertson, July Tenenbaum, George Spies

Item 7. Near-Term Improvements to Connect East Oakland to the Waterfront

OakDOT Bicyclist and Pedestrian Program staff Patrick Phelan (PPhelan@oaklandca.gov) & Jason Patton (jpatton@oaklandca.gov) shared about a community-submitted Capital Improvement Project

to create a safe biking and walking route through the Sobrante Park and Brookfield Village neighborhoods. They explained how elements of the project idea will be implemented through paving and wayfinding projects and expanded to reach the waterfront and the wider bikeway network.

Summary of Discussion:

- Part of the San Leandro Creek Greenway Project from Columbia Garden Park to Hegenberger Dr. is going into construction this month.
- Tom Holub of the Scraper Bike Team is credited with the original Capital Improvement Program application for this project.
- It is difficult to pass the train tracks.
- Past the train tracks, there is an empty creek bed near Planting Justice that is already being used informally to bike on.
- There are teams working to bring on a contractor for to design the 66th Ave Project (<https://cao-94612.s3.us-west-2.amazonaws.com/documents/BART-to-Bay-Trail-presentation.pdf>), but there are many right of way difficulties with Caltrans including freeway access as well as the railroad.
- Caltrans has best practices on designing freeway entrances while accommodating bicyclists and pedestrians.
- Access through the Coliseum parking lot should be reinstated to provide ADA and bicyclist access, however, the City has lost rights to the property since it was sold.
- BART is applying for RM3 funding for a project at the Coliseum BART station.
- Bicyclist wayfinding signage should be lowered on the pole and as big as possible.
- Bicyclist wayfinding signage is 24 inches wide, which is relatively wide. The bikeway signage and pavement markings for this project should be brought to Infrastructure Committee for additional review.
- The first paving project has already been completed and looks great.
- Lighting approaching the overcrossing should be improved.
- There will be signage improvements but no additional lighting or other improvements for the overcrossing itself. Electrical work was excluded from the scope of this project. This project is planned to be implemented through existing programs and coordinated with paving. The goal of this method is to create a usable bikeway as soon as possible and look for opportunities for additional improvements in the future.
- The overpass should be kept clean.

Speakers other than Commissioners: RB Burnette Jr., George Spies, Ross Parish, Anthony Propernick

→ A motion **extend the meeting by 15 minutes** was made (Gardner), seconded (Frank), and approved unanimously by voice vote.

Item 8. Three-month agenda look-ahead, suggestions for meeting topics

The three-month look-ahead was included in the meeting's agenda packet.

Suggestions for Meeting Topics

- West St Evaluation
- Budget and Policy Priorities

Announcements

- ~~Bond issuing for 2025 and 2026 Bond has been stopped despite the passing of Measure U which pays for our Paving Plan Implementation. There is currently a lot of uncertainty. (OakDOT Director Rowan)~~
- Commissioner Frank has decided not to reapply for another term. He would like to be able to spend more time in Deep East Oakland to support his work on the commission, and not having the time to do that, he's stepping down. (Commissioner Frank)
- Tomorrow is World Gratitude Day. Thank the OakDOT staff that attended the meeting, (OakDOT Director Rowan)
- The meeting had a great turn out.
- Thank you to the 81st Ave Library for the use of the space for the meeting.

Meeting adjourned at 8:16 PM.

Attachments:

- Item 6. Highway Safety Improvement Program (HSIP) Grant Cycle 12 OakDOT Applications Updated Presentation

Minutes recorded by Noel Pond-Danchik, Bicycle & Pedestrian Program Transportation Planner, emailed to meeting attendees for review on September 25, 2024, with comments requested by October 7, 2024, to npond-danchik@oaklandca.gov. Revised minutes will be attached to the October 2024 meeting agenda and considered for adoption at that meeting.

Agenda Item 4. Committee Report Backs Attachment

For more information on the BPAC's Committees and Liaisons see

<https://www.oaklandca.gov/resources/bicyclist-and-pedestrian-advisory-commission-bpac-committees-and-liaisons>

2024 Active BPAC Committees and Liaisons

Committee Name / Liaison Role	Date Created	Purpose	Commissioners	Community Members	Meeting Time	Agendas, Notes, and Minutes
Infrastructure Committee	2/16/17	Review and comment on the design of projects	Altman, Gardner, Schader, Yee	Robert Prinz	The first Thursday of every other month from 3:30 PM to 5:30 PM	Oakland BPAC infrastructure committee notes
Policy and Legislative Committee	6/21/18	Research and develop policy recommendations for consideration by the BPAC	Frank, Ralston, Whipps	Kevin Dalley	The second Monday in February, May, August, and November from 5:30 PM to 7:00 PM	
Ad Hoc 2024 Recruitment Committee	7/18/24	Outreach and recruitment for new BPAC commissioners beginning January 2025. This Committee is ad-hoc and will be disbanded once recruitment activities are complete.	Altman, Mangrum, Schader			
Liaison to Affordable Housing & Infrastructure Bond Public Oversight Committee	5/17/18	Monitor Committee activities and report back to the BPAC	[vacant]			
Liaison to Mayor's Commission on Persons with Disabilities	5/17/18	Monitor MCPD activities and report back to the BPAC	Schader			
Liaison to BPAC Open Forum	6/15/23	Review and analyze comments received during Open Forum	Jessup, Schader			BPAC Open Forum Tracking Form
Liaison to Oakland Planning Commission	6/15/23	be a resource to the Planning Commission and provide input on bicycle and pedestrian elements of proposed projects	Whipps			
Liaison to Oakland Police Department	6/15/23	TBD	Frank, Mangrum			
Ad Hoc Committee on Fire Code Amendments	7/20/23	Review the updates to Appendix D of the City of Oakland's Fire Code that are currently in discussion. This Committee is ad-hoc and will be disbanded once updates to the Oakland Fire Code are complete.	Frank, Gardner	Kevin Dalley

Progress Report

- What's been paved since July 2023
- FY25 impacted by budget cut

5YP Priorities

Local Streets

Prioritized by **planning areas, equity index, street condition, and park proximity**

Major Streets

Prioritized by **street condition and traffic safety history**

\$225M

\$75M

Plan Funding

Takeaway:

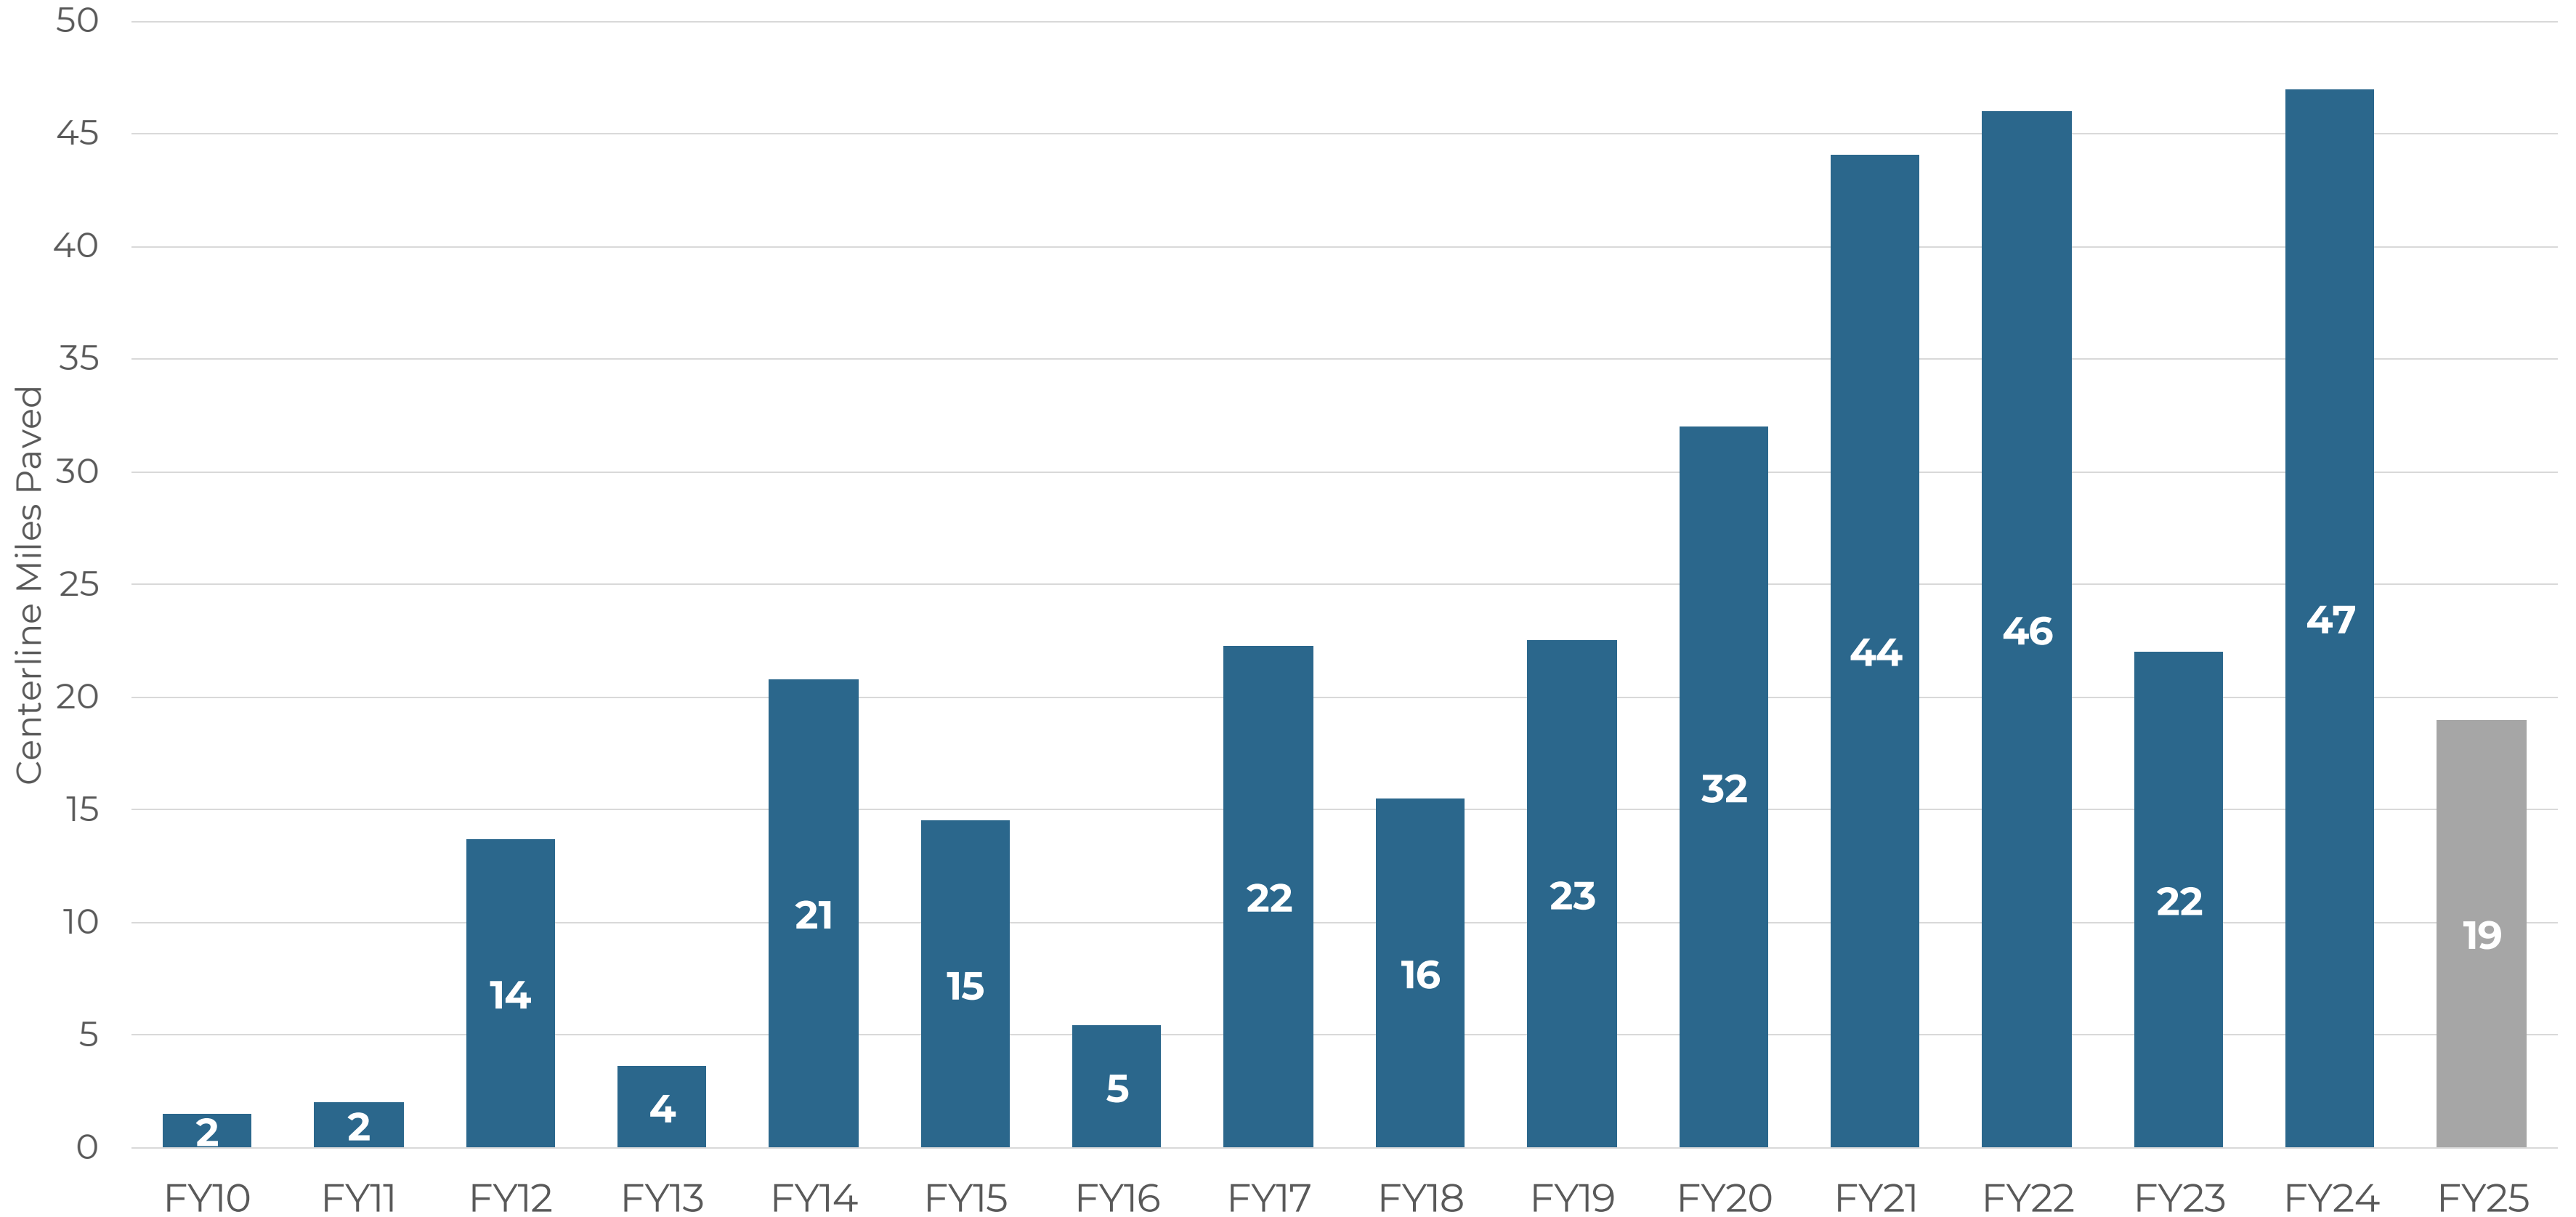

- Mid-cycle adjusted Paving CIP from \$51M to \$6.75M
- No projects to begin after Fall 2024

Past & Projected Mileage

Takeaway:

- No new projects, no new mileage

FY24 – Best Year Yet

	3YP Annual Average	FY23 Total	FY24 Total
Improved Curb Ramps	425	102	1058
High Visibility Crosswalks	969	348	883
Sidewalk Repair (Sq Ft)	45,000	21,977	106,944
Miles Paved	40.9	22.3	47.0

Typical Issues Have Been Resolved

- **Vacancies**

- Design team is 100% staffed
- In-house construction has filled most vacancies

- **Contract/Contractor Availability**

- Multiple open contracts ready for construction
- New contracts for 2024-2025 season are awaiting advertisement
- Still residual delays for new contract processing
- Consultant and contractor availability under L/SLBE requirements

- **In-house construction**

- New asphalt supply contract awarded
- Loss of one local concrete supplier
- New machine being procured

CITY OF OAKLAND

MTC BusAID: International Blvd Phase 2

Thursday, October 17, 2024

Oakland Bicycle & Pedestrian Advisory Committee

Presentation Overview

1. Update on Quick Build:
International Blvd.
2. MTC Bus Accelerated
Infrastructure Delivery Program
(BusAID)
3. MTC Complete Streets Checklist
 1. Statement of Exception

Update on Quick Build: International Blvd.

Background: Tempo Bus Rapid Transit Project

Existing curb-to-curb safety features on International Blvd:

- Closely spaced stations to reduce walking distance
- 8.5 miles of pedestrian lighting
- 450 high visibility crosswalks
- 515 pedestrian access ramps
- 8 miles of bike lanes
- Median refuge and curb bulbouts for pedestrian refuge
- 35 new traffic and pedestrian signalized crossings
- Bus Only lane and specialized traffic signals

Safety is a priority for AC Transit

Quick Build: International Blvd Project

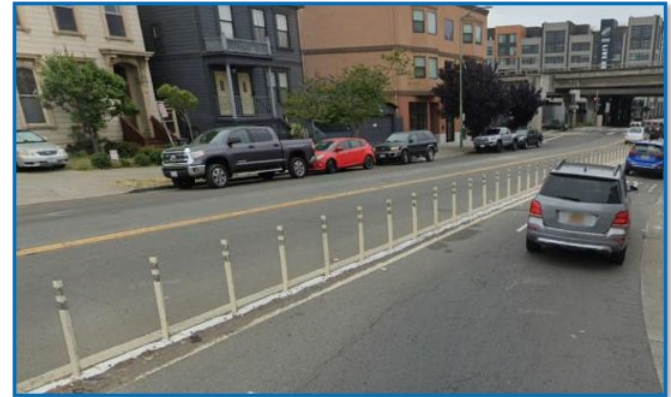

Purpose and Development

Original AC Transit Quick Build Project

- Project was established to implement treatments that discourage improper and unauthorized use of bus only lane
- Identify 8 candidate blocks between 14th Avenue and 42nd Avenue for evaluation and implementing treatments
- \$400,000 design and construction budget

OakDOT Partnership to Expand

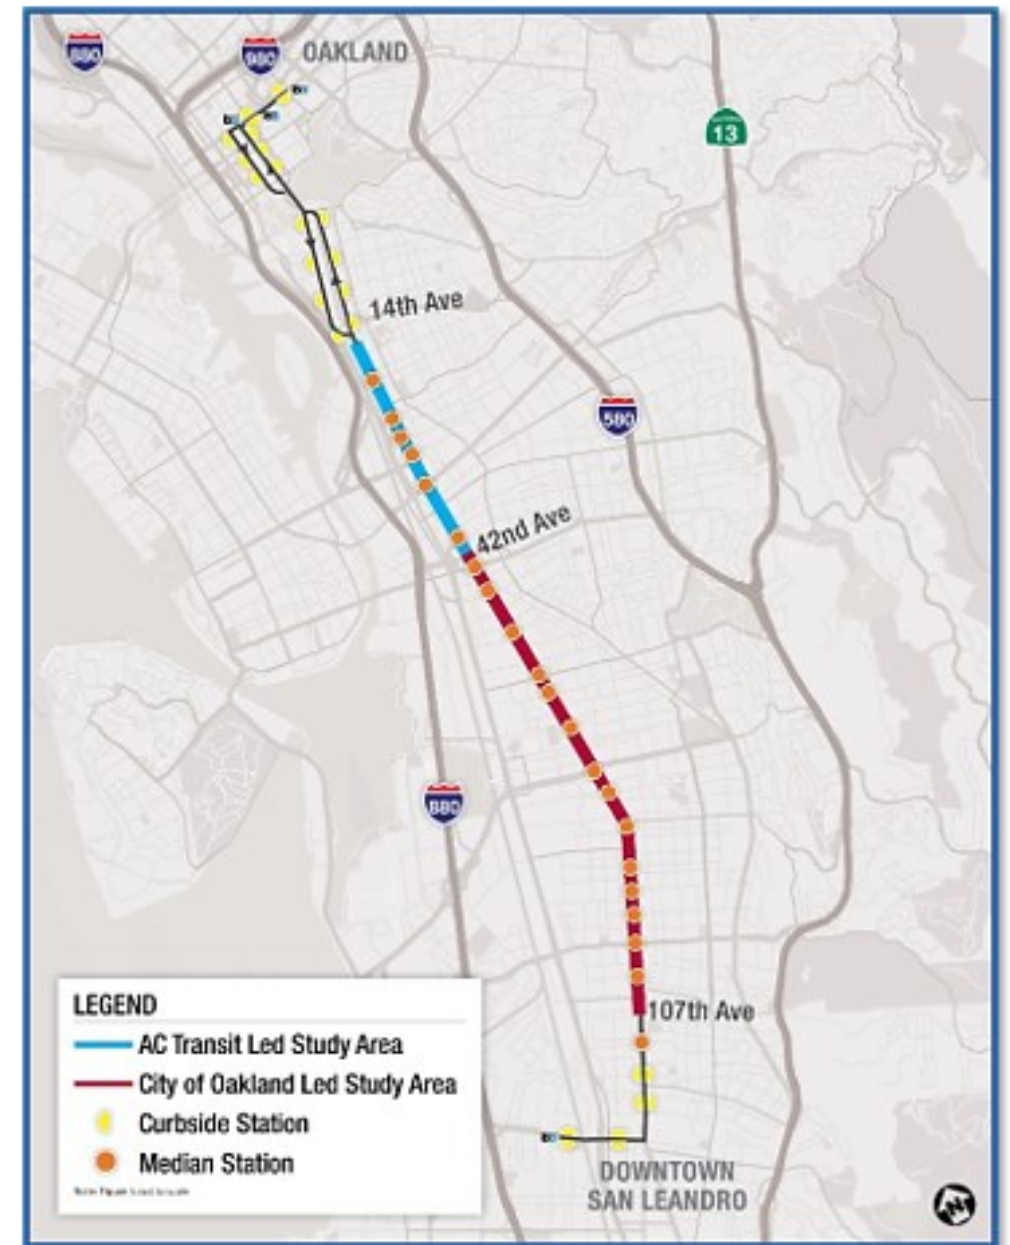

- International Boulevard is a high injury corridor where severe and fatal crashes have persisted
- The City is contributing \$1.7 million to expand the project in high priority equity areas

Quick Build: International Blvd

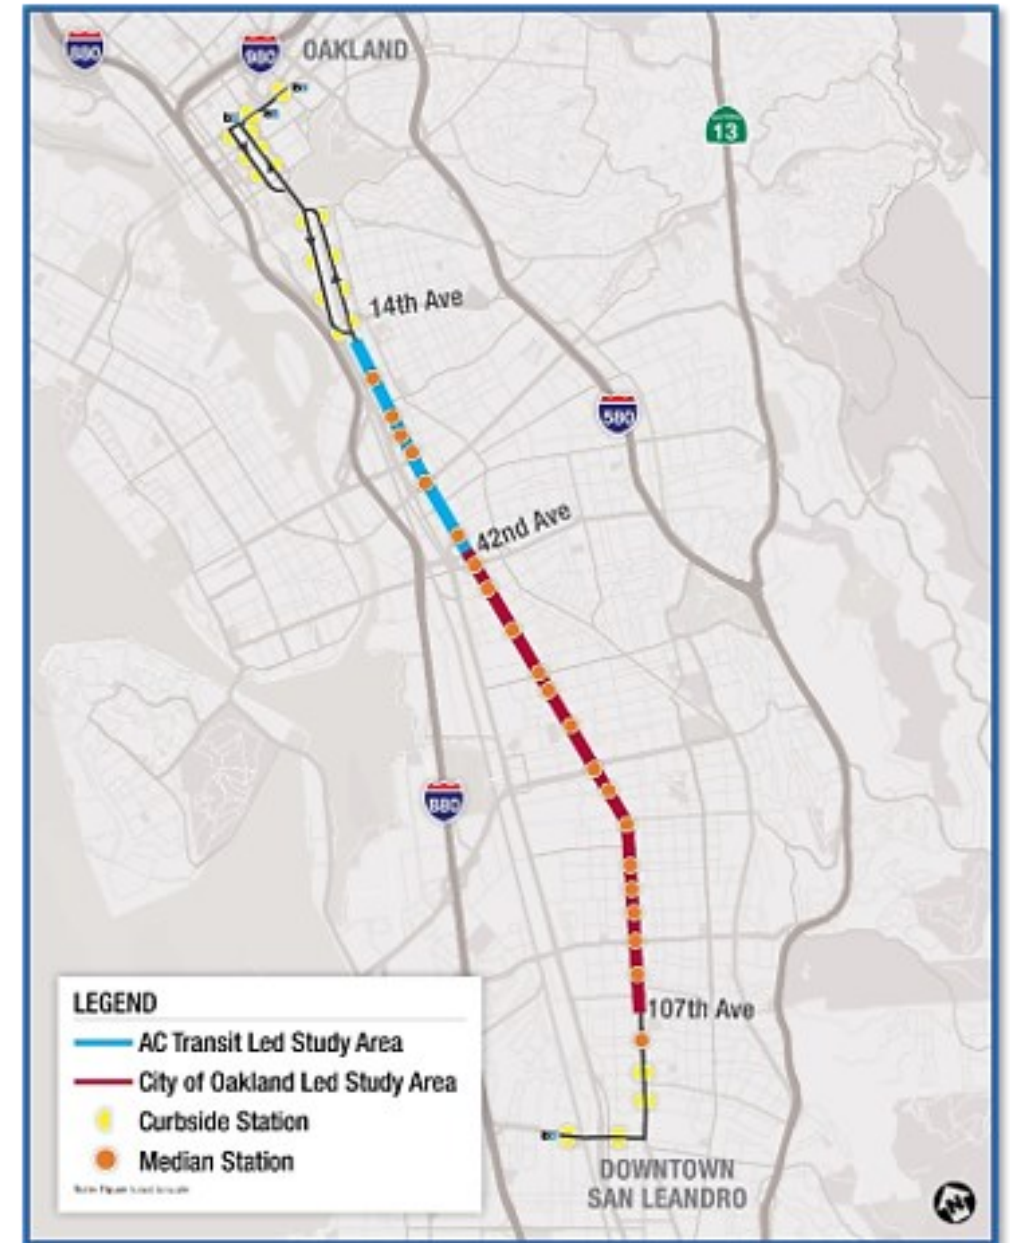

AC Transit Study Area & Treatment Summary

AC Transit Original Study Area	Segment			New to Corridor or Augment Existing
	15 th - 17 th Ave	21 st - 23 rd Ave	29 th - 42 nd Ave	
Pavement Markings	X	X	X	Augment Existing
Signage	X	X	X	Augment Existing
Centerline Vertical Channelizers	X	X	X	New
Lane Line Vertical Channelizers	X	X	X	New
Red Paint	X			New

Quick Build: International Blvd Oakland Study Area & Treatment Summary

OakDOT Expansion Study Area	Segment			New to Corridor or Augment Existing
	42 nd – 55 th Ave	Seminary – 66 th Ave	72 nd – 107 th Ave	
Pavement Markings	X	X	X	Augment Existing
Signage	X	X	X	Augment Existing
Centerline Vertical Channelizers	X	X	X	New
Lane Line Vertical Channelizers	X	X	X	New
Red Paint	X			New

Quick Build: International Blvd Enforcement Summary

- **Oakland Police Department Enforcement**
 - Focused traffic stops on International Boulevard
- **California Highway Patrol Enforcement**
 - On Oakland's High Injury Network
- **AB-645: Vehicles - Speed Safety System Pilot Program**
- **AB-917: Automated Bus Stop Citations**
 - AC Transit began issuing automated camera citations beginning October 7, 2024 for illegally parked or stopped vehicles at bus stops and bus only lanes on all bus lines throughout our service area. The \$110 citations will be mailed to the vehicle's registered owner.

Quick Build: International Blvd Schedule

- Construction – Completed Summer 2024
- Community Outreach – Ongoing
- Final Evaluation Report – Spring 2025
- For Construction comments:
 - quickbuild@vsceinc.com, 800-429-9940

Bus Accelerated Infrastructure Delivery Program (BusAID)

Quick Build: International Blvd. Phase 2 with BusAID

- International Blvd between 14th St and 107th St
- “Fill in the gaps” following the evaluation of the Quick Build: International Blvd Project
 - Red transit lane paint striping
 - Channelizers – type dependent on post-evaluation of preliminary engineering study
- Prioritize high-injury corridor locations in Oakland with opportunity to continue partnership with OakDOT for expanded rollout

MTC BusAID Program Overview

- Bus “Accelerated Infrastructure Delivery” Program
- Emphasizes near-term (quick-build) solutions at problem “hotspot” locations identified by transit operators.
- Goal: Reduce transit travel times and improve transit reliability
- **International Blvd is one of eight projects selected by MTC**
 - Complete Streets Checklist is required to receive funding

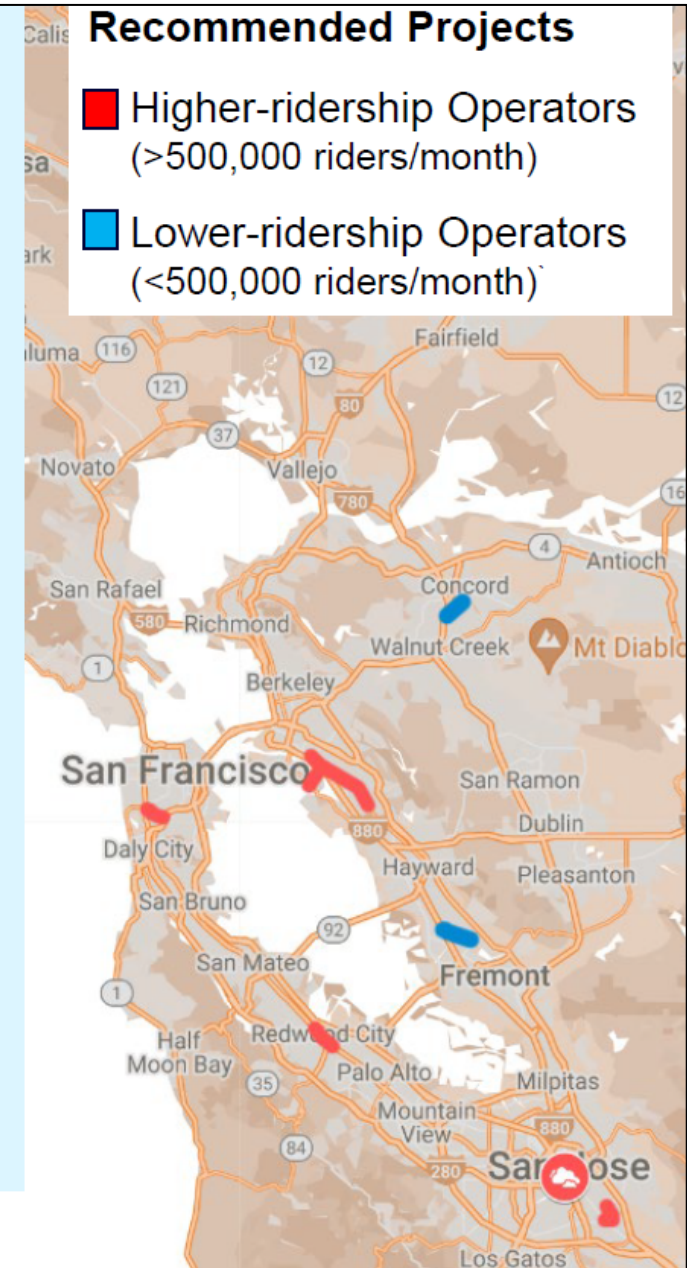

Draft Funding Recommendations

8 projects submitted by 6 operators

Project Sponsor	Project Title	Proposed Funding
AC Transit	Park St Transit Signal Priority & Signal Optimization	\$1.1M
AC Transit	International Blvd Transit Lane Delineation	\$3.9M
City of Concord ¹	Monument Corridor Transit Speed Improvements	\$0.4M
SamTrans	El Camino Real Bus Boarding Islands & Bus Stop Balancing in Redwood City	\$1.4M
SFMTA	K-Ingleside Rapid Project Ocean Ave Quick Build	\$5.0M
Union City Transit	Alvarado-Niles Rd Part-Time Transit Lane Pilot	\$1.5M
City of San Jose ²	Vision Zero East San Jose Safety Corridor Project for Senter Rd (<i>bus boarding islands</i>)	\$4.0M
City of San Jose ²	Cloud-Based Transit Signal Priority at 174 Intersections along VTA's Frequent Network	\$1.0M
TOTAL		\$18.3M

¹ Project identified by County Connection but being implemented by the City of Concord.

² Project identified by VTA but being implemented by the City of San Jose.

RE: MTC Complete Streets Checklist – Statement of Exception for the BusAID International Blvd Project

Dear MTC Staff,

The proposed project, AC Transit's BusAID International Blvd Transit Delineation Project, meets one of the four possible conditions which allows project exception under the Metropolitan Transportation Commission's Complete Streets Checklist. The condition met for exception is "a documented Alternative Plan to implement Complete Streets and/or on a nearby parallel route." The proposed project area along International Boulevard between 14th and 107th Avenue is included in the 2019 City of Oakland Bike Plan. The City of Oakland's Bike Plan demonstrates existing bikeways parallel to International Boulevard along E. 12th Street from 1st to 40th Avenue and along International Boulevard from 54th to 84th Avenue, with additional proposed bikeways on E. 12th Street between 14th and 54th Avenue. These active transportation plans and projects are also included in MTC's Regional Active Transportation Map and indicates the project area within the buffer zones.

Thank you for your consideration.

Regards,

Robert del Rosario
Director of Service Development & Planning
AC Transit

Project Description (2000 character limit). You may also attach additional project documents, cross sections, plan views or other supporting materials. The International Boulevard Transit-Lane Delineation Project ("Project") will improve the Tempo BRT's service by deterring motorists from crossing into the Tempo bus-only lane. By reducing potential incidents, these safety measures could reduce traffic congestion and travel times for riders. Many of Tempo's riders are from Communities of Concern and they rely heavily on this service for their daily commutes. Through treatments such as red-colored bus lanes that improve visibility and encourage better compliance among motorists, Tempo 1T has the potential to reduce travel time by 37 seconds.

This project will implement treatments that improve operations and safety along Tempo's bus-only lane, such as red-colored bus lanes, which have shown to enhance transit performance by improving motorist compliance, and delineators. By installing delineators and red-colored bus lanes along International Boulevard, the Project team aims to emphasize its purpose as a transit-only lane and improve both motorist compliance and transit performance. The limits for this project will be exclusively within the right-of-way of the City of Oakland (i.e., International Boulevard from 14th Avenue to 107th Avenue).

Please choose the project phase(s).

Do you think your project qualifies for a Statement of Exception?

Yes

Compliance and Exemption

Please check below if Yes. If no, complete the Statement of Exception. If Yes, this Checklist is complete and the rest of the form can be skipped. If No, please fill out the Statement of Exception section.

No

Has a local (city or county) Bicycle and Pedestrian Advisory Commission (BPAC) reviewed this Checklist? The CS Checklist will begin review once the BPAC meeting notes are included in this form.

The Checklist is being submitted to send to the BPAC for review.

1. The affected roadway is legally prohibited for use by bicyclists and/or pedestrians. Yes/No?

No

2. The costs of providing Complete Streets improvements are excessively disproportionate to the need or probable use (defined as more than 20 percent for Complete Streets elements of the total project cost). Yes/No?

No

3. There is a documented Alternative Plan to implement Complete Streets and/or on a nearby parallel route. Yes/No?

Yes

If Yes, describe alternative Plan/Project

2019 Oakland Bike Plan

4. Conditions exist in which policy requirements may not be able to be met, such as fire and safety specifications, spatial conflicts on the roadway with transit or environmental concerns, defined as abutting conservation land or severe topological constraints. Yes/No?

No

Bicyclist & Pedestrian Advisory Commission: Submitted

Interests & Experiences

Please tell us how your qualifications and participation will relate to the requested board and/or commission's mission.

I have a history of Bicycle Advocacy dating back to 2007 and currently serve on the board and as a volunteer for my local bike co-op, Spokeland. In addition to my advocacy experience, I also have many years of corporate work experience, and am very familiar with the practicalities of managing policy and infrastructure projects. I am also recently disabled after a stroke, and have been using a mobility bike I built as my primary means of transportation. This recent experience has definitely inspired me to become very interested in become more active in advocating for safer, more accessible bike infrastructure in my community.

Alexander C. Perry

Project Manager and Business Analyst specializing in bridging Technical and Operational teams. Extensive experience in Curriculum Development, Software Implementation and Documentation/Analytics Design.

EDUCATION

University of Alabama – New College
B.A., Interdisciplinary Studies

University of Alabama in Huntsville (UAH) – College of Arts
M.A., English (Technical Communication focus)
Post-Baccalaureate, Technical Communication Certificate

SELECTED EXPERIENCE

Senior Business Analyst – Product Management | Avaneer Health, Remote (April 2022 - December 2023)

- Owned Product design and delivery planning and communications.
 - Led planning and working sessions with development teams.
 - Responsible for creating planning and project documentation and communication to leadership teams both internally and to external clients.
- Designed product features.
 - Owned end-to-end planning from design through development iterations to deployment
 - Created plans and documents to support cross-team development and implementation efforts.
 - Named as Inventor on patent filings for the company's primary product.
- Trained and served as SME for development team members on industry standards and practices.

Business Analyst – Technology Solutions and Training | Community Health Systems, Nashville, TN (October 2015 - April 2022)

Led Project Teams and developed Training Programs and Documentation for healthcare enterprise projects.

- Project Manager for Enterprise Policy and Procedure team of executive leaders across 5+ offices nationwide.
 - Developed and implemented Policy Change Management Processes.
 - Led associated projects to create and deploy timely policies to ~2,000 employees.
 - Assembled and led multiple cross-functional project teams across internal departments and external vendors and contractors.
- Managed and executed Software Implementation projects:
 - Led operational implementation of cash posting system handling ~\$1.5 billion quarterly and documentation system handling ~1 million documents quarterly.
 - Process enhancements as a result of deployment led to an estimated 65% productivity increase.
 - Tested and validated solutions; led associated teams across multiple offices. Developed validation reporting that identified and led to resolution of an error responsible for ~\$40 million of misplaced funds.
- Designed lesson plans and led training sessions for enterprise deployments:
 - Developed curriculum and materials used by ~800 employees across enterprise.
 - Trained leaders and trainers across the organization on new software deployments.
 - Created lesson plans and reference materials used in the capacity building process.

- Worked extensively with vendors from RFP through implementation and training processes.

EDI Analyst – EDI Billing | Parallon, Nashville, TN (August 2014 - October 2015)

Served as Project Specialist and Training SME within an operational team.

- Designed, implemented and documented automation of EDI Transmission Reconciliation process. Automation replaced efforts of an FTE.
- Worked under CBO Director and Manager on Special Projects related to Process Improvement. Developed departmental style guide and documentation standards.
- Identified departmental training needs; co-developed training resources and served as an operational SME.

SKILLS

Highly proficient in Project Planning and Management,, Process Improvement, and Documentation/Analytics Development.

- Project Management:
 - Extensive experience leading teams spanning departments, offices and operational groups.
 - Served as Project Manager for the executive leadership committee responsible for enterprise Policies and Procedures.
- Training and Curriculum Development:
 - Designed training and lesson plans for large-scale software deployments.
 - Led training sessions and created training materials, job aids, and reference guides.
 - Created and delivered Train the Trainer curriculum and workshops to multiple offices across the country.
- Verbal and Written Communications:
 - Formally trained in technical writing, including documentation system design, change management process development, and marketing composition.
 - Experience creating Project and Product management Documentation and communications.
 - Developed Software Training and Policy documentation.
- Software and Technical Experience:
 - Able to quickly learn new software and computer skills.
 - Expert level Excel skills. Highly proficient with Microsoft Office Suite, Google Suite (Sheets, Docs, Slides) and Adobe Technical Communication Suite (RoboHelp, FrameMaker, Photoshop, Captivate).
 - Working knowledge of SQL, C#, C++ and JavaScript. Certified Scrum Developer.
- Experience within Healthcare Operations and Revenue Cycle Management.

Which Boards would you like to apply for?

Bicyclist & Pedestrian Advisory Commission: Submitted

Interests & Experiences

Please tell us how your qualifications and participation will relate to the requested board and/or commission's mission.

As a car-free Oakland citizen and frequent cyclist and pedestrian, my experience and passion for bicycle and pedestrian projects, coupled with a deep experience of federal and local infrastructure programs and the obstacles they face, make me a well-qualified candidate for this Commission. Access to bicycle and pedestrian-friendly neighborhoods and facilities is crucial for citizens to thrive in an urban environment. People are healthier and happier when they can be outside on a walk, free from danger and in a pleasant environment. My partner and I live in Adams Point, specifically because residing in this neighborhood allows us the freedom to live without a car, bike and BART to work, and walk to Lake Merritt or numerous restaurants. I admire Oakland's efforts to make more neighborhoods safe for walking and biking and want to spend time and energy helping these efforts succeed. It is extremely crucial that roads are safe for all people, whether they drive, walk, bike, bus, etc.; are children, elderly, or differently abled; or are on their commute, going to see friends, or catching fresh air. It is an important duty of government is to build and maintain infrastructure, especially for vulnerable citizens like cyclists and pedestrians who encounter quickly moving cars as soon as they leave their homes. Hence, I feel a sense of joy and excitement when bike lanes on Telegraph or enlarged crosswalks at 27th and Harrison are finished, and my commute is improved. I am so invested in projects like these that part of my daily news ritual is to see what active transportation or transit grants have been awarded to Oakland-area projects, like the East Bay Greenway or the Oakland Alameda Water Shuttle. Simply put, I care deeply about the construction and maintenance of systems and structures for cyclists and pedestrians. Throughout adulthood, I have always had a keen awareness and passion for all types of infrastructure. At my City of South Bend, IN internship, I learned about intersections becoming safer and more efficient with new roundabouts. At my BART externship, I witnessed successful efforts to turn BART's parcels into transit-oriented development that disincentivizes car use and encourages more people to walk and bike in dense neighborhoods. Now at the Corps of Engineers, I advise on many types of public works projects that help people and the environment thrive, e.g. flood risk management projects to protect underserved communities or restoration of wetlands and levees that create benefits for endangered species and improve shore resiliency to sea level rise. Though infrastructure is crucial for the functioning of modern society, it often can be extremely difficult to execute these projects. Being an attorney at the Corps, I have learned that there are a number of issues that can kill a project: rising costs of labor and supplies, contracting disputes, unforeseen real estate acquisitions, environmental mitigation, a lack of staff to execute the project, etc. My knowledge of, and experiences with, the nuances of funding and constructing processes enable me to provide unique insight into how Oakland is pursuing, successfully and unsuccessfully, many of these bicycle and pedestrian projects and recommend effective and concrete solutions for the City to implement. I hope you will consider me for this Commission. Thank you for your time.

ANDREW D. MARTIN

Oakland, CA 94610

KEY QUALIFICATIONS

Summary: Outcome-driven attorney and former teacher who is passionate about serving the greater good through effective government. Expert in legal research and analysis, teaching practices, and interpersonal skills. Committed to serving others.

Core Competencies:

- Critical thinking and problem solving
- Written and oral communication
- Synthesizing and teaching complex ideas
- Researching case law and policy
- Client relationships and trust building
- Drafting legal documents
- Conflict resolution and mediation expertise
- Interpersonal skills and teamwork
- Broad governmental policy knowledge
- Bar Admission: California

BAR ADMISSION

The State Bar of California

License Number: 348161

EDUCATION

University of California, Berkeley, School of Law, Berkeley, CA

J.D., Public Interest and Social Justice Certificate, May 2022

Honors: Dean's Fellowship, Pro Bono Honors, Berkeley Law Scholarship, John Van Voorhis Memorial Scholarship

Activities: State and Local Government Litigation Practicum, Mediation Practicum, Consumer Advocacy and Protection Society, Graduate Assembly, Catholics at Berkeley Law, Cal for Pete

University of Notre Dame, Notre Dame, IN

M. Ed., July 2019

Certification: Teaching Certification in the State of Indiana, Secondary – High School

University of Notre Dame, Notre Dame, IN

B.A., *cum laude*, in Political Science, Peace Studies Supplementary Major, May 2017

Honors: Pi Sigma Alpha; Margaret M. Beeler Memorial Scholarship, Dean's List (4 semesters)

Thesis: "A Golden State for Some: How California's Initiative Process Affects Minorities"

Study Abroad: Angers, France (Spring 2016), French Language & Culture Program – l'Université catholique de l'Ouest

EXPERIENCE

U.S. Army Corps of Engineers, San Francisco District, San Francisco, CA

June 2022 – Present

Assistant District Counsel/Law Clerk

40 hours/week; GS-13

Solve complex legal issues in collaboration with scientists, engineers, contract specialists, and program managers on Corps civil works projects such as emergency levee repairs in Pajaro, CA, million-dollar ecosystem restoration efforts in San Jose and Klamath, CA, and jetty rehabilitations in Santa Cruz and Crescent City, CA. Advise Department of Justice on litigation involving Corps infrastructure at Lake Mendocino on Endangered Species Act issues. Provide legal review for contract actions, tort claims, FOIA requests, and fiscal law issues. Support regulatory enforcement of Clean Water Act violations. Establish strong client relationships with project site visits and client meetings. Strengthen Yurok Tribe relations with MOU creation and educational materials. Direct hiring and interviewing process for new Corps Honors Attorneys.

The Othering and Belonging Institute, University of California, Berkeley, Berkeley, CA

August 2021 – April 2022

Research Assistant

8 hours/week; \$24/hour

Prepared keynote presentations for Professor John Powell. Synthesized sources on structural racism, bridging and belonging practices, and social science literature. Edited law review articles written by Institute faculty.

The Greenlining Institute, Oakland, CA

August 2021 – December 2021

Law Clerk

16 hours/week; unpaid

Drafted and filed motions and public comments for California Public Utilities Commission rulemaking proceedings. Synthesized research on broadband access, public benefits programs, and racial inequities. Trained in Rules of Practice and Procedure.

Bay Area Rapid Transit, Office of the General Counsel, Oakland, CA

June 2021 – August 2021

Law Clerk

40 hours/week; unpaid

Researched and drafted memorandums on redevelopment law, land use law, police powers, and homelessness. Trained in Brown Act, Political Reform Act, Gov. Code 1090, parliamentary procedure, public records, CEQA, and other governmental concerns.

Department of Residential Life, University of California, Berkeley, Berkeley, CA

August 2019 – July 2021

Graduate Student Coordinator; Assistant Resident Director

10 hours/week; unpaid

Synthesize information with faculty, student groups, and campus research to develop programming designed to mitigate mental health and community needs in graduate students. Performed supervisory duty rotations.

Consumer Justice Clinic, East Bay Community Law Center, Berkeley, CA

Sept. 2019 – May 2021

Clinical Student

15 hours/week; unpaid

Conducted intakes for low-income clients. Determined venue and assisted in drafting forms and demand letters. Coached clients on procuring evidence and small claims appearances. Drafted complaints, judicial orders, and other pre- to post-trial documents. Assisted in judgment collection and deposition training. Returned thousands of dollars to clients from unscrupulous businesses.

Central Valley – Berkeley Law Alternative Spring Trip, Fresno, CA

Sept. 2019 – May 2021

Co-Leader; Member

8 hours/week; unpaid

Coordinated logistics and trainings with Central California Legal Services housing team to provide direct services. Drafted public records requests and demand letters. Planned immersive, holistic curriculum adjusted for virtual participation.

City of Stockton – Mayor’s Office

Summer 2020

Legal Extern

40 hours/week; unpaid

Drafted city ordinances regarding masks and evictions. Facilitated cooperation between policy stakeholders in City Hall and community organizations. Researched and advised mayor on policy issues such as police reform, budgeting, and state legislations. Analyzed contracts between the city’s non-profit foundation and community partners. Briefed mayor on policy and public health.

Alliance for Catholic Education, University of Notre Dame, Notre Dame, IN

Summer 2019

Mentor Teacher; Teaching Assistant

40 hours/week; \$1000/month

Observed teachers in training and provided formative feedback. Developed and implemented social studies curriculum training.

Saint Mary’s High School, Stockton, CA

June 2017 – May 2019

Social Studies Teacher, AmeriCorps Service Fellow, and Alliance for Catholic Education Teaching Fellow

55 hours/week; \$1120/month

Developed curriculum for History and Geography. Encouraged civic engagement through voter registration and service projects such as oral reports. Enhanced school community by coaching tennis, playing music at events, and advising sophomore council.

Kellogg Institute for International Studies, University of Notre Dame, Notre Dame, IN

May 2014 - May 2017

International Scholars Program, Research Assistant

8 hours/week; \$9/hour

Supplemented writings on global trends embodied through the work of Nobel Peace Prize laureates, such as the emergence of Truth and Reconciliation Commissions and peacekeeping missions. Refined research skills by analyzing sources such as legal documents and news articles.

Office of Pete Buttigieg, Mayor of South Bend, IN

Fall 2015

Intern

10 hours/week; unpaid

Researched local issues and briefed senior leadership. Organized schedules, managed media platforms, and assisted constituents.

Interests: cello, guitar, recording music, running, hiking, camping, public transit

Bicyclist & Pedestrian Advisory Commission: Submitted

Interests & Experiences

Please tell us how your qualifications and participation will relate to the requested board and/or commission's mission.

I recently moved to Oakland from Berkeley, where I was a longtime community volunteer and organizer. Now that I've moved to Oakland, I hope to become similarly involved. I would be excited to serve on any of the three commissions I have applied for. My relevant background includes eight years serving on Berkeley's environmental commission, serving as an alternate commissioner for Berkeley's Zoning and Planning commissions, serving as a legislative aide to a Berkeley City Councilmember, and helping to lead a citywide community advocacy group focused on smart land use planning and walking, biking, and transit facilities. I also currently serve on the Alameda County Transportation Commission's Bicycle and Pedestrian Advisory Committee. Professionally, I have spent the past 3.5 years running an independent consulting firm, working with cities to understand sources of greenhouse gas emissions from household activities and develop policy recommendations to address these emissions, including evaluating the beneficial impacts of infill housing development on these emissions. I hold a Master of Public Policy degree from UC Berkeley, where I studied Oakland city governance and budget policy under former City Administrator Dan Lindheim, and developed an interactive budget dashboard page for the City of Berkeley's budget. My personal interest is at the intersection of climate, land use, and local government. I've applied to serve on the BPAC, Budget Advisory Commission, and Planning Commission because I think any of these commissions would provide an opportunity for me to contribute my background and expertise to advance these interests on behalf of the City of Oakland. As a car-free resident of Downtown Oakland, I have a strong interest in seeing Oakland be a safe, walkable, and bikeable community; I know these need to be advanced through both infrastructure and planning efforts. At the same time, none of these goals - or other improvements and services the City intends to deliver - can be met without effective budgeting, and I know our city is facing a potential budget crisis later this year. I believe the work of all three of these commissions is essential to helping Oakland thrive in the coming years, and I would be excited to serve the community on any of these bodies. Thank you, Ben

Ben Gould

- Built an interactive Sankey chart visualization of the City of Berkeley's annual budgets for FY 2013 through 2017, inspired by Open Budget Oakland.
- Received recognition by the City Manager's office in an official press release: https://web.archive.org/web/20170201133606/http://cityofberkeley.info/City_Manager/Press_Releases/2015/2015-11-10_Berkeleyan_s_activism_offers_glimpse_at_the_power_of_Open_Data.aspx

Which Boards would you like to apply for?

Bicyclist & Pedestrian Advisory Commission: Submitted

Interests & Experiences**Please tell us how your qualifications and participation will relate to the requested board and/or commission's mission.**

As an East Bay Native, and current Oakland resident, I would like to contribute to our civil processes by being a part of boards that help inform the public and local officials. I believe that as a gay, first generation Portuguese American, I would be able to bring a perspective to the board and/or commission on which I reside that is unique and valuable to the conversations that will be held. Furthermore, with over eight years of experience working in health care and government settings, and I am committed to ensuring that all people are able to live long, healthy, and productive lives, regardless of where they come from or who they are. Since the beginning of my health policy career in 2014, I have worked in policy and government affairs roles at the local, state, and federal levels. Through these experiences, I have had the opportunity to engage in the policymaking process through multiple lenses, including within governmental agencies, offices of elected officials, and community and trade organizations. I also have a deep understanding of our primary health care system and the health, social, and economic challenges underserved communities face in getting and staying healthy. As a Planner at a Federally Qualified Health Center (FQHC), La Clínica de La Raza, I worked with clinical, administrative, and community health education staff to develop and implement grant-funded programs that addressed the medical and social needs of their patients. Additionally, as a Senior Health Policy Analyst at the Weitzman Institute, I wrote and published policy briefs that focused on LGBTQ health, workforce development, social determinants of health, and more. These past experiences, coupled with my personal background, make me uniquely positioned to be an effective and impactful member of an Oakland Board/Commission.

Brandon Azevedo, MPH

Education

University of California, Berkeley
Master of Public Health, Health Policy and Management
2016 - 2018

University of California, Santa Barbara
Bachelor of Arts, Global Studies
2009 - 2013

Work Experience

California Department of Health Care Services | California

Legislative Coordinator, Quality & Population Health Management | September 2023 – Present

- Work with subject matter experts within Quality and Population Health Management (QPHM) to analyze proposed state and federal legislation, proposed federal regulations, and other policy changes that may affect QPHM
- Coordinate QPHM workgroup efforts related to medical policy development to address medical policy concerns brought up by Managed Care Plans, providers, and other outside stakeholders.
- Serve as QPHM's subject matter expert regarding the legislative process, teaching, mentoring, and coordinating with QPHM programmatic subject matter experts

Weitzman Institute (WI) | Remote

Senior Health Policy Analyst | February 2022 – August 2023

- Collaborated with internal and external stakeholders to plan, draft, and disseminate policy publications such as policy briefs, blog posts, and peer-reviewed publications that focus on WI's policy priority areas, including social determinants of health, workforce development, and the healthcare delivery system
- Engaged with research and education teams to identify opportunities for collaboration, including with current and future research projects, Project ECHO clinics, and incorporating policy into grant proposals
- Managed the Health Policy Research Fellow by assigning tasks and supporting professional development through weekly meetings, goal-setting, and other support

Health Policy Analyst | November 2021 – February 2022

- Contributed to grant proposal applications for funding opportunities from the NIH, private foundations, and others, by drafting application sections and conducting research
- Led the development of WI's first two policy briefs stemming from research projects, by engaging leadership and research staff to summarize results and develop recommendations

Office of Vice Mayor Rebecca Kaplan | Oakland, CA

Legislative Policy Aide | November 2020 – October 2021

- Drafted city ordinances and resolutions to be considered by the City Council, as well as supplemental materials such as scheduling requests, cover memos, and supporting documents
- Managed Vice Mayor's Legislative Tracker, which tracks legislative progress of sponsored resolutions and ordinances
- Staffed meetings between the Vice Mayor and community and government organizations to take notes and facilitate any follow up that may be required

Kaiser Permanente (KP) | Oakland, CA

Public Affairs & Advocacy Specialist (Contractor) | September 2019 – February 2020

- Engaged community and government relations staff to support the recruitment of KP employees and retirees to the nearly 11,000 member grassroots network, KP Voice, including drafting email, newsletter, intranet, and social media materials
- Supported the execution of advocacy strategies through collaborating with internal stakeholders to develop messaging materials, outreach tactics, and best practices to maximize effectiveness and impact

La Clínica de La Raza | Oakland, CA

Planner | July 2018 – September 2019

- Managed the design, implementation, and execution of grant funded programs by working with internal La Clínica staff as well as external stakeholders such as governmental, community, and business staff involved in the program
- Facilitated and provided strategic support of working groups focused on organization priorities including prenatal patient enrollment, outreach strategies, and implementation of operational protocols and workflows
- Coordinated with clinical and administrative staff across the organization to collect and submit quarterly, mid-year, and annual reports to public and private grant funders, which included analysis of quantitative and qualitative program data and evaluation of program outcome goals

American Association of Colleges of Nursing (AACN) | Washington, DC

Government Affairs Assistant | March 2015 – May 2016

- Strongly supported senior staff in achieving legislative goals through monitoring and tracking pertinent legislation and mobilizing 12,000 member grassroots network to contact their representatives and meet with them during days of action
- Cultivated bipartisan relationships with members of congress and their staff to develop nursing education champions and legislative co-sponsors by educating them on nursing education and practice and the impact nurses have on our nation's health care system
- Collaborated with the Government Affairs Committee to develop AACN's federal policy agenda, which outlined the association's advocacy strategic goals and policy positions

National Institutes of Health (NIH) | Washington, DC

Staff Assistant (Contractor), Office of Legislative Policy & Analysis | April 2014 – March 2015

- Coordinated collection and assembling of materials for working groups focused on tracking and reviewing new legislation that impacted the NIH and biomedical research at large
- Acted as the primary point of contact for congressional staff and the public, autonomously managed the front desk and prepared Deputy Director for meetings with NIH Director by drafting briefing materials and other relevant documents

Office of Congresswoman Barbara Lee | Washington, DC

Legislative Intern | January – April 2014

- Researched and synthesized information into memos on HIV/AIDS, War on Poverty legislation, minimum wage, and unemployment to inform Legislative Aides and Congresswoman
- Supported Legislative Director in promoting Congresswoman's sponsored congressional briefings and legislative bills through educating other congressional staff and creating digital and print materials

Interests & Experiences

Please tell us how your qualifications and participation will relate to the requested board and/or commission's mission.

Oakland is already turning the corner on COVID era increases in traffic violations and motor vehicle theft. As the city continues to improve and to become a safer and better place to be, I would love to contribute to bicycle and pedestrian planning in the hope that Oakland can also become a model for equitable and sustainable forms of transportation. I bring a passion for cycling and making cycling a safe and fun way for people to accomplish the goals of day-to-day life—getting groceries or meeting up with friends or getting to work or a job interview. I also bring an understanding that improving the pedestrian and bicycling options for Oakland is going to take some work. With that in mind, I would be more than happy to help out in whatever way I can, whether providing input on proposals, engaging the community for feedback or support, crunching numbers, or anything that is needed.

Please submit your resume or curriculum vitae. You may upload a document. (A Word format is preferred.) Alternatively, you may paste the text of your resume in the field provided below.

BRIAN S. LINDSETH

Oakland, CA

OBJECTIVE

My dream is for Oakland to become a model for equitable and sustainable forms of transportation, a place where anyone can feel comfortable walking or biking to visit neighbors, a local business, or a public transit stop—or even far-flung parts of the city. I bring passion for equitable and sustainable forms of transportation, a lifetime spent riding bikes, and a willingness to help out in whatever way I can.

VOLUNTEER EXPERIENCE

Trash cleanups Oakland, CA	2019 - present
Community bike ride organizer San Diego, CA	2006 – 2011
Free Skool Bike Kitchen San Diego, CA	2007 – 2008

EDUCATION

UNIVERSITY OF CALIFORNIA, SAN DIEGO	PhD in Sociology (Environmental Sociology)	2013
VANDERBILT UNIVERSITY	BA Psychology	1995

PROFESSIONAL EXPERIENCE

ENGAGEMENT MANAGER (Contract)

Stratus Data Oakland, CA / Remote 2024 – present

- Manage engagements for small data analytics consultancy helping mid-market clients build visibility into their business with dashboards and data warehouses.
- Hybrid role combining elements of business intelligence architecture, project management, and stakeholder management as the primary point of contact for clients.

DATA ANALYTICS MANAGER

LendingClub San Francisco, CA 2021 – 2023

- Lead analyst defining and managing experiments in payments, digital outreach, and multi-channel. Defined key metrics for measuring and tracking product performance.
- Pulling and analyzing data from a variety of sources—and then working cross functionally with product, engineering, and operations—my work played a key role in the development of a more personalized, behavior-based approach to digital communication as well as the implementation of new hardship and payment functionality including the ability to nudge customers towards different payment options based on account status and history.
- Worked closely with data engineers, data scientists, and analysts to improve data models and ETLs underlying customer contact and experiment data as well as strategies for both digital collections and call routing (the logic to bring the right treatment to the right customer at the right time).
- Mentored junior members of team. Directed the work of contract analysts.

PRODUCT ANALYTICS LEAD

TrueAccord San Francisco, CA 2019 - 2021

- As the owners of the analysis and reporting on experiments, my team played a key role in the growth and success of TrueAccord's experiment program, improving both the speed and the rigor of the company's approach to experimentation and empowering Product and Data Science teams to run more experiments and roll out new models, features and flows shown to improve the customer experience and increase conversion rates.
- Developed and managed product analytics function, managing a high performing team whose work has

informed the development and rollout of new features and user flows as well a new approach to feature development that emphasizes the importance of meeting the distinct needs of different customer segments.

- My team also played a key role in defining and tracking product KPIs, determining leading indicators for engagement, and promoting a data-centered approach to decision making.

DATA ANALYST**TrueAccord** San Francisco, CA

2018

- Instrumented and implemented a funnel for better understanding user behavior and opportunities for addressing drop off and producing visualizations and dashboards for internal stakeholders in product and operations.

CUSTOMER ANALYTICS MANAGER**CREDO Mobile** San Francisco, CA

2016 – 2017

- Provided recommendations and reporting for Sr. Management on ways of improving the customer experience and reducing churn.
- Based on analysis and forecasts of contact drivers, I championed increased self-service functionality and documentation on website to provide a better customer experience while reducing inbound call volume. Similarly, managed outbound email messaging and delivery that provided customers with proactive instructions on how to maintain service during international travel. The email campaign saw a decrease in volume and operational expenses and an increase in customer satisfaction.
- Created visualizations, dashboards, ad hoc and automated reports on customer service and operational data pulled from SQL Server database. Coded stored procedures using T-SQL for both reporting on and processing operational data. Developed data feeds, cleaned and validated data.

INSTITUTIONAL RESEARCH ANALYST**Alliant International University** San Francisco, CA

2015

- Managed reporting of student graduation rates to regulatory agencies and program assessment for internal clients. Employed statistical modeling to assess trends in the data. Automated data feeds and reports.

VISITING ASSISTANT PROFESSOR**Tulane University** New Orleans, LA

2013 – 2014

- Taught classes in Environmental Sociology and Introduction to Sociology.

Job Title

Which Boards would you like to apply for?

Bicyclist & Pedestrian Advisory Commission: Submitted

Please tell us how your qualifications and participation will relate to the requested board and/or commission's mission.

I have a diverse set of experiences and a diverse background that make me a great candidate for the City of Oakland Bicyclist and Pedestrian Advisory Commission, from personal to professional experiences. As a Mexican immigrant I provide a valuable perspective as a person of color that brings insights into the unique challenges faced by underrepresented communities in accessing safe and equitable transportation options. I see this every day when walking around Fruitvale, and seeing the tragedies that have occurred across International Boulevard. This experience allows me to advocate for inclusive policies that ensure all residents feel safe and supported. I'm also a big advocate of cycling to work and I have advocated on behalf of my company to the city of Hayward and AC transit to bring back transit to the Point Eden industrial park. In my current job I'm also advocating to bring in commuter benefits such as Clipper Bay Pass. My daily experience cycling to work gives me firsthand knowledge of the infrastructure needs and safety concerns of cyclists and pedestrians. This practical understanding enables me to propose realistic and effective improvements to the city's cycling infrastructure. All I want is to come home to my wife in one piece. As a regular BART and AC transit user, I understand the importance of integrating cycling and pedestrian pathways with public transportation. My experience has allowed me to see the gap between different modes of transportation, and I want to advocate for a seamless, pedestrian friendly, and interconnected transit system. Professionally, I believe that my advanced training as a scientist with a PhD in molecular biology equips me with the skills to analyze data critically and make evidence-based decisions. This scientific approach is crucial for evaluating the effectiveness of current policies and proposing data-driven solutions to improve pedestrian and cyclist safety. My scientific background ensures that I can interpret complex data sets and research findings, allowing me to advocate for policies that are not only innovative but also grounded in solid evidence. On a more personal note, I'm a victim of vehicular violence. As a junior in college I was hit by a car while on a crosswalk during a bright sunny day. I suffered a traumatic brain injury, and several torn ligaments. For the longest time, society programmed me to blame myself instead of the driver that wasn't paying attention. And so I have a personal stake in advocating for safer streets. I don't want anyone else to experience the pain and suffering I have experienced just to not inconvenience drivers. Someone very close to me almost became a victim to vehicular violence in the Oakland streets. My wife's near-death experience with a semi-truck in Jack London Square has profoundly motivated me to push for change. We were just trying to ride our bikes to a park when a speeding semi truck ran a stop sign and came within milliseconds of killing my wife. I feel so helpless knowing that police don't care, at that time "the driver did nothing wrong", and there is little I can do. These streets are designed for speed, and that should not be the case. Hence why I'm applying to this role, so at least I can say that I tried doing something to make my family, and all Oaklanders safe.

Please tell us how your qualifications and participation will relate to the requested board and/or commission's mission.

SUMMARY

Highly motivated and passionate postdoctoral fellow in the group of Vishva Dixit at Genentech, where I'm working on elucidating the mechanistic underpinnings of host-pathogen interactions and cellular stress responses. I did my dissertation work at UC Berkeley in the lab of Michael Rape studying the ubiquitin proteasome system (UPS), where I used a combination of high content/advanced imaging techniques and cellular biochemistry techniques to dissect cellular signaling pathways. This allowed me to gain insight into functional cellular processes during cell-fate determination and differentiation. I want to put my deep expertise, and knowledge of the UPS to identify therapeutics for proteostasis diseases and malignancies.

EDUCATION

Ph.D. Molecular and Cellular Biology Aug 2014-Aug 2020

University of California, Berkeley, Berkeley CA, 94709

Inst. Honors: *Suma cum Laude*

Dissertation: Ubiquitin-Dependent Control of Myogenic Development: Mechanistic Insights into Getting Huge, and Staying Huge

B.S. Biochemistry, Gonzaga University, Spokane WA, 99258 Aug 2008-May 2012

Inst. Honors: *Cum Laude*

Senior Thesis Project: Screening of ridoquinone biosynthetic gene targets using *Rhodospirillum rubrum* deletion mutants and characterization of gene products. Dr. Jennifer Shepherd, Advisor.

RESEARCH EXPERIENCE

Postdoctoral Fellow with Vishva Dixit, VP Early Discovery Research Jul 2020 – Present

Physiological Chemistry Department, **Genentech Inc.**, South San Francisco, CA

Ph.D. Dissertation with Michael Rape, Investigator, Howard Hughes Medical Institute (HHMI) Jul 2015 – Aug 2020

Department of Molecular and Cell Biology (MCB), **UC Berkeley**, Berkeley, CA

Ubiquitin-dependent control of Cell-fate determination and myogenesis.

Undergraduate Thesis with Jennifer Shepherd Dec 2010 – Jul 2012

Department of Chemistry and Biochemistry, **Gonzaga University**, Spokane WA

Investigation of candidate genes involved in the ridoquinone biosynthetic pathway in *Rhodospirillum rubrum*

HHMI EXROP Undergraduate Research Assistant with Norbert Perrimon, Investigator, HHMI Jun-Aug 2010 & 2011

Department of Genetics, **Harvard Medical School**, Boston, MA

Drosophila melanogaster as a model for tubular organ development and angiogenesis during tumor growth:

HHMI Undergraduate Research Assistant with Marianne Poxleitner Sep 2009 – Dec 2010

Department of Biology, **Gonzaga University**, Spokane, WA

Presence of cocaine alkaloid precursors in wild *Erythroxylum* species and the resulting phylogeny:

Undergraduate Research Assistant with Thomasso Vanelli Jun – Aug 2008

Department of Chemistry and Biochemistry, **Gonzaga University**, Spokane, WA

Cloning, expression and purification of the *Thermus thermophilus* arsenite oxidase complex as an arsenic biosensor:

SKILLS

- Expert in the following:
 - Western blotting, immunoprecipitations and affinity purifications, including mass spectrometry sample preparation
 - Tissue culture and handling of stem cells, primary cells, cell lines, and suspension cells
 - High-content/high-throughput phenotypic screening and analysis
 - Advanced microscopy imaging including: Confocal microscopy, live cell/time-lapsed imaging, high content imaging
 - Immunofluorescence staining of tissues and cells
 - Lentiviral production and stable cell line generation
 - CRISPR editing, including knock-ins and knock-outs
 - Protein overexpression and purification from several systems and using AKTA purification systems
- Proficient in the following:
 - Flow cytometry and FACS
 - Pooled/genome-wide screening
 - Next-generation sequencing sample preparation and analysis
 - Use of R and Bioconductor packages
 - *In vitro* enzyme kinetic assays such as fluorescence polarization
 - Image analysis and script writing using ImageJ/Fiji

OTHER RESEARCH AND BIOTECHNOLOGY EXPERIENCE

Graduate Rotation Researcher with Jacob Corn, Innovative Genomics Initiative, UC Berkeley	Nov 2014 – Feb 2015
Graduate Rotation Researcher with Donald Rio, Department of MCB, UC Berkeley	Feb – May 2015
Graduate Rotation Researcher with Dirk Hockemeyer, Department of MCB, UC Berkeley	Oct – Nov 2014
Research Biochemist with David Vachon Research and Development Division, Novion Technologies , Spokane, WA <u>Antimicrobial additive and coating development for medical devices:</u>	May 2012 – Aug 2014

Which Boards would you like to apply for?

Bicyclist & Pedestrian Advisory Commission: Submitted

Interests & Experiences

Please tell us how your qualifications and participation will relate to the requested board and/or commission's mission.

I am excited to apply for this commission for multiple reasons. First, I love this city and I believe that we have the potential to be a safer, equitable, and beautiful city where everyone has the opportunity to thrive. One critical piece of making our city work for everyone is safe and effective transportation, which includes the ability for pedestrians to travel by foot or bike easily and safely wherever we are going. Right now, that is just not the case in a lot of our city: where I live, there is dangerous driving, poorly marked sidewalks, and no bike lanes in the neighborhood, which make getting around as a pedestrian difficult and often scary. I still primarily use my bike, walk, and take transit to get around town, and walk in my neighborhood every day with my dog, but I understand why many of my friends don't feel safe doing so. I work professionally on housing and homelessness policy, and I see a lot of crossover regarding how space is used, who it's for, and who has access to opportunities - whether it's people living on the sidewalks because there are not enough homes or the affordable housing that is available being inaccessible and unsafe for easy travel. Housing is a human right, and that housing should include safe and efficient ways to get where people need to go- by foot, bike, transit, or car.

IRENE FARNSWORTH

| Oakland, CA |

PROFESSIONAL EXPERIENCE

METROPOLITAN TRANSPORTATION COMMISSION, BAY AREA HOUSING FINANCE AUTHORITY Oakland, CA

ANTI DISPLACEMENT PROGRAM MANAGER July 2022 - Present

Lead BAHFA's portfolio of work focused on protecting vulnerable tenants; until August 2024, served as communications, policy, and county coordination lead regarding the preparation for a November 2024 Regional Affordable Housing Bond (withdrawn). Select accomplishments: designed, launched, and manage a \$5M rental assistance program serving seniors at risk of homelessness in Napa County; designed, launched, and manage a comprehensive external study of evictions and their impacts throughout the region; project managed and co-authored numerous policy and educational materials related to the 2024 Bond; organized and led monthly calls with local jurisdictions and authored numerous technical assistance documents to prepare for local expenditure plans; and presented to over a dozen external stakeholders regarding the Bond.

CALIFORNIA DEPARTMENT OF SOCIAL SERVICES, HOUSING AND HOMELESSNESS BRANCH Sacramento, CA

SECTION MANAGER OF POLICY AND PROGRAMS - ACTING Jan – April 2022

Oversaw six of seven Housing and Homelessness Branch programs as Section Manager serving families, seniors and adults with disabilities experiencing or at risk of homelessness. Select accomplishments: prepared executive leadership for legislative hearings and budget negotiations; launched and managed a multi-million dollar technical assistance contract across all programs; released new program funding and guidance for FY 2021-22 across programs; hired and onboarded four staff and two managers. Continued to serve as state lead on Project Roomkey.

UNIT MANAGER, SENIORS AND ADULTS WITH DISABILITIES PROGRAMS June 2021 - Dec 2021

Re-organized the unit overseeing programs serving seniors and adults with disabilities and medical vulnerabilities, including Project Roomkey, the Housing Disability Advocacy Program, and Home Safe during a time of unprecedented program expansion from the 2021-22 Budget Act. Select accomplishments: managed a small team to release complex program funding and new prevention guidance to all 58 counties across each program; coordinated the hiring and onboarding of three new staff across Branch; and managed the technical assistance contracts for Project Roomkey and Housing Disability Advocacy programs. Continued to serve as state lead on Project Roomkey.

POLICY SPECIALIST, PROJECT ROOMKEY Sep 2020 – May 2021

Responsible for all policy analysis, data tracking, program support, and communications related to Project Roomkey. Released program funding and guidance launching the rehousing effort out of Project Roomkey in November 2020. Authored official requests to FEMA for ongoing program reimbursement for Project Roomkey.

THE GREENLINING INSTITUTE Oakland, CA

POLICY RESEARCH CONSULTANT Jan – Jun 2020

Authored white paper: "Investing in Climate Equity: Lessons and Opportunities for Increasing Green Investments in Low- and Moderate-Income Communities and Communities of Color."

ALAMEDA COUNTY BOARD OF SUPERVISORS, OFFICE OF KEITH CARSON Oakland, CA

SUMMER GRADUATE FELLOW May – Aug 2019

Provided policy, communications, and outreach support to the Alameda County District 5 2020 Census effort.

LEARNING FOR ACTION San Francisco, CA

ASSOCIATE CONSULTANT Dec 2014 – Jun 2018

Managed up to 10 concurrent program evaluation, policy research, strategic planning, and capacity building projects for public and nonprofit sector clients, including San Francisco Department of Public Health Behavioral Health Services, Kaiser Permanente Community Benefits Program, and the Sobrato Family Foundation. Conducted original research, supervised research associates on teams, set and tracked project timelines and budgets. Began in 2014 as a research associate; promoted twice into consultant position. Select activities and achievements:

- *Research and Writing:* Conducted quantitative and qualitative research to design and evaluate social sector policies and programs and wrote briefs and reports for diverse audiences. Designed, administered, and analyzed data from a 92-question survey of approximately 1500 LGBTQ community members to assess the most pressing needs facing this community in the Bay Area, and co-authored final report.
- *Strategic Planning:* Created theories of change and other strategic planning documents for foundations and nonprofits using collaborative, iterative process. Helped lead Theory of Change process for the Kaiser Permanente Community Benefits Program's first trauma-informed care grantmaking program.
- *Communications and Facilitation:* Led communication with external clients for majority of engagements. Regularly presented research findings and helped facilitate conversations regarding program design, strategic planning, and organizational development.

EDUCATION

U.C. BERKELEY, GOLDMAN SCHOOL OF PUBLIC POLICY

Berkeley, CA

MASTER OF PUBLIC POLICY

May 2020

Relevant Positions, Papers, and Fellowships:

- *UC Berkeley Labor Center and the BlueGreen Alliance:* Climate Resilience Researcher (Fall 2019). Authored white paper: "Community-Based Climate Resilience: Best Practices and Opportunities for the California Labor Movement."
- *The Praxis Project and The Berkeley Food Institute:* Graduate Student Researcher (Spring 2019). Co-authored report: "Bay Area Sugar-Sweetened Beverage Taxes: An Evaluation of Community Investments."
- *Jacob K. Javits Political Leadership Fellowship* (Spring 2019).
- *Center for Cities and Schools:* PLUS Fellowship Oakland Unified School District (2018-2019).
- *The Othering and Belonging Institute, Equity Metrics Project:* Graduate Student Researcher (Fall 2018).

Relevant Coursework: U.S. Housing Policy (Carolina Reid), Race and Policy in American Cities (Angela Glover Blackwell), Sustainable Communities (Charisma Acey), California Cities (Dan Lindheim), Quantitative Methods (various).

PITZER COLLEGE

Claremont, CA

BACHELOR OF ARTS, Political Studies, Honors

May 2011

BUSINESS OWNERSHIP

SFIZIO (Co-owner)

May 2023- Present

Helped open [Sfizio](#), a casual fresh pasta restaurant in Rockridge, Oakland. My husband, Matt Solimano, is the head chef and manager of the restaurant; currently I serve in an advising and support capacity, including helping to liaise with the city regarding parklet permitting and compliance with other ordinances.

Interests & Experiences

Please tell us how your qualifications and participation will relate to the requested board and/or commission's mission.

To me, the planning and design of road infrastructure needs to be inclusive and balanced. The planning and design process requires lots of input from all user groups and transparent communications about the decisions that are made. An effective design may not completely satisfy all parties, but often exists in the middle of the desires of different user groups. Sometimes designs need to be a bit progressive or revolutionary to show people how much better things can be, but often progress needs to be slow and steady so as to not completely alienate groups or create divisions/blowback. As an Oakland native, East Bay Bike Party ride leader and DJ, board member of a bike co-op, and long time volunteer in the cycling community of the East Bay, I have a detailed knowledge of the infrastructure of the Bay Area and thorough understanding of how people get around. I understand the challenges and frustrations of cyclists who want to live car free lives but struggle with intersections, road designs, and road users that put their lives in peril. I understand the drawbacks and challenges that local public transit agencies like AC Transit and BART face with trying to attract and keep riders on a limited budget. I also understand how nice it is to hop in a car and go somewhere quickly. As my parents and their friends get older, I'm learning more about what sort of designs need to be considered to create walkways that are accessible for people with limited mobility or disabilities. I hope to bring my experience as a multi-vehicle road user and community member to the committee to facilitate infrastructure improvements within Oakland and beyond.

Key Experiences

- Biketopia volunteer and board member
- Chair of Emeryville BPAC
- East Bay Bike Party ride leader and DJ (The Lamp Guy)
- Founder of Blacksburg Bike Party
- Oakland native and current resident

Selected Positions

Biketopia Volunteer Biketopia Board Member

02/2017-present
07/2023-present

- Assisted visitors with the maintenance and repair of their bikes
- Managed operations of two bike co-op facilities
- Helped develop and refine the co-op's strategic plan
- Evaluated and modified the effectiveness of the co-op's programs and services
- Engaged with the community to understand their needs and interests

Emeryville Bicycle and Pedestrian Advisory Commissioner Emeryville Bicycle and Pedestrian Advisory Chair

07/2023-present
07/2024-present

- Evaluate proposed transportation projects and infrastructure changes to ensure they meet the needs of cyclists and pedestrians
- Provided recommendations on policies, plans, and projects related to cycling and pedestrian infrastructure in Emeryville
- Gathered public input, addressed concerns from residents, and communicated feedback to city council

Bike Mechanic Bay Area Bike Mobile

03/2017-05/20217

- Hosted bike repair workshops at schools in the nine Bay Area counties
- Taught bike mechanics basics to K-12 students
- Fixed a lot of bikes!

Student Intern Virginia Tech Hokie Bike Hub and Alternative Transportation Center

01/2016-12/2016

- Assisted students, faculty, and staff with the repair and maintenance of their bikes
- Educated visitors about the fundamental concepts of bike repair
- Promoted alternative transportation practices

Education

M.S., Fisheries Conservation

8/2014-12/2016

Virginia Polytechnic Institute
Department of Fish and Wildlife Conservation, Blacksburg, VA
Graduate Research Assistant, M.S.
Thesis: Flood pulse influences on exploited fish populations of the Central Amazon

B.S., Aquatic Biology and Fisheries Science,

8/2010-5/2014

State University of New York,
College of Environmental Sciences and Forestry (SUNY-ESF)
Department of Environmental and Forest Biology, Syracuse, NY
Honors thesis: Synchronized breathing and sound production of juvenile arapaima Magna cum laude with Honors

Rails to Trails Conservancy

Employer

Trail Development Manager

Job Title

Which Boards would you like to apply for?

Bicyclist & Pedestrian Advisory Commission: Submitted

Interests & Experiences

Please tell us how your qualifications and participation will relate to the requested board and/or commission's mission.

I am deeply committed to transforming the design of the Bay Area from being car-scaled and towards human-focused infrastructure. Growing up in New York City without a car and living in Europe after college, I know firsthand the pleasure of being able to move freely by feet, bicycle, and transit. Moving to a car-centric state like California heightened that awareness, and solidified my desire to work in making our public spaces equitable. My days are enhanced and made vibrant by traveling my bicycle, and would love to see a future in Oakland where anyone can bicycle safely to go about their daily business. While I'm a new Oakland resident, I've explored the city by bike from downtown up to the hills, and I ride down Grand or Lakeshore almost every day. I currently work for Rails to Trails Conservancy as a Trail Development Manager, where I'm immersed in all things bike-ped in the Bay Area, but also on a state, regional, and national level. Locally, I help to convene a 50-member coalition - the Bay Area Trails Collaborative - working to advance a 2,600-mile multi-use path network in the nine-county region. Previously, I was an environmental planner and project manager with Rincon Consultants, where I prepared high-quality plans, reports, and analyses, including those focused on active transportation (e.g., active transportation plans, urban bicycle and pedestrian infrastructure, and trails). These several years of experience in active transportation has equipped me with a skillset and knowledge about how to plan, advocate for, fund, permit, and build bicycle and pedestrian infrastructure. Thank you for your consideration.

PROFESSIONAL EXPERIENCE Rails to Trails Conservancy, Oakland, CA Trail Development Manager, Western Region (January 2024 - Present) Convenes a coalition of more than 50 member organizations working on advancing a 2,600-mile network of multi-use paths in the nine-county San Francisco Bay Area Provides technical assistance about trail development, railbanking, and fundraising to transportation professionals in California, Oregon, Washington, Idaho, Nevada, Arizona, Hawaii, and Alaska Rincon Consultants, Sacramento, CA Environmental Planner/Project Manager (April 2021 - December 2023) Served as a project manager for complex environmental reports, with teams of up to 15 analysts and spanning up to 20 environmental issue areas. Prepared environmental impact reports, technical studies, and land use planning documents for government clients and private individuals. Focused on transportation projects, including active transportation and vehicle miles traveled analysis, and air quality and greenhouse gas analysis. Local Farms Fund, New York State (Remote) Associate Manager (July 2018 - February 2022) The first Associate Manager of this community impact farmland investment fund that supported early-stage farmers on their path to land ownership. Reported directly to the Fund Manager, assisted part-time with fund management and marketing, acted as a main contact for farmers, board members, investors and prospects, and managed all social media accounts. Happy Valley Meat Company, Brooklyn, NY Sales Manager (August 2018 - June 2020) An integral part of a five person team on this farm-to-table meat wholesaler that worked directly with small-scale livestock farmers on the East Coast. Responsible for entire sales pipeline, from lead generation, to customer maintenance, to acting as a liaison between farmer, processor, and chef. Grew weekly sales revenue 114% over my first 12 months and responsible for at least 60% of weekly sales at end of tenure. Simultaneously managed about 100 accounts, nearly 200 relationships, while balancing over 50 unique but complementary and highly perishable products. EDUCATION University of California, Davis, Davis, CA Master of Science, Environmental Policy and Management, June 2021; 4.0 GPA Practicum with UC Cooperative Extension; performed five cost-benefit analysis of farms using "climate smart" agricultural practices. Policy clinic with East Bay Regional Park District; created community information guides based on over 8,000 surveys analyzed in ArcGIS and R. Hamilton College, Clinton, NY Bachelor of Arts Degree, Concentrations in Economics and Philosophy, May 2015 Dean's List, Spring 2014, Fall 2014 & Spring 2015

I volunteer at the Crucible fixing bicycles for free and am a bike commuter and recreational cyclist. I also have deep concern for current urbanist projects. I'm aware of most, if not all, of the major Oakland and Bay area Cycling Advocacy groups and have direct personal connections with many of them. I'd hope that by being a member of this committee I could help keep us all aware of the concerns they face.

Nurse practitioner

Job Title

Which Boards would you like to apply for?

Bicyclist & Pedestrian Advisory Commission: Submitted

Interests & Experiences

Please tell us how your qualifications and participation will relate to the requested board and/or commission's mission.

As a primary care provider in east Oakland I see the health consequences of unsafe streets everyday. I'm also a longtime cyclist and mother living in east oakland.

I am passionate about making equitable safety improvements to our roads, and believe my work/life experience may bring a helpful perspective to the committee. I'm a mom of an 8 yo attending an OUSD public school in East Oakland, where I also live and work. One of the teachers at his school was recently struck by a motorist (hit & run) as she was leaving school. We only recently got news that she was stable after days in the ICU. There's been many similar near misses. The school is located in a residential neighborhood.

I'm also a nurse practitioner. I work in a safety net setting (Highland Hospital & Eastmont Wellness). The majority of my patients have suffered both the direct and indirect consequences of unsafe streets. Many suffer from long-term injuries from accidents, which have both physical and mental health sequelae. Others avoid walking or biking in their own neighborhood due to multiple safety concerns—this inactivity of course has other negative health outcomes.

Finally, I'm a cyclist. I've been cycling here in Oakland since I moved here in 2011. I still bike to work but not without a lot of trepidation. I no longer take my kid out on a bike with me. We drive to Alameda so that my kid knows how to ride. When we lived in North Oakland, we'd bike to preschool together. The inequity between streets in North & East Oakland is appalling.

I know I'm not naming anything many others could also point to. My hope is that my background in health care, and the many leadership roles I've held there, may be an asset to the committee. I think the framework of viewing unsafe streets as a public health crisis could open up important avenues for advocacy and change.

HEALTH CARE EXPERIENCE

Nurse Practitioner

Eastmont Wellness Clinic/Alameda Health System Oakland, CA (January 2022 – present)

Highland Hospital Bridge Clinic Oakland, CA (September 2023 – present)

- Provide acute care, chronic disease management and substance use disorder treatment to diverse, often medically complex patient population within a busy internal medicine clinic and hospital-based high volume SUD clinic
- Assist in the launch of AHS's first Mobile Health clinic co-located at syringe exchange access site

Addiction Medicine Nurse Practitioner

HAART Oakland, CA (January – June 2022)

- Assist Methadone Treatment Program in the design of standard protocols to integrate nurse practitioners into their practice as well as other system level improvements
- Assess and treat opiate use disorder with methadone and buprenorphine within a team-based, harm reduction care model

Home Care Coordination Nurse Practitioner III

Veterans Health Administration Martinez, CA (July – December 2021)

- Lead a multidisciplinary team to provide short-term home health care to elderly patients with complex medical conditions, multiple hospital admissions and/or functional decline
- Prevent readmissions for most vulnerable veterans through medical & psychosocial interventions with a focus on aligning goals of care with treatment plans

Family Nurse Practitioner & East Bay Consortium NP Residency Director (40 hrs/wk)

Lifelong Medical Care Oakland, CA (August 2014 – June 2021)

Clinical:

Office-based primary care & addiction medicine (August 2014 – June 2021)

- Provided primary care to a panel of about 500 adult and geriatric patients with complex medical and psychiatric comorbidities, at busy Federally Qualified Health Center clinics in downtown and east Oakland
- Using a patient-centered & trauma-informed framework, consistently achieved positive patient outcomes, such as blood pressure and glucose control, for the majority of my panel
- Launched HIV, Hepatitis C and Medication Assisted Treatment programs at my clinic

- Participated in efforts to create equitable access to sexual and reproductive health care, including pre & post-exposure prophylaxis & all contraceptive technologies
- Provided gender-affirming care and improved clinic environment for LGBTQ-identified individuals through participation in Transgender Working Group
Home-based primary care (August 2014 – October 2018)
- Provided primary care services to formerly unhoused & dual-diagnosed individuals within their homes in coordination with case managers and behavioral health clinicians
- Launched partnerships to deliver care in nontraditional settings, including HIV & Hepatitis C prevention & treatment at an outpatient drug & alcohol recovery program

Leadership:

NP Residency Director (October 2018 to June 2021):

- Directed 12-month intensive residency program for 10 nurse practitioner residents employed at 3 large FQHCs in partnership with UC-San Francisco School of Nursing
- Secured and managed \$3.2 million grant from HRSA to expand and enhance program
- Key achievements included: creation of competency-based evaluation and RCQI process, integration of MAT training into residency, collaboration with new Family Medicine residency on year-long structural competency & anti-racism training, and improvements in recruitment and retention, especially of underrepresented minorities
- Taught seminars, precepted and mentored 24 NP residents over course of three years

Transitions Clinic Network Clinician Lead (November 2018 to July 2020):

- Secured grant to launch post-incarceration program as part of San Francisco-based Transition Clinic Network
- Provided clinician oversight for program that included case management and expedited primary care for individuals recently released from prison

Pharmaceuticals & Therapeutics Committee Chair (January 2017-December 2018):

- Lead interprofessional committee charged with setting organization's protocols for prescribing, dispensing and administration of medications & vaccines

Community Health Nurse II

UCSF Medical Center & Glide Health Services, San Francisco, CA (Jan. 2012 – July 2014)

- Provided sole on-site nursing care for a residence of 55 formerly homeless adults

Acute Care Clinical Nurse II

University of California San Francisco, Mt. Zion Campus (Aug. 2010 – Jan. 2012)

- Provided nursing care for 4-5 patients on a general medicine floor

HEALTH JOURNALISM EXPERIENCE

Newspaper Editor (40 hrs/wk)

Santa Maria Sun, Santa Maria, CA (September 06 – December 07)

- Supervised an editorial staff of 8 to create 40,000-circulation weekly

Radio Freelance Work (2004 – 2008)

- Produced stories for NPR, The California Report and Oregon Public Broadcasting

EDUCATION & LICENSURE

University of California San Francisco

Master's Entry Program in Nursing graduate, RN Licensure, June 2010

Master's of Science in Nursing, Family Nurse Practitioner specialty, June 2014, GPA: 3.97

AANP Board Certified Family Nurse Practitioner, August 2014 to present

DATA2000 X Waiver active to prescribe Medication Assisted Treatment

California Society of Addiction Medicine MERF scholarship fall 2020

SF/Bay Area AIDS Education & Training Center Mini-Residency graduate, 2015

Smith College, Northampton, MA, BA in English Literature, graduated with honors

Skills & Awards:

Spanish proficiency

Competent in IUD & nexplanon insertion & removal

Experienced in use of Epic, NextGen & CPRS electronic health records

Community Health Center Network/Alameda Health Consortium Excellence in

Clinical Services Award recipient, August 2018

NICHOLAS A. ANCEL

██████████
Oakland, California 94609

Education Masters of Landscape Architecture, University of California, Berkeley, 1995
Masters of City Planning, University of California, Berkeley, 1995
Bachelor of Science Landscape Architecture, University of California, Davis, 1988

Registration Licensed Landscape Architect, State of California #4330

Professional Summary

Nicholas has over 20 years of professional experience as a Landscape Architect. He has worked on a variety of park, open space and urban design projects for both public and private clients. Areas of expertise include: site planning, conceptual design, design development, construction documents, construction administration & cost estimating. Nicholas has worked on many local projects providing him an understanding of the complexities associated with project delivery in San Francisco and the Bay area. Nicholas has added his imprint to many high visibility and legacy projects that cumulatively enhance and add to the quality of San Francisco's landscapes.

Selected Projects - All projects listed below have been undertaken as a Landscape Architect of the City and County San Francisco

Department of Public Works

Minna-Natoma Art Alley Project: Currently in construction documentation phase. The landscape architecture team is leading the project interface with artists to install unique street murals and furnishings to this streetscape project that will link Yerba Buena Center to the Transbay terminal. New roadway paving, sidewalk paving, light poles and street trees set the table for the artists contributions. On going – Completion 2025

Better Market Street (8th to 5th -Safety, Accessibility & Streetscape): Working with a constellation of community groups, stakeholders and project engineers, our team designed and documented landscape upgrades to Market Street, that will improve the walking experience and create unique places within the Market Street corridor for years to come. On going - Completion 2024

22 Fillmore Transit Improvements Phase 1 & 2: Phase 1 highlights are new boarding islands, with custom designed paving patterns and metal railings and infill tree planting of 75 trees. Phase 2 will continue for more than 20 blocks in the heart of the Mission district and plant more 100 trees. Completed 2021 and Completed 2023

Jefferson Streetscape Phase 2: A continuation of the successful Phase 1 project, this project upgrades the heart of Fisherman's wharf. Elements include new roadway paving, widened sidewalks, lighting upgrades, precast concrete furnishings, granite paving, custom metal railings and the creation of Taylor plaza which modified a parking lot into a pedestrian friendly plaza. Completed 2021

Potrero Avenue Streetscape Improvements: A transformative project for the corridor and an accompaniment to the SFGH rebuild. A new central median with palm trees, succulent groundcovers and infill street trees make a visual impact and add to the urban forest. New streetlights and special paving enhance safety and beauty. Completed 2019

Balboa Streetscape Improvements: Community meetings, conceptual design, through implementation and construction administration. New sidewalks, enhanced bulb outs with zen garden like seating areas, Chinese windmill palms and neighborhood markers created unique place making features. Completed 2018

Valencia Streetscape Improvements: Conceptual design through construction documents, Completed 2010

Divisadero Streetscape Improvements: Community meetings, conceptual design, through implementation and construction administration. Completed 2009

Octavia Boulevard Improvements: Community meetings, design details through implementation and construction administration. Completed 2004

San Francisco Recreation & Parks

9th and Lincoln – Golden Gate Park Entry:

Much desired by the local community and noted as a part of the Golden Gate Masterplan, This project will use fieldstone masonry walls, boulders, granite steps and native planting to create an elegant, timeless place. New lighting, curb ramps, pedestrian push buttons and grading will make this well trafficked entry into Golden Gate Park, safer and more welcoming. On Going – Completion 2024

Sue Bierman Park Improvements:

Complete park design and renovation: New pathway layout, grading and planting design. Construction documents and construction administration. Completed 2014

Palace of Fine Arts Landscape Restoration (Multiple Phases): Westside improvements include all new planting design, pathways and paving under historic Rotunda and Colonnade, rehabilitation of lagoon edge, new Lyon street stairway entry and ADA improvements. Eastside landscape elements include pathway and lagoon edge restoration, planting design and furnishings. Completion 2011

John McLaren Rhododendron Dell Entrance

Design and construction documents for new entrance of the John McLaren Rhododendron Dell in Golden Gate Park. All new design of plantings, pathways, drainage and furnishings. Conceptual design through construction administration. Completed 2010

Rolph Playground and Clubhouse: Clubhouse and grounds renovation. New accessible entrance to building, outdoor classroom, play structures, fencing and planting. Completed 2007

Upper Noe Valley Playground and Clubhouse

Major park restoration including ADA improvements, new playground, fencing, dog run, site furnishings and plantings. Construction documents and administration. Completed 2006

Patricia's Green in Hayes Valley: Design for completely new park in the wake of the demolished central freeway. Conceptual design, community meetings through contract documents and construction administration. Completed 2004

Port of San Francisco

Pier 27: North East Wharf Plaza & Cruise Ship Terminal

Site design and implementation of a 2.5 acre open space on the San Francisco Waterfront. Located over the water, this multi-functional space welcomes visitors and locals. A multi-jurisdictional project, from Federal agencies and state agencies to community groups the project links the functional to the serene. Custom metal fences, precast concrete, lighting supported by accessibility and green infrastructure make the Justin H. Herman Cruise Terminal a San Francisco landmark. Completed 2015

San Francisco Public Utilities Commission

Alameda Creek Watershed Center

Site planning and implementation of a natural history museum and botanical garden that celebrates the Alameda creek watershed's history and people. Located adjacent to the historic Spring Valley Water Temple in Sunol, the 3.5 acre landscape recreates a biological transect from the coastal range to the bay using only plant material collected from the watershed. LEED gold. Completed 2023

Sunol Corporation Yard

Site Planning and implementation of a 6.0-acre corporation yard that serves regional operations for the SFPUC. Organized around 5 bioswales, Administration buildings, shop buildings and lay down areas offer utility while green infrastructure enhanced by native plant palette define the landscape LEED gold. Completed 2019

Other Works: *Local projects completed with other organizations.*

Cattelus Mission Bay Development Landscape and Master Plan, San Francisco, Completion 2001

China Basin Park, San Francisco, Completion 2001

Mission Bay Affordable Housing, San Francisco, Completion 2001

Marina Cove Apartments, San Francisco, Completion 1999

Olympic Club Tennis Facility, San Francisco/Daly City, Completion 1999

Applied Materials Campus, Santa Clara, Completion 1998

Hewlett Packard Campus, Sunnyvale, Completion 1998

California Pacific Medical Center Alzheimer's Garden, San Francisco, Completion 1996

Patricia O'Brien Landscape Architecture, San Francisco, California 1999-2003

Smith & Smith Landscape Architects – Environmental Planners, San Francisco, California 1996-1999

Which Boards would you like to apply for?

Bicyclist & Pedestrian Advisory Commission: Submitted

Interests & Experiences**Please tell us how your qualifications and participation will relate to the requested board and/or commission's mission.**

As a long-time bicycle commuter living in Deep East Oakland, I can speak firsthand to the dangers of riding through my neighborhood and the lack of safety or planning provided for East Oakland pedestrians and bicyclists. I have biked much of Oakland, and I can also speak to the inequities of city planning as reflected in the preferential creation of safe biking and walking spaces in richer areas of the city. That said, I can see real potential in making major transit and recreational corridors in East Oakland safer to bike and walk through and to. More fundamentally, I truly love biking and bike-commuting, and it is something I want everyone to be able to safely enjoy. I have truly valued serving on BPAC for the past three years, and I feel it is important to give voice to what I see happening in District 6 and to share my community's perspective on bicyclist and pedestrian issues affecting us. District 6 is one of the most impacted areas of Oakland in terms of the number of people hit and killed due to traffic violence, and I want to keep working to ensure D6 gets safer for everyone who lives here. It would be my honor to serve for another three-year term on BPAC, and a privilege to continue to work with the BPAC to make all of Oakland a better place to live, bike, and walk.

Interests & Experiences

Please tell us how your qualifications and participation will relate to the requested board and/or commission's mission.

I've been passionate by biking and urbanism for very long time, as far as I remember, and I believe that I'm now in a place I can try to help out by participating to related commissions so we can together take the best decisions for the future of Oakland I've been leaving in the east bay for 5 years now and really like it. I'm happily residing in Rockridge and love to be able to participate actively in improving the life of millions through improving urbanism in Oakland and the East bay.

SUMMARY OF SKILLS & QUALIFICATIONS

- Experienced software engineer with a strong professional/academic background in software design and development
- Advanced knowledge of operating systems, virtualization, and cloud computing
- Extensive experience working under pressure while being able to meet tight project deadlines
- Capable of working effectively within a team and on self-managed projects
- Creative mind, capable of transforming business problems into actionable solutions

TECHNICAL SUMMARY

Languages and Tools: Ruby, Ruby-on-Rails, Redis, Sidekiq/Resque, RSpec/Minitest, Docker, HTML, CSS, JavaScript ES6/TS, PHP, MySQL, PostgreSQL, Couchbase, Elasticsearch, Rubymotion, NGINX, Apache, git, CircleCI, Puppeteer, AWS

Operating Systems: macOS, Debian/Ubuntu, Arch Linux, Windows, any Unix flavor

Graphic Design/Office Software: Sketch, Figma, Photoshop, Illustrator, InDesign, Balsamiq, MS Office

PROFESSIONAL EXPERIENCE

Cisco Meraki – meraki.cisco.com

July 2023 – Present

Staff Software Engineer

San Francisco, CA

Created the Build team, part of Dashboard team, working in close collaboration with SRE teams and Ruby platform. Solved the Flaky tests problem through automation and deep integration with TeamCity and Slack. Author of mki CLI, internal tool used by multiple engineering teams.

Lead Senior Software Engineer

July 2021 – June 2023

Part of the Licensing team, maintaining existing systems and building and architecting subscription system helping transitioning to recurring revenues. Collaborated on cross-functional teams, working with DevOps and platform team to upgrade and migrate main application to last version of framework used and outposts.

Freelance at Agora – getagora.com

February – June 2021

Senior Software Engineer

San Francisco, CA

Created tight integrations with Lever and Greenhouse helping acquiring key customers.

Checkr, Inc. – checkr.com

March 2017 – July 2020

Senior Software Engineer

San Francisco, CA

- Part of a 60 people product and engineering team in fast growing company, participating actively to the API code evolution and maintenance
- On a daily basis:
 - Reviews of peers' code, pairing and mentoring
 - Work with Ruby on Rails, React and Angular stack, deploying with Docker and Kubernetes
 - Leading architecture meetings bringing teams to consensus
- Created the integration service that connects Checkr API with Applicant Tracking Systems like ADP, ICIMS or Bullhorn facilitating so far >\$1M revenue, and enabling faster creation of new integration with new partners
- Built a PoC of ID service powering SSO, Role Based Access Control and Roles attributions for internal & external users

Devpost, Inc. – devpost.com

November 2015 – February 2017

Software Engineer

New York, NY

- Part of a team of 7 engineers working closely w/ the product team on two applications (200k unique/month, 700k users)
- Team pages: a new product that helps developers find jobs by giving them an inside look at teams that are hiring. 50+ companies and ~150 job opportunities ~ Hackathons: powering 2k hackathons ranging from GE to Atlassian (\$1.5M business in 2015) ~ Mentored two junior developers
- Agile work and pairing as a daily routine
- Continuous Integration, writing tests with RSpec/Capistrano and using CircleCI/Solano as automated remote testing and deployment service
- Ruby-on-Rails and front-end development with React/Redux, including: Job search with Elasticsearch and React / Signup flows for individuals and teams / Link shortener with Nginx, Lua and Redis

DMS Network, Inc. – DateMySchool.com**February 2013 – October 2015***Software Engineer**New York, NY*

- Part of the core management team of a tech startup that develops various social and matchmaking services; company holds the patent (US20130117374 A1) for the reverse social network
- Assisted with digital marketing initiatives to help grow the user base to over 1.3 million user registrations
- Collaborated with a team of developers to develop the main website as well as the company's iOS app
- Developed an online system to accommodate the screening, hiring, printing, shipping, communication, performance-tracking and termination activities for the company's nationwide representative network
- Provided leadership and mentoring to engineering and design interns

Freelance – sovairem.com**July 2013 – September 2013***Information Systems Architect**Montbert, France*

- Spearheaded the analysis, creation and launch of the company's public website
- Developed internal tools such as order processing systems, online payment systems, and price lists using PHP/Laravel

Timken**September 2011 – January 2012***Engineering Assistant**Northampton, UK*

- Analyzed the information technology and development needs of the company
- Assisted senior-level engineers with various project management duties
- Carried out the conception, programming, and deployment of internal information systems with Ruby-on-Rails

Samson Law Firm**February 2011***Maintenance and Improvement**Paris, France*

- Developed files that made the client management, price quoting, and client billing processes more efficient
- Assisted with the purchasing of hardware and the installation of new hardware ensuring everything was working properly and to perfection across the firm
- Responsible for the computer maintenance for 5 of the firm's clients

Cégep Limoilou**April 2010 – June 2010***Intern**Quebec, QC***EDUCATION****Master of Engineering, Computer Science****2010–2013***University of Technology of Belfort-Montbéliard**Belfort, France*

1. **Programming coursework:** Java, OOP, Multimedia, Javascript, C++
2. **Database and program design coursework:** SQL, Oracle, UML, Merise (Advanced)

Exchange Term**2012***Pontifícia Universidade Católica do Paraná**Curitiba, PR, Brasil***DUT Computer Science (bachelor's equivalency)****2010–2012***Institute University of Technology of Laval*

- **Programming coursework:** advanced JAVA, JSP, C, PHP
- **Database and program design coursework:** UML, Merise
- **Markup Languages:** XML, HTML

RELEVANT SKILLS

- Strong interpersonal skills; understanding, compassionate, and supportive
- Exceptional organizational skills; the ability to effectively manage time and prioritize
- Ability to thrive within a team environment as well as independently
- Able to think systematically about front-end web solutions, database design, and programming

VOLUNTEER WORK

- Assisted film school students from Brooklyn on their projects, 2015
- Oversaw a student radio station, 2010-2012
- Vice-President of the student association, 2009
- Secretary of the Radio Prun' Association, 2005-2008
- Participation in the Youth Town Council of Nantes

INTERESTS

- Programming: participating in open-source projects, and helping other in Stack Overflow
- Traveling: visited Indonesia (Bali), México, Washington D.C., Chicago, Denver, London, Rotterdam, Geneva, Brussels
- Swimming, hiking, and cycling

Interests & Experiences

Please tell us how your qualifications and participation will relate to the requested board and/or commission's mission.

Dear Oakland Boards and Commissions, I am excited about the opportunity to serve on my city's committee focused on youth and the environment. I have over 15 years of experience working at the Exploratorium in San Francisco, focusing on helping all Bay Area have a joyful and impactful learning experience on a field trip to the museum. I want to do more to support the well-being of young people in Oakland through any of the selected groups. I am passionate about public spaces for equitable education and environmental sustainability, including access to green space and safe public transportation. I have the skills and readiness to serve Oakland through a commission or Board. I am a collaborative person accustomed to holding high ideals through projects and processes with limitations. I manage a team of youth and young adults, which requires budgeting, tracking, creating frameworks, decision-making, communicating with various stakeholders, facilitating meetings, project management, and much more. I am also very excited about this opportunity to learn more about government processes and from senior staff and board members. I appreciate your consideration and feel free to contact me with any follow-up questions. Take care, Sal Bell Alper

Please submit your resume or curriculum vitae. You may upload a document. (A Word format is preferred.) Alternatively, you may paste the text of your resume in the field provided below.

SAL BELL ALPER

Legal Name: Sally Bell Alper | Residence: Oakland, CA | Email: [REDACTED] | Cell: [REDACTED]

EDUCATION

MA, International and Multicultural Education	University of San Francisco	2020
<i>Thesis: "Educational Equity and Informal STEM Field Trip Programming"</i>		
BS, Environmental and Biological Science	Antioch College (Yellow Springs, OH)	2008

WORK EXPERIENCE

Exploratorium, San Francisco, CA (2008-present)

Program Manager of Educational Partnerships (2022-present)

- Manage all aspects of the museum facilitation program to annually support 50K+ students, 500K+ general visitors, 6+ daily hands-on demonstrations, and 2+ temporary exhibitions
- Coordinating logistics with organizations and schools to offer specialized learning opportunities, such as having a high school group tour behind the scenes areas of the museum, arranging accessibility needs, and developing technical presentations to meet teachers' learning goals
- Supervise, mentor, and delegate to 2 supervisory level staff, as well as support 100+ staff working across multiple programs
- Budget non-payroll of \$30K, tracking and advising on payroll budget of over \$1M

Manager of School Field Trip Program (2017-2022)

- Directly supervised, hired, and trained 20+ museum educators annually to facilitate inquiry, STEAM learning
- Founded and continue to manage the award-winning STARS (Striving for Trans-inclusion and Anti-Racism in Science learning) program, creating virtual programming, paid internship programs, and family festivals
- Collaborated across departments to meet the logistical and facilitation needs of a dynamic organization
- Initiated institution-wide projects within DEIA working groups, including leading discussion groups, leading anti-bias training, creating organizational strategies, and advising on exhibit curriculum

Assistant Manager of School Field Trip Program (2013-2017)

- Curated and led 100+ hours of workshops for educators on content, facilitation, and professional skills
- Developed curriculum for teacher and student field trips for NGSS alignment, including supplementary activities, worksheets, and guides for one-day visits to the museum
- Created program systems and structures with goals of efficiency and equity, schedules, handbooks, feedback
- Oversee program focused on climate change experiential learning for middle school students

Field Trip and Camp Educator (2008-2013)

- Develop hands-on demonstrations related to biology, environmental science, physics, and psychology
 - Facilitate learning experience for Bay Area students, summer camps, members, and families
-

Bicyclist & Pedestrian Advisory Commission: Submitted

Interests & Experiences

Please tell us how your qualifications and participation will relate to the requested board and/or commission's mission.

Dear Members of the Bicyclist & Pedestrian Advisory Commission, Budget Advisory Commission, Parks and Recreation Advisory Commission & Oakland Youth Commission, I am writing to express my keen interest in serving on one of these commissions (preferably PRAC or BAC) , leveraging my diverse skills and experiences to contribute meaningfully to the well-being and development of our community, regardless of the specific commission I am selected for. As a dedicated Financial Literacy Coach and advocate for community empowerment, I have demonstrated a commitment to fostering positive change and equitable opportunities for all residents. My expertise in financial literacy equips me with the ability to analyze budget proposals, identify areas for improvement, and advocate for responsible fiscal policies that prioritize the needs of our community. Furthermore, my background in relationship building, collaboration, and equity advocacy has prepared me to engage effectively with fellow commissioners, city officials, and community stakeholders, ensuring that all voices are heard and considered in the decision-making process. This is how we were able to have \$28M of Prop 51 funding released to the students of Cox Academy via a 6-0 unanimous OUSD school board vote. Additionally, my passion for serving the community extends to various areas, including parks and recreational programming, youth engagement especially, and active transportation. I firmly believe in the importance of accessible and inclusive recreational opportunities, safe and sustainable transportation options, and meaningful engagement with our youth population. Regardless of the specific commission I am selected for, I am committed to leveraging my skills and experiences to address the diverse needs and interests of our community, advocate for initiatives that reflect our values and aspirations, and work collaboratively with fellow commissioners to enhance the vibrancy and well-being of our city. In conclusion, I am confident that my skills in financial literacy, relationship building, collaboration, and equity advocacy make me a strong candidate for one of the four commissions mentioned above. I am here to serve. Let me serve. I am excited about the opportunity to serve our community and contribute to its continued growth and development. Thank you for considering my application. I look forward to the possibility of serving on a commission for the City of Oakland and making a positive impact in our community. Sincerely, Stephisha Ycoy-Walton

Stephisha Ycoy-Walton

Interests & Experiences

Please tell us how your qualifications and participation will relate to the requested board and/or commission's mission.

I have been active with both WOBO and Bike East Bay for nearly two decades overall. I have participated in Oakland's Adopt A Spot litter abatement program since Aug 20. My background includes serving as Director of Alameda County Special Olympics from 1987-1991, obtaining a M.S.in Adapted Physical Education in 1994, worked in the Wholesale Plumbing business for over thirty years and was a bike commuter from home to work in Hayward/Union City for the last ten years before the pandemic hit. I feel my professional, educational and overall participant as a cyclist will lend itself directly to the mission of the commission.

Please submit your resume or curriculum vitae. You may upload a document. (A Word format is preferred.) Alternatively, you may paste the text of your resume in the field provided below.

Job Title

Which Boards would you like to apply for?

Bicyclist & Pedestrian Advisory Commission: Submitted

Interests & Experiences

Please tell us how your qualifications and participation will relate to the requested board and/or commission's mission.

As an avid cyclist, I look forward to being able to participate and shape a more pedestrian and bike friendly Oakland. Having traveled to countries where cars and bikes have separate, dedicated lanes, I am committed to helping find solutions that include more Class IV bike paths. These paths will ensure that all Oaklanders can travel safely within the city and connect to surrounding areas. By reducing our reliance on cars, we can promote healthier lifestyles, lower pollution, and create a more accessible and equitable Oakland for everyone. With my experience serving on several non-profit boards, I look forward to bringing my expertise into the conversations around bicycle and pedestrian policymaking.

Please submit your resume or curriculum vitae. You may upload a document. (A Word format is preferred.) Alternatively, you may paste the text of your resume in the field provided below.

David E. Quan Insurance Agency

Principal

February 2014 - Present (10 years 8 months)

We are a Property & Casualty insurance brokerage firm established in 1955. We help large, medium and small businesses assess their insurance needs, identify the appropriate insurance policies and products that meet those needs, and we make sure the right insurer is issuing those policies.

We also help individuals and families find and purchase insurance policies for various personal insurance needs, such as auto insurance, home insurance and life insurance while providing advice and guidance throughout the insurance buying process.

Volt Information Sciences

6 years 6 months

Financial Planning and Analysis

April 2011 - February 2014 (2 years 11 months)

Responsible for the design, management and review of internal reporting materials for a \$1.5 billion business unit. Additional responsibilities included the analysis of financial results and trends for management (B/S & I/S flux) as well as coordinating with external/internal auditors for annual audits and quarterly reviews. Responsible for the preparation and management of monthly forecasting, annual budgeting for the company's staffing division.

For the full list of requested items and other details on upcoming meeting planning, see the BPAC Scheduler at:
https://docs.google.com/spreadsheets/d/1PmvGuKNg3lBspg7WwnqB7_MaQumB6BCpA_7Sbvuf8Q8

Two-month agenda look-ahead

- OakDOT Traffic Engineering Section Work
- City Budget & Policy Priorities
- Long Term Visioning Discussion
- Draft BPAC Chair's Report to the Oakland City Council's Public Works and Transportation Committee

City of Oakland Bicyclist & Pedestrian Advisory Commission Strategic Plan

April 2023

Goal 1: Be strong advocates for bicycle and pedestrian safety and hold the city accountable.

Task	Task Description	Next Steps
1.1	Support interagency street safety efforts, including more quick-build/rapid response traffic calming and long-term street safety efforts.	Consider developing BPAC principles and guidelines for street safety.
1.2	Review grant applications to support pedestrian and bicyclist projects and programs that meet BPAC's goals.	Request funding presentations at BPAC meetings and consider taking position of support.
1.3	Continue review of fatal and serious injury crashes involving cyclists and pedestrians at monthly meetings. Continue to seek timely release of collision data. Explore challenges of reckless and dangerous driver behavior.	Keep as standing item with Commissioner Schader leading discussion. Collaborate with other groups such as WOBO and Bike East Bay to develop responses and determine what active role BPAC can play.
1.4	Support staff hiring to work on bicyclist and pedestrian projects.	Raise the issues of staffing and street safety to elected officials.
1.5	Support Slow Streets and safe spaces for community activities.	Continue discussion with staff on Slow Streets/Neighborhood Bike Route Implementation.

Goal 2: Be a two-way conduit for information on bicycle and pedestrian projects.

Task	Task Description	Next Steps
2.1	Invite project managers to present on projects at key milestones. Request invitations to outreach activities.	Schedule review of projects at BPAC meetings. Ask staff to send BPAC contact info to project managers.
2.2	Get status update on Bike Plan and Pedestrian Plan every six to twelve months.	Request staff presentations in conjunction with the bi-annual We Bike Oakland newsletter, including the "By the Numbers" updates.
2.3	Highlight committee activities.	Request written reports from each committee monthly.
2.4	Get periodic updates on Major Development Projects from Department of Planning and highlight the most bike/ped relevant projects for BPAC or Infrastructure Committee to review and provide comments.	Schedule at BPAC meeting once per year.

Goal 3: Encourage equity-driven investments and policies and increase community involvement in high-injury and historically underserved areas.

Task	Task Description	Next Steps
3.1	Advocate for equity driven bike/ped priorities in the General Plan (Environmental Justice Element, Land Use, and Transportation Element).	Review the General Plan and develop comments.
3.2	Prioritize transportation safety projects and support pursuing funding opportunities in East Oakland.	Schedule relevant items at BPAC meetings and advocate during planning discussions. Request staff to provide a status list of East Oakland transportation projects.
3.3	Advocate for the expansion of the Town for All project and waterfront connections to East Oakland.	Request follow-up on relevant projects.
3.4	Use BPAC Blog, Open Forum and community meetings to create open communication between BPAC, community members, and OakDOT.	Chair Yee leads BPAC Blog. Open Forum facilitated by Open Forum Committee. All commissioners engage in other community outreach.
3.5	Advocate for community groups and Neighborhood Councils in low-income high-injury areas to be integrated into OakDOT program and community outreach work (in a paid capacity wherever possible).	Advocate in the context of presentations at BPAC meetings. Request the Dept of Race and Equity to present about outreach procedures at BPAC.
3.6	Organize bike ride with BPAC Commissioners, community members, and the Oakland Police Department to create trust and develop ongoing relationships.	Police Relations Committee organizing.
3.7	Convene meeting on racially-biased bicycle stops with the Oakland Police Department, Department of Race and Equity, BPAC Police Relations Committee, and community partners per 2019 Bike Plan.	Police Relations Committee organizing.

Goal 4: Build relationships with policymakers and provide feedback on policies that affect walking and bicycling in Oakland.

Task	Task Description	Next Steps
4.1	Present BPAC Chair's Report to Public Works Committee.	Use the report as an opportunity to raise priorities with City Council.
4.2	Establish connections with active transportation committees at regional agencies such as Caltrans, MTC, Bay Area Regional Collaborative on bicyclist and pedestrian investments and plans.	Ask staff to request regional agencies present relevant projects at BPAC meetings.
4.3	Meet with each Councilmember and their staff at least once per year to introduce BPAC and our goals.	Each Commissioner is expected to reach out to their Councilmember to promote BPAC.
4.4	Reach out to City Councilmembers concerning current bike/ped issues.	Each Commissioner is expected to reach out to their Councilmember on hot topics needing their support.
4.5	Introduce BPAC to Neighborhood Councils.	Each Commissioner is expected to reach out to one or more Neighborhood Councils/NCPCs in their areas to introduce the BPAC and support neighborhood efforts on bike/ped safety.
