ENCAMPMENT MANAGEMENT TEAM October 2024

The Encampment Management Team (EMT) began operations in January 2021 under the 2020 Encampment Management policy as authorized by the City Council, under the terms of the Miralle Settlement agreement adopted by the City Council in October 2022 and is governed by the conditions of the 9th Circuit Court's decision in Martin v. Boise (2018) and Johnson v. City of Grants Pass (2022). The EMT ensures that the encampment policies are executed and in compliance with the law, including conducting outreach, coordinating shelter, providing access to resources, ensuring safety, and addressing environmental or health concern.

(EMT) is an interdepartmental working group consisting of representatives from Oakland's Public Works Department (OPW), Human Services Department (HSD), Oakland Police Department (OPD), Oakland Fire Department (OFD), the City Administrator's Office (CAO), and other consulted departments as necessary (e.g., the Mayor's Office, the City Attorney's Office, Parks and Recreation). The EMT mission is to implement and administer the Encampment Management policy while protecting and serving all Oaklanders, sheltered and unsheltered, and to manage the adverse impacts of homeless encampments by balancing the interests of all residents (i.e., unhoused, housed, business community), focusing encampment actions on mitigating negative outcomes as they pertain to public safety, public health, and equity outcomes.

In September 2024, the Mayor released an executive order directing all City of Oakland departments to fully execute the Encampment Management Policy, which was approved by the City Council in 2020, and enforce all municipal codes to protect critical and essential infrastructure.
