## **ShotSpotter Activation Leads to Multiple Firearm Recoveries**

This year, the Oakland Police Department (OPD) has investigated nearly 6,000 ShotSpotter activations citywide, down 13% from this time last year.

Shortly before 11:00 PM, on October 6, 2022, OPD officers responded to multiple ShotSpotter activations in the 2000 block of 47th Avenue. Officers located evidence of a shooting, which included multiple shell casings and two discarded firearms. Officers saw an individual leaving the area shortly after the shooting. Officers were able to detain the individual to investigate their possible involvement in the shooting. Officers were not able to determine the individual's involvement in the incident; however, the individual was placed under arrest for multiple outstanding warrants.

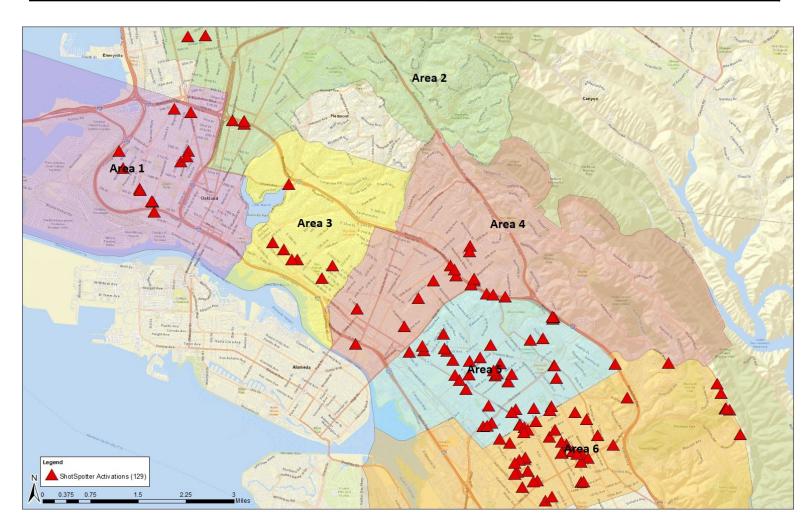

This is an ongoing investigation. Anyone with information can contact the Oakland Police Department's Criminal Investigation Division at (510) 238-3426.

OPD has recovered nearly 1,200 firearms this year, and ShotSpotter technology has assisted in many of those recoveries.

## An Arrest Made in OPD's 100th Homicide Investigation of 2022

The Oakland Police Department (OPD) arrested Kahalil Attiba for the homicide of Louis Truehill. The murder occurred on October 3, 2022, in the 1300 block of Kirkham Street.

The dedicated hard work and combined efforts of OPD's Violent Crime Operations Center (VCOC), Homicide Investigators, United States Marshals Service, and Oakland Housing Authority Police led to the arrest.

The Alameda County District Attorney's Office charged Attiba with murder.

#### **BACKGROUND:**

The Oakland Police Department (OPD) is investigating the 100th homicide in the City of Oakland. The Oakland Fire Department (OFD) advised OPD's Communications Division of a shooting victim in the 1300 block of Kirkham Street, just before 3:00 PM today.

Patrol officers were immediately dispatched to the scene, where they located OFD and Falk Ambulance providing medical care for the shooting victim. Unfortunately, the victim died on the scene.

Oakland Police Homicide Investigators responded to take over the investigation into the circumstances surrounding the death.

The victim's identity is being withheld pending notification to the next of kin. Anyone with information can contact the Homicide Section at (510) 238-3821 or the TIP LINE at (510) 238-7950.

## **OPD's New Crime Plan Leads to More Firearms Off the Streets**

The Oakland Police Department (OPD) continues to address violent crime in an effort to make the city of Oakland a safer community. In less than 24-hours, the Ceasefire Division made seven arrests and recovered five firearms.

On October 5, 2022, Ceasefire officers located an individual wanted for outstanding warrants. Officers initiated a car stop; the individual began ramming their fully marked patrol vehicle. The individual was safely taken into custody and a firearm was recovered from their waistband. Officers also located an AR-style assault weapon with a 40-round capacity magazine following a search of the individual's residence.

Officers also made an unrelated arrest in the 4700 block of International Boulevard for an individual wanted in connection with a gun related case.

On October 4, 2022, just after 7:30 PM, officers observed a vehicle run a stop sign in the area of Avenal and Bancroft Avenues. The officers initiated a car stop; the vehicle took off at a high rate of speed. Officers later located the vehicle in the 5600 block of Harmon Avenue and conducted an enforcement stop.

Officers arrested two individuals for multiple firearm related charges and recovered two firearms with extended magazines, one of which containing a device allowing the firearm to fire multiple rounds with a single pull of the trigger.

Less than two hours later, in the area of 89<sup>th</sup> Avenue and MacArthur Boulevard, officers assigned to the Ceasefire Division made three additional arrests and recovered a firearm. The arrests were for illegal possession of a firearm, possession of a stolen vehicle, and an outstanding warrant.

Since the implementation of Chief Armstrong's new Crime Plan nine days ago, OPD has made nearly two dozen arrests of individuals connected with violent crime, including shootings and homicides, and recovered roughly 30 firearms.

## **Shooting Investigation Leads to Firearm and Narcotic Recoveries**

The Oakland Police Department (OPD) has recovered nearly 1,200 firearms so far this year, the same amount in all of 2021.

On October 2, 2022, shortly after 7:30 p.m., OPD Patrol Officers assigned to Police Area 1, responded to a shooting inside a residence in the 3100 block of Martin Luther King Jr Way. When officers arrived, they located one victim who had sustained gunshot wounds. Officers provided medical treatment to the victim until they were relieved by medical personnel. The victim was transported to an area hospital for treatment with non-life threatening injuries.

During the investigation, officers learned the shooting took place inside the residence, as officers located evidence of a shooting which included shell casings. Two individuals were arrested at the scene for their involvement in the shooting.

Officers were issued a search warrant to enter the residence. Ultimately, multiple handguns, ammunition, and a large amount of suspected narcotics, which included a kilogram of suspected cocaine were recovered from an associated vehicle.

This is an ongoing investigation and anyone with information is asked to contact the Oakland Police Department's Criminal Investigation Division at (510) 238-3426.

#### OAKLAND POLICE COMMISSION

Re: Office of the City Attorney's Support for the Police-Discipline Process and Recent Arbitration Decisions

Police Commission Chair Milele and Members of the Oakland Police Commission:

### I. INTRODUCTION

This report summarizes recent efforts by the Office of the City Attorney (OCA) to help improve the police-discipline process, including the outcomes of recent arbitration hearings.

Our last report was dated October 22, 2021.

### II. CIVIL MATTERS

Negrete, et al. v. City of Oakland, et al. Alameda Superior Court - Case No. RG21099122

In our last report, we provided an update regarding this case in which Petitioners sought a writ of mandate to overturn their terminations from OPD for their involvement in the shooting-death of Mr. Joshua Pawlik. Petitioners alleged that the Public Safety Officers' Procedural Bill of Rights Act (POBRA) and the City's personnel rules required the City to implement the Step 3 recommendation issued by Mr. Jeffrey Sloan.

Unfortunately, Judge Roesch agreed with Petitioners and order the City allow Petitioners to accept the Mr. Sloan's determination that the terminations were without cause. The City is moving forward to implement the court order.

### Re: OCA's Support for the Police Discipline-Process and Recent Arbitration Decisions

Leal, et al. v. City of Oakland, et al. Alameda Superior Court - Case No. 22CV012266

Petitioners sought a writ of mandate in Alameda Superior Court, challenging the City's denial of their untimely grievance of discipline. Petioners are a police canine officer and sergeant who the City disciplined for their involvement in an out of compliance canine bite that caused serious injury to a member of the public The underlying case was also investigated by the Community Police Review Agency (CPRA). The CPRA Director and the Chief agreed on the both sustained findings and the discipline imposed. The Petitioners allege that they are entitled to grieve their discipline and to an administrative appeal because the City's notices of discipline were inadequate.

The City has denied the allegations and is fighting the case, which is currently in the discovery phase.

### III. TRAININGS

OCA has provided support and guidance to OPD's discipline process by participating in various trainings of OPD personnel. On December 13, 2021, OCA, in conjunction with OPD Executive Command, gave a training regarding the *Skelly* process and serving as a Skelly officer. The training was attended by newly appointed Captains, who were trained on their role as a *Skelly* officer in the discipline process.

We also provide ongoing training on conducting Internal Affairs investigations as a part of sergeants' regular supervisory trainings. In February of this year, OCA provided a training on conducting interviews. We provided the training approximately once a week starting in February 2022 until the end of April 2022. We presented the same training again in a transitional course for sergeants on June 16, 2022.

We are currently working on a broader training for internal affairs investigators that will be put on in conjunction with Internal Affairs command staff and Third Degree Communications, Inc., an organization that provides California Police Officer Standards (POST) certified trainings. This training will start next month, November 2022. The topics will include drafting investigative reports, conducting credibility assessments, and interview skills. The training is scheduled to take a full day.

### IV. ARBITRATIONS

We have not received a new arbitration decision since our last report.

### V. CONCLUSION

OCA respectfully submits this report.

## **MEMORANDUM**

**To:** Oakland Police Commission

From: Garcia Hernandez Sawhney, LLP, Counsel to the Police Commission

**Re:** Preparation for Potential Resolution of Court Oversight

**Date:** Agenda Item for Regular Meeting on October 27, 2022

Questions Presented: What are the Commission's duties under the City Charter and Municipal Code that it is obligated to perform in the reminder of the 2022-23 fiscal year? What next steps should the Commission consider if the City of Oakland stays on track with sustainability and Court oversight ends? How can the Police Commission prioritize its work and resources (including budget development) to ensure strong reform oversight continues after Court oversight ends?

For the reminder of the 2022-23 fiscal year, the Police Commission should consider the following priorities:

- 1. Exercising all its functions and duties that the voters of Oakland and City Council vested in the Commission in the Charter and the Municipal Code;
- 2. Enhancing its own proactive policy work and streamline its work approving/modifying OPD's proposed policies.<sup>1</sup>
- 3. Developing a mechanism for OPC to support and track OPD's compliance with the N.S.A.'s tasks during Sustainability Period and after court oversight ends.
- 4. Communicating budget needs to the City in order to expand the capacity of its own staff and strengthen the Departments under its direct oversight (CPRA and OIG).<sup>2</sup>

Attachment 1: Commission Obligations under Charter and Municipal Code - a list of agenda matters that are functions/duties for OPC to monitor/exercise continuously and annually Attachment 2: 2016 N.S.A. Tasks - a list of N.S.A. Tasks which are incorporated as part of OPC's delineated duties in City Charter in 2016.

# **Project Approach & Organization**

#### What to Expect - Working with BFM

#### Aligning on Roles, Stakeholder Engagement & Decision Making

As experienced practitioners, our team leverages decision making frameworks such as MOCHA to support clarity of roles, strategic input and engagement of key stakeholders, and clarity on how decisions will be made.

The MOCHA<sup>1</sup> framework (identifying a project manager, owner, the consulted, helper, and approver roles) is one we are likely to use for this engagement. This framework ensures clarity regarding roles and responsibilities at the outset of the project.

https://www.managementcenter.org/wp-content/uploads/2015/08/MOCHA-for-managers.pdf

- MANAGER | Assigns responsibility and holds the owner accountable. Makes suggestions, asks hard questions, reviews progress, serves as a resource, and intervenes if the work is off-track.
- **OWNER** I Has overall responsibility for the success or failure of the project. Ensures that all the work gets done (directly or with helpers) and that others are involved appropriately. There should only be one owner.
- **CONSULTED** | Should be asked for input or needs to be brought into the project.
- **HELPER** | Assists with or does some of the work.
- **APPROVER** I Signs off on decisions before they're final. Ensures gaining alignment on roles and responsibilities with multiple people.

We envision this tool will support clarity of the roles various BFM staff and facilitators will play throughout the engagement as well as inform us on the various key stakeholders that are needed to gain input and provide key decisions that will inform our work.

#### **Collaborating with Key Stakeholders**

The BFM team values the opportunity to collaborate with key stakeholders to ensure our engagement meets your goals. To facilitate strong collaboration there are a few things we propose.

- The BFM team will prepare desired outcomes and meeting agendas for all meetings with key project leads starting with a Kickoff meeting.
- The kickoff meeting will be an opportunity for key staff to get to know the team and the work of BFM. During this session, the BFM team will ask exploratory questions, listen, gather information regarding desired outcomes as well as learn about desired outcomes. This session will also serve as an opportunity for key stakeholders to ask questions, present information, and collaborate on curriculum development.
- The BFM team will ensure meeting agendas and any necessary meeting materials will be sent with sufficient time to review prior to the meeting.
- Throughout the project, you will have open contact with assigned BFM consultant staff as needed.
- The BFM team carefully manages and organizes each client's information and meets regularly internally in preparation for client meetings.
- Meeting minutes captured by BFM staff will include the record of meeting purpose/desired outcomes, discussion activity, decisions /agreements made, date, location, tasks, the responsible point of contact for each task, and attendee/participant contact information.
- The BFM team will regularly provide updates and communication to you regarding any program matters, including but not limited to: contract status, progress of tasks and deliverables, program/task recommendations, program schedule, program performance, and any risks to delivery of services.

# **Professional Assessments**

The BFM team utilizes several different professional assessment analysis tools when working with clients. Our favorite tool is <a href="mailto:The Predictive Index@">The Predictive Index@</a> (PI). PI is a tool that through a behavioral assessment uses a talent methodology that measures drives, needs, and behaviors. The behavioral assessment provides insight into what motivates you or members of your team, which informs how to build self-awareness and improve understanding of one another. PI

provides practical, customized tools to use such as strategy guides, coaching questions to effectively work with and build relationships with colleagues. In our experience, it is the most versatile tool that not only provides individual assessment reports but also provides information on "Team Types." Each team has an identity and personality based on the make-up of the team. Analyzing your "Team Type," can help you understand how that identity manifests as strengths and blind spots—and how to use each to the group's advantage. Based on what we have learned about the critical work that the Oakland Police Commission does, we have recommended the Design Predictive Index© module below.

#### • Design - Build Cohesive Teams

- Teamwork Styles
- Group Analytics
- 1:1 Relationship Guides

# **Talent Strategy**

Connecting the dots between business strategy & results.

#### **How We Work**

#### **ALIGNED CORE VALUES AND MISSION**

Embedded in in BFM's mission and core values is our commitment to providing consulting services for organizations focused on addressing systemic bias, discrimination, and inequities that exist in our society. Our consultant team brings passion, experience, and ability to do this work.

#### AN INTERSECTIONAL RACIAL EQUITY APPROACH TO REDI CAPACITY BUILDING

Our organizational development work to further race, equity, diversity, & inclusion is grounded on an intersectional approach that fosters racial equity practices in organizational culture.

#### RESEARCH-BASED FRAMEWORKS AND BEST PRACTICES

Drawing from current research and best practices, BFM has developed a tailored readiness assessment, audit and REDI strategy framework that provides clients a pathway to building organization-wide REDI integration and culture change.

#### **EXPERT TRAINING/COACHING**

One thing that makes BFM unique is our DiversityEQ© and RaceEQ© training models. These research-based, customizable training frameworks apply a REDI lens to key emotional intelligence concepts. They support staff in building their personal REDI competencies and help organizations to integrate a common REDI language. These trainings can be targeted to specific groups (Board members/Senior Leaders/People Manager/HR), delivered in a train-the-trainer format, tailored to focus on organization specific themes, and can be supplemented by individual coaching. As your REDI work moves forward, we believe these could supplement your efforts.

#### TRANSFORMATIVE COLLABORATION

We are co-designers and collaborators at heart – our clients know their organizational needs best and we build along with them. We recognize that this work will involve consistent, transparent, and open communication and alignment. Because of our collaborative co-design approach, clients find working with us transformative in the moment and sustainable as their work moves forward.

#### **ENGAGING VIRTUAL SPACES**

All of this work can be done remotely through virtual meeting tools and shared cloud drives if necessary. As an organization with national & global clients, we specialize in virtual strategies and do much of our work in this manner. When/As clients would like to engage in-person, BFM is happy to meet in-person when appropriate

# Progress toward the Desired Result will be measured by:

- Authenticity & Feedback: Surfacing the hard stuff, naming the thing, and regular feedback sessions at Leadership and Project Leadership level to ensure progress
- Observations: actual and anecdotal experience from key stakeholders
- Data: Confidence surveys to ensure key deliverables are on track. Quantitative and

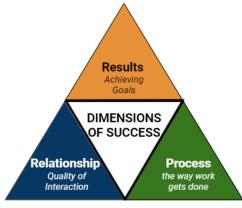

- qualitative data that includes lived experiences & innovative practices.
- **Ownership**: Agreement & adoption by Leadership/Staff, & Department teams and key stakeholders
- **Longterm**: Transition and sustainability is evident by key players in the organization. Identified metrics to track progress

#### **Key Elements of Success**

Together, we will measure success based on three foundational elements: results, relationship, and process. Our approach is rooted in the belief that successful initiatives incorporate these 3 dimensions of success. We co-design engagements with our partners to put relationships before process and to center diversity, equity and inclusiveness.

#### **Success Model** (Adapted from Interactive Associates).

- **Results:** the multiculturally responsive, data-informed and equitable outcomes that BFM and client mutually agree to strive to achieve
- **Relationship:** the quality of interaction across diverse groups and how they relate to one another and their work
- Process: how work is done, managed and evaluated

# **Our Approach to Partnerships**

We practice living out our values in all internal and external interactions.

- 1. Integrity & Authenticity,
- 2. Learning & Growth,
- 3. Fun & Well-being,
- 4. Collaboration & Relationship Building,
- 5. Quality & Impact,
- 6. Race, Equity, Diversity, & Inclusiveness

We believe deeply in the capacity of individuals and organizations to learn and grow. We strive to and ask our partners to bring this growth-mindset to our collaboration. We design and facilitate engagements that focus on building skills and capacity at all levels: individual, interpersonal, team, and organizational. Individuals need to build the will, knowledge, and DiversityEQ to be effective in their REDI practices. Organizations need to build awareness, alignment, and capacity to address issues embedded in organizational structure & systems, power & authority, practices/norms/processes, & culture.

Our approach is rooted in the belief that successful initiatives incorporate thoughtful integration of 3 dimensions of success: results, process, and relationships. We co-design engagements with our partners that incorporate these three dimensions and check-in on them along our planning.

We approach our work through partnership, collaboration, and shared responsibility for success. We partner with organizations as they build their internal capacity to reach their goals vs developing strategies & solutions for organizations. Our work is informed by the data, experiences, and journey of our partner. We partner with clients to customize learning, strategies, and recommendations to the unique goals and needs of the organization. Additional aspects of our approach are below:

Collaborative	<ul> <li>We value true partnership with clients and believe real change happens through proper engagement of stakeholders. We support you in identifying all the stakeholders needed to ensure we generate ideas and solutions that will be most effective.</li> </ul>
Diverse Team	<ul> <li>We value the insights that surface through diverse perspectives. In addition to embodying a diverse set of consulting professionals, BFM also guides clients in leveraging the diversity among their organization in planning and larger impact.</li> </ul>
Define Success	•We partner with you to define what success would look like at the completion of our work and co- design the pathway to get there.
Strategic Consulting	•Through our consulting and interactive facilitation, we create transformational experiences that result in sustainable outcomes.
Interactive Learning	•Our interactive training includes practical tools, opportunities for real dialogue, and exercises designed for participants to engage in experiential learning.

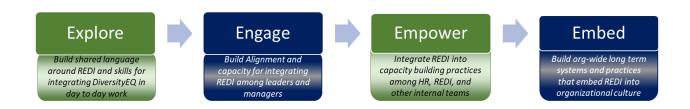

# Our Approach to REDI (RACE | EQUITY | DIVERSITY | INCLUSION)

We have built REDI planning and initiatives with large and small foundations, national and local non-profits, Major League Baseball, for-profit companies, national policy advocacy organizations, and renowned work-force development organizations. We are collaborators with <a href="Equity in the Center">Equity in the Center</a>, a national leader in bringing Racial Equity to the social sector. We have experience partnering with philanthropy organizations such as the Kresge and Meyers Foundations to scale Race Equity work. An overview of BFM's mission, strategy, and services is located at <a href="https://www.buildingformission.com">www.buildingformission.com</a>.

Building for Mission enjoys partnering with organizations as they build REDI into their culture. Many organizations desire to make meaningful progress related to REDI in their services and internal organizations but struggle to make progress because of 1) their inability to see the situation clearly, 2) lack of resources for the investment needed, and 3) institutionalized norms and practices that work against REDI, often in ways that are unnoticed.

Our approach to REDI work is to help organizations either create or refine their REDI strategy and build their internal capacity to execute their plans. BFM is skilled in REDI-centered organizational development, HR practices, adult learning, change management, coaching, training, and facilitation. At the highest level, BFM's approach is to partner with our clients to create two tracks of work. One track is Learning, introducing the organization to transformational learning experiences and helping the organization integrate REDI learning into the core rhythms of the organization. The other track is REDI Work. This track involves assessing the current state of REDI, building internal clarity and alignment of their goals and assessing/changing key aspects of the organization's culture, programs, and talent practices with a REDI lens.

Lastly, one thing that makes BFM unique is our DiversityEQ© and RaceEQ© training models (See Appendix). These research-based, customizable training frameworks apply a REDI lens to key emotional intelligence concepts. They support staff in building their personal REDI competencies and help organizations to integrate a common REDI language. These trainings can be targeted to specific groups (Board members/Senior Leaders/People Manager/HR), delivered in a train-the-facilitator format, tailored to focus on organization specific themes, and can be supplemented by individual coaching.

# RacelEquity|Diversity|Inclusion Training & Facilitation

Our interactive training includes practical tools, opportunities for real dialogue, and exercises designed for participants to engage in experiential learning. The Training Sessions below are 90–120 minutes. They represent a small example of BFM's Diversity Training Services. Training sessions can be tailored. Facilitators also bring expertise to design customized sessions to meet client learning needs.

#### INTRODUCTION

The Oakland Police Commission (OPC) serves the critical role of bringing the voice of Oakland citizens to the Oakland Police Department, Office of the Inspector General, and the Community Police Review Agency. As active members of the community who donate their time while also maintaining their professional careers, dedicated time such as this commission retreat are vital to bringing shared vision and intentional team building to ensure they are an effective collective representation of the needs and desires of the Oakland community.

As an experienced facilitator, I understand that establishing a safe and engaging environment for all participants to authentically participate is of prime importance to making full use of the retreat. Therefore, time will be set aside in advance to get to know those who will be participating to learn about their personal mission to serve on the OPC and their thoughts on the future of the OPC. All of this will be taken into account to establish an agenda that will bring in the personal styles and needs of attendees into the collective dialogue and decision-making.

This proposed scope of work meets the desired outcomes of the OPC retreat, including:

- A renewed shared understanding of the legal mandates and role of the OPC
- Providing a space for learning, discussing, and establishing consensus on the vision of the Oakland Police Department, Office of the Inspector General, and the Community Police Review Agency
- Reestablish a culture of respect and understanding among the OPC with a lens for equity in discussion and decision-making
- Clear recommendations for next steps to set action to the intentions set by the OPC

#### **EXPERIENCE & APPROACH**

Michelle Seijas, Ed.D. is a trauma-informed certified coach, experienced consultant, education leader, and former nonprofit executive who is focused on supporting communities in reconnecting with their purpose and authentically serving in that purpose. She believes that when we are in purpose we find joy, abundance, and connection. Those are the conditions necessary for innovation and social change.

Dr. Seijas completed her undergraduate degree at UC Davis, earned credentials in bilingual education, administration, and her master's degree from CSU Sacramento, and returned to UC Davis to earn her doctorate. Her research focused on the systemic devaluation of Latino students.

#### Seijas Coaching, LLC

Proposal for Oakland Police Commission 530-304-8060 michelle@michelleseijas.com

Through interviews, observations, and document reviews she identified the ways that the educational system strips students of their dreams and sense of possibility. Dr. Seijas offered recommendations for systemic change that would build communities of care that allow the whole student to be seen, heard, and given space for creativity. The theoretical framework of her study included social reproduction theory, critical race theory, and theory of care.

Michelle's formal studies, professional experiences, and connection to purpose have served as a foundation for her career. She has served as a High School Principal in traditional and charter settings, coordinated intervention and enrichment services from the district office level, was the founding Executive Director of a non-profit focused on serving Black, Latinx, and Asian-Pacific Islander education leaders, she has provided consulting services to a wide range of organizations, focuses her coaching and leadership development work primarily on the support of leaders of color and has been asked to be a keynote speaker on numerous occasions.

Through a trauma-informed lens, Dr. Seijas partners with individuals to help them envision how they want to show up in the world and gain clarity of how they will put action to intention. She also assists organizations with being mission-driven spaces for staff and those they serve to have a healthy environment to be in relationship. Michelle has a special gift of facilitating engaging experiences for people to step into their power and identify how they will live in purpose.

Michelle's dedication to education, social justice, and holistic systems change permeates throughout her life. Outside of coaching and consulting, Michelle is also a board member for The Teaching Well, Envision Education, and the CSU Sacramento Doctorate in Educational Leadership.
