

- b. Valid Photo ID cross checked (ages 18 and over)
5. You may be exempt from these requirements if you are entitled to a reasonable accommodation for a medical condition. To qualify, you will need to show verification of medical exemption, proof of a recent negative COVID-19 test, and photo identification.

### **COVID-19 Safety Health Screening- Before Entering**

Rental Contract Holder/Designee will be asked to assess their health and required to assess their attendee's health by answering the following (below) questions before entering a city facility: A designated screening space will be provided.

- In the past 14 days, have you had a positive COVID-19 test?
- Within the past 14 days, have you been in close contact with someone currently sick with, suspected or confirmed, COVID-19?
- In the past 24 hours, have you experienced any of these symptoms (that cannot be attributed to another health condition)?
  - Fever (100.4 F or higher), Chills, Cough, Fatigue, Muscle or body aches, Headache, New loss of taste or smell, Sore throat, Congestion or runny nose, nausea or vomiting, Shortness of breath or difficulty breathing.

If a visitor answers YES to any of the screening questions, then:

Visitor will be denied entry. The visitor must not return until required isolation time or as otherwise directed by their medical provider.

### **Site Staff**

Site Staff will provide a table at entrance of facility, to support all screening requirements. Site staff will be on site to ensure proper screening, answer any questions and remind guest of safety measures, such as following signage, practicing physical distancing, and wearing a mask while in city facilities.

### **Informational Safety and Directional Signage**

Directional and informational safety signage will be in place in identified city facilities to reinforce the current public health guidance to employees and visitors. [Multi-lingual Poster](#)

### **Reduced Building Entries**

The number of entries in some buildings has been reduced to ensure that employees and visitors are routed through designated health screening/proof of vaccination stations. Signage is in place at closed and open entryways, and routes and entries are ADA accessible.

### **Capacity Threshold**

Each OPRYD rental facility is unique in its square footage and ventilation capacity. Rental threshold will be dependent onsite coordinator; factors may include type of event and current county guidelines.

**Indoor Ventilation**

Staff and Rental Contractor Holder and/or Designee shall increase ventilation of indoor spaces (i.e., open all windows and doors to increase natural air flow), following current CDPH (California Department of Public Health) and CalOSHA guidance. [CDC Ventilation](#)

**Communications**

Rental Contract Holders (organizers) and city staff are responsible for communicating city guidelines, mandates, and policies to all guest, communications shall be present on event/program advertisements.

\*\*People may remove their Well-Fitted Mask while actively eating or drinking.

I have received and aware of the **City of Oakland Proof of Vaccination Ordinance Requirements, effective February 1, 2022.**
