WHEREAS, consistent with the Council's Consolidated Fiscal Policy Ordinance, the City Council has a longstanding policy of adopting a mid-cycle budget for the second year of the biennial budget; and

WHEREAS, Section 806 of the City Charter provides that all monies received by the City shall be deposited in the City Treasury, and no monies shall be disbursed from the treasury without the approval of the City Administrator or of another officer duly authorized by him/her and that no expenditure of City funds shall be made except for the purposes and in the manner specified by an appropriation of the Council; and

WHEREAS, the City Council has reviewed departmental and non-departmental budgets in light of revenue estimates for Fiscal Years 2024-25 and has conducted multiple public budget hearings; and

WHEREAS, the City intends to apply for additional funds necessary to complete and offset costs of funded projects in the Capital Improvement Program (CIP), and leverage existing City fund sources to secure additional sources of funding for development of CIP projects that are approved but not funded; and

WHEREAS, the Proposed Budget contains Departmental reorganizations effective July 1st 2024, and

WHEREAS, Departmental reorganizations must be codified by an ordinance amending chapter 2.29 of the Oakland Municipal Code, and

WHEREAS, City Charter section 403(4) provides that "[e]ffective July 2023, the budget for the Office of the City Auditor shall be sufficient to hire at least fourteen full-time equivalent ('FTE') employees of relevant classifications.", and further provides that "[t]he minimum staffing budget set-aside may be suspended, for a fiscal year or two-year budget cycle, upon a finding in the budget resolution that the City is facing an extreme fiscal necessity, as defined by City Council resolution or ordinance."; and

WHEREAS, the City was experiencing one of the largest General Purpose Fund shortfalls in its history prior to the balancing actions contained in this budget; and

WHEREAS, the reductions in revenues available to the City due to economic circumstances warrant the declaration of a state of extreme fiscal necessity; which is defined as follows; "An intervening step of fiscal austerity, such as when total projected General Purpose Fund revenues will be less than the current year's revenues, where there is an actual or projected reduction in total General Purpose Fund revenues, or when expenditure growth dramatically outpaces revenue growth, or when there is an actual or projected deficit exceeding 10% of the current fiscal year's adopted budget. It is the lesser of a catastrophic situation where the City entity would need to suspend provisions of local laws related to enhanced public services, such as Maintenance of Effort provisions or to prevent a dramatic decrease in essential services, relating to health, safety, and welfare; may include using Vital Services, Stabilization Fund "Rainy Day Funds" , suspension of Use of One-time Revenues policy, or suspension of accelerated liability repayments, or layoffs to achieve cost savings must be considered, in order to sustain City Services but short of accessing emergency reserve monies. A dramatic reduction is defined as a more pronounced decrease in City services characterized by substantial disruptions or limitation in service availability which may result in layoffs, and service closures to essential services that lead to noticeable hardships for residents and businesses.".; and constitute a severe and unanticipated financial event; and

WHEREAS, the City Council adopts the following definition for Adverse Financial Condition: "The first stage of financial uncertainty, when there is an actual or projected deficit that exceeds 5% (but less than 10%) of the current fiscal year's adopted budget, or in years when the City forecasts significant service reductions to existing service levels such that the implementation of a hiring freeze, or the enforcement of cost savings measures to prevent a significant decrease in essential services, are contemplated due to adverse financial conditions, use of the Vital Services Stabilization Fund "Rainy Day Fund" must be considered to maintain existing services. A significant decrease in essential services is defined as a level of reduction that may result in adjustments to

service delivery methods, increased wait times, or minor disruptions to non-essential services, but essential services remain largely operational."); and

WHEREAS, in light of the extreme fiscal necessity the City is facing, the Council has determined it will be necessary to suspend the Charter-mandated minimum budget set-asides for the FY 2024-2025 budget cycle for the (1) Office of the City Auditor, and (2) the Democracy Dollars Fund and non-staff costs for the PEG to administer the Democracy Dollars Program; and

WHEREAS, the budget assumes the receipt of one-time revenues of \$63 million from the City's sale of its 50% undivided ownership interest in the Coliseum Complex located at 7000 Coliseum Way (the "Coliseum Site"); and

WHEREAS, it is prudent to prepare for the possibility that the one -time revenue of \$63 million from the sale of Coliseum Site during the budgeted fiscal year may not yield revenue that the City can recognize in the Midcycle FY 2024-2025 budget; and

WHEREAS, the City Council has carefully considered the proposed budget for Fiscal Year 2024-25 as set forth in the FY 2024-25 Proposed Policy Budget document; and
