

## City of Oakland

### Petition for Implementation of New Street Sweeping Schedule

The residents of \_\_\_\_\_ Street / Avenue  
 from \_\_\_\_\_ (block) to \_\_\_\_\_ (block)  
 wish to implement a new street sweeping schedule on the following days and times  
 \_\_\_\_\_ . The residents signing this petition agree to  
 these stipulations:

1. In most cases, City street sweeping will occur in the specified residential areas twice per month. If street sweeping currently exists around your area, please look at the signs for the days and times. The days and times requested in your area must correspond to the days and times in the surrounding areas.
2. Installation of signs will restrict parking on sweeping days (and times) and the restrictions will be enforced through the issuance of citations.
3. The issuance of citations will encourage individuals to remove their cars from the street on the scheduled sweeping days, so that the City's mechanical sweepers may effectively clean along the curb.
