Metal Jewelry Design

Wednesdays | 6:30pm - 9:30pm

Instructor: Anthony Stillman

This class emphasizes building basic/intermediate knowledge of jewelry design and construction. Beginning students will design their own jewelry and construct their design pieces using the fundamental techniques of soldering, sawing, filing, finishing, and basic bezel setting. Lectures, demonstrations, and handouts will provide the basis of any technique needed. Intermediate students will progress through more advanced techniques (forging, cold connections, etching, etc). Jewelry will be made from metal sheet and wire. Brass, copper, and tools are provided. *New students need to attend the first class for a safety discussion and a materials list.

Glass

Fusing and Slumping

Glass Tuesdays | 9:30am - 12:30pm

Instructor: Janet Hiebert

This class is an introduction to the wonderful world of kiln-formed glass. Layers of compatible glass are fused together to create artistic objects including jewelry, tiles, and picture frames. Glass can also be slumped into or over molds to create barrettes, small plates, and votive candle holders. Glass cutting, compatibility testing, use of "frits" (crushed glass) and metal inclusions are among the techniques presented and information on the use of kilns and firing processes is also offered. More advanced projects will be available to continuing students. A supply list will be given out at the first class meeting.

Stained Glass Lab

Thursdays | 9:30am - 12:30pm Instructor: Monitor

Participants who don't need instructions are welcome to work on their individual projects. A lab monitor is present for set-up/break-down and to ensure lab safety. You must have taken Stained Glass class for 3 sessions at Studio One. New participants who have extensive knowledge of the safety and prep procedure can meet with the glass coordinator to waive the requirements. Once in the lab, it is important to follow any directions stated, posted, and respect other students artwork. There is no storage space. You must provide your own glass. There are Studio One stock tools.

Glass Fusing & Beyond

Wednesdays | 6:30pm - 9:30pm Instructor: Reddy L.

Fridays | 9:30am - 12:30pm Instructor: TBD

Learn how to play with this magical material. This is a hands-on creative glass workshop where you can experiment with glass, metal inclusions, powdered enamels, frits and stringers. Participants will learn how to cut and design glass to be fused (melted together in a kiln) and then slumped (sagged into a mold). Create several functional and non-functional works. Beginning and Intermediate students are welcome! Most tools are available in the studio. Supply list given the first day of class.

Ceramics

(Overview)

Ceramics classes are held workshop style, so if you have any ideas you have been thinking over, now would be the time to express them in clay. We will utilize our facility to the max, from the pottery wheel to hand-building to extruding, and even slab rolling to create reliefs. Fees cover the cost of your first bag of clay. It is important to attend the first class, where safety procedures and a material list will be discussed.

Tile Workshop

Friday | 6:45pm - 9:30pm

Instructor: Blanka Soltys

This is a great opportunity to learn how to make your own tiles for your home decoration. In this class you will have an introduction to materials, decorating bisque tiles with under-glazes, stain oxides, ceramic pencils and chalks. Students will make green-ware tiles using; stenciling technique, marbling, graffito, slip inlay, and texture designs. Making a simple plaster mold for a tile reproduction of the original bass-relief design will be covered. Students are encouraged to bring their own old towel, ruler, pencil, and sketch book. Also, if you have some left over commercial tiles (glazed or unglazed).
