## SUBDIVISION OF PROPERTY BETWEEN EXISTING BUILDINGS (WAIVER OF REQUIREMENTS) – CUP FINDINGS

*Conditional uses are those which require special consideration from the City. The Conditional Use Permit (CUP) process provides the City with the flexibility to determine if a specific use at a certain location will be compatible with the neighborhood.*

*The waiver of the minimum lot area, frontage, setback, open space, and/or parking requirements to allow subdivisions between existing buildings has been determined to have specific additional potential impacts warranting additional review criteria.*

*Where a parcel contains two or more existing principal buildings, said parcel may be divided into two or more lots which do not have the minimum lot area, and minimum frontage, yards, open space, and parking requirements otherwise applying to the divided lots may be waived or modified upon the granting of a conditional use permit pursuant to the conditional use permit procedure in Chapter 17.134. Each resulting lot shall accommodate at least one existing principal building and shall have frontage on a street. A conditional use permit may be granted only upon determination that the proposal conforms to the general use permit criteria in Chapter 17.134 and to the following **additional** use permit criteria:*

**Please indicate the way in which the proposal meets the following required criteria. Attach additional sheets if necessary.**

**Conditional Use Permit (CUP) Findings for Division of Parcel with Existing Buildings (Section 17.106.010B):**
