## MEMORANDUM

**TO:** HONORABLE MAYOR &  
CITY COUNCIL

**FROM:** Ian Appleyard  
Director of Human Resources

**SUBJECT:** Semi-Annual Staffing Report  
Summary

**DATE:** May 21, 2020

City Administrator  
Approval

Date: May 22, 2020

### INFORMATION

#### EXECUTIVE SUMMARY

This informational report provides an update on city-wide staffing as of March 23, 2020. There were a total of 4,531.52 Full-Time Equivalent (FTE) budgeted positions with 564.56 FTE positions vacant, resulting in a 12.46% vacancy rate as of March 23, 2020. This report analyzes the status of each vacancy by department (**Attachment A**), the status of the 175.90 FTE positions that were added in FY 2019-20 (**Attachment B**), and the status of vacant positions in the Oakland Public Works Department (OPW) and the Department of Transportation (DOT) (**Attachment C**).

Human Resources Management (HRM) Department's recruitment priorities are set by the City Administrator, and, subsequently, in coordination with individual departments. In some instances, high-priority recruitments do not correlate to high-volume recruitments and, therefore, may not reduce the overall vacancy rate.

#### ANALYSIS OF VACANCIES

For the purposes of this report, vacancies are described as **non-encumbered** and **encumbered**. The former is available to be filled and not linked for any other purpose, such as overtime, temporary staffing, or acting assignments. The latter is tied to one of the aforementioned purposes.

As of March 23, 2020, there were 564.56 FTE positions vacant citywide with 68.40 FTE encumbered as described above. Therefore, the citywide vacancy rate is 12.46%. If the encumbered vacancies were subtracted, there would be 496.16 FTE vacancies and the rate would be 10.95%. The November 2019 report had an all-vacancy rate of 13.14% and a non-encumbered vacancy rate of 11.82%.

It is also important to account for the “budgeted vacancy factor,” which is distinct from the “vacancy rate.” The budgeted vacancy factor is a fixed budget ratio applied to the total personnel allocation for a given department and varies between 0% and 4%.

**Status of Vacancies – City Wide**

For the Fiscal Year 2019-20, 175.90 FTE were added to the City budget. **Table 1** below shows all vacant positions (encumbered and non-encumbered), which results in the current 12.46% vacancy rate. Table 2 shows only non-encumbered positions, resulting in an 10.95% vacancy rate.

**Table 1: Citywide Vacancy Summary**

Type	All Positions	Vacant	% Vacant

**Table 3** shows the historical vacancy rates, for both all vacancies and non-encumbered vacancies since May 2012. Since 2014, there have been 595.95 FTE positions added, including 175.90 added for Fiscal Year 2019-20. Note that because of the add/delete process, this was only a net increase of 78.04 FTE.
