

Connecting Telegraph

Telegraph Avenue is getting traffic safety improvements!

OakDOT will be connecting the KONO and Temescal districts with a continuous bikeway. OakDOT is collecting feedback on these designs until Feb 28, 2019. Estimated project completion is by 2021.

To share your feedback and learn more about the project, please visit:

Design Option 1:

- In-lane transit boarding islands
- Much shorter pedestrian crossings
- Parking-protected bike lanes
- Loading zone buffer between parked cars and bike lane

Design Option 2:

- Standard bus stops
- Shortened pedestrian crossings
- Buffered bike lanes between parked cars and vehicle traffic
