Please answer the following below. Feel free to send attachments.

Describe your organization's planned one-way car share operations in Oakland, as well as regionally. Name all of the municipalities in your company's designated service area, including Oakland, and the estimated percent of fleet that will be in each jurisdiction on average.

What are or will be your membership requirements?

Describe the company's insurance coverage for each shared vehicle and for each member operating the vehicle during the period of use, including liability coverage, personal injury protection, uninsured/ underinsured motorist and collision/ comprehensive deductible.

Describe all of the ways that members can find one-way car share vehicles (phone, computer, smart phone, etc.). Describe how members use the company's reservation system and the devices (phone, computer, smart phone, etc.) that can be used to make or change a reservation.

Describe all of the methods by which members can access the company's rental vehicles (fobs, credit cards, smart phones, etc.) and the hours and days that vehicles are available

Describe how members pay for vehicle use and the rates you plan to charge.

Describe how your company's rental vehicles are tracked in real time.

Submit photos or renderings of your company's branded vehicles with this application.
