The Cultural Funding Program offers funding support in four separate project categories during fiscal year 2019-20: individual artists, organization project support, organizational assistance (general operating support), and arts education residencies in Oakland schools.

In FY18-19 [\\$1.2 million in grants were awarded to 79 individual artists and nonprofit organizations](#). The exact amount of funds available for the FY 2019-2020 grants will not be known until the Oakland City Council adopts the 2019-2021 Policy Budget in June.

The Cultural Funding Program relies on a competitive panel process to determine award recipients and funding allocations. Grant recommendations must be approved by the Funding Advisory Committee and City Council before contracts are awarded.

The **Individual Artist Project** category awards grants of \$4,999 to Oakland-resident individual artists producing publicly accessible arts activities in Oakland. Activities funded in the past include performing arts, classes and workshops, exhibits and literary production. Non-profit organizations are eligible to apply for **Organization Project** grants that support project expenses (up to 20 percent of projected cash expenses, to a maximum of \$20,000) for publicly accessible arts activities in Oakland. The **Art in the Schools** grants support up to 50 percent of the cash expenses of artist residences at Oakland public school and charter school sites. Arts organizations that have received Cultural Funding awards in two of the past four years, are eligible to apply in the **Organizational Assistance** category for general operating support.

The Cultural Funding Program is administered by the City's Cultural Affairs Division.
